PERFORMANCE REVIEW & STATE OF THE COMPANY AFFAIRS:

A) OPERATIONS :

In the year under review, the Company has posted a sales and service revenue of ₹ 692.30 crores as compared to ₹ 858.57 crore in the previous year. The sales in term of volume decreased to 8729 MVA as compared to 10297 MVA in the previous year. The Profit Before Tax (PBT) increased to ₹ 140.46 crores, as compared to ₹ 113.35 crores in the previous year and Profit After Tax (PAT) increased to ₹ 111.21 crores, as compared to ₹ 88.93 crores in the previous year. However operating profit was down to ₹ 69.68 crores compare to ₹ 107.38 crores in the previous year.

During the year on the business front barring first two quarters of the year, the Company weathered the pandemic very well and able to maintain balance sheet quality and satisfactory performance in most turbulence time which we have not seen in generations. The GDP growth was back in positive territory (+0.4%) in 3Q FY: 20-21 after a decline of 24.4% and 7.3% respectively in 1Q FY: 20-21 and 2Q FY: 20-21. India saw a V-shaped recovery as most consumption and industrial indicators were back in positive growth territory in the September-December quarter after being in deep negative in the June quarter. The situation started improving slowly but suddenly the more widespread and intense second wave of the

pandemic started from the beginning of FY:21-22. Second wave is more intense compared with the first wave and it has been a setback for India's fledging economic recovery. The second wave of pandemic has led to the reimposition of lockdown across states, resulting in loss of economic activity and disruption in industrial activities. The uncertainty created by second wave is setback for the revival of the economy across regions.

In this uncertain environment created by pandemic and unprecedented rise in major raw material prices, based on position as on date the Company may not be able to sustain past period margins in FY:21-22. However, Company believes these are short term challenges and it continues to pursue its long term growth strategy. With a robust manufacturing base, strong brand affinity, and a competent workforce we are confident to lead the recovery in shorter period in post pandemic phase and strive to sustain profitable and industry level growth in medium term.

The financial year 2021-2022 started with an order backlog of ₹ 317.75 crores (4431 MVA).

For detailed analysis of the performance, please refer to the Management Discussion and Analysis section of the Annual Report given in Annexure-IV.

B) COVID-19 UPDATE:

The COVID-19 pandemic is a global humanitarian and health crisis, which continues to impact all our stakeholders: employees, customers, vendors, investors and communities in which we operate in. The actions taken by various state governments to contain the pandemic, such as closing of borders and lockdown restrictions, have resulted in significant disruption to people and businesses. While vaccines have been made available, there are delays in vaccinating larger populations, increased instances of variants and infections, and consequential stress on the health sector. Consequently, market demand in some segments and supply chains have been affected. India, is experiencing a second wave of infections, including with new variants of the COVID-19 virus. In second wave there is a marked increase in the number of cases across regions and a small percentage of the Company employees or their families have been adversely affected. In addition, India may experience future waves, which may further stress the healthcare ecosystem.

The Company accorded paramount priority to employees health and safety, continuously review the rapidly changing situation to ensure that measures are continuously implemented to keep employees safe during the covid-19 pandemic and adopted following steps to combat Covid-19 pandemic situation., and keep business going:

- Suspension of all domestic and international travel.
- Enhanced sanitization at factories.
- Work from home policy, wherever feasible.
- Educate employees about importance of masks, social distancing, hygiene, and self-evaluation.
- Engage with customers digitally through webinars for knowledge sharing, business development, remote technological negotiations and service support for trouble shooting and commissioning.
- Executed remote factory acceptance tests on products to help customers to complete their projects in time.
- One time financial aid to all employees (on roll and contract) to mitigate financial hardship.

C) UPDATE ON AMALGAMATION OF KUNJAL INVESTMENTS PVT. LTD AND VOLTAMP TRANSFORMERS LTD :

The Board of Directors of the Company, at its meeting held on 11th May, 2020 have considered and approved a Scheme of Amalgamation (the "Scheme") between Voltamp Transformers Limited ("VTL" or "Company") and Kunjal Investments Private Limited ("KIPL"), under Sections 230 to 232 read with section 66 and other applicable provisions of the Companies Act, 2013 ("2013 Act").

The Scheme contemplates the amalgamation of KIPL with the Company and the dissolution without winding up of KIPL pursuant thereto.

The Scheme has received requisite approval from the statutory authorities including SEBI, Stock Exchanges, Reserve Bank of India and the respective shareholders and creditors (secured and unsecured) of the Company and Kunjal Investments Pvt. ANNEXURE - IV TO THE DIRECTORS' REPORT MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMY / INDUSTRY OVERVIEW:

The macro-economic environment became very challenging during the past year. While private sector capital expenditure was already muted prior to the onset of the Covid-19, the pandemic accelerated the slowdown further during a large part of the financial year with the GDP of India contracting by 23.9 percent in the quarter April-June, 2020. Following the nation-wide lockdown announced in March' 20, the Company manufacturing operations were temporarily halted. The priority of the Company was the safety and health of its employees and safe delivery of finished goods in transit.

With an easing of the nation-wide lockdown phase wise from May' 20 onwards, the supply chain continued disrupted, impacting the Company's factory operations. There were also challenges due to delays in inspection and dispatch of finished goods due to project sites closed. However, capacity utilization and product offtake from the Company's factories improved during the last 4 months of the financial year.

The Government spending in the capital goods continued during the lockdown, though at a slower pace. Private sector spending was need based.

The Govt. of India has taken several measures to mitigate the distress caused by the pandemic by announcing stimulus packages, various reforms under Atmanirbhar Bharat Program i.e. Make in India, Digital India, Emergency Credit Line Guarantee Scheme, amendment in the Insolvency and Bankruptcy Code, Jal Jeevan Mission, Production - Linked Incentive (PLI) Scheme in the 13 key sectors for enhancing India's manufacturing capabilities and enhancing exports. All these policy initiatives will eventually have positive impact on Company's business in medium to long term. The RBI has also taken several measures to support the economy including interest rate cuts. In spite of all measures, economic growth continued to moderate due to lack of demand from large industries and infrastructure sector. The credit growth has continued to be muted during the year as lenders and borrowers remain risk averse due to pandemic led uncertainty. The Second wave not only led to severe health hazards and fatalities relative to the first wave, but also obstructed the nascent economic recovery which had started gaining some pace after second quarter of the year.

The focus of the Company continues on driving profitable growth.

OUTLOOK FOR THE COMPANY:

The Government of India has announced the National Infrastructure Pipeline which envisages massive investments in infra projects, is being expanded to cover 7400 projects. This program, as well as additional incentives announced by the Government as a response to COVID-19, is expected to accelerate capacity addition. Increasing electrification and industrialization and improving infrastructure will drive growth in power consumption. The growth of power sector has been a continuous focus area for the Government of India. In the National Investment Plan (NIP) of ₹ 102 lakhs crore, power sector received 25% of the budget for the next 5 years. With robust initiatives by the Government and focus on clean energy and push for local manufacturing, the demand outlook for the Company business looks promising in medium to long term.

India has been witnessing an alarming resurgence in Covid-19 infections since March 21. Consequently several states have imposed lockdown / restrictive measures to curb the spread of virus. Worsening pandemic situation, localized lockdowns and slower than expected pace of vaccinations have darkened prospects of a nascent economic recovery and accentuated business certainty.

Economic growth prospects hinges on the effective control of pandemic and the relaxation of the restrictions that are in place across the various parts of the country. The restrictions are expected to ease gradually from June onwards. At the same time there is optimism that with higher proportion of the population getting vaccinated, there could be a turnaround in the economic activity as has been witnessed in other parts of the world.

The first quarter of the current year will not be easy as manufacturing activities got hampered on account of shortages of oxygen at sub vendors end and disruption of supply chain on account of restrictions put by various states to curb pandemic.

Presently manufacturing operations at factories started gradually on ease of restrictions but dispatch of finished goods is not moving at desired pace with delay in clearances/ payment release from customers' end. In the current situation it is very difficult to comment on future scenario.

COMMODITIES PRICES & ITS IMPACT:

AN ACROSS-THE-BOARD rise in global commodity prices is leading to input cost pressures and is a growing concern, as it is not only expected to have a bearing on cost of infrastructure development in India but also have an impact on the overall inflation, economic recovery and policy making.

In what is being billed as a new commodity super cycle resulting from recovery in global demand (led by recovery in China and the US), supply-side constraints and loose monetary policy of global central banks, most commodities are on an unprecedented bull run that is expected to extend.

ON THE RISE			
Commodity (Unit)	May 1, 2020	May 7, 2021	% Rise
NSE Nifty Metal Index	1700	5500	223
Hot-rolled coil / HRC Steel*	\$478	\$1519	217
Copper (per pound)	\$2.42	\$4.83	99
Brent Crude (per barrel)	\$24.2	\$68.27	182

Source : COMEX, National Stock Exchange* Contract of 20 short tonnes

Steel, the most commonly used input in construction sector and industries, is at all time highs, as most metals including base and precious metals prices have gone through the roof over the last one year.

With the economy amid a slowdown, such a sharp rise is a bit difficult to comprehend. Hot rolled coil steel futures prices, for instance, have shot up from around \$450-500 in April-2020 to over \$ 1500.

Prices of copper are also at all time high, surpassing the previous peak in February 2011. Copper futures on COMEX have more than doubled from \$2.1 per pound on March 19, 2021. Bullish investors bet that demand for copper will increase further as the world economy recovers from Covid slumps and as investment into green energy sectors ramp up.

After bottoming out in April, Brent Crude oil price are also on a tear, nearing around \$73 to a barrel with any potential rise above \$75 being seen as taking it further up till \$85 a barrel according to report in the business daily.

As India has outlined a big infrastructure development plan, the sharp rise in prices of steel and cement is a bit of a worry. For every percentage point growth in GDP, this would lead to a backward increase in cost on account of increase in price of steel and cement. Also, if we increase the cost of building infra, it will lead to increase in costing of the project and then the toll prices among others.

Recovery in big economies like China and the US are driving the prices of metals.

FINANCIAL PERFORMANCE OF THE COMPANY DURING THE LAST FIVE YEARS:

Profit Before Tax (PBT), Profit After Tax (PAT), and Sales and Services Income of the last five years.

The Company has achieved net sales and service revenue of ₹ 692.30 Crores as compared to ₹ 858.57 crores in the previous year and the PBT increased to ₹ 140.46 crores as compared to ₹ 113.35 crores in the previous year and PAT increased to ₹ 111.21 crores as compared to ₹ 88.93 crores in the previous year.

FACTORS AFFECTING OUR FUTURE RESULTS OF OPERATIONS:

The major factors affecting future results of operations of your Company are the currency fluctuation, competitive pressures from local as well as recently entered International competitors, Govt. policies on power and infrastructure sectors and project implementation, large unutilized capacity in Industry, aggressive pricing, continuing and highly volatile raw material prices, Covid-19 pandemic and timely availability of imported raw materials at budgeted cost.

HUMAN RESOURCES/ INDUSTRIAL RELATIONS:

The Company continue its focus on development of human resources. The Company is a firm believer that its employee are its strength and the Company therefore respects individual rights and dignity of all its employees. The relations of the management with employees during the year continued to be cordial. Learning and development has been strengthened to bring value addition in the employee and to enhance team building leading towards success. The Company focuses on providing the employees, employee - friendly environment and culture and career growth opportunities.

INTERNAL CONTROL SYSTEMS:

The Company has in place, commensurate with the size and complexity of Company's business operation, effective internal control systems and policies for compliance of laws and to safeguard the interest of the Company. The Company maintains a system of internal controls designed to provide reasonable assurance regarding the efficiency and reliability of operations and for safeguarding the assets of the Company and for ensuring appropriate recording and reporting of financial information for ensuring reliability of financial controls and for ensuring compliance of applicable laws and regulations.

The internal financial controls are adequate and are operating effectively and there are proper systems in place to ensure compliance with the provisions of all applicable laws and such systems are adequate and operating effectively.

The internal audit covers a wide variety of operational matters and ensures compliance with specific standards with regard to reliability and suitability of policies and procedures.

The internal auditors report to the top management through CFO and continuously monitor adherence to laid down systems and policies. Services of internal auditors are being outsourced through established audit firm. The systems are regularly reviewed and modified for changes in operating and regulatory requirements.

The Audit Committee reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening the same from time to time.

RISKS & CONCERNS:

Currently the Covid-19 pandemic seems to be the biggest threat to the power sector and the economy. The Covid-19 pandemic is a global humanitarian and health crisis, which continues to impact all our stakeholders: employees, customers, vendors, investors and communities in which we operate in. Covid-19 will be crucial parameter to watch while forecasting upcoming businesses opportunities. Unprecedented increase in major material prices is also a area of concern adversely impacting fixed price orders for transformers. The wide fluctuation of rupee against US Dollars also affects margin since the key raw materials, viz. copper, transformer oil, special steels for lamination, etc., are of import origin.

STRENGTH:

The Company is debt free since many years and having a good amount of investments of its surplus funds in diversified portfolios, viz. debt and equity mutual funds, bonds, debentures, fixed deposits, PMS, tax-free bonds, etc. and the Company has efficient working capital management. The Company has a diverse industrial client base and not dependent on any particular industry segment or region to book orders. Continuity of senior level management staff in service with long duration allows the Company to handle larger volume of business with comparatively less risk.

INDEPENDENT AUDITORS' REPORT

To,
The Members of Voltamp Transformers Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Voltamp Transformers Limited (“the Company”), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Emphasis of Matter

We draw attention to Note 49 of the financial statements in respect of Scheme of Amalgamation. The Board of Directors had, at their meeting held on 11th May, 2020 inter alia approved Scheme of Amalgamation between the Company and Kunjal Investment Private Limited (“KIPL”) w.e.f. the Appointed Date i.e. 1st June, 2020. The Scheme is subject to necessary approvals from regulatory authorities. Pending such approvals, no accounting effect of the above mentioned scheme has been given in financial statements for the year ended 31st March, 2021.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr No	Key Audit Matter	Auditor’s Response
1	<p>Litigations, Provisions and Contingent Liabilities</p> <p>The Company has several litigations for to direct tax as well as indirect tax which include matters under dispute which involves significant management judgement and estimates on the possible outcome of the litigations and consequent provisioning thereof or disclosure as contingent liabilities.</p> <p>Refer note no. 43 of financial statement.</p>	<p>Principal Audit Procedures</p> <p>As part of the audit process, we obtained from the management details of matters under disputes including ongoing and completed tax assessments, demands and other litigations.</p> <p>Our audit approach for the above consists of the following audit procedures:</p> <ul style="list-style-type: none"> - Evaluation and testing of the design of internal controls followed by the Company relating to litigations and open tax positions for direct and indirect taxes and process followed to decide provisioning or disclosure as Contingent Liabilities; - Discussed with Company’s legal team and taxation team for sufficient understanding of on-going and potential legal matters impacting the Company. - We involved our internal expert to evaluate the management’s underlying judgements in making their estimates with regard to such matters.

Information other than the Financial Statement and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Board's Report including Annexure to that Board's Report, Corporate Governance, and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error;

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so;

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation;

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit;

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards;

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;
 - (d) In our opinion, the aforesaid Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of the written representations received from the Directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of section 197 of the Act; and

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 43 to the Financial Statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 1. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 2. Further, in our opinion and according to information and explanation given to us, provision of section 186 in respect of loans and advances given and investment made have been complied with by the Company. There are no guarantees and securities given in respect of which provision of section 186 of the Act are applicable and hence not commented upon;
- V. In our opinion and as explained to us, the Company has not accepted any deposits during the year and therefore, the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder are not applicable to the Company;
- VI. We have broadly reviewed the cost records maintained by the Company as prescribed by the Central Government under sub section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that prima facie the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete;
- VII. According to the information and explanations given to us, in respect of statutory dues:
- (a) According to the information and explanations given to us and the records examined by us, the Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, Goods and Service Tax (GST), custom duty, cess and other statutory dues and there are no undisputed statutory dues outstanding as at 31st March, 2021, for a period of more than six months from the date they became payable;
- (b) According to the information and explanations given to us and the records examined by us, there are no dues of income tax, sales tax, wealth-tax, service tax, duty of customs, duty of excise, value added tax or cess that has not been deposited on account of disputes except the following:

Name of the Statute	Nature of dues	Amount* (₹ in Lakhs)	Period to which the amount relates	Forum where dispute is pending

Annexure 'B' to the Independent Auditors' Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **VOLTAMP TRANSFORMERS LIMITED** ("the Company") as of 31st March, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements of the Company that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements of the Company were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements of the Company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an internal financial controls with reference to financial statements of the Company and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES

NOTE: 1

CORPORATE INFORMATION

Voltamp Transformers Limited was incorporated in the year 1967 as Voltamp Transformers Private Limited in Vadodara, as a Private Company limited by shares. Subsequently, it was converted into a Public Company, in the year 2006. It has its Registered Office in Vadodara, and the manufacturing plants are located at Makarpura, Vadodara and at Savli, District Vadodara.

The Financial Statements of the Company for the year ended 31st March, 2021 were authorized for issue in accordance with a resolution of the Board of Directors on 25th June, 2021.

NOTE: 2

BASIS OF PREPARATION

i. Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (“Ind AS”) notified under section 133 of the Companies Act, 2013 (“the Act”), Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and other relevant provisions of the Act as applicable.

ii. Historical cost convention

The financial statements have been prepared on a historical cost basis, except the following:

- Certain financial assets and liabilities that are measured at fair value;
- Defined benefit plans – plan assets measured at fair value.

iii. Functional and presentation currency

These financial statements are presented in Indian Rupees, which is the Company’s functional currency, and all values are rounded to the nearest Lakhs, except otherwise indicated.

2.1 COMPOSITION OF FINANCIAL STATEMENTS

The financial statements are drawn up in INR, the functional currency of the Company, and in accordance with Ind As presentation. The financial statements comprise:

- Balance Sheet
- Statement of Profit & Loss
- Statement of Changes in Equity
- Statement of Cash flow
- Notes to Financial Statement

2.2 SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY NOTES

A. Property, Plant and Equipment:

i. Recognition and measurement

Freehold land is carried at cost and not depreciated. All other items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items.

Income and expenses related to the incidental operations, not necessary to bring the item to the location and condition necessary for it to be capable of operating in the manner intended by management, are recognized in the Statement of Profit and Loss.

If significant parts of an item of property, plant and equipment have different useful life, then they are accounted and depreciated for as separate items (major components) of property, plant and equipment.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

An Item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss on disposal of an item of property, plant and equipment is recognized in the Statement of Profit and Loss.

ii. Subsequent Expenditure

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Capital Work-in-Progress

Plant and properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying asset, borrowing costs capitalized in accordance with the Company's accounting policies. Such plant and Properties are classified and capitalized to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the asset are ready for their intended use.

iv. Depreciation

Depreciation is recognized so as to write off the cost of the assets (other than freehold land and Capital work in progress) less their residual values over their useful lives, using the written down value method as per the useful life prescribed in schedule II to the Companies Act, 2013. The Estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in the estimated accounted for on a prospective basis. The estimated useful lives are as mentioned below:

Asset	Useful Lives (Years)
Factory Building	30 years
Plant & Machinery	15 years
Electrical Installation	10 years
Furniture and Fixtures	10 years
Vehicles	8 years
Office Equipments	5 years
Computer & Hardware	3 years

B. Intangible Assets:

i. Recognition and measurement

Intangible Assets are stated at cost of acquisition less accumulated amortization and accumulated impairment, if any. Amortization is done over their estimated useful life on straight line basis from the date that they are available for intended use, subjected to impairment test.

ii. Amortization

Software, which is not an integral part of the related hardware is classified as an intangible asset and is amortized over the useful life of 3 years.

C. Impairment:

Non - financial assets

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite life may be impaired. If any such impairment exists, the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Recoverable amount is the higher of fair valueless costs of disposal and value in use. If the recoverable amount of the asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in statement of Profit and Loss.

D. Inventories:

Inventories are measured at the lower of Cost and Net Realizable Value. The cost of inventories is based on the first-in first-out formula, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work in progress, costs include an appropriate share of fixed production overheads based on normal operating capacity.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. The Net realisable value of work in progress is determined with reference to the selling prices of related finished products.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

The comparison of cost and net realizable value is made on an item-by-item basis.

E. Trade Receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

Trade receivables are carried at original invoice amount less any provisions for doubtful debts based on expected credit loss calculations. Provision for allowance are made where there is evidence of risk of non-payment, taking into account ageing, previous experience and general economic conditions. When a trade receivable is determined to be uncollectable it is written off, firstly against any provision available then to Statement of Profit and Loss Account.

F. Investments and Other Financial Assets:

Classification:

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income, or through Statement of Profit and Loss), and
- Those measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt or equity investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, in case of a financial asset not at fair value through profit and loss, the Company measures a financial asset at its fair value plus, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through Statement of Profit and Loss are expensed in Statement of Profit and Loss.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

- (a) Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost.
- (b) Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through Other Comprehensive Income (OCI), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit and loss and recognized in other gains/ losses. Interest income from these financial assets is included in other income using the effective interest rate method.
- (c) Fair value through profit and loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to Statement of Profit and Loss. Dividends from such investments are recognized in Statement of Profit and Loss as other income when the Company's right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gain/losses in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Derecognition

A financial asset is derecognized only when

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Impairment

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets, which are not fair valued through profit or loss/OCI.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables and
- Other receivables not measures through profit and loss/OCI

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount.

G. Cash and Cash Equivalents:

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and highly liquid investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from the operating, investing and financing activities of the Company segregated.

In the Cash-flow statement, cash and cash equivalents are shown net of bank overdrafts, which are included as current borrowings in liabilities on the balance sheet.

H. Financial Liabilities:

Measurement

All financial liabilities are recognized initially at fair value and in the case of loans, borrowings and payables recognized net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the Effective Interest rate (EIR) amortization process.

I. Foreign Currency Translation:

Transactions in foreign currencies are initially recorded by the Company at the rate of exchange prevailing on the date of the transaction.

Monetary assets and monetary liabilities denominated in foreign currencies remaining unsettled at the end of the year are converted at the exchange rate prevailing on the reporting date.

Differences arising on settlement or conversion of monetary items are recognized in statement of profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/ (losses).

J. Revenue recognition:

I. Revenue from sale of product:

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Revenue from the sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on the delivery of the goods.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer e.g. unbilled revenue. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset i.e. unbilled revenue is recognized for the earned consideration that is conditional.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contract liabilities are recognized as revenue when the Company performs under the contract.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component, non-cash component and consideration payable to the customer like return, allowances, trade discounts and volume rebates.

Sales are disclosed excluding net of sales returns, service tax, value added tax and Goods and Services Tax (GST).

II. Revenue from sale of Service:

Revenue from service related activities is recognized as and when services are rendered and on the basis of contractual terms with the parties.

K. Other Incomes

I. Dividend income:

Revenue is recognised when the Company's right to receive the payment is established.

II. Interest income:

Interest income from the financial assets is recognized on a time basis, by reference to the principle outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Company and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

III. Export incentives:

Export incentives are recognized when the right to receive them as per the terms of the entitlement is established in respect of exports made.

IV. Other income:

i) Other income is accounted for on accrual basis except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

ii) Claims/Insurance Claim etc, are accounted for when no significant uncertainties are attached to their eventual receipts.

L. Employee benefits:

i. Defined Benefit Obligation Plans:

Gratuity

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The gratuity plan in Company is funded through annual contributions to Life Insurance Corporation of India (LIC) under its Company's Gratuity Scheme. The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The present value of the defined benefit obligation is determined by discounting the estimated future cash

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

outflows using interest rates of Government bonds. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Past-service costs are recognized immediately in profit or loss.

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year and are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of Government bonds. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in profit or loss in the period in which they arise. Past-service costs are recognized immediately in profit or loss.

ii. Defined Contribution Plans:

Superannuation fund:

The Company has a superannuation plan for the benefit of its employees. Employees who are members of the defined benefit superannuation plan are entitled to benefits depending on the years of service and salary drawn. Such contributions are recognized as an expense as and when incurred. The Company does not have any further obligations beyond this contribution.

Provident Fund & Employee State Insurance:

Contribution towards provident fund and employee state insurance for employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

iii. Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

M. Borrowing costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

N. Taxation:

i. Current Income Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii. **Deferred Tax:**

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit nor loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences only if it is probable that future taxable amounts will be available to utilize those temporary differences.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

O. **Provisions and Contingencies:**

i. **Provisions:**

Provisions for legal claims, product warranties and make good obligations are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Long-term provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money. Short term provisions are carried at their redemption value and are not offset against receivables from reimbursements.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

ii. **Contingent Liabilities:**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

P. **Government Grants:**

Government grants are recognized only when there is reasonable assurance that the conditions attached to them shall be complied with, and the grants will be received. Deferred income is recognized in the statement of profit or loss on a systematic and rational basis over the useful life of the asset. Government grants related to revenue are recognized on a systematic basis in the statement of profit or loss over the periods as and when related obligations necessary to match them with the related costs which they are intended to compensate.

Q. **Earnings per Share:**

(i) Basic earnings per share

Basic earnings per equity share are calculated by dividing:

- The profit attributable to owners of the Company, excluding any costs of servicing equity other than ordinary shares.
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

R. **Leases:**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

Lease Liability

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

Right-of-use assets

Initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

Subsequent measurement

Lease Liability

Company measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Right-of-use assets

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset.

Impairment

Right of use assets is evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Short term Lease:

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the Company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

S. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting to the Chief Operating Decision Maker "CODM" of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segment. The Company has monthly review and forecasting procedure in place and CODM reviews the operations of the Company as a whole.

T. Exceptional items:

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item and accordingly are disclosed separately, if any.

2.3 KEY ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

While preparing financial statements in conformity with Ind AS, the management has made certain estimates and assumptions that require subjective and complex judgments. These judgments affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, disclosure of contingent liabilities at the statement of financial position date and the reported amount of income and expenses for the reporting period. Financial reporting results rely on the management estimate of the effect of certain matters that are inherently uncertain. Future events rarely develop exactly as forecasted and the best estimates require adjustments, as actual results may differ from these estimates under different assumptions or conditions. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgment, estimates and assumptions are required in particular for:

(i) Determination of the estimated useful life of tangible assets:

Useful life of tangible assets is based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful life are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(ii) Recognition and measurement of defined benefit obligations:

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The discount rate is determined by reference to market yields at the end of the reporting period on government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. Due to complexities involved in the valuation and its long term nature, defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

(iii) Recognition of deferred tax liabilities:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

(iv) Discounting of financial assets / liabilities:

All financial assets / liabilities are required to be measured at fair value on initial recognition. In case of financial assets / liabilities which are required to be subsequently measured at amortized cost, interest is accrued using the effective interest method.

(v) Provisions:

Significant estimates are involved in the determination of provisions related to liquidated damages and warranty costs. The Company records a provision for onerous sales contracts when current estimates of total contract costs exceed expected contract revenue. The provision for warranty, liquidated damages, onerous contracts is based on the best estimate required to settle the present obligation at the end of the reporting period.

Legal proceedings often involve complex legal issues and are subject to substantial uncertainties. Accordingly, considerable judgment is part of determining whether it is probable that there is a present obligation as a result of a past event at the end of the reporting period, whether it is probable that such a Legal Proceeding will result in an outflow of resources and whether the amount of the obligation can be reliably estimated. Internal and external counsels are generally part of the determination process.

3. Recent Accounting Pronouncements:

On March 24, 2021, the Ministry of Corporate Affairs (“MCA”) through a notification, amended Schedule III of the Companies Act, 2013. The amendment revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- Lease liabilities should be separately disclosed under the head ‘financial liabilities’, duly distinguished as current or non-current.
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- Specified format for disclosure of shareholding of promoters.
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- If a Company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- Specific disclosure under ‘additional regulatory requirement’ such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of Company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc. Statement of profit and loss:
- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head ‘additional information’ in the notes forming part of the standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

(I) Fair value hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds and Portfolio Management Service (PMS) that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV. The Portfolio Management Service (PMS) are valued at the fair value provided by the respective fund manager as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted analysis.

46 Financial Risk Management

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(A) Credit risk

Credit risk is the risk of financial loss to the Company if customers or counter party to a financial instruments fails to meet its contractual obligations and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants the credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimates of current losses in respect of trade and other receivables.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Credit risk management

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer and including the default risk of the industry, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business;
- ii) Actual or expected significant changes in the operating results of the counterparty;
- iii) Financial or economic conditions that are expected to cause a significant change to the counter party's ability to meet its obligations;
- iv) Significant increase in credit risk on other financial instruments of the same counterparty;
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a trade receivables failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

For trade receivables, the Company applies the simplified approach permitted by Ind AS 109 Financial Instrument, which requires expected lifetime losses to be recognized from initial recognition of the receivables. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and relevant information that is available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The reconciliation of ECL is as follows:

Particulars	(₹ in Lakhs)	
	As at 31 st March, 2021	As at 31 st March, 2020

Balance at the end	32.28	42.93

Other than trade and other receivables, the Company has no other financial assets that are past due but not impaired.

(B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.
