Our Visiting Card

From humble beginnings in 1995, Emkay Global Financial Services Ltd. today is amongst the top players in financial services in India. At the heart of our enduring success is consistent wealth creation for our clients emanating from our insightful research and in-depth analysis, backed by deep domain expertise.

Research

Research is our strongest forte and biggest differentiator. Our award-winning research desk covers Perspective Research, Corporate Research and Alternative Research. Emkay Research reports are amongst the most sought-after reports for their macro perspective as well as granular details. Our team of senior and seasoned analysts cover a wide range of complex sectors and industries.

Along this eventful journey, we have won numerous awards and recognitions, validating our leadership position.

We were awarded India's Most Trusted Financial Brand in 2016-2017 by World Consulting & Research Corporation and India's Most Admired Services Provider in Financial Sector by CMO Asia in 2017.

We offer a variety of advisory and transactional services to our clients that include foreign institutional investors, domestic mutual funds, banks, insurance

companies, private equity firms, corporate houses, small and medium-sized enterprises and high net worth individuals.

Our range of service offerings include institutional and retail broking in equities and derivatives on the Bombay Stock Exchange and National Stock Exchange, portfolio management services, private wealth management, investment banking, commodities and currency broking & advisory.

Our Promise

To protect Clients' trust and expectations by ensuring that every person meets the set value proposition. This means we build for our clients a focussed and quality portfolio with no over-diversification.

Our Mission

To provide our clients with secure, customised and comprehensive financial solutions to achieve sustained growth.

Our Values

- To be fair, empathetic and responsive in serving our clients
- To respect and reinforce our fellow employees and the power of teamwork
- To strive relentlessly to improve what we do and how we do it
- To always earn and be worthy of our customers' trust

Timeline - Our Journey

We took our first steps in the journey in 1995 with a vision of providing sound and research-backed financial advice to clients. Building on the strong foundation of research and insights, we have continued increasing our bouquet of offerings with a range of advisory and transactional services. Today, our comprehensive services portfolio has institutional equities, investment banking, portfolio management services and wealth management through four wholly-owned subsidiaries.

Management Message

Krishna Kumar Karwa

Dear Shareholders,

It is always a pleasure and privilege to share with you our thoughts and views on the performance and prospects of the Company.

The world economy embarked on a synchronous recovery in 2018 but subsequently faced headwinds of trade protectionism and strong idealisation towards domestic-centric growth approach. In India too, the implementation of demonetisation and GST caused temporary setbacks, particularly in the informal segment. As the effect of these aberrations faded, the Indian capital markets rebounded with smart recovery.

As the Indian economy surges ahead with significant GDP growth, what is interesting is the structural changes in the form of reforms like GST which are aimed at formalising the economy. Another interesting development has been the increasing interest of investors in India that has resulted in better liquidity. The overall financial services space has witnessed significant growth, particularly with more household savings getting invested in financial assets through Mutual Funds, Insurance, Banks, Direct Investments in Equities and Bonds, among others. This trend is only expected to increase in the days to come, and definitely augurs well for financial intermediaries and service providers.

For Emkay, FY18 was another year of remarkable growth and performance. Driven by strong performance of all segments, the Consolidated Income rose to

₹ 156.57 crore in FY18 from ₹ 108.84 crore in FY17, an increase of 43.85 per cent. EBIDTA rose to ₹ 45.52 crore compared to ₹ 23.74 crore in FY17, an increase of 91.74 per cent. Profit after Tax for the year was ₹ 28.62 crore compared to ₹ 12.19 crore in FY17, an increase of 134.70 per cent.

Our well diversified and research-backed service offerings, nationwide reach, strong brand equity, coupled with the latest technological infrastructure and strong risk management systems have resulted in consistent and steady growth. Some key highlights of the year were:

- We successfully launched and closed our maiden Alternative Investment Fund - Emkay Emerging Stars Fund
- Another proud moment came in June 2017 when we inked an agreement with DBS Vickers, a wholly-owned subsidiary of DBS Bank, for sharing of knowledge, co-branding of research and its distribution to the global clients of DBS Vickers
- We were recognised as 'India's Most Admired Service Provider' by CMO Asia
- Our institutional client base increased from 299 in FY17 to 324 in FY18, and the number of non-institutional clients increased to 1.39 lac
- While the institutional segment contributed 59 per cent of the total equity broking business during FY18, the non-institutional segment accounted for 41 per cent

Our performance within each business segment also remained upbeat during FY18. The rising influence of domestic players in the Indian markets, especially that of the Mutual Fund industry and number of retail investors has brought about a remarkable transformation in the last few years, which provided a considerable fillip to mid-cap and small-cap stocks, thereby enhancing the liquidity and depth of the Indian stock markets.

With a strong presence in each segment of the financial markets, we benefited considerably from this transformation. Our leading position across a wide array of financial services and a 3 per cent market share in the domestic institutional business helped us to surge ahead at a stronger pace.

- Our currency derivatives business too experienced a swell in options volumes, which reflected in our revenues that increased 32 per cent in FY18 year-on-year
- FY18 also brought the much-awaited SEBI approval for options in the commodity business

Marquee Events

We signed an exclusive agreement with DBS Vickers Securities (Singapore), a wholly-owned subsidiary of DBS Bank, an AA- rated bank with a stable outlook (S&P rating), for sharing of knowledge, co-branding of research and its distribution to the global clients of DBS Vickers. The partnership would involve your Company and DBS Vickers to jointly organise, arrange and participate in events to showcase and market India Research Reports and India Equities, to empower them with inclusive and insightful equity research. Such events would not only open up a wider audience base for your Company, but also increase the depth of our offerings to domestic clients.

We sponsored the launch of Emkay Emerging Stars Fund, our maiden research backed Category III Alternative Investment Fund by Emkay Investment Managers, our wholly-owned subsidiary company. This is a five-year, close-ended and sector agnostic fund with a focus on mid and small cap companies and a fund-raising commitment of ₹ 200-300 crore. The objective of the Fund is to generate long-term capital appreciation for investors with an investment horizon

of five years in Indian equity. In a short span of three months from the date of its launch, Emkay Emerging Stars Fund crossed the milestone of ₹ 200 crore in AUM.

Outlook

As growth gathers momentum, and with favourable demographics, we expect higher savings tilted towards equity markets, especially via mutual funds. Dwindling interest of households in real estate is also expected to shift a significant portion of the incremental savings into the financial markets. As per data from CDSL & NSDL, there is already a ~16 per cent increase in the number of active demat accounts. The financial sector in India is looking robust.

Going forward, with improving income growth and favourable demographics, we can anticipate a surge in household savings moving towards the equity markets. This would continue to augur well for our industry and for your Company.

We believe growth in FY19 shall largely be driven by government spending and progress of the fiscal multiplier effect. Overall, we see real GDP growth rising to 7 per cent in FY19.

Before we sign off, we express deep gratitude to all our stakeholders and employees for their continued faith and support. Overall, we are quite confident and optimistic about the near and mid-term prospects of the Company and greater value creation for all stakeholders.

With Regards

Our Spectrum of Financial Services

Emkay's financial services are broadly focussed on four segments, namely, Institutional Equities, Asset / Portfolio Management Services, Wealth Management, ECM & Merchant Banking Services. Research is the common denominator that supports each of these businesses providing a significant and substantial competitive advantage.

Institutional Equities

Promising value to investors seeking investment opportunities in the Indian capital market, our equity business caters to both institutional and retail clients. Backed by one of the strongest equity research teams in the country, we assist in adding wealth-creating equities to our clients' portfolios. Identifying under-valued stocks through in-depth qualitative and quantitative analysis is the primary strength responsible for the Company's success. Our success is also built on the other four pillars of strategic thinking, long-term client relationships, speedy execution and use of robust technology.

During FY18, the institutional segment contributed 59 per cent of the total equity broking business. The total number of institutional clients increased to 324 during FY18 from 299 in the previous financial year.

The Institutional sales team was ranked 5th in India by Institutional Investor Survey 2017 and 7th by Asiamoney Brokers Poll, 2017.

Equity Asset Management

Emkay Investment Managers Ltd., is a registered Portfolio Manager and offers six types of Portfolio Management Services (PMS) catering to individual risk appetites, goals and investment preferences.

It offers clients a superior research-based portfolio that effectively manages risks and optimises returns. To the large corporate investors and high net worth individuals, highly customised and personalised advisory services are offered.

Our team comprises professional fund managers, research and wealth advisors and associates with a combined experience of 30+ years. Our expertise embraces the entire Indian equities market, from blue-chip large cap companies and well-performing mid-cap companies to emerging small caps too.

Our investment strategies have consistently outperformed the index over the years, creating substantial wealth for our clients.

During the year, Emkay Investment Managers launched the Emkay Emerging Stars Fund, its maiden Category III Alternative Investment Fund (AIF) with the primary objective of

generating long-term capital appreciation in Indian equity markets. The Fund is suitable for investors with an investment horizon of five years. In a short span of three months of its launch, the Fund crossed the milestone of ₹ 200+ crore of Assets under Management.

This success was followed by the launch of the second series of the Fund, and within a month, the two series together crossed commitments of ₹ 250 crore. Driven by sound fundamental investment strategies, these Funds should continue to reap capital appreciation and positive returns in an efficient and risk-adjusted manner.

Wealth Management

Wealth management is an art as well as a science and a position of trust and responsibility. At Emkay, we adopt a scientific approach to ensure that high net worth clients' assets and investments entrusted with it grow substantially.

We offer a range of Wealth Management Services including Personal Investment Advisory, Mutual Fund Distribution, Equity and Debt, Bonds and Fixed Deposits, IPOs and alternative investments.

We follow a systematic approach to wealth management rooted in the deep understanding of our clients' portfolio, investment horizon and risk appetite.

Based on a holistic understanding of investment profile, our team strategises and executes an investment plan that is focussed on optimal returns with least downside. The team regularly tracks the market and monitors the progress of the portfolio, making effective adjustments ensuring the investment is protected and insulated from adverse stock market movements.

Our private wealth management philosophy responsible for our success is that change creates opportunities while contrarian thinking helps in identifying low-risk opportunities.

During FY18, the number of clients under private wealth management and distribution increased to 12,000+, while funds under private wealth management increased to ₹ 774 crore.

Equity Capital Markets (ECM) & Merchant Banking Services

Emkay is a SEBI registered Category I Merchant Banker with over a decade of experience in successfully advising and raising money for mid-market companies.

An experienced team of professionals with deep relationships across the regulatory and investor space delivers merchant banking services to a clientele that ranges from marquee private equity funds, mutual funds, overseas institutional investors, hedge funds, high net worth investors and bankers.

During the FY18, this division completed four fund-raising transactions in the form of Qualified Institutional Placements (QIP) aggregating ₹ 22.7 billion for Edelweiss Financial Services,

Delta Corp Ltd., Premier Explosives Ltd. and Kridhan Infra Ltd. In addition, share buybacks of up to ₹ 2.5 billion and ₹ 800 million were undertaken for eClerx and GHCL Ltd., respectively.

Other Businesses

Our other businesses also fared well during the year. Our net revenues from the currency derivatives business increased 32 per cent year-on-year. A dedicated institutional desk was set up for servicing corporates in designing customised hedging and risk management strategies. In the commodities business segment, the much-awaited SEBI approval for options came in during the last quarter of the financial year. Other SEBI-approved options include Gold, Silver, Copper and Crude Oil. Commodity volumes are also expected to increase.

Growth - Delivered. Performance - Proven. Acceleration - Set.

Our strategy to focus on consolidating our strengths and sharpening our competitive edge has resulted in strong growth and high performance over the last 23 years. We have expanded our geographic reach with wider presence, increased our institutional and retail customer-base, enhanced our offerings and services and invested in people and technology.

GROWTH - DELIVERED

This has catapulted us northwards. Our customer-base has increased to 324 institutional clients and 1.38 lac+ non-institutional clients. They are served and supported with our network of 20 branches and 153 franchisees across 75 plus cities.

As we expand our customer-base, we have commensurately augmented our people strength to ensure class-leading customer-service. Today, we have ~400 committed professionals delivering high quality strategic advice and financial solutions, enabling clients in long-term wealth creation.

PERFORMANCE - PROVEN

Our performance has been proven with a set of excellent financial results. This year, our Consolidated Income increased to ₹ 156.57 crore from ₹ 108.84 crore in the previous year, an increase of 43.85 per cent. Our EBIDTA rose to ₹ 45.52 crore, an increase of 91.74 per cent over the previous year. Our Profit after Tax for the year, the true denominator of performance, was ₹ 28.62 crore against ₹ 12.19 crore last year, an increase of 134.70 per cent.

We have consistently outperformed the benchmark across market cycles.

ACCELERATION - SET

The Indian financial markets have rebounded smartly. The Government's landmark reforms aimed at formalisation of the economy are expected to provide a fresh impetus of growth for financial intermediaries. With investors increasingly preferring financial assets in place of physical assets for investing their savings, the financial services sector is on a positive and optimistic trajectory.

The Indian capital markets have continued their impressive performance in FY18, growing by 11.3 per cent year-on-year, translating into 14 per cent CAGR returns in the last two years. Buoyancy in markets is largely a factor of incessant domestic inflows into Equity and Balanced MFs, which have shot up by ~2.5 times in FY18. The total DII inflows also increased quite significantly by 3.7 times.

At Emkay, we are also set for acceleration. With favourable tailwinds, our momentum of sustained growth and consistent performance, we are leveraging our research forte, Pan-India reach and strong customer relationships

to move to capitalise on the market opportunities. As a leading player, strategically positioned across a wide array of financial services and segments and with a 3 per cent market share in the domestic institutional business, we are poised and prepared to benefit from this transformation and accelerate into FY19 with a healthy growth curve.

Our tie-up with DBS Vickers Securities (Singapore), a wholly-owned subsidiary of DBS Bank, the largest bank in Southeast Asia, for sharing of knowledge, co-branding of research and its distribution to global clients, will enhance our ability to tap into the emerging opportunities ahead.

Insightful Research

Insightful research has always been our strong foundation and rigid backbone. We have consistently invested in the best of talent in the form of research analysts across areas like macro-economy and applied economics and industry and sector-specific experts. It is this macro overview combined with in-depth analysis that has made our research desk amongst the most respected, relevant and rewarded in the industry.

Deep, intensive research and analysis of equities in the light of unfolding news and developments in real time is the pivot of our capability. Our research team specialises in stock research, sector research, thematic and macro-economic strategy besides early identification of value stocks among mid-tier companies. A combination of insightful information and analysis has helped us steer our clients' portfolios in a winning direction. With a noteworthy growth in the number of our institutional and retail clients, research has become even more significant. Our well-versed experienced research team of 36 members, of which 22 are senior analysts, is stringently guided by the principles of value investing. The team uses high-end qualitative and quantitative analytical tools and methods to identify under-valued stocks that have added substantial wealth to client portfolios over the years.

Research Reports published in FY18

Our research competence and capabilities are acknowledged and respected throughout the industry. The research team was ranked 10th in India by the Institutional Investor Survey, 2016, that recognises excellence in people and firms in the financial services industry.

Our equity research tie-up with DBS Vickers Securities of Singapore has strengthened our research capabilities further and already started to benefit our Indian and global investors. The alliance has added to our knowledge base and enabled us to offer a holistic view of the Asian market. Today, we have a greater focus on perspective and thematic reports that carry exhaustive insights into investment and feature current market and sector scenarios.

While perspective reports help clients comprehend economic events and movements besides companies and sectors that can impact their investment, thematic research is guided by themes or factors that can influence wealth creation like government debt, prices of key commodities or even currency fluctuations that can impact investment strategies.

Our research team also publishes the Daily Morning Report, Quarterly Sector Updates, Company Updates, India Strategy and special reports that are published periodically. Our regular research reports enable clients to understand market trends, thereby facilitating informed investment decisions.

The seasoned research teams delve into every aspect of any micro or

macro-economic factor or behaviour to publish a detailed report. These integrated reports are shared in different countries, including India, Singapore, Taiwan, UK, Continental Europe, Middle East and USA. Our recent collaboration with DBS Vickers will enhance our ability to tap into global opportunities during FY19 to capture greater market share of the global business.

Our research during the year covered fundamental analysis and also focussed on F&O positioning and dividend research, special situations, trigger trades and bespoke quant and database work.

FY18 was also marked with several outreach events being conducted to propagate double digit growth.

Emkay's annual investor conference 'Emkay Confluence' saw the participation of more than 130 companies and nearly 400 institutional investors, which resulted in over 2,600 corporate-investor meetings.

People Powered

Our people are our greatest strength and amongst our most valuable resource. They connect us with our clients and are responsible for our success and growth in the business.

Our employees bring into the organisation the best of experience and wisdom within the financial services industry to enable achievement of client goals. We value our employees and a reciprocal relationship attributes for a low rate of attrition. We believe in sharing and celebrating our accomplishments and success together, that builds an environment of trust and a work culture of excellence within the organisation. After all, 'Your success is our success' has been our guiding principle since inception and continuous development is a key attribute of our people.

To enhance and build talent and work skills, we regularly conduct training and knowledge development programmes for our employees, including analysts and managers, to ensure cutting-edge learning. We have a culture of excellence, and our rewards and recognition programme ensures excellence is always recognised and rewarded.

Our inclusive and interactive work environment with open communication systems continues to build our culture of excellence. Our values underline our culture of excellence. We firmly believe that investing in our people is a long-term investment in our business. We offer all employees expansive opportunities for learning, personal growth, and development. The leadership team also encourages the spirit of inquiry and continuous development among employees.

Company Values

Openness - Some of the values that underline employees' interaction and organisational culture are an open work environment where employees are free to communicate with leadership teams. In fact, we consciously encourage dialogue across all levels of the organisation.

Respect - Fostering mutual respect among employees is a core value at Emkay. We are firm believers in the power of teamwork and ensure each team member feels valued for their contributions and talents.

Performance - Excellence both at the individual and the organisational level is our cherished goal. Our performance-oriented work culture encourages employees to contribute to the fullest, secure in the knowledge that their efforts will be duly recognised and rewarded with career growth and attractive incentives.

Initiatives for Excellence

Training sessions and workshops, aimed to augment productivity and achieve stretch goals, were conducted across verticals during the year. We also launched a major e-learning project that introduced courses that gave employees the flexibility and freedom to learn in their own time and place of choice. Diverse courses ranging from Technical Analysis to Business Communication were offered. Others included Equity Valuation, Advanced Excel, Corporate Grooming and Business Etiquette and Advanced

Communication Skills. Some of these intensive training programmes and workshops helped to uncover employees' hidden potential and talents besides equipping them with the latest updated knowledge in their specific domains to enable them to contribute towards client goals. These efforts have increased the employees' competence as well as helped contribute to the organisation's pool of knowledge, skills and abilities.

To remain a preferred employer, the Company has granted stock options to its employees.

During FY18, we took several steps to sustain this ethos of excellence. Key activities during the year included the introduction of a new strong performance-driven environment and strengthening various internal communication channels.

These initiatives have helped to keep employees motivated and focussed on performance besides sustaining an ethos of excellence, which is actually the final frontier and the differentiator – be it clients, performance, investors or partners.

Corporate Social Responsibility

The Company has evolved its policy on corporate social responsibility that is keenly implemented by a special committee along with participation from our employees.

In the implementation of our CSR objectives, Emkay Charitable Foundation executed its first CSR project at Naushacha Pada, Aarey Milk Colony, Goregaon (East) Mumbai.

This Adivasi hamlet is amongst the 27 hamlets located in Aarey Milk Colony. The hamlet residents are the original inhabitants of the land for several generations.

Nausachapada comes under the jurisdiction of the Central Govt and hence none of the local municipal benefits are available to them. Despite being a part of the city of Mumbai they

remain deprived of basic amenities like water, electricity, and toilets.

Absence of toilets results in open defecation, sometimes in darkness, which routinely puts them and their young children at a risk of leopard attacks. Farming cannot be undertaken due to absence of water supply.

The foundation amidst enthusiastic participation from employees donated mobile toilets, solar lamps and pre-owned clothes to the inhabitants. The smiles on the faces of the villagers and the children made the experience truly gratifying.

Conclusion:

Our CSR activities have not only helped to keep our employees motivated but also supported the community within which we operate.

Management Discussion And Analysis

1. Overview of the Economy

The world economy embarked on a synchronous recovery in 2018, but subsequently faced headwinds of trade protectionism and strong idealisation towards domestic-centric growth approach. However, India faced temporary growth challenges on implementation of demonetisation and GST, particularly in the informal segment. We expect a recovery in growth and in corporate earnings (on the back of Government initiatives to bolster rural sector) in FY19, but tighter liquidity might impact valuations. The upswing in global commodity prices and sharp currency depreciation are likely to put upside pressure on inflation and Current Account Deficit (CAD). Although exogenous forces continue to pose challenges for India's sustainable growth prospects, Government initiatives should more than compensate for that. With the general elections in the near term, the Government will augment its efforts towards retrieving growth from the bottom of the pyramid.

2. Indian Equity Markets in Fiscal 2018

The Indian capital markets continued their glorious performance in FY18, advancing by 11.3% YoY, translating into 14% CAGR returns in the last two years. Buoyancy in the markets was largely a factor of incessant domestic inflows into Equity and Balanced MFs, which shot up by ~2.5 times in FY18. The total DII inflows also increased quite significantly by 3.7 times.

The Assets Under Management (AUM) of the Indian MF industry witnessed an exceptional growth of 22% in FY18 on a higher base of 42% growth in FY17. Indian markets witnessed net FII inflows of ₹ 1.4 trillion, primarily on the back of higher inflows worth ₹ 1.2 trillion into Debt while ₹ 211 billion went into Equity.

3. Business Overview

Emkay Global Financial Services Ltd. is a leader in the financial services sector, actively creating wealth for its clients for nearly two decades. Founded in 1995 with a clear goal of offering sound, research-backed financial advice, Emkay has successfully served a wide variety of highly distinguished clientele around the world; including foreign institutional investors (FIIs), domestic mutual funds, hedge funds, banks, insurance companies, private equity firms, corporate houses, small and medium-sized enterprises and high net worth individuals (HNIs).

The year was noteworthy for Emkay with the launch and successful closure of its maiden Alternative Investment Fund

– Emkay Emerging Stars Fund. Another proud moment came in June, 2017 with DBS Vickers, a wholly owned subsidiary of DBS Bank, inking an agreement with Emkay for sharing of knowledge, co-branding of research and its distribution to the global clients of DBS Vickers. Emkay was also recognised as 'India's Most Admired Service Provider in Financial Sector' by CMO Asia.

Equity:

Emkay's equity business caters to both institutional and non-institutional clients. Backed by one of the strongest equity research teams in the country, Emkay assists in adding wealth-creating equities to its clients' portfolios. It strongly believes in the principle of value investing, which involves identifying under-valued stocks through in-depth qualitative and quantitative analysis. During FY18 the institutional segment contributed 59% of the total equity broking business, while the non-institutional segment accounted for the remaining. The total number of institutional clients increased from 299 in FY17 to 324 in FY18, while the number of non-institutional clients increased to 138880.

During the year, Emkay's Institutional Sales team was ranked 5th in India by Institutional Investor Survey, 2017 and 7th by Asiamoney Brokers Poll, 2017.

Research:

A strong research forms the foundation of Emkay's service offerings. Our research ideas and capabilities are well acknowledged and appreciated across the industry. During the year we continued to strengthen our research competence with a greater focus on perspective and thematic reports. The research coverage was ramped up to 333 during the year. Several outreach events were also conducted, during the year: 121 Roadshows, 27 Reverse Roadshows, 48 Corporate/Expert - Client Meetings and 147 Conference Calls. Emkay's annual investor conference 'Emkay Confluence' saw the participation of more than 130 companies and nearly 400 institutional investors, which resulted in over 2600 corporate-investor meetings.

Equity Asset Management:

Emkay Investment Managers Ltd. (EIML), a wholly owned subsidiary, is a SEBI registered Portfolio Manager. EIML offers six different types of Portfolio Management Services (PMS), catering to individual risk appetites, goals and investment preferences. The PMS team that comprises professional fund

managers, research and wealth advisors and associates with a combined experience of nearly 30 years is focussed on offering clients a superior research based portfolio, which effectively manages risks and optimises returns. Emkay PMS follows a judicious mix of both bottom up and top down approach, with greater emphasis on the bottom up approach, especially for stock selection. It offers highly customised and personalised advisory services for HNIs / NRIs and Corporate Investors. Emkay's expertise in Portfolio Management Services ranges across the breadth of the Indian equities market, from blue-chip large cap funds and well-performing mid-cap funds to emerging small caps. All of EMIL's PMS strategies have consistently out-performed the index over the years, thereby building substantial wealth for its clients.

During the year, Emkay successfully launched Emkay Emerging Stars Fund, its maiden Category III Alternative Investment Fund (AIF) with the primary objective of generating long term capital appreciation in Indian equity markets. The Fund is suitable for investors with an investment horizon of five years. In a short span of three months of its launch, the fund crossed the milestone of ₹ 200+ crore of Assets Under Management. This was followed with the launch of Series II of the Fund, and within a month, the two series put together crossed commitments of ₹ 250 crore. The Fund continues to seek capital appreciation and positive returns in an efficient and risk-adjusted manner through employment of sound (conventional) and smart fundamental investment strategies.

Other Businesses:

Emkay's other service offerings include Investment Banking, Commodities and Currency - Broking and Advisory.

Emkay is a SEBI registered Category I Merchant Banker with a strong research bias, focussing on middle market companies. Emkay's Investment Banking division has been successfully advising and raising money for mid-market companies for almost a decade. During Fiscal 2018, the investment banking team completed four fund raising transactions in the form of Qualified Institutional Placements aggregating ₹ 22,725 million for Edelweiss Financial Services, Delta Corp, Premier Explosives Ltd and Kridhan Infra. Apart from this, share buybacks of up to ₹ 2,580 million and ₹ 800 million were undertaken for eClerx and GHCL Ltd respectively.

In FY18, Emkay's net revenues from the currency business increased 32% YoY. This was more due to options volumes in currencies than futures. A significant achievement for Emkay in the currency segment has been the enabling of various in-house algos to institutional and corporate clients which have helped it gain traction in the business. The much-awaited SEBI approval for options in commodity business came in only in the

last quarter of the financial year. As of now SEBI has approved options in Gold, Silver, Copper and Crude Oil. Furthermore, with the enabling of a single ledger for all segments (equity/commodity/currency), we expect commodity volumes to improve.

As a full service insurance broker in India, Emkay understands the true value of each asset a client owns and offers a wide range of insurance products and services through Emkay Insurance Brokers Ltd, its wholly owned subsidiary. From personal insurance policies to specialised policies for small businesses, marine insurance, travel insurance and employee benefit schemes, Emkay covers the entire gamut of insurance products.

Emkay Fincap Limited, a 100% subsidiary, carries out Non-banking financial activities like financing against shares and margin funding. The amount deployed in margin funding increased to ₹ 3980 lac in FY18 from ₹ 3204 lac in FY17.

4. Opportunities and Threats

Rising influence of domestic players in the Indian markets, especially that of the MF industry and retail investors has seen a remarkable transformation over the last few years. Inflows into MFs have remained strong in the last two years with roughly ₹ 250 billion of net inflows being observed per month. With this, the contribution of domestic institutions in the secondary market volume has increased to ~15-20%. This transformation has provided a considerable fillip to mid-cap and small cap stocks, thereby enhancing the liquidity and depth of the Indian stock markets.

Emkay, with its leading position across a wide array of financial services and with a 2.5-3% market share in the domestic institutional business stands to benefit considerably from this transformation. Emkay's tie-up with DBS Vickers during FY18 will enhance its ability to tap into the emerging opportunities that lie ahead. In particular, the collaboration with DBS will strengthen our reach to capture greater market share in the global arena.

5. Future Outlook

Post the short term growth pangs, landmark reforms implemented by the government, including GST, IBC and RERA, are likely to give a fillip to the economy as a whole. Some economic revival was visible in H2FY18 and the trend is likely to further accentuate in FY19. We believe the FY19 growth would largely be driven by government spending and progress of the fiscal multiplier effect. Going forward, as the growth gathers momentum and with favorable demographics, we can anticipate higher savings tilted towards equity markets, especially via mutual funds. In FY17, investments in equity and

debentures increased to 10% of the total household financial savings v/s an average of 1.6% in the last 6 years. Also in FY17, deposits increased to 60.2% of the gross financial savings - indicating that with growing awareness among retail investors a large proportion of these deposits could potentially move into financial markets. Dwindling interest of households in Real Estate is likely to shift a significant portion of incremental savings towards financial savings. Also, few key indicators such as SIP investments in MFs (which alone were up by 53% yoy in FY18), ~16% increase in active demat accounts, among others, imply a robust outlook of the financial sector in India. Going forward, with improving income growth and favourable demographics, we can anticipate a surge in household savings moving towards the equity markets. This would continue to augur well for our industry.

6. Risks and Concerns

Risk management is a primary element of Emkay's strategy and is seamlessly integrated across all its business operations. Emkay seeks to cultivate a disciplined risk management culture amongst its employees by taking a holistic view of the same. Our proficient compliance and risk management teams ensure that rules and regulations are strictly adhered to in their true spirit. The Company is primarily exposed to credit risk, interest rate risk, market risk and operational risks.

Economic Risk

Volatility in the Indian and global markets may affect the Company's operations and performance. Any unfavourable changes in Government policies, economic conditions, demographic trends, income and employment levels, social and political instability or natural calamities may negatively impact our business.

Market Risk

The Company, as a part of the financial services sector stands exposed to market risks. Economic conditions and events in India and the world could adversely impact the Company's financial performance. However, the Company has sufficiently mitigated this risk through diversification of its revenue across multiple business lines.

Competition Risk

The Company may face growing competition from existing players and new entrants. The performance of the Company and profitability may hence be adversely affected. However, we have always considered competition as a favourable factor since it drives us further towards growth. The Company with its well diversified service offerings, nationwide reach, strong brand equity, coupled with the latest technological infrastructure and strong risk management systems will facilitate continued growth in the coming years.

Human Resource Risk

Availability of highly skilled labour is the key to any business' success. The Company's growth depends on its ability to attract and retain skilled manpower. We are taking all the necessary steps by continuously strengthening our HR practices to retain the key personnel in all our divisions. The Company has a well-defined performance appraisal system, HR policies, induction programmes and training programmes. All policies and programmes are implemented to enable the employees to constantly develop and upgrade their skills.

Regulatory Risk

The Company's growth and goodwill can be negatively affected if there is a violation of or non-compliance with regulatory norms. The Company has always maintained the highest level of compliance with regulatory norms. Our legal department is well experienced and trained to ensure conformity to all the legal requirements. Hence, we do not expect to be significantly affected by this risk.

7. Human Resources

People are our greatest strength. They are our most precious resource! Emkay has always stood steadfast with its guiding principle - "Your Success is our Success". We always strive for creation of an environment that is not just supportive of high levels of performance but also the one in which people can share and celebrate their success. Constant development is a key attribute of Emkay's people. During FY18 we took several steps towards this. Some of the key activities during the year were –

- Peer Reviews were conducted for the Institutional team and actionable feedback was shared with all participants on a one-on-one basis, which was well-received. Peer Reviews were also conducted for support functions like Operations, Accounts, IT, et al, wherein Regional and Branch Heads gave their feedback on the service levels, which was shared with individual operations teams.
- Continuous Learning: We launched e-learning courses which gave employees the flexibility and freedom to learn at the time and place of their choice. Courses offered were diverse, ranging from Technical Analysis to Business Communication. Learning and Development through other modes kept contributing to organisation's pool of Knowledge, Skills and Abilities (KSAs). These programmes covered Equity Valuation, Advanced Excel, Corporate Grooming and Business Etiquette, Advanced Communication Skills – Telephone and Email Etiquette and Sales Enhancement Skills. Also, programmes like Presentation Skills were executed post a thorough pre-assessment and were specifically designed and delivered based on assessment results.

- **Performance Driven Environment:** We believe in sharing all the constructive feedback! In this context, we aggressively followed up on performance reviews to ensure that a significant number of employees get their performance-related feedback. This feedback plays a vital role in catapulting the performance of our employees into new horizons.
- **Skip Level Meetings with Heads of Department and Managing Directors**
- **Evolving and Learning :** Revised and released a new Employee Policy Manual to make it more comprehensive in terms of content and visual appeal. Introduced/modified policies on attendance, business travel and mobile reimbursement among others.
- **Improvement in Internal Communication :** Emkay Express -Revamped the newsletter by engaging employees at all levels and inviting them as Guest Editors.
- **Health is Wealth:** Not only did we increase the Group Mediclaim Cover, we actually doubled it for all employees.

8. Internal Control Systems and their Adequacies

The Company's internal control systems are adequate, operating effectively and commensurate with the size of business. These internal control systems are provided through competent management, implementation of standard policies and processes, maintenance of an appropriate audit programme with internal control environment, effective risk monitoring and management information systems. Moreover, the Company continuously upgrades these systems in line with the best available practices.

The internal control systems are supplemented by extensive internal audits, regular reviews by management and standard policies and guidelines to ensure the reliability of financial and all other records to prepare financial statements and other data. The Management Information System (MIS) forms an integral part of the Company's control mechanism. The Company has regular checks and procedures through internal audits conducted by an independent audit firm periodically. The reports are deliberated and an executive summary of the same along with action taken report (ATR) and steps taken by the Management to address the issues, are placed before the Audit Committee meeting/ Board meeting for their review. Reports of internal auditors are reviewed by the Audit Committee, and corrective measures, if any, are carried out towards further improvement in systems and procedures in compliance with Internal Control Systems. The Board also

recognises the work of the auditors as an independent check on the information received from the management on the operations and performance of the Company.

Independent Auditor's Report

To the Members of Emkay Global Financial Services Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Emkay Global Financial Services Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain

reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2018, its profit, and its cash flows for the year ended on that date.

Other Matter

The financial statements of the Company for the year ended March 31, 2017, included in these standalone financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on May 24, 2017.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - i. We have sought and obtained all the information and

- explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- ii. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - iii. The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - iv. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with the Companies (Accounting Standards) Amendment Rules, 2016;
 - v. On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act;
 - vi. With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these standalone financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our

opinion and to the best of our information and according to the explanations given to us:

- a. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 6 to the standalone financial statements;
- b. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 18 to the standalone financial statements;
- c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure 2 To The Independent Auditor's Report of even date on the Standalone Financial Statements of Emkay Global Financial Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Emkay Global Financial services Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

A Company's internal financial control over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to these standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone financial statements and such

internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2018

1. Corporate Information

Emkay Global Financial Services Limited ("the Company") was incorporated in 1995 and got listed in 2006. The Company is engaged in the business of providing Stock Broking Services, Investment Banking, Depository Participant Services and Distribution of Third Party Financial Products.

2. Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

- a. The accompanying financial statements have been prepared on going concern basis in accordance with generally accepted accounting principles in India to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. The financial statements have been prepared on an accrual basis of accounting and under the historical cost convention except for derivative financial instruments which have been measured at fair value. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year unless otherwise stated.
- b. In view of criteria set out in the Schedule III to the Companies Act, 2013, the Company has considered 12 months period as its operating cycle for classifying its assets and liabilities as current or non-current.

2.2 Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

2.3 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and revenue can be reliably measured.

Income from Services

- a. Brokerage from secondary market is recognized as per contracted rates on the execution of transactions on

behalf of the clients on the trade date.

- b. Brokerage and other revenue from operations is net of Good and Services Tax or Service Tax wherever applicable.
- c. Income from investment banking activities and other fees is recognized as and when such services are completed / performed and as per terms of agreement with the client.
- d. Commission on Income in relation to distribution of third party financial products is recognised based on mobilization and intimation received from third parties.

Interest

- e. Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend

- f. Dividend including interim are accounted when the right to receive payment is established.

Sale of Investments and Stock-in-Trade

- g. The Profit/(Loss) earned on Sale of Investments and Stock-in-trade are recognized on trade date basis. Profit or Loss on Sale of Investments is determined on the basis of the weighted average cost method and Stock-in-trade on FIFO method. On disposal of an Investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Accounting for Derivative Transactions

- h. Income from derivative instruments comprises of Profit/(Loss) in derivative instruments being equity derivative transactions in the nature of Futures and Options in Equity Stock/Index and currency derivative transactions in the nature of Futures and Options in Foreign Currencies both entered into for trading purposes and is determined in accordance with "Guidance Note on Accounting for Derivative Contracts" issued by The Institute of Chartered Accountants of India as follows:-
 - i. Subsequent to initial recognition, derivatives are measured at fair value at each Balance Sheet date, and changes therein are recognized in Statement of Profit and Loss. Fair Value is determined using quoted market prices on respective Exchanges.
 - ii. All directly attributable transaction costs on derivative transactions are recognized in Statement of Profit and Loss as they are incurred.
 - iii. Balance in "Options Premium Account" represents the fair

value of premium paid or received for buying or selling the Options, respectively. Debit or Credit balance in the said account is disclosed under Short Term Loans and Advances and Other Current Liabilities respectively.

2.4 Property, Plant and Equipment and Depreciation

- a. Property, plant and equipment, capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met, directly attributable cost of bringing the asset to its working condition for the intended use and initial estimate of decommissioning, restoring and similar liabilities. Any trade discounts and rebates are deducted in arriving at the purchase price.
- b. Depreciation on Fixed Assets other than Leasehold Improvements have been provided on written down value method and computed with reference to the useful life of respective assets specified and in the manner prescribed in Schedule II of the Companies Act, 2013 including pro rata depreciation on additions/deletions made during the year.
- c. Leasehold Improvements are depreciated on a straight-line basis over the Primary Lease Period or over a period of 3 years whichever is less.

2.5 Intangible Assets and Amortization

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred.

Items of expenditure that meet the recognition criteria as mentioned in Accounting Standard - 26 on "Intangible Assets" are classified as intangible assets and are amortized over the period of economic benefits.

Softwares are stated at cost of acquisition and are amortized on straight line basis over a period of 3 years irrespective of the date of acquisition.

2.6 Investments

Investments, which are readily realizable and intended to be held for not more than twelve months from the date on which such investments are made, are classified as Current Investments. All other investments are classified as Non-Current Investments.

Non-Current Investments are stated at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the Non-Current Investments.

Current Investments are stated at lower of cost and fair value and determined on an individual investment basis.

2.7 Retirement and Other Employee Benefits

i. Short term benefits

All employee benefits including short term compensated absences and statutory bonus/ performance bonus/incentives payable wholly within twelve months of rendering the service are classified as short term employee benefits and are charged to the Statement of Profit and Loss of the year.

ii. Long term benefits

a. Post-Employment Benefits

- Defined Contribution Plans: Retirement/ Employee benefits in the form of Provident Fund, Employees State Insurance and Labour Welfare are considered as defined contribution plan and contributions to the respective funds administered by the Government are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due.
- Defined Benefit Plans: Retirement benefits in the form of gratuity is considered as defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made as at the date of the Balance Sheet. The scheme is maintained and administered by an insurer to which the trustees make periodic contributions. Actuarial gain/loss, if any are immediately recognized in the Statement of Profit and Loss.

b. Other Long Term Benefits

As per the present policy of the Company, there are no other long term benefits to which its employees are entitled.

2.8 Assets on operating leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.9 Income Taxes

Current Tax

Provision for Current taxation has been measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates for the relevant assessment years.

Deferred Tax

Deferred tax assets and liabilities are recognized for timing differences between the accounting and taxable income measured based on the tax rates and the tax laws enacted

or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each Balance Sheet date, the carrying amount of deferred tax assets is reviewed to reassure its realization.

Minimum Alternate Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the Statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" at each reporting date and writes down the asset to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

2.10 Impairment of Fixed Assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

After impairment, depreciation is provided on the revised

carrying amount of the asset over its remaining useful life.

2.11 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event(s) and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation(s), in respect of which a reliable estimate can be made for the amount of obligation. Contingent liabilities, if material, are disclosed by way of notes. Contingent assets are not recognized or disclosed in the Financial Statements.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation.

2.12 Foreign Currency Transactions

a. Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

b. Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

c. Exchange differences

The company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

- i. Exchange differences arising on a monetary item that, in substance, forms part of the company's net investment in a non-integral foreign operation is accumulated in the foreign currency translation reserve until the disposal of the net investment. On the disposal of such net investment, the cumulative amount of the exchange differences which have been deferred and which relate to that investment is recognized as income or as expenses in the same period in which the gain or loss on disposal is recognized.
- ii. Exchange differences arising on long-term foreign

currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset.

- iii. Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary Item Translation Difference Account" and amortized over the remaining life of the concerned monetary item.
- iv. All other exchange differences are recognized as income or as expenses in the period in which they arise.

2.13 Employee Stock Compensation Cost

The Company follows the intrinsic value method for valuation of Employee Stock Option in accordance with SEBI (Share Based Employee Benefits) Regulations, 2014 {erstwhile SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999} and the Guidance Note on Accounting for Employee Share based payments, issued by the Institute of Chartered Accountants of India. The excess of market price of shares at the time of grant of options, over the exercise price to be paid by the option holder is considered as employee compensation expense and is amortised in the Statement of Profit and Loss over the period of vesting, adjusting for the actual and expected vesting.

2.14 Cash and Cash Equivalents

Cash and Cash Equivalents includes cash on hand, balances with bank in current accounts (other than earmarked), fixed deposits with bank (free from any encumbrances), cheques on hand and balances in prepaid cards.

2.15 Segments

a. Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

b. Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

c. Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

2.16 Earnings Per Share

The Company reports basic and diluted earnings per share (EPS) in accordance with Accounting Standard 20 on "Earnings Per Share". Basic EPS is computed by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is computed by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

- b) The Company introduced ESOP-2010 Scheme during the year 2010-11 and consequently set up "Emkay Employees Welfare Trust (ESOP Trust)" to administer and implement the said Scheme in accordance with recommendations of the Nomination, Remuneration and Compensation Committee of the Company. Consequent to various Circulars and Notifications issued by SEBI from January 2013 onwards (including Notification of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 on 28.10.2014 and subsequent amendments thereof), the Company first modified its Employee Stock Option Plan 2010 (ESOP-2010) on 20.12.2013 vide Members Resolution whereby the said ESOP Trust can only subscribe to the shares of the Company and no

secondary market purchases were allowed. Subsequently, the company for the second time modified its Employee Stock Option Plan 2010 by passing members special resolution through postal ballot process on 9th March 2016 whereby ESOP Trust is authorized to purchase shares of the Company from the secondary market, some changes made in the definition of employee(s), number of shares held by the ESOP Trust from secondary market acquisition not to exceed 5% of the paid up equity capital so as to be in complete compliance with Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 including any subsequent amendments thereof.

c) Details of activity under the ESOP Schemes have been summarized below:

e) The Fair Value and other disclosures and assumptions have been determined by an independent consultant and relied upon by the Auditors.

(ii) The Company has provided interest free loan to "Emkay Employees Welfare Trust" an independent ESOP Trust which is administrating ESOP 2010 Scheme of the Company and the loan outstanding as at 31st March, 2018 is ₹ NIL (Previous Year ₹ 374 Lacs). As on 31st March, 2018, the trust has 125,767 (net of 261,363 equity shares sold during financial year 2017-2018 in the secondary market) equity shares of the Company purchased from the market (having cost of acquisition amounting to ₹ 98.14 lacs) during the period commencing from September 2010 to July 2011 for Stock Options granted/to be granted from time to time to the eligible employees. The said holding of 125,767 equity shares comprises of 110,267 equity shares of the Company for which Options are yet to be granted (which includes

Options lapsed due to employees leaving the Company) herein after called “Un-appropriated Options” and 15,500 equity shares against which Options are already granted to the eligible employees.

From the date of notification of SEBI (Share based Employee Benefits) Regulations, 2014 i.e. 28.10.2014, the Company had a choice to either appropriate the Un-appropriated Options within one year i.e. by 27.10.2015 or to sell in the secondary market within five years i.e. by 27.10.2019. Since the Company could not appropriate the Un-appropriated Options by 27.10.2015, the Company had sold 261,363 equity shares during the FY 2017-18 in the secondary market and the remaining Un-appropriated Options representing 110,267 equity shares shall be sold in the secondary market on or before 27.10.2019.

The Company introduced ESOP-2018 Scheme during the year ended 31.03.2018. The said scheme was approved by the shareholders of the Company on 21.03.2018 through postal ballot process. Consequently, the Company filed the said ESOP Scheme to the two stock exchanges where the equity shares of the company are presently listed namely, Bombay Stock Exchange Limited and National Stock Exchange of India Limited for in-principle approval.

National Stock Exchange of India Limited granted in-principle on 18.04.2018 and Bombay Stock Exchange Limited on 26.04.2018. Under this ESOP Scheme approval for listing of maximum 2,453,403 equity shares of ₹ 10/- each of the Company has been obtained.

No ESOP's under the said scheme have been granted by the Company to its employees or to the employees of its wholly owned subsidiary companies during the financial year ended 31.03.2018.

Independent Auditor's Report

To the Members of Emkay Global Financial Services Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Emkay Global Financial Services Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, comprising of the consolidated Balance Sheet as at March 31, 2018, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate in accordance with accounting principles generally accepted in India including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and of its associates and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the

accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, associates, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group and its associate as at March 31, 2018, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Other Matter

- (a) The consolidated financial statements of the Company for the year ended March 31, 2017, included in these consolidated financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those statements on May 24, 2017.

- (b) We did not audit the financial statements and other financial information, in respect of four subsidiaries, whose financial statements include total assets of ₹ 1,024,764,140 and net assets of ₹ 637,623,870 as at March 31, 2018, and total revenues of ₹ 238,490,884 for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.
- (c) The consolidated financial statements also include the Company's share of net loss of ₹ 438,839 for the year ended March 31, 2018, as considered in the consolidated financial statements, in respect of one associate, whose financial statements, other financial information have not been audited and whose unaudited financial statements, other unaudited financial information have been furnished to us by the Management. Our opinion, in so far as it relates amounts and disclosures included in respect of this associate, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid associate, is based solely on such unaudited financial statement and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries and associates as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We / the other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with accounting principles generally accepted in India including the Companies (Accounting Standards) Rules, 2006 (as amended) specified under section 133 of the Act, read with the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2018 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies incorporated in India, none of the directors of the Group's companies incorporated in India is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated financial statements of the Holding Company and its subsidiary companies incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, its associates and jointly controlled entities – Refer Note 5 to the consolidated financial statements;
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 16 to the consolidated financial statements; and

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, associates and jointly controlled companies incorporated in India during the year ended March 31, 2018.

Annexure 1 To The Independent Auditor's Report of even date on the Consolidated Financial Statements of Emkay Global Financial Services Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Emkay Global Financial Services Limited as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Emkay Global Financial Services Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Consolidated Financial Statements

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at March 31,2018, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated financial statements of the Holding Company, insofar as it relates to these four subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries.

NOTES ON FINANCIAL STATEMENTS

For The Year Ended 31st March 2018

1 Significant Accounting Policies:

1.1 Basis of Preparation of Consolidated Financial Statements

- a) The accompanying Consolidated Financial Statements of the Group have been prepared on going concern basis in accordance with generally accepted accounting principles in India to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. The Consolidated Financial Statements have been prepared on an accrual basis of accounting and under the historical cost convention except for derivative financial instruments which have been measured at fair value and for one of the subsidiary company, Emkay Insurance Brokers Limited on realization basis since it ceases to be going concern pursuant to its agreement for sale of business to a proposed buyer and the joint application is pending with IRDA for its approval. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year unless otherwise stated.
- b) In view of criteria set out in the Schedule III to the Companies Act, 2013, the Company has considered 12 months period as its operating cycle for classifying its assets and liabilities as current and non-current.

1.2 Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

1.3 Basis of Consolidation

i) Basis of Preparation:

The Consolidated Financial Statements are prepared in accordance with Accounting Standard (AS-21) on "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India

and notified under the Companies (Accounting Standards) Rules, 2006. Reference in these notes to the Parent Company means Emkay Global Financial Services Limited, reference to Subsidiary Companies means four subsidiaries of Emkay Global Financial Services Limited, i.e. Emkay Fincap Limited, Emkay Commotrade Limited, Emkay Insurance Brokers Limited and Emkay Investment Managers Limited, reference to Associate means Azalea Capital Partners LLP and reference to Group means the Parent Company, Subsidiary Companies and the Associate.

ii) Principles of Consolidation:

- The Consolidated Financial Statements comprise of the Financial Statements of the Parent Company and its subsidiaries and have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances / transactions and resulting profits / losses in full.
- The Consolidated Financial Statements of the Group comprise of share of profits / losses of the associate
- The Consolidated Financial Statements are presented, to the extent possible in the same format as that adopted by the Parent Company for its separate financial statements.
- The Consolidated Financial Statements of the group companies are prepared according to uniform accounting policies across the group and is in accordance with accounting principles generally accepted in India.

iii) Goodwill/ Capital Reserve on Consolidation:

- The excess of cost to the Parent Company of its investment in subsidiaries over its portion of equity in the subsidiaries at the respective dates on which investment in subsidiaries was made is recognized in the financial statements as goodwill and vice versa is recognized in financial statements as capital reserve. The Parent Company's portion of equity in the subsidiaries is determined on the basis of the value of assets and liabilities as per the financial statements of the subsidiaries as on the date of investment.

1.4 Revenue Recognition:

Revenue is recognized to the extent it is possible that economic benefits will flow to the Company and revenue can be reliably measured.

 - (ii) In case of fees based on returns on Portfolio, income is accounted at the end of completion of one year by each client from the date of joining the Portfolio Management Scheme or closure of Portfolio Account, whichever is earlier.
 - (iii) Setup fees of the Portfolio Management Services are accounted on accrual basis in accordance with the terms of contracts entered into with clients.
- f. Alternate Investment Management Fees is accounted on accrual basis in accordance with Private Placement Memorandum.

Accounting for Derivative Transactions

- g. Income from derivative instruments comprises of Profit/ (Loss) in derivative instruments being equity derivative transactions in the nature of Futures and Options in Equity Stock/Index and Currency derivative transactions in the nature of Futures and Options in foreign Currencies both entered into for trading purposes and is determined in accordance with "Guidance Note on Accounting for Derivative Contracts" issued by The Institute of Chartered Accountants of India as follows:

- i. Subsequent to initial recognition, derivatives are measured at fair value at each Balance Sheet date, and changes therein are recognized in Statement of Profit and Loss. Fair Value is determined using quoted market prices on respective Exchanges.
- ii. All directly attributable transaction costs on derivative transactions are recognized in Statement of Profit and Loss as they are incurred.
- iii. Balance in "Options Premium Account" represents the fair value of premium paid or received for buying or selling the Options, respectively. Debit or Credit balance in the said account is disclosed under Short Term Loans and Advances and Other Current Liabilities respectively.

Sale of Investments and Stock-in-trade

- h. The Profit/ (Loss) earned on Sale of Investments and Stock-in-trade are recognized on trade date basis. Profit or Loss on Sale of Investments is determined on the basis of the weighted average cost method and Stock-in-trade on FIFO method. On disposal of an Investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Interest

- i. Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. In case of a subsidiary carrying on Non-banking Financial business, in case of non-performing assets, interest income is recognized on receipt basis, as per NBFC Prudential norms and any interest income recognized before the assets became non-performing and remaining unrealized is reversed.

Trading Income in Bonds

- j. (i) Trading Income in Corporate Bonds and Government Securities comprises of Profit/ (Loss) on Sale of these instruments held as Stock-in-Trade and is recognized on settlement date. Profit on sale of securities is netted with Loss on sale of securities. Profit/(Loss) on Sale of these Instruments is determined based on First-in-First-Out (FIFO) basis of cost of these instruments sold.
- (ii) Purchase and sale price of Securities is bifurcated into cost and accrued interest paid

or realized. Accrued interest paid on purchase and received on sale is netted and reckoned as expense/income.

- k. Insurance brokerage income on first year premium of insurance policies is recognized, when an insurance policy sold by the Company is accepted by the insurer. Renewal brokerage on policies is accounted for on receipt of renewal premium by the insurer.

Dividend

- l. Dividend including interim are accounted when the right to receive payment is established.

1.5 Property, Plant and Equipment and Depreciation

- a. Property, plant and equipment, capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met, directly attributable cost of bringing the asset to its working condition for the intended use and initial estimate of decommissioning, restoring and similar liabilities. Any trade discounts and rebates are deducted in arriving at the purchase price.
- b. Depreciation on Fixed Assets other than Leasehold Improvements have been provided on written down value method and computed with reference to the useful life of respective assets specified and in the manner prescribed in Schedule II of the Companies Act, 2013 including pro rata depreciation on additions/deletions made during the year.
- c. Leasehold Improvements are depreciated on a straight-line basis over the Primary Lease Period or over a period of 3 years whichever is less.

1.6 Intangible Assets and Amortization

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred. Items of expenditure that meet the recognition criteria as mentioned in Accounting Standard – 26 on “Intangible Assets” are classified as intangible assets and are amortized over the period of economic benefits.

Softwares are stated at cost of acquisition and are amortized on straight line basis over a period of 3 years irrespective of the date of acquisition.

1.7 Investments

Investments which are readily realizable and intended to be held for not more than twelve months from the date, on which such investments are made, are classified as Current Investments. All other investments are classified as Non-Current Investments.

Non-Current Investments are stated at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the Non-Current Investments.

Current Investments are stated at lower of cost and fair value and determined on an individual investment basis.

1.8 Retirement and other Employee Benefits

(i) Short Term Benefits

All employee benefits including short term compensated absences and statutory bonus/ performance bonus/ incentives payable wholly within twelve months of rendering the service are classified as short term employee benefits and are charged to the statement of Profit and Loss of the year.

(ii) Long Term Benefits

(a) Post-Employment Benefits

- Defined Contribution Plans: - Retirement/ Employee benefits in the form of Provident Fund, Employees State Insurance and Labour Welfare are considered as defined contribution plan and contributions to the respective funds administered by the Government are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due.

- Defined Benefit Plans: - Retirement benefits in the form of gratuity is considered as defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made as at the date of the Balance Sheet. The scheme is maintained and administered by insurers to which the trustees make periodic contributions. Actuarial gain/ loss, if any are immediately recognized in the Statement of Profit and Loss.

(b) Other Long Term Benefits

As per the present policy of the group, there are no other long term benefits to which its employees are entitled.

1.9 Assets on Operating Leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

1.10 Share Issue/ Preliminary Expenses

Share Issue/ Preliminary Expenses are recognized as an expense in the year in which they are incurred in accordance with Accounting Standard - 26 on "Intangible Assets".

1.11 Income Taxes**Current Tax**

Provision for Current taxation has been measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates for the relevant assessment years.

Deferred Tax

Deferred tax assets and liabilities are recognized for timing differences between the accounting and taxable income measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each Balance Sheet date, the carrying amount of deferred tax assets is reviewed to reassure its realization.

Minimum Alternate Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e.,

the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" at each reporting date and writes down the asset to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

1.12 Provisioning / Write-off on assets

In case of a subsidiary company carrying on Non-banking Financial business:-

a) Provisioning / Write-off on overdue assets

The Provisioning/Write-off on overdue assets is as per the management estimates, subject to the minimum provision required as per NBFC Prudential norms.

The Company classifies non-performing assets which are overdue for six months or more. The Company accounts for provision for non-performing assets after taking into account the time lag between an accounts becoming overdue, its recognition as such and realization of available security.

b) Provision on standard assets

Provision on standard assets is made @ 0.25% as prescribed by NBFC Prudential norms.

1.13 Impairment of Fixed Assets

The company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

1.14 Provisions, Contingent Liabilities & Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event(s) and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation(s), in respect of which a reliable estimate can be made for the amount of obligation. Contingent Liabilities, if material, are disclosed by way of notes. Contingent Assets are not recognized or disclosed in the financial statements.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation.

1.15 Foreign Currency Transactions

a. Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

b. Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

c. Exchange differences

The company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

- i. Exchange differences arising on a monetary item that, in substance, forms part of the company's net investment in a non-integral

foreign operation is accumulated in the foreign currency translation reserve until the disposal of the net investment. On the disposal of such net investment, the cumulative amount of the exchange differences which have been deferred and which relate to that investment is recognized as income or as expenses in the same period in which the gain or loss on disposal is recognized.

- ii. Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset.
- iii. Exchange differences arising on other long-term foreign currency monetary items are accumulated in the "Foreign Currency Monetary Item Translation Difference Account" and amortized over the remaining life of the concerned monetary item.
- iv. All other exchange differences are recognized as income or as expenses in the period in which they arise.

1.16 Employee Stock Compensation Cost

The Parent Company follows the intrinsic value method for valuation of Employee Stock Option in accordance with SEBI (Share Based Employee Benefits) Regulations, 2014 {erstwhile SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999} and the Guidance Note on Accounting for Employee Share based payments, issued by the Institute of Chartered Accounts of India. The excess of market price of shares at the time of grant of options, over the exercise price to be paid by the option holder is considered as employee compensation expense and is amortised in the Statement of Profit and Loss over the period of vesting, adjusting for the actual and expected vesting.

1.17 Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, balances with bank in current accounts (other than earmarked), fixed deposits with bank (free from any encumbrances), cheques on hand and balances in prepaid cards

1.18 Segments

a. Identification of segments

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

b. Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

c. Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

1.19 Earnings Per Share

The Group reports basic and diluted earnings per share (EPS) in accordance with Accounting Standard 20 on "Earnings Per Share". Basic EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders, by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

- b. The Parent Company introduced ESOP-2010 Scheme during the year 2010-11 and consequently set up "Emkay Employees Welfare Trust (ESOP Trust)" to administer and implement the said Scheme in accordance with recommendations of the Nomination, Remuneration and Compensation Committee of the Parent Company. Consequent to various Circulars and Notifications issued by SEBI from January 2013 onwards (including Notification of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 on 28.10.2014 and subsequent amendments thereof), the Parent Company first modified its Employee Stock Option Plan 2010 (ESOP-2010) on 20.12.2013 vide Members Resolution whereby the said ESOP Trust can only subscribe to the shares of the Parent Company and no secondary market purchases were allowed. Subsequently, the Parent Company for the second time modified its Employee Stock Option Plan 2010 by passing members special resolution through postal ballot process on 09 March 2016, whereby ESOP Trust is authorized to purchase shares of the Parent Company from the secondary market, some changes made in the definition of employee(s), number of shares held by the ESOP Trust from secondary market acquisition not to exceed 5% of the paid up equity capital so as to be in complete compliance with Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 including any subsequent amendments thereof.

- c. Details of activity under the ESOP Schemes have been summarized below:

- As Reported	11.64	4.98
- Proforma	11.91	5.14

- e. The fair value and other disclosures and assumptions have been determined by an Independent consultant and relied upon by the Auditors.
- (ii) The Parent Company has provided interest free loan to "Emkay Employees Welfare Trust" an independent ESOP Trust which is administrating ESOP 2010 Scheme of the Parent Company and the loan outstanding as at 31 March, 2018 is ₹ NIL (Previous Year ₹ 374 Lacs). As on 31 March, 2018, the trust has 125,767 (net of 261,363 equity shares sold during financial year 2017-2018 in the secondary market) equity shares of the Parent Company purchased from the market (having cost of acquisition amounting to ₹ 98.14 lacs) during the period commencing from September, 2010 to July, 2011 for Stock Options granted/to be granted from time to time to the eligible employees. The said holding of 125,767 equity shares comprises of 110,267 equity shares of the Parent Company for which Options are yet to be granted (which includes Options lapsed due to employees leaving the Company) herein after called "Un-appropriated Options" and 15,500 equity shares against which Options are already granted to the eligible employees.

From the date of notification of SEBI (Share based Employee Benefits) Regulations, 2014 i.e. 28.10.2014, the Parent Company had a choice to either appropriate the Un- appropriated Options within one year i.e. by 27.10.2015 or to sell in the secondary market within five years i.e. by 27.10.2019. Since the Parent Company could not appropriate the Un-appropriated Options by 27.10.2015, the Parent Company had sold 261,363 equity shares during the FY 2017-18 in the secondary market and the remaining Un-appropriated Options representing 110,267 equity shares shall be sold in the secondary market on or before 27.10.2019.

The Parent Company introduced ESOP-2018 Scheme during the year ended 31 March, 2018. The said scheme was approved by the shareholders of the Company on 21.03.2018 through postal ballot process. Consequently, the Parent Company filed the said ESOP Scheme to the two stock exchanges where the equity shares of the company are presently listed namely, Bombay Stock Exchange Limited and National Stock Exchange of India Limited for in-principle approval.

National Stock Exchange of India Limited granted in-principle on 18.04.2018 and Bombay Stock Exchange Limited on 26.04.2018. Under this ESOP Scheme approval for listing of maximum 2,453,403 equity shares of ₹ 10/- each of the Parent Company has been obtained.

No ESOP's under the said scheme have been granted by the Parent Company to its employees or to the employees of it's wholly owned subsidiary companies during the financial year ended 31.03.2018.
