Dear Sir,

Sub: Notice of 29th Annual General Meeting & Book Closure

Please find enclosed Notice of 29th Annual General Meeting scheduled to be held on Thursday, 26th September, 2019. The Notice alongwith Annual Report 2018-19 has also been placed on our website www.dynemic.com

Please further take note that Register of Members & Share Transfer Books of the Company will remain closed from September 21, 2019 to September 26, 2019 (both days inclusive) for the purpose of payment of Final Dividend and Annual General Meeting of the Company.

The Final Dividend amount, if declared by the shareholders at Annual General Meeting is proposed to be paid / dispatched on or before October 25, 2019.

This is for your information and records.

Thanking you,

Yours faithfully,

For Dynemic Products Limited

Varsha Mehta

Company Secretary & Compliance Officer

Encl: as above

DYNEMIC PRODUCTS LIMITED

Bhagwandas K. Patel Managing Director

Dear Members,

"Sharing the happenings of our own Company among the clan had always been the pleasure of mine, today also I feel the same in doing so."

2017 had been the year of strong GROWTH till early 2018. The second half observed some turbulence as a result of the confluence of a few inevitable factors that affected the Global economy. Growth rate also slided from 3.6% in 2018 to 3.3% in 2019 but is expected to regain 3.6% in 2020. The Dyes and Pigments industry continues to surge through following the strong demand from the end users.

Despite the unavoidable upheavals, your company continued to perform at par with last financial year at Rs.167 Crores and the PAT yield was Rs.18 Crores. Hence the Board of Directors recommended a dividend of Rs.1.50 per equity share of Rs.10.00 for the fiscal year 2018 - 2019 aggregating to Rs.169.93 Lacs.

The Growth of any company always depends upon the growing number of Buyers. Our sole endeavor is to enhance the figure and hence we are opening up newer pockets expanding the Global Geographic Arena. In the current year we are emphasising in the Domestic circuit too which had not been in our much focus till now especially for Food Colors.

Quite naturally the increased Production Capacity too is required to meet the enhanced demand and hence the Dahej project is emerging and the Civil and Structural work is progressing in fast pace. Dahej Unit expects to be commercially viable by 2020 – 2021.

An Organisation's SUCCESS is spelled by its integral part...the people of it and their undivided dedication, undiluted concentration, and relentless efforts to take their Company to the height it deserves. I feel myself to be fortunate to have EACH individual in the company as part of me and EACH ONE of them is responsible to keep the Growth wheel of the company constantly moving.

About the growth in 2019 – 2020.....I assure, we will soar high based on the, forecast, "India is expected to be the Second largest market in terms of the demand for Organic Dyes & Pigments." Then our own track record endorses our growth trail.

I would like to assure all Members of DYNEMIC Family, we will jointly strive to capitalize on our resources and remain focused on our Operational Excellence and remain committed to ensure sustained growth and enhance Share Holders' and other Stake Holders' values in every possible way.

I remain Thankful to the Board of Directors for their relentless support and guidance for company's dynamic kinesis. I give sole credit of our SUCCESS to our Employees, Financial institutions, Vendors, Customers and Share holders.

EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND UNDER SECRETRIAL STANDARD ON GENERAL MEETINGS FOR ITEM 4 TO 9

ITEM No. 4

The Board of Directors on the recommendation of the Audit Committee, appointed M/s. Anuj Aggarwal & Co., Cost Accountants, Ahmedabad as the Cost Auditors to carry out the audit of cost records of the Company for the financial year 2019-20 and fixed the remuneration of Rs. 85,000 plus GST and out of pocket expenses. As per the provisions of Section 148 of the Companies Act, 2013 read with the Companies [Audit and Auditors] Rules, 2014, the remuneration fixed by the Board of Directors shall be ratified by the members by passing a resolution. Accordingly, consent of the members is being sought for passing an Ordinary Resolution for ratification of remuneration payable to the Cost Auditors to carry out the audit of cost records of the Company for the financial year 2019-20. None of the Directors and Key Managerial Personnel of the Company and and their relatives, are in any way concerned or interested in the said Resolution. The Board recommends passing of the said resolution as an Ordinary Resolution for the approval of members of the Company.

ITEM No. 5, 6 and 7

The Managing Director and Whole-time Director(s) have provided dedicated and meritorious services and significant

contribution to the overall growth of the Company. Therefore the Board is of the view that the existing upper limit remuneration in respect of Shri Bhagwandas K. Patel, Managing Director of the Company may not be sufficient enough to pay the increased remuneration over a period of balance 1 (One) year of his term, therefore the approval of the members of the Company is sought for revision in the maximum limit of remuneration as provided in the resolution no. 5 as minimum remuneration with effect from 1st April, 2020 for the remaining period of his appointment upto 31st August, 2020, subject to the same not exceeding the limits specified under Schedule V to the Companies Act, 2013 or any statutory modification(s) or reenactment thereof. Similarly, the existing upper limit remuneration in respect of Shri Rameshbhai B. Patel and Shri Dixitbhai B. Patel, Whole-time Directors of the Company which may not be sufficient enough to pay the increased remuneration over a period of balance 1 (One) and 2 (Two) years of their term respectively, therefore the approval of the members of the Company is sought for revision in the maximum limit of remuneration as provided in resolution no. 6 and 7, respectively as minimum remuneration with effect from 1st April, 2020 for the remaining period of appointment upto 31st August, 2020 and 31st December, 2022 respectively, subject to the same not exceeding the limits specified under Schedule V to the Companies Act, 2013 or any statutory modification(s) or reenactment thereof.

In terms of Regulation 17 (6)(e) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 issued on May 9, 2018 ("Amended Listing Regulations"), the remuneration payable to Executive Directors who are promoters or member of promoter group, shall be subject to the approval of the shareholders by Special Resolution in General Meeting, if, the aggregate annual remuneration payable to such directors exceeds 5% of the net profits of the Company, as calculated under section 198 of the Act, where there is more than one such director. The approval given by the shareholders shall be valid only till the expiry of the term of such Director.

In order to comply with the requirement of Amended Listing Regulations and on recommendation of Board of Directors, approval of Members by way of Special Resolution is sought for paying them remuneration even if the annual aggregate remuneration payable to Shri Bhagwandas K. Patel, Managing Director, Shri Dixitbhai B. Patel, Whole Time Director and Shri Rameshbhai B. Patel, Whole Time Director, exceeds 5% of the net profit of the Company as calculated under section 198 of the Companies Act in any year during the remaining tenure of there respective appointment.

The Board of Directors recommended the resolution at Item No. 5, 6 and 7 of the Notice for approval of Members by Special Resolution.

Shri Bhagwandas K. Patel, Managing Director and Shri Dixitbhai B. Patel, Whole time Director related to each other may be considered as concerned and interested as the resolution pertains to themselves and also related to each other. None of the other Directors, Key Managerial Personnel and relatives thereof are in any way, concerned or interested in the resolution at Item no. 5, 6 and 7.

ITEM No. 8

ITEM No. 9

In terms of the resolution passed by the Shareholders at the Annual General Meeting held on 11th September, 2014 pursuant to Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of the Company is authorised to borrow upto a sum of Rs. 150 Crores over and above the paid-up share capital and free reserves of the Company (apart from the temporary loans obtained from the Company's bankers in the ordinary course of business). The Business Expansion proposal which is being carried out by the Company requires additional funds. Hence, the mobilization of the funds has been substantially increased. Therefore, it is considered desirable to increase the Board's borrowing powers from the existing limit of Rs. 150 Crores to Rs. 200 Crores over and above the paid-up share capital and free reserves of the Company. Accordingly, the consent of the Shareholders at the General Meeting is sought under Section 180 (1) (c) of the Companies Act, 2013.

The Board of Directors recommended the resolution at Item No. 8 of the Notice for approval of Members by Special Resolution.

None of the Directors or Key Managerial Personnel of the Company is concerned or interested in the said resolution.

In terms of the resolution passed by the Shareholders at the Extra Ordinary General Meeting held on 11th September, 2014, pursuant to Section 180 (1) (a) of the Companies Act, 2013, consent of the Members was secured for authorizing the Board of Directors to create mortgage and / or charge on the immovable and movable properties of the Company upto Rs. 150 crores.

The Company would be borrowing monies by way of debentures, bonds, loans, hire purchase finance either in rupee or in foreign currency from Financial Institutions / Banks / Insurance Companies and other Corporate Bodies apart from working capital facilities from banks in ordinary course of business. This in turn would necessitate further creation of securities by suitable mortgages and / or charges on all or some of the immovable and movable properties of the Company, both present and future, in favour of the lenders / trustees upto an extent of Rs. 200 Crores. To create mortgage and / or charge upto the said limit, approval of the Members is required to be obtained pursuant to Section 180 (1) (a) of the Companies Act, 2013 authorizing the Board of Directors of the Company in this regard. Hence the resolution is placed before the Members for their approval.

The Board of Directors recommended the resolution at Item No. 9 of the Notice for approval of Members by Special Resolution.

None of the Directors or Key Managerial Personnel of the Company is concerned or interested in the said resolution.

Relevant details as stipulated under Regulation 36(3) of SEBI (LODR), 2015 and Secretarial Standard on General Meetings ("SS-2") issued by Institute of Company Secretaries of India, in respect of Directors seeking Appointment / Re-appointment are as under:

Annexure C to Board Report FORM NO. MR.3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH, 2019 [Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Dynemic Products Limited
B-301, Satyamev Complex-1
Gandhinagar-Sarkhej Highway Road Court,
Sola. Ahmedabad.380 060

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Dynemic Products Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

We report that,

- a. Maintenance of Secretarial records is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
- b. We have followed the audit practices and processes as were appropriate to obtain responsible assurance about the correctness of the contents of secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices we follow provide a reasonable basis for our opinion.
- c. We have not verified the correctness and appropriateness of financial records and books of accounts of the company.
- d. Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events etc.
- e. The compliance of the provision of corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to verification of procedures on test basis.
- f. The secretarial audit report is neither an assurance as to the future viability of the company nor the efficacy or effectiveness with which the management has conducted the affairs of the company.

Based on our verification of the Dynemic Products Limited's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 according to the provisions of :

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, where applicable;
 - (d) *The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (e) *The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993:
- (g) *The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- (h) *The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 and Securities and Exchange Board of India (Buyback of Securities) Regulations, 2010;
- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015:
- * No event took place under these regulations during the audit period.
- (vi) The following are other laws specifically applicable to the company:
 - (a) Food Safety and Standards Act, 2006;
 - (b) Indian Boiler Act, 1923

We have also examined compliance with the applicable clauses of the Secretarial Standard on Meetings of the Board of Directors (SS-1) and on General Meetings (SS-2) issued by The Institute of Company Secretaries of India which the company has generally complied with.

During the period under review, the company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notices were given to all directors of the Board Meetings. Agenda and detailed notes on agenda are sent in advance of the meetings and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.

Board decisions are carried out with unanimous consent and therefore, no dissenting views were required to be captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations, standards and guidelines.

We further report that during the audit period the company has no specific events / actions having a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc. referred to above.

ANNEXURE F - Management Discussion and Analysis Report

Industry Structure & Development

Taste of any edible can be felt when it is accepted by cerebrum through the vision (Eyes). Dull, Colorless food remain neglected. And this fact presumably had first been felt by the Ancient Romans and Egyptians around 1500 BCE when they seem to have colored their Drugs and Wines through then handy natural sources like Flowers, Paprika, Berries, Turmeric, Saffron and whatever they assumed worth coloring. The evolution continued and by 1800 BC the need of SYNTHETIC COLOR was firmly felt for its Chemical Stability, Lower Production Cost wider Range of HUE & SHADES. In 1856 emerged the ever first Synthetic DYE, PERKIN'S MAUVE PIGMENT which ultimately became instrumental for the discovery of other Synthetic Dyes.

The Global Food Color market has been segmented on TYPE: Natural and Artificial Colors,

APPLICATION: Meat Products, Beverages, Dairy, Bakery & Confectionery, Processed Food & Vegetables, Cosmetics, Oils & Fats, Drug and others, **GEOGRAPHY:** North America, Europe, Asia Pacific and LAMEA have been taken as consideration.

Opportunities and Threats

The potential of Global Food Color Market seems to be enormous and it is ever escalating. In 2016 the market size was valued at \$1,751 million and now it is projected to touch \$3,210 million by 2023 at an impressive CAGR of 9.8 % from 2017 to 2023. Food and Drug Colors are used in Food Items, Beverages, Cosmetics and Tablets, Capsules, Gel, Liquid, Paste etc to enhance their Visual Appeal.

Asia - Pacific is expected to witness the Highest Growth Rate in the GLOBAL Color Market following the growing demand from the emerging economies such as India, China, South Korea and other ASEAN Countries. Another bright feature is the continuous growth in number of Consumers with ready mentality and money to spend on Food, Beverages and Color Cosmetics.

Risks and Concerns

Every bright side has a flip side too with little patches. As majority of Products are exported, Currency fluctuation and volatility in Raw material Cost are key risk factors.

Financial and Operational Performance

(a) Net Sales and Other Income

Sales during the year ended 31st March, 2019 were Rs. 16082 Lakhs as against Rs. 16173 Lakhs in the previous year, an decrease of Rs. 91 Lakhs in comparison over the previous year. During the year Operating Income grew by 10% from Rs. 526 Lakhs to Rs. 579 Lakhs and other income decreased from Rs. 24.79 Lakhs to Rs. 19.78 Lakhs.

(b) Expenditure

The total expenditure increased from Rs. 14033 Lakhs to Rs. 14141 Lakhs for the year under review showing a increase of Rs. 108 Lakhs over the previous financial year.

(c) Profit

Profit before tax decreased from Rs. 2690 Lakhs to Rs. 2540 Lakhs this year. The Company's net profit after tax is Rs. 1796 Lakhs as compared to previous year Rs. 1751 Lakhs.

Details of any change in Return on Net Worth

Pursuant to amendment made in Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 details of any changes in Return on Net Worth of the Company including explanations is given below:

Standalone

Sr.No.	Particulars	2019	2018	Change	Change %	Explanations
1.	Return on Net Worth(%)	16.73%	19.10%	(2.37%)	(12.41%)	On account of decrease in Profit

Consolidated

L	Sr.No.	Particulars	2019	2018	Change	Change %	Explanations
	1.	Return on Net Worth(%)	16.61%	18.98%	(2.37%)	(12.49%)	On account of decrease in Profit

Segment wise or Product wise performance

The Company is engaged in manufacturing and marketing of Dyes & Intermediates. There is only one reportable segment i.e. "Dyes & Dyes Intermediates". So the segment wise or product wise performance report is not given in the report.

Outlook

Garnishing, Ornamentation, Decoration, Beautification all are being done to make and look any ordinary, dull looking thing Extra ordinary, Alluring and Attractive. And these attributes can be done by COLORS only. Hence Food and Drug Colors are widely used to create a very special, very specific appearance of any food and / or Drink. Bakery, Confectionery and Beverage Industries are the prime Segments where Food and Drug Colors are used in abundance.

Flavoured Drinks. Fruit Juices, Nutritional Drinks chiefly drive the Global food Color market. Commercially Synthetic Food

Color is primary choice for few factors eg. Higher Stability under light, Lower possibility \of Microbial Contamination and Cost wise Economical compared to Natural Food Color.

Environmental & Hazardous Safety And Quality Assurance

In pursuit of excellence & meeting the changes that happen time to time & also to fulfill the requirements received from customers, your Company continued to integrate its ISO 9001:2015, ISO:14001:2015, ISO:22000:2005, HACCP and other certification. Your Company is committed to ensuring the highest standards of environment management and strict compliance with regulatory requirements at all times. All the products manufactured by Dynemic meet the regulatory requirement under FSSAI, EU, JECFA, USFDA and also fulfill criteria of Kosher & Halal, & WHO-GMP Certification.

Your company is committed to socio-environmental aspects and go beyond compliance norms of competitive authorities.

Internal Control Systems And its Adequacy

Your Company has a comprehensive system of internal controls to safeguard the Company's assets against loss from unauthorized use and ensure proper authorization of financial transactions. The Company has an exhaustive budgetary control system to monitor all expenditures against approved budgets on an ongoing basis. The Company maintains a system of internal controls designed to provide assurance regarding the effectiveness and efficiency of operations, the reliability of financial controls and compliance with applicable laws and regulations as applicable in the various jurisdictions in which the Company operates.

Human Resources

Our employees are our most precious assets and we value their commitment. Relations with the employees at all levels remained cordial during the year. Your Company has 190 permanent employees as on 31st March, 2019.

Disclosure of Accounting Treatment

The Financial Statements are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act. The previous year figures have been regrouped/reclassified or restated, so as to make the figures comparable with the figures of current year. The significant Accounting Policies which are consistently applied have been set out in the Notes to the Financial Statements.

Cautionary Statement

Certain statements under "Management Discussion & Analysis" may be forward looking statement within the meaning of applicable securities laws and regulations. The forward looking statements are based on certain assumptions and expectations of future events. Actual results may differ materially from those expressed or implied from the statement since the Company's operations are influenced by many external and internal factors beyond the control of the Company.

Board Evaluation

Pursuant to the provisions of the Companies Act, 2013 and Listing Regulations, the Board has carried out an evaluation of its own performance and the Directors individually. A process of evaluation was followed by the Board for its own performance and that of its Committees and individual Directors. A separate exercise was carried out to evaluate the performance of individual Directors including the Chairman of the Board who were evaluated on parameters such as guidance/ support to management outside Board/ Committee meetings, degree of fulfillment of key responsibilities, effectiveness of meetings etc. The performance evaluation of the Independent Directors was carried out by the entire Board. The Directors expressed their satisfaction with the evaluation process.

REMUNERATION POLICY

The Company's philosophy for remuneration of Directors, Key Managerial Personnel and all other employees is based on the commitment of fostering a culture of leadership with trust. The Company has adopted a Policy for remuneration of Directors, Key Managerial Personnel and other employees, which is aligned to this philosophy. The key factors considered in formulating the Policy are as under:

- a) The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors to run the Company successfully;
- b) Relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- c) Remuneration to Directors, Key Managerial Personnel and Senior Management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

The Company does not have any Employee Stock Option Scheme.

Remuneration of Directors

- (i) Independent Directors ('ID') are paid sitting fees for attending the Meetings of the Board as recommended by the NRC and approved by the Board.
- (ii) Managing Director ('MD')/ Executive Directors ('ED')/ Key Managerial Personnel ('KMP')/ rest of the employees

The extent of overall remuneration should be sufficient to attract and retain talented and qualified individuals suitable for every role. Hence, remuneration should be market competitive, driven by the role played by the individual, reflective of the size of the Company, complexity of the Sector / Industry / Company's Operations and the Company's capacity to pay, consistent with recognized best practices and aligned to regulatory requirements. Basic / Fixed Salary is provided to all employees to ensure that there is a steady income in line with their skills and experience. In addition, the Company provides employees with certain perquisites, allowances and benefits in accordance with terms of employment/contract. In addition to the Basic/ Fixed salary, benefits, perquisites and

allowances as mentioned below, the Company provides to its MD, such remuneration by way of Commission calculated with reference to the net profits of the Company in the financial year, as may be determined by the Board, subject to the overall ceilings stipulated under Section 197 of the Act. The specific amount payable to the MD/ EDs would be based on performance as evaluated by the NRC and approved by the Board.

Details of remuneration paid during the financial year 2018-19:

a) Independent Directors (Rs. In Lakhs)

Sr. No.	Particulars of Remuneration		Total Amount			
		Jagdish Shah	Shankarlal Mundra	Ashish Joshi	Rashmi Otavani

3	Leave Pay	4.73	1.48	1.35	7.56
4	Commission	51.30	0	0	51.30
	Total	94.55	36.81	33.27	164.63

The services of the Managing Director and Executive Directors may be terminated by either party, giving the other party a six months' notice or the Company paying six months' salary in lieu thereof. There is no provision for payment of severance fees.

There is no other pecuniary relationship or transaction by the Company with Independent Directors.

In the opinion of the Board, the Independent directors fulfill the conditions specified in the Listing Regulations and are independent of the management.

The Company does not have any scheme for grant of stock option to its Directors or Employees.

6. Corporate Social Responsibility Committee

The composition of the CSR Committee is in alignment with provisions of Section 135 of the Companies Act, 2013.

The Committee comprising of Shri B K Patel as Chairman and Shri Jagdish Shah and Mrs Rashmi K. Otavani as other members. The said committee has been entrusted with the responsibility of formulating and recommending to the Board a Corporate Social Responsibility Policy indicating the activities to be undertaken by the Company as specified in Schedule VII of the Companies Act, 2013 and ruled made there under, and the amount to be spent on CSR activity. During the year the Committee met once on 01.02.19 and all the members were present in all the meetings.

The Committee was reconstituted on 30.06.2018 by way of Circular resolution with the induction of Mrs. Rashmi K. Otavani due to resignation of Shri Ashishbhai R. Joshi.

7. Familiarisation programmes for Board Members

The Board members are provided with necessary documents/brochures, reports and internal policies to enable them to familiarise with the Company's procedures and practices. Periodic presentations are made at the Board and Board Committee Meetings, on business and performance updates of the Company, global business environment, business strategy and risks involved. Detailed presentations on the Company's business segments

were made at the separate meeting of the Independent Directors held during the year. The details of such familiarization programmes for Independent Directors are posted on the website of the Company. http://www.dynemic.com/shareholder-information.php

8. Meetings of Independent Directors

During the year under review, all the Independent Directors met on March 23, 2019, inter alia, to discuss :

- 1. Evaluation of the performance of Non Independent Directors and the Board of Directors as a Whole;
- 2. Evaluation of the performance of the M.D. of the Company, taking into account the views of the Executive and Independent Directors.
- 3. Evaluation of the quality, content and timelines of flow of information between the management and the Board that is necessary for the Board to effectively and reasonably perform its duties.

Independent Auditor's Certificate on Corporate Governance

То

The Members of,

Dynemic Products Limited

- 1. This certificate is issued in accordance with the terms of our engagement letter reference no. RKB/6730 dated 25th September 2018.
- 2. We, ASIM RAVINDRA & ASSOCIATES, Chartered Accountants, the Statutory Auditors of DYNEMIC PRODUCTS LIMITED ("the Company"), have examined the compliance of conditions of Corporate Governance by the Company, for the year ended on 31st March 2019, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations).

Managements' Responsibility

3. The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

Auditor's Responsibility

- 4. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
- 5. We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.
- 6. We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose

of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Date :

25/05/2019

- 8. Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the Listing Regulations during the year ended 31st March 2019.
- 9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To
The Members of, **Dynemic Products Limited**

Report on the Standalone Indian Accounting Standards (Ind As) Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of DYNEMIC PRODUCTS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss including other comprehensive income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the standalone Ind AS financial statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfi lled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters How our audit addressed the key audit matter Revenue from sale of products (As described in Note 2(b) of the standalone Ind AS financial statements) Revenue is recognized when performance obligations Principal audit procedures performed include: are satisfied by transferring promised goods to (1) Assessed the appropriateness of the relevant customers. Goods are considered transferred when the accounting policy. customer obtains 'control' of the promised goods. Control (2) Evaluated the design and implementation of is the ability to direct the use of and obtain, internal controls over management's assertion with substantially all the benefits from the goods. respect to 'cut - off', to establish that control of There is a risk of revenue not being recorded in the promised goods has passed to customers. correct accounting period on account of the inability to (3) Tested the operating effectiveness of controls establish with certainty, the point of time when control over revenue recognition with a focus on those related to the timing of revenue recognition. passes. (4) Performed testing on a sample of sales to confirm that 'cut - off' has been properly applied, in particular, the sales made before the year end

Pending litigations (As described in Note 34 of the standalone Ind AS financial statements)

As of March 31, 2019, the Company has disclosed contingent liabilities of Rs. 36.90 crores relating to tax and legal claims.

Taxation, arbitration and litigation exposures have been identified as a key audit matter due to the uncertainties and timescales involved for the resolution of these claims.

Accordingly, there is judgement required by management in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the standalone Ind AS financial statements. their status and possible expected manner

Following procedures have been performed to address this key audit matter:

- 1. Gained an understanding of the process of identification of claims, litigations, arbitrations and contingent liabilities, and evaluated the design and tested the operating effectiveness of key controls.
- 2. Discussed and analysed material legal cases with the Company's legal department.
- 3. Analysed the responses obtained from the Company's legal advisors who conduct the court cases, tax and administrative proceedings, in which of proceeding were described.
- 4. Evaluated management's assumptions and estimates relating to the recognition of the provisions for disputes and disclosures of contingent liabilities in the standalone Ind AS financial statements.
- 5. Assessed the adequacy of the disclosures with regard to facts and circumstances of the legal and litigation matters.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Business Responsibility Report and Corporate Governance, but does not include the standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to infl uence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant defi ciencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that: (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account:
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specifi ed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these standalone Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;

- (g) In our opinion, the managerial remuneration for the year ended March 31, 2019 has been paid/ provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 34 to the standalone Ind AS financial statements;
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE A TO

TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in Paragraph 1 under the heading of "Report on other legal and regulatory requirements" of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of Fixed Assets;
 - (b) Fixed Assets have been physically verified by the management periodically in a phased manner and no material discrepancies have been noticed on physical verification as confirmed by the management;
 - (c) The title deeds of the immovable properties are held in the name of the company.
- (ii) As explained to us, inventories have been physically verified by the management, at reasonable intervals, except for minor items and the inventories lying with outside parties which have been confirmed by them. As explained to us, the material discrepancies, if any noticed have been properly dealt with in the books of accounts by the management.
- (iii) The company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act.
- (iv) In our opinion and according to the information and explanation given to us, the company has complied with the provisions of Section 185 and 186 of the Companies Act 2013, in respect of the loans, investments, security and guarantees.
- (v) In our opinion and according to the information and explanation given to us, the company has complied with the provisions of Section 73 to 76 or any relevant provisions of the Act and its Rules , and also the directives of Reserve Bank of India with regard to acceptance of deposits.
- (vi) According to the information and explanation given to us, the maintenance of cost records has been specified by the Central Government under sub section (1) of section 148 of the Companies Act 2013, and we have broadly reviewed the accounts and records mainetained by the company as prescribed by the Government for the maintenance of the cost records under section 148 (1) of the Companies Act, and we are of the opinion that prima facie the prescribed accounts and records have been maintained. We have not however, made detailed examination of the records with a view to determine whether they are accurate and complete. The company has obtained the Cost Audit Report from the Cost Accountants.
- (vii) (a) According to the information and explanation given to us and on the basis of our examination of books of accounts, the Company is regular in depositing undisputed statutory dues including Provident Fund, Employees State Insuarance, Sales Tax, Income Tax, Custom Duty, Excise Duty, Wealth tax, Service tax and other statutory dues with the appropriate authorities;
 - (b) According to the information and explanation given to us, the dues of Excise Duty and Income tax, which have not been deposited on account of any dispute and the forum where the dispute is pending are as under:-

Sr.	Name of the Statute	Nature of Dues	Amount₹	Period to which	Forum where dispute
no				matter relates	is pending
1	Central Excise Act, 1944	Service Tax & Excise Duty	215278	2012-13	Appeal pending with Commissioner (Appeals) Surat-II
2	Income Tax Act 1961	Income Tax	1869380	AY 2013-14	Appeal pending with CIT (Appeals)- Ahmedabad-I

- (viii) According to the information and explanation given to us, the company has not defaulted in repayment of dues to financial institutions and banks.
- (ix) Based on the information and explanation given to us by the management, term loans were applied for the purpose for which the loans were taken. No moneys have been raised by way of initial public offer during the year under review.
- (x) According to the information and explanation given to us and to the best of our knowledge and belief, no fraud on or by the company has been noticed or reported by the company during the year.
- (xi) According to the information and explanation given to us and to the best of our knowledge and belief, the managerial remuneration has been paid or provided in accordance with the requisite mandated by the provisions of Section 197 read with Schedule V to the Companies Act.
- (xii) The company is not Nidhi Company and so the clause is not applicable.
- (xiii) According to the information and explanation given to us and to the best of our knowledge and belief, all the transactions with the related parties are in compliance with Section 177 and 188 of Companies Act 2013, where applicable and the details have been disclosed in the Financial Statements etc., as required by the applicable accounting standards.
- (xiv) According to the information and explanation given to us and to the best of our knowledge and belief, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review.
- (xv) According to the information and explanation given to us and to the best of our knowledge and belief, the company has not entered into any non-cash transactions with directors or persons connected with him.
- (xvi) According to the information and explanation given to us and to the best of our knowledge and belief, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1943.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 11(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Dynemic Products Limited ("the Company") as of 31st March, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind As financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL

REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

47 ANNUAL REPORT 2018-2019

1. Company Background

Dynemic Products Limited (the 'Company') is a public limited company, incorporated and domiciled in India. The equity shares of the Company are listed on the National Stock Exchange of India Limited and the BSE Limited in India. The registered office of the Company is located at B-301, Satyamev-I, Opp. Gujarat High Court, S G Road, Sola, Ahmedabad-380060, Gujarat, India. The Company is mainly engaged in the business of manufacturing and selling of Dyes & Dye Intermediates as single operational segment. The standalone Financial statements were approved and authorised for issue in accordance with the resolution of the Company's Board of Directors on 25th May, 2019.

2. Significant Accounting Policies

This Note provides a list of the significant accounting policies adopted in the preparation of the standalone Financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. These standalone financial statements are the separate financial statements of the Company.

(a) Basis of Preparation

(i) Compliance with Ind AS

The standalone financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] as amended from time to time and other provisions of the Act.

(ii) Basis of Measurement

The standalone Financial statements have been prepared on a historical cost basis, except for the following:

- -Certain financial assets and liabilities (including derivative instruments) that is measured at fair value.
- -Defined benefit plans plan assets measured at fair value.

(iii) Current versus Non Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- a) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- b) held primarily for the purpose of trading,
- c) expected to be realised within twelve months after the reporting period, or
- d) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a) it is expected to be settled in the normal operating cycle,
- b) it is held primarily for the purpose of trading,
- c) it is due to be settled within twelve months after the reporting period, or
- d) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

(iv) Rounding of Amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest Rupee in lacs as per the requirement of Schedule III, unless otherwise stated.

(b) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty & exclusive of GST and net of returns, trade discounts, rebates, value added taxes and amounts collected on behalf of third parties. The inter divisional transfer between Unit-1 & Unit-2 are deducted from

respective sales & purchases. It has no impact on profit or loss.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Sale of Products:-Revenue from sale of products is recognised when the significant risks and rewards of ownership of the products have passed to the buyer as per the terms of contract. Sales is net of inter branch transfers. It has no impact on profit or loss.

Sale of Services:- Revenue from services rendered is recognised as the services are rendered and is booked based on agreements/ arrangements with the concerned parties.

Other Operating Revenues

Export entitlements (arising out of Duty Drawback, Merchandise Export from India and Focus Market Schemes) are recognised when the right to receive credit as per the terms of the schemes is established in respect of the exports made by the Company and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds. There is no Royalty Income.

(c) Construction Contracts :- There is no Construction contract entered into by the company during the period under consideration.

(d) Property, Plant and Equipment:-

Freehold/ GIDC Lease hold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation Method, Estimated Useful Lives And Residual Values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives in accordance with Schedule II to the Act. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the other components of the item.

Estimated useful lives of the assets are taken as per Schedule II of the Companies Act 2013, which is broadly defined as under:-

Buildings - 3 to 60 years

Plant and Equipments - 5 to 40 years

Furniture and Fixtures - 10 years

Vehicles - 8 to 10 years

Office Equipments - 3 to 6 years

Leasehold land is from GIDC and has not been amortised, as the lease cost has been fully paid. The useful lives, residual values and the method of depreciation of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are included in profit or loss within 'Other Income'/'Other Expenses'. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as 'Capital Advances' under other non- current assets and the cost of property, plant and equipment not ready to use are disclosed under 'Capital Work-in-progress'.

(e) Intangible Assets

Intangible assets (Computer Software) has a finite useful life and are stated at cost less accumulated amortisation

and accumulated impairment losses, if any.

Computer Software

Software for internal use, which is primarily acquired from third-party vendors is capitalised. Subsequent costs associated with maintaining such software are recognised as expense as incurred. Cost of software includes license fees and cost of implementation/system integration services, where applicable.

Amortisation Method and Period

Computer software are amortised on a pro-rata basis using the straight-line method over their estimated useful life of 5 years, from the date they are available for use. Amortisation method and useful lives are reviewed periodically at each Financial year end.

(f) Impairment of Non Financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units).

(g) Leases

As A Lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. This is not applicable to GIDC Lease, as there is no periodic payments are made for uses of leased asset, which is GIDC Land.

(h) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of inventories comprises cost of purchases and all other costs incurred in bringing the inventories to their present location and condition. Cost of work-in-progress and finished goods comprises direct materials, direct labor and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on approximation average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Investments in Subsidiaries

Investments in subsidiaries are carried at cost less provision for impairment, if any. Investments in subsidiaries are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of investments exceeds its recoverable amount.

Investments (Other than Investments in Subsidiaries) and Other Financial Assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:-

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. Though the Company do not have any debt instruments, but for investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial

recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised Costs

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

Fair Value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other Income'.

Fair value through Profit & Loss A/c

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within 'Other Income' in the period in which it arises.

Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other Income' in the Statement of Profit and Loss.

(iii) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets which are not fair valued through profit or loss. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 40(A) details how the Company determines whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of Financial Assets

A financial asset is de-recognised only when

- -the Company has transferred the rights to receive cash flows from the financial asset or
- -retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is

not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income Recognition

Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividend

Dividend is recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(vi) Fair Value of Financial Instruments

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

(k) Derivative Instruments- Not applicable as there are no Derivative Instruments.

(I) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(m) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(n) Cash and Cash Equivalents

For the purpose of presentation in the Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(o) Trade Payables

Trade Payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it

is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(q) Financial Guarantee Contracts

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 37 and the amount initially recognised less cumulative amortisation, where appropriate.

(r) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

(s) Foreign Currency Transactions and Translation

(i) Functional and Presentation Currency

Items included in the standalone financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The standalone financial statements are presented in Indian Rupee (Rs.), which is the Company's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year - end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Exchange differences arising on reporting of long-term foreign currency monetary items recognised up to 31st March, 2018 (i) relating to acquisition of depreciable capital assets is adjusted to the carrying amount of such assets (to be depreciated over the balance life of the related asset) and (ii) in other cases accumulated in a 'Foreign Currency Monetary Item Translation Difference Account' (to be amortised over the balance period of the related long-term monetary asset/liability). All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within 'Other Income'/'Other Expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

(t) Employee benefits

(i) Short Term Employee Benefits

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as 'Employee Benefits Payable' within 'Other Current Liabilities' in the Balance Sheet.

(ii) Post Employment Benefits

Defined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the

defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. These are included in 'Retained Earnings' in the Statement of Changes in Equity.

Defined Contribution Plans

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service.

(iii) Other Long term Employee Benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future benefits in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented under 'Provisions' (Current) in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(u) Income Tax

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax are recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(v) Provisions and Contingencies

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

(w) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period.

(x) Earnings per Share

(i) Basic Earnings per Share

Basic earnings per share is calculated by dividing: -

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

(ii) Diluted Earnings per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:-

- · the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- · the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(y) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Managing Director of the Company. Presently Company has been working in single segment- Dyes & Dyes Intermediates.

(z) Recent Accounting Pronouncements

Standard issued but effective from annual periods beginning on or after 1st April 2019:-

Ind AS 116 Leases:- On 30th March, 2019, Ministry of Corporate Affairs, has notified Ind AS 116 Leases. Ind AS 116 will replace the existing leases standard Ind AS 17, Leases, and related interpretations. No impact on the company.

Ind AS 12, Apendix C Uncertainity over Income Tax Treatments:- On 30th March, 2019, Ministry of Corporate Affairs, has notified Ind AS 12, Apendix C Uncertainity over Income Tax Treatments, which is to be applied while performing

the determination of taxable profit (loss), tax bases, unused tax losses, unused tax credits and tax rates when there is uncertainty over income tax treatments under Ind As 12. The effective date of Ind AS 12, Apendix C is annual periods beginning on or after 1st April 2019. The effect on adoption of Ind AS 12, Apendix C, would be insignificant in the standalone financial statements.

Amendment to Ind AS 12 Income Taxes:- On 30th March, 2019, Ministry of Corporate Affairs, has issued amendments to the guidance in Ind As 12, Income Taxes, in connection with accounting for dividend distribution taxes. The effective date of amendments to Ind AS 12, is annual periods beginning on or after 1st April 2019. The company is evaluation the effect of this amendments on standalone financial statements.

Amendment to Ind AS 19 Employee benefits, plan amendment, curtailment or settlements, On 30th March, 2019, Ministry of Corporate Affairs, has issued amendments to the guidance in Ind As 19, Employee benefits, in connection with accounting for plan amendment, curtailment or settlements. The effective date of amendments to Ind AS 12, is annual periods beginning on or after 1st April 2019. The company does not have any impact on account of this amendment.

3 Critical Estimates and Judgments

The preparation of standalone Financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these standalone Financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This Note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the standalone Financial statements.

The areas involving critical estimates or judgements are:

Employee Benefits (Estimation of Defined Benefit Obligation) (Note 2(t) and 36

Post-employment benefits represent obligations that will be settled in future and require assumptions to estimate benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of benefit costs over the employees' approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Company to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

Estimation of Expected Useful Life of Property, Plant and Equipment (Note 2(d) and 4.1)

Management reviews its estimate of useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

Contingencies (Note 2(v) and 34)

Legal proceedings covering a range of matters are pending against the Company. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Company often raise factual and legal issues that are subject to uncertainties and complexities, including the facts and circumstances of each particular case/ claim, the jurisdiction and the differences in applicable law. The Company consults with legal counsel and other experts on matters related to specific litigations where considered necessary. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

Valuation of Deferred Tax assets (Note 2(u) and 31)

Deferred income tax expense is calculated based on the differences between the carrying value of assets and

liabilities for Financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred tax benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

Fair Value Measurements (Note 2(j) and 39)

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

Nature and purpose of each Reserve

Securities Premium Account

Securities Premium Account is used to record premium received on issue of shares. This reserve may be utilised in accordance with the provisions of Section 52 of the Act.

General Reserve

Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividend out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

36 Employee Benefits :-

(I) Post Employment Defined Benefits Plans:

(b) Guarantees Bank Guarantees / Letter of Credits

(A) Gratuity (Funded)

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the plan, the Gratuity Fund Trusts, administered and managed by the Trustees and funded primarily with Life Insurance Corporation of India (LICI), make payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The Trustees are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and rules in the best interests of the plan participants. Each year an Asset-Liability matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles.

Investment and contribution policies are integrated within this study. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 2(t)(ii) above, based upon which, the Companymakes contributions to the Employees' Gratuity Funds.

The following table sets forth the particulars in respect of the Gratuity Plan (Funded) of the Company:

	As At 31st March 2019	As At 31st March 2018

(h) Maturity profile of Defined Benefits Obligations:		
Within 1 year	11.41	10.17
1-2 year	9.23	8.99
2-5 years	12.89	8.04
Over 5 years	325.28	283.44
(i) Principal Actuarial Assumptions:		
Discount Rate	7.79%	7.86%
Salary Growth Rate	7.00%	7.00%

Assumptions regarding future mortality experience are based on mortality tables of 'Indian Assured Lives Mortality (2006-2008) published by the Institute of Actuaries of India.

The estimate of future salary increases takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

(II) Post Employment Defined Contributions Plans:

(A) Provident Fund

Certain categories of employees of the Company receive benefits from a provident fund, a defined contribution plan. Both the employee and employer make monthly contributions to a government administered fund at specified percentage of the covered employee's qualifying salary. The Company has no further obligations under the plan beyond its monthly contributions. During the year, an amount of Rs. 3094197 (Previous Year- Rs. 2740627) has been recognised as expenditure towards above defined contribution plans of the Company.

(III) Leave Obligations

The Company provides for accumulation of leave by certain categories of its employees. These employees can carry forward a portion of the unutilised leave balances and utilise it in future periods or receive cash (only in case of earned leave) in lieu thereof as per the Company's policy. The Company records a provision for leave obligations in the period in which the employee renders the services that increases this entitlement.

The total provision recorded by the Company towards this obligation was Rs. 17.99 lacs, and Rs. 17.26 lacs as at 31st March, 2019, and 31st March, 2018 respectively. The amount of the provision is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

(IV) Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below: Discount Rate Risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually inrease the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Salary Growth Risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Demographic Risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

37 Segment Information

A. Description of Segments and Principal Activities

The Company's Managing Director examines the Company's performance on the basis of its business and has identified single reportable segments:---- Dyes & Intermediates

⁽iv) Terms and conditions of transactions with related parties

Transactions relating to dividend were on the same terms and conditions that applied to other shareholders. The sales to and purchases from related parties are made in the ordinary course of business. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash/cheque. No provisions are held against receivables from related parties. There are no loans outstanding with related parties.

Total Financial Liabilities		3726.54	3159.51

(ii) Fair Values

The fair values of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent with those used for the year ended 31st March, 2018. The following methods and assumptions were used to estimate the fair values:

- (a) In respect of investments in mutual funds, the fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors. Accordingly, such net asset values are analogous to fair market value with respect to these investments, as transactions of these mutual funds are carried out at such prices between investors and the issuers of these units of mutual funds.
- (b) The fair value of foreign exchange forward contracts is determined using forward exchange rates at the Balance Sheet date.
- (c) The management assessed that fair values, of trade receivables, cash and cash equivalents, other bank balances, other financial assets (current), investments in commercial papers, trade payables, borrowings (current) and other financial liabilities (current), approximate to their carrying amounts largely due to the short-term maturities of these instruments. Further, management also assessed the carrying amount of certain loans and long-term borrowings at floating interest rates which are a reasonable approximation of their fair values and the difference between the carrying amounts and fair values is not expected to be significant.
- (d) The fair value of remaining financial instruments is determined on discounted cash flow analysis using a current lending/discount rate, as considered appropriate.

For financial assets carried at fair value, the carrying amounts are equal to their fair values.

(iii) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the standalone financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows below.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes mutual funds. The mutual funds are valued using the closing Net Asset Value.

Level 2: This is the case for unlisted equity securities included in level 2. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There are no transfers between level 1 and level 2 fair value measurements during the year ended 31st March, 2019 and 31st March, 2018.

Rs. In Lakhs

	31st N	Narch 2019	31st N	1arch 2018
	Level 1	Level 2	Level 1	Level 2
(a) Recognised and Measured at Fair				
Value - Recurring Measurements

Investments				
Mutual Funds - Growth plan		4.33		4.33
Unquoted Equity Investments		-		-
(b) Amortised Cost for which Fair				
Values are Disclosed				
Financial Assets				
Investments				
Unquoted Equity Investments		131.17		131.17

Fair Value Measurement using significant unobservable inputs (Level 2)

Fair valuation of unquoted equity investments is based on valuation done by an external valuer using discounted cash flow method. A change in significant unobservable inputs used in such valuation (mainly earnings growth rate and risk adjusted discount rate) is not expected to have a material impact on the fair values of such assets as disclosed above. *Amounts are below the rounding-off norm adopted by the Company

40 Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk. In order to safeguard against any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered as per Company's policy to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative intruments The Company's senior management oversees the management of above risks. The senior executives working to manage the financial risks are accountable to the Audit Committee and the Board of Directors. This process provides assurance to the Company's senior management that the Company's financial risks-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and the Company's risk appetite.

This Note explains the sources of risk which the entity is exposed to and how the entity manages the risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(A) Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its investing activities (primarily Deposits with Banks and Investments in Mutual Funds).

Trade Receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Customer credit risk is managed by each business unit subject to the Company's policy and procedures which involve credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit or other forms of credit assurance. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the

Company's historical experience with customers.

The Company's exposure to customers is diversified and no single customer contributes to more than 10% of total revenues.

Other Financial Assets

Credit risk from balances with banks, term deposits, loans, investments and derivative instruments is managed by Company's finance department. Investments of surplus funds are made only with approved counterparties who meet the minimum threshold requirements. The Company monitors ratings, credit spreads and financial strength of its counterparties. The Company's maximum exposure to credit risk for the components of the Balance Sheet as of 31st March, 2019, and 31st March, 2018 is the carrying amounts as disclosed in Note 39 except for the financial guarantees. The Company's maximum exposure to financial guarantees is given in Note 40(B)(ii).

Financial Assets that are Neither Past Due Nor Impaired

None of the Company's cash equivalents with banks, loans and investments were past due or impaired as at 31st March, 2019, and 31st March, 2018. Of the total trade receivables, Rs. 4163.88 lacs as at 31st March, 2019, and Rs. 3247.52 lacs as at 31st March, 2018 consisted of customer balances that were neither past due nor impaired.

Financial Assets that are Past Due but Not Impaired

The Company's credit period for customers generally ranges from 0 - 180 days. The ageing of trade receivables that are past due but not impaired (net of provisions/allowances) is given below:

Rs. In Lakhs

	As At 31st	As At 31st
Period (in days)	March 2019	March 2018
01-090	4107.25	2958.87
91-180	56.62	288.64
More than 180	79.09	46.98

Receivables are deemed to be past due or impaired with reference to the Company's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions. Receivables that are classified as 'past due' in the above tables are those that have not been settled within the terms and conditions that have been agreed with that customer.

Other than trade receivables, the Company has no significant class of financial assets that is past due but not impaired.

(B) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and maintains adequate sources of financing.

(i) Financing Arrangements

The Company had access to the following undrawn borrowing facilities (excluding non-fund based facilities) at the end of the reporting period:

	As At 31st	As At 31st
	March 2019	March 2018
Floating Rate		
Expiring within one year (working capital facilities)	1486.28	614.62

The working capital facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the above facilities may be drawn at any time within one year.

(ii) Maturities of Financial Liabilities

The table below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Rs. In Lakhs

	Within 1 year	Between 1	
Contractual Maturities of Financial Liabilities		and 3 year	Total
31st March, 2019			
Borrowings	3130.89	11.61	3142.50

Other Financial Liabilities @	99.40	0.51	99.90
Financial Guarantee Contracts*			
Total	3159.53	11.75	3171.28

(C) Market Risk

78

(i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and in foreign currencies (primarily US Dollars and Euro). The Company has obtained foreign currency loans and has foreign currency trade receivables, trade payables and other financial assets/liabilities and is therefore exposed to foreign currency risk.

The Company strives to achieve asset-liability offset of foreign currency exposures and only the net position is hedged where considered necessary. The Company manages its foreign currency risk by hedging appropriate percentage of its foreign currency exposure per established risk management policy.

The Company uses forward exchange contracts to hedge the effects of movements in foreign exchange rates on foreign currency denominated assets and liabilities.

(a) Foreign Currency Risk Exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

Rs. In Lakhs

	31st March 2019		2019	31st March 20		2018
	USD	EURO	POUND	USD	EURO	POUND
Financial Assets						
Trade Receivables	2617.67	148.40	12.45	1888.51	44.76	14.73
Bank Balance in EEFC Account	4.25			0.62		
Other Financial Assets	-	-	-	-		
Derivative Assets	-	-	-	-		
Foreign Exchange Forward Contracts						
Net Exposure to Foreign Currency						
Risk (Assets)	2621.92	148.40	12.45	1889.14	44.76	14.73
Financial Liabilities						
Borrowings						
(including Current maturities)	1311.75	56.14		1211.34	41.33	
Trade Payables	104.11	80.12	0.00	162.32	139.11	0.00
Other Financial Liabilities						
Derivative Assets						
Foreign Exchange Forward Contracts						
Net Exposure to Foreign Currency						
Risk (Liabilities)	1415.86	136.26	0.00	1373.66	180.44	0.00
Net Exposure to Foreign Currency						
Risk (Assets -Liabilities)	1206.06	12.14	12.45	515.48	-135.67	14.73

(b) Sensitivity

The sensitivity of profit or loss to changes in the foreign exchange rates arises mainly from foreign currency denominated financial instruments.

Rs. In Lakhs

	Impact on Profit before ta		
	As At 31st March 2019	As At 31st March 2018	
USD Sensitivity			
INR/USD -Increase by 7%*	84.42	36.08	
INR/USD -Decrease by 7%*	(84.42)	-36.08	
Euro Sensitivity			
INR/EUR-Increase by 7%*	0.85	0.00	
INR/EUR-Decrease by 7%*	(0.85)	0.00	

^{*} Holding all other variables constant

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market interest rates relates primarily to the Company's debt interest obligation. Further the Company engages in financing activities at market linked rates, any changes in the interest rate environment may impact future rates of borrowings. To manage this, the Company may enter into interest rate swaps. The management also maintains a portfolio mix of floating and fixed rate debt.

The Company's fixed rate borrowings and investments in term deposits with bank are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of changes in market interest rates.

(a) Interest Rate Risk Exposure

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

Rs. In Lakhs

	As At 31st March 2019	As At 31st March 2018
Variable Rate Borrowings	3113.72	2485.38
Fixed Rate Borrowings	28.78	23.01
Total Borrowings	3142.50	2508.39

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

	Weighted average interst rate (%)	Balance	% of Total Loans
31st March 2019			
Cash Credit/Packing Credit Facilities	2.48%	3113.72	99.08
31st March 2018			
Cash Credit/Packing Credit Facilities	2.98%	2485.38	99.08

An analysis by maturities is provided in Note 44(B)(ii) above. The percentage of total loans shows the proportion of loans that are currently at variable rates in relation to the total amount of borrowings.

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

	Impact on Profit before tax	
	As At 31st	
Interest Rates - Increase by 100 basis points (100 bps) *	31.00	24.96
Interest Rates - Decrease by 100 basis points (100 bps) *	31.27	24.75

^{*} Holding all other variables constant

(iii) Securities Price Risk

Securities price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded prices.

The Company invests its surplus funds in various debt instruments. These comprise of mainly liquid schemes of mutual funds, short term debt funds & income funds (duration investments) and fixed deposits.

To manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio.

Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments.

(a) Securities Price Risk Exposure

The Company's exposure to securities price risk arises from investments in mutual funds held by the Company and classified in the Balance Sheet as fair value through profit or loss

(iv) Commodity Price Risk

Exposure to market risk with respect to commodity prices primarily arises from the Company's sales of dyes and intermediates, including the raw material components for such products. Cost of raw materials forms the largest portion of the Company's cost of sales. Market forces generally determine prices for the goods sold by the Company. These prices may be influenced by factors such as supply and demand, production costs (including the costs of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may reduce the revenue that the Company earns from the sales of goods. Commodity price risk exposure is evaluated and managed through operating procedures and sourcing policies. The Company has not entered into any derivative contracts to hedge exposure to fluctuations in commodity prices.

41 Capital Management

(a) Risk Management

The Company's objectives when managing capital are to

- * safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- * maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on the basis of the net debt to equity ratio. Net debt are long-term and short-term debts as reduced by cash and cash equivalents. The Company is not subject to any externally imposed capital requirements.

The following table summarises the capital of the Company:

Rs. In Lakhs

	As At 31st	As At 31st
	March 2019	March 2018
Total Borrowings	3142.50	2508.39
Less: Cash and cash equivalents	126.15	43.76

	Vehicles	92.98	76.
	Sub-total	3806.19	3471.
	Total	6521.79	6168.

Trade Receivables under Bill Discounting

The carrying amount of trade receivables include receivables which are subject to bill discounting arrangement. Under this arrangement, the Company has discounted the relevant receivables in exchange of cash and is prevented from selling or pledging the receivables. However, the Company has retained late payment and credit risk. The Company therefore continues to recognise such receivables in their entirety in its balance sheet. The amount payable under the bill discounting arrangement is presented as secured borrowings (Refer Note 15).

Report on the Audit of the consolidated Ind AS financial statements

We have audited the accompanying consolidated Ind AS financial statements of DYNEMIC PRODUCTS LIMITED ("the Holding Company"), and it's subsidiary Dynamic Overseas (India) Pvt Ltd and it's associate Dynemic Holdings Pvt Ltd(collectively reffered to as "The Group"), comprising of the consolidated Balance Sheet as at March 31, 2019, the consolidated Statement of Profit and Loss including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as Consolidated Ind AS Financial Statements).

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiary and associate, referred to in the Other Matters section below, aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its consolidated profit including other comprehensive income, its consolidated cash flows and the consoliadted statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the consolidated Ind AS financial statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfi lled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is suffi cient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019.

These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfi lled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated Ind AS financial statements.

Revenue is recognized when performance obligations are satisfied by transferring promised goods to customers. Goods are considered transferred when the accounting policy. customer obtains 'control' of the promised goods. Control is the ability to direct the use of and obtain, substantially all the benefits from the goods. There is a risk of revenue not being recorded in the correct accounting period on account of the inability to establish with certainty, the point of time when control passes.

How our audit addressed the key audit matter Revenue from sale of products (As described in Note 2(c) of the consolidated Ind AS financial statements)

- Principal audit procedures performed include:
- (1) Assessed the appropriateness of the relevant (2) Evaluated the design and implementation of
- internal controls over management's assertion with respect to 'cut - off', to establish that control of promised goods has passed to customers.
- (3) Tested the operating effectiveness of controls over revenue recognition with a focus on those related to the timing of revenue recognition.
- (4) Performed testing on a sample of sales to confirm that 'cut - off' has been properly applied, in particular, the sales made before the year end

Pending litigations (As described in Note 34 of the consolidated Ind AS financial statements)

As of March 31, 2019, the Company has disclosed contingent liabilities of Rs. 36.90 crores relating to tax and legal claims.

Taxation, arbitration and litigation exposures have been identified as a key audit matter due to the uncertainties and timescales involved for the resolution of these claims.

Accordingly, there is judgement required by management in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed in the standalone Ind AS financial statements.

Following procedures have been performed to address this key audit matter:

- 1. Gained an understanding of the process of identification of claims, litigations, arbitrations and contingent liabilities, and evaluated the design and tested the operating effectiveness of key controls.
- 2. Discussed and analysed material legal cases with the Company's legal department.
- 3. Analysed the responses obtained from the Company's legal advisors who conduct the court cases, tax and administrative proceedings, in which of proceeding were described.
- 4. Evaluated management's assumptions and estimates relating to the recognition of the provisions for disputes and disclosures of contingent liabilities in the standalone Ind AS financial statements.
- 5. Assessed the adequacy of the disclosures with regard to facts and circumstances of the legal and litigation matters.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Directors' Report including Annexures to Directors' Report, Business Responsibility Report and Corporate Governance, but does not include the consolidated financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the consolidated Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the consolidated Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to infl uence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and signifi cant audit fi ndings, including any signifi cant defi ciencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements / consolidated financial statements of subsidiary Dynamic Overseas (India) Private Limited, whose financial statements / consolidated financial statements reflect total assets of Rs. 9419830/- as at March 31, 2019, total revenues of Rs. 1147800/- and net cash flows of Rs. 251887/- for the year then ended, as the case may be, on that date and financial statements of associate Dynemic Holdings Private Limited in which the share of net loss of the Group is Rs. 24709/-. These financial statements / consolidated financial statements have been audited by other auditors whose reports have been furnished to us and our opinion is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified bythe Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiary and associate referred to in the Other Matters above, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as itappears from our examination of those books;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including other comprehensive

- income, the Consoliadted Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specifi ed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2019 taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary and associate, none of the directors of the Group companies and its associate, is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these consolidated Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" to this report; (g) In our opinion, the managerial remuneration for the year ended March 31, 2019 has been paid/ provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated Ind As financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, – Refer Note 34 to the consolidated Ind As financial statements.
 - ii The Group, its subsidiary and its associate entity did not have any material foreseeable losses on longterm contracts The Group did not have derivative contract as at 31st March 2019.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and in case of its subsidiary company and associate company incorporated in India, it is not appliable at present.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 11(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2019, we have audited the internal financial controls over financial reporting of Dynemic Products Limited (hereinafter referred to as "the Holding Company") and its subsidiary company and its associate company which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding company, its subsidiary company and its associate company which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Holding Company, its subsidiary and associate's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's, its subsidiary company's, and its associate company's incorporated in India, internal financial controls system over financial reporting. of the Parent and its subsidiary company and associate, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind As financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated Ind AS financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL

REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company, and its associate company which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

OTHER MATTERS

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditors of such company incorporated in India. Our opinion is not qualified in respect of this matter.

CHARTERED ACCOUNTANTS. (B. K. Patel) (D. B. Patel) FRN. 118775W Managing Director Director

[RAVINDRA MEHTA]

PARTNER (R. B. Patel) M. No. 043051 Director

Place : Ahmedabad (Varsha Mehta) (Amisha Patel) Date : 25/05/2019 Company Secretary Chief Financial Officer

1. Group Background

Dynemic Products Limited (the 'Parent Company') is a public limited company, incorporated and domiciled in India. The equity shares of the Company are listed on the National Stock Exchange of India Limited and the BSE Limited in India. The registered office of the Company is located at B-301, Satyamev-I, Opp. Gujarat High Court, S G Road, Sola, Ahmedabad-380060, Gujaratl, India. The Parent Company and its subsidiary, Dynamic Overseas India Pvt Ltd & its associates Dynemic Holdings Pvt Ltd, (collectively referred to as "the Group") is mainly engaged in the business of manufacturing and selling of Dyes & Dye Intermediates as single operational segment, and . The consolidated Financial statements were approved and authorised for issue in accordance with the resolution of the Company's Board of Directors on 25th May, 2019.

2. Significant Accounting Policies

This Note provides a list of the significant accounting policies adopted in the preparation of the consolidated Financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation

(i) Compliance with Ind AS

The consolidated financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] as amended from time to time and other provisions of the Act.

(ii) Historical Cost Convention

The consolidated Financial statements have been prepared on a historical cost basis, except for the following:

-Certain financial assets and liabilities (including derivative instruments) that is measured at fair value.

Defined benefit plans - plan assets measured at fair value.

(iii) Current versus Non Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- a) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- b) held primarily for the purpose of trading,
- c) expected to be realised within twelve months after the reporting period, or
- d) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a) it is expected to be settled in the normal operating cycle,
- b) it is held primarily for the purpose of trading,
- c) it is due to be settled within twelve months after the reporting period, or
- d) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

(iv) Rounding of Amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest Rupee in lacs as per the requirement of Schedule III, unless otherwise stated.

(b) Principal of Consolidation:-

The consolidated financial statements relate to Dynemic Products Limited ('the Company') and its subsidiary company, and associate. The consolidated financial statements have been prepared on the following basis:

- (i) The financial statements of the Company and its subsidiary are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intragroup balances and intra-group transactions.
- (ii) The excess of cost to the Company of its investments in the subsidiary company over its share of equity of the subsidiary companies at the dates on which the investments in the subsidiary companies are made, is recognised as " Goodwill " being an assets in the consolidated financial statements.
- (iii) Minority interest in the net assets of consolidated subsidiary consist of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the Company and further movements in their share in the equity , subsequent to the dates of investments.
- (iv) Investment in Associate has been accounted under the equity method as per Ind AS 28 Investments in Associates and Joint Ventures.
- (v) The Company accounts for its share of post acquisition changes in net assets of associates, after eliminating unrealised profits and losses resulting from transactions between the Company and its associates to the extent of its share, through its Consolidated Profit and Loss Statement, to the extent such change is attributable to the associates' Profit and Loss Statement and through its reserves for the balance based on available information.
- (vi) As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.

(c) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty & exclusive of GST and net of returns, trade discounts, rebates, value added taxes and amounts collected on behalf of third parties. The inter divisional transfer between Unit-1 & Unit-2 are deducted from respective sales & purchases. It has no impact on profit or loss.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Group's activities as described below. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Sale of Products:-Revenue from sale of products is recognised when the significant risks and rewards of ownership of the products have passed to the buyer as per the terms of contract. Sales is net of inter branch transfers. It has no impact on profit or loss.

Sale of Services:- Revenue from services rendered is recognised as the services are rendered and is booked based on agreements/ arrangements with the concerned parties.

Other Operating Revenues

Export entitlements (arising out of Duty Drawback, Merchandise Export from India and Focus Market Schemes) are recognised when the right to receive credit as per the terms of the schemes is established in respect of the exports made by the Group and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds. There is no Royalty Income.

(d) Construction Contracts: There is no Construction contract entered into by the Group during the period under consideration.

(e) Property, Plant and Equipment:-

Freehold/ GIDC Lease hold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation Method, Estimated Useful Lives And Residual Values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives in accordance with Schedule II to the Act. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the other components of the item.

Estimated useful lives of the assets are taken as per Schedule II of the Companies Act 2013, which is broadly defined as under:-

Buildings - 3 to 60 years

Plant and Equipments - 5 to 40 years

Furniture and Fixtures - 10 years

Vehicles - 8 to 10 years

Office Equipments - 3 to 6 years

Leasehold land is from GIDC and has not been amortised, as the lease cost has been fully paid. The useful lives, residual values and the method of depreciation of property, plant and equipment are reviewed, and adjusted if appropriate, at the end of each reporting period. Gains and losses on disposals are determined by comparing proceeds with carrying amount and are included in profit or loss within 'Other Income'/'Other Expenses'. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as 'Capital Advances' under other non- current assets and the cost of property, plant and equipment not ready to use are disclosed under 'Capital Work-in-progress'.

(f) Intangible Assets

Intangible assets (Computer Software) has a finite useful life and are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Computer Software

Software for internal use, which is primarily acquired from third-party vendors is capitalised. Subsequent costs associated with maintaining such software are recognised as expense as incurred. Cost of software includes license fees and cost of implementation/system integration services, where applicable.

Amortisation Method and Period

Computer software are amortised on a pro-rata basis using the straight-line method over their estimated useful life of 5 years, from the date they are available for use. Amortisation method and useful lives are reviewed periodically at each Financial year end.

(g) Impairment of Non Financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units).

(h) Leases

As A Lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. This is not applicable to GIDC Lease, as there is no periodic payments are made for uses of leased asset, which is GIDC Land.

(i) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of inventories comprises cost of purchases and all other costs incurred in bringing the inventories to their present location and condition. Cost of work-in-progress and finished goods comprises direct materials, direct labor and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on approximation average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(j) Investments and Other Financial Assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:-

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. Though the Group do not have any debt instruments, but for investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt Instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Amortised Costs

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

• Fair Value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other Income'.

Fair value through Profit & Loss A/c

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within 'Other Income' in the period in which it arises.

Equity Instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other Income' in the Statement of Profit and Loss.

(iii) Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets which are not fair valued through profit or loss. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 40(A) details how the Group determines whether there has been a significant increase in credit risk. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of Financial Assets

A financial asset is de-recognised only when

- -the Group has transferred the rights to receive cash flows from the financial asset or
- -retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income Recognition

Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividend

Dividend is recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

(vi) Fair Value of Financial Instruments

In determining the fair value of financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

(k) Derivative Instruments- Not applicable as there are no Derivative Instruments.

(I) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy

of the Group or the counterparty.

(m) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(n) Cash and Cash Equivalents

For the purpose of presentation in the Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(o) Trade Payables

Trade Payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(q) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

(r) Foreign Currency Transactions and Translation

(i) Functional and Presentation Currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the Group operates ('the functional currency'). The consolidated financial statements are presented in Indian Rupee (Rs.), which is the Group's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year - end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Exchange differences arising on reporting of long-term foreign currency monetary items recognised up to 31st March, 2018 (i) relating to acquisition of depreciable capital assets is adjusted to the carrying amount of such assets (to be depreciated over the balance life of the related asset) and (ii) in other cases accumulated in a 'Foreign Currency

Monetary Item Translation Difference Account' (to be amortised over the balance period of the related long-term monetary asset/liability). All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within 'Other Income'/'Other Expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

(s) Employee benefits

(i) Short Term Employee Benefits

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as 'Employee Benefits Payable' within 'Other Current Liabilities' in the Balance Sheet.

(ii) Post Employment Benefits

Defined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. These are included in 'Retained Earnings' in the Statement of Changes in Equity.

Defined Contribution Plans

Contributions under Defined Contribution Plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service.

(iii) Other Long term Employee Benefits

The liabilities for leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future benefits in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented under 'Provisions' (Current) in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(t) Income Tax

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the

basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax are recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(u) Provisions and Contingencies

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

(v) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the Group, on or before the end of the reporting period but not distributed at the end of the reporting period.

(w) Earnings per Share

(i) Basic Earnings per Share

Basic earnings per share is calculated by dividing: -

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year

(ii) Diluted Earnings per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:-

- · the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(x) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Managing Director of the Group. Presently Group has been working in single segment- Dyes & Dyes Intermediates.

(y) Recent Accounting Pronouncements

Standard issued but effective from annual periods beginning on or after 1st April 2019:-

Ind AS 116 Leases:- On 30th March, 2019, Ministry of Corporate Affairs, has notified Ind AS 116 Leases. Ind AS 116 will replace the existing leases standard Ind AS 17, Leases, and related interpretations. No impact on the company.

Ind AS 12, Apendix C Uncertainity over Income Tax Treatments:- On 30th March, 2019, Ministry of Corporate Affairs, has notified Ind AS 12, Apendix C Uncertainity over Income Tax Treatments, which is to be applied while performing the determination of taxable profit (loss), tax bases, unused tax losses, unused tax credits and tax rates when there is uncertainity over income tax treatments under Ind As 12. The effective date of Ind AS 12, Apendix C is annual periods beginning on or after 1st April 2019. The effect on adoption of Ind AS 12, Apendix C, would be insignificant in the consolidated financial statements.

Amendment to Ind AS 12 Income Taxes:- On 30th March, 2019, Ministry of Corporate Affairs, has issued amendments to the guidance in Ind As 12, Income Taxes, in connection with accounting for dividend distribution taxes. The effective date of amendments to Ind AS 12, is annual periods beginning on or after 1st April 2019. The company is evaluation the effect of this amendments on consolidated financial statements.

Amendment to Ind AS 19 Employee benefits, plan amendment, curtailment or settlements, On 30th March, 2019, Ministry of Corporate Affairs, has issued amendments to the guidance in Ind As 19, Employee benefits, in connection with accounting for plan amendment, curtailment or settlements. The effective date of amendments to Ind AS 12, is annual periods beginning on or after 1st April 2019. The company does not have any impact on account of this amendment.

3 Critical Estimates and Judgments

The preparation of consolidated Financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these consolidated Financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This Note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated Financial statements.

The areas involving critical estimates or judgements are:

Employee Benefits (Estimation of Defined Benefit Obligation)

Post-employment benefits represent obligations that will be settled in future and require assumptions to estimate benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of benefit costs over the employees' approximate service period, based on the terms of the plans and the investment and funding

decisions made. The accounting requires the Group to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

Impairment of Trade Receivables

Impairment of trade receivables is primarily estimated based on prior experience with and the past due status of receivables, based on factors that include ability to pay and payment history. The assumptions and estimates applied for determining the provision for impairment are reviewed periodically.

Estimation of Expected Useful Life of Property, Plant and Equipment

Management reviews its estimate of useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

Contingencies

Legal proceedings covering a range of matters are pending against the Group. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Group often raise factual and legal issues that are subject to uncertainties and complexities, including the facts and circumstances of each particular case/ claim, the jurisdiction and the differences in applicable law. The Group consults with legal counsel and other experts on matters related to specific litigations where considered necessary. The Group accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

Accounting for Construction Contract Under Percentage of Completion-Not applicable as there is no construction contracts, however the policy is as under:-

The percentage of completion method is used to account for construction contracts. This method requires estimates of the final revenue and costs of the contract, as well as measurement of progress achieved to date as a proportion of the total work to be performed. The main uncertainty when assessing contract revenue is related to recoverable amounts from variation orders and claims payments which are recognised when, based on management's judgment, it is probable that they will result in revenue and are reliably measurable. This assessment is adjusted upon management's evaluation of liquidated damages to be imposed by customers typically relating to contractual delivery terms. Cost to complete depends on productivity factors and the cost of inputs, weather conditions, performance of subcontractors, etc. Experience, reduces but does not eliminate the risk that estimates may change significantly.

Valuation of Deferred Tax assets

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for Financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred tax benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

Fair Value Measurements

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgments and assumptions.

Impairment of Investments in Subsidiaries

Determining whether the investments in subsidiaries are impaired requires an estimate of the value in use of investments. In considering the value in use, the management anticipates the future commodity prices, capacity utilisation of plant, operating margins, discount rates and other factors of the underlying businesses/operations of the subsidiaries.

Group Information

The consolidated financial statements comprise the financial statements of the Parent Company and its wholly owned subsidiary company and its associates as detailed below. Unless otherwise stated, they have share capital consisting solely of equity shares that are held by the Group and the proportion of ownership interests held equals the voting rights held by the Group.

Nature and purpose of each Reserve

Securities Premium Account

Securities Premium Account is used to record premium received on issue of shares. This reserve may be utilised in accordance with the provisions of Section 52 of the Act.

General Reserve

Under the erstwhile Indian Companies Act, 1956, a general reserve was created through an annual transfer of net profit at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividend out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

36 Employee Benefits :-

(I) Post Employment Defined Benefits Plans:

(A) Gratuity (Funded)

The Company provides for gratuity, a defined benefit retirement plan covering eligible employees. As per the plan, the Gratuity Fund Trusts, administered and managed by the Trustees and funded primarily with Life Insurance Corporation of India (LICI), make payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The Trustees are responsible for the overall governance of the plan and to act in accordance with the provisions of the trust deed and rules in the best interests of the plan participants. Each year an Asset-Liability matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles.

Investment and contribution policies are integrated within this study. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 2(t)(ii) above, based upon which, the Companymakes contributions to the Employees' Gratuity Funds.

The following table sets forth the particulars in respect of the Gratuity Plan (Funded) of the Company:

1-2 year	9.23	8.99	
2-5 years	12.89	8.04	
Over 5 years	325.28	283.44	
(i) Principal Actuarial Assumptions:			
Discount Rate	7.79%	7.86%	
Salary Growth Rate	7.00%	7.00%	

Assumptions regarding future mortality experience are based on mortality tables of 'Indian Assured Lives Mortality (2006-2008) published by the Institute of Actuaries of India.

The estimate of future salary increases takes into account inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

(II) Post Employment Defined Contributions Plans:

(A) Provident Fund

Certain categories of employees of the Company receive benefits from a provident fund, a defined contribution plan. Both the employee and employer make monthly contributions to a government administered fund at specified percentage of the covered employee's qualifying salary. The Company has no further obligations under the plan beyond its monthly contributions. During the year, an amount of Rs. 3094197 (Previous Year- Rs. 2740627) has been recognised as expenditure towards above defined contribution plans of the Company.

(III) Leave Obligations

The Company provides for accumulation of leave by certain categories of its employees. These employees can carry forward a portion of the unutilised leave balances and utilise it in future periods or receive cash (only in case of earned leave) in lieu thereof as per the Company's policy. The Company records a provision for leave obligations in the period in which the employee renders the services that increases this entitlement.

The total provision recorded by the Company towards this obligation was Rs. 17.99 lacs, and Rs. 17.26 lacs as at 31st March, 2019, and 31st March, 2018 respectively. The amount of the provision is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

(IV) Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below: Discount Rate Risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually inrease the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Salary Growth Risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

Demographic Risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

37 Segment Information

A. Description of Segments and Principal Activities

The Company's Managing Director examines the Company's performance on the basis of its business and has identified single reportable segments:---- Dyes & Intermediates

39 Fair Value Measurements

(i) Financial Instruments by Category	Note No.	31st March 2019	31st March 2018
		Carrying Amount/ Fair Value	Carrying Amount/ Fair Value
Financial Assets			
Assets Carried at Fair Value through Profit or Loss Investments Equity Instruments			
Mutual Funds Other Financial Assets Assets Carried at Amortised Cost Investments		0.00	0.00
Equity Instruments Mutual Funds		9.57 4.33	9.57 4.33
Trade Receivables		0.00	0.00
Cash and Cash Equivalents Other Bank Balances		26.08 189.22	47.19 9.15
Loans Other Financial Assets		225.99 0.00	199.91 0.00
Total Financial Assets Financial Liabilities		455.19	270.15
Liabilities Carried at Amortised Cost			
Borrowings (including current maturities and interest accrued)		3142.50	2508.39
Trade Payables Other Financial Liabilities		503.42 80.62	562.99 88.14
Total Financial Liabilities		3726.54	3159.51

(ii) Fair Values

The fair values of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent with those used for the year ended 31st March, 2019. The following methods and assumptions were used to estimate the fair values:

- (a) In respect of investments in mutual funds, the fair values represent net asset value as stated by the issuers of these mutual fund units in the published statements. Net asset values represent the price at which the issuer will issue further units in the mutual fund and the price at which issuers will redeem such units from the investors. Accordingly, such net asset values are analogous to fair market value with respect to these investments, as transactions of these mutual funds are carried out at such prices between investors and the issuers of these units of mutual funds.
- (b) The fair value of foreign exchange forward contracts is determined using forward exchange rates at the Balance Sheet date.
- (c) The management assessed that fair values, of trade receivables, cash and cash equivalents, other bank balances, other financial assets (current), investments in commercial papers, trade payables, borrowings (current) and other financial liabilities (current), approximate to their carrying amounts largely due to the short-term maturities of these instruments. Further, management also assessed the carrying amount of certain loans and long-term borrowings at floating interest rates which are a reasonable approximation of their fair values and the difference between the carrying amounts and fair values is not expected to be significant.
- (d) The fair value of remaining financial instruments is determined on discounted cash flow analysis using a current lending/discount rate, as considered appropriate.

For financial assets carried at fair value, the carrying amounts are equal to their fair values.

(iii) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the standalone financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows below.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes mutual funds. The mutual funds are valued using the closing Net Asset Value.

Level 2: This is the case for unlisted equity securities included in level 2. The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period. There are no transfers between level 1 and level 2 fair value measurements during the year ended 31st March, 2019 and 31st March, 2018.

Rs. In Lakhs

	31st March 2019		31st March 201	
	Level 1	Level 2	Level 1	Level 2
(a) Recognised and Measured at Fair				
Value - Recurring Measurements				
Financial Assets				
Investments				
Mutual Funds - Growth plan		4.33		4.33
Unquoted Equity Investments		-		-
(b) Amortised Cost for which Fair				
Values are Disclosed				
Financial Assets				
Investments				
Unquoted Equity Investments		9.57		9.57

Fair Value Measurement using significant unobservable inputs (Level 2)

Fair valuation of unquoted equity investments is based on valuation done by an external valuer using discounted cash flow method. A change in significant unobservable inputs used in such valuation (mainly earnings growth rate and risk adjusted discount rate) is not expected to have a material impact on the fair values of such assets as disclosed above. *Amounts are below the rounding-off norm adopted by the Company

40 Financial Risk Management

The Company's activities expose it to credit risk, liquidity risk and market risk. In order to safeguard against any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered as per Company's policy to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative intruments The Company's senior management oversees the management of above risks. The senior executives working to manage the financial risks are accountable to the Audit Committee and the Board of Directors. This process provides assurance to the Company's senior management that the Company's financial risks-taking activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and the Company's risk appetite.

This Note explains the sources of risk which the entity is exposed to and how the entity manages the risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(A) Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its investing activities (primarily Deposits with Banks and Investments in Mutual Funds).

Trade Receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Customer credit risk is managed by each business unit subject to the Company's policy and procedures which involve credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit or other forms of credit assurance. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience with customers.

The Company's exposure to customers is diversified and no single customer contributes to more than 10% of total revenues.

Other Financial Assets

Credit risk from balances with banks, term deposits, loans, investments and derivative instruments is managed by Company's finance department. Investments of surplus funds are made only with approved counterparties who meet the minimum threshold requirements. The Company monitors ratings, credit spreads and financial strength of its counterparties. The Company's maximum exposure to credit risk for the components of the Balance Sheet as of 31st March, 2019, and 31st March, 2018 is the carrying amounts as disclosed in Note 39 except for the financial guarantees. The Company's maximum exposure to financial guarantees is given in Note 40(B)(ii).

Financial Assets that are Neither Past Due Nor Impaired

None of the Company's cash equivalents with banks, loans and investments were past due or impaired as at 31st March, 2019, and 31st March, 2018. Of the total trade receivables, Rs. 4163.88 lacs as at 31st March, 2019, and Rs. 3247.52 lacs as at 31st March, 2018 consisted of customer balances that were neither past due nor impaired.

Financial Assets that are Past Due but Not Impaired

The Company's credit period for customers generally ranges from 0 - 180 days. The ageing of trade receivables that are past due but not impaired (net of provisions/allowances) is given below:

Rs. In Lakhs

	As At 31st	As At 31st
Period (in days)	March 2019	March 2018
01-090	4107.25	2958.87
91-180	56.62	288.64
More than 180	79.09	46.98

Receivables are deemed to be past due or impaired with reference to the Company's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions. Receivables that are classified as 'past due' in the above tables are those that have not been settled within the terms and conditions that have been agreed with that customer.

Other than trade receivables, the Company has no significant class of financial assets that is past due but not impaired.

(B) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and maintains adequate sources of financing.

(i) Financing Arrangements

The Company had access to the following undrawn borrowing facilities (excluding non-fund based facilities) at the end of the reporting period:

	As At 31st March 2019	As At 31st March 2018
Floating Rate Expiring within one year (working capital facilities)	1486.28	614.62

The working capital facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the above facilities may be drawn at any time within one year.

(ii) Maturities of Financial Liabilities

The table below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Rs. In Lakhs

	Within 1 year	Between 1	
Contractual Maturities of Financial Liabilities		and 3 year	Total
31st March, 2019			
Borrowings	3130.89	11.61	3142.50

Other Financial Liabilities @	97.74	0.05	97.79
Financial Guarantee Contracts*			
Total	3728.58	15.13	3743.71
31st March, 2018			
Borrowings	2497.14	11.25	2508.39
Trade Payables	562.99	0.00	562.99
Other Financial Liabilities @	99.40	0.51	99.90
Financial Guarantee Contracts*			
Total	3159.53	11.75	3171.28

(C) Market Risk

(i) Foreign Currency Risk

Foreign currency risk is the risk that the fair value of the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company transacts business in local currency and in foreign currencies (primarily US Dollars and Euro). The Company has obtained foreign currency loans and has foreign currency trade receivables, trade payables and other financial assets/liabilities and is therefore exposed to foreign currency risk.

The Company strives to achieve asset-liability offset of foreign currency exposures and only the net position is hedged where considered necessary. The Company manages its foreign currency risk by hedging appropriate percentage of its foreign currency exposure per established risk management policy.

The Company uses forward exchange contracts to hedge the effects of movements in foreign exchange rates on foreign currency denominated assets and liabilities.

(a) Foreign Currency Risk Exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

Rs. In Lakhs

	31st March 2019			31st March 2018		
	USD	EURO	POUND	USD	EURO	POUND
Financial Assets						
Trade Receivables	2617.67	148.40	12.45	1888.51	44.76	14.73
Bank Balance in EEFC Account	4.25	-	-	0.62	-	-
Other Financial Assets	-	-	-	-	-	-
Derivative Assets	-	-	-	-	-	-
Foreign Exchange Forward Contracts						
Net Exposure to Foreign Currency						
Risk (Assets)	<mark>2621.92</mark>	148.40	12.45	1889.14	44.76	14.73
Financial Liabilities						
Borrowings						
(including Current maturities)	1311.75	56.14	-	1211.34	41.33	-
Trade Payables	104.11	80.12	0.00	162.32	139.11	0.00
Other Financial Liabilities						
Derivative Assets						
Foreign Exchange Forward Contracts						
Net Exposure to Foreign Currency						
Risk (Liabilities)	1415.86	136.26	0.00	1373.66	180.44	0.00
Net Exposure to Foreign Currency						
Risk (Assets -Liabilities)	1206.06	12.14	12.45	515.48	-135.67	14.73

(b) Sensitivity

The sensitivity of profit or loss to changes in the foreign exchange rates arises mainly from foreign currency denominated financial instruments.

Rs. In Lakhs

	Impact on Profit before tax	
	As At 31st March 2019	As At 31st March 2018
USD Sensitivity

INR/USD -Decrease by 7%*	(84.42)	(36.08)
Euro Sensitivity		
INR/EUR-Increase by 7%*	0.85	0.00
INR/EUR-Decrease by 7%*	(0.85)	0.00

^{*} Holding all other variables constant

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to risk of changes in market interest rates relates primarily to the Company's debt interest obligation. Further the Company engages in financing activities at market linked rates, any changes in the interest rate environment may impact future rates of borrowings. To manage this, the Company may enter into interest rate swaps. The management also maintains a portfolio mix of floating and fixed rate debt.

The Company's fixed rate borrowings and investments in term deposits with bank are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of changes in market interest rates.

(a) Interest Rate Risk Exposure

The exposure of the Company's borrowings to interest rate changes at the end of the reporting period are as follows:

Rs. In Lakhs

		As At 31st March 2018
Variable Rate Borrowings	3114	2485
Fixed Rate Borrowings	29	23
Total Borrowings	3143	2508

As at the end of the reporting period, the Company had the following variable rate borrowings outstanding:

	Weighted average interst rate (%)	Balance	% of Total Loans
31st March 2019			
Cash Credit/Packing Credit Facilities	2.38%	3114	99.08
31st March 2018			
Cash Credit/Packing Credit Facilities	2.98%	2485	99.08

An analysis by maturities is provided in Note 44(B)(ii) above. The percentage of total loans shows the proportion of loans that are currently at variable rates in relation to the total amount of borrowings.

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

	Impact on Prof	it before tax
	As At 31st	As At 31st
	March 2019	March 2018
Interest Rates - Increase by 100 basis points (100 bps) *	31.00	24.96
Interest Rates - Decrease by 100 basis points (100 bps) *	31.27	24.75

^{*} Holding all other variables constant

(iii) Securities Price Risk

Securities price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded prices.

The Company invests its surplus funds in various debt instruments. These comprise of mainly liquid schemes of mutual funds, short term debt funds & income funds (duration investments) and fixed deposits.

To manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio.

Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments.

(a) Securities Price Risk Exposure

The Company's exposure to securities price risk arises from investments in mutual funds held by the Company and classified in the Balance Sheet as fair value through profit or loss

(iv) Commodity Price Risk

Exposure to market risk with respect to commodity prices primarily arises from the Company's sales of dyes and intermediates, including the raw material components for such products. Cost of raw materials forms the largest portion of the Company's cost of sales. Market forces generally determine prices for the goods sold by the Company. These prices may be influenced by factors such as supply and demand, production costs (including the costs of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may reduce the revenue that the Company earns from the sales of goods. Commodity price risk exposure is evaluated and managed through operating procedures and sourcing policies. The Company has not entered into any derivative contracts to hedge exposure to fluctuations in commodity prices.

41 Capital Management

(a) Risk Management

The Company's objectives when managing capital are to

- * safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- * maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on the basis of the net debt to equity ratio. Net debt are long-term and short-term debts as reduced by cash and cash equivalents. The Company is not subject to any externally imposed capital requirements.

The following table summarises the capital of the Company:

Rs. In Lakhs

	As At 31st	As At 31st
	March 2019	March 2018
Total Borrowings	3143	2508
Less: Cash and cash equivalents	215	56
Net Debt	2927	2452
Equity	10816	9242
Total Capital (Equity+ Net Debt)	13743	11694
Net Debt to Equity ratio	21%	21%

No changes were made to the objectives, policies or processes for managing capital during the years ended 31st March, 2019 and 31st March, 2018.

Total	6521.79	6168.3

Trade Receivables under Bill Discounting

The carrying amount of trade receivables include receivables which are subject to bill discounting arrangement. Under this arrangement, the Company has discounted the relevant receivables in exchange of cash and is prevented from selling or pledging the receivables. However, the Company has retained late payment and credit risk. The Company therefore continues to recognise such receivables in their entirety in its balance sheet. The amount payable under the bill discounting arrangement is presented as secured borrowings (Refer Note 15).

What is the "Green Economy"?

GG For the purposes of the Green Economy Initiative, UNEP has developed a working definition of a green economy as one that results in improved human well-being and social equity, while significantly reducing environmental risks and ecological scarcities. In its simplest expression, a green economy can be thought of as one which islow carbon, resource efficient and socially inclusive.

Practically speaking, a green economy is one whose growth in income and employment is driven by public and private investments that reduce carbon emissions and pollution, enhance energy and resource efficiency, and prevent the loss of biodiversity and ecosystem services. These investments need to be catalyzed and supported by targeted public expenditure, policy reforms and regulation changes. This development path should maintain, enhance and, where necessary, rebuild natural capital as a critical economic asset and source of public benefits, especially for poor people whose livelihoods and security depend strongly on nature. η
