# Sector Specific Developments / Outlook..

---

- Central Government's initiative to move ahead with the economic agenda has been visible. During last few months, specifically to the real estate sector -
  - ↗ Government provides requisite clarity on MAT to facilitate creation of REITs
  - ↗ Allow Provident Funds / FII's (FEMA Amendment) to invest in REITs and CMBS
  - ↗ RE Regulatory Bill referred to the select committee of Rajya Sabha.
  - ↗ Ordinance amending the Land Acquisition Bill extended
- Demand scenario in most micro-markets continues to be muted; expected to last atleast another 12 months
- Better outlook in the commercial office segment as
  - ↗ Growth in domestic services sector especially e-commerce based businesses is providing the momentum - rental rates are expected to remain firm or move northwards
  - ↗ Revival of consumer demand and expectation of experiential spaces will give further fillip to well located, well managed 'new generational' retail malls
  - ↗ Demand will grow at moderate pace. The current rentals rates, interest and construction costs do not allow for rapid capacity creation in most micro markets

# Legal Update...

---

- SEBI Order:
  - ↗ SEBI order of banning the Company for 3 years was over turned by SAT. Subsequently, SEBI appealed in the Supreme Court, however the Hon'ble Supreme Court refused to grant any interim relief and issued notices. No date has been fixed for the next hearing.
- CCI :
  - ↗ YTD, the Company has deposited Rs. 525 crs with Hon'ble Supreme Court against a total penalty of Rs 630 crs. Balance amount shall be deposited by early July. To be listed in due course – no date been fixed by the Hon'ble Supreme Court. In continuation of earlier decisions, CCI has passed one more decision in the matter of NTH Gurgaon. Since, it pertains to same issue and period, no additional penalty has been imposed. The Company, based on legal opinion, shall appeal in due course.
- 350 acre Wazirabad Land parcel :
  - ↗ The Hon'ble Supreme Court had admitted the Company's appeal and ordered status quo. To be listed in due course.
  - ↗ Till date, the Company remains invested ~ Rs. 1,000 crs towards the land parcel. No further outflow expected till a decision by Hon'ble Supreme Court.

*Based on the advice of independent counsels, the management believes that there is a reasonable strong likelihood of succeeding in various judicial forums. The Company and its legal advisors believe that it has not acted in contravention of law in any of the legal matters pending before various judicial forums. The Company has full faith in the judicial process and it confident of vindication of its stand in the near future*

# Committed to our Strategy And Goals ....

---

With the advent of REITs, the Company can move forward to achieve its medium term goals as articulated in February 2013.

- DLF envisaged setting up of REITs at the time of the IPO, like any other global real estate company. It could be a game changer as it will mitigate adverse cycles in various asset cycles and normalize cash flows and earnings
  - ↗ It intends to form 2 REIT platforms to strategically monetize almost 30 msf of commercial assets – both office and retail, thereby recycling capital for future growth, increasing ROE's and reducing debt; target first filing within fiscal year 2016, most likely in Q4FY16, subject to all approvals
  - ↗ Both strategic and financial investors have approached DLF in this regard
- The Company's strategy of creating finished product has started to yield some results especially in DLF5 projects. Buyers are willing to invest into projects which are showing continued momentum in construction and not based on promises. This is despite 'continued' soft market conditions in certain micro-markets.
- The Company plans to bring in marquee private equity investors at the project level thereby mitigating market risks whilst sharing financial returns
- Due to continued softness in most micro markets, the Net Debt attributable to Devco has increased in short term. Target remains to maintain and reduce Devco Debt through improvement in Operating/ Recovery Cashflows and Investments by PE's at the project level. Attributable Net Debt to RentCo will continue to increase as RentCo Rentals/ Capex grow. However, these shall also reduce as and when the Company establishes the REIT platforms.

# RentCo Business – A Strategic Review

---

- The Company is on target to achieve an annuity income of Rs. 2,400 crs & steady state Run Rate Rs 2,700 crs (approx) on an asset base of 30msf (approx) by end of FY16.
- As REITs have become an imminent possibility in the near term, the Board had appointed a Committee of Independent Directors to do a strategic review of the RentCo business so that best value is extracted from the investment assets that have been created over last 6-7 years, including the resolution of the Promoter CCPS
  - The Committee of Independent Directors have appointed 2 investment banks, namely JP Morgan and Morgan Stanley to advise them of the best possible path going forward which will create sustainable, long term income for DLF and its shareholders.
  - SEBI restrictions imposed in Oct 2014 and uncertainty of tax code impacted the pace of work of these advisors. In view of this the term of Promoters CCPS was extended by one year & Dividend reduced from 9% to 0.01%.
  - With clarity on REITs, pursuant to resolution of MAT issue, we can expect a final recommendation during the course of the year.

# Current Outlook ...

---

## ■ Sales

- ↗ Shall take atleast 12 months for the sales momentum to begin improving; the key factor would be in general, reduced interest rates and GDP growth and, in specific, demand/supply conditions in micro markets
- ↗ Sales volume in most geographies shall continue at a diminished pace similar to FY14 and FY15.
- ↗ Actual users continue to purchase into projects which are unique due to both location and product attributes. DLF5 is the main beneficiary. Projects which have better visibility from construction run rate will have higher customer interest
- ↗ As ‘normal’ sales momentum is still some quarters away, the Company is in dialogue with few PE players for part cash out in some marquee projects and mitigate cycles before launching in FY16

## ■ Debt

- ↗ The current attributable net debt to DevCo is Rs. 6,965 crs and to RentCo is Rs. 14,000 crs [approx]
- ↗ The Company is exploring all opportunities to further optimize the debt profile which includes issuance of CMBS's or Debentures.
