Teaming up for TOMORROW

High on digital desire

It is an increasingly dynamic world where consumer attention spans are shortening continuously. The business landscape is highly aggressive and competition for acquiring consumers has reached a crescendo. Globalization and localization are happening simultaneously, and mass and niche are growing in parallel. In this increasingly high-pitched battle, reach, engagement and diversity define the success of a content platform. Today, content consumption is all about seamless cross-platform viewing for most content and destination-based viewing for exclusive content, all encompassed in an immersive experience with a touch of personalization.

A collective future which envisions this, backed by a holistic approach to make it accessible to our consumers, fuels our beliefs at Network18. Continuous innovations in content, expanding our offerings, creating brands that command loyalty from audiences, and establishing strong competitive positions across genres, are some of the key pillars of our strategy at Network18. As one of India's largest media powerhouses, our mission is to provide top-drawer content across genres, regions and languages. While our approach is channel-agnostic, given the explosive growth in digital consumption, we are focused on strengthening our presence in the digital space, in both news and entertainment genres. We aim to

lead this digital transformation journey with the help of our diverse portfolio offerings. A cumulative reach of 700+ mn TV viewers and 250+ mn digital consumers every month bears witness to how teaming together has helped us stand out and stay ahead of the competition.

WHAT WE DO BEST

Network18 Media & Investments (Network18) is among India's most diversified media and entertainment conglomerates with a commanding presence across the content spectrum. We deliver authentic and engaging content to our consumers across genres – news, entertainment, sports, movies and live entertainment – through multiple platforms including TV, digital, cinemas, print and on-ground events. Our success is attributable to a diverse portfolio of market-leading brands, many of which have become synonymous with the segments they operate in. By offering enriching experiences to audiences across demographics, languages, regions and socio-economic segments, our brands continue to strengthen their positions in the media eco-system. To serve the changing viewing habits, we remain focused on expanding our offerings to provide diverse quality content that is platform and screen agnostic.

TEAMING UP FOR A DIGITAL DAWN

We have one of the richest portfolios in the traditional media segment, with strong brand recall, unwavering loyalty and growing viewership. As consumers increasingly gravitate towards 'anytime, anywhere' viewing, it is incumbent on us to align ourselves to these changing preferences. Leveraging the visibility of our well-established brands, we are creating a suite of digital platforms, that complement our traditional portfolio while enabling cross-platform and exclusive content experiences for digital-first audiences.

Accent on hyperlocal news

Extensive state-wise coverage with a portfolio of 16 general news channels makes us India's largest news network. But we believe that going deeper into local regions will be pivotal to engaging audiences across India's diverse landscape, which varies not

only with state borders but also across smaller regions within states. To harness the growth opportunities across the country, from India to Bharat, our strong regional TV network will be complemented by our on-ground coverage of hyper-local

news (Local18), which is of great interest to consumers. It will bring our strong regional presence and flagship digital platforms together to connect and engage with consumers in the language and on the device of their preference.

Where TV meets Digital

Our strong belief is that content loyalty trumps allegiance to the platform. Being true to that belief, our TV and Digital platform teams collaborate continuously to create content that maximizes the collective value for the Company. As the youngest vertical in the portfolio, our digital platform, Voot, benefits from the strength of our strong TV portfolio, carrying 75,000 hours of network content library and latest episodes of popular shows. It is no surprise that our TV network shows are one of the biggest drivers of eyeballs on the platform. And Voot is helping drive better engagement for our TV shows, especially reality shows, with features like audience voting, exclusive behind the scenes content, and play along games. Truly exemplifying the spirit of 'One Viacom', stakeholders from both businesses work closely together to ensure that engaging content is delivered seamlessly to the users, irrespective of the platform.

The Big Picture – New concept game show with 'play along' quiz on Voot which helps engage the audience better

The Big Boss – Behind the Scenes content exclusively on Voot

Big Boss OTT – One of India's most popular shows in digital exclusive avatar

USHERING IN A BIGGER TOMORROW

Diversity and quality are the two sine qua non for any content company looking to establish itself as an integral part of consumers' lives. As competition for eyeballs grows with - new content formats, new platforms and increasingly blurring lines between social media and content platforms, one has to have a holistic approach for content creation and distribution to maintain a strong position. To continue being relevant to our audience, we always keep working towards enhancing our value proposition, be it adding more diversity to our content or improving the quality of our current offering. As the time spent on content consumption continues to grow, driven by increasing penetration of connectivity and devices, we, at Network18, are pulling out all the stops to ensure that when people think of content, we are on top of their minds.

An integrated newsroom for 'consumer-first' news

We are setting up an integrated newsroom for our television and digital teams to work together in a way that keeps consumers at the center of all our work processes. By bringing together ideas, information and know-how, the upcoming newsroom will create synergies for transforming our news feed and video content creation for a platform-agnostic delivery. Equipped with advanced technological capabilities, the newsroom will also enable us to exercise greater control over story creation and dissemination.

Salient features of state-of-the-art newsroom

Giving fans access to their favourite sports

Sports might contribute only a small fraction of overall viewership, but the emotions it evokes is unmatched by anything else. That is why we aim to be a strong player in the sports segment and made an entry into the arena with the acquisition of some marquee properties through our subsidiary - Viacom 18. This makes us the only media company in the country with a presence across the 3 most important content genres – news, entertainment and sports. We have 2 sports destinations for our consumers – dedicated TV channels and digital streaming on Voot. With broadcasting and streaming of sporting events attracting high viewership around the world, our entry into the genre provides an exciting opportunity for increasing our audience base, leveraging cross-platform synergies and improving the monetization of our network. In a major boost to its sports portfolio, Viacom 18 acquired the digital streaming rights of Indian Premier League in the Indian sub-continent for 2023-27 seasons.

BUILDING FOUNDATIONS FOR A BRIGHT DIGITAL FUTURE

As we make this transformational journey from old to the new, we derive great confidence from the fact that our portfolio consists of brands and platforms which have managed to create strong competitive positions and continue to stay on top of consumers' minds. From staying updated on the latest news on news18.com, to catching up on the latest episode of *The Big Boss* on Voot, to tracking their investment portfolio every morning on Moneycontrol, these platforms have become an integral part of Indian consumers' lives. Our endeavour is to continue improving content, reach and user experience so that these become synonymous with 'digital' for the Indian audience across the country.

Voot - Daily dose of entertainment

Bringing engaging and exclusive content at the fingertips of viewers, Voot is among India's leading video-on-demand streaming platforms. With an eclectic content mix of TV shows, movies, digital-exclusive shows, sports content, and premium English content, Voot offers a complete content offering for Indian audience. With a hybrid monetization model, it provides unrestricted ad-free content access for paid users and limited content offering with ads for free users.

RETHINKING TODAY FOR A DIGITAL TOMORROW

Media and entertainment preferences of consumers are like wheels in motion, continuously moving forward. From cassette players to iPods to smartphones, the impact of digitalization on changing and defining consumer habits is for everyone to see. Some of these changes have been accelerated by the pandemic, bringing new customers on digital platforms and fostering new behaviors. As one of the industry leaders, it is important to be cognizant of these changes and lead the disruption rather than being disrupted. We are not only embracing the new way of life but also leveraging it to enhance engagement with our audiences.

Connecting with fans at new digital touchpoints

Globally, the M&E industry has recognized the power of NFTs, and India, as one of the world's youngest markets, is uniquely positioned at the focal point of the Web 3.0' revolution. As a future-ready media brand that caters to a digitally native generation, MTV wanted to forge a new connect with audiences by giving them a chance to own a piece of the rich brand legacy and story. To enable this, in association with a partner, creative assets of the brand were converted into 'fully valuable' digital art and were very well received by the loyal fans. We continue to explore new opportunities for building fandom for our content which will help us to strengthen our brand ecosystem.

Reinventing our magazines for a digital savvy audience

In line with the changing landscape where online viewership of magazines is taking precedence over print, we are reinventing our magazines to be relevant in a digital world. As the pandemic fast-tracked the ever-evolving need for digital transformation, Forbes India has re-positioned itself as a wholesome digital platform. The online magazine has garnered a vast audience reach as a result of the initiatives taken to align with changing reading habits. Forbes India, one of India's leading business magazines, now actively engages with the readers through its suite of digital-first products.

LETTER TO SHAREHOLDERS

Dear Shareholders,

The year gone by was a remarkable one for your Company as it delivered its finest operating and financial performance ever. Not only did we scale new heights on operating front, our profitability metrics also achieved new levels. This is the result of a well-defined strategy and a step-by-step execution over the last few years. It is no mean feat that this was achieved as the economy and industry faced two of the toughest years, affected by a global pandemic the like of which has never been witnessed before. Our experience of last year had prepared us well to keep the operations running uninterrupted while maintaining the safety of our employees, despite the resurgence of pandemic. We continued with work from home policy and made arrangements for healthcare and vaccinations for all employees and their families. And our people responded by putting their best foot forward, pushing the Company towards historical performance, amidst an improving economic environment.

The contours of the country's media landscape have been changing, with the waves of digitization chipping away at old ways and creating new. It is a great opportunity for a Company like ours, with a strong presence in both traditional and new media segments, to lead this transformational journey into the future. And it is with an eye on this future that our entertainment business, Viacom 18, announced a partnership with Bodhi Tree, Reliance and Paramount. This partnership will not only enable the Company to invest in scaling up its digital, sports

and other businesses, it will also bring the invaluable experience of industry veterans and distribution reach of a big digital platform on board. We had already started making investments for future with expansion into sports and scaling up of the digital business in the last fiscal, and this partnership has the potential to take Viacom 18 into the next phase of growth, on the way to becoming one of India's largest broadcasting and streaming companies. Viacom 18's acquisition of exclusive digital rights of IPL for the next 5 seasons is a massive step forward in this journey.

We are also taking initiatives to make our news businesses future-ready. With the largest news portfolio in the country, in both TV and Digital segments, our aim is to become the most trusted source of news for our audience. We are harnessing the collaborative power of both our platforms to deliver consumer-first news. We are expanding our coverage along the dual axes of width and depth to provide a 360° coverage of events to our consumers across the country – from national and regional news to global and local round-up. Our initiatives of going hyperlocal and creating an integrated newsroom are laying the foundations for us to stay relevant in a fast-changing media landscape where consumers' trust and the ability to reach them at multiple touchpoints will be key to success.

As the country comes out of the impact of pandemic, economic outlook, at least in the short-term, looks soft due to events beyond control. However, as a country,

we have shown in the past our ability to partially insulate our story from the rest of the world. India has taken massive steps over the last few decades to set itself up for a long-term growth and we believe that this current phase will be a minor bump on the road to sustained progress. As one of India's youngest media companies, we endeavor to play a strong role in this growth journey and transform ourselves into becoming a platform of choice for consumers across the country.

MANAGEMENT DISCUSSION & ANALYSIS

FORWARD-LOOKING STATEMENTS

Statements in the Management Discussion and Analysis, which describe the Company's objectives, projections, estimates and expectations, may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could influence the Company's operations include economic developments within the country, demand and supply conditions in the industry, commodity prices, changes in government regulations, tax laws and other factors such as litigation.

COMPANY OVERVIEW

Network18 Media & Investments Limited (Network18 Group) is one of India's most diversified media and entertainment (M&E) conglomerates, with interests across television, digital content, filmed entertainment, e-commerce, print and allied businesses.

TV18 Broadcast Limited, a subsidiary of Network18, manages its primary business of broadcasting. It runs the largest news network in India, spanning business news (4 channels), general news (1 each in English and Hindi), and regional news (14 channels across India, including a joint venture News18-Lokmat). Our marquee brands like CNBC-TV18, News18 India, and CNN News18 are part of this news bouquet. For the Indian diaspora and audiences across the globe, News18 International delivers definitive Indian news.

TV18's subsidiary company, Viacom 18 (a joint venture with Paramount Global), operates a portfolio of television entertainment channels and a digital platform. The TV portfolio comprises channels across general entertainment and movie genres in Hindi and regional languages, sports, English entertainment, youth and music content, and kids' entertainment. Colors, MTV, and Nickelodeon are some of the leading brands in this portfolio. Viacom 18 also operates Voot, an OTT (Over the Top) platform offering premium and exclusive content as well as catch-up TV for on-demand viewing. The Group also has a presence in the film production and movie distribution business through its studio - Viacom 18 Motion Pictures. TV18's infotainment subsidiary AETN18 (a joint venture with A+E Networks) operates a factual entertainment channel - History TV18.

TV18 and Viacom 18 have a joint venture, IndiaCast, a multi-platform content asset monetization entity, which brings quality Indian content to viewers across the globe, driving distribution, placement, and content syndication for the Group's channels and content in domestic and international geographies.

Network18 houses digital content and digital-commerce businesses. The content business has online platforms (websites and mobile applications) spanning news, opinion, and entertainment. This includes leading platforms such as Moneycontrol, News18.com, CNBCTV18.com, and Firstpost. Network18 is the largest shareholder in BookMyShow and is also present in the publishing business with marquee magazine brands like Forbes India, Overdrive, and Better Photography.

INDIA'S MOST DIVERSIFIED MEDIA GROUP

Network18 Media & Investments (Network18) is India's only media and entertainment conglomerate with a presence across the complete spectrum of content genres - news, entertainment, sports, movies, and live entertainment across multiple platforms like TV, digital, cinemas and on-ground. Our bouquet of diverse properties delivers authentic news and entertainment content that offer a wholesome experience to audiences across demographics and socio-economic segments in their local languages. As a platform which is distribution channel and screen agnostic, our endeavor is to continually expand our reach to connect with consumers wherever they are present.

Network18 houses a diverse set of brands - home-grown umbrella brands like News18 and Colors, globally popular brands like CNBC, MTV, Nickelodeon with customized programming for India, and digital powerhouses like Moneycontrol and Voot. The Company has a nimble, digital-first approach with growth engines ready to deliver long-term success. We continue to invest in opportunities presented by India's rapidly evolving media landscape, with a keen eye on improving profitability.

MISSION & VISION

Network18 aims to be a channel-agnostic provider of top-drawer content, across genres, regions, and languages. We endeavor to be India's top media house with unparalleled reach, touching the lives of Indians across geographies and demographics.

OPERATING MODEL

Network18's operating model places the audience at its center, thereby establishing a powerful connect with them through its quality content and diverse brands across multiple mediums. This business model is tailored to the context and built to leverage business strengths in each operating segment.

Platform Agnostic

Network18 is committed to making its content seamlessly accessible to its discerning audiences wherever they are present, through a platform of their choice.

Impactful Reach

With a relentless focus on the identified pillars of growth - content and distribution - Network18 is primed for success in the rapidly evolving media landscape in the country. This approach enables the Company to reach its audiences, regardless of geography, language, or demography, with quality and impactful content.

Network Synergy

Network18 is the only truly well-diversified media group in the country with a meaningful presence across both news and entertainment genres. Its breadth of varied properties facilitates cross-promotion and cross-pollination of ideas and expertise across the network.

Strategic Collaborations

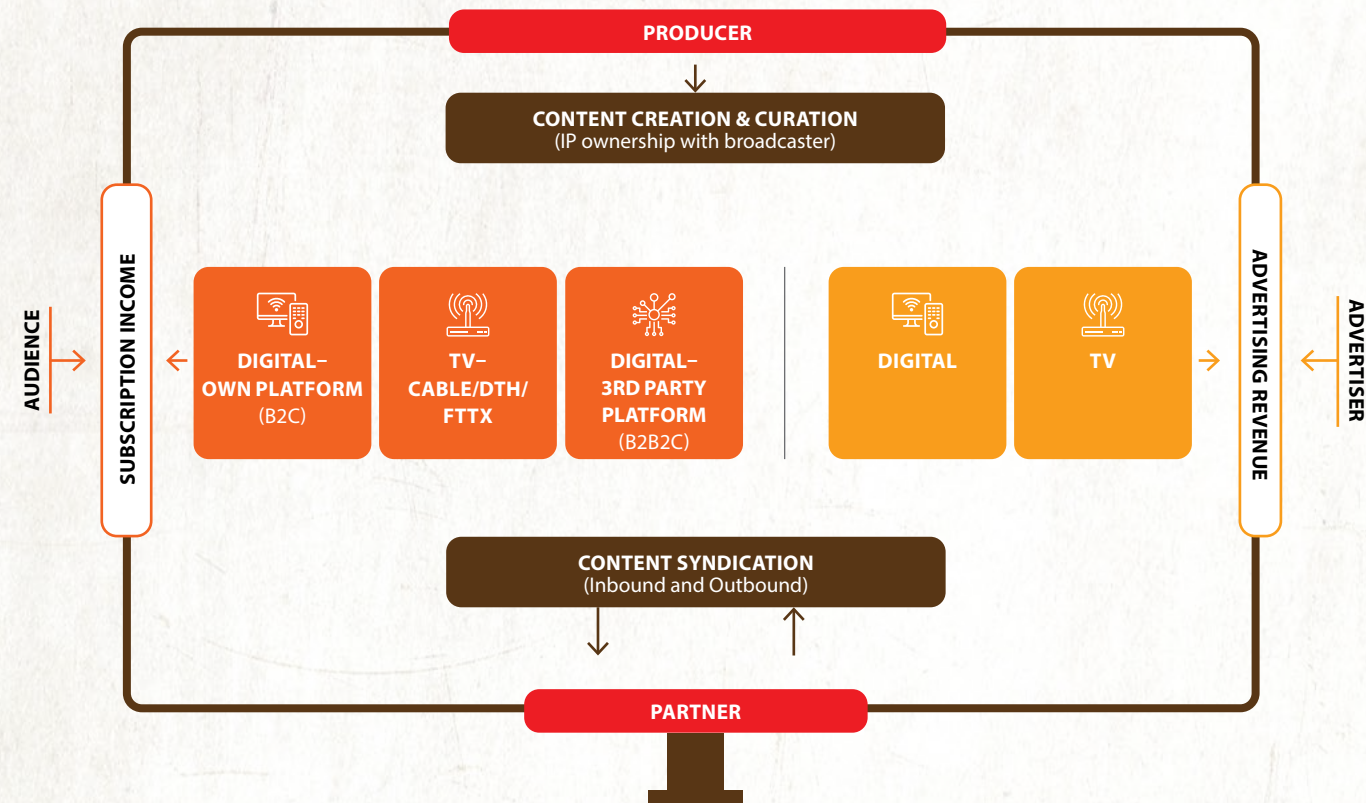

Network18 has a successful track record of building strategic alliances with leading international media companies like Paramount (earlier ViacomCBS), NBCU, CNN, A+E Networks, and Forbes. This not only enables the group to leverage the strengths of its partners, but also helps achieving global standards.

Brand Excellence

Network18's focus on driving the highest standards of creative excellence by fostering a culture of innovation has helped build brands like Colors, CNBC TV18, CNN News18 and Moneycontrol, which have become synonymous with the segments in which they operate.

Thought Leadership

Network18 is steered by a team of experienced professionals who believe in excellence and experimentation. The Group has consistently taken a lead in pushing the boundaries of its creative framework and exhibited thought leadership in innovation and execution.

VALUE CHAIN

Network18 is present across the content creation and distribution value chain, delivering the best of Indian and global content to audiences across the country. Network18 and its affiliates across the media (content creation) and distribution (telecom, cable, broadband) value chain provide a compelling value proposition for its increasingly 'platform agnostic' viewers. Synergies in content creation and efficiency in distribution amplify the reach of Network18's genre-leading brands, seamlessly delivering impactful ideas and immersive imagery to India's vast and demographically diverse audience.

INDUSTRY OVERVIEW

FY 2021-22 was a year of continued resilience as we implemented the learnings from the first wave of the coronavirus pandemic. Despite periods of sharp rise in COVID cases and lockdowns during the year, economic activity continued largely undiminished in India, making it the fastest growing major economy in the world. The beginning of the year was marked by the second and the most impactful wave of the pandemic, but content production and other activities continued in a business-as-usual manner as industry participants implemented contingency plans and new safety SOPs. Consumer demand, which had recovered in the second half of the last fiscal, continued to see robust growth, both in urban and rural markets.

Advertising, which contributes to more than 50% of M&E revenue, received a boost from strong consumer demand. India was the fastest growing ad market around world, recording the highest growth in nearly two decades. While the growth was partly aided by a low revenue base due to COVID impact, it helped the industry cross 2019 levels. All media segments (except cinema) registered growth, with digital leading the way. With a 1.5% share of global ad spends vis-à-vis ~7% contribution to world GDP, India has a significant room for advertising revenue growth.

TV subscription revenue remained largely resilient as broadcast networks continued with a full roster of original content. Print circulation revenues experienced a sharp recovery but remained lower than pre-pandemic levels. Digital subscription continued to grow, accelerated by tailwinds of changing consumer habits favoring increased digital adoption. Demand for content continued to grow across platforms, with both TV and digital seeing growth in viewership.

HIGHLIGHTS

→ **TV viewership normalized back to pre-pandemic levels**

Unlike last year, TV viewership saw a much smaller spike during the second wave (Apr-Jun) as lockdowns were mostly localized and movement of people outside homes was largely unrestricted. TV viewership normalized through the year and returned to pre-COVID levels by the start of 2022, as did the genre shares. Barring a few weeks in the first quarter of FY 2021-22 when production of non-fiction shows was paused temporarily, broadcast networks across languages, continued with their full content catalogs. Regional viewership remained strong across markets with most geographies seeing intense competition for share. Movie channels' viewership was impacted for the second year due to limited number of new movie releases. Sports viewership was boosted by events like T20 Cricket World Cup, Tokyo Summer Olympics, and IPL.

→ **TV and Digital advertising gained momentum**

FY 2021-22 started on a weaker footing, but local lockdowns and a narrower peak in the pandemic curve, accompanied by a strong consumer demand and advertiser appetite, caused only a minor blip in the growth momentum which had begun in the second half of last fiscal. Industry ad revenues (TV + Digital) surpassed FY20 levels with TV ad volumes reaching multi-year high and digital leading the growth. Return of high impact programming, robust consumer demand, strong FMCG spends, and entry of new advertisers drove up volumes and ad-yields. However, advertising growth was impacted in the second half of the year as sustained commodity inflation forced FMCG companies to hike prices, which softened the consumer demand, especially in rural markets.

While TV continues to be the primary platform for brands looking for reaching audience at scale and brand building with high frequency advertising, Digital leverages its inherent advantages of targeting, delivering personalized experience and offering options for advertisers with limited budgets. These two mediums now capture nearly three-quarters of the total advertising budget and are expected to further gain share at the expense of print and other media. In India, large

brands allocate majority of their marketing spend on TV while smaller brands typically spend most of their budgets on digital platforms. For a large brand, especially an FMCG company, a combination of TV advertising aimed at growing penetration and improving brand recall is generally complemented by digital advertising with campaigns for targeting or a 'call to action'.

→ **TV subscription resilient, OTT accelerating**

India's TV penetration at ~65% and average revenue per user (ARPU) at ~US\$ 3 are well below most developed and developing economies, thus highlighting the room for growth. Since the sharp jump in the broadcasters' subscription revenues which followed the implementation of NTO 1.0 regulation in FY20, the growth has plateaued. This is primarily due to the delay in implementation of the amended NTO 2.0 regulation, legal validity of which was challenged by several players and industry bodies. As litigation continued, the court had imposed a status quo on channel pricing and bouquet composition, thereby restricting growth drivers for both broadcasters and distributors. Revenues were also impacted on account of COVID as some pay-TV users migrated to the DD Free dish platform due to economic hardships brought on by the pandemic.

Digital subscriptions continued to gain traction as OTT platforms ramped up the availability of digital exclusive content and increased spends towards consumer acquisition. The year saw most major platforms tweak their subscription plans while trying to strike the right balance between volume and pricing growth. With more than 30 OTT platforms, Indian consumers have a plethora of options. As theaters were shut or operated with limited capacity for most of the year, many small budget films and even some big budget movies turned to OTT platforms for release. Digital subscription revenue continued to grow sharply, albeit off a low base, both from B2C (direct) and B2B (telco-driven) distribution of OTT platforms. Most Indian OTTs operate on a hybrid monetization model which offer ad supported free content and exclusive content only for paid subscribers.

→ Mobile to lead digital growth; to be complemented by new devices

Digital content consumption has witnessed a sharp growth over the last few years driven by increasing smartphone and 4G penetration. With its on-demand, catch-up, exclusive, and differentiated content, mobile offers an alternative to TV. More importantly, unlike TV, which is usually shared by 4-5 household members, mobile offers a dedicated screen, ideal for individual viewing. Nearly 90% of digital consumption in India takes place on mobile screens due to the limited penetration of wired broadband (~22 mn subs) and internet compatible TVs (~10 mn). However, digital consumption on bigger screens too has been growing with increasing sales of connected TV/devices and large telecom service providers driving broadband connectivity. Cable and DTH companies too are upgrading consumers to internet-enabled set top boxes, which enable seamless switching between linear and digital viewing. Globally, ~10% of ad budgets were allocated to connected TVs last year and India could follow a similar pattern, but with a lag, as the current penetration of these devices is much lower. As per the BCG CII Report, Indian OTT industry is expected to grow between 22-25% CAGR to US\$ 13-15 bn over the next decade driven by both subscription and advertising revenues.

was experienced in FY21. All the business verticals - TV News, Entertainment and Digital News, registered a strong growth in ad revenues, driven by a strong operating performance and improved macro-economic environment. Growth on a YoY basis was helped partially by a lower base but even compared to FY20, all verticals delivered robust growth.

Ad revenues had a pulsating journey, with strong growth during the year book ended by events which impacted growth. The year began with the second pandemic wave sweeping across the country, slowing down the momentum which had begun in the second half of the last fiscal. This was followed by a strong growth period, with TV advertising volumes reaching record levels and Digital advertising continuing to gain traction. However, at the end of the year, increasing inflation, further worsened by Russia-Ukraine conflict, impacted consumer demand and consequently advertising spends. News verticals (TV and Digital) delivered strong ad revenue growth in each quarter, while Entertainment business registered a strong growth in the first 3 quarters and moderate growth in the fourth. TV subscription revenue was flat on a YoY basis as the legal challenge to implementation of NTO 2.0 regulation continued along with the status quo on subscription pricing. Movies revenue saw a partial recovery during the year.

We continue to optimize our cost-conscious business model which leverages the scale, tech-expertise, and group strengths to drive growth in a sustainable manner. It enabled us to continue on our journey of improving business profitability, helped by the increased revenue traction.

GROWTH AND INNOVATION

SPORTS, THE NEXT GROWTH FRONTIER

Viacom 18 made a foray into the sports genre during the year by acquiring broadcast and digital rights of some marquee sports properties. The network has created a strong portfolio of football offerings with rights to FIFA World Cup Qatar 2022™ and three of the five most-watched football leagues in the world – Spanish La Liga, Italian Serie A and French Ligue 1. The partnership with the NBA has made it the home of basketball, one of the popular sports in the world. These iconic properties are complemented by World Boxing Championship, top BWF World Tour events including the All England Open Badminton Championship, Abu Dhabi T10 Cricket, Road Safety World Cricket Series, and a host of ATP Masters competitions. The network launched 3 sports channels in Apr'22 - Sports18, Sports18 HD and Sports18 Khel (FTA channel available on DD FreeDish), giving the fans a dedicated destination for best-in-class sports content, along with its Youth and Music TV channels which also air sports content. All the sports events and leagues are also available for live streaming on its premium video-on-demand platform, Voot. The network is committed to strengthening its sports offering with the addition of new properties to its catalog.

NEWS PIVOTED TO INTEGRATED REPORTING

The network embarked on a big transformation journey, marking its move from incremental to exponential growth, with a keen focus on creation of a truly integrated newsroom flow that is story-centric and not organized around platforms. The new flow, to be completed by end of this fiscal, will bring all arms of the network closer in a harmonious way. This integrative journey will culminate in the creation of a new, state-of-the-art nimble newsroom that can quickly adapt to changes reshaping the media landscape. This transformation will be supported by core technology layers across CMS, Ad Tech, and consumer personalization, which have been gradually built over the last few years.

TECHNOLOGY-POWERED HYPERLOCAL COVERAGE

The Group, with a strong pan-India presence in the news genre driven by dedicated TV channels in 17 states and a portfolio of 16 news websites, believes that the next phase of growth will be driven by going deeper inside local markets and will be fueled by digital video consumption. To capture this growth, we are building a hyperlocal video play in News on the strong foundation provided by our extensive TV network and flagship digital platforms. An integrated newsroom and a growing share in regional markets will drive this phase of growth, powered by a strong technology layer that enables our 1,200+ journalists to contribute and power content for digital. Our tech platform integrates both TV and digital content ecosystems and has capabilities for AI/ML-based content screening, editing and deployment, producing continuous news feed for our consumers.

BUILDING SUSTAINABLE DIGITAL BUSINESSES

Advertising has been the primary driver of the digital revenues for the Group so far. However, the Company believes that subscription will become an important revenue stream as consumers become more comfortable with the concept of digital payments and subscription-based digital products. The Group has been investing in its subscription-led products - Voot (entertainment) and Moneycontrol Pro (financial news and investment tracking). Both these products have witnessed significant growth in paid subscriber base driven by their content and consumer connect initiatives. Voot launched Bigg Boss OTT, a digital exclusive version of India's most popular reality show. With a 24x7 unedited live stream, access to the latest episodes a day earlier than free users, and viewers voting to nominate contestants out, the show delivered phenomenal reach and engagement among

the paid subscriber base. The show garnered 10 bn+ minutes of watch time over the 6-week period, truly delivering an 'Over the Top' experience. Voot is also emerging as a sports destination, streaming several popular sports, leagues and events. The platform also released several Voot Select Originals, which received encouraging consumer feedback. Moneycontrol Pro became the only Indian publisher¹ to cross 500k paid subscribers driven by smart tools, actionable insights, and premium content available to subscribers.

VIACOM 18 ANNOUNCED A PARTNERSHIP WITH RELIANCE AND BODHI TREE SYSTEMS

On 27th April, Viacom 18 announced a partnership with Reliance and Bodhi Tree Systems, which is a platform of James Murdoch's (former CEO of 21st Century Fox) Lupa Systems and Uday Shankar (former President of Walt Disney Asia Pacific). As part of this partnership, a total of ₹ 15,145 crore (~US\$ 2bn) will be infused by Bodhi Tree Systems (₹13,500 crore) and Reliance (₹ 1,645 crore through Reliance Projects & Property Management Services Limited, a wholly-owned subsidiary of Reliance) in addition, the JioCinema OTT app (currently owned by RPPMSL) will be transferred to Viacom 18. Paramount Global (formerly known as ViacomCBS), who had a 49% stake in Viacom 18, reaffirmed its commitment to the partnership as a strategic partner and will continue to supply Viacom 18 its premium global content. This partnership will enable Viacom 18 to transform into one of the largest TV and digital streaming companies in India.

The M&E industry in India has a long runway for growth and has attracted interests of global players as well as spurred M&A activity from Indian peers. Digital business models are evolving

for all players and still sometime away from being a positive contributor to the bottom line. To be a meaningful player in this landscape, where consumers are spoilt for choice, one has to invest in content, distribution and technology. This transaction, through infusion of fresh capital (₹ 15,145 crore) in Viacom 18, will enable it to make the right investments in its high growth businesses – Digital, Sports, and Regional Entertainment. It will help Viacom 18 scale up its content offering for both Digital and TV platforms to create a holistic offering for the diverse Indian audience. The Company believes that such investments will strengthen its competitive position across markets and also make its ready for future.

With JioCinema becoming a part of Viacom 18, it will enable Viacom 18 to access 400mn+ consumers of Jio Mobility and Fiber, instantly catapulting the platform's digital reach. Given the importance of distribution reach in a highly cluttered and competitive digital landscape, this partnership will allow Viacom 18 to reach out to India's largest mobile and broadband user base. JioCinema will also bring its critical partnerships with marquee content producers for content and OEMs for distribution. The transaction will help create a digital platform of scale with an exciting proposition, both for consumers and advertisers.

OUTLOOK

The Indian M&E industry has a long runway for growth driven by the secular trends of increasing demand for quality content and higher time spent across demographics on content consumption. As per industry reports, India is expected to be the fastest growing ad market with digital leading the way. As the digital ecosystem continues to mature, digital subscription market will continue to see rapid adoption and will enable a concomitant growth in revenues. End of stalemate on TV subscription pricing would help drive growth in the core business revenues. The impact of the pandemic on the business seems to be minimal at the time of exiting FY 2021-22. However, overhang of global macro events could have an impact on inflation and consumption, and hence industry growth.

Our endeavor is to continually connect with our audience through content that resonates with them. Network18 has a formidable presence across media verticals and genres, with room for improvement in some of the markets. Vernacular content and digital outreach continue to be the primary strategic axes of growth, across both entertainment and news segments. Our expansion into sports has added another growth axis and we believe live sports will be a key driver for increasing consumer's time and wallet share. Focused on long-term growth, we shall continue to make investments to further strengthen our position and simultaneously prepare for leveraging future growth opportunities.

Infotainment

History TV18

History TV18 continued to build upon its legacy of delighting the Indian audiences with best-in-class factual entertainment.

The iconic brand completed a landmark 10 years in India and the occasion was marked by a live online session featuring key stakeholders and anchors engaging with viewers. Original show *Modern Marvel: World's Largest Cricket Stadium* created unprecedented buzz on social media with stars of Indian cricket endorsing the show. The digital juggernaut #RoadtrippinwithRnM has proven to be a hit with sponsors and viewers alike, smashing records and setting new benchmarks for success with as many as 4 new seasons this fiscal. HistoryTV18's digital platforms leveraged their vast reach to bring attention to various Government initiatives through content like *Engineering Marvels: High Speed Highways*. The brand continued to grow its social fan base, adding 9 lac followers. The channel also continued its winning streak, bagging awards like *Asian Academy Creative Awards & vIDEA awards*. The year ended on a high note with the premiere of the eighth season of *OMG! Yeh Mera India*, the country's most successful locally produced and returning factual entertainment franchise.

Digital

Viacom 18 Digital Ventures is a key driver of Viacom 18 future growth agenda and caters to the entertainment needs of the discerning viewer through a diverse content offering.

Voot

'Voot' continued to be one of India's eminent advertising led digital video-on-demand streaming service. With a library of around 75,000 hours of Viacom 18 network content, exclusively created content around network shows, and Voot Originals, the platform caters to varying needs of discerning audience across segments. Voot is the country's most engaging platform in the ad-supported service space and garnered over 82 bn minutes of watch-time through the year. Apart from network content and extensions of popular TV shows, Voot offered new, engaging, and exclusive content, widening the breadth of content genres on the platform. It was the #2 broadcaster OTT platform in terms of daily time spent per viewer. Voot continues to partner with leading brands under its branded content arm Voot Studio to conceptualize and create high impact content that helps deliver reach and generate equity for partner brands.

Voot Select

SVOD (Subscription Video On Demand) platform, Voot Select saw a sharp growth in D2C subscribers, boosted by novel digital exclusives and Digital-first TV content. Voot Select's biggest success

story was the launch of *Bigg Boss OTT*, the first mega non-fiction property to go fully digital. The show's success was powered by a 24x7 unedited live stream, 'Mini Episodes, Big Impact' featuring host Karan Johar's sass and housemates' swag, and interactivity that made 'janta the BOSS!' by giving them power to nominate the participants they didn't want in the show. *Bigg Boss OTT* garnered 10bn+ minutes of watch time (AVOD+SVOD) over 6-week period, truly delivering an 'Over the Top' experience.

Voot Select bolstered its exclusive content catalog with an impressive slate of originals - *Candy* (IMDb rating - 8.7), *Ranjish Hi Sahi* (IMDb rating - 8.5), *Illegal S2* (IMDb rating - 8.2). Voot Select also forayed into Kannada market with the original Kannada web series, *Humble Politician Nograj* (IMDb rating - 8.4) and super-hit movie *Badava Rasal* (IMDb rating - 9). *Bigg Boss S15* kept the loyal fans of the show hooked on to the platform by introducing an industry-first 24x7 live feed. *Voot Select Film Festival*, the largest ever direct to OTT Film Festival in India, offered more than 15 critically acclaimed movies across genres and clocked in ~30 mn minutes of watch-time.

Voot Select also became a sports destination with streaming of NBA, Spanish La Liga, Italian Serie A, French Ligue 1, Scottish Cinch Premier League, Carabao Cup, World Boxing Championship, ATP Tennis Masters, Abu Dhabi T10 League, and a few of the

major Olympics sports such as Squash, Ice Skating, Triathlon, Marathon, etc.

Voot Select bagged 13 awards (8 Gold, 4 Silver and 1 Bronze) at vIDEA Awards 2021, e4m Play Awards 2021, IMAGEX 2021 and Front Benchers 2021 for best use of social media, multichannel marketing, best web series, best video marketing (social media & integrated). Content Creation and Production

Viacom 18 Studios

Viacom 18 Studios completed 12 years of excellence in the industry and during this time it has successfully produced and distributed 61 iconic Hindi films and 31 clutter-breaking regional films. Over this period, it has also distributed 64 Hollywood titles in India of which 57 were through its exclusive distribution arrangement with Paramount Pictures.

Due to the impact of pandemic, Viacom 18 Studios had to postpone the release of some of its movies which were scheduled for release in the last fiscal. Hindi movie, *Gehraiyaan*, co-produced with Dharma Productions, garnered significant buzz and won hearts of global audiences. Viacom 18 Studios also released two regional films on OTT platforms - *Bramham* (Malayalam) and *Thuglaq Durbar* (Tamil). Both these films have been terrific successes garnering praise and attention from the audience. Viacom 18 Studios also distributed the film *Gangubai Kathiawadi* in the overseas territory and has been loved by the audiences around the world.

Tipping Point

Tipping Point

Viacom 18 Studios' digital content production arm - Tipping Point, was incubated with the intent of creating compelling and

subject-driven web content for both our own and third-party platforms. Following the success of *Jamtara, Taj Mahal – 1989, She* and *Ray*, Tipping Point delivered the second season of the super hit web series *She* to Netflix.

Colosceum Studios

In its 14th year of operations, Colosceum continues to deliver shows and movies for TV and Digital platforms alike. During the year, Colosceum produced several popular TV shows across fiction and non-fiction categories. It produced *Splitsville X3* and was the executive producer for Viacom 18 Studios' movie, *Shabassh Mithu*.

Licensing and Merchandising

Viacom 18 Consumer Products is a significant player in the small but fast-evolving licensing and merchandising business. Publishing

FORBES INDIA

Forbes India has reinvented itself into a wholesome digital platform, with the pandemic fast-tracking the need for digital transformation. The online magazine has garnered a vast audience with the launch of digital-first properties such as 'Take One', 'News by Numbers', 'Photo of the Day'. Impactful format, '30 Under 30 Class of 2021 Soiree', was conducted virtually this year and drove conversations and engagement. Innovative long-format series such as 'Beyond the Boardroom' with corporate leaders, 'From the Field' with renowned sports personalities, and cutting-edge podcasts helped further bolster our digital presence. Forbes India's Instagram and Twitter handles crossed the milestone of 1 mn+ followers. It also released the coveted Forbes India Rich List, Tycoons of Tomorrow, W Power. The magazine rounded off the year with the prestigious 'Forbes India Leadership Awards'.

Better Photography

It is India's most widely read magazine on the art and science of photography. The leading technical authority, with its test bench, stand-alone gear, and accessory reviews, made sure that engagement with its readers was intact even during the challenging phase of the pandemic. The weekly photography challenges ensured participation and increased user base in both offline and digital worlds. Extensive coverage of the 'TIPA World Awards' to Indian counterparts was conducted by Better Photography with the online presentation of awards. Along with a range of some of the most respected international awards for professional and amateur 'HIPA Awards', Better Photography was the exclusive media partner at one of the leading photography festivals in the subcontinent, 'Chennai Photo Biennale'.

OVERDRIVE

OVERDRIVE

Overdrive strives to achieve excellence by keeping its readers abreast of every development in the dynamic automobile market. Not only does one get an in-depth reviews of the hottest wheels, but also helpful tips, step-by-step guides, and expert advice on a range of topics. Overdrive celebrated the 700th episode of its TV series with a newly launched car in Little Rann of Kutch. The brand has garnered a vast online audience due to its innovative weekly live-streamed show, 'Overdrive Digital'.

It also successfully installed the 1st EV charging point in Ladakh during a customer engagement activity.

Live and Ticketing

BOOKMYSHOW

BookMyShow (BMS) is a category-defining platform in the live events and e-ticketing segment in India (6,500+ screens in 650+ cities across 5 countries). The platform continued to face disruption due to the resurgent pandemic waves which led to shuttering of cinema halls and event venues. The company used the opportunity to optimize its costs across the board to mitigate the impact of the pandemic on business. As the threat from pandemic reduced and theaters opened without capacity constraints, BMS saw a sharp rebound in traffic and transactions. Release of big-ticket movies in the last 4 months of the fiscal helped movie ticketing return to pre-pandemic levels. A change in consumer habits towards digital transactions is benefiting BMS

as the category leader and bodes well for its future. Before the pandemic, BMS had also been working on creating alternate revenue streams to diversify and grow, including live events and venue management. The pandemic put temporary brakes on the new businesses but with easing restrictions and pent-up demand for live events, it has started to scale up its operations again. BMS also started one of India's first mass TVOD platforms (BookMyShow Stream), which has seen a strong uptick. It has partnered with some of the largest global studios and production houses (Warner, Universal, Sony, Viacom, etc.), world renowned film festivals, independent foreign film distributors and regional content providers to create a unique content offering.

BUSINESS STEWARDSHIP

At Network18, Corporate Social Responsibility (CSR) is embedded into the group's long-term business strategy. The Company's community initiatives help elevate the quality of life for millions, especially the disadvantaged sections of society. The Company undertook some socially relevant programs during the year:

Mission Paani, an initiative in partnership with Harpic, endeavors to drive change in the attitude and behavior of 20 mn Indians towards saving water for future generations. The latest season of the campaign was endorsed by Vice President - M Venkaiah Naidu, Minister of Jal - Shakti Gajendra Singh Shekhawat, Lok Sabha Speaker - Om Birla, and Akshay Kumar - the campaign ambassador for the campaign. Mission Paani was recognized as 'The Best Media Initiative' at the '3rd National Water Awards' by the Honorable President of India.

Sanjeevani – A Shot of Life, a CSR initiative in partnership with Federal Bank, was aimed towards creating awareness for

in various areas like healthcare where it participated in Mission COVID Suraksha and other preventive healthcare initiatives, disaster management through participation in COVID-19 Relief-Mission Anna Sewa and Educational support by way of providing scholarship to meritorious and needy students.

HUMAN RESOURCE DEVELOPMENT

FY 2021-22 has been a year of challenges and hope in equal measure. As the country went through successive waves of the pandemic, it was critical for the company to remain agile to navigate the changing landscape of business. While business and public sentiments oscillated during the year, the company remained focused on accelerating business growth whilst keeping employee well-being at the forefront. This meant being continually proactive, collecting feedback, modifying systems, procedures, and practices, besides leveraging technology to enable quick decision-making.

BUSINESS CONTINUITY AND PRODUCTIVITY

With learnings from experiences of the last fiscal, the company was better equipped to tide over the challenges posed by the second and third wave of the pandemic this year, whilst ensuring seamless execution of business operations. Some key focus areas were:

- Central Taskforce led by top leadership continually monitored developments, assessed preparedness and execution
- To ensure programming and broadcasting continuity, operations continued uninterrupted through regular and back-up hubs. Critical roles were assigned to employees who were allocated into different teams, and shift-wise deployment was undertaken
- Isolation bubbles were created across office buildings and floors to minimize any risk arising from inter-team physical interactions
- While work from home continued for most employees, pre-authorization, including vaccination status checks, was mandated to work from office
- Filtering of employees working from office was judiciously done, considering nature of work, vulnerability, vaccination status and the spread of infection

The structural re-alignment and workflow redesign initiated in the previous year continued to pay dividend. The company focused on upskilling of employees and combined certain job roles to make operations more efficient, thereby positively impacting the bottom line.

COVID-19 vaccinations and mobilizing efforts to ensure that every Indian is vaccinated. Sanjeevani visited the country's five worst affected districts and facilitated vaccine registrations for residents in some of the remotest areas in these districts. The campaign collaborated with NGOs, Government agencies and influencers to spread information and bust myths and fears about the vaccine, while enlisting donors to gift vaccines to the most deprived and worst affected Indians.

Netra Suraksha – India Against Diabetes, was launched in Nov'21 in association with Novartis, to increase awareness about eye disorders caused by diabetes. With an aim to build effective and efficient partnerships, the initiative organized round table discussions involving medical experts, think tanks and policymakers.

Reliance Foundation acts as the funnel through which the Network18 Group reaches out to empower people and deepen its social engagements. During the year under review, the Network18 Group through Reliance Foundation engaged in CSR activities

EMPLOYEE SAFETY AND WELL BEING

Employee safety and well-being were at the forefront of all activities and initiatives undertaken during the year. Some of the key focus areas were:

- Vaccination programs for employees and their family members was undertaken pan-India. Program planning included prioritization of employees based on parameters like their work from home or office status, vulnerability to the disease from pre-existing medical conditions etc.
- The efforts were centered on four pillars:
 - o Ensuring Slot Availability: The Company tied-up with hospitals, and the government to arrange for mass vaccination drives organized in offices across 17 locations.
 - o Motivating Employees: HR team worked round the clock to personally connect with all employees and counseled them for vaccination. Monitoring eligibility and vaccination timelines for employees and their family members were done swiftly to ensure that the entire workforce was vaccinated as soon as possible.
 - o Resolving Queries: With the support of medical experts, the team helped to resolve queries of employees and their family members thereby reducing reluctance for taking the shot.
 - o Post Vaccination Feedback and Support: The team monitored for side effects of vaccination and provided appropriate medical support and counseling.
- As of March 31, 2022, 92% of our employees were fully vaccinated. The remainder have either been partially vaccinated and are due for their doses shortly.
- In the wake of rising infections, the company introduced COVID-19 reimbursements to cover non-hospitalization expenses including doctor fees, tests, pharmacy expenses etc.
- Given the visible pandemic fatigue, multiple educational mailers were continually circulated which targeted safety, improving health and immunity and, urged employees not to let their guard down, especially during periods when number of cases dropped.
- The Online Daily Symptoms Checker program was launched at the start of the pandemic. The program continues to efficiently track and monitor the health status of employees and their family members to ensure provision of timely medical support.
 - o RT-PCR tests for employees were conducted by the Company

- o Tie-ups with multiple hospitals across India for admission and treatment of employees and family members, including those providing cashless treatments
- o Employees and family members who tested positive were provided medication, admission, and post discharge support
- Hand sanitizers, masks and gloves were made available in offices where temperature checks and mask adherence continues to be monitored
- Online health sessions by distinguished professionals in the healthcare industry were organized
- Mental health counseling facilities were also extended to employees
- As an additional benefit, the Company introduced 'special privilege leave (SPL)' category as a one-time exception to accumulate lapsable privilege leave days for 2021.

TALENT ACQUISITION AND INDUCTION

Talent Acquisition continued to be an important focus area, aimed to improve the quality, fitment, and timeliness of hiring key talent across the company. Owing to the buoyant external market, there were challenges with employee retention, especially in editorial, technology, and product functions. A strong focus on recruitment efforts helped to meet our talent requirements.

The online on-boarding platform, introduced in the previous year, delivered efficiency by reducing the time taken to deploy role-ready talent and ensuring a positive candidate experience. The induction program was further strengthened to ensure smooth integration of new hires into the Company.

REWARDS AND RECOGNITION

The Company's 'Spotlight' program recognizes employees' exemplary performance and their significant contribution to the business during the year by awarding the 'Spotlight Card'. The Company continues to deploy merit-based compensation vehicles such as performance-linked appraisal grids, one-time bonus, and incentives besides career progression through promotions.

HR TECHNOLOGY

Multiple in-house platforms were designed and deployed in the company aimed at improving employee experience and efficiency of tasks.

- The New Joiner Confirmation Module was launched to document the probation review process.

- The Off-Boarding Module was deployed for a smooth exit process. This led to a reduction in timelines for completing exit formalities, thereby improving the employee experience.

DIVERSITY AND INCLUSION

The Company is committed to provide an inclusive environment for all its members. The Diversity and Inclusion initiatives are based on the 5-E Framework adopted by the Group – Educate, Encourage, Enable, Experience and Effectiveness. Some key initiatives were undertaken this year:

- ‘Up! Surge’ – Female leaders of the company participated in a program by XLRI to prepare and support them in career mobility goals, thereby enabling them to fulfill their aspirations with confidence and courage
- ‘Encouraging Inclusive Conversations’ – This session was organized for HR Associates to create awareness about how biases and stereotypes influence daily work life and included techniques to manage biases and apply the inclusion lens in day-to-day activities
- Targeted virtual programs were organized on Mindfulness, Work-Life Balance, Unconscious Biases, Inclusive Conversations, Psychological Safety and Self Care
- To celebrate parenthood, a panel discussion with parents of children within the autism spectrum was conducted to commemorate Mother’s Day and International Day of Families
- External facilitators were invited to provide guidance on Financial Independence, Mental Wellbeing, Nutrition, Executive Presence and Leadership Skills for Women in Media Industry
- ‘Power of Allyship’ – This was the theme for Women’s Day celebrated on March 8, 2022. All employees were invited to share their views on how to break the bias and shatter stereotypes with examples from their own lives depicted via a photograph, artwork, write up, or poem. Other initiatives included messages from leaders, workshops on breaking the bias, chat session on fitness, health talks etc.

With a commitment to provide a just and safe workplace, employees are mandatorily required to participate in e-learning programs with certification on Respectful Workplace and Prevention of Sexual Harassment.

LEARNING & DEVELOPMENT

The organization believes that focus on continuous learning is bound to encourage creativity and innovation. We have succeeded in enabling continual skill development through a multitude of e-learning and instructor-led virtual learning programs. Based on business and role requirements, programs were identified, assigned, and circulated in the monthly learning calendars. Employees were assigned to undertake courses required by the business and offered by market-leading learning platforms with which the group has collaborated. Over 1,500 e-learning assignments were provided on available platforms with employees utilizing over 900 hours of learning new work-related content.

Uncertainty continues to loom even in the wake of a receding pandemic threat. The Company, however, is poised to deliver results through the exceptional commitment of its employees. Their drive for excellence will be fostered by providing a safe and encouraging environment where they can learn, grow, and prosper on the back of agile and impactful HR practices and policies.

As of March 31, 2022, there were 620 employees on the rolls of the Company

RISK MANAGEMENT

Network18 maintains a robust system of internal controls, commensurate with the size and complexity of its business operations. The system provides, inter alia, a reasonable assurance of protection against any probable loss of the Company’s assets

from misuse of power by those in positions to influence the working of business verticals in the organization. These processes ensure that each transaction in business operations is recorded in a fair and transparent manner. The Internal Audit Cell, as a part of its regular audit process, regularly carries out an assessment of the effectiveness of risk management processes and provides assurance to the Audit Committee. Internal audit also ensures that laws as applicable are being complied with in true spirit.

NETWORK18’S KEY RISKS AND RESPONSES ARE DISCUSSED BELOW:

Content and Brand Risk

Success in the media business, both news and entertainment, is primarily dependent upon the choice of subject matter and its treatment resonating with viewers. Consumer preferences keep continually evolving, with changes clearly perceived only over a long term, making it difficult to accurately predict the probability of success for any given content. Revenues from a program (or film) are directly linked to viewership and audience interest and hence, there is a risk of revenue loss in case majority of viewers in the target group reject the content. To mitigate this risk, the group actively tracks the salience of its content through on-ground studies, analysis of viewership data and feedback on social media platforms. The Company has a diversified presence in multiple languages and genres, making the probability of simultaneous failure across all markets, a low probability event. The strength of Network18’s brands is one of its biggest assets and success depends upon the popularity and recognition of its brands, as

well as its ability to deliver original and compelling content that attracts and retains viewers.

Technology Obsolescence Risk

The pace of technological development has accelerated over the past few years across all businesses, especially in the media sector as new business models have evolved, changing the shape and form of viewing habits. The entire content value chain – content gathering solutions, production techniques, and distribution platforms – are being increasingly driven or heavily influenced by technology, thereby creating a direct impact on content presentation value, working efficiency and operational costs. The pace of change of technology creates challenges for the business to remain abreast with the latest advancements and identify the most suitable technical solutions for the business. Network18 group has been continually investing in upgrading its systems, both consumer interfaces as well as internal portals. It is also recruiting technically proficient personnel, engaging leading technology vendors, and continually training its workforce to keep up with the changes.

Cybersecurity Risk

The pace of growth of digital economy in the current decade has enabled cyber criminals across the globe to hack into sensitive IT infrastructure through phishing and other malpractices. The COVID-19 pandemic has promoted adoption of digital technology and made remote working a necessity, making companies more vulnerable to cybercrimes. The Company

regularly undertakes improvement programs to ensure that digital transformation incorporates next generation cyber security architecture, detection, and correction capabilities to protect against invasive threats. The IT security landscape is being aligned with National Institute of Standards and Technology (NIST) guidelines to remain safe, competitive, efficient and responsive. Additionally, periodic audits by both internal and external teams helps to plug any gaps. The organization is ISO 27001-2013 certified and endorses IT Security framework.

Regulatory and Compliance Risk

The Indian regulatory landscape for Media and IT industry is continually undergoing transformations across a multitude of areas, including distribution, taxation etc. Reporting requirements under SEBI, MCA and Taxation laws have increased manifold over the past few years. Any change in regulation by the industry regulator, Telecom Regulatory Authority of India (TRAI) or the Ministry of Information and Broadcasting (MIB) requires a proactive alignment of corporate performance objectives while ensuring compliance with new requirements. Network18 has a well-qualified and experienced team of professionals across the compliance landscape, who have helped the Company successfully navigate the challenges presented by these regulatory changes. The Company has a comprehensive and digitally enabled compliance management framework, which keeps expanding in scope on an ongoing basis to incorporate any new regulatory changes in a timely manner and helps integrate these changes with business strategy, compliance, and control processes.

Market confidence and reputation risk

Inability to effectively engage with stakeholders in an ongoing, transparent, and consistent basis may result in poor market perception and weak investor confidence. Unfair conduct of employees to benefit themselves using the Company's platform may also result in loss of reputation. Network18 has put in place processes for regular communication with analysts and investors for resolution of queries and grievances. An efficient communication system supports and explains corporate

announcements and actions while the Company's 'code of conduct' policy provides detailed guidance on disclosures and situations depicting conflict of interest. The organization has a zero tolerance policy towards unfair conduct or fraud.

Financing Risks

Most of the Company's debt is in the form of short-term debt from capital markets. This exposes the Company to the risk of non-availability of external capital due to macro factors such as liquidity, volatility in interest rates, and general economic environment. The Company continually monitors funding requirements, evaluates market conditions, and engages with multiple financial institutions to mitigate the risk of capital inadequacy.

Human Resource Risk

Talented human resource is the backbone of any industry, and especially for M&E industry. The Company's ability to operate its business and implement its strategies depends, in part, on the continued contributions of its executive officers and other key employees, who may be difficult to replace, retain or recruit amidst intense competition or due to scarcity of skilled individuals. To attract and retain top talent, Network18 has built an agile and integrated organizational design, supported by streamlined work processes and people policies, that support growth, learning and development.

INTERNAL CONTROL SYSTEMS

Network18 has exhaustive internal control systems aligned with its business requirements. The Company regularly monitors risks and has in place focused risk mitigation strategies. Internal financial controls have been embedded into business processes. Additionally, internal and external audit teams continually monitor the adequacy and effectiveness of the internal control environment across the Company and the status of compliance with operating systems, internal policies, and regulatory requirements. The Audit Committee meets periodically to review the adequacy and efficacy of these control systems.

RESULTS OF OPERATIONS AND THE STATE OF COMPANY'S AFFAIRS

During the year under review, on standalone basis, the Company recorded an operating turnover of ₹ 167.33 crore (previous year ₹ 118.55 crore). The profit before interest, depreciation and tax was ₹ 13.86 crore (previous year loss ₹ 23.58 crore).

The consolidated revenue from operations was ₹ 5,880.19 crore (previous year ₹ 4,705.11 crore) and Profit Before interest, depreciation and tax was ₹ 1,155.41 crore (previous year ₹ 815.70 crore).

The business successfully navigated the continued challenges posed by the COVID-19 pandemic and posted an improvement

in operating profits across all its business lines. The reduction in standalone losses are on account of growth in digital revenues driven by increasing traction of its digital platforms. At the consolidated level, both TV news and Entertainment verticals saw a sharp year on year growth in revenues, driven primarily by advertising. Despite the new waves of pandemic, lockdowns were localised and economic activity remained largely stable through the year, leading to a growth in advertising spends. Accompanied with continued cost controls, both the businesses delivered strong operating profits and margins.

In view of the losses, the Company does not propose to transfer any amount to the reserves.

The outbreak of COVID-19 pandemic had caused significant disturbance and slowdown of economic activity in Financial Year 2020-21, and to a smaller extent in Financial Year 2021-22. As we exit Financial Year 2021-22, the impact of pandemic on business seems minimal but the possibility of cases rising again in the future remains. In assessing the recoverability of Company's assets such as Goodwill, Financial Assets and Non-Financial Assets, the Company has considered internal and external information. The Company has evaluated impact of this pandemic on its business operations and based on its review and current indicators of future economic conditions, there is no significant impact on its standalone financial results and the Company expects to recover the carrying amount of all its assets.

DIVIDEND

In view of the losses, the Board of Directors have not recommended any dividend for the year under review.

The Dividend Distribution Policy of the Company is put up on the Company's website and can be accessed at https://www.nw18.com/reports/reports/policies/Dividend%20Distribution%20Policy_NW18.pdf

There has been no change in this policy during the year under review.

DEPOSITS

The Company had discontinued accepting fresh fixed deposits or renewing any deposits w.e.f. April 1, 2014. The Company had repaid all fixed deposits and interest thereon. As on March 31, 2022, deposits and interest thereon aggregating to ₹ 1.14 crore was unclaimed which has been subsequently transferred to Investor Education and Protection Fund.

PRINCIPLE 2

BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE

1. List upto three Products or services whose design has incorporated social or environmental concerns, risks and /or opportunities

The Company's primary product is News and Analysis.

As one of the largest news networks in India, the Network18 Group considers itself responsible for delivering features that are not only informative for viewers but also socially and environmentally relevant.

Continuing the Mission-Paani campaign, the initiative saw the launch of India's first-ever 'Sanitation for All Pledge and Preamble: Clean Water, Sustainable Sanitation' on November 20, 2021, with Minister of Jal Shakti - Gajendra Singh Shekhawat and five prominent women leaders at the Mission Paani Sanitation Forum on World Toilet Day. The initiative aims to reach out to over 20 million Indians to drive behavioral change and focuses on WASH (water, sanitation and hygiene) to help enable safe and clean toilets for all. Mission Paani was recognized as 'The Best Media Initiative' at the '3rd National Water Awards' by the Honorable President of India.

Sustainability 100+ Dialogues, a forum that discusses actionable ideas and implementable solutions to make our planet inhabitable for centuries, was introduced last year in partnership with AB InBev. The maiden year of the platform was wrapped up with Sustainability 100+ Summit, culmination event of 10 months' efforts to help transform lives through sustainable initiatives like Smart Agriculture, Water Stewardship, Circular Packaging and Climate action. Bringing together policymakers, business leaders, climate experts, innovators, and academicians, the Summit touched upon various aspects of corporate and social responsibility that could help reduce the environmental footprint and accelerate India's UN Sustainable Development Goals.

2. For each such product, details in respect of resource use including a) Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain and b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

As a service provider, the operations of the Company requires minimal energy consumption. Continuous efforts are being made to reduce the consumption of energy, viz. use of low energy consuming LED lights is being encouraged at workplace. The Company and its employees ensure that there is optimum utilisation of the available resources (like water, energy etc.).

CORPORATE GOVERNANCE REPORT

The report containing details of Corporate Governance systems and processes of Network18 Media & Investments Limited (hereinafter referred to as "Network18" or "the Company"), in accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") is as follows:

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance is about commitment to values and ethical business conduct. We look upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term shareholders value creation. Good Corporate Governance is about enhancing value for all our stakeholders. The Company is committed to adopt best practices in Corporate Governance and disclosures thereunder. This includes its corporate and other structures, its culture, policies and the manner in which it deals with various stakeholders. Timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the Company are an important part of Corporate Governance.

The Company believes that sound Corporate Governance is critical to enhance and retain investors' trust. The Company's

Corporate Governance philosophy is based on the following core values of the Company:

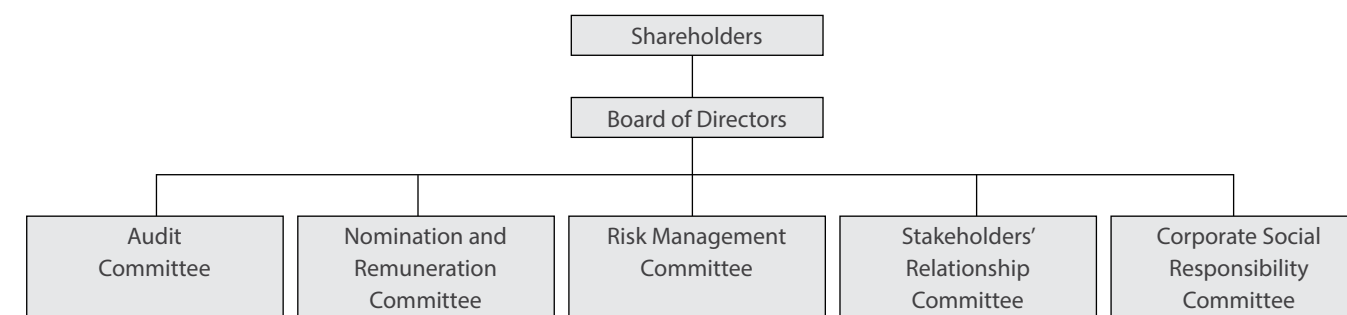

1. Customer Value
2. Ownership Mindset
3. Respect
4. Integrity
5. One Team
6. Excellence

The Company complies with all statutory and regulatory requirements on Corporate Governance and has constituted the requisite committees to look into issues of financial reporting, investor grievances, corporate social responsibilities, risk management and executive remuneration. This attitude of Network18 has strengthened the bond of trust with its stakeholders including the society at large.

2. CORPORATE GOVERNANCE STRUCTURE AND POLICIES

The Company has put in place an internal multi-tier governance structure with defined roles and responsibilities of every constituent of the system. The Company's shareholders appoint the Board of Directors, which in turn govern the Company. The Board has established various Committees to discharge its responsibilities in an effective manner. In the operations and functioning of the Company, the Managing Director is assisted by core group of senior level executives.

Network18 - Governance Structure

The Board of Directors is the apex body constituted by shareholders for overseeing the Company's overall functioning. The Board provides strategic direction and leadership and oversees the management policies and their effectiveness looking at long-term interests of shareholders and other stakeholders. The Board, inter alia, reviews and guides corporate strategy, major plans of action, risk policy, annual budgets etc. It also establishes governance structure and practices, monitors its implementation and effectiveness and makes changes therein as needed. For further details, see the section titled "Board of Directors" in this report.

The Board has delegated its functioning in relevant areas to designated Board Committees to more effectively deal with specialised issues and to use directors' time more efficiently. Committees make recommendations for action to the full Board, which retains collective responsibility for decision making. For further details, see the section titled "Board Committees" in this report.

Ethics/Governance Policies

At Network18, we strive to conduct our business and strengthen our relationships in a manner that is dignified, distinctive and responsible. Directors' Profile

A brief resume of the Directors, nature of their expertise in specific functional areas etc. are available on the website of the Company.

Selection of Independent Directors

Considering the requirement of skill sets on the Board, eminent people having an independent standing in their respective field/profession, and who can effectively contribute to the Company's business and policy decisions are considered by the Nomination and Remuneration Committee for appointment as Independent Directors on the Board. The Committee, inter-alia, considers qualification, positive attributes, area of expertise and number of Directorships and Memberships held in various committees of other companies by such persons in accordance with the Company's Policy for Selection of Directors and Determining Directors' Independence. The Board considers the Committee's recommendations and takes appropriate decisions.

Every Independent Director, at the first meeting of the Board in which he participates as a Director and thereafter at the first meeting of the Board in every Financial Year or whenever there is any change in the circumstances which may affect his status as an independent director, gives a declaration that he meets the criteria of independence as provided under the law and that he is not aware of any circumstance

or situation, which exists or may be reasonably anticipated, that could impair or impact his ability to discharge his duties with an objective independent judgment and without any external influence. All the Independent Directors have given the requisite declarations of independence during the year.

In the opinion of Board, the Independent Directors fulfil the conditions specified in the Listing Regulations and are independent of the management.

Meetings of Independent Directors

The Company's Independent Directors meet at least once in every year without the presence of Non-Independent Directors and Management Personnel. Such meetings are conducted to enable Independent Directors to discuss matters pertaining to the Company's affairs and put forth their views to the other Independent Directors. Independent Directors take appropriate steps to present their views to the Board.

Performance Evaluation Criteria of Directors

Performance of Directors is evaluated based on the criteria of evaluation of Directors (including Independent Directors) devised by the Nomination and Remuneration Committee of the Board. As per the criteria, the directors are evaluated based on their attendance, effective contributions in the meetings, domain knowledge, vision and strategy, awareness of the business and regulatory environment in which the Company operates, etc.

Familiarisation Programmes for Board Members

The Board members are provided with necessary documents, reports and internal policies to enable them to familiarize with the Company's procedures and practices. The Company organizes programmes and presentations for the Board of Directors in order to familiarize them with their roles, rights, responsibilities in the Company, nature of the industry in which it operates, Business model of the Company and other related matters.

Presentations are made periodically at the Board and its Committee Meetings, on business and performance updates of the Company, overview of business operations of major subsidiaries, global business environment, business strategy and risks involved. Updates on relevant statutory changes and landmark judicial pronouncements encompassing important laws are also informed to the Directors.

The details of such familiarization programmes for Independent Directors are posted on the website of the Company and may be accessed at: <https://www.nw18.com/reports/reports/policies/Familiarisation-Programme-for-IDs-NW18-2021-22.pdf>.

4. BOARD AND COMMITTEE MEETINGS AND ITS PROCEDURES

(a) Institutionalised decision-making process

The Board of Directors is the apex body constituted by members for overseeing the Company's overall functioning. The Board provides and evaluates

the Company's strategic direction, management policies and their effectiveness, and ensures that the stakeholders' long-term interests are being served. The Board meets at regular intervals to discuss and decide on Company/business policy and strategy in addition to the statutory and other matters.

The Board has constituted various committees, namely Audit Committee, Nomination and Remuneration Committee, Corporate Social Responsibility Committee, Stakeholders' Relationship Committee and Risk Management Committee. The Board is authorised to constitute additional functional committees, from time to time, depending on business needs.

The Company's internal guidelines for Board/Board Committee meetings facilitate the decision making process at the meetings in an informed and efficient manner. The following sub-sections deal with the practice of these guidelines in the Company.

(b) Scheduling and selection of agenda items for Board meetings

- (i) The Calendar for the Board meetings, is fixed in advance for the entire year to ensure meaningful participation in the meetings. Board Meetings are convened by giving appropriate notice to address the Company's specific needs. In case of business exigencies or urgency of matters, resolutions are passed by circulation.
- (ii) All departments of the Company are encouraged to plan their functions well in advance, particularly with regard to matters requiring discussion/ approval/decision at Board/Board Committee meetings. Such matters are communicated by them to the Company Secretary in advance so that they are included in the agenda for Board/ Board Committee Meetings.
- (iii) The Board is given presentations/briefed on areas covering operations of the Company, before taking on record the quarterly/annual financial results of the Company. The Chairman of the Board and Company Secretary, in consultation with other concerned members of the senior management, finalize the agenda for Board Meetings.

- (iv) The agenda and notes on agenda are circulated to Directors in advance, in the defined agenda format. All material information is incorporated in the notes to the agenda for facilitating meaningful and focused discussions at the meeting. Where it is not practicable to attach any document to the agenda, it is tabled before the meeting with specific reference to this effect in the agenda. In special and exceptional circumstances, additional or supplementary item(s) on the agenda are permitted.

All Board and Committee meetings' agenda papers are disseminated electronically, on a real time basis, by uploading them on a secured online application specifically designed for this purpose.

(c) Recording minutes of proceedings of Board and Board Committee meetings

The Company Secretary records minutes of proceedings of each Board and Committee meeting. Draft minutes are circulated to the Board/Board Committee members within 15 days from the date of Board/ Board Committee meetings for their comments. The minutes are entered in the Minutes Book within 30 days from the conclusion of the meeting.

(d) Post meeting follow-up mechanism

The guidelines for Board and Board Committee meetings facilitate an effective post meeting follow-up, review and reporting process for decisions taken by the Board and Board Committees. Important decisions taken at the Board/Board Committee meetings are communicated promptly to the concerned departments/divisions. Minutes of the previous meeting(s) are placed at the succeeding meeting of the Board/Board Committee for noting. Further, Action Taken Report on decisions on the previous meetings is placed at the succeeding meeting.

(e) Compliance

The Company Secretary, while preparing the agenda, notes on agenda, minutes of the meeting(s), is responsible for and is required to ensure adherence to all applicable laws and regulations including Companies Act, 2013 (the "Act") read with rules issued thereunder, Listing Regulations and the Secretarial Standards (SS-1 and SS-2) issued by the Institute of Company Secretaries of India.

Lower Parel, Mumbai - 400013

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by e-Eighteen.com Limited (hereinafter called "the Company"), which is an unlisted company. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of*:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder, to the extent applicable;
- (iii) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, wherever applicable [**no event took place during the Audit Period**].

*The Company being an unlisted Company, none of the provisions of SEBI related rules and regulations are applicable on it. However, the Company is a material subsidiary of Network18 Media & Investments Limited ("Network18"), hence, certain employees of the Company have been categorized as Designated Persons and are covered by the Code of Conduct under the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, of Network18.

We have also examined compliance with the applicable clauses of the Secretarial Standard on Meetings of the Board of Directors and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India.

During the Audit Period, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards to the extent applicable, as mentioned above.

- (iv) The company is engaged in business of Digital Content and Allied Businesses. Further, as informed and confirmed by the management, the Information Technology Act, 2000 read with the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 is specific law applicable on the Company.

We have checked the compliance management system of the Company to obtain reasonable assurance about the adequacy of systems in place to ensure compliance of specifically applicable law and this verification was done on test basis. We believe that the Audit evidence which we have obtained is sufficient and appropriate to provide a basis for our audit opinion. In our opinion and to the best of our information and according to explanations given to us, we believe that the compliance management system of the Company seems adequate to ensure compliance of law specifically applicable to it.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Non-Executive Directors and Independent Directors. Further, there was no change in Board of Directors of the Company during the Audit Period.

Adequate notice is given to all Directors to schedule the Board and Committee Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance. A system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations, guidelines and standards.

We further report that during the audit period, no specific events/ actions took place having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

SECRETARIAL AUDIT REPORT OF VIACOM 18 MEDIA PRIVATE LIMITED

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and
Rule No. 9 of the Companies (Appointment & Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Viacom 18 Media Private Limited
Zion Bizworld, Subhash Road - A,
Vile Parle (East), Mumbai – 400 057
Maharashtra, India

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practice by Viacom 18 Media Private Limited (hereinafter called "the Company"). Secretarial audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed, and other records maintained by the Company for the financial year ended on March 31, 2022, according to the provisions of:

- The Companies Act, 2013 and the rules made there under;
- The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, as may be applicable;
- Policy Guidelines for Uplinking of Television Channels from India and the Policy Guidelines for Downlinking of Television Channels dated 5th December, 2011, to the extent applicable to the Company;

- The Cable Television Networks [Regulation] Act, 1995;
- The Telecom Regulatory Authority of India Act, 1997 & Telecommunication (Broadcasting and Cable) Services Interconnection (Addressable Systems) Regulations, 2017

Further, the Company being an unlisted Company, none of the provisions of SEBI related rules and regulations are applicable to the Company. However, the Company is material subsidiary of Network18 Media & Investments Limited ("NW18") and TV18 Broadcast Ltd. ("TV18"), hence, certain employees of the Company have been categorised as Designated Persons and are covered by the Code of Conduct under The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, of NW18 and TV18.

We have verified systems and mechanism which is in place and followed by the Company to ensure compliance of these specifically applicable Laws (as mentioned in point (iv) to (vi) above and applicable to the Company) and we have also relied on the representation made by the Company and its Officers in respect of systems and mechanism formed / followed by the Company for its compliances.

We have also examined the compliance with the applicable clauses of the Secretarial Standards issued by the Institute of Company Secretaries of India and notified by the Ministry of Corporate Affairs, Government of India, from time to time.

Based on the above said information provided by the Company, we further report that the Company has complied with the provisions of the Companies Act, 2013, rules, regulations, guidelines, secretarial standards mentioned above as on March 31, 2022 subject to the reporting made hereinafter.

We further report that:

The Board of Directors of the Company is constituted with Non-Executive and Independent Director as on March 31, 2022. Further, consequent upon the intermittent vacancy created on the Board due to the resignation of erstwhile Woman Director effective September 30, 2021, during the year under review, the Company has not appointed a Woman Director thereafter pursuant to the applicable provisions of the Companies Act, 2013.

Apart from the above, changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.

Further, the Company (being a "joint venture" in terms of the Shareholders' Agreement) is eligible to the exemption granted to a "joint venture" company from appointment of Independent directors and formation of Audit and Nomination and Remuneration Committees vide Ministry of Corporate Affairs ("MCA") Notification dated July 5, 2017 read with subsequent notification dated July 13, 2017. However, being a material subsidiary, one of the Independent Directors of TV18 has been appointed as an Independent Director on the Board of the Company and the Company has voluntarily formed Audit and Nomination and Remuneration Committee with the said Independent Director as a part of good corporate governance.

We also report that adequate notice/s were given to all directors to schedule the Board / Committee Meetings and Agenda and detailed notes on agenda were sent to the Directors at least fourteen days in advance unless consented by Directors to conduct meeting with short notice. The Company has complied with the provisions of Act for convening meeting at the shorter notice. There exists a system for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.

All decisions at Board and/or committee meeting are carried out unanimously as recorded in the minutes of the meeting of the Board of Directors and committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the

Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the year under report, the Company has no major event / action having a major bearing on the Company's statutory compliance and affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. referred to above.

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF NETWORK18 MEDIA & INVESTMENTS LIMITED
REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS**

OPINION

We have audited the accompanying standalone financial statements of Network18 Media & Investments Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

INDEPENDENT AUDITOR'S REPORT

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Corporate Governance Report in Annual Report for the year ended March 31, 2022, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

INDEPENDENT AUDITOR'S REPORT

- e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 37 to the standalone financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The company has not declared or paid any dividend during the year and has not proposed final dividend for the year.

TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NETWORK 18 MEDIA & INVESTMENTS LIMITED

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Network18 Media & Investments Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

ANNEXURE "A"

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE "B"

TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NETWORK 18 MEDIA & INVESTMENTS LIMITED

(Referred to in paragraph 2, under 'Report on Other Legal and Regulatory Requirements' section of our Report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- i. a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- b) Some of the Property, Plant and Equipment were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the Property, Plant and Equipment at reasonable intervals having regard to the size of the Company and the nature of its activities. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c) Based on our examination of the registered reconveyance deeds / Memorandum of Understanding provided to us, we report that, the title deeds of all the immovable properties, (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment are held in the name of the Company as at the balance sheet date.
- d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- e) No proceedings have been initiated during the year or are pending against the Company as at 31 March 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. a) The inventories except for stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion and according to information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained from the parties. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.
- b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions on the basis of security of current assets, and hence reporting under clause (ii)(b) of paragraph 3 of the Order is not applicable

iii. The Company has made investments in Mutual funds (other parties) and granted unsecured loans to companies and other parties during the year, in respect of which:

a) The Company has provided loans during the year and details of which are given below:

Particulars	Loans (₹ in Lakh)
A. Aggregate amount granted / provided during the year:	
- Subsidiaries	92
- Others	75
B. Balance outstanding as at balance sheet date :	
- Subsidiaries	3,540
- Others	95

The Company has not provided any advances in nature of loan, guarantee or security to Subsidiaries, Joint Ventures, Associates and any other parties during the year.

ANNEXURE "B"

- b) The investments made and the terms and conditions of the grant of all the above-mentioned loans, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- d) In respect of loans granted by the Company, there is no amount overdue for more than 90 days at the balance sheet date.
- e) During the year loans aggregating to ₹ 3,447 lakhs fell due from certain parties which has been renewed. The details of such loans that fell due and renewed during the year are stated below:

Name of the party	Aggregate amount of dues of existing loans renewed (₹ In lakhs)	Percentage of the aggregate to the total loans granted (including renewed) during the year
Infomedia Press Limited	3,347	92.60%
Greycells Media Limited	100	2.77%

- f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) of paragraph 3 is not applicable.
- iv. The Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of loans granted and investments made, as applicable. The Company has not provided any guarantee or securities that are covered under the provisions of sections 185 and 186 of the Companies Act, 2013.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits during the year within the meaning of Sections 73 to 76 or any other relevant provisions of the Act. As informed and represented by the management, public deposits aggregating ₹ 99 lakh and interest on public deposit of ₹ 15 lakh, accepted under the Companies (Acceptance of Deposits) Rules, 1975 have not been claimed by the depositors. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal against the Company in this regard.
- vi. The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete
- vii. In respect of statutory dues:
- a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of customs, cess and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of customs, cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

ANNEXURE "B"

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2022 on account of disputes are given below:

Name of the Statute	Nature of Dues	Amount Involved (Rupees in lakh)	Period to which the amount relates	Forum where the dispute is pending

- viii. There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- ix. a) Loans amounting to ₹ 6,800 lakhs outstanding as at 31 March, 2022 are repayable on demand. According to the information and explanations given to us, such loans and interest thereon have not been demanded for repayment during the financial year. Considering the above, in our opinion, the Company has not defaulted in the repayment of loans or other borrowings, or in the payment of interest thereon to any lender during the year.
- b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of paragraph 3 of the Order is not applicable.
- d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint ventures or associate companies.

ANNEXURE "B"

- x. a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x)(a) of paragraph 3 of the Order is not applicable.
- b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of paragraph 3 of the Order is not applicable to the Company.
- xi. a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of paragraph 3 of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered the internal audit reports of the company issued till date, for the period under audit.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its directors or directors of its subsidiary companies, associate company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of paragraph 3 of the Order is not applicable.
- The Group does not have any Core Investment Company (CIC) as part of the Group as per the definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence the reporting under clause (xvi)(d) of paragraph 3 of the Order is not applicable.
- xvii. The Company has incurred cash losses amounting to ₹ 9,058 lakh during the financial year covered by our audit and ₹ 12,015 lakh in the immediately preceding financial year
- xviii. There has been no resignation of the statutory auditors of the Company during the year.

ANNEXURE "B"

- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The Company is not required to spend any amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act, 2013 or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of paragraph 3 of the Order is not applicable for the year.

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

1 CORPORATE INFORMATION

Network18 Media & Investments Limited ("the Company") is a listed entity incorporated in India. The registered office of the Company is situated at First floor, Empire Complex, 414 Senapati Bapat Marg, Lower Parel, Mumbai - 400 013, Maharashtra. The Company is engaged in activities spanning across Digital Content, Print and Allied Businesses.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation and Presentation

The standalone financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities which have been measured at fair value amount.

The standalone financial statements of the Company have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013, amended from time to time.

The Company's standalone financial statements are presented in Indian Rupees (₹), which is its functional currency and all values are rounded to the nearest lakh (₹ 00,000), except when otherwise indicated.

2.2 Summary of Significant Accounting Policies

(a) Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on Current/Non-Current classification.

An asset is treated as Current when it is -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when -

- It is expected to be settled in normal operating cycle;

- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation on property, plant and equipment is provided using straight-line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

(c) Leases

The Company, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset.

The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability.

The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term

(d) Other Intangible assets

Other Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebate less accumulated amortisation/ depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset,

as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and cost can be measured reliably.

Gains or losses arising from derecognition of other intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

The Company's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life.

Computer Softwares and Website costs are being amortised over its estimated useful life of 3 to 5 years.

The amortisation period and the amortisation method for Intangible Assets with a finite useful life are reviewed at each reporting date.

(e) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

(f) Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

(g) Impairment of Non-Financial assets

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Other Intangible assets or group

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

of assets, called Cash Generating Unit ("CGU") may be impaired. If any such indication exists, the recoverable amount of assets or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

Goodwill is allocated to each of the CGUs (or groups of CGUs) for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit.

An impairment loss is recognized in the Statement of the Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use; considering recent transactions, independent valuer's report. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss other than goodwill, recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

(h) Provisions and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

(i) Employee Benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability as at the Balance Sheet date on the basis of actuarial valuation as per Projected Unit Credit Method.

Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/ superannuation. The gratuity is paid @ 15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

which the benefit is expected to be derived from employees' services.

Re-measurements of defined benefit plans in respect of post-employment benefits are charged to the Other Comprehensive Income.

(j) Tax Expenses

The tax expense for the period comprises of current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

(i) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income tax authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax assets are reassessed at each reporting period and are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by

the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(k) Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency's closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

(l) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Revenue from contracts with customers includes sale of goods and services. Revenue from rendering of services includes advertisement revenue, subscription revenue, revenue from sale of contents, facility and equipment rental, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services. Revenue from rendering of services is recognised over time where the Company satisfies the performance obligation over time or point in time where the Company satisfies the performance obligation at a point in time.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, net of returns and allowances, trade discounts and volume rebates and excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and the receivable is recognized when it becomes unconditional.

Contract balances

Trade receivables represents the Company's right to an amount of consideration that is unconditional. Revenues in excess of invoicing are considered as contract assets and disclosed as accrued revenue.

Invoicing in excess of revenues are considered as contract liabilities and disclosed as unearned revenues. When a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised and disclosed as advances from customers.

Contract liabilities are recognised as revenue when the Company performs under the contract.

Interest income

Interest Income from Financial Assets is recognised using effective interest rate method.

Dividend income

Dividend Income is recognised when the Company's right to receive the amount has been established.

(m) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or an equity instrument of another entity.

(i) Financial Assets

A. Initial recognition and measurement:

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of

financial assets, which are not accounted at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement:

a) Financial assets measured at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate amortisation is included in other income in the Statement of Profit and Loss.

b) Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at fair value through profit or loss.

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

C. Investment in subsidiaries, associates and joint ventures

The Company accounts for its investments in subsidiaries, associates and joint venture at cost less impairment loss (if any).

D. Other Equity investments:

All Other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognised in Statement of Profit and loss when the Company's right to receive the amount is established.

E. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables, the Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. Further, the Company uses historical default rates to determine impairment loss on the portfolio of the trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used. ECL impairment allowance is recognised in the Statement of Profit and Loss.

(ii) Financial Liabilities

A. Initial recognition and measurement

All financial liabilities are recognized initially at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent measurement

Financial liabilities are carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iii) Derivative financial instruments

The Company uses derivative financial instruments such as forwards, currency swaps and options to mitigate the risk of changes in exchange rates. Such derivative financial instrument are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken to Statement of Profit and Loss.

(iv) Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(v) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(n) Cash and cash equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(o) Earnings per share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

2.3 STANDARDS ISSUED:

Not effective during the year:

On 23rd March, 2022, the Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2022. This notification has resulted into amendments in the following existing accounting standards from 1st April, 2022.

- i. Ind AS 101 – First time adoption of Ind AS
- ii. Ind AS 103 – Business Combination
- iii. Ind AS 109 – Financial Instruments
- iv. Ind AS 16 – Property, Plant and Equipment
- v. Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets
- vi. Ind AS 41 – Agriculture

Application of amendments to the above standards are not expected to have any significant impact on the Company's standalone financial statements.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these judgements, estimates and assumptions could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

(a) Depreciation/ Amortisation and useful lives of Property, Plant and Equipment and Other Intangible Assets

Property, Plant and Equipment/ Other Intangible assets are depreciated/ amortised over their estimated useful lives, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is adjusted if there are significant changes from previous estimates.

(b) Recoverability of trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

(c) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

(d) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. Goodwill is allocated to cash –generating units ('CGU') for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use; considering revenue multiples of comparable companies being key assumption based on published information and management assessment. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows covering generally a period of five years are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Estimated future cash flows involve judgement and estimates relating to revenue growth rates, net profit margin and perpetual growth rates. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

(e) Impairment of financial assets

The impairment provisions for financial assets depending on their classification are based on assumptions about risk of default, expected cash loss rates, discounting rates applied to these forecasted future cash flows, revenue multiples and EBITDA multiples. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(f) Defined benefit plans

The employment benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost/ income include the discount rate, salary escalation and mortality assumptions. Any changes in these assumptions will impact upon the carrying amount of employment benefit obligations.

(g) Fair value measurement

For estimates relating to fair value of financial instruments refer Note 42.

(h) Estimation uncertainty relating to the global health pandemic

The outbreak of corona virus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In assessing the recoverability of Company's assets such as Goodwill, Financial Assets and Non-Financial Assets, the Company has considered internal and external information. The Company has evaluated impact of this pandemic on its business operations and based on its review and current indicators of future economic conditions, there is no significant impact on its standalone financial statements and the Company expects to recover the carrying amount of all its assets.

Mortality Table	IALM (2012-14)	IALM (2012-14)
Discount Rate (per annum)	7.25%	6.83%
Rate of Escalation in Salary (per annum)	6.00%	6.00%

IALM - Indian Assured Lives Mortality.

The discount rate is based on the prevailing market yields of Government of India bonds as at the Balance Sheet date for the estimated term of the obligations.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

NOTES

v Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee attrition rate. The sensitivity analysis below, have been determined based on reasonable possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The result of Sensitivity Analysis is given below:

	Gratuity (Unfunded)	
	As at 31 st March, 2022	As at 31 st March, 2021
	(₹ in lakh)	
a. Impact of the Change in Discount Rate		
Present Value of Obligation at the end of the year	421	436
i. Impact due to Increase of 0.50%	(7)	(8)
ii. Impact due to Decrease of 0.50%	7	8
b. Impact of the Change in Salary Increase		
Present value of Obligation at the end of the year	421	436
i. Impact due to Increase of 0.50%	7	8
ii. Impact due to Decrease of 0.50%	(7)	(7)
c. Impact of the Change in Attrition Rate		
Present value of Obligation at the end of the year	421	436
i. Impact due to Increase of 0.50%	(1)	(1)
ii. Impact due to Decrease of 0.50%	1	1

vi Maturity profile of Defined Benefit Obligation:

	Gratuity (Unfunded)	
	As at 31 st March, 2022	As at 31 st March, 2021
	(₹ in lakh)	
0 to 1 Year	84	81
1 to 2 Year	80	6
2 to 3 Year	60	9
3 to 4 Year	46	6
4 to 5 Year	37	6
5 to 6 Year	27	12
6 Year onwards	87	316

vii These Plans typically expose the Company to actuarial risks such as: Interest Risk, Longevity Risk and Salary Risk.

Interest Risk – A decrease in the discount rate will increase the plan liability.

Longevity Risk – The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk – The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

40 CAPITAL AND FINANCIAL RISK MANAGEMENT

40.1 CAPITAL MANAGEMENT

The Company manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Company monitors capital using a gearing ratio.

The Capital Structure of the Company consists of Debt, Cash and Cash equivalent and Equity.

The Net Gearing Ratio at end of the reporting period was as follows:

		(₹ in lakh)	
		As at 31 st March, 2022	As at 31 st March, 2021
Debt		2,42,043	2,33,604
Less: Cash and Cash Equivalents		70	0
Net Debt	A	2,41,973	2,33,604
Equity	B	94,280	1,03,716
Net Gearing Ratio	A / B	2.57	2.25

40.2 FINANCIAL RISK MANAGEMENT

The Company's activities exposes it mainly to credit risk, liquidity risk and market risk. The treasury team identifies and evaluates financial risk in close coordination with the Company's business teams.

i CREDIT RISK

Credit risk is the risk that customers or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities which is primarily trade receivables.

Customer credit risk is managed by each business team subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customers receivables are regularly monitored.

An impairment analysis is performed at each reporting date for major customers. Receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company evaluates the concentration of risk with respect to receivables as low.

ii LIQUIDITY RISK

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date. The Company maintains sufficient stock of cash, marketable securities and committed credit facilities. The Company accesses local financial markets to meet its liquidity requirements. It uses a range of products to ensure efficient funding from across well-diversified markets and investor pools. Treasury monitors rolling forecasts of the Company's cash flow position and ensures that the Company is able to meet its financial obligation at all times including contingencies.

The Company's liquidity is managed by forecasting the cash and liquidity requirements. Treasury arranges to either fund the net deficit or invest the net surplus in the market.

NOTES

To the Standalone Financial Statements for the year ended 31st March, 2022

iii MARKET RISK

a FOREIGN EXCHANGE EXPOSURE/ CURRENCY RISK

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flow of an exposure will fluctuate because of changes in foreign currency rates. Exposure can arise on account of various assets and liabilities which are denominated in currencies other than functional currency.

The Company's foreign currency exposure as at year end is as follow:

	(₹ in lakh)	
	As at 31 st March, 2022	As at 31 st March, 2021
TRADE AND OTHER PAYABLES		
USD	51	110
GBP	2	-
EURO (Previous year ₹ 19,723)	1	0
TRADE AND OTHER RECEIVABLES		
USD	723	349
GBP	-	9
EURO (₹ 42,110)	0	4
CAD	2	-

SENSITIVITY ANALYSIS:

1% appreciation/ depreciation of the respective foreign currencies with respect to the functional currency of the Company would result in a decrease/ increase in the Company's loss before tax by ₹ 7 lakh for the year ended 31st March, 2022 and by ₹ 3 lakh for the year ended 31st March, 2021.

b INTEREST RATE RISK

The Company's exposure to the risk of changes in market interest rate relates to floating rate debt obligations.

The Company's borrowings at the end of the financial year are as follows:

	(₹ in lakh)	
	As at 31 st March, 2022	As at 31 st March, 2021
BORROWINGS		
Current Borrowings	2,42,043	2,33,604
Total	2,42,043	2,33,604

SENSITIVITY ANALYSIS:

1% appreciation/ depreciation in the interest rate on floating rate borrowing included above would result in an increase/ decrease in the Company's Loss Before Tax by ₹ 68 lakh for the year ended 31st March, 2022 and by ₹ 134 lakh for the year ended 31st March, 2021.

41 IMPAIRMENT TESTING OF GOODWILL

Goodwill acquired through business combinations with indefinite useful lives has been allocated to cash generating units ('CGU') related to "Media Operations" which is also an operating and reportable segment for impairment testing. The carrying amount of Goodwill as at 31st March, 2022 is ₹ 29,100 lakh (Previous year ₹ 29,100 lakh).

The Company performed its annual impairment test for year ended 31st March, 2022. The recoverable amount of CGU has been determined based on a fair value using market approach considering revenue multiples of comparable companies being key assumption based on published information and management assessment.

The Level of the fair value hierarchy is Level 3. The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the CGU.

42.2 The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

Level 1: Inputs are Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

42.3 Valuation Methodology

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

- The fair value of investment in quoted Equity Shares and Mutual Funds is measured at quoted price or Net Asset Value (NAV), as applicable.
- The fair value of the remaining financial instruments is determined based on adjusted quoted price of underlying assets, information about market participants, assumptions and other data that are available including using discounted cash flow analysis, as applicable.

43 DERIVATIVE CONTRACTS

Changes in the fair value of forward contracts that economically hedge monetary liabilities in foreign currencies, and for which no hedge accounting is applied, are recognised in the Statement of Profit and Loss. The changes in fair value of the forward contracts, as well as the foreign exchange gains and losses relating to the monetary items, are recognised in the Statement of Profit and Loss.

Following table details the derivative contracts outstanding at the end of the year:

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NETWORK18 MEDIA & INVESTMENTS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Network18 Media & Investments Limited ("the Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which includes the Group's share of profit / (loss) in its associates and joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate / consolidated financial statements / financial information of the subsidiaries, associates and joint ventures referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associates and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraphs (a) and (b) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Carrying value of goodwill In accordance with Ind AS, goodwill needs to be tested for impairment annually. Recoverability of the carrying value of goodwill is predicated upon appropriate attribution of goodwill to a cash generating unit or group of cash generating units (CGU) and determination of recoverable amount of the underlying CGU.	Principal audit procedures performed: Our audit procedures included a combination of testing the design, implementation and operating effectiveness in respect of management's basis for allocation of goodwill to CGU and determination of recoverable amounts to measure the impairment provision, if any, that needs to be accounted for.

INDEPENDENT AUDITOR'S REPORT

Sr. No.	Key Audit Matter	Auditor's Response
	Significant Management estimates and judgement is required in the area of impairment testing, particularly in assessing whether the carrying value of the CGU including the goodwill can be supported by the recoverable amount, being fair value less costs to sell calculated based on quoted market price, revenue multiples of comparable companies, EBITDA multiples of comparable companies, as applicable, or value in use calculation using cash flow projections from financial budgets approved by senior management covering a 5 to 10 year period, the appropriate key assumptions to be applied in valuation including whether appropriate revenue growth rates, net profit margin and perpetual growth rates used to estimate future cash flows and discounting rates applied to these forecasted future cash flows. Any change in the bases or assumptions could materially affect the recoverable amount used in the impairment test with a consequent impact on the consolidated financial statements of the Group. In view of the foregoing, valuation and allocation of goodwill have been identified as a Key Audit Matter. As at March 31, 2022, carrying values of goodwill is Rs. 251,934 lakhs. Refer Notes 3(e) and 45 to the consolidated financial statements.	As part of our substantive testing procedures, we have examined management's estimates and judgment in the area of impairment testing by considering and evaluating quoted market price, revenue multiples of comparable companies, EBITDA multiples of comparable companies, cash flow projections, the reasonableness of key assumptions including revenue growth rates, net profit margin and perpetual growth rates used to estimate future cash flows and discounting rates applied to these forecasted future cash flows, as applicable. We also evaluated appropriateness of management's impairment assessment with respect to the critical assumptions used by the Management by involving valuation specialists. This matter has been identified as KAM by the component auditors also. Component auditors have reported to us that they have performed these procedures.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report and Corporate Governance Report in Annual Report for the year ended March 31, 2022, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries, joint ventures and associates audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, joint ventures and associates, is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its associates and joint ventures in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for

INDEPENDENT AUDITOR'S REPORT

maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its associates and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements / financial information of thirteen subsidiaries, whose financial statements / financial information, reflect total assets of Rs. 4,66,264 lakhs as at March 31, 2022, total revenues of Rs. 1,56,275 lakhs and net cash outflows amounting to Rs. 6,844 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of Rs. 4,112 lakhs for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of one joint venture, two associates and twelve subsidiaries of an associate, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates is based solely on the reports of the other auditors.
- (b) The consolidated financial statements also include the Group's share of net profit of Rs. 511 lakhs for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of one joint venture whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this joint venture, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate / consolidated financial statements / financial information of the subsidiaries, associates and joint ventures referred to in the sub-paragraph (a) and read with the sub-paragraph (b) of the Other Matters section above, we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- e) On the basis of the written representations received from the directors of the Parent as on March 31, 2022 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies, associate companies and joint venture companies incorporated in India, none of the directors of the Group companies, its associate companies and joint venture companies incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent, subsidiary companies, associate companies and joint venture companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer note 39 to consolidated financial statements;
 - ii) The Group, its associates and joint ventures did not have any material foreseeable losses on long-term contracts including derivative contracts;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies, associate companies and joint venture companies incorporated in India.
 - iv) (a) The respective Managements of the Parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Parent Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, as disclosed in the notes to the consolidated financial statements, no funds (which are material either individually or in the aggregate)

INDEPENDENT AUDITOR'S REPORT

- have been received by the Parent Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent Company or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v) The Parent Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
2. With respect to the matters specified in clause (xxi) of paragraph (3) and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/"the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent Company, we report that in respect of those companies where audits have been completed under section 143 of the Act, there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements. Further, in respect of the following companies included in the consolidated financial statements, whose audit under section 143 of the Act has not yet been completed, the CARO report as applicable in respect of those companies are not available and consequently have not been provided to us as on the date of this audit report:

ANNEXURE "A"

TO THE INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NETWORK18 MEDIA & INVESTMENTS LIMITED

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Network18 Media & Investments Limited (hereinafter referred to as Parent) and its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent, its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its subsidiary companies, its associate companies and its joint venture companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, associate companies and joint venture companies, which are companies incorporated in India, in terms of their reports referred to in the sub-paragraph (a) and read with sub-paragraph (b) of the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies, its associate companies and its joint venture companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the

ANNEXURE "A"

assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies, its associate companies and joint venture companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

- (a) Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to seven subsidiary companies, an associate company and a joint venture company, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.
- (b) The consolidated Ind AS financial statements include the Group's share of net profit of Rs. 511 lakhs for the year ended March 31, 2022, as considered in the consolidated Ind AS financial statements, in respect of a joint venture, whose financial statements / financial information and internal financial controls over financial reporting have not been audited. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion is not modified in respect of the above matters.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation and Presentation

The consolidated financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities and defined benefit plans - plan assets which have been measured at fair value.

The financial statements of the Group have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013, amended from time to time.

Group's financial statements are presented in Indian Rupees (₹), which is its functional currency and all values are rounded to the nearest lakh (₹ 00,000), except when otherwise indicated.

2.2 Principles of Consolidation

The consolidated financial statements relate to the Company and its subsidiary companies, associates and joint ventures. The consolidated financial statements have been prepared on the following basis.

- The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, income, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- Profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and property, plant & equipment, are eliminated in full.
- In case of foreign subsidiaries, revenue and expense items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).
- The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

- The carrying amount of the parent's investments in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.
- The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- Non-Controlling Interest's share of profit/ loss and other comprehensive income of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- Non-Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet.
- Investment in Associates and Joint Ventures has been accounted under the equity method as per Ind AS 28 - Investments in Associates and Joint Ventures.
- The Group accounts for its share of post acquisition changes in net assets of associates and joint ventures, after eliminating unrealised profits and losses resulting from transactions between the companies within the Group and its associates to the extent of its share, through its Consolidated Statement of Profit and Loss, to the extent such change is attributable to the associates' Statement of Profit and Loss and through its reserves for the balance based on available information.

2.3 Summary of Significant Accounting Policies

(a) Current and Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on Current/ Non-Current classification.

An asset is treated as current when it is –

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when -

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Projects under which assets are not ready for their intended use are shown as Capital Work-in-Progress.

Depreciation on property, plant and equipment is provided using straight-line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act,

2013, except for certain assets where useful life is considered based on internal technical evaluation. Leasehold improvements are depreciated over the period of lease agreement or the useful life whichever is shorter.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss when the asset is derecognised.

(c) Leases

The Group, as a lessee, recognizes a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset.

The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability.

The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

readily determined, the Group uses incremental borrowing rate.

For short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term.

Leases are classified as finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

(d) Goodwill and Other Intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Other Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortisation/depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the entity and cost can be measured reliably.

Gains or losses arising from derecognition of other intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in Consolidated Statement of Profit and Loss when the asset is derecognised.

The Group's intangible assets comprises assets with finite useful life which are amortised on a straight-line basis over the period of their expected useful life.

Computer Software, Electronic Programming Guide Slot, Brand/ Trademarks, Website development cost, Programming cost and License pertaining to satellite rights are being amortised over its estimated useful life of 2 to 5 years. News Archives is being amortised over a period of 21 years as the contents of the same are continuously used in day to day programming and hence the economic benefits from the same arise for a period longer than 20 years. Film telecast rights are amortised over a period of 10 years.

The amortisation period and the amortisation method for Intangible Assets with a finite useful life are reviewed at each reporting date.

Intangible Assets under development

Expenditure on programming costs eligible for capitalisation are carried as intangible assets under development where such assets are not yet ready for their intended use.

(e) Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Consolidated Statement of Profit and Loss for the period for which they are incurred.

(f) Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

The Group evaluates the realizable value and/ or revenue potential of inventory based on the type of programming assets. Cost of shows, events and films are expensed off based on the expected pattern of realisation of economic benefits. Acquired rights of shows and music rights are

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

amortised evenly over the license period. The Group evaluates the realizable value and/ or revenue potential of inventory on an ongoing basis and appropriate write down is made in cases where accelerated write down is warranted.

Programmes purchased and the cost of programmes produced in-house is expensed off based on number of episodes telecasted during the period. Cost of news/ current affairs/ one time events are fully expensed off on first telecast.

Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

(g) Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(h) Impairment of Non-Financial Assets

The Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and other intangible assets or group of Assets, called Cash Generating Units ('CGU') may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the CGU to which the asset belongs.

Goodwill is allocated to each of the CGUs (or groups of CGUs) for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit.

An impairment loss is recognized in the Consolidated Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use, considering recent transactions, independent valuer's report. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss, other than goodwill, recognised in prior accounting period is reversed, if there has been a change in the estimate of recoverable amount.

(i) Provisions and Contingencies

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

(j) Employee Benefits

(i) Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

employees are recognised as an expense during the period when the employees render the services.

(ii) Long Term Employee Benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability as at the Balance Sheet date on the basis of actuarial valuation as per the Projected Unit Credit Method.

(iii) Post-Employment Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions towards Provident Fund, Employee State Insurance and Pension Scheme. The Group's contribution is recognised as an expense in the Consolidated Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plans

The Group pays gratuity to the employees who have completed five years of service with the Group at the time of resignation/ superannuation. The gratuity is paid @ 15 days basic salary for every completed year of service as per the Payment of Gratuity Act.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurements of defined benefit plans in respect of post-employment benefits are charged to the Other Comprehensive Income.

(k) Tax Expenses

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Consolidated Statement of Profit and Loss, except to the extent that it relates to items recognised in the other comprehensive

income. In which case, the tax is also recognised in other comprehensive income.

(i) Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

(ii) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred income tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(l) Share based payments

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Consolidated Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

(m) Foreign Currencies Transactions and Translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency's closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Consolidated Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

(n) Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

Revenue from contracts with customers includes sale of goods and services. Revenue from rendering of services includes advertisement revenue, subscription revenue, revenue

from sale of television content, facility and equipment rental, program revenue, revenue from sponsorship of events and revenue from media related professional and consultancy services. Revenue from rendering of services is recognised over time where the Group satisfies the performance obligation over time or point in time where the Group satisfies the performance obligation at a point in time.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Group has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue is measured at the amount of consideration which the Group expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, net of returns and allowances, trade discounts and volume rebates and excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and the receivable is recognized when it becomes unconditional.

Contract balances

Trade receivables represents the Group's right to an amount of consideration that is unconditional. Revenues in excess of invoicing are considered as contract assets and disclosed as accrued revenue.

Invoicing in excess of revenues are considered as contract liabilities and disclosed as unearned revenues. When a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised and disclosed as advances from customers.

Contract liabilities are recognised as revenue when the Group performs under the contract.

Interest Income

Interest Income from a financial asset is recognised using effective interest rate method.

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

Dividend Income

Dividend Income is recognised when the Group's right to receive the amount has been established.

(o) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

A. Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not accounted at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement

a) Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate amortisation is included in other income in the Consolidated Statement of Profit and Loss.

b) Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by

both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at fair value through profit or loss.

C. Investment in joint ventures and associates

The Group accounts for its investments in joint ventures and associates using the equity method.

D. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Consolidated Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognised in Consolidated Statement of Profit and Loss when the Group's right to receive the amount is established.

E. Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

- b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).
- For trade receivables the Group applies a 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. Further, the Group uses historical default rates to determine impairment loss on the portfolio of the trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.
- For other assets, the Group uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used. ECL impairment allowance is recognised in the Consolidated Statement of Profit and Loss.
- (ii) **Financial Liabilities**
- a. **Initial recognition and measurement**
All financial liabilities are recognized initially at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognised in Consolidated Statement of Profit and Loss as finance cost.
- b. **Subsequent measurement**
Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.
- (iii) **Derivative Financial Instruments**
The Group uses derivative financial instruments such as forwards, currency swaps and options to mitigate the risk of changes in exchange rates. Such derivative financial instrument are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as Financial Assets when the fair value is positive and as Financial Liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Consolidated Statement of Profit and Loss.
- (iv) **Derecognition of financial instruments**
The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.
- (v) **Offsetting**
Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Group has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realise the asset and settle the liability simultaneously.
- (p) **Earnings per share**
Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

2.4 STANDARDS ISSUED

Not effective during the year

On 23rd March, 2022, the Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2022. This notification has resulted into amendments in the following existing accounting standards from 1st April, 2022.

- i) Ind AS 101 – First time adoption of Ind AS
- ii) Ind AS 103 – Business Combination
- iii) Ind AS 109 – Financial Instrument
- iv) Ind AS 16 – Property, Plant and Equipment
- v) Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets
- vi) Ind AS 41 - Agriculture

Application of amendments to the above standards are not expected to have any significant impact on the Group's financial statements.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these judgements, estimates and assumptions could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Depreciation/ amortisation and useful lives of Property, Plant and Equipment and Other Intangible Assets

Property, plant and equipment/ Other Intangible assets are depreciated/ amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation/ amortisation for future periods is adjusted if there are significant changes from previous estimates.

b) Determining the lease term

The Group determines the lease term as the non-cancellable term of the lease, together with any

periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

c) Recoverability of trade receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

d) Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

e) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. Goodwill is allocated to cash generating units ('CGU') for the purposes of impairment testing. A CGU to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use; considering revenue multiples and EBITDA multiples of comparable companies. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

In assessing value in use, the estimated future cash flows covering generally a period of five to ten years are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Estimated future cash flows involve judgement and estimates relating to revenue growth rates, net profit margin and perpetual growth rates. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

f) Impairment of financial assets

The impairment provisions for financial assets depending on their classification are based on assumptions about risk of default, expected cash loss rates, discounting rates applied to these forecasted future cash flows, revenue multiples and EBITDA multiples. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

g) Defined benefit plans

The employment benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost/ income include the discount rate, salary escalation and mortality assumptions. Any changes in these assumptions will impact upon the carrying amount of employment benefit obligations.

h) Deferred tax

Deferred income tax assets are reassessed at each reporting period and are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. The Group uses judgement to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

i) Fair value measurement

For estimates relating to fair value of financial instruments refer Note 43.

j) Estimation uncertainty relating to the global health pandemic

The outbreak of corona virus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In assessing the recoverability of Group's assets such as Goodwill, Financial Asset and Non-Financial Assets, the Group has considered internal and external information. The Group has evaluated impact of this pandemic on it's business operations and based on it's review and current indicators of future economic conditions, there is no significant impact on it's consolidated financial statements and the Group expects to recover the carrying amount of all the assets.

Rate of Escalation in Salary (Per Annum)	6% to 12%	6% to 12%	6% to 8%	6% to 8%

IALM - Indian Assured Lives Mortality

The discount rate is based on the prevailing market yields of the Government of India Bonds as at the Balance Sheet date for the estimated term of the obligations.

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of Plan assets held, assessed risks, historical results of return on plan assets and the Group's policy for plan assets management.

viii) The expected contributions for Defined Benefit Plan for the next financial year will be in line with financial year 2021-22.

ix) Sensitivity Analysis

Significant Actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee attrition rate. The sensitivity analysis below, have been determined based on reasonable possible change of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The result of Sensitivity Analysis is given below:

xi) These plans typically expose the Group to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

Investment Risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds; if the return on plan asset is below this rate, it will create a plan deficit.

Interest Risk

A decrease in the discount rate will increase the plan liability.

Longevity Risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk

The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

41 SEGMENT REPORTING

- The Group operates in a single reportable operating segment 'Media Operations'. Hence there are no separate reportable segments as per Ind AS 108 'Operating Segments'. Since the Group's operations are primarily in India, it has determined single geographical segment.
- One customer represents more than 10% of the Group's total revenue during the year as well as previous year.

42 CAPITAL AND FINANCIAL RISK MANAGEMENT

42.1 CAPITAL MANAGEMENT

The Group manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group monitors Capital using a gearing ratio.

The capital structure of the Group consists of Debt, Cash and Cash equivalent and Equity attributable to Owners.

The Net Gearing Ratio at end of the reporting period was as follows:

	(₹ in lakh)	
	As at 31 st March, 2022	As at 31 st March, 2021
Debt	2,16,005	2,41,362
Less: Cash and Cash Equivalents	33,896	32,710
Net Debt	A 1,82,109	2,08,652
Equity attributable to Owners of the Company	B 75,476	54,658
Net Gearing Ratio	A / B 2.41	3.82

42.2 FINANCIAL RISK MANAGEMENT

The Group's activities exposes it mainly to credit risk, liquidity risk and market risk. The treasury team identifies and evaluates financial risk in close coordination with the Group's business teams.

(a) CREDIT RISK

Credit risk is the risk that customers or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities which is primarily trade receivables.

Customers credit risk is managed by each business team subject to the Group's established policy, procedures and control relating to customers credit risk management. Outstanding customers receivables are regularly monitored.

An impairment analysis is performed at each reporting date for major customers. Receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group evaluates the concentration of risk with respect to receivables as low.

(b) LIQUIDITY RISK

Liquidity risk arises from the Group's inability to meet its cash flow commitments on the due date. The Group maintains sufficient stock of cash, marketable securities and committed credit facilities. The Group accesses local financial markets to meet its liquidity requirements. It uses a range of products to ensure efficient funding from across well-diversified markets and investor pools. Treasury monitors rolling forecasts of the Group's cash flow position and ensures that the Group is able to meet its financial obligation at all times including contingencies.

The Group's liquidity is managed by forecasting the cash and liquidity requirements. Treasury arranges to either fund the net deficit or invest the net surplus in the market.

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

(c) MARKET RISK

(i) FOREIGN EXCHANGE EXPOSURE/ CURRENCY RISK

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flow of an exposure will fluctuate because of changes in foreign currency rates. Exposure can arise on account of various assets and liabilities which are denominated in currencies other than functional currency.

The Group's foreign currency exposure as at year end is as follows:

	(₹ in lakh)	
	As at 31 st March, 2022	As at 31 st March, 2021
TRADE AND OTHER PAYABLES		
USD	8,169	8,754
GBP	106	76
EURO	170	12
SGD	37	35
CAD	139	153
AUD	10	9
AED	200	170
ZAR	-	4
HKD	-	2
TRADE AND OTHER RECEIVABLES		
USD	11,370	14,291
GBP	3,102	3,975
EURO	31	34
SGD	79	82
CAD	444	374
AUD	2	9
AED	115	97
ZAR	64	26
NZD (Previous year ₹ 14,938)	2	0
IDR	-	1
MYR	7	2

SENSITIVITY ANALYSIS:

1% appreciation/ depreciation of the respective foreign currencies with respect to the functional currency of the Group would result in an increase/ decrease in Group's profit before tax by ₹ 64 lakh for the year ended 31st March, 2022 and by ₹ 97 lakh for the year ended 31st March, 2021.

(ii) INTEREST RATE RISK

The Group's exposure to the risk of changes in market interest rate relates to the floating rate debt obligations.

The Group's borrowings at the end of the financial year are as follows:

	(₹ in lakh)	
	As at 31 st March, 2022	As at 31 st March, 2021
BORROWINGS		
Non-Current (including Current maturities)	19	73
Current (excluding Current maturities)	2,15,986	2,41,289
Total	2,16,005	2,41,362

SENSITIVITY ANALYSIS:

1% appreciation/ depreciation in the interest rate on floating rate borrowing included above would result in a decrease/ increase in the Group's profit before tax by ₹ 70 lakh for the year ended 31st March, 2022 and by ₹ 404 lakh for the year ended 31st March 2021.

43.2 The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consist of the following three levels:

Level 1: Inputs are Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs are other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumption that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

43.3 Valuation Methodology

All financial instruments are initially recognised and subsequently re-measured at fair value as described below:

- The fair value of investment in quoted Equity Shares and Mutual Funds is measured at quoted price or Net Assets Value (NAV).
- The fair value of the remaining financial instruments is determined based on adjusted quoted price of underlying assets, information about market participants, assumptions and other data that are available including using discounted cash flow analysis, as applicable.

44 DERIVATIVE CONTRACTS

Changes in the fair value of forward contracts that economically hedge monetary liabilities in foreign currencies, and for which no hedge accounting is applied, are recognised in the Consolidated Statement of Profit and Loss. The changes in fair value of the forward contracts, as well as the foreign exchange gains and losses relating to the monetary items, are recognised in the Consolidated Statement of Profit and Loss.

Following table details the derivative contracts outstanding at the end of the year:

45 IMPAIRMENT TESTING OF GOODWILL

Goodwill acquired through business combinations with indefinite useful lives has been allocated to cash generating units ('CGU') related to "Media Operations" which is also an operating and reportable segment for impairment testing. The carrying amount of Goodwill as at 31st March, 2022 is ₹ 2,51,934 lakh (Previous year ₹ 2,51,934 lakh).

The Group performed its annual impairment test for year ended 31st March, 2022. The recoverable amount of the CGU has been determined based on a value in use calculation using cash flow projections from financial budgets approved by senior management covering a 5 to 10 year period and based on fair value using market approach considering revenue and EBITDA multiples of

NOTES

To the Consolidated Financial Statements for the year ended 31st March, 2022

comparable companies being key assumption based on published information and management assessment. The Level of the fair value hierarchy is Level 3.

The pre-tax discount rate applied to cash flow projections for impairment testing during the current year is 14% and cash flows beyond the 10-year period are extrapolated using a 5% growth rate.

Key assumptions used for value in use calculations:-

- Growth rate estimates:- Rates are based on published industry research and management assessments.
- Discount rate:- The discount rate calculation representing the current market assessment is based on the specific circumstances of the CGU and is derived from its weighted average cost of capital (WACC). The WACC takes into account both debt and equity. The cost of equity is derived from the expected return on investment by the CGU's investors. The cost of debt is based on the interest-bearing borrowings the CGU is obliged to service. Industry-specific risk is incorporated by applying individual beta factors. The beta factors are evaluated annually based on publicly available market data. Adjustments to the discount rate are made to factor in the specific amount and timing of the future tax flows in order to reflect a pre-tax discount rate.

The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the CGU.

Pursuant to the provisions of Section 108 and other applicable provisions, if any, of the Act read with the Companies (Management and Administration) Rules, 2014, as amended, and Regulation 44 of the Listing

Regulations read with circular of SEBI on e-Voting Facility provided by Listed Entities, dated December 9, 2020, the Company is providing to its Members, facility to exercise their right to vote on resolutions proposed to be passed at the AGM by electronic means (“e-voting”). Members may cast their votes remotely, using an electronic voting system on the dates mentioned herein below (“remote e-voting”).

Further, the facility for voting through electronic voting system will also be made available at the Meeting (“Insta Poll”) and Members attending the Meeting who have not cast their vote(s) by remote e-voting will be able to vote at the Meeting through Insta Poll.

The Company has engaged the services of KFinTech as the agency to provide e-voting facility.

The manner of voting, including voting remotely by (i) individual shareholders holding shares of the Company in demat mode, (ii) shareholders other than individuals holding shares of the Company in demat mode, (iii) shareholders holding shares of the Company in physical mode, and (iv) Members who have not registered their e-mail address, is explained in the instructions given under C and D herein below.

The remote e-voting facility will be available during the following voting period:

Commencement of remote e-voting	9:00 a.m.(IST) on Sunday, September 25, 2022
End of remote e-voting	5:00 p.m. (IST) on Wednesday, September 28, 2022

The remote e-voting will not be allowed beyond the aforesaid date and time and the remote e-voting module shall be forthwith disabled by KFinTech upon expiry of the aforesaid period.

Voting rights of a Member / Beneficial Owner (in case of electronic shareholding) shall be in proportion to his / her / its shareholding in the paid-up equity share capital of the Company as on the cut-off date, i.e., Thursday, September 22, 2022 (“Cut-off Date”).

The Board of Directors of the Company has appointed Mr. B Narasimhan, a Practicing Company Secretary

(Membership No.:FCS-1303), Proprietor, BN & Associates, Company Secretaries or failing him Mr. Venkataraman K, a Practicing Company Secretary (Membership No.: ACS-8897), as Scrutinizer to scrutinize the remote e-voting and Insta Poll process in a fair and transparent manner and they have communicated their willingness to be appointed and will be available for the said purpose.

B. INFORMATION AND INSTRUCTIONS RELATING TO E-VOTING:

- i) **The Members who have cast their vote(s) by remote e-voting may also attend the Meeting but shall not be entitled to cast their vote(s) again at the Meeting.**
- ii) **Once the vote on a resolution is cast by a Member, whether partially or otherwise, the Member shall not be allowed to change it subsequently or cast the vote again.**
- iii) A Member can opt for only single mode of voting, i.e., through remote e-voting or voting at the Meeting (Insta Poll). If a Member casts vote(s) by both modes, then voting done through remote e-voting shall prevail and vote(s) cast at the Meeting shall be treated as “INVALID”.
- iv) **A person, whose name is recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the Cut-off Date only shall be entitled to avail the facility of remote e-voting or for participation at the AGM and voting through Insta Poll. A person who is not a Member as on the Cut-off Date, should treat the Notice for information purpose only.**
- v) The Company has opted to provide the same electronic voting system at the Meeting, as used during remote e-voting, and the said facility shall be operational till all the resolutions proposed in the Notice are considered and voted upon at the Meeting and may be used for voting only by the Members holding shares as on the Cut-off Date who are attending the Meeting and who have not already cast their vote(s) through remote e-voting.

STATEMENT / EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 AND ADDITIONAL INFORMATION AS REQUIRED UNDER THE SECURITIES AND EXCHANGE BOARD OF INDIA (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

The following Statement sets out all material facts relating to the business mentioned under Item Nos. 3 and 4 in the Notice:

Item No. 3

Members of the Company at the Twenty Second Annual General Meeting held on September 25, 2017 approved the appointment of Deloitte Haskins & Sells LLP, Chartered Accountants (Registration No. 117366W / W-100018) ("Deloitte"), as the Auditors of the Company to hold office for a term of 5 (five) consecutive years from the conclusion of said Annual General Meeting till the conclusion of the sixth Annual General Meeting from the said Annual General Meeting. Deloitte will complete their present term (i.e. first term) on conclusion of this Annual General Meeting.

The Board of Directors of the Company ("the Board"), at its meeting held on May 3, 2022 has, considering the experience and expertise and on the recommendation of the Audit Committee, proposed to the Members of the Company, re-appointment of Deloitte as Auditors of the Company for second term of 5 (five) consecutive years from the conclusion of this Annual General Meeting till the conclusion of the sixth Annual General Meeting from this Annual General Meeting, at such remuneration as shall be fixed by the Board of Directors of the Company.

Deloitte, founded in 1997, has around 4000 professionals and staff. It has offices in major cities in the country. It has been engaged in statutory audits of some of the large companies in the various sectors.

Deloitte has consented to its appointment as Auditors and has confirmed that if appointed, its appointment will be in accordance with Section 139 read with Section 141 of the Companies Act, 2013. Deloitte has also provided confirmation that it has subjected itself to the peer review process of the Institute of Chartered Accountants of India (ICAI) and holds a valid certificate issued by the 'Peer Review Board' of the ICAI.

The proposed remuneration to be paid to Auditors for the financial year 2022-23 is ₹ 95 lakh. The said remuneration excludes applicable taxes and out of pocket expenses.

The remuneration for the subsequent year(s) of its term shall be fixed by the Board of Directors of the Company based on the recommendation of the Audit Committee.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board commends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the Members.

Item No. 4

The Board of Directors has, on the recommendation of the Audit Committee, approved the appointment and remuneration of M/s Pramod Chauhan & Associates, Cost Accountants, as Cost Auditor to conduct the audit of the cost records of the Company for the financial year ending March 31, 2023 as set out in the resolution.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor as recommended by the Audit Committee and approved by the Board of Directors of the Company, has to be ratified by the Members of the Company.

Accordingly, ratification by the Members is sought for the remuneration payable to the Cost Auditor for the financial year ending March 31, 2023 by passing an Ordinary Resolution as set out at Item No. 4 of the Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board commends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the Members.
