(1,23,783 sq. mt.) in the last quarter."

"The sentiment of the real estate sector has remained subdued in the past. However, going forward, we expect the sentiments to revive, as the urbanization projects - 'Housing for All', 'AMRUT' (Atal Mission for Rejuvenation and Urban Transformation) and 'Smart Cities Mission' announced by the government are poised to spur growth in the Real Estate Sector. Having expertise in developing and delivering quality real estate and infrastructure projects, the company is well placed to be a part of this urbanization drive."

"Besides these much needed government initiatives, the RBI would also play a pivotal role in the revival of the real estate sector. We hope that the RBI in its next monetary policy will announce reduction in rates to release liquidity in the market thereby enabling banks to lower their lending rates," added Mr. Jain.
