Q2 & H1 FY26 Update

Management Commentary

Commenting on the results and performance for Q2 & H1 FY26, Mr Satyen Patel, Managing Director of Sahyadri Industries Limited, said:

“The second quarter is traditionally a softer period for both the company and the industry due to the nationwide monsoon. The delayed withdrawal of the monsoon this year adversely affected overall sales during the quarter. Furthermore, the company experienced margin pressures stemming from a stronger US dollar, which led to higher costs for imported fiber.

Despite these seasonal headwinds, we delivered a resilient operational performance across key financial metrics. In Q2, total income grew by 18.3% YoY and PAT surged by 40.4% YoY. The Capacity utilization for H1FY25 stood at 73%.

Looking ahead, we will continue to optimize our capacities and maintain a strong focus on cost control measures to enhance operational efficiencies”
