- Total EBITDA stood at Rs. 159.7 crore; EBITDA margins for the quarter were 13.5%.
- Total PAT for the quarter stood at Rs. 11.2 crore.
- Total income stood at Rs. 1,187.3 crore.

Speaking on the results, **Venkatesh Korla, Global CEO of HGS** said: "HGS' performance in the first quarter of FY2026 were in line with our expectations, amid continued macro-economic volatility, extended client sales cycles, seasonality in key sectors and a client ramp-down due to regulatory reasons. On the positive side, our initiatives to reorient the business for the future are yielding results. Creating an agile and cost-optimized organization has been a key focus area for us over the past few quarters. Our EBITDA margins stood at an encouraging 13.5% in Q1, an expansion of 169 bps on YoY basis, boosted by increasing revenue contribution from offshore geos.

We have accelerated our shift into Digital and Digital Operations, with a rising win rate and strong demand for solutions such as HGS Agent X and AI-led vertical solutions. In our largest market - the Americas, Digital and Digital Operations now constitute nearly 60% of our pipeline, demonstrating positive momentum from our focused investments.

Looking ahead, HGS is evolving to become an intelligent experiences orchestrator for our clients and their customers - integrating technology, data, and human empathy to deliver seamless, personalized, and proactive engagement across every touchpoint. We are sharpening our sector focus on BFSI, Retail & CPG, Healthcare, and the UK public sector, with a priority on mid-market enterprises, even as we invest in building future-ready solutions that empower our clients in an increasingly complex and connected world."

CEO, NXTDIGITAL media businesses said, "It's been an eventful quarter across the digital media businesses of HGS. The most significant development has been the onboarding of a strong broadband national leadership team across multiple functions - focused on accelerating growth. The enterprise vertical CelerityX continued to add new logos in Q1, delivering over 1,000 links to customers in this quarter - some in incredibly difficult geographies like the Andaman & Nicobar Islands and far reaches of Sikkim. We've rolled out our ONEiPTV service to key cities, enhancing our broadband solution with access to more than 25 OTT platforms and an IPTV bouquet of 600+television channels. Our DTV vertical remains stable, ensuring qualitative ARPUs are maintained."
