

Reliance Communications

Investor Presentation

September 2010

Forward looking statements – Important Note

This presentation and the discussion that follows may contain "forward looking" statements" by Reliance Communications Ltd ("RCOM") that are not historical in nature. These forward looking statements, which may include statements relating to future results of operation, financial condition, business prospects, plans and objectives, are based on the current beliefs, assumptions, expectations, estimates, and projections of the directors and management of RCOM about the business, industry and markets in which RCOM operates. These statements are not guarantees of future performance, and are subject to known and unknown risks, uncertainties, and other factors, some of which are beyond RCOM's control and difficult to predict, that could cause actual results, performance or achievements to differ materially from those in the forward looking statements. Such statements are not, and should not be construed, as a representation as to future performance or achievements of RCOM. In particular, such statements should not be regarded as a projection of future performance of RCOM. It should be noted that the actual performance or achievements of RCOM may vary significantly from such statements.

		Text
Infratel	200k+ slots, unique ability to provide space and connectivity	
		200
Home	 Rapidly growing national DTH business, rich content access 	1

Strong market presence in every business

Reliance Communications

Strategy for focused and profitable growth

- Address mass mobility market thru' GSM with special focus on rural distribution
- Consolidate data market leadership with high ARPU high speed datacards
- Increased revenue from new service streams (share of VAS & In-roaming revenue)

ReLIANCe Infratel

Infratel

- Maximize revenues from existing assets of Towers, OFC & Ducts
- Huge potential of value unlocking for Reliance Communication shareholders

Crusts Crusts

- Sign long term contracts with existing and new operators to provide pan-India infrastructure and bandwidth
- Ramp up Managed Services business; Complete NGN Mediterranean and continue to maintain leadership in the Carriers Carrier market

- Increasing IDC capacity and launching new high margin product/service lines
- Expanding Managed Services portfolio for higher share of customer's wallet and to increase stickiness of our products

- Aggressive acquisitions to build the subscriber base for long-term revenue
- Rigorous program management framework for capex and opex cost efficiencies, esp. Set-top box and Content

Key takeaways

Drivers for future growth and shareholder value

Drivers

- Financials at inflection point as GSM momentum scales up
- RCOM not only reliant on wireless business for future growth; massive opportunity in newer segments including DTH and expansion of Enterprise/IDC
- Potential for unlocking shareholder value at subsidiary level (Infratel, Globalcom, DTH)
- Peak investment phase is over
- Acquisition of DigiCable creates leadership position in Indian Pay TV market

Further integration of Telecom, Media and IT will be levers of future growth

Thank you
