ACTIVELY.

IN OUR 27 YEARS OF EXISTENCE, WE HAVE CONTINUOUSLY EMBRACED CHANGES WHILE STEADILY INVESTING IN SCALING CAPACITIES, ENHANCING KNOWLEDGE AND PROCESS INNOVATION, BUILDING ROBUST TEAM, AND DEVELOPING EFFICIENT AND ENVIRONMENT-FRIENDLY PROCESSES.

TODAY, WE ARE AMONGST THE LARGEST AND MOST COMPETITIVE PHTHALOCYANINE MANUFACTURERS ACROSS THE WORLD, DEALING WITH WORLD'S MOST QUALITY-CONSCIOUS INTERNATIONAL CUSTOMERS.

WE ARE NOW GRADUATING TO THE NEXT LEVEL, BY BECOMING PROACTIVE AND LEADING THE CHANGE.

Profile

Asahi Songwon was established in 1990 by Mrs. Paru M. Jaykrishna to manufacture pigments. Headquartered in Ahmedabad, the Company has emerged as the country's leading manufacturers of phthalocyanine pigments and derivatives supplying products to demanding downstream customers. Its principal manufacturing facilities are at Padra (Vadodara).

Product portfolio

Applications: Nearly 40% of all phthalocyanine pigments are used in the manufacture of printing inks while the rest finds application across paints, plastics, textiles and paper industries.

Products manufactured:

- CPC blue crude
- Beta Blue 15.3
- Beta Blue 15.4
- Alpha Blue 15.1
- Alpha Blue 15.0

Certifications

Stringent quality standards and compliance to all applicable health, safety and environmental norms has enabled the Padra Plant to receive the coveted ISO 9001:2008 and ISO 14001:2004 certifications.

BUILDING LONG-TERM BUSINESS SUSTAINABILITY. CREATING VALUE FOR ALL STAKEHOLDERS.

This is our purpose statement that defines our reason for existence and guides all our actions and decisions.

“BRINGING PASSION AT WORK ENABLED US TO DELIVER RECORD PERFORMANCE IN 2016-17; **ADOPTING PROACTIVE APPROACH SHALL ENABLE US TO SUSTAIN THIS OVER LONG TERM.**”

I am pleased to report to you at the end of what has been a splendid year for the Company. While the year has been great in terms of record performance, what makes it even better is the fact that industry dynamics have turned favourable for Indian pigment manufacturers. As regulators in China, the world's largest pigment manufacturer, initiated crackdown on local industries driven by environment pollution related concerns, several big players suffered set-backs and shutdown operations. Amidst this backdrop, the Indian manufacturers with better technical, environmental and operational technologies are in a sweet spot to capitalise on the opportunity.

Moreover, with global economic scenario likely to improve, downstream industries like printing ink, plastics, paint, coatings and textiles are expected to pick up. Research and Markets forecasts the global pigment market, pegged at USD 26 bn in 2016, and is expected to rise to USD 32 bn by 2023, growing at a CAGR of 3.8 %.

Performance review of the year

Talking of the financial performance, the year 2016-17 has been very satisfying. Our operational revenues recorded a 15% growth from ₹224.67 cr in 2015-16 to ₹257.84 cr in 2016-17 driven by a strong growth of 23% in production volumes to 1,644 MT. This was driven by the CPC Blue Crude capacity debottlenecking project that we undertook in the previous fiscal. With a mere ₹3.50 cr worth of investment, we have been able to increase capacities by 13% which has contributed towards an additional sale of ₹33 cr during the year. Interestingly, despite this 23% growth in production our overhead costs have in fact declined owing to several cost control measures implemented by us. So on one hand our capacity increased with practically no major investment, while on the other hand the overhead costs declined.

This was reflected in our even stronger growth in profitability as EBITDA and PAT increased by 19% each to ₹47.08 cr and

₹25.02 cr respectively. As a result, the EBITDA and PAT margins surged 58 and 36 basis points respectively to 18.26% and 9.70% respectively.

Key developments in 2016-17

While this kind of growth makes us proud, we are confident that this is just the beginning as we proactively pursue further improvement in efficiencies, productivity, and cost reduction. One of the most critical steps towards this is our initiative to increase accountability within the organisation and adopting a result oriented approach. I believe this approach shall facilitate us in becoming more mature, stable, and non-cyclical as an organisation along with enhancing our long-term business sustainability.

Some of the crucial proactive initiatives undertaken by us during the year include:

- Extending our product portfolio by adding two new products – the Alpha Blue and Beta Blue 15:4. For Alpha Blue, a new 600 TPA facility was set-up which has already commenced the trail shipments. For Beta

Blue 15:4, that finds application in publication gravure ink system, we have started supplies to leading customers on trial basis.

- Developed four new products (Phthalocyanine Blue 15.0 and 15.1, Orange 64 and Yellow 12) that would go into commercial production in the next fiscal.
- Installed a 128 kVA solar power plant that shall enhance our power reliability, and reduce carbon footprints and power costs.
- Increased focus on development of high performance pigments, raising product quality and enhancing productivity to become more competitive and earn higher margins.
- Continued efforts towards cost and carbon footprint reduction through process reengineering and improvement, cycle time reduction, preventing wastages and minimising energy consumption.
- Successfully completed installation of a comprehensive air pollution control system that shall further facilitate in reduction of pollution.

Employee initiatives

On our mission to become a proactive organisation, people would be the most critical element. We believe that as people within the organisation get accustomed to existing practices and conventions, it becomes necessary to have some disruption to bring them out of their comfort zones, push them to take on bigger challenges and change mind-sets. In view of this, each quarter we invite employees from top to bottom to bring in fresh ideas.

We are also encouraging employees to join external exhibitions and seminars to get better insight of the market scenario. The entire concept of proactive would revolve around fostering an open culture of brain storming, promoting team work and having a spirit built on an ethical work culture.

Outlook

I believe that Asahi Songwon is at an important inflection point in its existence whereby a combination of internal and external factors shall catalyse our growth momentum in

the coming years. We are also proactively working towards making the organisation more competitive through adoption of zero tolerance for quality and delivery schedule, introducing new pigment grades for different markets, improving logistics and enhancing regulatory compliance. Our proactive attitude is reflected in our robust three new product launches in the past two years as compared to no new launches in seven years prior to that.

With highly skilled team, robust manufacturing facilities and equipment, experience and expertise, we have everything in place. From here onwards our proactive efforts towards new product development, new market development and continuous improvement shall make a difference.

Message to the shareholders
I, on behalf of the Board, am thankful to all our stakeholders who have continued to be with us over the years. The shareholders for believing in our growth story and investing in us, the suppliers for doing business with us, and the customers for having trust in us. Finally, I would like to appreciate the efforts of each of our employees, who have helped the organisation to reach its current level.

Warm regards,

Paru M. Jaykrishna,
Chairperson

Corporate strengths

Brand reputation: With over two-and-a-half-decades of industry experience, we have a robust reputation in the industry for our products and services reliability, as we work with some of the most prominent customers globally.

Rigorous compliance: Leading ink, paint and plastics companies across the globe have validated the quality of our products. Besides, we are also registered with the Department of Scientific and Industrial Research (Ministry of Science and Technology). Our plants are ISO 9001:2008 and ISO 14001:2004 certified.

Human capital: 35% of our total employee base comprises professionals and technologists having a minimum industry experience of 10 years.

Sustainability: Our proactive investments towards adopting environment-friendly plants, processes and practices reinforce stakeholders' confidence in our long-term commitment and sustainability.

Marketing strengths

Trusted: Customers across the globe consider us as trusted vendor addressing their evolving needs. In 2016-17, exports accounted for 72% of our total revenues.

Diverse clientele: We do business with some of the world's largest and quality-conscious companies like DIC (Japan), Sun Chemicals (USA), Clariant Chemicals India Limited and BASF, who together accounted for 63% of the Company's 2016-17 revenues.

Enduring relationships: Our quality and reliability enable us to enjoy longstanding collaborative partnerships. 72% of the Company's 2016-17 revenues were derived from the clients with whom we have been associated for over five years.

Qualitative strengths

Product quality: Product quality excellence is sacrosanct to us and we have zero tolerance for errors. Our robust QMS (Quality Maintenance System), standard operating procedures, and dedicated quality management team has enabled us to achieve zero product rejection and the coveted ISO 9001:2008 certification.

Contemporary equipment: We have invested in acquiring state-of-the-art ink and plastic testing equipment such as vibroshakers, muller machines and injection moulding machines which enable us to meet stringent quality standards.

Continuous improvement: With a culture of continuous improvement, we keenly emphasize on process control, variability reduction and waste elimination.

Process expertise: Our efficient systems and processes facilitate us in maintaining higher operational stability and predictability. We even periodically get our process compliance audited by third parties.

Manufacturing strengths

Location advantage: Our presence in Gujarat, the largest chemical producer in India, provides us proximity to raw material supplier and access to experienced, technically qualified personnel.

Scale: Accounting for nearly 5% of the world's organic pigment production, we are amongst the largest manufacturers of phthalocyanine pigments and derivatives globally.

Diverse portfolio: Our product portfolio comprises phthalocyanine pigment varieties like CPC blue crude and the gamut of beta blue pigments. In 2016-17, nearly 60% of the Company's turnover came from CPC blue crude.

Application diversity: Printing inks industry consumes nearly 40% of the phthalocyanine pigments, while the rest finds application across paints, plastics, textiles and paper industries. For beta blue pigments, 80% finds application in pigment manufacture used by printing ink industries, while the balance is used by plastics and paints industries.

Added benefits: Our CPC blue division is registered as an EOU (export-oriented unit) and our windmill enjoys tax benefits under Section 80 - IA of the Income Tax Act.

COMPETITIVE

STRENGTHS

BEING PROACTIVE MEANS...

BUILDING A SUSTAINABLE ORGANISATION

CUSTOMERS ARE INCREASINGLY LOOKING FOR SUPPLIERS WHO CAN PROVIDE A COMBINATION OF RELIABILITY, QUALITY, AND COMPLIANCE TO ENVIRONMENT AT LOW COST.

At Asahi Songwon, customer-centricity forms the core of everything that we do. We have undertaken several initiatives to enhance our competencies and market competitiveness. These include:

Enhancing productivity

Our team constantly undertake several shop floor initiatives that facilitate in continuous improvement in productivity. We have focused on reducing wastes and energy consumption, improving process and reducing cycle time, and process reengineering with the objective of reducing costs.

Quality control

State-of-the-art production facility along with latest technology and skilled manpower enable us to deliver consistent quality material. We undertake initiatives to continuously study our customer's products and its application areas to work on specific areas such that the product meets optimum requirements for that particular application area.

Customer-centricity

In a bid to develop long-term relationships with customers, we have adopted a policy of zero tolerance in quality and delivery schedule. We have also ensured that our products and operations meet all regulatory compliance of given regional market. In addition to this, we have made significant investments in upgrading technology and acquiring ESP system that enables us to become an environment-friendly manufacturer, making us a supplier of choice. We have also developed an in-house integrated supply system for ensure supply reliability.

Capex investment

During the year, we have invested in setting-up a 600 TPA Alpha Blue and a 3,000 TPA Beta 15:4 facility. We have also installed 128 KVA solar plant that shall enhance our power reliability and enable us reduce carbon footprint.

BEING PROACTIVE MEANS...

BECOMING AGILE AND INNOVATIVE

INDUSTRY DYNAMICS ARE CHANGING RAPIDLY. NEW TECHNOLOGIES ARE BECOMING OBSOLETE. BUSINESS STRATEGIES ARE BECOMING INEFFECTIVE. IN SUCH A SCENARIO, ONLY THOSE THAT ARE PREPARED FOR TOMORROW AND THOSE AGILE ENOUGH TO RESPOND QUICKLY CAN MAKE A DIFFERENCE.

We being a proactive and future-focused organisation anticipated these developments and undertook initiatives to strengthen our organisational might. Our initiatives towards this include:

Widening product portfolio

In the past two years, we have ramped up our research and development activities that facilitated us in strengthening our product portfolio. While in 2015-16, we strengthened our portfolio with two new product launches – Alpha Blue and Beta 15:4, in 2016-17 we added another four products – Phthalocyanine Blue 15.0 and 15.1 for plastic application, Phthalocyanine Blue 15.0 for waster based applications (ink, paint and textiles), and Azo pigments Orange 64 and Yellow 12.

Geographical product strategy

Our ability to analyse markets and determine demand has enabled us to undertake segmented market strategy, whereby we manufacture different grades of pigment catering specific geographies. This has enabled us to match customer expectations.

Fostering a culture of innovation

Employees are encouraged to bring in fresh ideas, undertake group brainstorming, and work in teams to promote a culture of constant learning, improvement and innovation. The Company has implemented several of these ideas, while some have failed others have contributed to the long-term sustainability of the organisation.

Accountability and result orientation

In an effort to deliver business results and achieve set targets, we have promoted the concept of accountability and result orientation. Setting goals and making each individual accountable for it facilitates in motivating them to constantly push their limits while proliferating this orientation across the organisation.

An agile organization facilitating faster R&D

MANAGING RISKS PROACTIVELY

Industry slowdown risk

Risk impact: A slowdown in demand from downstream industries may impact the demand for phthalocyanine pigments.

Risk mitigation: Our products cater to requirements of diverse downstream industries such as printing inks, paints, textiles, plastics and automobile coatings. With demand from these sectors steadily rising, the global pigments markets is expected to rise to USD 32 bn by 2023, growing at a CAGR of 3.8%. Asia Pacific region is likely to continue being the largest market for these products. Besides, with robust quality standards and environment-friendly production processes we are amongst the most preferred player in the segment.

Competition risk

Risk impact: Inability to produce quality products as per set standards can hamper our goodwill and market share.

Risk mitigation: With nearly 72% of our customers continuing to do business with us while scaling up volumes for over five years, reinforces the reputation we enjoy in the market in terms of our quality and supply reliability. In addition to this, our offerings of value-added products along with our low cost advantage make us the supplier of choice.

Environmental risk

Risk impact: Failure to adhere to stringent environmental standards can lead to regulatory issues and impact business performance as leading global companies prefer to do business with companies having environment-friendly operations.

Risk mitigation: The Company is amongst the pioneers in terms of adopting stringent international standard environment facilities. In the past five years alone, the Company has proactively invested a sum of ₹21 cr, towards improving its sustainability way beyond the prescribed norms. Not only has this led to reduction in the Company's carbon footprint, it has also rejuvenated customer confidence in regards to the Company's uninterrupted business operations.

Technology risk

Risk impact: Inability to upgrade technology would make the Company's operations unviable against competition along with impacting the quality of the products.

Risk mitigation: The Company besides having invested in contemporary technologies at its plant receives technical support from industry leaders like DIC and Clariant Pigments. It also periodically benchmarks these technologies with global standards.

Quality risk

Risk impact: Inability to maintain robust product quality would lead to loss of customers and business.

Risk mitigation: In addition to having high-end manufacturing facilities, the Company has set-up a robust quality management system comprising standard operating practices and stringent quality checks (from raw material to finished goods). It has also adopted a culture of zero tolerance for quality which has resulted in the Company achieving zero rejection rates. The robust quality standard has enabled the Company to achieve the accredited ISO 9001:2008 certification.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW

The world is becoming more and more colorful, people are using wide spectrum of colors. We add blue colors to ink, paints, plastics, textiles, rubber you use. Your Company one of the leading manufacturers of Phthalo pigments (one of the largest categories of pigments manufactured in India) comprising of CPC blue crude, Alpha Blue 15.0, Alpha Blue 15.1, Beta Blue 15.3 and Beta Blue 15.4. The pigment business helps to provide vibrant and safe colors to the world. Almost all industrial sector need pigments with printing ink, paints, plastics, textile all being a growth market for pigment business. Your Company has significant presence in paints, coating, inks and plastics application and positioned itself as preferred supplier to major players in Global Market.

Your Company's has an dedicated plant operating at Padra near Vadodara in the State of Gujarat, manufacturing Blue Pigments.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian Chemical industry is one of the oldest industries in India It creates an immense variety of products which impinge on virtually every aspects of our lives. Chemicals are one of the key input materials in the world finding applications in all manufacturing sectors. India is the third largest producer of Chemicals in Asia and sixth largest in the world. With the increase in industrial activities, the demand for chemicals also is increasing. Your Company manufacture pigments which is an integral part of chemical industry.

Pigment industry is divided into organic and inorganic pigments based on their chemical composition, whereas organic pigments consists of high performance pigments, AZO pigments (red, yellow and orange) and Phthalocyanines (Phthlo) pigments (blue and green). China has emerged as the global leader in the AZO pigments while India has emerged as a global hub for Phthlo pigments on account of growing access of international technologies, quality and strong environmental compliances. Copper Phthalocyanine pigment by virtue of their exceptionally brilliant shade, high tinctorial strength, low cost, outstanding properties have been ruling the colorant world. Your Company is specialized in Phthlo pigment and one of leading manufacturers of the blue pigments in India. With India slowly becoming the preferred location for phtalocyanine pigments apart from China, globally, the market is becoming more favourable for the Company.

OPPORTUNITIES, THREATS, RISK & CONCERNS

The global pigments industry produces hundreds of colourants for a wide spectrum of industries and consumers. The global market of pigments has witnessed a steady growth in the last couple of years, due to increase in growth in the end-user industry like paints, printing inks

and packaging. The global market of pigment is estimated to grow at CAGR of 3.8 percent from 2015 to 2023 and the market is anticipates to reach \$32bn by 2023. (Source: Transparency Market Research). Rapid industrialization and developmental activities, rising infrastructural activities and economic progress in developing countries are some of the main features which are driving the demand for colorants in textiles and plastics, while strong growth in global construction maker is boosting the demand for paints and coating. Demand is also driven by growth in printing ink and papers. There exist opportunities for significant growth in the pigment industry with steady growth in housing, automobiles, construction and FMCG and which will open up newer opportunities for the Company.

In order to leap forward with growing demand for pigment, the Company has to address the issue of clean and green environment. There are continuous environmental head winds in many parts of the world, especially in Asia. There has been tightening of pollution control norms in India particularly related to water and industrial waste treatment. The Company has been investing continuously in meeting the relevant statutory and environmental compliances. Safety and environmental standards are periodically reviewed and upgraded. The Company has a state of the art emissions and effluent management system.

Economic slowdown or factors that affecting the economic health of the customer countries may increase risk to revenue growth of the Company. Our product cater to requirements of diverse downstream industries like paints, printing inks, plastics with robust quality standards, good relationship and environment friendly production process we remains preferred customer.

Some of the manufacturing inputs are sourced from outside India and major chunk of the revenue of the Company comes from the foreign countries, hence earning are subject to fluctuation due to exchange rate movements. However, the Company has consistent policy to mitigate the currency variation risks.

One of the key raw materials used in the manufacturing of the pigments is Phthalic Anhydride, which is a petroleum derivative and their prices fluctuate along with the global crude prices. The Company has an in built system of monitoring the inventory and logistics. Further, production process of the Company is vertically integrated, where CPC Blue Crude is the primary raw material for the production of pigment blue. This helps the Company to manage the raw material cost.

The Company is having a well structured risk management system under the guidance of experienced Board of Directors. The Audit Committee monitors the implementation of the risk mitigation plans.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

Independent Auditors' Certificate on Compliance with the Corporate Governance requirements under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To,
The Members,
Asahi Songwon Colors Limited

We have examined the compliance of conditions of Corporate Governance by Asahi Songwon Colors Limited ("the Company"), for the year ended on March 31, 2017, as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and paragraphs C and D of Schedule V of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 (the "SEBI Listing Regulations").

Management's Responsibility for compliance with the conditions of Listing Regulations

The compliance with the terms and conditions contained in the corporate governance is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents.

Auditors' Responsibility

Our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended March 31, 2017.

We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes issued by the Institute of Chartered Accountants of India ('ICAI'). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SOC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

In our opinion, and to the best of our information and according to explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on use

The certificate is addressed and provided to the members of the Company solely for the purpose to enable the Company to comply with the requirement of the Listing Regulations, and it should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To,
The Members of
Asahi Songwon Colors Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Asahi Songwon Colors Limited ("the Company"), which comprise the balance sheet as at March 31, 2017, the statement of profit and loss, the cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Sub-Section (11) of Section 143 of the Act, we give in the Annexure-A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - (c) The Balance Sheet, Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, in our opinion and to the best our information and according to the explanations given to us:
 - (a) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 28 to the standalone financial statements;
 - (b) The Company did not have any long-term contract including derivative contract for which there were any material foreseeable losses;
 - (c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company other than one instance of delay in respect of unpaid dividend as explained in Note 40 to the standalone financial statements;
 - (d) The Company has provided requisite disclosures in its standalone financial statements as to holdings as well as dealings in Specified Bank Notes during the period from November 8, 2016 to December 30, 2016 and these are in accordance with the books of accounts maintained by the Company. ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

ANNEXURE "B" Report on the Internal Financial Control clause (i) of subsection 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Asahi Songwon Colors Limited ("the Company") as at March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and Directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
