CHAIRPERSON'S STATEMENT

As FY 2021 was coming to end, the country was once again hit by an unprecedented and severe Covid-19 second wave. The infrastructure facilities of the country were stretched beyond limits. Despite tremendous efforts taken by both the Central and State Governments, unfortunately, a lot of people got infected, and many lost their lives. To curtail the spread of infections, lockdowns and disruptions were inevitable which resulted in the economy and livelihood getting impacted especially for the shops, small businesses and self-employed. The Central Government and the Reserve Bank of India took timely steps to help the borrowers and support the economy. It was indeed a very difficult situation for the country and banks.

As you know, your Bank has been consistently following the strategy

of targeting self-employed / small business owners. Pandemic disruptions and lockdowns affected the self-employed segment much more than the salaried segment. Consequently, the NPAs and restructured loan book increased sharply for the Bank in Q1 FY 2022. Also, new loan demand was limited due to lack of opportunities in the self-employed category. This resulted in stagnation of the loan book for the first few months of FY 2022. During this difficult period, the Bank's focus was on helping customers within the regulatory framework and managing collections and recoveries. Towards the end of Q2 FY 2022, the situation started to improve, and the Bank started re-building its Balance Sheet while continuing to intensely manage NPAs.

Looking at the collections, recoveries, and new business in the last few months of FY 2022, there are clear signs that the economy is recovering from the impact of pandemic and our country's self-employed segment is once again demonstrating resilience.

I am very happy to share with you that in comparison to the previous year, although effectively we had business opportunities only for three quarters in FY 2022, the Bank achieved Advances growth of 13%, Deposits growth of 17%, CASA ratio of 26.8% and Balance Sheet growth of 13%. Under these unusual and

There are clear signs that the economy is recovering from the impact of pandemic and our country's self-employed segment is once again demonstrating resilience.

unanticipated external conditions, the Bank's NPAs and restructured loan book remained within acceptable limits. The Bank has made conservative loan loss provisions and the Provision coverage stood at 67.84% as on March 31, 2022.

Since 2009, the Bank has been targeting the self-employed segment. The Bank's portfolio is largely small ticket secured lending. Although NPAs and restructure increased due to Covid-19, the Bank was able to absorb additional credit loss provisions because of strong Operating Profit.

The Bank's capital position remained strong at Tier I of 15.84% and overall, 18.92%.

As we emerge from effectively dealing with the massive headwinds of Covid-19, the Bank is in a good position to meet its growth ambition in the coming years. I have been part of the Bank's Board since 2015 and I can say that building an institution requires sensible leadership, culture, dedicated team, and strong governance. The process of institution building is gradual, painstaking, demands tremendous energy and patience, take appropriate measured risks within the risk appetite, customer orientation and agility to deal with a dynamic / challenging environment. We are confident we have the ingredients for continuing to build a strong institution.

At the time of writing this, I am delighted to share with you that recently I had the privilege of inaugurating DCB Bank's

400th branch. The milestone branch is located at the bustling historic Azadpur Mandi at Delhi/NCR. This location has a huge potential for the Bank's self-employed / small businesses target market. Over the next few years, we expect the Bank to continue to build its branch network across the chosen geographies.

India has a large resilient diversified economy. It has withstood the onslaught of Covid-19 and I am confident that despite recent geo-political disturbances, Indian economy will perform well in the coming years giving opportunities for our Bank to continuously increase its customer base and build a robust business.

I am delighted to be given charge as Chairperson of the Bank by the Board of Directors. I am excited to be part of this journey. I am looking forward to working with the Board and the Management Team to guide the Bank in the coming months.

 - f. In case of Shareholder being tax resident of Singapore, please furnish the letter issued by the Competent Authority or any other evidences demonstrating the non-applicability of Article 24 - Limitation of Relief under India-Singapore Double Taxation Avoidance Agreement (DTAA);
- viii) Please note that the Bank is not obligated to apply the beneficial DTAA rates at the time of tax deduction / withholding on dividend amounts. Application of beneficial DTAA Rate shall depend upon the completeness and satisfactory review by the Bank, of the documents submitted by Non- Resident shareholder.

- ix) Accordingly, in order to enable the Bank to determine the appropriate TDS / withholding tax rate applicable, we request the Members to provide these details and documents as mentioned above before June 15, 2022.
- x) The Bank shall arrange to email the soft copy of TDS certificate at the registered E-mail ID of Members after payment of dividend.

Section 206AB of the Income Tax Act, 1961:

Rate of TDS @10% under Section 194 of the Act is subject to provisions of Section 206AB of Act (effective from July 01, 2021) which introduces special provisions for TDS in respect of non-filers of Income-Tax Return. As provided in Section 206AB, Tax is required to be deducted at higher of following rates in case of payments to specified persons:

- at twice the rate specified in the relevant provision of the Act; or
- at twice the rate or rates in force; or
- at the rate of 5%.

Where Sections 206AA and 206AB are applicable, i.e., the specified person has not submitted the PAN as well as not filed the return; tax shall be deducted at the higher of the two rates prescribed in these two Sections.

The term ‘specified person’ is defined in sub section (3) of Section 206AB who satisfies the following conditions:

- A person who has not filed the Income Tax return for two previous years immediately prior to the previous year in which tax is required to be deducted, for which the time limit of filing of return of income under section 139(1) of the IT Act has expired; and
- The aggregate of TDS and TCS in his case is ₹ 50,000 or more in each of these two previous years.

The Non-Resident who does not have a permanent establishment is excluded from the scope of ‘specified person’.

Members are requested to inform in advance and before cut-off date i.e., June 15, 2022 if they are covered under the definition of ‘specified person’ as provided in section 206AB of the IT Act. The Bank reserves the right to recover any demand raised subsequently on the Bank for not informing the Bank, or providing wrong information about applicability of Section 206AB.

Updating of PAN, email address and other details:

Shareholders holding shares in dematerialized mode, are requested to update their records such as Tax

Residential Status, Permanent Account Number (PAN), registered email addresses, mobile numbers and other details with their relevant Depositories through their Depository Participants. Shareholders holding shares in physical mode are requested to furnish details to the Bank's Registrar and Share Transfer Agent. ITEM NO. 4

Re-appointment of Joint Statutory Central Auditors and to fix their remuneration

In compliance with the guidelines dated April 27, 2021, issued by Reserve Bank of India (RBI) and the resolution passed by the Members at the Twenty- Sixth Annual General Meeting held on August 13, 2021, terms of M/s S R Batliboi & Associates LLP, Chartered Accountants (Registration No.101049W/E300004) were revised from 4 years to 3 years from the FY 2020-21 till (and including) the FY 2022-23 as Statutory Auditors of the Bank to hold office for three (3) years from their original appointment at the Twenty Fifth Annual General Meeting till the conclusion of the Twenty Eighth Annual General Meeting. Pursuant to the aforesaid RBI Guidelines, M/s Sundaram & Srinivasan, Chartered Accountants, (ICAI Registration No. 004207S), were also appointed as Joint Statutory Auditors of the Bank in the Twenty- Sixth Annual General Meeting and now both the statutory auditors are working as joint statutory auditors for the Bank from FY 2021-22.

As per the requirement of the Companies Act, 2013 (the Act) M/s S R Batliboi & Associates LLP, Chartered Accountants and M/s Sundaram & Srinivasan, Chartered Accountants have confirmed that their appointment if made would be within the limits specified under Section 141(3) (g) of the Act and they are not disqualified to be appointed as statutory auditor/s in terms of the provisions of the proviso to Section 139(1), Section 141(2) and Section 141(3) of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014. RBI approval is awaited for appointment M/s S R Batliboi & Associates LLP, Chartered Accountants and M/s Sundaram & Srinivasan, Chartered Accountants for the Financial Year 2022-23. Subject to approval of RBI, approval of the Members are requested for appointment of M/s S R Batliboi & Associates LLP, Chartered Accountants and M/s Sundaram & Srinivasan, Chartered Accountants for the Financial Year 2022-23 as Joint Statutory Central Auditors of the Bank from the conclusion of 27th AGM till the conclusion of 28th AGM on a remuneration proposed at ₹ 1.45 Crore (Rupees One Crore Forty Five Lakh only) plus out of pocket expenses and taxes at the applicable rates for the purpose of audit for the Financial Year 2022-23, to be allocated by the Bank between M/s S R Batliboi & Associates LLP Chartered Accountants and M/s Sundaram & Srinivasan, Chartered Accountants as may be mutually agreed between the Bank and the said

joint statutory auditors, depending upon their respective scope of work. The remuneration paid to the Statutory Auditors will be disclosed in the Corporate Governance Report as well as the Annual Financial Statements of the Bank on an annual basis.

M/s. S. R. Batliboi & Associates LLP, Chartered Accountants is a partnership firm established in 1965 with registered office at Kolkata and 15 locations across the country, 16 partners and a team of 1036 qualified accountants and provides audit and related services in India. The firm has experience across a range of industries and market segments. They have past experience of auditing companies in the financial services sector including banks and at present too are auditors of several companies in the sector.

M/s Sundaram & Srinivasan, Chartered Accountants (ICAI Registration No. 004207S) is a partnership firm established in 1943 with registered office in Chennai. They have strong presence in Southern India and provide audit and related services across India.

The Board of Directors recommends the re-appointment of M/s. S R Batliboi & Associates LLP and M/s Sundaram & Srinivasan, as joint Statutory Auditors of the Bank for FY 2022-23 and passing of the Resolutions in Item Nos. 4 of the accompanying Notice.

None of the Directors, Key Managerial Personnel and their relatives are concerned or interested in the passing of the Resolutions in item No. 4.

ITEM NO. 5

Raising of funds by issue of bonds/ debentures/ securities on private placement basis

The Bank has been borrowing funds to meet the business requirements within the limits approved by the Members by way of issuance of various debt securities (bonds/ debentures) as permitted by the Reserve Bank of India ("RBI") and in accordance with the provisions of the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended, and other applicable laws, from time to time.

In terms of Section 42 of the Companies Act, 2013 read with Companies (Prospectus and Allotment of Securities) Rules, 2014, the Bank is permitted to make private placement of securities subject to the condition that the proposed offer of Securities or invitation to subscribe Securities has been previously approved by the Members of the Bank, by a Special Resolution, for each of the offers or invitations/ subscriptions. In case of offer or invitation for subscription of non-convertible

debentures, it shall be sufficient if the Bank passes a Special Resolution only once in a year for all the offers or invitation for subscription of such debentures during the year. While the Members had passed a Special Resolution at the last AGM held on August 13, 2021, in case the Bank needs to or gets an opportunity to raise such funds hereinafter during the period of about one year from the forthcoming AGM, it will require Members' fresh approval at that time which could be time consuming. Hence it is proposed to seek approval of the Members once again in the forthcoming 27th AGM which shall be valid for one year from the date of the Members' approval.

Further, considering the features of the revised guidelines issued by the RBI on issue of long term bonds/ Basel III Tier I /Tier II bonds and the fact that these bonds will also assist the Bank in reducing asset liability mismatches, the Board of Directors has proposed to obtain the consent of the Members of the Bank for borrowing/ raising funds in Indian/ foreign currency by issue of debt securities pursuant to the relevant provisions of the applicable circulars or guidelines issued by the RBI, up to ₹500 crore (Rupees Five Hundred Crore only) in aggregate, for additional Tier I and Tier II capital, in one or more tranches in domestic and /or overseas market, as per the structure and within the limits permitted by RBI and other regulatory authorities, to eligible investors on private placement basis, on such terms and conditions as the Board of Directors or any committee(s) thereof or such other persons as may be authorized by the Board, from time to time, determine and consider proper and appropriate for the Bank. This would form part of the overall borrowing limits under Section 180(1)(c) of the Companies Act, 2013. The Resolution under Section 42 of Companies Act, 2013 shall be valid for a period of one year from the date of passing of this Resolution.

The pricing of the debt securities referred above depends primarily upon the rates prevailing for risk free instruments, rates on other competing instruments of similar rating and tenor in the domestic or overseas markets, investor appetite for such instruments and investor regulations, which enable investments in such instruments.

Further, debt securities would be issued for cash either at par or premium or at discount to the face value depending upon the prevailing market conditions, as permitted under the applicable laws.

Accordingly, the approval of Members is being sought by way of a Special Resolution as set out at in Item No. 5 of this Notice for borrowing / raising funds in Indian / foreign currency by issue of debt securities on private placement basis.

Your Board recommends the Special Resolution, as set forth in Item No.5 of this Notice for approval by the Members of the Bank.

None of the Directors or Key Managerial Personnel or their respective relatives is concerned or interested in the passing of the Special Resolution at Item No.5.

ITEM NO. 6

Issue of equity shares / other securities convertible into equity shares (“Securities”) through Qualified Institutions Placement (QIP):

The Special Resolution proposed in the Notice relates to the proposed issue of Equity Shares as defined in the text of the Special Resolution thereat to Qualified Institutional Buyers as defined under Chapter VI of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (“ICDR Regulations”) for an amount not exceeding ₹ 500 Crore (Rupees Five Hundred Crore only), through a Qualified Institutions Placement.

The Bank proposes to grow secured retail assets (e.g. housing loans, gold loans etc.), Micro SME / SME, Mid Corporate, Agriculture and Microfinance businesses. The risk weighted assets of the Bank are expected to rise with increase in the business level. In this backdrop, the Bank proposes to shore up its capital base through issue of Equity Shares. Assuming maintenance of conservative ratio of 11.50 % capital adequacy on incremental assets, the proceeds of the issue of Equity Shares would enable the Bank to add approximately ₹ 4,348.00 crore of risk weighted assets.

The proposed issuance of Equity Shares in terms of the Special Resolution in the Notice will be in conformity with the provisions of all applicable laws.

The detailed terms and conditions for the issuance of the Equity Shares as and when made will be determined by the Board in consultation with the Merchant Bankers, Lead Managers, Advisors and such other authorities as may require to be considered by the Bank, considering the prevailing market conditions and other relevant factors. The Special Resolution seeks to give the Board powers to issue Equity Shares in one or more tranches at such time or times, at such price or prices, and to such of the Investors as are mentioned therein as the Board in its absolute discretion deems fit.

Since the Special Resolutions proposed in the Notice under Item No.6 may or will result in the issue of Equity Shares of the Bank otherwise than to the Members of

the Bank, consent of the Members is being sought pursuant to the provisions of Sections 62(1)(c) and other applicable provisions of the Companies Act, 2013 as well as applicable provisions, if any, of the Companies Act, 1956 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in terms of the Special Resolutions in the Notice. The Board recommends the Special Resolution as set out in Item No. 6 of the accompanying Notice, for approval of the Members.

The Directors of the Bank, Key Managerial Persons and their relatives may be deemed to be concerned or interested in the Special Resolution as set out in Item No. 6 to the extent that their respective percentage shareholding in the Bank may be affected in case of issue of Equity Shares to the Investors pursuant thereto.

MANAGEMENT DISCUSSION AND ANALYSIS

VISION

The Bank's vision is to be the most innovative and responsive neighbourhood bank in India serving entrepreneurs, individuals, and businesses. In line with our vision, we began implementing a new strategy in FY 2010.

TARGET MARKET

Keeping in view its inherent strengths, branch network and expertise, the Bank's target market is mainly small business owners / self-employed / small business segment (traders, shopkeepers, business owners, MSMEs and SMEs). The Bank has chosen to have limited presence in the salaried segment. The MSME / SME sector is a vibrant and dynamic sector of the Indian economy and plays a very important role in the growth of the Indian economy. This segment is usually resilient and displays entrepreneurial spirit. Small enterprises create millions of jobs and maintain social stability. The MSME sector plays a pivotal role in the economic and social development of the country. As per estimates the MSME sector contributes around 30% to India's GDP.

Some useful information on the MSME sector is given below:

- Number of Working Enterprises: 64 million, Employment: 111 million individuals
- Urban: 49%, Rural: 51%
- Manufacturing: 31%, Trade 36%, Other Service: 33%
- Sole Proprietor: 96%

DCB BANK CUSTOMERS

Your Bank provides banking services to a varied base of business owners, self-employed / small businesses for example - Commodity Trader, Gold Trader, Vegetable Trader, Commission Agent, Retailer, Restaurant Owner, Caterer, Baker, Vending Machine Supplier, Consultant, Doctor, Contractor, Interior Decorator, Software Designer, Salon, Beauty Parlour, Printer, Electrical Engineer, Saw Mill, Flour Mill, Rice Mill, Grocery Store, Brick Maker, Builder, Fabricator, Artist, Writer, Auto Repair, Ship Repair, Pharmacy, Computer Specialist, Furniture Maker, Uniform Maker, Garment Shop, Fashion Tailor, Hardware Shop, Agri Processor, Pesticide Dealer, Auto Dealer, Scrap Dealer, Stationery Supplier, FMCG or Consumer Goods Dealer, Tool Maker, Agri Input Dealer, Tractor Dealer, Plastic Manufacturer, Mattress Manufacturer, Water Supplier,

Computer Training Classes, Internet Café, Coaching Classes, Tour Operator, Hotel Owner, Transporter, Ticketing Agent, C&F Agent, amongst others. The list of Self-Employed occupation is endless. The target market is essentially Micro, Small and Medium Enterprises both in Manufacturing and Services. (Please refer to MSMED Act, 2006). Majority of lending to MSME sector qualifies for Priority Sector Lending. A major share of deposits and loans of the Bank are from the self-employed segment.

At the beginning of FY 2022, India was impacted by severe Covid-19 second wave. The infection spread very fast and although both Central and State governments made tremendous efforts to contain the situation, unfortunately the death toll was high. Yet again, to curb the spread of infection, lockdowns and restrictions had to be imposed which resulted in loss of business especially for the small businesses, shops and self-employed (Bank's target segment). The Bank followed a growth strategy underpinned by prudence and caution, prioritizing supporting existing customers in their period of stress and uncertainty. Wherever possible, the Bank within the regulatory framework provided relief / restructure, to eligible borrowers, to tide over the difficult times. Like Covid-19 first wave, after the restrictions were cautiously lifted, economic conditions started improving. Towards Q3 FY 2022, the country was impacted by Covid-19 third wave. However, in comparison to the second wave, the third wave was mild, and the negative impact was limited. By Q4 FY 2022, the economic situation was pretty much back to pre-Covid-19 level and most of the restrictions have been relaxed by both Central and State Governments. As a result of lockdowns affecting the self-employed segment, the Bank's NPAs and Restructured Loans increased in Q1 FY 2022. From Q2 FY 2022, as the Bank stepped up its Collections and Recovery efforts, NPA slippages started declining while recoveries / upgrades steadily improved.

CREDIT RATINGS

During the current year, CRISIL Limited reaffirmed the Bank's rating for Tier II Bonds (under Basel III) to CRISIL AA-/Stable and reaffirmed its rating on the Bank's Certificates of Deposit Programme and Short-term Fixed Deposit Programme at CRISIL A1+. The Bank continues to enjoy ICRA A+ / (stable) rating for Basel III Compliant Tier II Bonds Programme and ICRA A1+ rating for Short Term Fixed Deposits Programme.

Out of which 71 branches are in rural areas and 106 branches are in semi-urban areas. The new branches have a standard, uniform and pleasing look and feel, and they are designed to provide a unique, positive, and seamless banking experience to customers. The Bank had 349 ATMs as on March 31, 2022.

RETAIL BANKING

Retail Banking offers unique products for meeting financial needs of individuals and businesses. The Bank follows a multi-product approach which results in “all products being offered in all branches” subject to customer demand in the branch catchment area. To remain competitive, the Bank is particular about the quality and timeliness of service delivery. The Bank has a wide range of products that caters to the various needs of the customers.

Term Deposits

DCB Bank is usually amongst the top 5 banks in India in terms of offering attractive Term Deposit interest rates especially for longer tenor retail deposits. DCB Bank offers DCB Health Plus Fixed Deposit product which has unique health insurance benefits at “zero cost” to customers (subject to terms and conditions). During FY 2022, the Bank has substantially changed the liquidity profile and mix of its deposits. The continuous focus was on obtaining granular deposits. Consequently, the top 20 deposits ratio which was at 6.98% at the start of the year further declined to 6.31% at the end of FY 2022.

Mortgage and Micro Mortgage Loans

Mortgage is the prime lending product for the Bank and is contributing more than 45% of bank's advances book. As part of the mortgage business, the Bank offers

both Home Loans and Business Loans to self-employed and salaried segments in the neighborhood areas of the Bank's branches. The purpose of these loans, inter alia, are property purchase, home improvement, home repairs, business requirements (purchase of plant and machinery, purchase of stocks, purchase of shops, working capital) and personal expenses such as education, marriage or medical. Micro or small ticket mortgages are most suitable in Tier 2 to Tier 6 locations. Many people in the rural and semi-urban areas derive cash income from informal sectors or trades. At times, many customers do not have sufficient documents to prove their income / repayment capacity for obtaining loans. The Bank has demonstrated the ability to assess the household income for such customers by adopting a method of in-depth personal discussions with the borrowers and co-borrowers. Apart from creating a robust portfolio, the Bank has been able to achieve financial inclusion goals. Most of these micro loans qualify under the Priority Sector Loan (PSL) norms of the RBI. A part of the Bank's portfolio qualifies for long term refinance from National Housing Bank (NHB).

In FY 2022, within the regulatory guidelines, the Bank continued to provide assistance to customers affected by Covid-19 disruptions.

As soon as the Covid-19 second wave abated, the Mortgages business bounced back strongly with increased sourcing from the selected segments and more focus on home loans. The Bank continued to remain cautious and maintained its focus on small ticket secured lending. The Bank expanded its distribution in the Mortgage business by increasing frontline headcount and deepening geographic presence. By the end of FY 2022, new business writing was ahead of pre-Covid-19 volumes.

Construction Finance (CF)

The construction sector is an important contributor to the growth of our economy. Affordable housing in both rural and urban areas is one of the key thrust areas for the Government of India. The implementation of Real Estate Regulation & Development Act, (RERA) 2016 in most states, has brought in much needed transparency in this sector, creating favorable conditions for home buying and financing. The Bank's approach is to focus on reputed builders with a strong track record who are primarily concentrating in the affordable housing segment. At the same time the strategy is to be cautious and limit exposure per builder / project. The Bank has established processes to monitor sales, collections, and utilization of funds towards

project completion. Having faced the brunt of Covid-19 disruptions until June 2021, the housing construction sector responded very well to the enhanced demand from home buyers. The country witnessed many new projects launches during FY 2022 with very robust buying in the affordable and mid-segment housing units across most of the key geographies. The Bank expects ample opportunity in lending to affordable and mid-segment housing projects in line with Government of India impetus on addressing the credit gap / housing shortage in the affordable housing sector.

Commercial Vehicle (CV) Loans

Commercial Vehicle Loans (CV) significantly improves the PSL composition in the Bank. Most of the CV portfolio is categorised as PSL. This facility is offered across 110 locations. The CV industry have been facing headwinds on account of weak economic conditions and pandemic. Recently the sector is also impacted by raising fuel prices. CV industry have been among the worst affected by Covid-19, impacted more than 90% of customers. However, the CV sector is on the path of recovery post Q3 FY 2022. The Bank's CV frontline reached out to each customer through daily visits / calling. In a sensitive and sensible manner, the Bank offered relief to various customers within the regulatory framework. The Bank believes that the CV business, which is integral to the growth of the economy, will see revival in the times to come.

Loan against Gold

Loan against gold is offered in most of the branches of the Bank. The Bank has focused on improving customer experience and service by continuously investing in process improvements through in-housing of valuation process and significant overhaul of the front-end system used for loan processing. Most of the verification and validation processes have been automated leading to faster turnaround and improved customer experience. The bank has invested to improve control and risk mitigation processes.

Insurance and Mutual Funds Distribution

The Bank has corporate agency tie-ups for distribution of life insurance, health insurance and general insurance. The Bank also has referral tie ups for mutual fund distribution. This enables the Bank to deepen customer relationships in addition to increasing fee income.

Traditional Community Banking

In FY 2010, with a vision of strengthening neighbourhood banking, the Bank set up a separate vertical to focus on Traditional Community Banking. The aim was to address the specific needs of the vintage neighbourhood community customers and to provide personalized solutions wherever possible. This perhaps is the purest form of neighbourhood banking and is directed towards addressing small credit needs such as education, personal, business and working capital.

Non-Resident Indian (NRI) business

The Bank has NRI customers from 130 countries, which contribute to 9.26% of the total customer deposits.

Government business (Collection of Direct and Indirect Taxes)

The Bank has been authorised by the Reserve Bank of India, Central Board of Direct Taxes, Central Board of Indirect Taxes and Customs, Controller General of Accounts and Ministry of Finance to collect various kinds of Direct and Indirect Taxes. After technical integration, DCB Bank customers will be able to pay their Direct and Indirect Taxes through Mobile banking or Internet banking platforms as well as through all our branches, resulting in immense ease and convenience for customers.

COLLECTIONS AND RECOVERIES

Collection Team operates out of 250 locations with a hub and spoke model. Being a critical and important function team has developed robust capabilities to collect overdue payments and ensure portfolio quality across products. Extensive use of data analytics to improve predictability has been critical in improving the productivity and performance of the unit.

During the Covid-19 second wave, the Collections team was in regular touch with the customers to understand difficulties faced by them and wherever possible extend relief / support within the regulatory framework. The Collections team also provided financial education on default, moratorium etc to help customers tide over difficult times. The Collections team actively embraced digital payment options to reduce face-to-face (for health and safety) interactions and provide convenience to customers.

The objective is to provide a complete range of commercial banking solutions including Foreign Exchange, Trade Finance and Cash Management. The Bank has a robust underwriting and credit system to address the inherent risks in Corporate Banking. The emphasis is on building a secured loans portfolio and creating long term relationships with high quality large and mid-corporates.

Corporate Bank during the year maintained a stable loan book while continuing to build on the short-term products. This unit is also responsible for providing liquidity through deposits and achieved robust growth in the deposits momentum which is likely to carry on in the coming years. The number of products per customers also increased thereby improving depth.

The intensity and frequency of regular review of exposures continued enabling identification of emerging risks in a timely manner. The focus is to continuously improve understanding of the borrower's business/prospects, ensuring right mix of products, enhance analytics, strong promoter connect, cash flow understanding and tracking. Corporate Banking portfolio quality remained stable during the year.

In FY 2022, the Bank added 30 new customers and leveraged existing customer relationships. Your Bank understands that the RMs must have in-depth knowledge of various industries and corporates. To meet this need, the Bank has introduced and reinforced RM Knowledge Improvement Programs wherein information on various industries, corporates, credit ratings etc are shared with the RMs on a regular basis.

AGRI AND INCLUSIVE BANKING (AIB)

AIB is a separate unit with the main aim of achieving financial inclusion, PSL and enhancing the Bank's

footprint in the Rural and Semi Urban areas. At the end of FY 2022, AIB had 179 branches in 13 states of India. There are many opportunities to offer simple innovative products backed by superior technology in the Rural and Semi Urban areas of India. Many of the new branches are in Tier 2 to Tier 6 locations. There is a constant endeavor to cater to underbanked and unbanked population of the country through a wide range of products, for example, zero balance savings account, small recurring deposit account, small loans to match the income and cash flow cycle. AIB also coordinates the entire PSL efforts for the Bank and is primarily responsible for achieving the financial inclusion targets.

Pradhan Mantri Jan-Dhan Yojana (PMJDY)

In FY 2022, the Bank actively participated in PMJDY program. The Bank had 34,362 PMJDY accounts as on March 31, 2022. The Bank has enabled Rupay Debit Cards for PMJDY account holders.

Pradhan Mantri Suraksha Bima Yojana (PMSBY), Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY), Atal Pension Yojana (APY)

The Bank successfully reached out to unbanked and economically weaker population through PMSBY, PMJJBY and APY programs that are designed to bring social security. Your Bank had 5,733 customers under PMSBY, 2,905 customers under PMJJBY and 4,719 customers in APY as on March 31, 2022.

BSBDA

BSBDA has replaced "No frills account". This is a wonderful product for achieving financial inclusion especially for those who have limited transaction needs in the low-income group. The Bank had 45,493 BSBDA accounts as on March 31, 2022.

Kisan Mitra

"Kisan Mitra" as the name suggests, is a deposit product, which fulfills the requirement and enhances the savings habit in rural areas. It is a product specially designed for farmers. It is a modified Savings Account with zero account opening amount and no Average Quarterly Balance maintenance charges.

Retail Agriculture Loan and Kisan Credit Card

To meet the credit needs of the farmers, the Bank has retail agriculture products like Kisan Credit Card that aims at providing adequate and timely credit support to the farmers for crop cultivation and allied activities. Under the KCC program, the Bank offers Cash Credit

to farmers for purchasing seeds, fertilizers, pesticide for crops cultivation and Term Loan facilities for land levelling, irrigation and purchasing farm equipment.

Tractor Loans

Tractor Loans are an integral part of the total agricultural equipment sector and is an direct indicator of growth in the agricultural sector. The Bank has steadily built its business across Tier 2 to Tier 6 branches. Tractor loans helps the Bank to partly meet PSL targets for agriculture and small and marginal farmers set by the RBI. Rural economy has remained more or less despite Covid-19 disruptions and the Bank has expanded in new locations that has benefited small & marginal farmers.

Microfinance Institutions (MFIs) and Business Correspondents (BCs)

The Bank lends directly to MFIs who in turn lend to end borrowers. Over time, the Bank has created a network of MFI relationships across India. In a few states of India, the Bank is also providing Self-Help Groups (SHGs) and Joint Liability Groups (JLGs) unsecured loans through BCs for economic activities. Group loans from bank has enabled unprivileged customers to avail small loans from the banking sector instead of high-cost borrowing from money lenders. These loans are usually provided to small farmers and weaker sections mainly in rural areas. To support the growth, Bank has an efficient software system for managing BC Loans. This software helps maintain adequate information about the borrowers under SHGs & JLGs. It provides a common platform for both, Bank and BC for smooth processing of loans and has added immense value by reducing the loan disbursal cycle time. The Covid-19 pandemic disruptions resulted in increase in NPAs in the BC MFI loans. The Bank took several steps to address the various issues and put the BC lending back on track.

CO-LENDING PARTNERSHIPS

Co-lending is a unique concept enabled by the RBI. The Bank's intention is to partner with NBFCs that may be offering products not currently offered by the Bank or segments not served by the Bank. In FY 2022, the Bank has entered co-lending partnerships with two leading NBFCs for Gold Loans. Co-lending is likely to be an integral part of Bank's business growth plans in the coming months.

ALTERNATE CHANNELS AND DIGITAL BANKING

Phone Banking

In FY 2022, the Bank's Customer Care Associates attended to approximately 86,000 calls per month. Despite the pandemic disruptions, the Call Center maintained 100% uptime. The Bank also upgraded its technology to enable Work from Home (WFH) capabilities. With the help of technology and training, Bank was able to seamlessly re-direct calls to branch staff to achieve load balancing of calls at the Call Center. This was unique initiative which helped to achieve continuous service to customers, job enrichment to branch staff and cost efficiency.

Bank has also upgraded its technology to SIP based on traditional PRI based, thus improving the clarity of voice, improving the connect time and enhancing the uptime. Considering the pan India presence, the Bank has ensured that its Customer Care Associates can interact with the customers in 8 languages (English, Hindi, Gujarati, Kannada, Marathi, Odiya, Tamil and Telugu). The Customer Care unit conducts programs such as 'Voice of Customer' for effective complaint resolution and process improvements. One of the key measures initiated is customer retention calling team was to contact customers to restart using the Bank's services and do a deep dive to understand issues that may have been faced by customers. It is a window provided to the customers to provide feedback which are then relayed to the various business and functions corrective action.

ATMs

The Bank has 349 ATMs as on 31st March 2022. The Bank ensured that ATM uptime was maintained at above 90% despite ground level challenges on account of pandemic. The Bank has reduced several unviable and unprofitable ATMs during the year. The Bank has implemented Win Win 10 operating system, TLS, and Hard Disk encryption in ATMs.

DCB Mobile and Internet Banking

The Bank's customers, more than 130,000, are actively using the new and improved Mobile Banking App. The users have given a rating of 4.6 which is "best in class" amongst the peers group. The new version of the app is multilingual (12 languages) and also has Gold Loans.

DCB Internet Banking is also used by more than 60,000 retail and corporate customers. Internet Banking platform is rich with plethora of digitally managed services, which has reduced the need to visit branches. The platform is aligned to service the HNI customers by offering even higher limit for channels.

DCB Unified Payment Interface (UPI)

Lockdown and restrictions have further given boost to UPI channel which has now become one of the most popular digital mode for small transactions. The Bank's UPI transactions have registered 116% growth in FY 2022.

DCB Open Banking

The Bank has a wide range of Application Programming Interface (APIs) to integrate the Bank systems in a seamless manner with alliance partner.

DCB Debit Cards

The Bank continuously focusses on increasing Debit Card usage and constantly enhancing its security features like we have stopped fallback transactions to avoid Card skimming cases, we have restricted our Card transactions made through non EMV compliant ATMs, along with that we have implemented BIN level limit & velocity control at NPCI & Visa under program TFD (Tailored Factor Defence) & GDC (Gross Debit Cap). Various validation and channel control as instructed by RBI in guideline "Enhancing Card security" are implemented on online Banking channels for easy use by customers.

The Bank from time to time, the Bank also offers seasonal promotional benefits such as healthcare, insurance etc.

DCB Niyo Global Cards

DCB Niyo Global Card is a Debit Card issued to DCB Niyo Current Account holders. This program is uniquely designed such that unlike forex cards, frequent top up of the card is not required since the card is linked to the Current Account. Card holders are offered security features to switch on or off card usage, change transaction limit and block or unblock the card. Also, the DCB Niyo Global Card provides exchange rates which are competitive, making the product a compelling proposition.

TReDS

In FY 2022, the Bank commenced participation on Trade Receivables Discounting System (TReDS), a unique digital capability that provides assured and faster financing to MSMEs / SMEs who are providing goods and services to larger companies. TReDS is improving flow of finance to MSMEs / SMEs. During FY 2022, the Bank has financed more than 500 MSMEs (almost 6,000 invoices) in TReDS platform. Financing on TReDS also qualifies as PSL.

DCB Debit Cards

The Bank continuously focusses on increasing Debit Card usage and constantly enhancing its security features. Instead of using static password, Debit Card users can complete their online payments with OTP. Debit Card users have security features enabling customers to activate or deactivate their Card on POS / ATM / online channels, customers can also change transaction limit and block or unblock their card. The Bank has an exciting "cashback" program to delight customers who increase their card usage provided the customers maintain the stipulated average minimum balance. In addition, from time to time, the Bank also offers seasonal promotional benefits such as healthcare, insurance etc.

TRANSACTION BANKING

Cash Management Services (CMS)

The Bank provides Corporates, MSME/SME and Retail customers sophisticated and cost-effective CMS. This helps customers manage their collection and payment logistics with ease. The Bank has 7 vendors for CMS cheque collections across India. The Bank has upgraded the CMS system for both Payments and Collections enhancing its features and benefits. At the end of FY 2022, the Bank had 5,579 active customers using the CMS facilities.

Business Internet Banking (BIB)

The Bank offers state of the art BIB product especially designed for MSME/SME customers. The adaptive and responsive feature of the application makes it user friendly for customers across devices. At the end of FY 2022, BIB facility had 31,887 users

TREASURY, MONEY MARKET AND FOREIGN EXCHANGE

Treasury

Treasury actively manages liquidity, compliance with important regulatory tools- CRR & SLR, trading in fixed income securities & currencies, and investment in Initial Public Offers (IPOs). It also shares the responsibility of interest rate risk management of the Bank.

In FY 22, the Bank made gains in a cautious manner by utilizing the trading opportunities in G-Sec presented by rising yields and policy rate. The Bank selectively invested in equity IPOs and booked profits by way of listing gains.

Money Market

India's Gross Domestic Product (GDP) grew by 6.90% on annualised basis and 3% on two year CAGR basis. Economic activity seems to be recovering quickly after the Covid-19 third wave in December 2021 / January 2022. February 2022 CPI inflation rose to 6.07% which is the above 6% tolerance level of RBI.

Globally, the interest rate and liquidity back drop are turning adverse in the face of rising inflationary pressures. Indian market rates have also inched up in past three months. RBI has so far kept the policy rates (Repo: 4.00%, Reverse Repo: 3.35% and MSF rate: 4.25%) unchanged along with the accommodative policy stance.

However, the market seems to have already discounted possible rate hike. The effective operating Reverse Repo Rate has increased from 3.37% to 3.90% under the Variable Reverse Repo Rate (VRRR) system. The 10 Years Benchmark G Sec which was at 6.15% at the beginning of FY 2022, touched high of 6.99% in February 2022 and was trading at 6.80% in the third week of March 2022.

Foreign Exchange

Covid-19 second wave hit India hard at the start of FY 2022. The Indian Rupee which was at 73.50 against US Dollar at the beginning of the first quarter weakened to 75.30 by end of the first quarter. But as the second wave plateaued, supply disruptions around the world and accommodative monetary policies from major central banks caused inflation. The Federal Reserve System (Fed) started hinting at raising interest rates. As a result, US Dollar Index rose to 99. On February 16, 2022, Fed increased its rate by 25 basis points and few more increase in rates may be expected during the year 2022. This may have a contagion effect on other country / global interest rates.

As of now, given India's economic environment, RBI appears to be preferring an accommodative stance to support growth. The Indian Rupee has steadily weakened against the US Dollar in line with the strengthening of US Dollar Index. Towards the end of the year, the Ukraine war and geo-political tensions resulted in spike in crude oil price and the Indian Rupee hit an all-time high of 77.20 against the US Dollar.

Alternative Reference Rate (ARR) for foreign currency loans: LIBOR ceased to be benchmark rate from 31 December 2021. The Bank shifted to ARR before LIBOR ceased to exist. It ensured seamless flow of foreign currency assets and liabilities. Shifting to ARR was key to superior customer service as it did not disrupt flow of

foreign currency denominated credit. The Bank has been one of the earliest movers in this segment.

RISK MANAGEMENT

Risk is an integral part of the banking business and the Bank's aim is to maintain portfolio quality by making appropriate risk/reward trade-offs. The Bank inter alia is exposed to credit, concentration, market, country and counterparty bank exposure, liquidity, operational, fraud and reputation risk. The Board of Directors of the Bank has oversight of risks assumed by the Bank and has delegated its power to manage risks to Risk Management Committee (RMC) of the Board.

Credit Risk

The Credit Risk unit ensures alignment with the objectives of achieving growth while maintaining portfolio quality by making appropriate risk / reward trade-offs. The idea is to ensure long-term sustainable performance across business cycles. On-going efforts are made to improve risk assessment and controls. Credit Risk over time has developed capabilities to assess the risks associated with various products and business segments. As far as possible, efforts are made to standardize the entire process pan India while considering geographic nuances. The Bank has implemented a rating model that considers both quantitative and qualitative factors and produces a rating that becomes one of the key inputs to credit decisions. To continuously improve the quality of the portfolio, the Credit Risk unit uses SAS analytics and has created several insightful models that helped in refining the product offering, choosing the target segment of customers, collections and recoveries. Key processes in credit underwriting were examined and duplication was reduced to improve speed of processing. Periodic portfolio reviews were conducted with the business units that helped improve portfolio quality.

Concentration Risk

Concentration risk is monitored and managed both at the customer level and at the aggregate level. The Bank, inter alia, monitors portfolio concentrations by segment, product, business, ratings, borrower, group, sensitive sectors, unsecured exposures, industry, and geography. The Bank adopts a conservative approach within the regulatory prudential exposure norms.

Market Risk

The Bank has an established process to measure, monitor and manage Interest Rate, Exchange Rate and Equity Risk as part of Market Risk Management. Besides the

usual monitoring of Structural Liquidity, Interest Rate Sensitive Gap limits and Absolute Holding limits, the Bank also monitors interest rate risks using Value at Risk limits. Exposures to Foreign Exchange and Capital Markets are monitored within pre-set exposure limits, margin requirements and stop-loss limits.

Country Exposure Risk and Counterparty Bank Risk

The Bank has established specific country exposure limits which is capped at 15% of its Capital Funds. The limit also depends upon rating of individual countries. The Bank mitigates risks using insurance cover available through the Export Credit and Guarantee Corporation (ECGC), where appropriate.

The Bank has established framework for setting up of limits for counterparty banks, basis their rating and monitors counterparty bank exposures against the approved limits.

Liquidity Risk

As part of the liquidity management and contingency planning, the Bank assesses potential trends, demands, events and uncertainties that could result in adverse liquidity conditions. The Bank's Asset Liability Management (ALM) policy defines the gap limits for the structural liquidity and the liquidity profile is analysed on both static and dynamic basis by tracking cash inflow and outflow in the maturity ladder based on the expected occurrence of cash flow. The Bank undertakes behavioural analysis of the non-maturity products, namely CASA, Cash Credit and Overdraft accounts on a periodic basis to ascertain the volatility of balances. The renewal pattern and premature withdrawals of Term Deposits and drawdowns of un-availed credit limits are also captured through behavioural studies. The liquidity profile is estimated on an active basis by considering the growth in Deposits, Advances, and investment obligations. The concentration of large deposits is monitored on a periodic basis. Emphasis has been placed on growing Retail Deposits and avoid as far as possible Bulk Deposits. The Bank periodically conducts liquidity stress testing.

Operational Risk

Operational Risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or external events. The Bank's operational risk management framework is defined in the Operational Risk Management Policy approved by the Board of Directors. While the policy provides a broad framework,

Operational Risk Management Committee (ORCO) oversees the operational risk management in the Bank. The policy specifies the composition, roles, and responsibilities of the ORCO. The framework comprises identification, assessment, management and mitigation of risks through advanced tools and analysis.

Process Review

The Bank strives to continuously improve process controls and customer satisfaction. The Bank has a separate cross functional committee – Management Committee for Approval of Processes (MCAP). In general, new processes are subjected to review by MCAP. The Committee is tasked with identifying operational and compliance risks in new processes and ensuring that steps are taken to mitigate risks. Also, MCAP, on an on-going basis reviews and approved existing processes for further improvement. In the FY 2022, 85 processes were reviewed and approved by MCAP.

Reputational Risk

The Bank pays attention to issues that may create reputational risks. Events that can negatively affect the Bank's reputation are handled cautiously ensuring utmost compliance and in line with the values of the Bank.

Information / Cyber Security Risk

The Bank operates in a highly automated environment and makes use of the latest technologies to support various operations. We have in place a robust governance framework, information security practices and a business continuity plan to mitigate information technology and cyber security related risks. The Bank ensures that its Information and Cyber Security policies are updated regularly and implemented to ensure protection of customer sensitive information, transactions integrity, availability of banking services and be resilient to risks from an ever changing cyber threat landscape. The Bank has a 24x7 security operations centre to monitor security alerts and taking immediate response and recovery actions..

IMPLEMENTATION OF BASEL III GUIDELINES

In accordance with the RBI guidelines, the Bank has migrated to Basel III capital adequacy disclosures with effect from Q1 FY 2014. The Bank continues to review and improve its risk management systems and practices to align with industry best practices. The Bank has implemented Standardized Approach for Credit Risk, Standardized Duration Approach for Market Risk and Basic Indicator Approach for Operational Risk.

INFORMATION TECHNOLOGY (IT)

FY 22 has seen increased dependence on digital technologies for banking needs. BUSINESS INTELLIGENCE UNIT (BIU)

The core objective of BIU is to support all businesses and functions to make decisions using data analytics. The Bank has a scalable analytical stack in areas of Big Data, Machine Learning and Deep Learning comprising of an Enterprise Data Lake and GPU servers. The analytical platforms used in the Bank include SAS Viya, R, Python and Spark. This has assisted businesses and functions in several "Use Cases" in the field of Machine Learning and Artificial Intelligence such as building predictive models like default behaviour scorecards, using techniques such as time-series forecasting and optimisation for cash loading at ATMs, text mining and NLP for sentiment analysis, Big Data capabilities for analysing behavioural patterns for campaigns, product selection, ADF submissions, etc. amongst other initiatives combining power of Analytics and Technology.

OPERATIONS

Operations unit was once again put under real "stress test" due to the disruptions of Covid-19 second wave. The character and zeal of the employees in Operations units is a testament of fact that there was no major disruption of customer services / operations during FY 2022. Operations continues to focus on automation to serve customers faster and more efficiently. New state-of-the-art customer onboarding software "CUBE" was implemented which has built in automated checks and facilitates customer account opening within a few minutes while providing a superior onboarding experience to the customers. Several new initiatives to bring about transformational changes to processes using technology as an enabler were implemented during the year. Centralized Clearing platforms and applications were revamped to make the service more robust and resilient. Quality assurance functions were further strengthened for continuous improvements to ensure consistency and predictability in services while keeping a close watch on costs, productivity, and operational excellence.

Grooming next generation leaders and creating second line leaders across various unit is a key focus area in Operations and during the year two employees from Operations featured in the India's Top 100 Great People Managers' List of 2021."

INTERNAL AUDIT (IA)

IA function has employees with varied domain background and experience. The IA team comprises of professionals, experienced bankers, specialists, and "freshers". IA function reports into the Audit Committee of the Board (ACB) which constitutes members with strong domain and

audit knowledge. ACB oversees the IA function, monitors performance, and provides regular guidance for improving control and compliance. During FY 2022, the IA Adopted three models of audits namely remote, hybrid (limited review through physical presence at branches and units with detailed remote data analysis) and complete onsite audits to continue doing audits through the year. The IA team makes use of data analysis in the audits through use of SAS. In FY 2022, IA conducted 178 branch audits, 31 periodic audits and 9 IT audits. IA team members attended multiple online training programmes for continuous enhancement of knowledge and audit methodology.

VIGILANCE

The Fraud Risk Monitoring (FRM) unit has been enhanced through inclusion of additional data points into the review mechanism. The scope and coverage have also been expanded with 24x7 monitoring. The Bank is enabled fraud detection across channels with the aim of early detection of possible fraud transactions / usage. Through process improvements, the Vigilance unit has improved reporting, investigation and response to queries received from various law enforcement agencies. The Vigilance unit had continued to conduct fraud risk awareness using online training sessions. FRM and Vigilance units have continued to identify process gaps, (if any), in respect of fraud risks and provided recommendations for fraud prevention and detection. The unit has created training and awareness modules on cyber fraud for employees and customers.

COMPLIANCE

The Bank's Compliance unit is independent of business and operation functions. The Compliance function has created procedures and checks to ensure compliance with applicable regulations. In addition to ensuring timely submission of various returns to regulatory and statutory authorities, the Compliance unit ensures that the Bank's internal procedures and processes are in adherence with the applicable regulatory and statutory guidelines. The Compliance unit is also responsible for AML / KYC monitoring and for executing the same, the Bank relies on advanced software and analytics. Within the Compliance function, a separate unit for Compliance Monitoring and Testing has been created to carry out compliance testing on an ongoing basis. This unit also provides compliance risk assessment to various units / functions..

HUMAN RESOURCES (HR)

The Bank believes that employees are the driving force for business growth, branding, and customer satisfaction. Employees are an invaluable asset who deliver sustainable

performance and shareholder value.

During Covid-19 second and third wave, the Bank made systematic efforts to ensure health and safety of employees while ensuring continuity of business operations. Several activities were carried out digitally to maintain social distance and reduce crowding.

The Bank's HR is built on four pillars.

Build

After the end of Covid-19 second wave, the Bank revved up its growth engines which required HR to step up hiring. By the end of FY 2022, the Bank's headcount was 8,077 (as compared to 6,432 by end of FY 2021).

Prioritising internal talent for elevation has always been our motto. This year we have been able to provide growth opportunities within the Bank to 470 employees vis-a-vis 239 employees last year.

The Bank continued its flagship B-school competition that has been recognized as one of the best practices in the industry. The Bank scaled up "The Top Recruit" program and campus engagement initiatives across various regions, covering around 8,075 participants from 200 B- Schools in cities like Delhi, Mumbai, Pune and smaller towns in India.

The Bank launched many digital applications for assisting employees during FY 2022.

The Bank has vastly improved its Social Media presence and it is noteworthy to mention that the Bank has over 2.74 lakh followers as compared to 1.61 Lakh followers in the previous year on Linked In, which is a major source of employer branding and attracting talent

Develop

The Bank continued to provide training through classroom and online / e-learning to employees covering key compliance modules like Ethics, POSH, Gender Sensitization, Code of Conduct, Capacity Development and AML/ KYC.

- During the year Bank employees completed over 253,670 hours of e learning.
- "Olympiad" a quiz covering products, processes and compliance was initiated in FY 2022 to continuously strengthen the culture of compliance. Initiatives such as "Project Prayas" and "Project First Time Right" helped employees to build on their learning and help them to appreciate / address risk issues proactively.

DCB Bank Limited

- Masterclass on Leadership sessions, ABCT - Anybody Can Train, Skill Pill and DCB Podcast continued to be digital interventions where senior management and employees shared their insights on a variety of subjects with a large section of employees.
- Signature interventions like RISE and ASPIRE are running for over 9 years. These programs have helped create a talent pool to take up leadership roles within the organization.
- Capacity Development initiatives through internal and external certification especially in the areas of risk management and credit covered more than 90% of the eligible population. Cyber security programs were conducted for senior management employees with IDRBT.
- Women Leadership training opportunity in partnership with XLRI Jamshedpur was provided to women leaders from select units to equip them for leadership roles.
- One of the Bank's flagship initiatives SPEAK (employee satisfaction survey for supervisors) recorded participation of 100%.
- Talent Management and Succession Planning with several initiatives such as 360-degree feedback and individual development plans were implemented

Care

- The Bank conducted special programs for supervisors to be aware of and report instances of potential mental wellbeing issues amongst teammates to provide timely assistance wherever needed.
- During Covid-19 pandemic, emotional well-being assumed greater importance for which wellness sessions were organized for employees under our Employee Assistance Program wherein external professional assistance was provided.
- Covid-19 vaccination drives were conducted pan India for employees and their immediate family members
- 7 Days additional Covid-19 recovery leave was provided to employees who were affected.
- Doctor on Call services were made available for employees and their family members

Engage

- The Bank has a regional recognition program called "DCB Spotlight" for felicitating top performers in

different regions. In FY 2022, in the presence of over 2,000 virtual audience, the Bank recognized more than 500 employees.

- The Bank's quarterly newsletter, "High Decibel" is a communication channel where employees contribute articles of personal experience and professional achievements. The same is also used for communicating the latest updates, events, and happenings in the Bank.
- "Hour HR" (live radio show which is an Industry recognized program) a unique communication platform for our employees to interact with the HR team and seniors directly.
- Signature employee connect program "Each One Reach One (EORO) helped employees to rate their satisfaction with respect to Job, supervisor, work environment. A similar survey for Supervisor helped gather feedback with reference top helpfulness, care, development and approachability.
- The Bank launched a "Women@DCB BANK" series where our senior female leaders spoke of their secrets to success

Corporate Social Responsibility (CSR)

The Bank's CSR thrust areas are Water, Waste Management, Renewable Energy, Recycling, Supporting Tech Incubators, Preserve Archaeological and Historic Sites, and Disaster Relief. CSR and HR team work together to engage employees in tree plantation, habitat restoration, clean-up of parks, lakes, beaches, and water bodies. In FY 2022, despite Covid-19 disruptions, wherever possible, within Covid-19 guidelines, the Bank engaged large number of employees in CSR activities.

CUSTOMER SERVICE

Delighting customer in every interaction is the core aim of the Bank. On a regular basis, customer complaints and satisfaction levels are monitored by the Managing Director & Chief Executive Officer along with the Senior Management team. The Bank has constituted an independent "Service Excellence" team to analyse customer complaints, identify root cause for service issues, make process improvements and work with the various businesses and functions to continuously enhance service levels. The Bank has an "Integrated Centralised Complaint Management" system and standards to ensure that customer queries and complaints addressed in a timely manner.

The Bank continues to make steady progress on the concept of Power of Three - Empathy, Speed and Quality (ESQ) initiative launched many years ago. The Bank

continuously works on the six pillars of Service Excellence – Voice of Customer, Service Recovery, Attrition Calling, Process Simplification, Service Culture and Measures and Metrics. The Service Excellence team periodically conducts review of progress on six pillars with key stakeholders, calls with frontline staff to obtain feedback, surprise visits to various units, customer meetings, focus groups and “mystery shopping” to understand frontline service culture and competence. The Bank has constituted three committees at different levels to monitor customer service - Branch Level Customer Service Committees (BLCSCs), Standing Committee on Customer Service (SCCS), and Customer Service Committee of the Board (CSCB). The Bank on a regular basis, through various means educates its customers to be vigilant on the rising incidents of cyber crimes.

MARKETING/BRAND AWARENESS

In FY 2022, despite lockdown and restrictions in the first half, the Bank continuously took numerous measures to create brand awareness and improve visibility for its products and services. Throughout the year, engagement programs were conducted for DCB Savings Accounts and DCB Gold Loans in print, outdoor and digital media. One of the major FMCG type marketing initiative was the mobile vans campaign for DCB Gold Loans in the branch neighbourhood areas. Across India, external and internal branding along with customised marketing programs / campaigns were successfully executed to engage both customers and employees. Customer friendly awareness videos in regional languages were created and circulated in digital channels for DCB Gold Loan and DCB KCC Loans. A separate video was created to promote the interest rate benefits of DCB Savings Account. DCB Remit was promoted actively on digital media channels throughout the year. A concept book ‘My Finances’ was created for customers and prospects wherein a record of financial and investment details can be created for reference. The Bank actively and continuously posted interesting information in the social media of the Bank.

IND AS IMPLEMENTATION

The Ministry of Corporate Affairs (MCA), Government of India has notified the Companies (Indian Accounting Standards) Rules, 2015 on February 16, 2015. Further, a Press Release was issued by the MCA on January 18, 2016, outlining the roadmap for implementation of Indian Accounting Standards (IND AS) converged with International Financial Reporting Standards (IFRS) for banks. As per earlier instructions, banks in India were required to comply with the IND AS for financial statements for accounting periods beginning from April 1, 2018, onwards, with comparatives for the periods ending March 31, 2018, or thereafter. Progressing towards IND AS, the Bank had prepared pro forma financials as on June 30,

2017, as per extant regulatory guidelines and submitted the same to the RBI. On April 05, 2018, the RBI had announced deferment of implementation date by one year with IND AS being applicable to banks for accounting periods beginning April 01, 2019, onwards. In preparation for the same, the Bank has been submitting quarterly pro-forma financials to the RBI from quarter ended June 30, 2018. On March 22, 2019, the RBI has announced deferment of the implementation of IND AS by banks till further notice; however, the Bank continues to submit to the RBI pro forma financials on half yearly basis.

[Pursuant to Regulation 34(3) and Schedule V Para E of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]

1. Background

We have been approached by DCB Bank Limited (“the Bank”) to examine the compliance with the conditions of Corporate Governance by the Bank, as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the “Listing Regulations”), as amended from time to time, for the financial year ended on **31st March 2022**.

2. Management’s Responsibility

The Compliance of conditions of Corporate Governance stipulated in the Listing Regulations is the responsibility of the management of the Bank. The management shall devise adequate systems, internal controls and processes to monitor and ensure compliance of the same.

3. Our Responsibility

Our responsibility is limited to conduct an examination of the systems, internal controls and processes adopted by the Bank and implementation thereof to monitor and ensure with the conditions of Corporate Governance and report thereon.

4. Methodology

- 4.1. In order to conduct our examination, we were provided with the relevant documents and information including explanations, wherever required.
- 4.2. Our examination was conducted in a manner which provided us with a reasonable basis for evaluating the systems, internal controls and processes adopted by the Bank to monitor and ensure compliance with the conditions of Corporate Governance and to certify thereon.

5. Opinion

Based on our examination as aforesaid, the information, explanations and representations provided by the management and subject to the deviation* reported as under and the management’s response thereat, we certify that, the Bank has complied with the conditions of the Corporate Governance stipulated in the Listing Regulations, for the Financial Year ended 31st March 2022.

Mr. Rafiq Somani, an Independent Director (ID) of the Bank has registered himself with the data bank maintained by the Institute of Corporate Affairs (IICA) on 6th March 2020, but could not attempt the Online Proficiency Self-Assessment Test conducted by IICA within stipulated period of two years from the date of his registration as required under Rule 6(4) of Companies (Appointment and Qualification of Directors) Rules, 2014. We have been informed that Mr. Somani has represented and requested IICA seeking more time to attempt the said Test to which IICA has responded that the matter has been placed before Ministry of Corporate Affairs for consideration and further directions in this regard.

6. Disclaimer

- 6.1. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Bank.
- 6.2. This report is neither an assurance as to the future viability of the Bank nor the efficiency or effectiveness with which the management has conducted the affairs of the Bank.

INDEPENDENT AUDITOR'S REPORT

To the Members of DCB Bank Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of DCB Bank Limited (“the Bank”), which comprise the Balance sheet as at March 31, 2022, the Profit and Loss Account, the Cash Flow Statement, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013, as amended (“the Act”) in the manner so required for banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Bank as at March 31, 2022, its profit, its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (“SAs”), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Financial Statements’ section of our report. We are independent of the Bank in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor’s responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key audit matters	How our audit addressed the key audit matter
<p><u>Identification of Non-Performing Advances (“NPA”) and provisioning of advances including compliance with revised Income Recognition and Asset Classification norms (“IRAC”) issued by Reserve Bank of India (“RBI”) and clarifications issued thereon</u></p>	
<p>Advances constitute a significant portion of the Bank’s assets and the quality of these advances is measured in terms of ratio of NPAs to the gross advances of the Bank. The Bank’s net advances constitute 65 % of the total assets and the gross NPA ratio of the Bank is 4.32% as at March 31, 2022</p> <p>During the year, RBI issued revised guidelines (including clarifications thereon) on IRAC. These guidelines prescribe the prudential norms for identification and classification of NPAs and the minimum provision required for such assets.</p> <p>The Bank is also required to apply its judgement to determine the identification and provision required against NPAs by applying quantitative as well as qualitative factors. The risk of identification of NPAs is affected by factors like stress and liquidity concerns in certain sectors. The provisioning for identified NPAs is estimated based on ageing and classification of NPAs, recovery estimates, value of security and other qualitative factors and is subject to the minimum provisioning norms specified by RBI.</p> <p>Additionally, the Bank makes provisions on exposures that are not classified as NPAs including advances in certain sectors and identified advances or group advances that can potentially slip into NPA. These are classified as contingency provisions.</p> <p>Since the identification of NPAs and provisioning for advances require significant level of estimation/judgement and given its significance to the overall audit due to stakeholder and regulatory focus, we have ascertained identification and provisioning for NPAs and advances as a key audit matter.</p>	<p>The audit procedures performed, among others, included:</p> <ul style="list-style-type: none"> • Read the Bank’s policies for NPA identification and provisioning and assessing compliance with the IRAC norms. • Understood the design and operating effectiveness of key controls (including application controls) around identification of non-performing accounts based on the extant guidelines on IRAC. • Performed substantive audit procedures covering the identification and provisioning of NPAs by the Bank. These procedures included: <ul style="list-style-type: none"> - Tested the exception reports generated from the application systems where the advances have been recorded. - Considered accounts reported by the Bank and other Banks as Special Mention Accounts (“SMA”) in RBI’s central repository of information on large credits (CRILC) to identify stress and the early warning reports generated by the Bank to identify stressed accounts - Tested account statements and other related information of the borrowers selected based on quantitative and qualitative risk factors. - Performed analytical procedures to identify possible cases of evergreening of loans and tested these on sample basis. - Performed inquiries with the credit and risk departments to ascertain if there were indicators of stress or an occurrence of an event of default in a particular loan account or any product category which need to be considered as NPA. - Tested on sample basis, the calculation performed by the management for compliance with RBI regulations and internally laid down policies for provisioning. - Evaluated the governance process and review controls over NPA provision calculations and provision on accounts not classified as NPA. - Tested the arithmetical accuracy of computation of provision for advances. • Assessed disclosure requirements for classification and provisioning of NPAs in accordance with RBI circulars including those issued specifically issued for Covid 19 related matters.

Key audit matters	How our audit addressed the key audit matter
Information Technology (“IT”) Systems and Controls	
<p>The reliability and security of IT systems plays a key role in the business operations preparation of the Bank’s Financial Statements.</p> <p>The Bank’s operational and financial processes are dependent on IT systems due to large volume of transactions that are processed daily and accordingly the IT infrastructure is critical for smooth functioning of the Bank’s business operations as well as for timely and accurate financial reporting and accounting. The Bank has constituted an IT Strategy Committee at the Board level to oversee implementation of IT strategy.</p> <p>Due to the pervasive nature and complexity of the IT environment we have ascertained IT systems and controls as a key audit matter.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Tested the design and operating effectiveness of the Bank’s IT access controls over the information systems that are critical to financial reporting. • Tested IT General Controls (logical access, change management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized. • Tested the Bank’s periodic review of access rights. We inspected requests of changes to systems for appropriate approval and authorization. We considered the control environment relating to various interfaces, configuration and other application layer controls identified as key to the audit. • Tested compensating controls and performed alternate procedures, where necessary. • Understood where relevant, changes made to the IT landscape during the audit period and tested those changes.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Bank’s Board of Directors is responsible for the other information. The other information comprises the information included in the Director’s Report (but does not include the financial statements and our auditor’s reports thereon), which we obtained prior to the date of this auditor’s report, and Annual Report, which is expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Bank’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows of the Bank in accordance with provisions of Section 29 of the Banking Regulation Act, 1949, the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 in so far as they apply to the Bank and guidelines and directions issued by Reserve Bank of India (“RBI”) from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and

prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The financial statements of the Bank for the year ended March 31, 2021, included in these financial statements, have been audited by the S.R. Batliboi & Associates LLP who expressed an unmodified opinion on those statements on May 08, 2021.

Report on Other Legal and Regulatory Requirements

1. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 read with Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.
2. As required by sub section (3) of section 30 of the Banking Regulation Act, 1949 and communication received by the Bank from RBI, we report that:
 - a. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
 - b. The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - c. The financial accounting systems of the Bank are centralized and therefore, accounting returns for the purpose of preparing financial statements are not required to be submitted by its branches. We have visited 31 branches for the purpose of our walkthrough of processes and test of controls at branches by inspection of documents obtained from branches.
3. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Profit and Loss Account, the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 to the extent they are not inconsistent with the accounting policies prescribed by RBI;
 - e. On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1" to this report;
 - g. In our opinion, the entity being a banking company, the remuneration to whole-time directors during the year ended March 31, 2022 has been paid by the Bank in accordance with the provisions of Section 35B (1) of the Banking Regulation Act, 1949;

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Bank has disclosed the impact of pending litigations on its financial position in its financial statements – Refer note 15 to the financial statements;
 - ii. The Bank did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Bank
 - iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 13.6 to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Bank to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Bank ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the note 13.6 to the financial statements, no funds have been received by the Bank from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Bank shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on such audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - v. As stated in note 13.5 to the financial statements, the Board of Directors of the Bank have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF DCB BANK LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of DCB Bank Limited ("the Bank") as of March 31, 2022 in conjunction with our audit of the financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Bank's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the

degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Bank has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

1. BACKGROUND

DCB Bank Limited (“DCB” or “the Bank”), incorporated in Mumbai, India is a publicly held banking company engaged in providing banking and financial services and governed by the Banking Regulation Act, 1949 and the Companies Act, 2013.

2. BASIS OF PREPARATION

The financial statements have been prepared and presented under the historical cost convention and on the accrual basis of accounting unless otherwise stated, and comply with the Generally Accepted Accounting Principles in India (‘GAAP’), statutory requirements prescribed under the Banking Regulation Act, 1949, circulars and guidelines issued by the Reserve Bank of India (the “RBI”) from time to time and the Accounting Standards notified under Section 133 of the Companies Act 2013 read with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standard) Amendment Rules, 2016 as amended, in so far as they apply to banks and the current practices prevailing within the banking industry in India.

3. USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon the management’s best knowledge of current events and actions, actual results could differ from these estimates. Any revisions to the accounting estimates are recognised prospectively in the current and future periods.

4. INVESTMENTS

4.1 Classification:

The investment portfolio comprising approved securities (predominantly Government Securities) and other securities (Pass through Certificates, Shares, Debentures and Bonds, etc.) is classified at the time of acquisition in accordance with the RBI guidelines under three categories viz. ‘Held to Maturity’ (‘HTM’), ‘Available for Sale’ (‘AFS’) and ‘Held for Trading’ (‘HFT’). For the purposes of disclosure in the Balance Sheet, they are classified under six groups viz. Government Securities, Other Approved Securities, Shares, Debentures and Bonds, Subsidiaries and/or joint ventures and Other Investments.

The Bank follows ‘Settlement Date’ accounting for recording purchase and sale transactions.

4.2 Basis of Classification:

Investments that are held principally for resale within 90 days from the date of purchase are classified as HFT securities. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are reclassified as AFS securities as on that date.

Investments which the Bank intends to hold till maturity are classified as HTM securities.

Investments which are not classified in the above categories are classified as AFS securities.

4.3 Transfer of Securities between Categories:

The transfer/shifting of securities between categories of investments is accounted as per the RBI guidelines.

4.4 Acquisition Cost:

Cost including brokerage, commission pertaining to investments, paid at the time of acquisition, is charged to the Profit and Loss Account.

Broken period interest is charged to the Profit and Loss Account.

Cost of investments is computed based on the weighted average cost method.

4.5 Valuation:

Held for Trading and Available for Sale categories:

Investments classified under HFT and AFS are marked to market as per the RBI guidelines. These securities are valued scrip-wise and any resultant depreciation or appreciation is aggregated for each category. The net depreciation for each category within each group is provided for, whereas the net appreciation for each category is ignored. The book value of individual securities is not changed consequent to periodic valuation of investments.

Traded investments are valued based on the trades / quotes from the recognised stock exchanges, prices declared by Primary Dealers Association of India ('PDAI') jointly with Fixed Income Money Market and Derivatives Association ('FIMMDA')/Financial Benchmark India Private Limited ('FBIL'), periodically.

The market value of unquoted government securities which qualify for determining the Statutory Liquidity Ratio ('SLR') included in the AFS and HFT categories is computed as per the Yield-to-Maturity ('YTM') rates published by FIMMDA/FBIL.

The valuation of other unquoted fixed income securities (viz. State government securities, Other approved securities, Bonds and debentures, Pass through Certificates) wherever linked to the YTM rates, is computed with a mark-up (reflecting associated credit and liquidity risk) over the YTM rates for government securities with similar maturity, published by FIMMDA/FBIL. Unquoted equity shares are valued at the break-up value, if the latest Balance Sheet is available or at ₹ 1 as per the RBI guidelines. Units of mutual funds are valued at the latest repurchase price / net asset value declared by the mutual fund. Treasury bills, commercial papers and certificate of deposits, being discounted instruments, are valued at carrying cost.

Units of Alternate Investment Fund ('AIF') held under AFS category are marked to market based on the NAV provided by AIF based on the latest audited financial statements. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹ 1 per AIF.

In the event provisions recognised on account of depreciation in the AFS or HFT categories are found to be in excess of the required amount in any year, such excess is recognised in the Profit and Loss Account and subsequently appropriated, from profit available for appropriation, if any, to Investment Reserve Account in accordance with the RBI guidelines after adjusting for income tax and appropriation to Statutory Reserve.

Held to Maturity:

These are carried at their acquisition cost and are not marked to market. Any premium on acquisition is amortised over the remaining maturity period of the security on a straight-line basis. Provision is recognised for diminution other than temporary in the value of such investments for each investment individually.

Non-performing investments are identified and provision is recognised as per the RBI guidelines.

4.6 Security Receipts (SR):

Where sale of stressed asset results in a consideration lower than the value of the stressed assets net of provisions carried there against, the shortfall is debited to Profit & Loss account. Where such sale results in consideration higher than the value of the stressed assets net of provisions carried there against, the excess is netted off against the cost of corresponding SRs to arrive at their Book Value.

SRs issued by Asset Reconstruction Companies ('ARC') are valued at Net Asset Value ('NAV') declared by the ARC except in respect of stressed assets which are sold on or after Apr 1, 2018 and the Bank holds more than 90% of SRs backed by its sold assets, the provision held against the Book Value of these SRs is higher of provision required in terms of NAV declared by the ARC and provisioning applicable to the underlying loans, assuming that the assets sold notionally continued in the books of the Bank.

4.7 Disposal of Investments:

Profit/Loss on sale of investment under the aforesaid three categories is recognised in the Profit and Loss Account. The profit on sale of investment in HTM category, net of taxes and transfer to Statutory Reserve, is appropriated to Capital Reserve.

4.8 Repo and reverse repo transactions:

Repo and reverse repo transactions are accounted for as secured borrowing/ lending transactions respectively. Borrowing cost on repo transactions is treated as interest expense and income on reverse repo transactions is treated as interest income.

4.9 Short Sale:

In accordance with the RBI guidelines, the Bank undertakes short sale transactions in Central Government dated securities. The short positions are reflected in 'Securities Short Sold ('SSS') A/c', specifically created for this purpose. Such short positions are categorised under HFT category and netted off from investments in the Balance Sheet. These positions are marked-to-market along with the other securities under HFT portfolio and the resultant mark-to-market gains/losses are accounted for as per the relevant RBI guidelines for valuation of investments discussed earlier.

5. ADVANCES

- 5.1 In pursuance of guidelines issued by the RBI, advances are classified as Standard, Sub-Standard, Doubtful and Loss Assets and are stated net of specific provisions made towards NPAs and floating provisions.
- 5.2 Advances are net of bills rediscounted, Inter-bank participation with risk, provisions for non-performing advances, floating provisions, unrealised fees and unrealised interest held in suspense account.
- 5.3 Credit facility/investment are classified as performing and non-performing asset as per applicable RBI guidelines.
- 5.4 In case of NPAs other than retail EMI loans, recoveries effected are first adjusted towards the interest amount. In case of retail EMI loans, recoveries effected are adjusted towards the EMI and within the EMI first towards the principal amount.
- 5.5 Provision for non-performing advances ('NPAs') comprising sub-standard, doubtful and loss assets is made in accordance with the RBI guidelines which prescribe minimum provision levels and encourage banks to make a higher provision based on sound commercial judgement. NPAs are identified by periodic appraisals of the loan portfolio by the management. In respect of identified NPAs in Retail portfolio, provision is recognised on the homogeneous retail loans and advances assessed at borrower level on the basis of ageing of loans in the non-performing category and in respect of identified NPAs in other cases, provision is recognised account by account. The provisioning done is at or higher than the minimum rate prescribed under the RBI guidelines. The non-performing assets are written-off in accordance with the Bank's policy.
- 5.6 In case of restructured/rescheduled assets, provision is made in accordance with the guidelines issued by the RBI as applicable, which require the diminution in the fair value of the assets to be provided in the Profit and Loss Account at the time of restructuring.
- 5.7 In addition to the above, the Bank, on a prudent basis, recognises provisions on advances or exposures which are performing assets as per the IRAC norms, but has reasons to believe on the basis of the extant environment impacting a specific exposure or any specific information, the possible deterioration of a specific advance or a group of advances or exposures or potential exposures. These provisions are recognised as per Board approved policy and are classified as Provision for Specific Standard Assets, included under Provision for Standard Assets and reported under Other Liabilities. These provisions are not reversed to the Profit and Loss Account but are transferred as provision on the same specific advance / exposure in case the asset slips into non-performing asset, except in case of full repayment of the exposure when such provision will be reversed and recognised in the Profit and Loss Account.

- 5.8** The Bank maintains general provision for Standard Assets, including credit exposures computed as per the current marked to market values of foreign exchange forward contracts, at levels stipulated by the RBI from time to time. These provisions on Standard Assets are included under Other Liabilities.
- 5.9** The Bank estimates the inherent risk of the unhedged foreign currency exposures of its borrowers as per the regulatory guidelines stipulated by the RBI from time to time and recognises incremental provisions on exposures to such entities as per methodology prescribed. These provisions are included in Provision for Standard Assets and reported under Other Liabilities.
- 5.10** The RBI guidelines further permit banks to create floating provisions on Advances up to levels as per a Board approved policy over and above the regulatory provisions required on standard assets. These floating provisions are netted from Advances. These provisions are not reversed by credit to the Profit and Loss Account without prior approvals of the Board and the RBI under specific circumstances.
- 5.11** The Bank enters into transactions for the sale or purchase of Priority Sector Lending Certificates (PSLCs). In the case of a sale transaction, the Bank sells the fulfilment of priority sector obligation and in the case of a purchase transaction the Bank buys the fulfilment of priority sector obligation through RBI trading platform. There is no transfer of risks or loan assets. The fee received for the sale of PSLCs is recorded as miscellaneous income and the fee paid for purchase of the PSLCs is recorded as other expenditure in Profit and Loss Account.

6. FIXED ASSETS

Premises and other fixed assets are stated at historical cost (or revalued amounts, as the case may be), less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit / functioning capability from / of such assets. Profit on sale of immovable properties are transfer to the Capital Reserves after adjusting for income tax and appropriation to Statutory Reserve.

7. REVALUATION OF FIXED ASSETS

Portfolio of immovable properties is revalued periodically by an independent valuer to reflect current market valuation. All land and building owned by the Bank and used as branches or offices are grouped under "Office Premises" in the fixed assets category. Appreciation, if any, on revaluation is credited to Revaluation Reserve under Capital Reserves. Additional Depreciation on the revalued asset is charged to the Profit and Loss Account and appropriated from the Revaluation Reserves to Profit and Loss Account i.e. revenue reserves.

8. DEPRECIATION & AMORTISATION

Depreciation on fixed assets, including amortisation of software, is charged over the estimated useful life of the fixed assets on a straight-line basis at the rates and in the manner prescribed in Schedule II of the Companies Act, 2013, except as mentioned below. The useful life of an asset is the period over which an asset is expected to be available for use to the Bank.

- ♦ Computer: Desktop and Laptop - 3 years.
- ♦ Hardware and Servers - 5 years.
- ♦ Air conditioners - 9 years.
- ♦ Core Software for Bank Operations - 8 years.
- ♦ Application Software and System Development Expenditure - 3 years to 5 years.
- ♦ Improvements (Civil) to Leased Premises and Fixed Furniture in Leased Premises such as work-stations, etc. - over the contracted period of the lease or 5 years (Previous Year: 3 years) whichever is less.
- ♦ Vehicles - 19% p.a. over 5 years with 5% residual value.
- ♦ Cash safe and Safe Deposit Vaults - 10 years.

Assets purchased/sold during the year are depreciated on a pro-rata basis, based on the actual number of days the assets have been put to use.

9. IMPAIRMENT OF ASSETS

The carrying amount of assets is reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the asset over remaining useful life.

10. RECOGNITION OF INCOME AND EXPENDITURE

- 10.1** Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Bank and the revenue can be reliably measured.
- 10.2** Items of income and expenditure are accounted on accrual basis.
- 10.3** Interest income is recognised in the Profit and Loss Account on accrual basis as per Accounting Standard, except in the case of non-performing assets where it is recognised on receipt basis as per the RBI norms.
- 10.4** Interest income on investments in Pass Through Certificates (PTC) is recognised at the coupon rate.
- 10.5** Interest income on loans bought out through the direct assignment route is recognised at the effective interest rate i.e. after amortising premium, if any, on the bought out portfolio as per Guidelines on Securitised Transactions issued by the RBI.
- 10.6** Processing fees on loans are recognised as income on accrual basis, however processing overheads on loans are expensed at the inception of the loan.
- 10.7** Overdue rent on safe deposit lockers is accounted for when there is certainty of receipts.
- 10.8** Guarantee commission, annual safe deposit locker rent fees are recognised on a straight-line basis over the period of contract. Letters of credit ('LC') are generally issued for a shorter tenor, typically of 90 days. The commission on such LC is recognised when due.
- 10.9** Dividend income is recognised as income when the right to receive dividend is established.

11. FOREIGN CURRENCY TRANSACTIONS

11.1 Initial recognition:

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and foreign currency on the date of the transaction.

11.2 Conversion:

Foreign currency monetary items are reported using the closing rate notified by Foreign Exchange Dealers' Association of India ('FEDAI') at the Balance Sheet date and the resulting profit or loss is recognised in the Profit and Loss Account, as per the guidelines issued by the RBI.

11.3 Exchange differences:

Exchange difference arising on settlement of monetary items is recognised as income or as expense in the year in which it arises. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuations denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Foreign exchange forward contracts not intended for trading that are entered into to establish the amount of reporting currency required or available at the settlement date of transactions, which are outstanding at the Balance Sheet date are effectively valued at the closing spot rate. The premium or discount arising at the inception of such a forward exchange contract is amortised as expense or income over the life of the contract.

- 11.4 Outstanding forward exchange contracts are revalued at the Balance Sheet date at the rates notified by FEDAI and at interpolated rates for contracts of interim maturities. The resultant gain/loss on revaluation is recognised in the Profit and Loss Account in accordance with the RBI/FEDAI guidelines.
- 11.5 Contingent liabilities denominated in foreign currencies are disclosed in the Balance Sheet at the rates notified by FEDAI as at the Balance Sheet date.
- 11.6 Forward exchange contracts and other derivative contracts which have overdue receivables remaining unpaid over 90 days or more are classified as non-performing assets and provided for as per the extant master circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning issued by the RBI.

12. DERIVATIVE TRANSACTIONS

Valuation of Exchange Traded Interest Rate Futures is carried out on the basis of the daily settlement price of each contract provided by the exchange. Changes in the fair value of the Exchange Traded Interest Rate Futures are recognised in the Profit and Loss Account.

13. EMPLOYEE BENEFITS

13.1 Defined Benefit Plan

Provision in respect of future liability for payment of gratuity is made on the basis of actuarial valuation on projected unit credit method made at the end of the year. Gratuity is funded with the Gratuity Trust duly registered under the provisions of Income tax Act, 1961. Actuarial gains/losses are recognised immediately in the Profit and Loss Account and are not deferred.

13.2 Defined Contribution Scheme

Retirement benefits in the form of provident fund and national pension scheme is a defined contribution scheme and the contributions are charged to the Profit and Loss Account of the year when the contributions to the fund are due. There is no other obligation other than the contribution payable to the fund.

14. TAXES ON INCOME

- 14.1 Tax expense comprises current and deferred taxes. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred Income Tax reflects the impact of current year timing differences between the taxable income and the accounting income for the year and reversal of timing differences of earlier years.
- 14.2 Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax

liabilities relate to taxes levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Bank has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

- 14.3** At each Balance Sheet date, the Bank re-assesses unrecognised deferred tax assets and recognises deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

15. ACCOUNTING FOR PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when there is a present legal or statutory obligation as a result of past events leading to probable outflow of resources, where a reliable estimate can be made of the amount required to settle the obligation.

Contingent Liabilities are recognised only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Bank, or where there is a present obligation arising from a past event which is not recognised as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed in the financial statements.

16. EMPLOYEE SHARE BASED PAYMENTS

Measurement and disclosure of employee share-based employment plans is done in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 / Guidance Note on Accounting for the Employee Share-based Payments issued by The Institute of Chartered Accountants ('ICAI') of India. The Bank measures compensation cost relating to employee stock options using the fair value method. Deferred compensation expense is amortised over the vesting period of the option.

17. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effect of dilutive potential equity shares.

18. SHARE ISSUE EXPENSES

Share issue expenses are adjusted from Securities Premium Account in terms of Section 52 of the Companies Act, 2013.

19. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash in hand and ATMs, balances with the Reserve Bank of India, balances with other banks and money at call and short notice (including effect of changes in exchange rates on cash and cash equivalents in foreign currency).

20. LEASES

Leases where the Lessor effectively retains substantially all risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

21. SEGMENT REPORTING

As per the RBI guidelines on Segment Reporting, the Bank has classified its activity into Treasury Operations, Corporate/Wholesale Banking, Retail Banking and Other Banking Operations.

Treasury Operations includes all financial markets activities undertaken on behalf of the Bank's customers, proprietary trading, maintenance of reserve requirements and resource mobilisation from other banks and financial institutions.

Wholesale Banking includes lending, deposit taking and other services offered to corporate customers.

Retail Banking includes lending, deposit taking and other services offered to retail customers.

Other Banking Operations includes para banking activities like third party product distribution, merchant banking, etc.

4.3 Disclosures on risk exposure in derivatives:

a) Qualitative Disclosures

Management of Risk in Derivatives Trading

The Bank's market risk unit plays a key role in setting up of the limits and laying down of the risk assessment and monitoring methods. The policies of the Bank include setting limits upon the notional principal value of product specific gaps, maximum tenor, overall outstanding and the setting-up of counter party-wise, tenor-wise limits.

All limits are monitored on a daily basis by the Bank's Treasury Back Office and Mid Office. Exposure reports are submitted to the Treasurer as well as the CRO and any limit excesses are brought to the notice of the management immediately for further action.

Policies for Hedging Risk

All transactions undertaken by the Bank for trading purposes are classified under the Trading Book. All other transactions are classified as a part of the Banking Book. The Banking Book includes transactions concluded for the purpose of providing structures to customers on a back-to-back basis. It also consists of transactions in the nature of hedges based on identification of supporting trades, with appropriate linkages done for matching amounts and tenor within the approved tolerance limits.

The accounting for all derivative trades is done for the notional amount on the trade date. The valuation of all outstanding trades is done category wise. The valuation for outstanding trades under the Trading portfolio is done on a daily basis and the net marked to market ('MTM') is accounted in the Profit and Loss Account. The valuation for outstanding trades under the hedged portfolio is done on a monthly basis and the residual MTM, if any, is accounted in the Profit and Loss Account on a monthly basis. Valuation of the outstanding hedged Forex Options is done on a monthly basis and the net MTM is zero as all customer trades are hedged on identical basis with counter party banks.

The MTM position on all outstanding trades of individual corporate customers is reported on a monthly basis to Credit Risk department for exposure monitoring.

Provisioning

The Bank conforms to the RBI guidelines with regard to provisioning requirements. Overdue receivables representing crystallised positive mark-to-market value of a derivative contract are treated as non-performing assets, if these remain unpaid for 90 days or more. Full provision is made for the entire amount of overdue and future receivables relating to positive marked to market value of non-performing derivative contracts.

(B) Qualitative Disclosures

The Bank maintains Liquidity Coverage Ratio (LCR) which is a ratio of High-Quality Liquid Assets (HQLA) to Expected Net Cash Outflow over the next 30 calendar days, as per the RBI guidelines. Banks were required to meet the minimum required level of 100% LCR with effect from April 01, 2021.

The LCR is being computed and monitored on daily simple average basis. The objective of the LCR is to ensure that the Bank maintains an adequate level of unencumbered HQLAs that can be converted into cash to meet its liquidity needs for a 30 calendar day time horizon under a significantly severe liquidity stress scenario specified by supervisors. Further at a minimum, the stock of liquid assets should enable the Bank to survive until day 30 of the stress scenario, by which time it is assumed that appropriate corrective actions can be taken.

The numerator, High Quality Liquid Assets comprises mainly of excess SLR securities, cash, excess CRR balances, Marginal Standing Facility ('MSF') to the extent of 3 per cent till December 31, 2021 and 2 per cent from January 01, 2022 of Net Demand and Time Liabilities ('NDTL') as guided by the RBI Circular and Facility to Avail Liquidity for Liquidity Coverage Ratio ('FALLCR') up to another 15 per cent of NDTL while the denominator i.e. cash outflow over next 30 days comprises mainly of the deposit maturities and other cash outflows net of cash inflows in next 30 day period. As a part of its strategy to manage the liquidity requirements, the Bank has been consistently investing in SLR securities of about 2% to 5% of its NDTL, over and above the regulatory SLR requirement.

HQLA of the Bank comprises of mainly Level-1 assets as per the RBI guidelines i.e. government securities apart from cash and excess CRR.

The major source of funding for the Bank is deposits from customers. The Bank does not rely on interbank borrowings. However, long term refinance from SIDBI, NABARD and NHB is availed against eligible loan assets. Further, the Bank has committed lines of credit from a select public and private sector banks.

The Bank does not have any derivative exposure other than the forward contracts entered by the Bank which does not affect LCR of the Bank significantly.

Apart from computing the LCR in the domestic currency, the Bank is also required to compute LCR in the currency in which aggregate liabilities denominated in that currency amount to 5 per cent or more of the Bank's total liabilities. To comply with the said requirement, the Bank computes the LCR in USD as the dollar denominated liabilities are more than 5% of the Bank's total liabilities. During the financial year 2021-22, the cash inflows in next 30 days denominated in the USD were usually higher than the cash outflows in next 30 days denominated in USD.

The liquidity management of the Bank is centralized at Treasury. Treasury Front Office shall, depending upon the expected outflows and inflows for the day, decide to borrow or lend to maintain optimal liquidity. Treasury Back Office monitors the expected inflows and outflows by way of maintaining a register which records the expected outflows and inflows that are informed in advance by the branches as well as by Treasury Front Office before making any investment. For this purpose, branches are required to inform the Treasury Back Office in advance of any expected large flows above ₹ 5 crore. Also, Treasury Back Office takes into account the deposits that are scheduled to mature in order to arrive at the expected cash outflows for that particular day. As a part of effective liquidity management, the Bank always maintains excess SLR securities which can be pledged to meet the shortfall in intraday liquidity, if any.

(B) Qualitative Disclosures

Pursuant to the RBI guidelines on NSFR dated May 17, 2018, DCB Bank has been subjected to the Basel III NSFR standards from 1st October 2021. NSFR aims to improve the resilience of banks by promoting long-term funding stability. It mandates banks to maintain a stable funding profile vis-à-vis the composition of their assets and off-balance sheet activities. It reduces the probability of erosion of a bank's liquidity position due to disruptions to its regular sources of funding. The NSFR guidelines of RBI stipulate the applicable Required Stable Funding ("RSF") factor for each category of asset and Available Stable Funding ("ASF") factor for each type of funding source. NSFR represents the ratio of the bank's ASF to RSF. The breakdown of the bank's ASF and RSF amounts after applying the respective ASF or RSF factors are provided in the "weighted amount" column of the NSFR disclosure format.

The Available Stable Funding (ASF) is primarily driven by the total regulatory capital as per Basle III Capital Adequacy guidelines stipulated by RBI and deposits from retail customers, small business customers and non-financial corporate customers. Under the Required Stable Funding (RSF), the primary drivers are unencumbered performing loans with residual maturities of one year or more, excluding loans to financial institutions.

10.4 Details of Large Exposures Framework limits exceeded by the Bank

As per regulatory guidelines, with effect from April 1, 2019 in case of single counterparty, the sum of all the exposure values of a bank to a single counterparty must not be higher than 20 percent of the bank's available eligible capital base at all times. In exceptional cases, Board of bank may allow an additional 5 percent exposure of the bank's available eligible capital base. In case of group of connected counterparties, the sum of all the exposure values of a bank to a group of connected counterparties must not be higher than 25 percent of the bank's available eligible capital base at all times.

The eligible capital base for this purpose is the effective amount of Tier 1 capital fulfilling the criteria defined in Master Circular on Basel III - Capital Regulation /Master Direction on 'Basel III Capital Regulations' as per the last audited balance sheet.

During the years ended March 31, 2022 and March 31, 2021, the Bank has not exceeded the prudential exposure limits as laid down by the RBI guidelines under Large Exposure Framework.

10.8 Unhedged Foreign Currency Exposure (UFCE)

In accordance with the RBI guidelines on banks' exposures to entities with Unhedged Foreign Currency Exposure ('UFCE'), the Bank has put in place a mechanism to seek information from its borrowers and to evaluate the currency induced credit risk. In the case of listed entities, the Bank obtains information relating to unhedged positions based on the latest available audited / reviewed financial statements; whilst in the case of unlisted / private companies, the Bank obtains the aforesaid information based on the latest available audited financial statements (not exceeding a financial year) so as to estimate the extent of likely loss and to provide for incremental capital or to recognize incremental provision in accordance with the aforesaid guidelines. Further, as per the above-mentioned guidelines, the Bank obtains audited and certified UFCE information from the statutory auditors of the borrowers on an annual basis. In the case of smaller entities i.e. entities with exposure to banking industry of less than ₹ 25 crore and as identified by the Bank as having any foreign exchange exposure, the Bank recognizes an incremental provision at 10 basis points on all such exposures.

The incremental provisions and capital held by the Bank towards this risk, included in the Bank's financials are as under:

Dilution of equity is on account of 2,187,882 (Previous year 3,243,737) stock options.

11.3 Employees’ Stock Option Plan

The Shareholders of the Bank had approved an ESOP plan Phase I in November 2005, enabling the Board and /or the Nomination Committee to grant such number of equity shares and/or equity linked instruments, including options of the Bank not exceeding 4% of the Issued Capital or 60,00,000 Equity Shares of the Bank. The Shareholders, at the Annual General Meeting held on September 11, 2006 had approved an additional 3% of the Issued Capital, aggregating the total Equity Share Capital reserved for all ESOPs to 7% of the Issued Capital from time to time. As the shares of the Bank were subsequently listed, confirmation of shareholders was obtained at the Extraordinary General Meeting held on December 15, 2006 in line with the guidelines of the Securities &

Exchange Board of India. Pursuant thereto, during the year the Nomination and Remuneration Committee of the Board granted the following options.

Date	Price	Sub Plan 1	Sub Plan 2
January 18, 2022	86.45	1,031,524	-

Under the Employees' Stock Options Plan, options vest in a graded manner over a 5-year period from the date of grant, the details of which are set out below:

Method used for accounting for ESOP

RBI, vide its clarification dated August 30, 2021 on Guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Material Risk Takers and Control Function Staff, advised Banks that the fair value of share-linked instruments on the date of grant should be recognised as an expense for all instruments granted after the accounting period ending March 31, 2021. Accordingly, the Bank has valued its stock options granted after March 31, 2021 using the fair value method under its Employee' Stock Options Plan. The fair value of the stock options is estimated on the date of grant using Black-Scholes model and is recognised as employee cost over the vesting period.

There were 120,700 stock options exercised during the year ended March 31, 2021.

Fair value Methodology

The fair value of options used to compute proforma net income and earnings per equity share have been estimated using the binomial option-pricing model for options granted upto March 31, 2021. The Bank estimated the volatility based on the historical share prices.

The fair value of the stock options granted after March 31, 2021 is estimated on the date of grant using Black-Scholes model and is recognised as employee cost over the vesting period. Accordingly, the Bank has recognised ₹ 0.42 crore during the financial year 2021-22.

The various assumptions considered in the pricing model for ESOPs granted during the year ended March 31, 2022 were:

Particular	March 31, 2022
Dividend Yield	1.16%
Expected Volatility	38.85% to 41.32%
Risk Free Interest Rate	5.47% to 6.15%
Expected life of options	3.77 to 5.77 years

The various assumptions considered in the pricing model for ESOPs granted during the year ended March 31, 2021 were:

Particular	March 31, 2021
Dividend Yield	1.05% to 1.14%
Expected Volatility	48.84% to 48.86%
Risk Free Interest Rate	5.73%
Expected life of options	6.37 to 6.41 years

The expected volatility was determined based on historical volatility data; historical volatility includes data since listing.

The weighted average fair value of options granted during the year ended March 31, 2022 was ₹ 33.49 (Previous year ₹ 23.50).

In computing the above information, certain estimates/assumptions have been made by the Bank's management which have been relied upon by the auditors.

Impact of Fair Value Method on Net Profit and EPS

Had the compensation cost for the Bank's stock option plans on outstanding ESOPs granted upto March 31, 2021 been determined based on the fair value approach, the Bank's net profit and earnings per share would have been as per the proforma amounts indicated below:

(₹ in crore)

13.3 Remuneration

a) Qualitative disclosures

Nomination and Remuneration Committee (NRC)

The Nomination and Remuneration Committee of the Board consists of Independent Directors with one member from the Risk Management Committee of the Board.

The main mandate of the Nomination & Remuneration Committee of the Board are:

- Deciding the size and composition of the Board and appointment of persons for the same.
- Recommending to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees.
- Evaluation of every director’s performance and making recommendations for remuneration for Non-Executive Directors, Senior Management and the Key Managerial Personnel (KMP) of the Bank.
- Approving the ESOP and creation, subscription and allotment of shares to the eligible employees under this approved ESOP.
- Review appointments, promotions, demotions, terminations and review performance appraisals of CEO, KMP and Senior Management of the Bank.
- Review and approve succession plans Board, KMP and Senior Management.

Design and Structure /Objectives of Compensation Policy

The Bank has put in place a Board approved Compensation Policy. The Bank’s objective is to maintain a Compensation Policy that the Bank is able to attract, retain talent and motivate talent to perform at high standards. It facilitates a performance culture in the Bank. The compensation will be risk aligned taking into account, the long term performance of the Bank. The Compensation Policy is aligned with the statutory and regulatory guidelines.

This Policy is applicable to all employees of the Bank including;

- Whole Time Directors (WTDs)

- Managing Director & Chief Executive Officer (MD & CEO)
- Material Risk Takers (MRTs): Material Risk Takers as defined as those employees whose actions have a material impact on the risk exposure of the Bank.
- Risk, Compliance and Control employees
- Other categories of employees: All employees in support and other management functions including front line employees.

Compensation structure consisting of:

- i) fixed pay including perquisites, contributions towards superannuation/retiral benefits,
- ii) variable pay in cash and equity linked instruments including ESOP.

Risk adjustments in remuneration

In general, the review of Risk Management framework shall be an integral part of the annual performance review applicable to all employees. The methodologies for adjusting remuneration to risk and performance will be consistent with the general risk management and corporate governance framework of the Bank. A wide variety of measures of credit, market, liquidity and other risks shall be taken into consideration in implementation of risk adjustment, such that no risks over the accepted risk appetite of the Bank are being taken against the interest of the Bank.

Performance linked variable compensation

The Bank aims to align pay structure across levels in the annual rewards exercise (Compensation Revision) carried out keeping the following considerations, namely performance of the bank, individual and business unit, alignment of risks with the remuneration, encouraging rewards based on the long term contributions to the bank, cost/ income ratio of the bank, capital adequacy ratio, employee turnover on account of increased demand of talent in the industry and other related factors.

Malus/ Clawback clause is an integral part of the compensation Policy and is applicable as a risk adjustment/ alignment measure, wherein Malus permits the Bank to prevent vesting in full or in part of the amount of a deferred remuneration for an employee. Clawback is an agreement between the employee and the Bank in which the employee agrees to return previously paid or vested remuneration to the Bank. Conditions for Malus/ Bank have been specified in the Bank's Compensation Policy.

In alignment to the RBI Guidelines applicable from April 01, 2020, the Bank has a policy on deferral and vesting of variable pay for applicable categories of employees as follows:

Deferral of Variable Pay: A minimum of 60% of the total variable pay shall be under deferral arrangements. At least 50% of the cash bonus shall be deferred. However, in cases where the cash component of variable pay is under ₹ 25 lakhs, deferral would not be required.

Period of Deferral Arrangement: This would be applied to both the cash and equity linked components of the variable pay. The deferral period shall be for a minimum period of three years.

Vesting: The vesting shall be no faster than on pro-rata basis. Vesting shall not take place more frequently than on a yearly basis to ensure a proper assessment of risks before the application of any adjustments.

Limit on Variable pay: At least 50% of the total compensation shall be variable. Variable pay shall be limited to a maximum of 300% of the fixed pay. Where the variable pay is up to 200% of the fixed pay, a minimum of 50% of the variable pay shall be via equity linked instruments; and in case the variable pay is above 200%, a minimum of 67% of the variable pay shall be via equity linked instruments. In an event that an employee is

barred by statute/ regulation from grant of equity linked instruments, their variable pay shall be capped at 150% of the fixed pay.

13.4 Disclosure on remuneration to Non-Executive Directors

The Non-Executive Directors are paid remuneration by way of sitting fees for attending meetings of the Board and its committees. An amount of ₹ 1.31 crore (Previous year: ₹ 1.35 crore) was paid as sitting fees to the Non-Executive Directors during the year.

13.5 Proposed Dividend

The Board of Directors have recommended a dividend of ₹ 1.00 per share (10%) for the year ended March 31, 2022 subject to approval of the shareholders in the ensuing Annual General Meeting.

Considering the situation developing around Covid-19 in the country and related uncertainty that it creates, the Board of Directors of the Bank had considered it prudent not to propose any dividend for the year ended March 31, 2021.

13.6 Disclosure under Rule 11(e) of the Companies (Audit & Auditors) Rules, 2014

The Bank, as part of its normal business, grants loans and advances (including loans against third party deposits or other margins / security), makes investment, provides guarantees (including against margin / guarantees received from third parties / banks) to and accepts deposits and borrowings from its customers, other entities and persons. These transactions are part of Bank's normal banking finance business, which is conducted ensuring adherence to regulatory requirements.

Other than the transactions described above

- (a) No funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Bank to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall lend or invest in other persons or entities identified by or on behalf of the Bank ("Ultimate Beneficiaries") or provide any guarantee, security or like on behalf of the Ultimate Beneficiaries.
 - (b) The Bank has not received any funds from any person(s) or entity(ies) ("Funding Party") with the understanding, whether recorded in writing or otherwise, that the Bank shall, whether, directly or indirectly, lend or invest in other persons or entities identified by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- 14** Net overnight open position outstanding as on March 31, 2022 was ₹ 2.56 crore (Previous year: ₹ 0.45 crore).
- 15** The Bank's pending litigations comprise of claims against the Bank by the clients and proceedings pending with Income Tax authorities. The Bank has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Management believes that the possibility of an outflow of resources embodying economic benefits in these cases is possible but not probable and hence no provision is required in these cases. However, a contingent liability has been disclosed with respect to these cases. Refer note 11.9 for details on contingent liabilities.
- 16** The Bank has a process whereby periodically all long-term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year-end, the Bank has reviewed and ensured that adequate provision

as required under any law / accounting standards for material foreseeable losses on such long-term contracts (including derivative contracts) has been made in the books of account.

- 17** Previous year's figures have been regrouped / reclassified, wherever considered necessary, in order to make them comparable with figures for the current year.

Pursuant to the requirements of 'Master Direction on Financial Statements - Presentation and Disclosures' issued by RBI dated August 30, 2021, recoveries from written off accounts hitherto included as part of 'Other Income' have been classified as a credit to 'Provision and Contingencies' and 'Provision for Depreciation on Investments' hitherto classified as part of 'Provisions and Contingencies' have been reclassified as part of 'Other Income'; there is no change in the Net Profit for the period.

- 18** These are the notes appended to and forming part of the financial statements for the year ended March 31, 2022.

PILLAR III DISCLOSURES UNDER THE NEW CAPITAL ADEQUACY FRAMEWORK (BASEL III)

1. SCOPE OF APPLICATION

DCB Bank Ltd. is a scheduled commercial bank which was incorporated on May 31, 1995. The Bank has no subsidiaries.

As on March 31, 2022, the Bank does not have investment in any insurance entity.

2. CAPITAL STRUCTURE

Capital funds are classified into Tier-I and Tier-II capital under the capital adequacy framework.

Tier-I Capital

The Bank's Tier I capital will consist of Common Equity Tier I and Additional Tier I capital. Common Equity Tier 1 (CET1) capital must be at least 5.5% of risk-weighted assets (RWAs) i.e. for credit risk + market risk + operational risk on an ongoing basis and Additional Tier I capital can be a maximum of 1.5%, thus making total Tier I capital to be at least 7%.

In addition to the minimum Common Equity Tier 1 capital of 5.5% of RWAs, banks are also required to maintain a capital conservation buffer (CCB) of 2.5% of RWAs in the form of Common Equity Tier 1 capital. In terms of the RBI guidelines dated March 27, 2014 the implementation of CCB is effective from March 31, 2016 in four stages of increase by 0.625% every year. RBI has deferred the implementation of last tranche of 0.625% of CCB from April 01, 2021 to October 01, 2021. Consequently, Basel III Capital Regulations will be fully implemented as on October 01, 2021.

Tier-I capital includes paid-up equity capital, securities premium, statutory reserves, capital reserves, special reserve, revaluation reserve, other disclosed free reserves and balance in Profit and Loss account. Profits in current financial year may be included in Tier I based on fulfilment of certain conditions regarding incremental provisions for non-performing assets.

Equity Capital

The Bank has authorised share capital of ₹ 5 billion comprising 500,000,000 equity shares of ₹10/- each. As on March 31, 2022 the Bank has issued subscribed and paid-up capital of ₹ 3.11 billion, constituting

310,976,463 shares of ₹10/- each. The provisions of the Companies Act, 2013 and other applicable laws and regulations govern the rights and obligations of the equity share capital of the Bank.

Tier-II Capital

The Bank's Tier II capital includes investment reserve, investment fluctuation reserve, general provision for standard assets and subordinated debt instruments (lower Tier II bonds) eligible for inclusion in Tier II capital.

3. CAPITAL ADEQUACY

The Bank has a process for assessing its overall capital adequacy in relation to the Bank's risk profile and a strategy for maintaining its capital levels. The process ensures that the Bank has adequate capital to support all the material risks and an appropriate capital cushion. The Bank identifies, assesses and manages comprehensively all risks that it is exposed to through robust risk management framework, control mechanism and an elaborate process for capital calculation and planning.

The Bank has formalised and implemented a comprehensive Internal Capital Adequacy Assessment Process (ICAAP). The Bank's ICAAP covers the capital management policy of the Bank and also sets the process for assessment of the adequacy of capital to support current and future projections / risks.

The Bank has a structured process for the identification and evaluation of all risks that the Bank faces, which may have an adverse material impact on its financial position. The Bank considers the following risks as material risks it is exposed to in the normal course of its business and therefore, factors these while assessing / planning capital:

- Credit Risk
- Concentration Risk
- Market Risk
- Operational Risk
- Interest Rate Risk in the Banking Book
- Liquidity Risk
- Strategy Risk
- Reputational Risk
- Residual Risk
- Economy risk

The Bank has also implemented a Board approved Stress Testing policy. Stress Testing involves the use of various techniques to assess the Bank's potential vulnerability to extreme but plausible ("stressed") business conditions. Typically, this relates, among other things, to the impact on the Bank's profitability and capital adequacy. Stress Tests are conducted on a quarterly basis on the Bank's on and off balance sheet exposures to test the impact of Credit, Liquidity risk and Interest Rate Risk in the Banking book (IRRBB). The stress test results are put up to the Risk Management Committee (RMC) of the Board on a quarterly basis, for their review and guidance. The Bank periodically assesses and refines its stress tests in an effort to ensure that the stress scenarios capture material risks as well as reflect possible extreme market moves that could arise as a result of market conditions. The stress tests are used in conjunction with the Bank's business plans for the purpose of capital planning in the ICAAP. The Bank has also implemented a Board approved separate Stress Testing Policy / Model for its Securitized portfolio.

In line with the RBI guidelines for implementing the New Capital Adequacy Framework under Basel III, the Bank has successfully migrated to the framework from April 1, 2013. In accordance with the RBI's requirement, the Bank has continued to adopt Standardised Approach (SA) for Credit Risk and Basic Indicator Approach (BIA) for Operational Risk to compute capital as on March 31, 2022. Besides this, the Bank continues to apply the

Standardised Duration Approach (SDA) for computing capital requirement for Market Risk. RBI has prescribed banks to maintain a minimum CRAR of 9% with regard to credit risk, market risk and operational risk on an ongoing basis. The total Capital to Risk weighted Assets Ratio (CRAR) as per Basel III guidelines works to 18.92% as on March 31, 2022 (as against minimum regulatory requirement of 11.50%). The Tier I CRAR stands at 15.84% as against RBI's prescription of 7.00%. The Bank has followed the RBI guidelines in force, to arrive at the eligible capital, risk weighted assets and CRAR.

4. RISK MANAGEMENT FRAMEWORK

The Bank is exposed to various types of risk such as Credit, Market, Operation, Liquidity, Interest Rate, Reputational, Legal and Strategic risk. The Bank has separate and independent Risk Management Department in place which oversees all types of risks in an integrated fashion.

The objective of risk management is to have optimum balance between risk and return. It entails the identification, measurement and management of risks across the various businesses of the Bank. Risk is managed through framework defined in policies approved by the Board of Directors and supported by an independent risk management function which monitors and takes corrective action so that the Bank operates within its risk appetite. The risk management function attempts to anticipate vulnerabilities through quantitative or qualitative examination of the embedded risks in various activities. The Bank continues to focus on refining and improving its risk measurement systems. In addition to ensuring compliance with regulatory requirements, the Bank has developed robust internal systems for assessing capital requirements keeping in view the business objectives.

The Board of Directors (BOD) approves the strategies and policies for Risk Management, based on recommendations of the Risk Management Committee (RMC) of the Board set up to focus upon risk management issues. The RMC reviews various aspects of risk arising from the businesses undertaken by the Bank. Operating level risk committees comprising of senior management viz. Asset Liability Management Committee (ALCO), the Operational Risk Management Committee (ORCO) and the Credit Risk Management Committee (CRMC) oversee specific risk areas. These committees in turn provide inputs for review by the Risk Management Committee (RMC).

4.1 Risk Management Committee (RMC) of the Board:

The Risk Management Committee of the Board is the primary tier to oversee implementation of Board approved strategies and policies, recommend setting up of tolerance limits wherever required, monitor implementation of strategies and policies, as well as adherence to prescribed tolerance limits, etc. The RMC oversees the functioning of Executive Level Committees for risk management. For this purpose, the minutes of the meetings of the Executive Level Committees are placed before RMC regularly. Matters relating to Credit risk are routed through the Credit Committee of Board (CCB) which also approves individual credit exposure in excess of executive delegated lending authority.

4.2 Executive Level Committees:

At Executive Management level, the organisational responsibilities for implementing and monitoring Board approved strategies and policies and adhering to prescribed tolerance limits etc. are as under:

Sr. No.	Executive Level Committee	Focus Area	Chairman
1	Asset Liability Management Committee (ALCO)	All aspects of Market Risk management, monitoring & control	Managing Director & Chief Executive Officer (MD & CEO)
2	Credit Risk Management Committee (CRMC)	All aspects of Credit Risk management, monitoring & control	Managing Director & Chief Executive Officer (MD & CEO)
3	Operational Risk Management Committee (ORCO)	All aspects of Operational Risk management, monitoring & control	Chief Risk Officer (CRO)

All the Executive Level Committees meet at least once in a month. ALCO however meets more frequently depending upon market conditions.

Note: Information Security is a part of Operational Risk – IT and reports to the Chief Risk Officer, who in turn reports to the MD & CEO.

5. CREDIT RISK

5 (a) Credit risk is defined as the possibility of losses associated with diminution in the credit quality of borrowers or counterparties. In a bank’s portfolio, losses stem from outright default due to inability or unwillingness of a customer or counterparty to meet commitments in relation to lending, trading, settlement and other financial transactions.

The Bank adopts the definition of ‘past due’ and ‘impaired credits’ (for accounting purposes) as defined by Reserve Bank of India under Income Recognition, Asset Classification and Provisioning (IRAC) norms (vide RBI Master Circular dated July 1, 2015)..

5.a.i Credit Risk Management:

Credit Risk Management Committee (CRMC) headed by MD & CEO is the top level functional committee for managing credit risk. The committee is responsible for implementation of Credit Risk Management policy approved by the Bank’s Board. The committee considers and takes decision necessary to manage and control credit risk within the overall quantitative prudential limits approved by the Bank’s Board. The committee is entrusted with the responsibilities to formulate standards for

presentation of credit proposals, financial covenant, rating standards and benchmarks. The committee also oversees compliance with Pillar 2 requirements under Basel III such as ICAAP and Stress Test.

The Bank has implemented RAM rating model of CRISIL which is being used to assess the credit rating of all business loans exceeding ₹ 10 million. The rating serves as a single point indicator of the diverse counterparty risk for taking credit decision. The rating migration is monitored on regular interval.

The Bank has a well-developed credit monitoring system to monitor the health of the loan accounts and to detect the delinquencies at the initial stage. A separate department independent of the business units is monitoring the transactions in all the Corporate, Agri and Inclusive Banking (AIB), SME and MSME exposures with credit limits exceeding ₹ 10 million with a view to detect any early warning signals.

The Bank adopts an integrated approach to credit risk management, which encompasses:

- Establishment and articulation of corporate priorities
- Institution and inculcation of an appropriate credit culture
- Determination of specific credit risk strategy and profile
- Implementation of appropriate credit risk controls
- Monitoring the effectiveness of credit risk controls..

Though the Bank has implemented the Standardized approach for regulatory capital measurement for credit risk, the necessary steps for implementing Internal Rating Based Approach have been initiated.

5.a.ii Credit Strategy and Risk Profile:

The Bank adopts a credit risk strategy and risk appetite, which is in line with its risk taking ability to ensure conservation and growth of shareholder funds, with a proper balance between risk and reward. Financial resources are allocated to best optimise the risk reward ratio.

There is a clearly articulated definition of acceptable credit risk, based upon:

- Identification of target markets/segments
- Establishing of characteristics of desirable customers within the target market
- Assessing whether adequate resources are available to support the business
- Ensuring that all economic and regulatory requirements are complied with
- Ensuring that the portfolio is consistent with the Bank’s strategy and objectives especially in relation to risk concentration, maturity profile and liquidity management.

5.a.iii Credit Risk Controls:

Credit risk controls focus on identification, measuring, monitoring and managing the assumed risks and include:

- A documented credit policy and credit risk management policy
- Approval process with delegated authorities
- Asset quality and risk rating system and its verification
- Effective loan disbursement mechanism to minimise the legal risk
- Effective loan administration to ensure past-due management and bad loan detection
- A loan review mechanism
- Portfolio management tools to manage portfolio risks

Management of credit risk is at three levels:

- Strategic or Portfolio level, so as to ensure that no single event can have a significant adverse impact
- Established credit policy to have a minimum standard for assuming risk
- Reliance on the competence of trained staff to make sound credit decisions..

There is a clear separation in functional responsibilities between:

- Origination and sales
- Credit assessment and approvals
- Post- sanction loan administration and
- Credit Risk Management.

The Bank relies upon formal and conventional risk assessment, viz.:

- The ability and willingness of borrowers to repay
- Dependence primarily on cash flows for repayment with security taken to provide a secondary source of repayment
- Quality of data and analysis thereof forms the basis of assessment and not external reputation or unsubstantiated beliefs
- Rational assessment of probability of default and assessment of 'Worst Case Scenario'
- Transparency and communication of all relevant facts (negative as well as positive) necessary for making an informed credit decision
- Documentation of all assessment, rationale and decisions.

Know Your Customers 'KYC' forms the bedrock of initiating and sustaining any relationship.

The Bank's selection of personnel and systems of rewarding performance is aligned to meet the

Bank's stated key priorities. There is a commitment to training and upgrading of staff skills. Strong 'ownership' of exposures is encouraged, through rewards as well as strong accountability.

6. CREDIT RISK: Disclosures for portfolio subject to the Standardised Approach

- 6 (a) The Bank has used the ratings of the following domestic external credit rating agencies (arranged in alphabetical order) for the purposes of risk weighting their claims for capital adequacy purposes:
- Acuite Ratings & Research Ltd
 - Brickwork Ratings India Pvt. Limited (Brickwork)
 - CARE Ratings Limited
 - CRISIL Limited
 - ICRA Limited
 - India Ratings and Research Private Limited (India Ratings) and
 - Infomerics Valuation and Rating Private Limited

International credit rating agencies (arranged in alphabetical order) for the purposes of risk weighting their claims for capital adequacy purposes where specified:

- a. Fitch;
- b. Moody's; and
- c. Standard & Poor's

6 (b) A description of the process used to transfer public issuer ratings onto comparable assets in the banking book:

- Bank has used short term ratings for assets with maturity upto one year and long-term ratings for assets maturing after one year as accorded by the approved external credit rating agencies.
- Bank has not cherry picked ratings. Bank has not used one rating of a CRA (Credit Rating Agency) for one exposure and another CRA's rating for another exposure on the same counterparty unless only one rating is available for a given exposure.
- Notwithstanding the repayable on demand condition, cash credit exposures have been subjected to Long-term rating.
- If an issuer has a long term external credit rating that warrants RW (Risk Weight) of 150%, all unrated exposures on the same issuer whether long or short is assigned the same 150% RW unless mitigated by recognised Credit Risk Mitigation (CRM) techniques.
- Bank has used only solicited rating from the recognised CRAs. In case the issuer has multiple ratings from CRAs, the Bank has a policy of choosing (if there are two or more ratings) lower rating.
- Where RW associated with the rating by a CRA for a specific investment instrument is lower than one corresponding to unrated exposure, but the Bank's exposure is not in that instrument but some other debt, the RW for the rated exposure has been applied to Bank's unrated exposure provided the latter ranks pari-passu or senior to the specific rated exposure and the maturity of Bank's claim is not later than the rated exposure.
- If either the issuer or a single issue has been rated warranting RW equal or higher than unrated claim, a claim on the same issuer which is unrated but ranks pari-passu or subordinate to the rated exposure has been assigned the same RW as applicable to the rated exposure.
- No recognition of CRM technique has been taken into account in respect of a rated exposure if that has already been factored by the CRA while carrying out the rating.

For exposure amounts after risk mitigation subject to the standardised approach, amount of a Bank's outstanding (rated and unrated) in the following three major risk buckets as well as those that are deducted as on March 31, 2022 are as follows:

(₹ million)

Particulars	Fund based	Non fund based
Below 100% risk weight	2,17,839.3	8,496.2
100% risk weight	80,130.7	1,004.9
More than 100% risk weight	28,362.0	5,853.
Total	3,26,332.0	15,354.3

7. CREDIT RISK MITIGATION: Disclosures for Standardised Approach

7 (a) The Bank has adopted Credit Risk Mitigation (CRM) Techniques and Collateral Management (CM) guidelines issued by RBI under Master circular - Prudential guidelines on capital Adequacy and Market Discipline - New Capital Adequacy Framework (NCAF) (vide RBI Master Circular dated July 01, 2015).

Bank has utilised credit risk mitigation in the case of Bank's own deposits, Kisan Vikas Patra, LIC policies, National Saving Certificate and gold, wherever the collateral is identifiable, marketable and enforceable and complies with RBI requirements. Sovereign exposures and Sovereign guaranteed exposures are risk weighted as per RBI directives.

The general principles applicable for use of credit risk mitigation techniques are as under:

- i. No transaction in which Credit Risk Mitigation (CRM) techniques are used has been assigned higher capital requirement than as otherwise identical transaction where such techniques are not used.
- ii. The Bank has taken care to see that effects of CRM are not double counted. To ensure this no additional supervisory recognition of CRM for regulatory capital purposes are made available on claims for which an issue-specific rating is used that already reflects that CRM.
- iii. Principal-only ratings will not be allowed within the CRM framework. The rating should cover principal and interest.

Bank has therefore put in place robust procedures and processes to control these risks, including strategy, consideration of the underlying credit, valuation, policies and

procedures systems, control of roll-off risks, and management of concentration risk arising from the use of CRM techniques and its interaction with the Bank's overall credit risk profile.

7 (b) Eligible Financial Collateral:

The following collateral instruments are eligible for recognition in the comprehensive approach: -

- i. Cash (as well as certificates of deposit or comparable instruments, including fixed deposit receipts, issued by the lending bank) on deposit with the bank which is incurring the counterparty exposure.
- ii. Gold: Gold would include both bullion and jewellery. However, the value of the collateralized jewellery should be arrived at after notionally converting these to 99.99 purity.
- iii. Securities issued by Central and State Governments
- iv. Kisan Vikas Patra and National Savings Certificates provided no lock-in period is operational and if they can be encashed within the holding period.
- v. Life insurance policies with a declared surrender value of an insurance company which is regulated by an insurance sector regulator.

9. MARKET RISK IN TRADING BOOK

Market risk refers to the uncertainty of future earnings resulting from changes in interest rates, foreign exchange rates, market prices and volatilities. The Bank assumes market risk in its lending and deposit taking businesses and in its investment activities, including position taking and trading. The market risk is managed in accordance with the investment policies, which are approved by the Board. These policies ensure that operations in securities, foreign exchange and derivatives are conducted in accordance with sound and acceptable business practices and are as per the extant regulatory guidelines, laws governing transactions in financial securities and the financial environment. Market Risk in Trading Book is assessed as per the Standardised Duration approach. The capital charge for Held for Trading (HFT) and Available for Sale (AFS) portfolios is computed as per Reserve Bank of India prudential guidelines.

Market risk management objectives:

The objectives of market risk management are as follows:

- Management of liquidity
- Management of interest rate risk and exchange rate risk.
- Proper classification and valuation of investment portfolio
- Adequate and proper reporting of investments and derivative products
- Compliance with regulatory requirements

Structure and organisation of the market risk management function:

The Board, through Risk Management Committee, approves the policies with regard to identification, measurement and control of market risks (Interest Rate Risk and Foreign Exchange Risk) and Liquidity Risk. Market Risk department is an independent function. The Market Risk Department exercises

independent control over the process of market risk management and recommends changes in processes and methodologies for measuring Market Risk.

Strategies and processes:

To comply with the regulatory guidelines and to have independent control groups there is clear functional separation of:

- Trading (Front office)
- Monitoring and control (Middle office) and
- Settlements (Back office)

The strategy/guidelines for controlling market risk include:

- Direct involvement of experienced line management
- Stringent controls and limits
- Strict segregation of front, middle and back office duties
- Comprehensive periodical reporting of positions
- Regular independent reviews of all controls and limits
- Rigorous testing and auditing of all pricing, trading and risk management

The scope and nature of risk reporting and measurement systems:

Reporting:- The Bank periodically reports on the various investments and their related risk measures to the senior management and the committees of the Board. The Bank also periodically reports to its regulator in compliance with regulatory requirements.

Measurement:- The Bank has devised various risk metrics for measuring market risk. These are reported to Asset Liability Management Committee by Market Risk Management Department. Some of the risk metrics adopted by the Bank for monitoring its risks are Value-at-Risk, Earnings at Risk, Modified Duration, Stop Loss limits amongst others.

10. OPERATIONAL RISK

Operational risk is defined as the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk includes legal risk but excludes strategic and reputation risks.

The Bank has put in place a Board approved Operational Risk Management Policy which outlines overall framework for management of Operational Risk. The Bank has identified Key Operational Risk Indicators (KORIs) across various units, which are measured, monitored regularly and reported to Operational Risk Management Committee (ORCO) on monthly basis. The Bank has a robust system of reporting Operational Risk events across various units through identified Operational Risk Officers, who are given adequate training to identify and report such events as and when they occur. The Bank has a very effective system of recording and reporting operational losses booked. The Bank also collects qualitative data on self-assessment of operational risk faced by various units through Risk Control Self-Assessment (RCSA) exercise.

The Bank has implemented Periodic Risk Identification and Controls Evaluation (PRICE) system with a view to develop policy framework for identification and documented plan to mitigate various risks in the Bank. The PRICE system is expected to provide a robust overview of various risks being identified proactively that remain unmitigated. The PRICE system is pivotal in continuous assessment of our risk and control environment and prioritise our remedial efforts based on risk/impact.

The Bank manages Operational Risk by way of adopting best practices in processes as well as products. All the new and existing process are subjected to rigorous review by Management Committee for Approval of Process (MCAP), which comprises of senior management personnel with diversified experience in banking. Utmost importance is given on communication and understanding of processes at transactional level and compliance to same are monitored through effective internal audits.

The Bank understands the criticality of business continuity in the event of any undesirable / unforeseen incident and has put in place an exhaustive Business Continuity Plan (BCP) in place which is subject to periodic drills. The Bank has robust Information Technology set up with Disaster Recovery (DR) site for critical functions and backups. Further there is a strict adherence to Information Security Policy across the Bank.

As per the mandate from RBI, the Bank is following the Basic Indicator Approach (BIA) for assessment of Operational Risk Capital. The Bank has taken

quantitative and qualitative steps in view of moving towards advanced approaches as prescribed by RBI.

Capital requirement for operational risk as per Basic Indicator Approach (BIA) as on March 31, 2022 is ₹ 2,380.5 million.

11. INTEREST RATE RISK IN BANKING BOOK

Interest Rate Risk in the Banking Book (IRRBB):

Interest rate risk is the potential change in Net Interest Income (NII) or Economic Value of Equity (Balance Sheet impact), caused by unexpected changes in market interest rates. Since NII or Net Interest Margin (NIM) of Bank is dependent on the movements of interest rates, any mismatches or gaps in the cash-flows on re-pricing dates exposes Bank's NII or NIM to interest rate risk. Interest Rate Risk in Banking Book results from an unavoidable position or gap arising from Bank's normal day to day business by holding assets and liabilities in different maturities and different re-pricing dates.

Risk management framework and monitoring:

The Board of the Bank, through Risk Management Committee (RMC), has overall responsibility for management of risks and it sets limits and policies for management of liquidity risk, market risk including foreign exchange, interest rate and equity risk. The Asset Liability Management Committee (ALCO), a strategic decision making body constituted by Board, headed by Managing Director and comprising of senior executives of the Bank is responsible for deciding the mix and maturity profile of the assets and liabilities, recommendation of risk policies, setting up of prudential limits to manage the risks and ensuring compliance with the limits set by the Board. The ALM policy of the Bank includes the prudential limits on interest rate risk, liquidity risk, foreign exchange risk and equity risk.

Market Risk Management Department is responsible for monitoring the limits laid down in the ALM Policy through various reports. These reports are prepared at regular intervals and exceptions/deviations are reported to the ALCO/RMC, as may be required by the ALM policy.

Risk measurement and reporting framework:

As a part of its regular activities, ALCO manages the impact of the interest rate risk in banking book, through various limits, reports and tools such as interest rate sensitive gaps, Earnings at risk analysis, duration gap analysis, stress testing, etc. detailed as follows:

Interest rate sensitivity gap:

The interest rate gap risk, at any given date, is the risk arising from the mismatches in the assets and liabilities over the different time intervals. These mismatches or gaps are arrived at after matching rate sensitive assets and rate sensitive liabilities in the particular time bucket taking into account all assets and liabilities (including off Balance Sheet exposure). The rate sensitive assets and liabilities are grouped in the buckets as per the residual maturity or re-pricing date, whichever is earlier and is reported on monthly basis. The gap indicates whether net interest income is positively or negatively impacted by a change in interest rates and the magnitude of the gap approximates the change in net interest income for any given interest rate shift. Limits are fixed on individual gaps.

Earnings at Risk Analysis (EaR):

The gaps in the report indicates whether the Bank is in a position to benefit from rising interest rates by having a positive gap (RSA > RSL) or whether it is in a position to benefit from declining interest rates by a negative gap (RSL > RSA). The Bank monitors the Earnings at Risk on NII for 1% change in interest rates on the open periodic gaps.

Stress testing:

The Bank measures the impact on NIM/ EaR after taking into account various possible movement in interest rates across tenor and impact on the earnings is calculated for each of these scenarios. These reports are prepared on a quarterly basis for measurement of interest rate risk.

Duration gap analysis:

Movement in the interest rates also have a long-term impact on the market value of equity of the Bank, as the economic value of the Bank's assets, liabilities and off-Balance Sheet positions get affected. Duration is a measure of interest rate sensitivity of assets, liabilities and also equity. It may be defined as the percentage change in the market value of an asset or liability (or equity) for a given change in interest rates. Thus Duration Gap Analysis measures by how much the market value of equity of a firm would change for the possible change in the interest rates.

The following tables show the impact on NII and economic value of equity for a given change in the interest rates. The impact is calculated assuming parallel shifts in the yield curve across all time buckets.

12. General disclosures for exposures related to counterparty credit risk**Counterparty exposure**

Counterparty credit risk in case of derivative contracts arises from the forward contracts. The subsequent credit risk exposures depend on the value of underlying market factors (e.g., interest rates and foreign exchange rates), which can be volatile and uncertain in nature. The Bank does not enter into derivative transactions other than forward transactions.

Credit limits

The credit limit for counterparty bank is fixed based on their financial performance as per the latest audited financials. Various financial parameters such as NPA ratios, liquidity ratios, etc are taken into consideration while assigning the limit. Credit exposure is monitored daily to ensure it does not exceed the approved credit limit. These credit limits are set on the notional exposure basis.

Credit exposures on forward contracts

The Bank enters into the forward contracts in the normal course of business for positioning and arbitrage purposes, as well as for our own risk management needs, including mitigation of interest rate and foreign currency risk. Derivative exposures are calculated according to the current exposures method.

Table DF 17- Summary comparison of accounting assets vs. leverage ratio exposure measure

Leverage Ratio:

The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements.

The Basel III leverage ratio is defined as the capital measure (the numerator) divided by the exposure measure (the denominator), with this ratio expressed as a percentage.

$$\text{Leverage Ratio} = \frac{\text{Capital Measure (Tier 1 Capital)}}{\text{Exposure Measure}}$$
