Comments of Executive Chairman Mr. C. S. Nopany on the results

The Company's concentrated efforts of focusing on specialty yarn products and enhancing home textile capacity facilitated in maintaining the growth momentum during this quarter, as the world grappled with new dimensions of economic uncertainty and stressed rural economy in the country. Our consistent & healthy financial performance enabled upgrading of credit rating to CARE AA for long term bank facilities (Term Loan / Fund based facilities).

With forecast of above-normal monsoon, implementation of 7th pay commission and other Government initiatives, we are optimistic about the future. I hope with ongoing expansion projects to scale up the production of value added yarns and Home Textiles the Company will be able to deliver better performance in coming years.
