## Financial Highlights: Q2 FY 2013

- Factors responsible for dampening profitability growth :-
a. Shifting of Diwali festival season in November this year against October last year has impacted sales volume by $11.73 \%$. However Company witnessed historically highest dispatches during October 12 and combined sales for the months of September and October last year vis-à-vis current year implies a modest growth.
b. With the changing market trend, Company has been compelled to accept Sale or Return (SoR) terms with National Chain Stores as a result, though primary sale of Rs 2.95 Cr executed in Q2, will be booked as sale in accounts during Q3 when secondary sales takes place.
c. Increase in personnel cost and manufacturing and Operating expenses and Administrative expenses by $2.17 \%, 0.77 \%$ and $1.83 \%$ respectively due to inflation.
d. Turbulence in North eastern region and Andhra Pradesh and flood in Orissa, undermined sales potential in East and South region.
e. Closure of 24 Retail Stores during the quarter.
- Factors contributing to profitability :
a. Realisation per garment increased by $6.32 \%$ as compared to corresponding quarter previous year.
b. Cost of goods sold as a percentage of sales decreased by $4.05 \%$ as compared to last year due to improvement in realisations and slight correction in cotton fabric prices.
c. Selling and Distribution expenses decreased by Rs 3.16 Crores and by $2.37 \%$ of sales due to higher spend in Q1 and deferral of festival season.
d. Opening of 17 New retail Stores during the quarter on franchisee model.
