## MESSAGE FROM CHAIRMAN & MANAGING DIRECTOR

**Dear Valued Stakeholders,**

It is with immense pride and gratitude that I address you today on behalf of the Board of Directors and the entire leadership team at Hilton Metal Forging Ltd. The past year has been one of strategic transformation, focused execution, and resilient growth. As we have achieved major success in development of forged wheel set assembly & Vande Bharat Wheel LHB Wheels (Rites Approval also received for the same). As we reflect on the journey that brought us here, I would like to share key milestones, highlight our progress, reaffirm our vision, and most importantly, thank you-our valued stakeholders-for your continued trust and unwavering support.

**YUVRAJ MALHOTRA**

### **Resilience Amidst Global Uncertainty**

Despite the prevailing challenges in the global environment-ranging from geopolitical instability and raw material fluctuations to logistical constraints and inflationary pressures-we have remained steadfast in our commitment to deliver value. Rather than merely navigating these disruptions, we have adapted with agility and emerged stronger. This year stands as a testament to our operational discipline, innovative mindset, and customer-first approach.

Our revenues and profits have shown robust momentum, reflecting not only market confidence but also improved productivity, strategic cost management, and expansion into new verticals. In fact, over the last five years, Hilton has consistently registered a compound annual growth rate (CAGR) of 10%, with a 32% rise in profitability-a clear reflection of our performance and execution strength.

### **Strategic Diversification: The Wheel Set Division**

Among our most strategic accomplishments this year is the launch and successful ramp-up of our Wheel Set Manufacturing Division. This vertical marks a bold step in Hilton's evolution-from being a trusted forging partner to becoming a leading supplier of complete wheel set solutions for railway and heavy automotive applications.

This initiative represents not just an expansion of our product portfolio but also a leap in capability. Backed by state-of-the-art equipment, experienced engineering, and stringent quality controls, our wheel manufacturing unit is built on the values of safety, durability, and precision. With strong initial traction, we are confident that this division will emerge as a key growth engine in the coming years.

We have also made strides in developing specialized crankshafts, shafts, and precision machined components. Together, these form the core of our offering across industries such as petrochemicals, automotive, construction equipment, and railway infrastructure.

### **Innovation and Digital Transformation**

At Hilton, innovation is more than a buzzword-it is embedded in our DNA. Our motto for the year,

"Accelerating Engineering Excellence. Driving Value Accretive Growth",

embodies our determination to lead through transformation.

We continue to invest heavily in Research & Development (R&D), with a special focus on new material sciences, component optimization, and manufacturing automation.

These advancements have already begun yielding tangible benefits-shorter cycle times, reduced waste, and elevated customer satisfaction.

### **Commitment to Sustainability and Corporate Responsibility**

We believe that true growth is that which is inclusive, responsible, and sustainable. To that end, Hilton Metal Forging Ltd has made decisive progress on its ESG (Environmental, Social, and Governance) agenda.

We are committed to becoming an environmentally conscious organization, with active steps being taken to:

- Transition to energy-efficient operations
- Reduce carbon emissions across plants
- Achieve Scope 1 and Scope 2 emission targets by 2030

Through these efforts, we are not just meeting regulatory expectations but also reaffirming our deep-seated commitment to climate responsibility and global sustainability goals. Circularity, low-impact manufacturing, and renewable sourcing will continue to guide our operating ethos.

On the social impact front, we have initiated and supported multiple community-driven programs focused on education, skilling, and healthcare access. We continue to work closely with local communities and contribute to the upliftment of the ecosystem in which we operate.

## Financial Strength and Market Outlook

The global forging and machining industry is on a strong growth trajectory. According to industry data, the forging industry is expected to reach USD 97.0 billion by 2029, growing at a CAGR of 5.1%, while the machining industry is projected to hit USD 71.2 billion with a CAGR of 5.2%.

Hilton is strategically aligned with this growth. We have diversified into non-automotive segments like farm equipment, off-highway vehicles, and industrial tools, giving us access to a broader and resilient market base. In FY2025, our target is to further increase our market share in Europe, Southeast Asia, and America through targeted exports and regional alliances.

## People: The Heart of Hilton

Our progress would not be possible without the passion and perseverance of our people. Across all functions—be it plant operations, design, marketing, finance, or quality assurance—our employees have demonstrated resilience, adaptability, and an unwavering commitment to excellence.

In return, we remain equally committed to them. We have scaled up employee development programs, leadership training, and wellness initiatives to foster a culture of trust, inclusion, and growth. Our goal is not only to build world-class products, but also world-class professionals.

## Looking Ahead: The Next Chapter

As we prepare for the next chapter of our journey, our strategic roadmap is anchored in four key priorities:

1. **Strengthen our core operations** through advanced automation, lean processes, and robust vendor integration.
2. **Scale the Wheel Set Division** to full operational capacity, aiming to become a top-tier supplier to Indian Railways and global OEMs.
3. Expand globally, entering new geographies and leveraging our product quality and cost advantage.
4. Embed ESG deeper into our decision-making, with an emphasis on decarbonization, water conservation, and social equity.

We are also exploring strategic acquisitions and partnerships to accelerate our vision. Collaborating with technology firms, forging specialists, and sustainability leaders will allow us to tap into new markets and broaden our innovation spectrum.

## In Gratitude

In closing, I wish to express my deepest appreciation to all our stakeholders—shareholders, customers, employees, suppliers, partners, and the communities we proudly serve. Your belief in our journey inspires us every day to push boundaries, uphold integrity, and drive value.

Hilton Metal Forging Ltd is not just a company—it is a reflection of our collective dreams, hard work, and vision. Together, we are not only building a thriving enterprise, but also shaping a legacy of innovation, sustainability, and impact.

As we look to the future, I do so with great optimism and confidence. The foundation we have laid is strong, the direction is clear, and the commitment unwavering. Thank you for being a part of this incredible journey.

Warm Regards,  
**Yuvraj Malhotra**

 Hilton Metal Forging Limited

## MESSAGE FROM CHIEF FINANCIAL OFFICER

### Dear Stakeholders,

It is a privilege to address you as the Chief Financial Officer of Hilton Metal Forging Ltd at this defining moment in our journey. This past year has been one of steady growth, strategic execution, and disciplined financial management. I would like to take this opportunity to reflect on our financial performance, share key highlights, and provide insight into how we are shaping a resilient and value-driven future for all our stakeholders.

At Hilton, we believe that strong financials are not just about reporting profits—they are about building a sustainable business that can adapt, grow, and lead. We remain committed to delivering value through operational efficiency, prudent capital allocation, and strategic investments that align with our long-term vision.

### A Year of Growth and Execution

This financial year, Hilton Metal Forging Ltd made significant progress across all core areas of our business. Despite a challenging macroeconomic environment, including rising input costs, global uncertainties, and fluctuating market conditions, we delivered a healthy performance across revenue, profitability, and operating margins.

**CA MOHAK MALHOTRA**

One of the key contributors to our financial momentum has been the successful commissioning of our new Wheel Set Manufacturing Division. This vertical, focused on serving the railway and heavy transport sectors, is already generating promising returns and is poised to become a strong contributor to our topline in the years ahead. The addition of this division aligns well with our strategy of portfolio diversification and entering value-added, long-cycle markets.

Operationally, we saw improvements in plant utilization, product mix optimization, and customer engagement. Our focus on reducing costs, improving yield, and enhancing overall efficiency helped preserve margins even in a volatile pricing environment. Additionally, new customer wins and deeper wallet share with existing clients added further strength to our performance.

### Capital Efficiency and Strategic Investments

Throughout the year, we continued to manage our capital with discipline and foresight. Our capital expenditure was carefully directed toward:

- **Capacity enhancements** in core forging and machining units
- Setting up advanced infrastructure for **wheel set manufacturing**
- Upgrading digital systems for integrated financial and production reporting

Our balance sheet remains healthy, with stable debt ratios, robust liquidity, and consistent cash generation. These strong fundamentals give us the flexibility to invest in growth while preserving the ability to respond quickly to opportunities or risks.

We also maintained tight control over working capital, optimizing inventory cycles, receivables, and vendor terms. Our finance team worked closely with operations to streamline procurement, logistics, and credit management—all of which contributed positively to cash flow.

### Risk Management: A Proactive Approach

Risk resilience is at the heart of our financial governance framework. At Hilton, we follow a proactive and structured approach to identifying and mitigating risks across all business units. This year, we enhanced our Enterprise Risk Management (ERM) capabilities, including:

- Monitoring global commodity price exposure
- Managing forex volatility through natural hedging
- Strengthening cyber-security and data governance
- Ensuring regulatory compliance across jurisdictions

Quarterly risk reviews and stress testing were conducted to assess and respond to scenarios that could impact performance. These measures not only safeguard our operations but also reinforce investor and stakeholder confidence.

### Finance Digitalization and Operational Visibility

Digital transformation in finance has remained a key priority this year. We rolled out several system-level upgrades to ensure faster, more transparent, and intelligent decision-making:

- Enterprise Resource Planning (ERP) systems have been upgraded to offer real-time visibility on costs, and receivables
- Predictive dashboards now offer forward-looking insights into financial health and performance metrics

These enhancements have created a more agile, data-driven finance function, allowing our teams to act faster and with greater precision.

**Driving Sustainability Through Financial Strategy**

As the company advances on its sustainability journey, the finance function plays a critical role in enabling and funding green initiatives. This year, we have actively supported investments in:

- Energy-efficient machinery and processes
- Water conservation systems and responsible waste management

We are exploring ESG-linked financing instruments that can support future expansions while rewarding environmentally responsible behaviour. Our long-term vision includes achieving clear sustainability milestones across all our facilities, and finance will continue to be an enabler in that journey.

**Value Creation and Shareholder Engagement**

As CFO, one of my most important responsibilities is to ensure that we create consistent and long-term value for our stakeholders. To that end, we continue to focus on:

- Strengthening earnings quality
- Preserving a balanced capital structure
- Enhancing communication and transparency with shareholders and investors

We have also expanded our investor engagement efforts, participating in reviews, forums, and direct discussions to build trust and clearly articulate our growth roadmap.

**Looking Ahead: Financial Strategy for the Future**

As we look ahead, our financial priorities are aligned with Hilton's broader growth strategy. The key pillars of our financial roadmap include:

1. **Scaling High-Value Segments:** Continue expanding our Wheel Set and heavy-forging verticals, targeting higher-margin opportunities across sectors like railways, defence, and export markets for oil and gas segments.
2. **Expanding Global Footprint:** Increase exports through stronger local partnerships, leveraging our cost advantage and product reliability.
3. **Operational Efficiency:** Deepen automation and process improvements to enhance margins and reduce volatility.
4. **Smart Investments:** Allocate capital selectively toward innovation, digitalization, and sustainability.
5. **Financial Discipline:** Maintain robust cash management, reduce inefficiencies, and ensure return on capital remains strong across all initiatives.

**In Closing: Gratitude and Commitment**

In closing, I would like to thank each and every stakeholder—our shareholders, employees, customers, suppliers, financial institutions, and board members—for your trust and partnership. Your continued support allows us to pursue our vision with conviction and boldness.

To my colleagues in finance and across all departments, thank you for your dedication, integrity, and teamwork. Your effort ensures that our numbers reflect more than just financial results—they tell the story of Hilton's purpose, resilience, and ambition.

As we continue this journey, I remain committed to upholding the highest standards of transparency, accountability, and value creation. Together, we will forge a future where Hilton Metal Forging Ltd is not only known for engineering excellence, but also for its financial strength, ethical leadership, and sustainable growth.

Best Regards,

**CA Mohak Malhotra**

Pursuant to Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Amendment Rules, 2014, the cost audit records maintained by the Company are required to be audited. In view of the above, the Board had appointed Mr. Ritesh N Talati of M/s. V. J Talati & Co., Cost Accountants, as the Cost Auditor of the Company to conduct the Cost Audit for the Financial year 2024-25.

The Board of Directors of the Company, on the recommendation of the Audit Committee, has appointed Mr. Ritesh N. Talati of M/s. V. J. Talati & Co. as the Cost Auditors of the Company to conduct the audit of cost records for the financial year 2025-26. Mr. Ritesh N. Talati, being eligible, has consented to act as the Cost Auditors of the Company for the financial year 2025-26. As required under the Companies Act, 2013, the remuneration payable to the Cost Auditor for approval by the members forms part of the Notice convening the 20th Annual General Meeting.

### **c) Secretarial Auditor and their Report:**

Pursuant to the provisions of Section 204 of the Act, and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, (as amended) the Company has appointed Ms. Shreya Shah, Practising Company Secretary (Membership No. 39409) for conducting Secretarial Audit of the Company for the financial year ended on 31st March, 2025.

The Secretarial Audit Report for the financial year ended 31st March, 2025 is annexed herewith and marked as **'Annexure II'** to this Report. In the Report, the Secretarial Auditor has observed the following:

- i. Rule 7(3) of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 - Delay in filing e-Form ZNCA\_IEPF5\_VPR\_PRD (Online Verification Reports) post verification of e-Form IEPF-5 filed.

**Directors Comments:** Delay in filing was caused due to late receipt of RTA Reports on the claim made by the Investors in e-Form IEPF-5.

- ii. Section 128(1) of the Companies Act, 2013 – Delay in filing e-Form AOC-5 for registering place for keeping/maintaining books of accounts.

**Directors Comments:** The Company inadvertently missed out on filing the e-Form and upon realizing the mistake, the Company immediately filed e-Form AOC-5.

- iii. Section 92 of the Companies Act, 2013 – Delay in filing e-Form MGT-7 for registering annual return for the FY 2024-25.

**Directors Comments:** The Company inadvertently missed out on filing the e-Form and upon realizing the mistake, the Company immediately filed e-Form MGT-7.

- iv. Section 12 of the Companies Act, 2013- Delay in filing e-Form INC-22 for registering shifting of Registered Office within local limits of the city.

**Directors Comments:** The Company inadvertently missed out on filing the e-Form and upon realizing the mistake, the Company immediately filed e-Form INC-22.

- v. Regulation 17(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 –

For the period from 27th September 2024 to 18th October 2024, the total number of Directors on the Board were Seven (7). According to the said regulation, the total number of Independent Directors on the Board should have been Four (4), being one-half of the total number of Directors. However, the actual number of Independent Directors on the Board for the said period were only Three (3). On receipt of SOP Notices for this non-compliance from the BSE and NSE, the requisite fine amount was paid on 2nd December, 2024 and 15th April, 2025 respectively to each of the exchanges.

**Directors Comments:** Since Mr. Vivek Sharma resigned from the post of Non-Executive Non-Independent Director of the Company w.e.f. 18th October, 2024 due to his ill health and medical reasons, the total number of Directors on the Board of Directors reduced from Seven (7) to Six (6), having (3) Independent Directors on the Board and hence, the Company became compliant with the said regulation.

- vi. Regulation 167(6) of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 –

Mr. Rakesh Garg, one of the non-promoter allottee, to the 5,00,000 equity shares allotted pursuant to conversion of warrants issued on preferential basis, had dealt in the equity shares of the Company during November 2022 (Purchase) and June 2023 (Sale), resulting in non-compliance of said regulation.

**Directors Comments:** The Company did verify the holding status of Mr. Rakesh Garg, one of the non-promoter allottee, to the 5,00,000 equity shares pursuant to conversion of warrants issued on preferential basis, as on:

- (i) the relevant date i.e. 12th August 2022;
- (ii) the date of filing an application seeking in-principle approval on 20th August, 2022 with Stock Exchanges before allotment of warrants; and
- (iii) the date of availing shareholders' approval i.e. 13th September, 2022.

On receipt of Query from NSE while applying for Listing of 5,00,000 equity shares allotted pursuant to conversion of warrants issued on preferential basis to Mr. Rakesh Garg, the Company applied for waiver request to exempt the Non-Compliance of SEBI ICDR Regulations and seek permission for Listing of Equity Shares on 4th January, 2025. Further, in the said waiver application, the Company mentioned about the Allottees' readiness to disgorge the profits of Rs. 2,16,30,478/- to NSE Investor Education Protection Fund ("NSE IEPF"). NSE vide its letter dated 11th February, 2025 and 25th February, 2025 granted Listing Approval and Trading Approval respectively for the said 5,00,000 equity shares allotted to Mr. Rakesh Garg pursuant to conversion of warrants issued on preferential basis. No further communication was received from NSE on this matter.

- vii. Regulation 167(6) of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 .

Soham World A Real Growth Limited ("Soham"), one of the non-promoter allottees to the 1,00,000 equity shares allotted pursuant to conversion of warrants issued on preferential basis, had dealt in the equity shares of the Company during the period from 9th September, 2022 to 6th January, 2023 (Purchase) and during the period from 7th January, 2023 to 30th June 30, 2023 (Sale-Purchase), resulting in non-compliance of said regulation.

**Directors Comments:** The Company did verify the holding status of Soham, one of the non-promoter allottee, to the 1,00,000 equity shares pursuant to conversion of warrants issued on preferential basis, as on:

- (i) the relevant date i.e. 12th August 2022;
- (ii) the date of filing an application seeking in-principle approval on 20th August, 2022 with Stock Exchanges before allotment of warrants; and
- (iii) the date of availing shareholders' approval i.e. 13th September, 2022.

On receipt of Query from NSE while applying for Listing of 1,00,000 equity shares allotted pursuant to conversion of warrants issued on preferential basis to Soham, the Company applied for waiver request to exempt the Non-Compliance of SEBI ICDR Regulations and seek permission for Listing of Equity Shares on 19th March, 2025. Further, in the said waiver application, the Company mentioned about Allottees readiness to disgorge the profits of Rs. 27,48,246.92/- to NSE Investor Education Protection Fund ("NSE IEPF"). NSE vide its letter dated 29th May, 2025 granted Listing Approval for the said 1,00,000 equity shares allotted to Soham pursuant to conversion of warrants issued on preferential basis. Advisory letter dated 29th May, 2025 was also issued by NSE to be careful in future and exercise due diligence while submitting further applications to the Stock Exchange.

viii. Regulation 167(6) of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 –

Mukeshkumar HUF and Ms. Khushi Jain, the non-promoter allottees to the 2,00,000 equity shares allotted pursuant to conversion of warrants issued on preferential basis, had dealt in the equity shares of the Company during the period from 26th September, 2022 to 12th December, 2022 (Sale-Purchase), resulting in non-compliance of said regulation.

**Directors Comments:** The Company did verify the holding status of Mukeshkumar HUF and Ms. Khushi Jain, the non-promoter allottees to the 2,00,000 equity shares pursuant to conversion of warrants issued on preferential basis, as on:

- (i) the relevant date i.e. 12th August 2022;
- (ii) the date of filing an application seeking in-principle approval on 20th August, 2022 with Stock Exchanges before allotment of warrants; and
- (iii) the date of availing shareholders' approval i.e. 13th September, 2022.

On receipt of Query from NSE while applying for Listing of 2,00,000 equity shares allotted pursuant to conversion of warrants issued on preferential basis to Mukeshkumar HUF and Ms. Khushi Jain, the Company applied for waiver request to exempt the Non-Compliance of SEBI ICDR Regulations and seek permission for Listing of Equity Shares on 13th January, 2025. Further, in the said waiver application, the Company mentioned about Allottees readiness to disgorge the profits of Rs. 52,430/- to NSE Investor Education Protection Fund ("NSE IEPF"). NSE vide its letter dated 29th May, 2025 granted Listing Approval for the said 2,00,000 equity shares allotted to Mukeshkumar HUF and Ms. Khushi Jain pursuant to conversion of warrants issued on preferential basis. Advisory letter dated 29th May, 2025 was also issued by NSE to be careful in future and exercise due diligence while submitting further applications to the Stock Exchange.

Further, the Board of Directors of the Company has appointed Ms. Shreya Shah, Practicing Company Secretary (M. **Place: Mumbai**

**Annexure-IV****Prescribed particulars of Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo****A. CONSERVATION OF ENERGY****(i) Steps taken by the company on conservation of energy**

Energy conservation is priority area for the Company, and the measures taken during the year include:

1. Prevention of infiltration of air by using doors and air curtains.
2. Overall Equipment Effectiveness improvement.
3. Load Management to achieve unity power factor.
4. Installed translucent sheets for natural lights.
5. Energy saving by optimum utilization of furnaces
6. Cycle time reduction of forging units.
7. By improving burner design, Combustion Control and instrumentation.
8. Match the load to the furnace capacity
9. Recover heat from incinerator off-gas.
10. Uses of synchronized motors to improve power factor
11. Awareness and training programs for employees

**(ii) Additional investment proposals, if any, being implemented for reduction of consumption of energy**

In conclusion, up-gradation, modernization, and the right utilization of technology are necessary to realize the full potential of energy conservation in industry layout design. Even small changes in industrial design layouts have a massive impact on yearly energy consumption.

**(iii) Impact of the above measures for reduction of energy consumption and consequent impact of the production of goods**

Energy conservation provides adaptability, dynamism, and emergence to create and develop resilient and flourishing workplace for the employee engagement. Planning industry layout design conserves energy which reduces the potential environmental damage from emissions and outflows. It has an impact on efficiency in the manufacturing industry and also a social impact of saving energy for the future generation. It also increases financial capital, environmental value, security, and employee comfort..

**B. TECHNOLOGY ABSORPTION, ADAPTION AND INNOVATION:****(I) Efforts made towards technology absorption, adaption and innovation:**

1. Product Improvement,
2. Cost reduction
3. Product Development
4. Import substitution.
5. Product life improvement.

**(ii) Benefits derived as a result of the above:**

- a) Improved competitive position through significantly improved products for new markets.
- (b) Improved competency in designing process & products for customers.
- (c) Upgradation of technical skill of employees for higher productivity & more consistent quality.

**(iii) Technology was imported in the last three years**

The Company has not imported any technology and hence not applicable. The Company has not taken any technical knowhow from anyone and hence not applicable

**(iv) Expenditure incurred on Research and Development:**

The Company has been continuously putting effort into developing new products for other segments. The Company is doing many research activities in the areas of component weight reduction, process design, process improvement etc.

**C. FOREIGN EXCHANGE EARNINGS AND OUTGO:**

Foreign Exchange Earning	(FOB) Rs. 457.28 Lakhs
Foreign Exchange Outgo	For expenses Rs. 8.10 Lakhs

## MANAGEMENT DISCUSSION AND ANALYSIS

### Industry structure and developments

Indian metal forging industry majorly caters to the high demand for forged products in the automotive sector. However, the recent slowdown in the automotive sector has diverted the focus of the leading metal forging key players on expanding their product portfolio for other non-automotive industries where the demand for forged products is increasing. These non-automotive industries include agriculture, power, and aerospace and defense. Hence, increasing investment and expansion of these sectors is positively influencing the market. The aerospace industry require various high-quality and lightweight metal forged parts. Therefore, increasing demand for critical forged products in the Railway, Aerospace & Defense industry is likely to drive the market growth.

India has the 4th largest railway system in the world, behind only US, Russia and China. The Indian Railways consists of a total track length of 126,366 km with 7,335 stations. 5100 km of track length was achieved during 2023-24. Average daily track laying becomes 14 km per day. The railways operate 13,523 passenger trains and 9,146 freight trains daily. The Indian Railways has loaded over 1500 MT during 2023-24.

- Vision 2024 has been envisaged to achieve targets of 2024 MT freight loading by 2024.
- Mumbai-Ahmedabad high-speed rail project sanctioned at a total cost of \$14.27 Bn.
- As of Mar 2024, 62,119 km length of Broad-Gauge network has been electrified. With this, Indian Railways is rapidly progressing towards its target of 100% electrification and becoming the largest green railway network in the world. Indian Railways (IR) is rapidly progressing to accomplish Mission.
- 38,650 Km length of railway electrification has been achieved since 2014 till Oct, 2023.
- 100% Electrification and become the largest green railway network in the world. 6,577 RKM's has been achieved in IR history during calendar year 2023.
- Indian Railways has commissioned Wi-Fi at 6,108 Railway stations across the country.
- To achieve its green mission, Indian Railways has solarized more than 1000 stations.
- Till Oct'23, Automatic Block Signaling (ABS) has been provided at 4,111 Route Km.
- Kavach has so far been deployed on 1465 Route km (Rkm) and 144 locomotives (including Electric Multiple Unit rakes) on South Central Railway in Telangana (684 Rkm), Andhra Pradesh (66 Rkm), Karnataka (117 Rkm) & Maharashtra (598 Rkm) States.
- 400 new generation Vande Bharat Trains to be manufactured during the next three years.
- 100 PM Gati Shakti Cargo terminals for multimodal logistics to be developed during the next three years.
- During 2014-22, 1544 km (377 km new line, 972 km Gauge conversion and 195 km Doubling) sections, falling fully/partly in Northeastern Region, have been commissioned at an average rate of 193 km per year, which is 190% more than average annual commissioning achieved during 2009-14 (66.6 km per year).

### Increasing Export of Forging Products to Drive Market Growth

Globally, India is considered one of the major forging production hubs. The increase in domestic manufacturing capacity and competitiveness is helping India's exports grow rapidly. According to the Engineering Export Promotion Council of India (EEPC), the forging sector is one of the key sectors for export growth. In addition, government initiatives such as 'Make in India' has boosted the manufacturing industry in the region by creating a positive business environment. The key players operating in the Indian metal forging industry are bagging export orders from various economies, which is likely to drive the market growth in India.

Based on material, the India metal forging market is classified into carbon steel, alloy steel, stainless steel, aluminum, magnesium, titanium, and others.

The carbon steel segment holds the largest India metal forging market share owing to its machinability, good strength, and other properties. Carbon steel is mainly used as raw material in forging manufacturing. It is preferred over materials in the automotive industry for manufacturing control arms, rocker arms, and crankshafts. It provides cost-effectiveness for structural application, balancing strength and ductility, malleability, high strength, toughness, temperature resistance, good machinability, wear resistance, and corrosion resistance in a mild atmosphere. These benefits of carbon steel have created tremendous demand in the automotive sector.

The alloy steel segment holds the second-largest market share. The segmental growth is attributed to its high strength and durability. These properties make it suitable for applications where robustness and resistance to wear are crucial, such as in automotive, aerospace, and industrial equipment

The India metal forging market size was valued at USD 4.43 billion in 2022. The market is expected to grow from USD 5.08 billion in 2023 to USD 9.75 billion by 2030, exhibiting a CAGR of 9.8% during the forecast period.

Developed in the past, forging is a process of metal forming that has evolved through the integration of innovative techniques. In the process, a metal is deformed with the use of compressive forces such as hammering, rolling, and pressing in controlled conditions for giving the material a desired geometric change. The process produces high-quality metal parts, consisting of alloy steel, stainless steel, and aluminum alloys, with enhanced material strength. The forging process offers a wide range of forging components having different materials, shapes, finishes, and sizes.

In India, forging OEMs offer closed-die forged solutions that are used in the automotive industry. India's market share in automotive forging is higher than other industries such as industrial machinery, railway, aerospace and defense, and others. The rising demand for the product is due to its application in construction, mechanical equipment, oil & gas, automotive, and aerospace, driving the market growth during the forecast period.

**Steel prices and demand supply gap:** The forging industry in India has been showing a growth trend since last one year. However, there seems to be a huge demand supply gap, which exists, which is not being met by the steel manufacturers in India. Some of the reasons that can be attributed to the demand supply gap include -major players reeling under high debts, lower coal production by Coal India, as compared to the demand and gap in the quality standards to meet the higher level of demand in the automobile and significant rise in prices of graphite electrodes, an immensely vital raw material for steel manufacturers.

Forging industry says it is also concerned over the continuous rise of steel prices in India and is living under constant fear that if this trend continues, then it will defeat the 'Make in India' project and China will get a competitive edge in the world steel market, which as of now is the biggest steel exporter. The steel prices have deflated by around 46.86 percent in the last one year. The price of steel has gone down to Rs 28,256 per tonne, compared to Rs. 47,740 per tonne in November 2019-20. Even though the global steel prices also witnessed immense the quantum influences was not as high.

**High electricity tariff rates in Maharashtra:** On one hand manufacturing industries across India are extensively promoting the government's Make in India initiative and on the other hand the manufacturing industries in Maharashtra are grappling with serious concerns related to high electricity tariff rates. According to the figures released by Maha discom last year, the state has lost about 500 consumers, which includes some the big names. Though, last year, the Maharashtra government reduced the power tariff for industries however, it has still not made the state a competitive destination as compared to neighbouring states like Gujarat, Karnataka, Andhra Pradesh and others which offer electricity at cheaper rates.

**Modernisation:** Compared to the European, Japanese and American counterparts and companies from China, Korea and Taiwan the technology and automation levels is much lower (barring a few bigger forging companies) in India. According to a recent survey of the Indian forging industry, about 70 percent of the forging units in India are MSMEs who need to upgrade their technologies. For this, the industry needs huge government support in terms of further interred subvention and technology upgradation fund.

## **Outlook**

The Indian forging industry has returned to the pre-Covid production level and the growth prospects are bright to boost the capacity significantly in the next three years, supported by China+1 strategy amid the threat of technological disruption by way of alternative fuels in the automotive segment. After a challenging phase during Covid and some labour issues later, the Indian forging industry is back supported by steady global and domestic demand. Currently, the annual production level is at about 2.2 million tonnes, including all categories. About 35 per cent of this production is exported to various geographies

Indian forging companies have also undertaken technological upgradation in order to grab the emerging opportunities. About 10 years ago, forging firms were doing only forging and supplying the same. With investments in forward integration, they have moved up to machined parts, finished products and to sub-assemblies, said Muralishankar.

With the favourable growth outlook both in India and overseas, the industry's capacity is expected to increase to 3.5-4 million tonnes in the next 3 years.

Many opportunities are emerging from non-automotive segments such as railways, defence and aerospace and power transmission segments. Scores of Indian companies have been supplying to these sectors. Also, with the looming threat of alternative fuel technologies such as battery electric, forging firms, particularly small ones, are looking to expand their business in non-auto segments.

Indian Railways recorded monthly freight loading of 135.46 MT in Jun 2024, an improvement of 10.07% over last year freight loading for the same period.

Following the Mantra, “Hungry For Cargo”, Indian Railways has made sustained efforts to improve the ease of doing business as well as improve the service delivery at competitive prices which has resulted in new traffic coming to railways from both conventional and non-conventional commodity streams. The customer centric approach and work of business development units backed up by agile policy making has helped the Railways breach the 1400 MT Freight Loading mark for 1st time ever in Financial Year-2021-22. Indian Railways has registered highest ever Freight Loading in any Financial year with 1512 MT freight loading in FY 2022-23.

- The railway sector in India aims to contribute about 1.5% to the country’s GDP by building infrastructure to support 45% of the modal freight share of the economy.
- Two Dedicated Freight Corridors (DFC), one on the Western route (Jawaharlal Nehru Port to Dadri) and another on the Eastern route (Ludhiana to Dankuni), have been fast-tracked.
- Railways have earned INR 14,798.11 Cr in Jun 2024 against INR 13,316.81 Cr over the last year from Freight loading.
- New Line/ Doubling/ Gauge Conversion: 5,243 km of conversion have been achieved during 2022-23 as against 2,909 km in 2021-22. The average daily track laying in FY23 comes out to be 14.4 km per day, which is the highest ever commissioning.
- 785 electric locomotives produced in this FY 2022-23 up to 31st January 2023.
- As on 31st January, 2024, 82 Vande Bharat train services are operating across the Indian Railways.
- Currently, a total of 2,359 trips of Kisan Rail trains have been operated on 167 routes, wherein nearly 7.9 lakh Tonnes of consignments have been transported.
- 6,521 (98.8% of total stations) Stations have been equipped with Electrical/Electronic Signalling Interlocking System up to 31.12.2023.
- During 2022-23, 30 Freight Terminals were created as compared to 21 Freight Terminals in 2021-22.
- Under the Union Budget 2023, Indian Railways has been allocated a highest ever capital outlay of \$29 Bn.
- The average Freight Train speed has increased to 44.36 kmph during 2021-22 compared to 42.97 kmph during 2020-21 (+3.23 %) (up to 31.12. 2021). National Rail Plan aims to increase share of freight traffic from current 27% to 45% by 2030.

The Board of directors are proud to announce that the company has successfully developed and supplied railway wheels to the Indian Railways and that the company is the first Indian MSME company to have produced Indigenous Forged Railway Wheels. The company till date has supplied 2500 Railway Wheels thereby making it eligible to participate in Global tenders. The company has started Research and Development in the Railway Wheel Set Assembly and will release the press release post approval from the Third party agencies.

However during operational period HMFL has taken measures to:

**Tooling**--Increase die life by at least 1.5 times that of current levels. Reduce per-part die system costs by at least 50%. Produce tooling within 24 hours from time of order.

**Energy**--Reduce the total forging process energy input by 20% while cutting the per-piece energy cost by some amount.

**Material utilization**--Achieve a minimum overall reduction in raw material consumption of 10 to 15%. Reduce the scrap rate (increase material utilization).

**Productivity**--Improve per-employee productivity by 20%. Reduce per-piece labor costs by 30%. Achieve average forging facility up-times at maximum.

**Quality**--Reduce rejected or returned work to less than 25 parts per million. Achieve  $\pm 8$  sigma process control.

**Environment**--Generate no harmful gas combustion products; completely eliminate aerosol emissions within forging plants; and recycle all fluids necessary to forging operations.

**Segment-wise or product wise performance**

Based on the guiding principles given in Ind AS 108 on 'Operating Segments', the Company's business activity falls within a single operating segment, namely Manufacturing of Steel Forgings, Flanges and Forged Fittings for oil & gas industry, Petrochemicals, Railways, Automobiles and refineries industry.

**Opportunities and Challenges**

- There are 42 Indian Railway workshops in the country. Each Railway workshop does POH (Periodic Overhauling) of around 2,400 wagons/coaches annually. FY'24 Indian Railways Released a POH schedule of 90,000 coaches/ wagons. Beginning of every Financial year Indian Railways releases schedule for POH.
- Each coach/wagon has to mandatorily undergo POH once every 4.5 years. This generates demand for around 1,60,000 wagon wheels every year in the replacement market.
- HMFL has a big opportunity in Wagon Wheelsets supply as Railway wheel factory, Bangalore supplies 90,000 Wagon Wheelsets while demand is around 1,76,000 Wagon Wheelsets in FY25.
- HMFL has Manufactured and Supplied 5 types of Forged Wagon Wheels. Initial set of Forged Wagon Wheels successfully passed the fracture and technical compatibility test conducted by RITES and on-field trial of 3-6 months post Wagon Wheel fitting by Indian Railways.
- Replacement market is dependent mainly on Imports. Hilton Metal Forging Ltd. has clear edge in Replacement market.
- Hilton Metal Forging Limited has achieved a major success in manufacturing and development of Railway Wheel Set Assembly for Indian Railways and Private Wagon Manufacturers.

**Risks and Concerns:**

- Modest scale of operations

The company has registered growth of 17.79% in its total income in FY25 over FY24 wherein the total income stood at Rs. 163.05 crore vis-à-vis Rs. 138.42 crore in FY24, which thereby reflects the company's growing scale of operations. The improvement in TOI in FY25 can be attributed to better demand within India. However, despite the improvement the scale of operations remained modest.

- Working capital-intensive nature of operation

The operating cycle remained stretched; however, improved from 239 days in FY24 to 234 days in FY25 mainly on account of improvement in inventory holding period. Inventory period has gradually increased from 213 days in FY24 to 217 days in FY25. HMFL's inventory cycle remained elongated as the flanges manufacturing is very long process driven activity along with various approvals to be granted for the dispatch of export orders. HMFL caters to different industries and manufactures products of various size/grades. Thus, the company has to maintain different sizes/grades of material to meet the manufacturing requirement towards respective products resulting in high inventory. The collection period has remained the same owing to liberal credit policy of the company. HMFL also procures the raw material on cash basis. Owing to all of the above, the average utilization of the working capital limits stood at 96%. Going forward, improvement in the operating cycle is expected owing to higher execution in domestic business and the same remains critical from credit perspective.

**Internal Control Systems and their adequacy:**

The Company has in place internal financial control systems, commensurate with the size and complexity of its operations to ensure proper recording of financial and operational information and compliance of various internal controls and other regulatory and statutory compliances. The internal auditor monitors and evaluates the efficacy and adequacy of internal control systems in the Company. Based on the report of the internal auditor, respective departments undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit Committee of the Board for their perusal.

## REPORT ON CORPORATE GOVERNANCE

### 1) COMPANY PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE:

Corporate Governance is the application of best management practices, continued compliances of law and adherence to highest ethical standards to achieve the Company's objectives of enhancing stakeholder's value and its own image. Corporate Governance, as a concept, has gained considerable importance, primarily because of the proposal to enshrine many of the accepted good governance principles in corporate law. The Companies Act, 2013 ('the Act') and the Securities & Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 ('Listing Regulations') have strengthened the framework of Corporate Governance for India Inc.

At Hilton Metal Forging Limited, it has been a constant endeavor to follow the principles of transparency, accountability, ethical business conduct and integrity in functioning to achieve excellence in Corporate Governance, which leads to enhanced value of all stakeholders. The Company has formulated, to ensure the high ethical and moral standards, code of business ethics and code on prohibition of insider trading. The company conducts its activities in a manner that is fair and transparent and perceived to be such by others and has always complied with the code of Corporate Governance.

### 2) BOARD OF DIRECTORS:

#### 2.1 Composition and categories of Directors:

The Company has broad based Board of Directors, constituted in compliance with the Act and Listing Regulations and in accordance with the highest standards of Corporate Governance in its management, which ensures a judicious mix of Directors.

Details of the Composition of the Board of Directors as on 31st March, 2025 is stated below:

Sr. No	Name	Designation/ Category of Directors	% to total number of Directors
1	Mr. Yuvraj Malhotra	Chairman & Managing Director (Promoter)	16.67
2	Mr. Amit Pathak <sup>1</sup>	Independent, Non-Executive Director	83.33
3	Mr. Suryakant Mayani <sup>2</sup>	Non-Independent, Non-Executive Director	
4	Mr. Rakesh Khajuria <sup>3</sup>	Independent, Non-Executive Director	
5	Mr. Vishal Jain <sup>4</sup>	Non-Independent, Non-Executive Director	
6	Ms. Himanshi Mota <sup>5</sup>	Independent, Non-Executive Woman Director	

<sup>1&3&5</sup> Mr. Amit Pathak, Mr. Rakesh Khajuria and Ms. Himanshi Mota were appointed as Independent Directors of the Company w.e.f. 31st August 2024

<sup>2& 4</sup> Mr. Suryakant Mayani and Mr. Vishal Jain were appointed as Non-executive Non-Independent Directors of the Company w.e.f. 31st August 2024 and 22nd October 2024 respectively

#### 2.2 Board Meetings, Attendance, and other details:

During the financial year under review, Eleven Board Meetings were held on following dates:

30th May 2024	12th August 2024	31st August 2024	12th September 2024
25th September 2024	27th September 2024	22nd October 2024	30th October 2024

## **Independent Auditor's Report**

**To,**  
**The Members of Hilton Metal Forging Limited**  
**Report on the Financial Statements**

### **Opinion**

We have audited the financial statements of Hilton Metal Forging Limited ("the Company"), which comprise the Balance Sheet as at March 31st, 2025, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Cash Flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2025 and its profit, changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis on Matters**

Refer note no. 38 to the financial statements relating to dues to micro and small enterprises as defined under the MSMED Act, 2006, the company has not made interest provision on late payment to creditors, due to the negotiation on the accepted date and materials issues, under the said act as per the applicable provisions of the law in respect to the extent of such parties have been identified on the basis of information collected by the Management.

Refer note no. 40 to the financial statements Out of the total debtors of Rs.4882.01 Lakhs As at March 31, 2025, Rs.961.95 Lakhs has more than one year at the year end. As explained to us, management is in discussion with these debtors to expedite the recoverability of the above aforesaid outstanding amounts and believes that the entire amount is fully recoverable. Therefore, no provision is considered necessary in these financial statements in this regard.

Our opinion is not qualified in respect of above matter.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

### **Other information**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the financial statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2.A. As required by Section 143(3) of the Act, we further report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books, except for certain matters in respect of audit trail as stated in paragraph 2B(f) below.
  - c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this report are in agreement with the books of account.
  - d. Except for the matter described in the Basis of Emphasis on Matters paragraph, In our opinion, the aforesaid financial statements comply with applicable Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e. On the basis of written representations received from the directors as on 31st March, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
  - f. The modifications relating to the maintenance of accounts and other matters connected therewith in respect of audit trail are as stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
  - g. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- 2.B. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - (a) The Company has disclosed the impact of pending litigations on its financial position in its financial statements, if any, refer note 30 to the financial statements;
  - (b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - (c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- (d) (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- (ii) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (e) The Company has not declared or paid any dividend during the year.
- (f) Based on our examination which included test checks and in accordance with requirements of the Implementation Guide on Reporting on Audit Trail under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, except for the instances mentioned below, the Company has used accounting softwares for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective softwares:
- (i) The feature of recording audit trail (edit log) facility was not enabled at the database level to log any direct data changes for the accounting softwares used for maintaining the books of account relating to payroll, order process, general ledger and certain non-editable fields/tables of the accounting software used for maintaining general ledger.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

- 2.C. With respect to the matter to be included in the Auditors' Report in accordance with the requirements of section 197(16), as amended;

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

**[Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements"  
Section of our report of even date]**

- I. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - According to the information and explanations given to us and the records examined by us and based on the examination of the conveyance deeds provided to us, we report that the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.
  - The Company has not revalued any of its Property, Plant and Equipment (including right- of-use assets) and intangible assets during the year.
  - According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. In respect of Inventory and Working Capital Limits
- The inventory has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. In respect of inventory lying with third parties, these have substantially been confirmed by them. According to the information and explanation provided to us, the discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in the books of accounts.
  - The company has been sanctioned working capital limits in excess of five crore rupees and the company has availed the said limit during the year, in aggregate, from banks or financial institutions on the basis of security of current assets.
  - According to the information and explanation provided to us and our observations, statements filed by the company with banks in agreement with the books of account of the Company.
- iii. a. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, with respect to the loans given, investments made, guarantees and securities given.
- v. According to the information and explanation given to us, the Company has not accepted any deposits covered under section 73 to 76 of the Act or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Accordingly, clause 3(v) of the Order is not applicable.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 prescribed by the central government under section 148(1)(d) of the Companies Act, 2013 and are of the opinion that, Prima Facie, the prescribed accounts and cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii. According to the information and explanations given to us, in respect of statutory dues:

- a. According to Information and explanation given to us, undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Wealth Tax, Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and other material statutory dues have generally regularly deposited with the appropriate authorities though there has been a delay in a few cases.

**ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT**

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

We have audited the internal financial controls with accompanying financial statements of Hilton Metal Forging Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, in conjunction with our audit of the financial statements of the Company for the year ended and as on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

**HILTON METAL FORGING LIMITED**

CIN: L28900MH2005PLC154986

Notes to the Financial Statement for the year ended March 31, 2025

**Note No. 1 – Corporate Information:**

- a) Hilton Metal Forging Limited established in 2005 is a public limited Company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognized stock exchanges in India. The registered office of the Company is located at 303, Tanishka Commercial Co-op. Society Ltd, Akurli Road, Kandivali East, Mumbai 400101, Maharashtra and plant at Ghonsai Village, Wada Taluka, Palghar Dist.
- b) The Company is primarily engaged in the business of manufacturing of iron and steel forging, recognized export house, presently catering to the needs Railways, of Oil and Gas, Refineries and pharmaceutical industries.

**Note No. 2 – Significant accounting policies:****a) Statement of compliance:**

The financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as “Ind AS”) as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

**b) Basis of preparation of financial statements**

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company’s normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Company has considered an operating cycle of 12 months.

- i. The financial statements of the Company are prepared in accordance with and to comply in all material aspect with the Indian Accounting Standards (Ind AS).
- ii. The financial statements are presented in Indian Rupees (‘INR’) and all values are rounded to the nearest lacs, except otherwise indicated.

Previous year’s figures have been regrouped / reclassified wherever necessary to conform with the current year’s classification / disclosures.

**c) Use of estimates and judgments**

- i. The preparation of the financial statements in conformity with Ind AS requires Management to make Judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, revenue and expenses, disclosure of contingent liabilities as at the date of the financial statements. Such assumptions are based on management’s evaluation of relevant facts and circumstances as on date of financial statements. The actual out-come may diverge from these estimates.
- ii. Estimates and assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future period effect.

**d) Property, plant and equipment**

- i. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to Statement of Profit and Loss in the period in which the costs are incurred.

- ii. Assets in the course of construction are capitalised in the assets under capital work in progress account (CWIP). At the point when an asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Where an obligation (legal or constructive) exists to dismantle or remove an asset or restore a site to its former condition at the end of its useful life, the present value of the estimated cost of dismantling, removing or restoring the site is capitalized along with the cost of acquisition or construction upon completion and a corresponding liability is recognized. Revenue generated from production during the trial period is capitalised.

**e) Depreciation**

- i. Depreciation on tangible assets is provided as per the provisions of Part B of Schedule II of the Companies Act, 2013. The management believes that the estimated useful lives are restrict and reflects fare approximation of the period were which the assets are likely to be used.
- ii. Depreciation on Property, plant and equipment is calculated on a straight –line basis, from the month of addition, using estimated useful lives, as specified in schedule II to the Companies Act 2013, except in respect of following assets:

Particulars	Useful life as per management (as technically assessed)	Useful life under schedule II of Companies Act, 2013
Buildings	Up to 60years	60years
Plant & Machinery	10 to 25 years	15 years
Vehicles	10 years	10 years
Furniture & Fixtures	10 to 13 years	10 years
Computer Software	3 to 6 years	3 to 6 years
Office Equipment	7 to 12 years	5 years

**f) Borrowing costs**

- i. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.
- ii. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset. The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

**g) Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**h) Inventories**

Cost of inventories includes cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Inventories of stores, spare parts, coal, fuel and loose tools are stated at the lower of weighted average cost or net realizable value. Net realisable value represents the estimated selling price for inventories in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale. In continuation with the accounting policies followed last year, the Company has considered Dies and Moulds as part of Inventory as the consumable items and the same is amortised as done in the earlier as well as current financial years.

**i) Revenue recognition****i) Sale of goods**

Revenue is recognised to the extent that it is probable that economic benefit will flow to the Company and that the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated rebates and other similar allowances.

In accordance with Ind AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sales for the previous year ended 31st March, 2018 and for the period 1st April to 30 June, 2017 were reported gross of Excise Duty and net of Value Added Tax (VAT) / Sales Tax. Excise Duty was reported as separate expense line item. Consequent to the introduction of Goods and Service Tax (GST) with effect from 1 July, 2017, VAT/Sales tax, Excise Duty etc. have been subsumed into GST and accordingly the same is not recognised as part of sales as per the requirements' of Ind AS 18.

**ii) Interest income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition

**iii) Income from Services**

Income from services rendered is recognised based on the terms of the agreements as and when services are rendered and are net of applicable taxes.

**j) Foreign currency transactions and foreign operations**

The functional currency of the Company is the Indian Rupees (INR). These financial statements are presented in Indian Rupees.

Foreign currency transactions are recorded in the functional currency by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. All foreign currency monetary assets and monetary liabilities as at the Balance Sheet date are translated into the functional currency at the applicable exchange rate prevailing on that date. All the exchange differences arising on translation, are recognised in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Gain or losses upon settlement of foreign currency transactions are recognized in the Statement of Profit and Loss for the period in which the transaction is settled.

**k) Employee benefits****Short term employee benefits:**

Short-term employee benefits are expensed as related service as provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**Defined contribution plans**

Contribution towards provident fund is made to the recognized funds, where the Company has no further obligations. Such benefits are classified as defined contribution schemes as the Company does not carry any further obligations, apart from the contributions made on monthly basis.

**Defined benefit plans:**

Provision for incremental liability in respect of gratuity and leave encashment is made as per independent actuarial valuation on projected unit credit method made at the year-end.

Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses and the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income (OCI). Net interest expenses (income) on the defined liability (asset) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in statement of profit or loss.

**l) Income Tax**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss, except to the extent it relates to items directly recognized in equity or in other comprehensive income.

**i) Current tax**

Current tax is the amount of tax payable based on the taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

**ii) Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

**Minimum Alternate Tax ('MAT')**

Minimum Alternate Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the statement of profit and loss. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

Current and deferred tax for the year: Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

**m) Earnings per share**

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders.

**n) Provisions and contingencies**

The Company recognizes provisions when there is a present obligation (legal or constructive) as a result of a past event, that probably requires an outflow of resources and reliable estimate can be made of the amount of the obligation.

A disclosure for contingent liabilities is made where there is possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or

A present obligation that arises from past events but is not recognized because:

- i. It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- ii. The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting period. Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

**o) Financial instruments**

The company enters into foreign exchange forward contracts to manage its foreign exchange rate risk.

Derivatives are initially recognised at fair value at the end of each reporting period. The resulting gain or loss is recognized in statement of profit and loss immediately.

Financial assets and financial liabilities are recognised when Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

**p) Financial assets**
**i. Recognition and Initial measurement**

Financial assets are recognised when the company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss is initially recognised at fair value and transaction costs are expensed in the Statement of Profit and Loss.

**ii) Subsequent measurement**

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (i) The entity's business model for managing the financial assets and
- (ii) The contractual cash flow characteristics of the financial asset.

**iii) Classification of financial assets**
**Debt Instruments**

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated at fair value through profit or loss on initial recognition);

- (a) The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

- (b) The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in Statement of Profit and Loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in Statement of Profit and Loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to Statement of Profit and Loss. All other financial assets are subsequently measured at fair value.

**q) Financial liabilities and equity instruments**

**i) Classification as debt or equity**

Debt and equity instruments issued by a Company entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**ii) Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company entity are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

**iii) Financial liabilities**

All Financial liabilities are measured at amortized cost using effective interest method or fair value through profit and loss. However, financial liabilities that arise when a transfer of a financial asset does not qualify for de-recognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below;

**(a) Amortized Cost**

Financial liabilities are classified as financial liabilities at amortised cost by default. Interest expenses calculated using effective interest rate method is recognised in the statement in profit and loss.

**(b) Financial liabilities at FVTPL**

Financial liabilities are classified as FVTPL if it is held for trading, or is designated as such on initial recognition. Changes in fair value and interest expenses on these liabilities are recognised in the statement of profit and loss

**(c) De-recognition of financial liabilities**

The Company derecognises financial liabilities when, and only when, the Company's obligations when, and only when, the Company's obligations are discharged, cancelled or have expired.

**Note 37 - Financial Risk Management Objectives And Policies**

The Company's principal financial assets include trade & other receivables, and cash & cash equivalents that derives directly from its operations. The Company's principal financial liabilities comprise trade & other payables and short term borrowings. The main purpose of majority of these financial liabilities is to manage working capital of the Company.

The Company is exposed to credit risk, market risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's financial risk activities are governed by appropriate policies and procedures and financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The below note explains the sources of risk which the Company is exposed to and how the entity manage the risk :

**A) Credit Risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its investing activities, primarily cash & cash equivalents.

**i) Trade receivables**

Customer credit risk is managed in accordance with the Company's established policy, procedures and controls relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored through credit lock and release effectively manage the exposure.

An impairment analysis is performed at each reporting date on an individual basis for major customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on historical data. The Company does not hold any collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as most of its external customers are established players in their industry.

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered related credit information for its customer, that's available in public domain to estimate the probability of default in future and has taken into account estimates of possible effect from the global situations.

**ii) Cash and Cash equivalents and Other financial assets**

Credit risk from balances with banks is managed by the Board of Directors in accordance with the Company's policy. Investment of surplus funds are made for short-term in deposit with banks. Investments and Bank deposits are reviewed by the Board of Directors on a quarterly basis. Credit risk arising from short term liquid fund, cash and cash equivalents and other balances with banks is limited and no collaterals are held against these because the counterparties are banks.

Other financial assets mainly include security deposits & other receivables. There are no indications that defaults in payment obligations would occur in respect of these financial assets.

**B) Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed to different types of market risks. For the Company, the market risk is the possibility of changes in foreign currency exchange rates and commodity prices which may affect the value of the Company's financial assets, liabilities or expected future cash flows.

**i) Commodity Risk**

Commodity risk for the Company is mainly related to fluctuations in steel prices which drives the prices of billet, steel bars, and tubes. Since, steel is the primary input materials for making of forging, which are used in manufacturing the final products, any fluctuation in steel prices can lead to drop in operating margin. Most of these input materials are procured from approved vendors and subject to price negotiations. In order to mitigate the risk associated with raw material and components prices, the Company manages its procurement through productivity improvements, expanding vendor base and constant pricing negotiation with vendors. The Company renegotiates the prices with its customers in case there is more than normal deviation in the prices of its major raw materials. Additionally, the processes and policies related to such risks are reviewed and controlled by senior management team.

**ii) Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The risk of fluctuations in foreign currency exchange rates on its financial liabilities including trade and other payables etc., which are mainly in US Dollars are mitigated through the natural hedge alignment, as Company's export sales are predominantly in US dollars and such economic exposure through trade and other receivables in US dollars provide natural alignment. Hence, a reasonable variation in the Foreign exchange rate would not have much impact on the profit or loss / equity of the Company. Net foreign currency exposure also reviewed by the Board of Directors on a quarterly basis.

**Foreign currency sensitivity analysis**

The Company is exposed to the currencies USD & EURO on account of outstanding receivables (+) and payables (-). The Company's net exposure to foreign currency risk at the end of the reporting period expressed in respective currencies given below;

Foreign currency exposure that are not hedge by derivative instruments as on 31st March, 2025 is USD \$ 1,20,172.63 & Euro (€) 55,249 [previous year USD \$ 349,563 & Euro (€) 55,250]. The unhedged exposure are naturally hedged by foreign currency earnings and earnings linked to foreign currency.

**C) Liquidity risk**

Liquidity risk is defined as a risk that the Company will not be able to meet its obligations on time or at a reasonable price. An effective liquidity risk management takes into consideration in maintaining optimum level of cash and cash equivalents and the availability of funding through an credit facilities at a reasonable cost to meet the obligation when due. Additionally, the processes and policies related to such risks are reviewed and controlled by senior management team. Management continuously reviews the actual cash flows and forecasts the expected cash flows to monitor the liquidity position. All the current financial liabilities of the Company are due to be paid with in twelve months from the date from the Balance sheet date. All non-current financial liabilities are due to be paid in more than twelve months from the Balance sheet date. However the interest component of all the non-current financial liabilities if any will be payable as and when due, which may be with in twelve months from the date of Balance sheet date.
