Chairman's Message

Dear Shareowners,

It gives me great pleasure to share with you the highlights of our Company's performance for the financial year ended March 31, 2015.

Our Company has continued to grow in the past years, despite the challenging economic conditions in India and across the world.

Today, we have emerged as:

- Amongst the top LCL consolidators in the world
- One of the largest CFS operators in India and the only company with significant presence at all 3 major container ports of country
- The Market leader in coastal shipping, positioned to be active in inland waterways
- Amongst the leading P&E players in India

Today we are at the helm of India's only logistics multinational company with capabilities to provide integrated logistics services. Our company has emerged as a leading and formidable player in all the businesses that it operates in. The thrust in 2015-16 and beyond, will continue to be on profitable growth and increasing ROCE across businesses and increasing shareholder value.

In the past year, we saw the global economic scenario continue to recover but in a fractured manner and remain challenging. India continued to be one of the growing economies in the world but the growth stemmed due to various factors like inflation, policy reform setbacks, rise in cost of borrowing, paucity of funds amongst others. This affected growth and profitability of companies across sectors.

Recognizing the early signs, we focused on bringing in efficiencies through process improvement, cost optimization, technology enhancement and investing in our most valuable resource – 'People'.

In our LCL consolidation business, we launched more direct LCL services from our offices globally to many destinations as we grew volume of freight booked with us. We continue to expand this to be a key differentiator & wish to be the largest NVO in the world.

In our project & engineering business, we have enhanced asset utilization and higher movement of project cargo along with increase in coastal shipping business. We have a strong order book, and have added new customers by offering innovative and integrated logistics solutions.

Last year, we were somewhat conservative in our capex spends and spent only on maintenance. We plan to continue our conservative capex strategy in the current year, but without losing any opportunity to enhance profits and shareholder value. We are focused on revenue & profit growth, ROCE, asset utilization & cash flows across all our businesses. Strong cash flows generated in the years to come, will be used to bring down the existing debt on the balance sheet as well as to pursue new growth opportunities.

Chairman's Message

Our business strategy of a diversified global presence and as an integrated logistics service provider in India has not only avoided dependence on only a particular segment / geography of logistics but also makes us the 'partner of choice' for our customers in terms of service offerings. Our global scale with operations across 90 countries, covering over 4,000 port pairs and focus on LCL consolidation, has made us more or less resilient to global trade volatility.

BUSINESS PERFORMANCE:

The consolidated financial performance for the 12 months ended March 31, 2015, is as follows:

- Total revenue from operations at `562,880 Lakhs for the year ended March 31, 2015, as against `485,123 Lakhs for the corresponding previous period, an increase of 16%, mainly on account of increase in volumes and revenues across all of our businesses
- EBIDTA at `52,798 Lakhs for the year ended March 31, 2015, as against `42,781 Lakhs for the corresponding previous period, an increase of 23%
- EBIT of ` 37,061 Lakhs for the year ended March 31, 2015, as against ` 25,235 Lakhs for the corresponding previous period, an increase of 47%. Last year's EBIT is after one-time write-off of goodwill
- EPS for the year ended March 31, 2015 was ` 19.0 for a face value of ` 2 per share

AWARDS AND RECOGNITIONS:

I feel very proud in informing you that during the last year, our Company has received many awards and accolades.

I was conferred the Distinction of Commander of the Order of Leopold II by HM King Philippe of Belgium. The Order is awarded for meritorious service to the Sovereign of Belgium, and as a token of his personal goodwill. The Order currently stands third after the Order of Leopold (1st) and the Order of the Crown (2nd) in the Belgian honors hierarchy

FUTURE PLANS:

We have focused on consolidating our network, increasing our reach, enhancing service offering and more importantly creating value for our customers through innovative logistics solutions. This has given us the impetus to retain our momentum in these challenging times as well as to position ourselves as a partner-of-choice to our customers.

Our endeavor would be to reach key prospects, offering a complete bouquet of services, as an integrated logistics partner.

2015-16 is being marked as "The Year of Sales", which would lead to growth across all our businesses, in terms of volumes, revenues and profits, garnering new customers, increasing our wallet share with existing customers, along with enhanced customer satisfaction.

Going forward, we will continue to focus on creating value for our customers. We will leverage our global network to consolidate our leadership. In India, we will continue our focus on increasing our market share in CFS, ICD and P&E businesses. And also look at scaling up our contract logistics and shipping businesses and entering new segment of logistics including e-commerce logistics and chemical warehousing.

I firmly believe that creating and retaining the best possible talent pool in our company will enable us to outperform our industry and meet our obligations as an organization to our stakeholders. This will further add to better innovation, corporate governance, business ethics, commitment and continuous learning

I thank you all for your immense support and continued trust in the Management of our Company. I sincerely thank all our stakeholders – employees customers, partners, shareholders and business associates for their faith in us. As we plan and work towards making our business bigger and better, I look forward to your continuous support and encouragement to take our Company to greater and newer heights.

Thank You

Mr. Shashi Kiran Shetty

Container Freight Stations (CFS) & Inland Container Depots (ICD)

ADARSH HEGDE
Executive Director

India has emerged as one of the fastest developing markets in the years to come, given its focus on infrastructure development, streamlining ease of doing business norms, Make in India initiative and strong leadership at the center. Logistics as an important and crucial cog in the wheel of the economy, will have direct benefits in terms of growth and new business opportunities. With a more robust push towards expanding exports from India and a surge in imports to support the vibrant economy, India's ports and Container Freight Stations (CFS) and Inland Container Depots (ICD) will play a significant role in providing the much needed efficiency in EXIM movement.

Allcargo's CFS and ICD operations pan India, are one of the largest spanning six world class facilities with a capacity to manage over 500,000 TEUs annually. These facilities provide a one stop shop for storage as well as clearance of

EXIM cargo with value added services. Its facilities are present near JNPT (Mumbai), Mundra (Gujarat), Chennai, Dadri (near Delhi) and Kheda (Indore).

Allcargo's infrastructure comprises world class equipment such as Rubber Tyre Gantry Cranes (RTGC), Reach Stacker and owned fleet of trailers. These infrastructure are driven by professional experts and benchmarked quality standards, operational excellence and innovative service delivery practices. All facilities of Allcargo are OHSAS (Occupational Health and Safety Assessment Series) 18001:2007 certified and ISO 9001:2008 certified. Allcargo's CFS are GSV (Global Security Verification) certified. Allcargo's CFS & ICD's have been a pioneer in embracing innovative practices such as being the first to implement a RFID technology based chips on containers stored in its facilities, kiosks to track containers with the objective to provide seamless control, visibility and real time information. Google maps are also used to provide customers a facility to track shipments and containers across facilities.

With India poised for a faster and more consistent economic growth in coming years, the logistics industry is expected to perform much better in terms of growth of business. Allcargo's CFS & ICD services along with its unique global model of integrated logistics, is one of the reasons for its leadership in the space and it is also well placed for a more robust and positive growth in coming years.

Project and Engineering Solutions (P&E)

UMESH SHETTYCEO – Project & Engineering Solutions Division

ARMIN KALYANIWALLA CEO – Project Division

Globally every economy depends on core industries to support their growth rate. Industries such as urban infrasturcture development, power, steel, cement, petrochemicals, refineries, mining and others. They provide the necessary fillip for other economic variables such as manufacturing units, factories, exports, imports etc to survive in a competitive manner. The backbone of these core industries is Project Logistics, i.e. movement of Over Dimensional Cargo (ODC) and Over Sized Cargo from origin to destination, which makes these heavy industries get operational within the demography.

Allcargo's Project Logistics division, is one of the most trusted service providers in the space, with unparalleled expertise in heavy project movement, innovative engineering solutions capabilities and owned equipment. Allcargo's experience in successfully completing mega projects movement has been the hallmark of its leadership in the space.

Chief Operating Officer,
Contract Logistics

As a mode of transportation, India's economy has always dependent on road and rail to carry products from point a to b within the demography of our country. With a fast paced development in the economy Coastal Shipping as an alternate mode of transportation is emerging as the preferred medium, due to its efficiency, productivity and less time consuming attributes.

Given India's 7,000 odd kilometers of coastline, it will be a game changer in the context of our growing economy. With the central government emphasizing on sea route to rejig the commercial activities through the coastline of India, coastal shipping will be one of the most important medium to carry goods within the country. Allcargo is one of the leaders in the coastal shipping space, owning and operating three cargo vessels M.V. Allcargo Laxmi, M.V. Allcargo Arathi, M.V. Allcargo Susheela, specializing in movement of Bulk, Break Bulk and Project Cargo. It has also introduced a dedicated container movement service in its portfolio to cater to major hubs in the coastline.

With a growing economy and emphasis on decongesting roads and rail network, India's coastal shipping space is well on its way to new growth trajectory. Allcargo being one of the leaders in the space is well poised to capitalize on this opportunity and increase its business as well as market share.

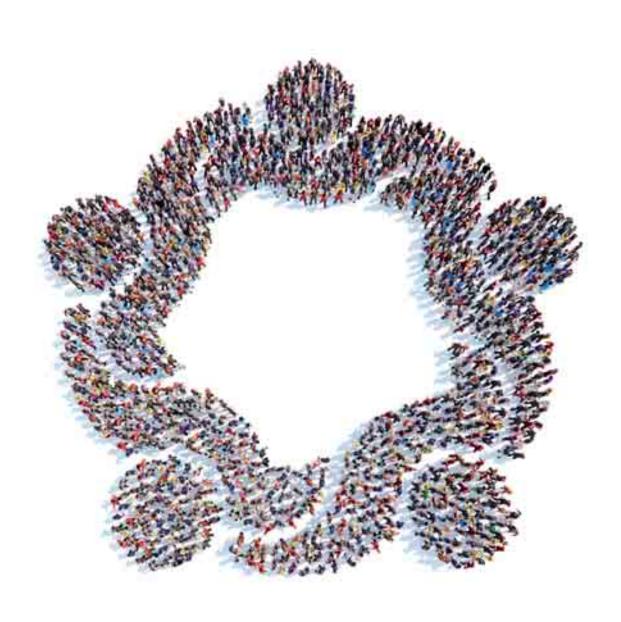

With advent of GST, India's market place will never be the same again. It will match to international scale and practices in terms of warehousing of products, management of demand and supply of products, inventory management and most important of all, embrace the outsourcing of supply chain services. All cargo's newest division Contract Logistics specializes in end-to-end supply chain services with unparalleled expertise customised to industries such as Automobile, Pharma, Retail, Engineering, Fashion, e-commerce, Consumer Durables Electronics & Information Technology and others. These capabilities are also supported by strategically located network of warehouses pan India.

With more and more companies operating from India (international as well as domestic) outsourcing their supply chain functions, Allcargo's Contract Logistics division is well poised to lead the market opportunity in coming years.

Project TOPAZ

Project TOPAZ is a business transformation project that involves deployment of a new business application platform for the NVOCC vertical. TOPAZ was deployed at the first pilot site (UK) in February 2015. TOPAZ will be rolled out globally across all NVOCC offices over next 2 years. Once global deployment is completed, TOPAZ will provide one version of truth, standardized processes and improved operational visibility for better management control and decision making. We have selected India's leading IT Company as a strategic partner for this project and the corner stones of this project are growth, efficiency and innovation.

Digital Strategy

As the technology landscape is changing every day, the organization has initiated actions to compile a Digital strategy for the enterprise. While TOPAZ is more focused on optimizing our internal systems and processes, the Digital strategy will be customer focussed and will identify new initiatives to be undertaken to create a differentiated experience. There are a number of digitalization technologies which are impacting businesses at large and the ones our IT team is assessing cover SMACs (Social, Mobility, Analytics, Cloud) technologies and also E-Commerce, Workplace collaboration and Internet of Things (IOT). Once the Digital strategy is finalized, a number of initiatives will be initiated to adopt these new technologies.

New HRMS system

After extensive evaluations, a new global HRMS (Human Resource Management System) has been selected for implementation. This is a cloud version that is offered in SaaS (Software as a Service) model and will be implemented across all locations in 2015. The HRMS system once deployed will help effectively leverage our large employee strength to its fullest potential. The new system will have recruitment & onboarding, Core HRMS, Goal & Performance management, Talent Review & Succession Management Modules.

Analytics

Last year, the IT team undertook extensive evaluations of various Business Intelligence (BI) software and actions have been initiated to implement a management dashboard which will get implemented in the current financial year. The dashboard will also provide various push/pull reports.

Project ONYX – CFS Division

Deployment of a new modern system which is tightly integrated with the financial accounting system was successfully completed last year across all the CFS locations. This application has now started providing extensive business benefits to effectively manage the CFS operations at each of the location.

Project ONYX – Projects Division

Plans have been firmed up to implement a new business application at our Projects Division. This project will be initiated in the second half of 2015 and will support all operational activities of the division.

• Expense Management System Implementation

The expense management system that was deployed last year is further getting enhanced by implementing a new travel module and also introducing budgetary controls in the current financial year.

Shared Services

Your organization is aggressively pursuing offshoring opportunities and business process outsourcing (BPO) activities have been transitioned from a number of high cost locations to service providers in India. This has not only helped provide costs savings but has helped improve productivity and service continuity at each of the offices worldwide.

IT Security

The IT team is constantly focussed on enhancing the IT security posture and a number of initiatives were initiated last year for data leakage prevention and protection. A detailed security audit was also undertaken by a specialized external vendor and various corrective actions were implemented to strengthen our setup.

(ii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

Your Company has not imported any technology during the period of last three years.

(iii) The expenditure incurred on Research and Development.

There is no expenditure incurred on the research & development activities of the Company during the year under review.

2. BOARD OF DIRECTORS

Composition of Board:

It is well-recognized that an effective Board is a pre-requisite for strong and effective Corporate Governance. With the belief that an active, well informed, truly diverse and independent Board is necessary to ensure the highest standards of Corporate Governance, the Company has a fundamentally strong Board with an optimum mix of Executive and Non-Executive Directors including a Woman Director. More than 50% (fifty percent) of the Board of Directors are Non-Executive Directors.

The Board consists of eminent individuals with considerable professional expertise and experience in finance, legal, commercial, strategy and planning, business administration and other related fields, who not only bring a wide range of experience and expertise, but also impart the desired level of independence to the Board. The Board's roles, functions, responsibilities and accountability are clearly defined. The day-to-day management of the Company is entrusted with the Executive Directors and the Senior Management Personnel of the Company, and is headed by the Chairman & Managing Director, who functions under the overall supervision, direction and control of the Board of Directors.

As on March 31, 2015, the Board composition comprises of 8 (eight) Directors, 4 (four) of whom are Non-Executive Independent Directors, 2 (two) are Non-Executive Directors and balance 2 (two) are Executive Directors. All Directors of the Company are resident Directors. The Board believes that its current composition is appropriate to maintain independence of the Board and separate its functions of governance and management.

None of the Directors on the Board hold directorship in more than 20 (twenty) companies including 10 (ten) public companies. Further, all the Directors have confirmed that they do not hold membership of more than 10 (ten) committees and do not act as chairman/chairperson of more than 5 (five) committees across all companies in which they are Directors pursuant to the provisions of the Companies Act, 2013 and the Listing Agreement with the Stock Exchanges.

The composition of the Board of Directors during the year under review was in conformity with the provisions of the Companies Act, 2013 ("Act") and revised Clause 49 of the Listing Agreement with the Stock Exchanges. None of the

Independent Directors of the Company serve as Independent Director in more than 7 (seven) listed companies. All the Independent Directors have confirmed that they meet the criteria as mentioned in Clause 49 of the Listing Agreement and Section 149 of the Act.

The Company has issued formal letter of appointment to the Independent Directors of the Company in the manner as provided in the Companies Act, 2013 and the Listing Agreement. The terms and conditions of appointment of the Independent Directors are posted on the website of the Company.

Appointments of the Key Managerial Personnel:

As per the provisions of Section 203 of the Companies Act, 2013 Mr. Shashi Kiran Shetty, Chairman & Managing Director, Mr. Jatin Chokshi, Chief Financial Officer and Mr. Shailesh Dholakia, Company Secretary are the Key Managerial Personnel of the Company and were holding office before the commencement of the Companies Act, 2013. The Company has designated the said persons as Key Managerial Personnel w.e.f. April 1, 2014 as per the provisions of the Companies Act, 2013.

The details of composition of the Company's Board, their respective Directorships based on the declarations received from them under Section 184 of the Companies Act, 2013, the number of directorship and committee chairmanships/memberships held by them in other public companies and their shareholding as on March 31, 2015 are as follows:

Remuneration Policy:

In terms of the revised Clause 49 of the Listing Agreement and the Companies Act, 2013, the Board at its meeting held on August 07, 2014 approved the remuneration policy for the Directors, Key Managerial Personnel and other Senior Management Personnel of the Company.

The details of the said policy are as follows:

Remuneration of Executive Members of the Board:

Executive Members of the Board shall be paid remuneration which shall comprise of fixed monthly basic salary, perquisites such as furnished/unfurnished housing accommodation, car with or without chauffeur, telephone for office as well as personal use, reimbursement of medical expenses, leave travel concession, club membership, personal accident insurance, health insurance, stock options, statutory and non-statutory allowances such as education allowances, personal allowances, travel allowances, subscription allowances etc. as may be recommended by the Nomination and Remuneration Committee/Board of Directors and approved by the Members of the Company from time to time. Executive Members of the Board shall also be eligible for commission out of net profit depending upon the adequacy of profit of the Company in a particular year and such commission shall be linked to the Executive Members of the Board's achievement of its budgeted performance as well as overall Company's achievement of budgeted performance of that particular year.

However, the overall remuneration of Executive Members of the Board, where there are more than one, shall not exceed 10% of the net profit calculated in the manner as provided under the provisions of the Companies Act, 2013 and Rules framed thereunder, and shall not exceed 5% in case there is 1 (one) Executive Members of the Board. In the event of loss or inadequacy of profit in any financial year during the currency of tenure of services of the Executive Members of the Board, the payment of remuneration shall be governed by the applicable limits prescribed under the provisions of the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.

Executive Members of the Board be employed under service contracts on the terms & conditions and remuneration as recommended by the Nomination and Remuneration Committee and the Board and approved by the Members of the Company at the General Meeting. No severance fees or compensation for loss of office shall be paid to Executive Members of the Board in case of voluntary or non-voluntary termination of their services. Executive Members of the Board shall not be eligible to receive any sitting fees for attending any meeting of the Board of Members or Committee thereof.

Remuneration of Non-Executive Members of the Board:

The remuneration payable to the Non-Executive Members of the Board shall be as determined and approved by the Board based on the time devoted, contribution made in the progress and guiding the Company for future growth. Aggregate of such sum shall not exceed 1% of net profit of the year or such sum as may be prescribed by the Government from time to time, calculated in accordance with the provisions of the Companies Act, 2013 and relevant Rules framed thereunder. The remuneration in the form of profit commission payable to Non-Executive Members of the Board shall be in addition to the sitting fees payable to them for attending meetings of the Board and/or Committees thereof and reimbursement of expenses for participation in the Board and other meetings. An Independent Director shall not be entitled to any stock option issued or proposed to be issued by the Company. The performance of the Non-Executive Members shall be reviewed by the Board on an annual basis.

Remuneration of Senior Management Personnel:

The Company believes that a combination of fixed and performance-linked pay to the Senior Management Personnel ensure that the Company can attract and retain key employees. At the same time, the Senior Management Personnel are given an incentive to create shareholder value through partly incentive-based pay. The Board of Directors sets the terms within the frames of the contracts based on the recommendation of the Nomination & Remuneration Committee for Senior Management Personnel.

The Nomination & Remuneration Committee shall submit proposals concerning the appointment and remuneration of the Senior Management Personnel and ensures that the remuneration is in line with industry standard in comparable companies. Such proposals then shall be submitted to the Board for approval. The remuneration of the members of the Executive Management may consist of the following components:

- Fixed Salary
- Performance linked incentive/bonus
- Stock options
- Personal benefits, e.g. Company provided accommodation, Company car, telephone, broadband, newspapers, etc.

There shall be no agreed redundancy pay/compensation for voluntary or non-voluntary termination of services except as specially agreed in writing by the Company and the concerned Senior Management Personnel. Senior Management Personnel shall not be eligible to receive any remuneration for directorships held in Avvashya Group of Companies.

The Company has complied with the procedures for the postal ballot in terms of Sections 108 and 110 of the Companies Act, 2013 read with Rule 22 of the Companies (Management and Administration) Rules, 2014 as amended from time to time.

Procedure for Postal Ballot

In compliance with Clause 35B of the Listing Agreement and Sections 108, 110 and other applicable provisions of the Companies Act, 2013 ("Act") read with the related Rules as amended from time to time, the Company provides electronic voting facility to all its members, to enable them to cast their votes electronically. The Company engages the services of NSDL for the purpose of providing e-voting facility to all its members. The members have the option to vote either by physical ballot or e-voting.

The Company dispatches the postal ballot notice and form along with postage prepaid business reply envelope to its members whose names appear on the register of members/list of beneficiaries as on a cut-off date. The postal ballot notice is sent to members in electronic form to the email addresses registered with the depository participants (in case of demat shareholding)/Company's registrar and share transfer agents (in case of physical shareholding). The Company also publishes a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the Act and applicable Rules.

Voting rights are reckoned on the paid-up value of the shares registered in the names of the members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms are requested to return the forms duly completed and signed, to the scrutiniser on or before the close of voting period. Members desiring to exercise their votes by electronic mode are requested to vote before close of business hours on the last date of e-voting.

The scrutiniser submits his report to the Chairman, after the completion of scrutiny, and the consolidated results of the voting by postal ballot are then announced by the Chairman/authorized officer. The results are also displayed on the website of the Company, besides being communicated to the Stock Exchanges, NSDL and registrar and share transfer agent. The date of declaration of the results by the Company is deemed to be the date of passing of the resolutions.

There is no other immediate proposal for passing any resolution by way of postal ballot this year. The Company will comply with the requirements of postal ballot as and when such matter arise, requiring approval of the Members by such process as per Section 110 and other applicable provisions of the Companies Act, 2013, read with the Companies (Management and Administration) Rules, 2014, as amended from time to time.

ECONOMIC OVERVIEW

The global economy has seen a moderate and uneven growth in 2014, as the prolonged recovery process from the global financial crisis was still saddled with unfinished post-crisis adjustments. Global recovery was also hampered by some new challenges, including a number of unexpected shocks, such as the heightened geopolitical conflicts in various areas of the world. Growth of world gross product (WGP) is estimated to be 2.6% in 2014, marginally better than the growth of 2.5% registered in 2013, but lower than the projected 2.9%. Six years after the global financial crisis, gross domestic product (GDP) growth for a majority of the world economies has shifted to a noticeably lower path compared to pre-crisis levels.

A salient feature for major developed countries during 2014 has been the erratic movements in their quarterly GDP growth rates. Growth rates in developing countries and economies in transition have become more divergent during 2014, as a sharp deceleration occurred in a number of large emerging economies, particularly in Latin America and the Commonwealth of Independent States (CIS). A number of these economies have encountered various country-specific challenges, including structural imbalances, infrastructural bottlenecks, increased financial risks and ineffective macroeconomic management, as well as geopolitical and political tensions. In contrast, East Asia, including China, managed to register relatively robust growth, while India led South Asia to a moderate strengthening.

Overall, global growth is expected to rise moderately, to 3.0% in 2015, and average about 3.3% through 2017. High-income countries are likely to see growth of 2.2% in 2015-17, up from 1.8% in 2014, on the back of gradually recovering labor markets, ebbing fiscal consolidation, and still-low financing costs. In developing countries, as the domestic headwinds that held back growth in 2014 ease and the recovery in high-income countries slowly strengthens, growth is projected to gradually accelerate, rising from 4.4% in 2014 to 4.8% in 2015 and 5.4% by 2017. Lower oil prices will contribute to diverging prospects for oil-exporting and importing countries, particularly in 2015. The key developments to look for will include monetary and fiscal policies for major economies, exchange rates for major currencies, international prices of oil and other primary commodities.

The Economic Survey put India's growth at 7.4% for FY2015. The new fiscal year is expected to see the highest economic output growth in recent years. The Economic Survey has it at 8.1-8.5%, while the International Monetary Fund's (IMF's) 7.5% and the Asian Development Bank's 7.8% have India growing faster than China.

The optimism of achieving higher growth rate in the next financial year stems from a range of factors. In the short run, growth will receive a boost from lower oil prices, from likely monetary policy easing facilitated by lower inflation and lower inflationary expectations, and forecast of a normal monsoon. In the months ahead, several reforms will help boost investment and growth, particularly in the area of infrastructure. The government would continue the process of fiscal consolidation, embedding actions in a medium-term framework and would be able to attain its stated objective of 4.1% fiscal deficit, and that the medium-term target remains at 3.0% of the GDP.

Growth of the Logistics business is directly correlated with economic activity and empirical evidence suggests that the Logistics industry grows at 1.5-2.0x the GDP growth of a nation.

The Indian logistics industry is valued at an estimated US\$ 130-150 billion and it has seen a CAGR of around 15.0-16.0% over the last five years. It is expected to go through a period of strong growth, possibly in the range of 15.0%-17.0% CAGR over next 4-5 years. It is poised for accelerated growth, led by GDP revival, infrastructure ramp-up, volume growth in containerization, new terminals at ports leading to incremental growth in volumes, dedicated freight corridor (DFC), impending GST implementation, other initiatives like "Make in India" and new businesses segments like coastal shipping, 3PL, cold chain and e-commerce creating opportunities in long run,.

RISKS AND CONCERNS

The Company has adopted ISO 31000 for risk management framework. A detailed policy drawn up and dedicated risk workshops are conducted for each business vertical and key support functions wherein risks are identified, assessed, analysed and accepted / mitigated to an acceptable level within the risk appetite of the organization. The risk registers are also reviewed from time to time.

Economic Risk

A part of business is substantially dependent on the prevailing global economic conditions. As witnessed in previous years, global trade directly impacts our MTO business. Factors that may adversely affect the global economy and in turn India's economic growth, that could affect the CFS/ ICD, warehousing and project & engineering solutions businesses, include slowdown in the rate of infrastructure development, inflation, changes in tax, trade, fiscal and monetary policies, scarcity of credit etc. However, given the planned infrastructure investments in FY 2013-2017 will rise to a cumulative US\$ 1 Trillion compared to US \$ 542 billion in FY 2007- 2012, growth in global EXIM traffic and with increasing outsourcing of the logistics function by companies, we do not expect to be significantly affected by this risk.

Competition Risk

This risk arises from more players wanting a share in the same pie. Like in most other industries, opportunity brings with itself competition. We face different levels of competition in each segment, from domestic as well as multinational companies. However, Allcargo has established strong brand goodwill in the market and a strong foothold in the entire logistics value spectrum. We are one of the largest LCL Consolidator in the world, with 200 plus offices across 90 plus countries covering over 4,000 port pairs. Our wide geographical presence and network across the globe helps us generate higher volumes. We have built a strong relationship with most of the leading carriers/liners and as a result are able to obtain competitive commercial terms and operational advantages. We also counter this risk with the quality of our infrastructure, our customercentric approach and our ability to innovate customer specific solutions, focusing on pricing and aggressive marketing strategy, disciplined project executions, coupled with prudent financial and human resources management and better control over costs. Thus, we do not expect to be significantly affected by this risk.

Trade Risk

Our business can be affected by the rise and fall in the levels of imports and exports in the country. Given the projected growth in the Indian economy and expected recovery in global trade, rising spending in the infrastructure and manufacturing space and increasing per capita and disposable income, it is estimated that imports will continue to rise steadily. The Company is also focusing on its CFS/ICD business, a relatively high margin segment which is essentially dependent on imports of containerized cargo in India. With expected EXIM trade increase along with the growth in containerization, CFS business is expected to be good in coming years. With its foray into service of Projects & Engineering Solutions, the Company is further reducing its dependence on global EXIM trade. Thus, we believe we have adequate mitigation in place for trade risk.

Regulatory Risk

If we are unable to obtain required approvals and licenses in a timely manner, our business and operations may be adversely affected. We require certain approvals, licenses, registrations and permissions for operating our MTO and CFS/ICD business. We may encounter delays in obtaining these requisite approvals, or may not be able to obtain such approvals at all, which may have an adverse effect on our revenues. However, the Government has come up with a number of initiatives to boost the logistics sector and has planned massive investments in the infrastructure sector. As all industry predictions suggest that this will be the trend in the future as well and given our own experience in obtaining such permissions, we do not expect this risk to affect us materially in the coming years.

Liability Risk

This risk refers to our liability arising from any damage to cargo, equipment, life and third parties which may adversely affect our business. The Company attempts to mitigate this risk through contractual obligations and insurance policies.

Execution Risk

The Company has undertaken number of projects in the last year and several more are in the pipeline. Project execution is largely dependent upon land purchase, project management skills and timely delivery by equipment suppliers. Any delay in project implementation can impact revenue and profit for that period. Our implementation schedules are in line with the plans. Emergency and contingency plans are in place to prevent or minimize business interruptions. Therefore, we do not expect this risk to affect us materially in the future. Concerns like soaring land prices, a complex tax structure, infrastructure bottle-necks, retaining talent and unprecedented natural and man-made disasters and political/social turmoil which may affect our business, remain. However, these are threats faced by the entire industry. With superior methodologies and improved processes and systems, the Company is well positioned to lead a high growth path.

OPPORTUNITIES

Growth in GDP & EXIM Trade and Rising Containerisation

- ~1.5-2.0x relationship between growth rates of GDP and the logistics industry
- Post-recession resurgence of sectors like retail and manufacturing to drive volume growth
- Growth in EXIM trade direct positive impact on port-oriented logistics and higher demand for containerisation due to its efficiency

Key Regulatory and Structural Developments

- Introduction of GST Leading to creation of integrated supply chain facilities like warehousing near consumption centers
- Initiatives like "Make in India" and "Dedicated Freight Corridor and development of multimodel logistics park"
- FDI in retail marketing and distribution Will increase opportunities for intermediary logistics service providers

Significant Spending on Infrastructure

OUTLOOK

The economy is likely to expand by more than 7.0% in FY2015 and likely to maintain this pace in FY2016.

The Economic Survey put India's growth at 7.4% for FY2015 and the new fiscal year is expected to see the highest economic output growth in recent years according to various sources.

The optimism of achieving higher growth rate in the next financial year stems from a range of factors including lower oil prices, monetary policy easing, lower inflationary expectations, forecast of a normal monsoon and fiscal, monetary and regulatory reforms

Along with economy, Indian logistics industry is also poised for accelerated growth, led by GDP revival, infrastructure rampup, volume growth in containerization, new terminals at ports leading to incremental growth in volumes, dedicated freight corridor (DFC), impending GST implementation, other initiatives like "Make in India" and new businesses segments like coastal shipping, 3PL, cold chain and e-commerce.

INDEPENDENT AUDITORS' REPORT

To the Members of

Allcargo Logistics Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Allcargo Logistics Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2015 and the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in sub-section 5 of Section 134 of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing issued by Institute of Chartered Accountants of India specified under sub-section 10 of Section 143 of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the operating effectiveness of entity's internal controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2015 and its profit and its cash flows for the year ended on that date.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT - 31 MARCH 2015

With reference to the Annexure referred to in the Independent Auditors' Report to the Members of Allcargo Logistics Limited ('the Company') on the standalone financial statements for the year ended 31 March 2015, we report the following:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a regular programme of physical verification of its fixed assets by which heavy equipments and other vehicles are verified annually and all other fixed assets are verified over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with the above programme, the Company has verified the relevant fixed assets during the year and we are informed that no material discrepancies were noticed on such verification, which have been adjusted.
- (ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable.
 - (b) The procedures for the physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) The Company is maintaining proper records of inventories. The discrepancies noticed on verification between the physical stocks and the book records were not material and these have been dealt with in the books of account.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraphs (iii) (a) and (b) of the Order are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, and having regard to the explanation that certain services rendered are for the specific requirements of certain buyers and, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of fixed assets and inventories and with regard to sale of goods and services. We have not observed any major weaknesses in the internal control system during the course of the audit.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted deposits as per the directives issued by the Reserve Bank of India under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph (v) of the Order is not applicable to the Company.
- (vi) As informed to us by the management, the Central Government has not prescribed the maintenance of cost records under Section 148 of the Act for any of the goods sold and services/activities rendered by the Company.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' State Insurance, Sales tax, Wealth tax, Service tax, duty of Customs, Value added tax, Cess, Professional tax and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities in all cases during the year. As explained to us, the Company did not have any dues on account of duty of Excise.
 - According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of income tax have generally been regularly deposited with the appropriate authorities, though there has been a slight delay in a few cases.
 - According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Wealth tax, Service tax, duty of Customs, duty of Excise, Value added tax, Cess, Professional tax and other material statutory dues were in arrears as at 31 March 2015 for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us, there are no dues of sales tax, wealth tax and cess which have not been deposited with appropriate authorities on account of any disputes.
 - According to the information and explanations given to us, the following statutory dues have not been deposited by the Company on account of disputes:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2015

1. Company overview

Allcargo Logistics Limited ('the Company') was incorporated on 18 August 1993 and is a leading multinational company engaged in providing integrated logistics solutions and offers specialised logistics services across Multimodal Transport Operations, Inland Container Depot, Container Freight Station Operations, Contract Logistics Operations and Project and Engineering Solutions. The Company is listed on Bombay Stock Exchange Limited and National Stock Exchange of India Limited.

2. Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

2.1 Basis of preparation of financial statements

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 which continue to apply under Section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014 and other relevant provisions of the Companies Act, 2013 ('the Act'), to the extent notified and applicable. The financial statements are presented in India rupees rounded off to the nearest lakhs.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Act. Based on the nature of the services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

2.2 Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles in India requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Management believes that the estimates made in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

2.3 Fixed assets and depreciation/amortisation

Fixed assets are stated at cost less accumulated depreciation / amortisation and impairment losses, if any. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Until 31 March 2012, in respect of accounting period commencing on or after 07 December 2006 and ended on or before 31 March 2011, further extended to period ending on or before 31 March 2012 and subsequently extended till period ended on or before 31 March 2020, consequent to the insertion of paragraph 46 of AS-11 'The Effects of Changes in Foreign Exchange Rates', notified under the Companies (Accounting Standards) Rules, 2006, (as more fully explained in note 2.14), the cost of depreciable capital assets includes foreign exchange differences arising on translation of long term foreign currency monetary items as at the balance sheet date in so far as they relate to the acquisition of such assets.

Further, with effect from 01 April 2012, pursuant to the notification dated 29 December, 2011, issued by the Ministry of Corporate Affairs inserting the paragraph 46A of the AS - 11 'The Effects of Changes in Foreign Exchange Rates', notified under the Companies (Accounting Standards) Rules, 2006, the Company opted to record, from the year ended 31 March 2013 foreign exchange transaction for all long term monetary liabilities, as per paragraph 46 A of AS -11.

Till the previous year ended 31 March 2014, depreciation on fixed assets (include investment property), except leasehold improvements was provided on straight line method in the manner and rates prescribed in Schedule XIV to the Companies Act 1956.

Pursuant to the Act being effective from 1 April 2014, the Company has revised the depreciation rates on fixed assets, except for certain class of assets categorised under "Heavy Equipment" and "Office Equipment", as per the useful life specified in Part 'C' of Schedule II of the Act. Consequently, depreciation charge for the year ended 31 March 2015 is higher by `1,191 lakhs due to change in the estimated useful life of certain assets. Further, an amount of `302 lakhs has been adjusted against the opening balance of Retained Earnings, net of deferred tax of

` 144 lakhs on the same as on 1 April 2014, in respect of the residual value of assets wherein the remaining useful life has become 'nil'.

For class of assets categorised under "Heavy Equipment" and "Office Equipment", based on internal assessment, the management believes that these assets have useful lives of 12 and 2 years, which are lower and different from the useful lives as prescribed under Part C of Schedule II of the Act.

2.4 Intangible assets and amortisation

Intangible assets comprises of goodwill on amalgamation in the nature of merger (which has been fully amortised during the previous year ended 31 March 2014) and computer software and are recognised when the asset is identifiable, is within the control of the Company, it is probable that the future economic benefits that are attributable to the asset will flow to the Company and cost of the asset can be reliably measured. Acquired intangible assets are recorded at the consideration paid for acquisition. Intangible assets of computer software are amortised on a straight-line basis over six years, which in management's estimate represents the period during which economic benefits will be derived from their use.

2.5 Impairment of assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

2.6 Investments

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, part of long-term investments which is expected to be realised within 12 months after the reporting date is also presented under 'current assets' as "current portion of long-term investment" in consonance with the current/ non-current classification scheme of Schedule III to the Act. Long-term investments (including current portion thereof) are carried at cost less any other-than-temporary diminution in value, determined separately for each individual investment.

Current investments are carried at lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Any reduction in the carrying amount and any reversals of such reductions are charged or credited to the statement of profit and loss.

2.7 Inventories

Inventories of stores and spares are valued at cost or net realisable value whichever is lower. The cost is determined on first in first out basis and includes all charges incurred for bringing the inventories to their present condition and location.

2.8 Investment property

Investment in land or buildings that are not intended to be occupied substantially for use by, or in operations of the Company or held for rental purpose is classified as investment property. It is measured at cost on initial recognition. Cost includes expenditure that is directly attributable to the acquisition or construction of the investment property. Any gain or loss on disposal of an investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the property) is recognised in the statement of profit and loss.

2.9 Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. Capitalisation of borrowing costs is suspended

in the period during which the active development is delayed beyond reasonable time due to other than temporary interruption. All other borrowing costs are charged to the statement of profit and loss as incurred.

2.10 Employee benefits

(a) Short-term employee benefits

Employee benefits payable wholly within twelve months of availing employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short term employee benefits such as salaries and wages, bonus and ex-gratia to be paid in exchange of employee services are recognised in the period in which the employee renders the related service.

(b) Post employment benefits

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards Provident Fund and Employees State Insurance Corporation ('ESIC'). The Company's contribution is recognised as an expense in the statement of profit and loss during the period in which employee renders the related service.

Defined benefit plans:

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

When the calculation results in a benefit to the Company, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognised immediately in the statement of profit and loss.

(c) Other long-term employment benefits

Compensated absences:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date as determined by an independent actuary based on projected unit credit method. The discount rates used for determining the present value of the obligation under other long-term employment benefits plan, are based on the market yields on Government securities as at the balance sheet date.

2.11 Employee's Stock Options Plan

In respect of stock options granted pursuant to the Company's Employee Stock Option Scheme ('ESOS'), the intrinsic value of the options (excess of market price of the share over the exercise price of the option) is treated as discount and accounted as employee compensation cost over the vesting period in accordance with SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 as amended from time to time.

2.12 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The amount recognised as revenue is exclusive of service tax / sales tax / VAT and is net of discounts.

Multimodal transport income:

Export revenue is recognised on sailing of vessel and import revenue is recognised upon rendering of related services.

Container freight station income:

Income from Container Handling is recognised as related services are performed.

Income from Ground Rent is recognised for the period the container is lying in the Container Freight Station. However, in case of long standing containers, the income is accounted on accrual basis to the extent of its recoverability.

Contract logistic income:

Contract logistic service charges and management fees are recognised as and when the service is performed as per the contractual terms.

Project and equipment income:

Revenue for project division includes rendering of end to end logistics services comprising of activities related to consolidation of cargo, transportation, freight forwarding and customs clearance services. Income from project division is recognised when the outcome of the service contract can be estimated reliably; contract revenue and costs are recognised as income and expense when the related activities are performed, measured by reference of the contract activity at the reporting date. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Equipment division earns revenue from hiring of cranes, trailers and other fleets. Income from hiring of fleets is recognised on the basis of actual usage of the Company's fleets, per the contractual terms.

Others:

Reimbursement of cost is netted off with the relevant expenses incurred, since the same are incurred on behalf of the customers.

Interest income is recognised on time proportion basis.

Dividend income is recognised when the right to receive dividend is established.

Profit/loss on sale of current investments is computed with reference to their average cost.

2.13 Taxation

Income tax expense comprises current income tax and deferred tax charge or credit.

Current tax provision is made annually based on the tax liability computed in accordance with the provisions of the Income Tax Act, 1961.

The deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period) and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

Minimum Alternative Tax (MAT) credit is recognised as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India. The said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

2.14 Foreign currency transactions

Foreign currency transactions are recorded at the spot rates on the date of the respective transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss for the year.

The Central Government has vide its notification dated 31 March 2009 amended AS - 11, 'The Effects of Changes in Foreign Exchange Rates', notified under the Companies (Accounting Standards) Rules, 2006, to the extent it

relates to the recognition of losses or gains arising on restatement of long-term foreign currency monetary items in respect of accounting periods commencing on or after 07 December 2006 and ended on or before 31 March 2011. This notification has being further extended to period ended on or before 31 March 2012 and subsequently extended till period ended on or before 31 March 2020.

As stipulated in the notification, the Company has exercised the option to adopt the following policy irrevocably and retrospectively for accounting periods commencing from 01 April 2007.

Further, with effect from 01 April 2012, pursuant to the notification dated 29 December 2011, issued by the Ministry of Corporate Affairs inserting the paragraph 46A of the AS - 11 'The Effects of Changes in Foreign Exchange Rates', notified under the Companies (Accounting Standards) Rules, 2006, the Company opted to record, from the year ended 31 March 2013 foreign exchange transaction for all long term monetary liabilities, as per paragraph 46 A of AS -11.

Long-term monetary assets and liabilities, other than those which form part of the Company's net investment in non-integral foreign operations, denominated in foreign currency as at the balance sheet date are translated at the exchange rate prevailing on the balance sheet date and the net exchange gain / loss on such conversion, if any, is:

- a) adjusted to the cost of the asset, where the long-term foreign currency monetary items relate to the acquisition of a depreciable capital asset (whether purchased within or outside India), and depreciated over the balance life of the assets; or
- b) accumulated in 'Foreign Currency Monetary Item Translation Difference Account' (FCMITDA) and amortised over the balance period of long-term monetary asset / under (a) above.

Other monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date; the resultant exchange differences are recognised in the statement of profit and loss. Non-monetary asset such as investments in equity shares, etc. are carried forward in the balance sheet at costs.

2.15 Operating lease

Lease rentals in respect of assets acquired on operating leases are recognised in the statement of profit and loss on a straight line basis over the lease term.

Assets given by the Company under operating lease are included in fixed assets. Lease income from operating leases is recognised in the statement of profit and loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the lease income are recognised as expenses. Initial direct costs incurred specifically for an operating lease are deferred and recognised in the statement of profit and loss over the lease term in proportion to the recognition of lease income.

2.16 Earnings per share (EPS)

The Basic EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting year. Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.17 Provisions and contingent liabilities

The Company creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are not recognised in the financial statements.

ii) Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. During the year ended 31 March 2015, the Company has paid an interim dividend of ` 0.60 per equity share (previous year: dividend of ` Nil per share) and also proposed final dividend of ` 1.40 per equity share (previous year: dividend of ` 1.50 per equity share). The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

The Company had filed an appeal against the said assessment orders. The Special Bench of Income Tax Appellate Tribunal vide its order dated July 6, 2012 and Divisional Bench of Income Tax Appellate Tribunal vide its order dated December 5, 2012 upheld the Company's plea and accordingly the Company has continued to claim deduction u/s 80 IA (4) of the Income Tax Act, 1961. The Department has filed an appeal on May 31, 2013 with the Hon'ble Bombay High Court against the said order of the Divisional Bench of Income Tax Appellate Tribunal.

The Hon'ble Bombay High Court vide its order dated April 21, 2015 upheld the view taken by the Divisional Bench of Income Tax Appellate Tribunal and accordingly dismissed the appeals filed by the Revenue Authority and passed the order favouring the Company.

Note 2: Further, the Income tax department has issued assessment order for A.Y 2010-11 against the Company, whereby in addition to other matters, the claim of deduction made by the Company u/s 80-IA(4) of Income tax Act, 1961 was disallowed and a demand of ` 1,520 lakhs has been raised. The Company has filed an appeal CIT (A) level against the order.

Note 3: In addition, the Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liability, where applicable in its financial statements. The Company's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect of the Company's results of operations or financial condition.

43. Transfer pricing

International and Specified domestic transactions with related parties

The Company's international and specified domestic transactions with related parties are at arm's length as per the independent accountants report for the year ended 31 March 2014. Management believes that the Company's international and specified domestic transactions with related parties post 31 March 2014 continue to be at arm's length and that the transfer pricing legislation will not have any impact on these financial statements, particularly on amount of tax expense and that of provision for taxation.

44. Employee stock options

- a. In 2006, the Company had instituted an 'Allcargo Employee Stock Option Plan 2006' (ESOS 2006) to attract, retain, motivate and reward its employees and to enable them to participate in the growth, development and success of the Company. The compensation/remuneration committee of the Board evaluates the performance and other criteria of employees and approves the grant of options. The employees are granted an option to purchase shares of the Company at the respective exercise price, subject to the requirements of vesting conditions. These options generally vest over a period of 24 to 48 months from the date of grant. Upon vesting, the employees can acquire one equity share for each option. The maximum contractual term for these stock option plan is generally 7 years. The Company granted stock options to be adjusted for subsequent bonus issue prior to its Initial Public Offering of equity shares, to its permanent employees and to few of the permanent employees of its foreign subsidiaries at varying numbers depending upon their grade.
- b. The stock compensation cost is computed under the intrinsic value method and amortised on a straight line basis over the vesting period of 7 years.
- c. The particulars of options granted under the said ESOS 2006 plans are tabulated below:

44. Employee stock options (Continued)

Particulars		nded 31 M options	arch 2015 Weighted average price	Period e No. of options	ended 31 Ma	weighted average price

As permitted by the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('SEBI guidelines') as well as by the guidance note on the subject issued by the Institute of Chartered Accounts of India, the Company has elected to account for stock options based on their intrinsic value (i.e. the excess of quoted market price of the underlying share over the exercise price) at the grant date rather than their fair value at that date. Had the compensation cost for employee stock options been determined on the basis of the fair value approach as described in the SEBI guidelines (and ICAI guidance note), the Company's net profit after tax and basic and diluted earnings per share would have been as per the proforma amounts shown below:

Particulars	31 March 2015	31 March 2014
Net profit after tax as reported	9,749	5,612

d) As at the previous year ended 31 March 2014, all the options granted under the said scheme has been exercised / lapsed and hence there are no outstanding options remaining to be exercisable as on 31 March 2015.

45. Derivative instruments

The Company uses derivative and forward contracts to hedge its risks associated with foreign currency fluctuations. Such transactions are governed by the strategy approved by the Board of Directors which provides principles on the use of these instruments consistent with the Company's Risk Management Policy. The Company does not use these contracts for trading or speculative purposes. The Company has marked to market the derivative contracts outstanding as at 31 March 2015 which has resulted in a net gain to the Company. The Company has not recognised the resulted gain of 94 lakhs (previous year: `2,111 lakhs), on prudent basis which is notional in nature.

46. Amalgamation of MHTC Logistics Private Limited with the Company

Scheme of Arrangement between MHTC Logistics Private Limited and the Company taken place during the previous year ended 31 March 2014:-

During the previous year ended 31 March 2014, MHTC logistics Private Limited (hereinafter referred to as "MHTC"), a wholly owned subsidiary of the Company, incorporated with the main object to do Project Logistics as well as Freight forwarding business, was amalgamated into the Company pursuant to the Scheme of Amalgamation (hereinafter referred to as "Scheme"), as on and from 01 April 2012, being the appointed date pursuant to the approval of Board of Directors of the Company and sanctioned by the Honourable High Court of Bombay vide its order dated 06 December 2013 which was filed with Registrar of Companies on 24 January 2014.

The Company has carried out the accounting treatment prescribed in the Scheme as approved by the Honourable High Court of Bombay. The required disclosures for accounting of Scheme as per the "Pooling of Interest Method" as given under Accounting Standard 14 (AS - 14) "Accounting for Amalgamations" as prescribed under the Companies (Accounting Standards) Rules 2006 have been provided.

Hence, in accordance with the Scheme:

i. The Company has taken over all the assets aggregating to ` 3,539 lakhs and liabilities aggregating to ` 2,081 lakhs at their respective book values. Also, as per the Scheme, the identity of reserves of MHTC is required to be maintained by the Company as on the appointed date which was aggregating to ` 1,438 lakhs. On cancellation of investments made by the Company in MHTC against their share capital as on the appointed date, there was a deficit of ` 3,410 lakhs. As per the Scheme approved by the Honourable High Court of Bombay, such deficit is required to be debited to the "Goodwill Account" of the Company.

46. Amalgamation of MHTC Logistics Private Limited with the Company (Continued)

INDEPENDENT AUDITORS' REPORT

To Members of Allcargo Logistics Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Allcargo Logistics Limited (hereinafter referred to as 'the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries are together referred to as "the Group"), its associates and jointly controlled entities, comprising the consolidated balance sheet as at 31 March 2015 and the consolidated statement of profit and loss and consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associates and jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (particularly Accounting Standard 21 - Consolidated Financial Statements, Accounting Standard 23- Accounting for investment in Associates and Accounting Standard 27 - Financial Reporting of Interest in Joint Ventures). The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and jointly controlled entities and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under sub section (10) of Section 143 of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us, by other auditors and by one of the joint auditors, M/s Appan & Lokhandwala Associates, Chartered Accountants, for some of the subsidiaries audited by them and in terms of their reports referred to in sub-paragraph (a) and (b) respectively of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

INDEPENDENT AUDITORS' REPORT (Continued)

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors and one of the joint auditors on separate financial statements of subsidiaries, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and jointly controlled entities at 31 March 2015 and their consolidated profits and their consolidated cash flows for the year ended on that date.

Other Matters

- a. We did not audit the financial statements of 91 subsidiaries, whose financial statements reflect total assets of ` 135,761 lakhs as at 31 March 2015 and total revenues of ` 433,723 lakhs and net cash inflows amounting to ` 29 lakhs for the year then ended, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
- b. The financial statements of 11 subsidiaries, whose financial statements reflect total assets of ` 28,975 lakhs as at 31 March 2015 and total revenues of ` 14,432 lakhs and net cash inflows amounting to ` 231 lakhs for the year then ended, as considered in the consolidated financial statements, have been audited by one of the joint auditors, Appan & Lokhandwala Associates, Chartered Accountants.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT - 31 MARCH 2015

As stated in paragraph 1 of our report on 'Other Legal and Regulatory requirements' in our Independent Auditors' Report of even date, the following statement is based on the comments in the respective Independent Auditors' Report of the Holding Company and its Subsidiary companies incorporated in India.

- i. (a) The Holding Company and its subsidiary companies incorporated in India have maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - (b) The Holding Company and its subsidiary companies incorporated in India have a regular programme of physical verification of its fixed assets by which all assets are verified over a period ranging from one to three years. In the opinion of the respective statutory auditors, this periodicity of physical verification is reasonable having regard to the size of the Holding Company and its subsidiary companies incorporated in India and the nature of its assets. In accordance with the above program, the Holding Company and its subsidiary companies incorporated in India have verified the relevant fixed assets during the year and as informed by the management of Holding Company and its subsidiary companies incorporated in India, no material discrepancies were noticed on such verification, which have been adjusted.
- ii. (a) The inventory has been physically verified by the respective management of the Holding Company and its subsidiary companies incorporated in India during the year. In the opinion of the respective statutory auditors of the Holding Company and its subsidiary companies incorporated in India, the frequency of such verification is reasonable.
 - (b) The procedures for the physical verification of inventories followed by the management as referred to above are reasonable and adequate in relation to the size of the respective companies and the nature of its business.
 - (c) The Holding Company and its subsidiary companies incorporated in India are maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material and this has been dealt with in the respective books of accounts
- iii. The Holding Company and its subsidiary companies incorporated in India have not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained by these companies under Section 189 of the Act. Accordingly, paragraphs (iii) (a) and (b) of the Order are not applicable to the Holding Company and its subsidiary companies incorporated in India.
- iv. In the opinion of the respective statutory auditors and according to the information and explanations given to the respective statutory auditors having regard to the fact that certain services rendered by the Holding Company are for the specific requirements of certain buyers and that the Holding Company and its subsidiary companies have an adequate internal control system commensurate with the respective size of each company and the nature of their business with regard to purchase of fixed assets and inventories and sale of goods and services. The respective statutory auditors have not observed any major weaknesses in the internal control system during the course of the audit.
- v. In the opinion of the respective statutory auditors, and according to the information and explanations given to the respective statutory auditors, the Holding Company and its subsidiary companies incorporated in India have not accepted deposits as per the directives issued by the Reserve Bank of India under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph (v) of the Order is not applicable to the Holding Company and its subsidiary companies incorporated in India.
- vi. As informed by the management of the Holding Company and its subsidiary companies, the Central Government has not prescribed the maintenance of cost records under the Section 148 of the Act for any of the goods and services/activities sold/ rendered by the Holding Company and its subsidiary companies incorporated in India.
- vii. (a) According to the information and explanations given to the respective statutory auditors and on the basis of the examination of the records of the Holding Company and few of its subsidiary companies incorporated in India by their respective statutory auditors, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employees' State Insurance, Sales tax, Wealth tax, Service tax, duty of Customs, Value added tax, Cess, Professional tax and other material statutory dues, as applicable, have been regularly deposited during the year by the Holding company and few of its subsidiaries companies with the appropriate authorities. As explained to the statutory auditors of the Holding company, the Holding company did not have any dues on account of duty of Excise.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2015

1 Company overview

Allcargo Logistics Limited ('the Company'and its subsidiaries, associates, jointly controlled entities collectively referred to as "Group") is a leading multinational company engaged in providing integrated logistics solutions and offers specialised logistics services across multimodal transport operations, inland container depot, container freight station operations, Contract logistics operations and project and engineering solutions. The Company is listed on Bombay Stock Exchange Limited and National Stock Exchange of India Limited.

2 Principles of consolidation

The consolidated financial statements relate to Allcargo Logistics Limited ('the Company') and all of its subsidiary companies and companies controlled, that is, companies over which the Company exercises control / joint control over ownership and voting power and associates and jointly controlled entities (herein after collectively referred to as 'the Group'). The consolidated financial statements have been prepared on the following basis:

- a. The financial statements of the Company together with audited / unaudited financials statements of its subsidiaries, associates and jointly controlled entities as described in note 36 have been considered for the purpose of consolidation. The financial statements of the Company, its subsidiaries and jointly controlled entities are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and intra-group transactions and resultant unrealised profits or losses in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 which continue to apply under Section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Account) Rules, 2014 and other relevant provisions of the Companies Act, 2013 ('the Act'), to the extent applicable. The financial statements are presented in Indian rupees rounded off to the nearest lakhs.
- b. In translating the financial statements of a non-integral operation for incorporation in the consolidated financial statements, the assets and liabilities, both monetary and non-monetary, of the non-integral operation are translated at the closing exchange rate; income and expense items of the the non-integral operation are translated using the average exchange rates prevailing during the reporting period. All resulting exchange differences are accumulated in foreign currency translation reserve until the disposal of the net investment.
- c. On the disposal/closure of a non-integral operation, the cumulative amount of the exchange differences which have been deferred and which relate to that operation are recognised as income or expense in the same period in which gain/loss on disposal of the operation is recognised.
- d. Investments in subsidiaries are eliminated and differences between the costs of investment over the net assets on the date of the investment in subsidiaries are recognised as goodwill or capital reserve, as the case may be.
- e. Minority interest's share of net profit of consolidated subsidiaries for the period is identified and adjusted against the income of the Group in order to arrive at the net income attributable to the equity shareholders of the Company.
- f. Minority's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet as a separate item from liabilities and the shareholders' equity.
- g. Investments in jointly controlled entities are dealt in accordance with Accounting Standard (AS) 27 "Financial Reporting of Interests in Joint Ventures" using the proportionate consolidation method. The Company discontinues the use of proportionate consolidation from the date it ceases to have joint control over a jointly controlled entity but retains, either in whole or in part, its interest in the jointly controlled entity. From the date of discontinuing the use of the proportionate consolidation, interest in the jointly controlled entity is accounted as an investment in accordance with Accounting Standard (AS) 13 "Accounting for Investments", or in accordance with Accounting Standard (AS) 23 "Accounting for Investments in Associates in Consolidated Financial Statements", as appropriate. For this purpose, cost of the investment is determined as the Company's share in the net assets of the jointly controlled entity as at the date of discontinuance of proportionate consolidation and is adjusted with the carrying amount of the relevant goodwill/capital reserve, if any.
- h. Investment in associates, where the Company directly or indirectly through Subsidiaries holds 20% or more of equity, are accounted for using equity method in accordance with Accounting Standard (AS) 23 "Accounting for Investments in Associates in Consolidated Financial Statements". The Company accounts for its share in the change of the net assets of the associates, post acquisition after eliminating unrealised profits and losses resulting from transactions between the Company and its associates to the extent of its share, through its statement of profit and

loss to the extent such change is attributable to the Associates' statement of profit and loss, based on available information. Investments in associate companies, which have been made for temporary purposes with an intent to dispose of in near future have not been considered for consolidation.

- i. If, under the equity method, the Company's share of losses of an associate equals or exceeds the carrying amount of the investment, the Company discontinues recognizing its share of further losses and the investment is reported at nil value. Additional losses are provided for to the extent that the Company has incurred obligations or made payments on behalf of the associate to satisfy obligations of the associate that the Company has guaranteed or to which the Company is otherwise committed. If the associate subsequently reports profits, the Company resumes including its share of those profits only after its share of the profits equals the share of net losses that have not been recognised.
- j. The excess of cost to the Company of its investments in subsidiaries over its share of the equity of the subsidiaries at the date on which the investment in subsidiaries are made, is recognised as "Goodwill on Consolidation" being an asset in the consolidated financial statements. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of the investment of the Company, it is recognised as "Capital Reserve" and shown under the head "Reserves and surplus" in the consolidated financial statements. Impact of currency translation on such "Goodwill" and "Capital Reserve" is adjusted in the respective carrying amounts.
- k. Goodwill on consolidation is not amortised but is tested for impairment on each balance sheet date and impairment losses are recognised, where applicable.
- As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's standalone financial statements.
- m. The financial statements of the entities used for the purpose of consolidation are drawn upto the same reporting date as that of the parent Company, i.e. 31 March 2015.
- n. Investments other than in subsidiaries, associates and joint ventures are accounted as per the Accounting Standard (AS) 13 "Accounting for Investments".

3 Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these consolidated financial statements.

(a) Basis of preparation of consolidated financial statements

These consolidated financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with the accounting principles generally accepted in India ('Indian GAAP') and comply with the Accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006 which continue to apply under Section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Account) Rules, 2014 and other relevant provisions of the Companies Act, 2013 ('the Act'), to the extent applicable read with General Circular 39/2014 dated 14 October 2014 issued by the Ministry of Corporate Affairs. The financial statements are presented in India rupees rounded off to the nearest lakhs.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of the services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

(b) Use of Estimates

The preparation of the consolidated financial statements in conformity with Generally Accepted Accounting Principles in India requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the consolidated financial statements. Management believes that the estimates made in the preparation of the consolidated financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

(c) Fixed assets and depreciation/amortisation

Fixed assets are stated at cost less accumulated depreciation / amortisation and impairment losses, if any. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.

Until 31 March 2012, in respect of accounting period commencing on or after 7 December 2006 and ended on or before 31 March 2011, further extended to period ended on or before 31 March 2012 and subsequently extended till period ending on or before 31 March 2020, consequent to the insertion of paragraph 46 of Accounting Standard (AS) - 11 "The Effects of Changes in Foreign Exchange Rates", notified under the Companies (Accounting Standards) Rules, 2006, [as more fully explained in Note no.3(n)], the cost of depreciable capital assets includes foreign exchange differences arising on translation of long term foreign currency monetary items as at the balance sheet date in so far as they relate to the acquisition of such assets.

Further, with effect from 01 April 2012, pursuant to the notification dated 29 December 2011, issued by the Ministry of Corporate Affairs inserting the paragraph 46A of the Accounting Standard (AS) - 11 "The Effects of Changes in Foreign Exchange Rates", notified under the Companies (Accounting Standards) Rules, 2006, the Group opted to record foreign exchange transaction for all long term monetary liabilities, as per paragraph 46A of AS-11.

Advance paid/ expenditure incurred on acquisition / construction of fixed asset or assets which are not ready for their intended use at each balance sheet date are disclosed under loans and advances on capital account or capital work-in-progress respectively. Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. Assets taken on finance lease are initially capitalised at fair value of the asset or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to periods during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Till the previous year ended 31 March 2014, depreciation on fixed assets (including investment property) except leasehold improvements was provided on straight line method in the manner and rates prescribed in Schedule XIV to the Companies Act 1956. Pursuant to the Act being effective from 1 April 2014, the group has revised the depreciation rates on fixed assets, other than for class of assets categorised under "Heavy Equipment" and "Office Equipment", as per the useful life specified in Part 'C' of Schedule II of the Act. Consequently, depreciation charge for the year ended 31 March 2015 is higher by ` 1,485 lakhs due to change in the estimated useful life of certain assets. Further, an amount of ` 321 lakhs has been adjusted against the opening balance of Retained Earnings, net of deferred tax ` 153 lakhs on the same as on 1 April 2014, in respect of the residual value of assets wherein the remaining useful life has become 'nil'.

For class of assets categorised under "Heavy Equipment" and "Office Equipment", based on internal assessment, the management believes that these assets have useful lifes of 12 and 2 years respectively, which are lower and different from the useful lives as prescribed under Part C of Schedule II of the Act.

Leasehold improvements are amortised over the primary period of lease. On ocean going vessels, depreciation is charged on remaining estimated useful life of asset under straight line method.

In the case of foreign subsidiaries, the tangible assets are depreciated on a straight line basis, based on rules fixed in relation to the expected economic life of these assets in the Group without taking into account any residual value. The impact of depreciation due to difference in depreciation rates used by these subsidiaries and that prescribed under Part C of Schedule II of the Act is not material.

(d) Intangible assets and amortisation

Intangible assets comprises of goodwill on amalgamation in the nature of merger (which has been fully amortised during the previous year ended 31 March 2014), computer software, research and development rights, non compete agreement arising on account of Econocaribe acquisitions, licenses, leasing and software. The intangible assets are recognised when the asset is identifiable, is within the control of the Group, it is probable that the future economic benefits that are attributable to the asset will flow to the Group and cost of the asset can be reliably measured. Acquired intangible assets are recorded at the consideration paid for acquisition. Intangible assets are amortised on a straight line basis method as per the rates mentioned below:

Asset class	Rate of amortisation
Research and development	20%
Patent and licenses	20%
Non compete agreement (on account of acquisition)	20%
Software	20%
Leasing and similar rights	20%

(e) Impairment of assets

The Group assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the consolidated balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

(f) Investments

Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. However, part of long-term investments which is expected to be realised within 12 months after the reporting date is also presented under 'current assets' as "current portion of long-term investment" in consonance with the current/ non-current classification scheme of Schedule III to the Act. Long-term investments (including current portion thereof) are carried at cost less any other-than-temporary diminution in value, determined separately for each individual investment.

Current investments are carried at lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments. Any reduction in the carrying amount and any reversals of such reductions are charged or credited to the statement of profit and loss.

(g) Investment property

Investment in land or buildings that are not intended to be occupied substantially for use by, or in operations of the Group or held for rental purpose is classified as investment property. It is measured at cost on initial recognition. Cost includes expenditure that is directly attributable to the acquisition or construction of the investment property. Any gain or loss on disposal of an investment property (calculated as the difference between the net proceeds from disposal and the carrying amount of the property) is recognised in the consolidated statement of profit and loss.

(h) Inventories

Inventories include spares and consumables for heavy equipment assets, bunker and lube oil. The same is valued at cost or net realisable value whichever is lower. The cost is determined on first in first out basis and includes all charges incurred for bringing inventories to their present condition and location.

(i) Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed beyond reasonable time due to other than temporary interruption. All other borrowing costs are charged to the consolidated statement of profit and loss as incurred.

(i) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The amount recognised as revenue is exclusive of service tax / sales tax / VAT and is net of trade discounts.

i. Multimodal Transport Income:

Export revenue is recognised on sailing of vessel and import revenue is recognised upon rendering of related services.

ii) Container freight station Income:

Income from Container Handling is recognized as related services are performed.

Income from Ground Rent is recognized for the period the container is lying in the Container Freight Station. However, in case of long standing containers, the income is accounted on accrual basis to the extent of its recoverability.

iii) Project and equipment income:

Revenue for project division includes rendering of end to end logistics services comprising of activities related to consolidation of cargo, transportation, freight forwarding and customs clearance services. Income from project division is recognised when the outcome of the service contract can be estimated reliably; contract revenue and costs are recognised as income and expense when the related activities are performed, measured by reference of the contract activity at the reporting date. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Equipment division earns revenue from hiring of cranes, trailers and other fleets. Income from hiring of fleets is recognised on the basis of actual usage of the Company's fleets, per the contractual terms.

iv) Vessel Operating Business:

In case of Vessel Operating Business, Freight and Demurrage earnings are recognised on completed voyage basis. Charter Hire Earnings are accrued on time basis.

v) Contract Logistics Income:

Contract Logistics service charges and management fees are recognised as and when the service is performed as per the contractual terms.

vi) Others:

Reimbursement of cost is netted off with the relevant expenses incurred, since the same are incurred on behalf of the customers.

Interest income is recognized on time proportion basis.

Dividend income is recognized when the right to receive dividend is established.

Profit/loss on sale of current investment is computed with reference to their average cost.

(k) Taxation

Income tax expense comprises current income tax and deferred tax charge or credit.

Current tax provision is made annually based on the tax liability computed in accordance with applicable tax rates and tax laws.

The deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period) and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized.

Minimum Alternative Tax (MAT) credit is recognized as an asset in accordance with the recommendations contained in the Guidance Note issued by the Institute of Chartered Accountants of India. The said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The Group reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal Income Tax during the specified period.

(I) Employee benefits

(1) Short-term employee benefits

Employee benefits payable wholly within twelve months of availing employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits such as salaries and wages, bonus and ex-gratia to be paid in exchange of employee services are recognised in the period in which the employee renders the related service.

(2) Post employment benefits

Defined contribution plans:

In accordance with Indian regulations, all employees of the Indian entities receive employee benefits in the form of Provident Fund and Employees' State Insurance which are a defined contribution plan and the contributions are charged to the consolidated statement of profit and loss of the year when such contribution to such funds is due. In respect of overseas entities, the Group's contribution towards defined contribution benefit plan is accrued in compliance with the domestic laws of the country in which the consolidated foreign entities operate.

Defined benefit plan:

In case of defined benefit plans such as gratuity, the Group's net obligation in respect of the benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation done by an independent actuary using the Projected Unit Credit Method at each balance sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

When the calculation results in a benefit to the Group, the recognised asset is limited to the net total of any unrecognised actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognised immediately in the consolidated statement of profit and loss.

3. Other long-term employed benefits

Compensated absences:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date as determined by an independent actuary based on projected unit credit method. The discount rates used for determining the present value of the obligation under other long term employment benefits plan, are based on the market yields on Government securities as at the consolidated balance sheet date.

(m) Employee's Stock Options Plan

In respect of stock options granted pursuant to the Group's Employee Stock Option Scheme ('ESOS'), the intrinsic value of the options (excess of market price of the share over the exercise price of the option) is treated as discount and accounted as employee compensation cost over the vesting period in accordance with SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 as amended from time to time.

(n) Foreign currency transactions

Foreign currency transactions are recorded at the spot rates on the date of the respective transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the consolidated statement of profit and loss of the year.

The Central Government has vide its notification dated 31 March 2009 amended Accounting standard (AS) -11, "The Effects of Changes in Foreign Exchange Rates", notified under the Companies (Accounting Standards) Rules, 2006, to the extent it relates to the recognition of losses or gains arising on restatement of long-term foreign currency monetary items in respect of accounting periods commencing on or after 7 December 2006 and ended on or before 31 March 2011. This notification had been further extended to period ended on or before 31 March 2012 and subsequently extended till period ending on or before 31 March 2020.

As stipulated in the notification, the Group has exercised the option to adopt the following policy irrevocably and retrospectively for accounting periods commencing from 1 April 2007.

Further, with effect from 01 April 2012, pursuant to the notification dated 29 December 2011, issued by the Ministry of Corporate Affairs inserting the paragraph 46A of the Accounting standard (AS) -11 "The Effects of Changes in Foreign Exchange Rates", notified under the Companies (Accounting Standards) Rules, 2006, the Company opted to record foreign exchange transaction for all long term monetary liabilities, as per paragraph 46A of AS 11.

Long-term monetary assets and liabilities, other than those which form part of the Group's net investment in non-integral foreign operations, denominated in foreign currency as at the balance sheet date are translated at the exchange rate prevailing on the balance sheet date and the net exchange gain / loss on such conversion, if any, is:

- (a) adjusted to the cost of the asset, where the long-term foreign currency monetary items relate to the acquisition
 of a depreciable capital asset (whether purchased within or outside India), and depreciated over the balance life
 of the assets; and,
- (b) accumulated in 'Foreign Currency Monetary Item Translation Difference Account' (FCMITDA) and amortised over the balance period of long-term monetary asset / liability, relating to non depreciable assets.

Other monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date; the resultant exchange differences are recognised in the consolidated statement of profit and loss. Non-monetary asset such as investments in equity shares, etc. are carried forward in the balance sheet at costs.

(o) Operating lease

Lease rentals in respect of assets acquired on operating leases are recognized in the consolidated statement of profit and loss on a straight line basis over the lease term.

Assets given by the Company and the Group under operating lease are included in fixed assets. Lease income from operating leases is recognised in the consolidated statement of profit and loss on a straight line basis over the lease term unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. Costs, including depreciation, incurred in earning the lease income are recognised as expenses. Initial direct costs incurred specifically for an operating lease are deferred and recognised in the consolidated statement of profit and loss over the lease term in proportion to the recognition of lease income.

(p) Earnings per share (EPS)

The Basic EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting year. Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

(q) Provision and contingent liabilities

The Group creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are not recognised in the consolidated financial statements.

Note 1: The Income Tax Department had issued assessment orders against the Company, whereby, the claim of deduction by the Company under section 80-IA (4) was disallowed from assessment years 2004-05 to 2009-10 and raised demand of `6,729 lakhs on the Company. The Company had filed an appeal against the said assessment orders. The Special Bench of Income Tax Appellate Tribunal vide its order dated July 6, 2012 and Divisional Bench of Income Tax Appellate Tribunal vide its order dated December 5, 2012 upheld the Company's plea and accordingly the Company has continued to claim deduction u/s 80 IA (4) of the Income Tax Act, 1961. The Department had filed an appeal on May 31, 2013 with the Hon'ble Bombay High Court against the said order of the Divisional Bench of Income Tax Appellate Tribunal.

32. Contingencies and commitments (Continued)

The Hon'ble Bombay High Court vide its order dated April 21, 2015 upheld the view taken by the Divisional Bench of Income Tax Appellate Tribunal and accordingly dismissed the appeals filed by the Revenue Authority and passed the order favouring the Company.

Note 2: Further, the Income tax department has issued assessment order for A.Y 2010-11 against the Company, whereby in addition to other matters, the claim of deduction made by the Company u/s 80-IA(4) of Income tax Act, 1961 was disallowed and a demand of ` 1,520 lakhs has been raised. The Company has filed an appeal CIT (A) level against the order.

Note 3: In addition, the Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liability, where applicable in its consolidated financial statements. The Group's management does not reasonably expect that these legal actions, when ultimately concluded and determined, will have a material and adverse effect of the Group's consolidated results of operations or financial condition.

33. Segment reporting

Business Segments:

The Group has identified four reporting segments viz. Multimodal Transport Operations, Container Freight Station, Project and Engineering Solutions and others segments as primary segment. The segments have been identified and reported taking into account the nature of services provided, the differing risks and returns and the internal business reporting systems, in terms to the information required by the Accounting Standard 17 ('AS 17') on 'Segment Reporting'. The accounting policies adopted for segment reporting are in line with the accounting policy of the Group with following additional policies for segment reporting:

- a. Revenue and expenses have been identified to a segment on the basis of relationship to operating activities of the segment. Revenue and expenses, which relate to the Group as a whole and are not allocable to a segment on reasonable basis have been disclosed as "Unallocable".
- b. Segment assets and liabilities represent the assets and liabilities in respective segments. Tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as "Unallocable".

Geographical segments:

Although the Group's major operating divisions are managed on world wide basis, they operate in eight principal geographical areas of the world. Geographical revenues are allocated based on the location of service facilities and other assets of an enterprise within the Group.

37. Transfer Pricing

International and specified domestic transactions with related parties

The Group'international and specified domestic transactions with related parties are at arm's length as per the independent accountants report for the year ended 31 March 2014. Management believes that the Company's and its subsidiaries international and specified domestic transactions with related parties post 31 March 2014 continue to be at arm's length and that the transfer pricing legislation will not have any impact on these consolidated financial statements, particularly on amount of tax expense and that of provision for taxation.

38. Employee stock options issued by the Parent Company

Employee stock options

- a In 2006, the Company had instituted an 'Allcargo Employee Stock Option Plan 2006' (ESOS 2006) to attract, retain, motivate and reward its employees and to enable them to participate in the growth, development and success of the Company. The compensation/remuneration committee of the Board evaluates the performance and other criteria of employees and approves the grant of options. The employees are granted an option to purchase shares of the Company at the respective exercise price, subject to the requirements of vesting conditions. These options generally vest over a period of 24 to 48 months from the date of grant. Upon vesting, the employees can acquire one equity share for each option. The maximum contractual term for these stock option plan is generally 7 years. The Company granted stock options to be adjusted for subsequent bonus issue prior to its Initial Public Offering of equity shares, to its permanent employees and to few of the permanent employees of its foreign subsidiaries at varying numbers depending upon their grade.
- b. The stock compensation cost is computed under the intrinsic value method and amortised on a straight line basis over the vesting period of 7 years.
- c. The particulars of options granted under the said ESOS 2006 plans are tabulated below:

	Year e	nded 31 Marcl	า 2015	Year e	nded 31 March	n 2014
Particulars	No. of	options	Weighted	No. of	options	Weighted

As permitted by the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('SEBI guidelines') as well as by the guidance note on the subject issued by the Institute of Chartered Accounts of India, the Company has elected to account for stock options based on their intrinsic value (i.e. the excess of quoted market price of the underlying share over the exercise price) at the grant date rather than their fair value at that date. Had the compensation cost for employee stock options been determined on the basis of the fair value approach as described in the SEBI guidelines (and ICAI guidance note), the Company's net profit after tax and basic and diluted earnings per share would have been as per the proforma amounts shown below:

Particulars	31 March 2015	31 March 2014
Net profit after tax as reported	23,989	14,933

41. Amalgamation of MHTC Logistics Private Limited with the Company

Scheme of Arrangement between MHTC Logistics Private Limited and the Company taken place during the previous year ended 31 March 2014:-

During the previous year, MHTC Logistics Private Limited (hereinafter referred to as "MHTC"), a wholly owned subsidiary of the Company, incorporated with the main object to do Project logistics as well as Freight forwarding business, was amalgamated into the Company pursuant to the Scheme of Amalgamation (hereinafter referred to as "Scheme"), as on and from 01 April, 2012, being the appointed date pursuant to the approval of Board of Directors of the Company and sanctioned by the Honorable High Court of Bombay vide its order dated 06 December, 2013 which was filed with Registrar of Companies on 24 January 2014.

The Company has carried out the accounting treatment prescribed in the scheme as approved by the Honorable High Court of Bombay. The required disclosures for accounting of Scheme as per the "Pooling of Interest Method" as given under Accounting Standard 14 (AS 14) "Accounting for Amalgamations" as prescribed under the Companies (Accounting Standards) Rules 2006 have been provided.

MHTC was acquired in April 2011 and since then it was a wholly owned subsidiary of the Company and accordingly, the group has recognised goodwill on consolidation amounting to `2,417 lakhs (at the time of acquisition). Pursuant to the amalgamation of MHTC with the Company, in consolidation:

a. The Group has increased the general reserves and statement of profit and loss by ` 1,332 lakhs and ` 11 lakhs respectively, which were pre-acquisition related reserves at the time of acquisitions;

- b. On account of cross holding of shares held by MHTC in the Company (in compliance with section 42 of the Companies Act 1956), total reserves amounting to `285 lakhs, (as adjusted in the past years), has now been adjusted and increased in the previous year and;
- c. The Group has reduced securities premium account by `635 lakhs and net effect of the aforesaid transactions of `993 lakhs has been adjusted as 'goodwill on merger' under the intangibles. Resulting this, the total goodwill accounted in the consolidated books amounts to `3,410 lakhs (including `2,417 lakhs recognised as goodwill at the time of acquistion).

Had the scheme not prescribed the above mentioned accounting treatment and the Company had followed the accounting treatment prescribed under AS14, there would not have been any goodwill on merger arising out of deficit arising against cancellation of Investment against share capital of the amalgamating company and the general reserves of the Company would have been lower by ` 3,410 lakhs.

The total goodwill amounting to ` 3,410 lakhs has been fully amortised by the Group during the previous year.

42. Disclosure under Section 186 of the Companies Act 2013

The operations of the Company and its indian subsidiaries are classified as 'infrastructure facilities'as defined under Schedule VI to the Act. Accordingly, the disclosure requirements specified in sub-section 4 of Section 186 of the Act in respect of loans given, investment made or guarantee given or security provided and the related disclosures on purposes/ utilisation by recipient companies, are not applicable to the Company and its indian subsidiaries.43. Corporate social responsibility

43. Corporate social responsibility

1. As per Section 135 of the Act, a CSR committee has been formed by the Company. The funds are utilised throughout the year on the activities which are specified in Schedule VII of the Act. The utilisation is done either by way of direct contribution towards various activities or by way of contribution to a trust – Avvashya Foundation.

The details set below are for the amount spent by the Company. None of the Indian subsidiaries qualify for CSR contribution, based on threshold prescribed in the Act.
