(Formerly Sobha Developers Limited)

## **REAL ESTATE OPERATIONAL UPDATE -Q1 FY 2015-16**

With the Indian economy poised to grow at about 8% levels in fiscal 2016, the outlook on macro-economic fundamentals remains positive. Though there is optimism surrounding the economy, the real estate sector continued to face challenges posed by the slowdown in the form of subdued demand and slower sales. It is pertinent to note that the end-customers are delaying or deferring their purchase decision in anticipation of improved market conditions. The prevailing slowdown has also restrained companies from increasing theproduct prices.

The downward revision of repo rates by Reserve Bank of India has not made any positive impact on the real estate market as the benefits are yet to be passed onto the end users. Interest rate cuts by banks and financial institutions for home loans and construction finance can aid inrevival of demand.

The Bangalore market has continued to display resilience, though a slight contraction in demand was noticed for high-value products during the quarter. We expect the medium to long term outlook for the real estate sector to remain strong and for prices to remain stable.

In this backdrop, the performance of real estate operations of the Company during the first quarter of the financial year 2015-16 is satisfactory.

The Company during the quarter achieved new sales of 841,399square feet valued at `5,039 million with an average realisation of ` 5,988 per square feet. The new sales is higher by 11.5% and 4.5% in volume and value terms respectively as compared to Q1'15. The average price realisation has dipped on account of the product portfolio of the Company comprising the compact luxury segment `Sobha Dream Acres' at Balagere, Bangalore.

During Q1'16, the Company launched 'Sobha Clovelly' in Bangalore with total saleable area of 325,581 square feet. The 'Sobha Dream Acres' Project which was launched in the last quarter of fiscal 2015 has been well received by the market and continues to garner positive response from potential customers. The Bangalore market delivered strongly for the Company towards the end of the quarter. The Company has also seen a revivalofdemand in the Chennai market.

The summarised real estate performance for the quarterended June 30, 2015 is given as under:

# **New Sales:**

# **In Square Feet**

Location	Q1 16	Q1 15	Q4 15	FY 15	FY 14
