MANAGEMENT COMMENTARY

Consumption remained subdued through most of the bygone quarter. However, with the start of the festive season we did see a good uptick in primary sales during later half of September. The GST rate rationalisation in September also had a positive rub off on consumer sentiments. We have passed on the rate benefit to consumers as applicable.

We launched a new product line with bonded technology in men's innerwear and bras in Sept 2025. The initial consumer response has been very encouraging.

Modern retail including ecommerce continued to do well. Our efforts to enhance operational efficiency while keeping product prices stable and focused marketing initiatives have contributed to steady profitability.

We remain confident about our fundamentals and expect a steady growth trajectory in coming quarters

SUSTAINABILITY

I am pleased to share our 6th Sustainability Report, highlighting our steadfast commitment to responsible business practices and environmental stewardship. This report outlines our progress over the past year and reflects how sustainability is embedded in our operations, aligning growth with positive societal and environmental impact.

Despite an unpredictable economic landscape, we have remained resilient, achieving all our targets sustainably. Notably, we reduced energy intensity by 18% compared to our FY 2019-20 baseline, surpassing our original target of 17% by FY 2023-24. This milestone aligns with India's decarbonisation agenda and reinforces our commitment to energy efficiency and waste reduction.

In FY 2023-24, we recycled 100% of pre- and post-consumer plastic waste, totalling 1,127 metric tonnes, contributing to Sustainable Development Goal (SDG) 12. This reflects our focus on waste minimisation, reduction, and recycling to lower our environmental impact. Our workforce of 19,461 employees remains central to our sustainability journey. We are committed to fostering a safe, inclusive, and innovative workplace that empowers our people to contribute meaningfully to our shared goals, driving both individual and organisational success.

As we grow, we remain deeply committed to innovation and sustainability across environmental, social, and governance dimensions, ensuring a lasting positive impact on the planet and its people.

I extend my heartfelt gratitude to our entire workforce and management team for their relentless dedication and hard work. It is their collective efforts that have enabled us to achieve these remarkable milestones and lay the foundation for continued success.

Thank you for your trust and support, which inspire us to drive progress, deliver sustainable growth, and build a future we can all be proud of.
