8) Income

In FY 2021, the Bank aims to maintain **Net Interest Income** at similar level as FY 2020. However, due to lower business volumes and Covid-19 disruptions, Core Fee Income may decline in comparison to the previous year.

9) Deposits

Since the past 2 years, the Bank has been steadily growing **Retail Term Deposits** (deposit less than INR 2 Cr.) and reducing Bulk Deposits. As on September 30, 2020, the top 20 deposits stood at 7.89%. In comparison to Q2 FY 2020, the Bank grew its Retail Term Deposits by 33%. For the past many months, the Bank has been intentionally reducing Bulk and Interbank Deposits. During Q2 FY 2021, **Inter Bank Term Deposit** at INR 2,857 Cr. reduced by 29% as compared to INR 4,052 Cr. as at March 31, 2020. The **Certificate of Deposits** as on September 30, 2020 was zero.

The Bank's Corporate portfolio was at 10% as on September 30, 2020.

The top 20 exposures of the Bank were at 5.17% as on September 30, 2020. This is one of the lowest in the industry. Further, the Advances at ticket size of INR 3 Cr. and below, constitute approximately 85% of the total Advances as on September 30, 2020. This is one of the most granular portfolios in the industry.

11) New Business

In the coming months, the Bank intends to focus on **Business Loans (LAP), Home Loans, Gold Loans, KCC (Kissan Credit Card), Tractor Loans** and **short term Corporate Loans**. Based on current outlook, the Advances for the full year may remain flat to FY 2020 or may de-grow slightly.

13) Liquidity

The average **LCR** for Q2 FY 2021 was 141.90%.

On a conservative approach, the Bank maintained daily liquidity at levels higher than "business as usual". This continues to have a negative impact on NIMs.

14) Costs

Based on current trends, the Bank expects the full year's Costs to be less by 8 to 10% as compared to FY 2020.

15) Provisions

In Q2 FY 2021, the Bank made the following provisions:

Provision	INR Cr.
Additional Covid-19 provision	48
Additional NPA provision	10
Additional Floating Provision	3
Additional Specific Standard Assets Provision	25
Accounts not classified as NPA (Honorable SC interim order)	5
Regular aging provision	22
Total	113

As on September 30, 2020, the Bank is holding Covid-19 provision of INR 143 Cr., Floating Provision of INR 103 Cr., Specific Standard Assets Provision INR 40 Cr., Standard Assets Provision of INR 110 Cr. The above translates to 160 bps on Performing Advances as on September 30, 2020.

16) Credit Costs

NPAs may increase for the next 3 to 4 quarters. We believe that the Bank has strong Operating Profit to absorb additional NPA provisions, if any.

17) Asset Quality

The **Gross NPA** as on September 30, 2020 was at 2.27% and **Net NPA** was at 0.83% (the Gross NPA as on June 30, 2020 was at 2.44% and Net NPA was at 0.99%).

If the Bank had classified borrowers accounts as NPA (INR 29 Cr.) after August 31, 2020 the Bank's Gross NPA Ratio and net NPA Ratio would have been 2.39% and 0.92% respectively.

The **Provision Coverage Ratio** as on September 30, 2020 was at 79.06%.
