Out of Home: Please note that the existing TV viewership measurement mechanisms though essential do not capture the actual audience delivery for a media platform like CNBC TV18 and CNBC AWAAZ. The CNBC TV18 and CNBC AWAAZ services have a large out of home (OOH) viewership especially in corporate offices, institutions, business areas, markets, etc. We believe that the reach of the CNBC Universe is much higher when the above OOH viewership is taken into account.
