FROM THE DESK OF CHAIRMAN

Dear Shareholders,

It gives me pleasure to present to you the Bharat Rasayan Limited Annual Report 2019-20. While this was a year of extreme economic challenges for the world, a situation aggravated almost beyond measure by the unprecedented Covid-19 pandemic, your Company continued to play on its strengths and posted a stable financial performance. It's a pleasure to share with you the highlights of the progress being made by the Company since we met approximately twelve months back.

Business Performance

I am pleased to share with you an update on your Company's performance for the financial year 2019-20. The year saw a challenging business environment with lower GDP growth and slowdown in consumption. The novel coronavirus has affected not just human health but severely impacted businesses and the society at large. The macro-economic factors that caused a slowdown in FY 2019-20 will continue in FY 2020-21, with the first half of Calendar Year (CY) 2020 completely dominated by the pandemic and the consequent lockdowns. During the last few weeks in March we started to see the impact of COVID-19. The Covid-19 outbreak from China was declared a pandemic by World Health Organisation in the last quarter of the financial year, causing a social and economic turbulence.

Amidst a challenging scenario, our strong portfolio, distribution network and brand equity enabled us to deliver a steady performance. It gives me great pleasure to share with you an update on the overall performance of your Company which performed well and delivered another year of profit. I am glad to inform you that your Company continues to perform well on a sustained basis. Your Company achieved a turnover of ₹ 1231.87 crores registering an increase of about 23.84% over previous year turnover of ₹ 994.69 crores and earned a Profit before Tax (PBT) of ₹ 205.19 crores and Profit after Tax (PAT) of ₹ 157.64 crores.

The Company i.e. Bharat Rasayan Limited (BRL) has executed a Joint Venture ("JV") Agreement on 18.02.2020, with Nissan Chemical Corporation (NCC), a company incorporated in Japan, and with Nissan Bharat Rasayan Pvt. Limited, a company incorporated in India ("JV" Company). The joint venture will operate through a company named 'Nissan Bharat Rasayan Private Limited', a company incorporated in India in which BRL has 30% share and NCC has 70% share. The Joint Venture Company i.e. Nissan Bharat Rasayan Private Limited has decided to construct new manufacturing factory in India for various technical products. Nissan Chemical Corporation is a research based Company and is one of the largest manufacturers of agrochemicals in Japan having global operations. Nissan Chemical Corporation has developed good relationship of mutual trust with Bharat Rasayan Limited and thus Nissan Chemical Corporation wants to enter into joint venture with Bharat Rasayan Limited.

We are making the right investments to scale this business higher. We have already made investments towards expanding our manufacturing capacities, setting up new capacities for critical inputs as part of backward integration, acquiring more product registrations and thrust on R&D for developing relevant products for key markets.

Agro Economy Overview

India has come a long way in achieving self-sufficiency in food and is emerging as an important player in global trade of agricultural commodities. This is in spite of our relatively low productivity, compared to the global benchmark. One of the major reasons for this low productivity is the gap in adopting appropriate agriculture technologies, compared to leading agricultural economies. Seeds and Crop Protection are important elements driving agricultural productivity.

During the year, delayed and unseasonal rainfall led to a flood-like situation across the country, adversely impacting the Kharif season but favourably impacting the Rabi season with good groundwater levels.

The latest advance estimates for FY 2019-20 for total foodgrain production in India is estimated at record 295 million tonnes, higher by 10 million tonnes over the previous year.

Indian agriculture is on a growth path, with an increase in investments and private funding in the past few years. The sector is expected to grow with better momentum in the next few years, owing to an increase in investment in agricultural infrastructure such as irrigation facilities, warehousing and cold storage. Factors such as reduced transaction costs, time, better port gate management and fiscal incentives will also contribute to this upward trend. Furthermore, the increased use of genetically modified crops is also expected to better the yield of the Indian farmers.

Dividend

Considering the consistent profits being made by the Company, your Directors have recommended a dividend of ₹1.50 (i.e. 15%) per equity share for the financial year 2019-20.

Health, Safety and Environment

Your Company continues to conduct business with a strong commitment for environment preservation, sustainable development, safe workplaces and enrichment of the quality of life of its stakeholders and the community at large by maintaining the required ISO standards Certification.

Acknowledgement

The Covid-19 pandemic may have an extended impact, but as I mentioned earlier, this means opportunities as well as challenges. The Board, through its engagement with the management, will guide the Company in recalibrating its growth strategy to address these challenges and to make use of the new opportunities. On behalf of the Board, we seek support from each and every stakeholder to bring prosperity to one and all.

Before I conclude, I would like to place on record my appreciation to all my colleagues on the Board, past and present, for their valuable contribution in the growth of the Company. Finally, I would like to thank you, our valued shareholders, for your unwavering support in our journey to deliver value to all our stakeholders.

Thank you, ladies and gentlemen.

SAT NARAIN GUPTA

Chairman & Managing Director

Outlook

2019-20 has been a challenging year with weakening consumer sentiment given the macro-economic conditions and finally, the COVID-19 outbreak and its terrible impact on lives and livelihoods. The human impact of the virus and the containment efforts have resulted in supply and demand disruptions, resulting in a sharper growth deceleration. The situation remains volatile with the trajectory of the virus undetermined, evolving hot spot geographies, the success of containment measures uncertain, the severity and duration of resulting economic crisis and the extent of structural damage unknown. There are many unknowns today and hence, the near-term outlook is extremely uncertain. We stand united with the nation in the fight against COVID-19 as we navigate our way through these dynamic uncertain times together. Our focus remains on safety of our people, protecting supply lines, serving demand, contributing to the society and optimising cost and cash.

Despite the near-term ambiguity, we remain confident of the medium to long-term growth prospects of the Agro chemical sector. Our Sector is working closely with Governments to ensure that we overcome this global health crisis together. Although the current situation is much more uncertain than normal, we are confident about our ability to manage the immediate crisis and come out of it in a strengthened competitive position. We remain focused on delivering consistent, competitive, profitable and responsible growth through our fundamentals of growth and sustainable business model.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDIAN ECONOMY

The Indian economy registered a growth of 4.2% in Financial Year ('FY') 2019-20, much lower than the 6.1% in FY 2018-19 (Source: IMF). Wage stagnation, job losses, rising rural unemployment rates, stressed non-banking financial companies and decline in credit growth caused a sharp drop in domestic demand. On the supply side, excess idle production capacity and lower private investments further dragged down economic activity. The Government of India undertook initiatives such as liberalising sectors to attract foreign direct investments, upfront capital infusion in public sector banks to alleviate liquidity concerns and reducing corporate tax rates to revive private investments. The Reserve Bank of India ('RBI') provided a monetary stimulus by slashing the repo rate to 5.15%, a cut of 135 basis points in FY 2019-20, to boost demand and private consumption.

GLOBAL ECONOMY

The global economy in Calendar Year ('CY') 2019 has seen one of the slowest growth rates since the 2008 financial crisis. The International Monetary Fund ('IMF') estimates that the global GDP ('Gross Domestic Product') may have registered 2.9% growth in CY 2019, significantly lower than 3.6% in CY 2018, and that there will be a negative growth of 3% in CY 2020. A slowdown had been anticipated early in the financial year, because of the US-China trade relations, concerns over Brexit and the consequent stress on the global manufacturing and trade. Country-specific shocks such as liquidity crisis in the Indian banking sector and flooding in eastern Africa pulled down the performance of emerging market economies. Climate-related disasters, ranging from hurricanes in the Caribbean to drought and bushfires in Australia also affected global business sentiments.

The biggest calamity was the outbreak of coronavirus in the beginning of CY 2020, which grew from a local problem in China to a global pandemic in a matter of weeks in early CY 2020. Lockdowns in most of the affected countries saved lives but were a huge blow to economic activities and the impact will be felt for a long time to come. To counter the losses and prevent a complete economic breakdown, governments and central banks around the world have unleashed unprecedented amounts of fiscal and monetary support. Nonetheless, warning of a recessionary effect was issued by top analysts.

INDIAN AGROCHEMICAL INDUSTRY

The share of agriculture and allied sectors in the Gross Value Added ('GVA') of the country at current prices has declined from 18.2% in FY 2014-15 to 16.5% in FY 2019-20. Despite the decline, it continues to be the largest source of livelihood for about 58% of India's population and its growth ensures inclusive economic growth of the country.

Agriculture inputs play a decisive role in enhancing crop production. With arable land declining, production of crops can only be increased by using quality inputs through a scaled-up country-wide effort. Concerted efforts are being taken to transform agriculture, improve farm productivity and farmer prosperity, achieve food security and environmental sustainability.

Agrochemicals are chemicals that help boost crop productivity through prevention of destruction of crops by pests such as insects, weeds, fungus, etc. The global economy, in general, and Indian, in particular, is facing a multitude of challenges such as to feed an evergrowing population, reducing arable land bank and dealing with adverse climatic changes. Under such circumstances, the traditional methods of growing more crops are rendered inadequate. There is a growing acceptance to launch advanced agrochemical solutions to achieve higher field productivity.

Agriculture which contributes to 16.5% of the GDP and provides employment to nearly half of the country's population, plays an important role in the Indian economy. India is a leading farm producer as well as an exporter of many agro commodities. Its agro economy faces multiple challenges which is

reflected in the relatively lower productivity compared to the advanced economies of the world. Science provides solutions to address some of these challenges and in turn, these provide opportunities for businesses involved in agriculture inputs.

Indian agriculture is on a growth path, with an increase in investments and private funding in the past few years. The sector is expected to grow with better momentum in the next few years, owing to an increase in investment in agricultural infrastructure such as irrigation facilities, warehousing and cold storage. Factors such as reduced transaction costs, time, better port gate management and fiscal incentives will also contribute to this upward trend. Furthermore, the increased use of genetically modified crops is also expected to better the yield of the Indian farmers.

IMPACT OF CLIMATIC CHANGES ON AGRICULTURAL PRODUCTION

According to the India Meteorological Department ('IMD'), CY 2019 was India's seventh warmest year since nation-wide records commenced in CY 1901. India's annual rainfall in CY 2019 was 109% of the Long Period Average ('LPA') rainfall (in the 50 years from 1961-2010), as against only 91% of the LPA in CY 2018. Production of most crops was estimated to be higher in FY 2019-20 than their average annual production on account of the favourable monsoon during the year. The 2nd Advance Estimates released by the Department of Agriculture Cooperation and Farmers Welfare, estimated the total Foodgrain production in India at a satisfactory level of 291.95 Million Tonnes ('MT') in FY 2019-20. This was 7 MT higher than the country's output at 284.95 MT (as per the 4th Advance Estimates) in FY 2018-19 and 26.20 MT higher than the previous five years' average production. The Government of India has announced several pro-farmer initiatives to double farmers' income by 2022 and provide growth impetus to the agriculture sector. These include the Pradhan Mantri Kisan Maan Dhan Yojana ('PM-KMY'), Pradhan Mantri Kisan Samman Nidhi ('PM-KISAN'), the e-NAM portal to promote 'One Nation One Market', Direct Cash Benefit Transfer, and growth impetus to horticulture.

INDUSTRY OVERVIEW

The global agricultural input market is expanding rapidly on account of growing food demand from a world population that is estimated to reach approx. 10 billion by 2050. The rising population, coupled with declining arable land, is significantly changing farming practices to achieve higher yield per acreage. Crop care and crop protection markets worldwide are adapting to these changing needs and playing an important role in improving farm productivity, environmental sustainability and farmer prosperity.

IRRIGATION INDUSTRY

Only 20% of the total cultivated land globally is irrigated, but it contributes 40% of the entire food produced worldwide. Irrigated farming is twice as productive as conventional methods per unit of land. Since agriculture has 70% share of water withdrawals globally, efficient and effective water management continues to be a core factor in sustainable farming operations. This has made irrigation a key priority for several economies.

OUTLOOK

A global economic recovery depends to a great extent on the pandemic being brought under control, containment measures being scaled back and trade and manufacturing activities being gradually restored without causing a second wave of contagion. The IMF estimates the world economy to decline by 3% in CY 2020 followed by a recovery and growth of 5.8% in CY 2021. The shape and speed of recovery in the United States ('US') and China will be the key to determining the nature and traction of the global economic recovery.

CROP PROTECTION INDUSTRY

Crop protection chemicals play a critical role in maintaining and enhancing agricultural output by minimising plant diseases, weeds and pest damages to crops. The global crop protection industry stood at US\$ 65.59 billion in CY 2019, recording a growth of 0.8% over CY 2018 level of US\$ 65.09 billion. Brazil and Argentina have been the biggest markets for crop protection worldwide.

Crop protection chemicals play a major role in increasing agriculture productivity. They help in minimising plant diseases, weeds, and other pests that damage agriculture crops, and thus increasing and maintaining year-on-year crop yield. Around 25% of the global crop output is lost due to attacks by pests, weeds and diseases. India is the 4th largest producer of agrochemicals, after the US, Japan and China. In India, better timing and spatial distribution of rainfall, higher pest incidence, and steps by the Government to improve farm income are expected to increase the application of agrochemicals. The industry faces several challenges due to strict environmental regulations. Crop protection comprises of insecticides, fungicides, herbicides and bio-pesticides. India's pesticides consumption is currently one of the lowest in the world among other economies.

EFFLUENT MANAGEMENT

We have installed effluent treatment plant. All effluents generated at plant are segregated into hazardous and non-hazardous categories and they are effectively treated, recycled and reused, wherever possible.

RESEARCH & DEVELOPMENT

Being actively engaged in product and process development activities across various segments of its businesses, Research & Development (R&D) is an integral part of the Company's operations. We have dedicated R&D plant at Bahadurgarh, Haryana is certified by the Ministry of Science and Technology, Government of India with pilot plant having a qualified team. We also have R&D Plant at Dahej, Gujarat having NABL Certification from National Accreditation Board for Laboratories as a certified research lab, alongwith Pilot plant. Both the plants are working round the clock working on new chemistries.

QUALITY

In addition to ISO 9001:2015 for Quality Management, the professional commitments of high order have earned the rating of ISO 14001:2015 for Environment Management System and also ISO 45001:2018 Certification for Occupational Health & Safety norms. The Company is also registered with global mercantile data compiler and rating agency Dun & Bradstreet.

BUSINESS PERFORMANCE

Your Company has highly qualified and dedicated team of professionals in various work profile to focus on quality improvement in existing products, marketing the products to prevailing customers and exploring new domestic and overseas customers for the Company. Your Company achieved a turnover of ₹ 1231.87 crores registering an increase of about 23.84% over previous year turnover of ₹ 994.69 crores and earned a Profit before Tax (PBT) of ₹ 205.19 crores and Profit after Tax (PAT) of ₹ 157.64 crores.

Apart from loyal customer base that the Company is enjoying since last several years now, many more new domestic as well as overseas customers are added to the portfolio of the Company during the year & same is expecting to increase in near future due to Company's commitment of supplying high quality product in a time bound manner.

Moving ahead, the Company remains poised to implement key initiatives across functions to enable itself to face market challenges and leverage the emerging opportunities. It remains focused on improving revenue growth and profitability, driven by high growth segments such as seeds and nutrients.

EXPENSES

The Company's total expenses (excluding depreciation and finance cost) increased by 22.59% from ₹806.84 crores in FY 2018-19 to ₹989.11 crores in FY 2019-20. Major expense items of the Company comprise cost of material consumed, purchase of stock-in-trade, power and electricity, freight & forwarding outward, employee benefits expenses.

Cost of materials consumed increased by 8.98% from ₹724.90 crores in FY 2018-19 to ₹789.99 crores in FY 2019-20 owing to increase in major raw material prices.

Power and Electricity expenses increased by 24.57% from ₹19.33 crores in FY 2018-19 to ₹24.08 crores in FY 2019-20, largely due to increase in prices of utilities.

Employee benefit expenses increased by 20.45% from ₹57.36 crores in FY 2018-19 to ₹69.09 crores in FY 2019-20 owing to increase coming from annual increment and new recruitment.

Finance costs decreased by 1.26% from ₹15.82 crores in FY 2018-19 to ₹15.62 crores in FY 2019-20.

RISKS AND CONCERNS

The Covid-19 outbreak with its disruptive effects on global manufacturing and trade would continue to pose challenges for the Company's operations in FY 2020-21, and it may affect offtake of the Company's products and exert pressures on its margins. However, following the Government's declaration of agriculture as an essential service, the Company has resumed its operations and does not foresee material impact on its business due to the relaxing of lockdown norms.

Risk management comprises all the organizational rules and actions for early identification of risks in the course of doing business and the management of such risks along with identification of opportunities.

Despite the strong growth drivers, Indian agrochemicals industry faces challenges in terms of low awareness among large number of end users spread across the geography. Managing inventory and distribution costs is a challenge for the industry players in the wake of volatility in business environment.

The performance of the crop protection industry and other agri-inputs is dependent on monsoons, pest and disease incidences on crops. As this year's monsoon failure has shown, major fluctuations in total rainfall and its distribution affect the crop acreages and overall productivity and have a direct correlation with sales. Agrochemical companies face issues due to seasonal nature of demand, unpredictability of pest attacks and high dependence on monsoons.

Compliance to growing regulatory norms is a continuing requirement and could lead to delays in obtaining necessary approvals. Changes in guidelines or policies in various geographies may also lead to sudden disruption of business in specified products.

The Company's Internal Audit department plays a critical role in co-ordinating with various department heads to ensure strict adherence to processes established for key business risk identification. It recommends corrective actions to improve the Company's processes pertaining to risk identification and risk handling and ensures adequate mitigating measures are in place. The Company continuously reviews emerging risks such as global consolidation in the crop protection industry, regulatory changes and a probable ban on select active ingredients. These risks are also opening up new opportunities for the Company to grow and it continues to focus on developing novel, effective and compliant products and formulations to tap these emerging opportunities.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has created internal control systems which are commensurate with the size, scale and complexity of its operations. The Company has also identified entity level controls for the organization, covering integrity and ethical values, adequacy of audit and control mechanisms and effectiveness of internal and external communication, thereby strengthening the internal controls systems and processes with clear documentation on key control points. The internal controls are formulated and implemented by the management with an objective to achieve efficiency in operations, optimum utilization of resources and effective monitoring and compliance with applicable laws.

HUMAN RESOURCES DEVELOPMENT

The Company invested in a strong workforce and working environment to report sustainable growth, reflected in the continuous improvement in operating processes and new product introduction. The Company believes in a performance-driven culture.

The Company organized training programmes based on emerging requirements, covering technical, behavioral, customer orientation, safety, code of ethics, product training and other needs. The Company continued to recruit skilled scientific, technical and managerial personnel.

CAUTIONARY STATEMENT

Certain Statements made in this report relating to Company's objectives, outlook, future plans etc. may constitute "forward looking statement" within the meaning of applicable laws and regulations. Actual performance may differ materially from such estimates or projections, whether express or implied. Important factors that could make a difference to the Company's operations; include Government Regulations, Tax regimes, Economic developments within India and countries in which the company conducts business and other allied factors.

(xiii) Other Material Information

In an effort to improve our services & to minimize investor grievances, we seek co-operation of our esteemed shareholders / members in the following matters:

- (a) Green Initiative:** Ministry of Corporate Affairs ("MCA"), Government of India, vide its circulars dated April 21, 2011 and April 29, 2011, has taken a "Green Initiative in the Corporate Governance", thereby allowing Companies to serve documents to its members through electronic mode. Subsequently, SEBI has also vide its circular dated October 05, 2011, amended the Equity Listing Agreement and directed the listed entities to supply soft copy of Annual Reports to all those shareholders who have registered their email address for the purpose. Accordingly members are requested to register their Email-Ids by sending request to the Company/RTA/ concerned DPs (in case of Demat Holding). We solicit your valuable co-operation and support in our endeavor to contribute our bit to the Environment.
- (b) Mandatory to submit PAN Card Copy (For Shares held in Physical mode):** The Securities and Exchange Board of India (SEBI) has vide its circulars dated May 20, 2009 and January 07, 2010, made it mandatory to submit a copy of PAN Card along with other documents for effecting transfer, transmission, transposition and name deletion of deceased holder from share certificate (in case of joint holding) in respect of shares held in physical mode. Shareholders are therefore requested to ensure submission of a copy of their PAN Card, as in the absence of the said document, the above said requests in respect of shares held in physical mode will stand rejected by the Company/RTA.
- (c) Change of Address:** In case of change in postal address or any incompleteness / incorrectness in address mentioned in any correspondence by the Company, the shareholders are requested to intimate the correct/complete postal address (including PIN Code) to the Company at the earliest to ensure proper delivery of documents. If the shares are held in dematerialized mode, information may be sent to the DP concerned.
- (d) Depository System:** By virtue of SEBI Circular dated 29th May, 2000 shares of the Company are subject to compulsorily trading in dematerialized mode on the Stock Exchanges. For shareholder's convenience, the process for getting shares dematerialized is as follows:
- Shareholder shall submit original share certificate(s) along with Dematerialization Request Form (DRF) to the Depository Participant (DP);

- DP shall process the DRF, generate a Unique Dematerialization Request No. (DRN) and forward the DRF alongwith the share certificate(s) to the Registrar and Transfer Agent (RTA);
- RTA after processing the DRF will confirm/reject the request to depositories;
- If confirmed by RTA, depositories will credit shareholder's account maintained with DP.

The entire process shall take approximately 15-20 days from the date of receipt of DRF. All shareholders who hold shares of the Company in physical mode may get their shares dematerialized to enjoy paperless and easy trading of shares.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF BHARAT RASAYAN LIMITED**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited accompanying financial statements of BHARAT RASAYAN LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (Ind AS) and other accounting principles generally accepted in India, of the standalone state of affairs of the Company as at March 31, 2020 and standalone profit, total comprehensive income, standalone changes in equity and its standalone cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

KEY AUDIT MATTERS	AUDITORS' RESPONSES
REVENUE RECOGNITION Estimation of provision for sales returns, discounts, rebates, schemes and incentives on sales impacting revenue from sale of products Revenue from sale of products is presented net of returns, discounts, rebates, schemes and incentives in the consolidated Ind AS financial statement The estimates associated with sales returns, discounts, rebates, schemes and incentives on sale of products have been identified as a key audit matter as it is having a significant impact on the recognized revenue and the management is	PRINCIPAL AUDIT PROCEDURES PERFORMED We obtained the understanding of the Company's process, policies and procedures in making the estimates in the given areas of sales return, discount, rebates, scheme, incentives and performed the following procedures: We evaluated and tested the design and operating effectiveness of controls related to these estimates. We assessed the assumptions used by the management in determining the amount of provisions by studying the market conditions and obtaining an understanding of key contractual agreements.

KEY AUDIT MATTERS	AUDITORS' RESPONSES
required to make certain judgements in respect of revenue recognition and level of expected rebates/discounts and returns which are deducted in arriving at revenue. Management is required to consider historical experience, specific contractual terms and future expectation of revenue to determine these estimates. Also factors such as current and expected operating environment, action of third parties and weather conditions have a significant impact on management's judgement.	We considered the accuracy of management's estimates in previous years by comparing historical accrued liabilities with their subsequent settlement, ratio analysis of sales return, discounts, rebates, schemes and incentive as a percentage of sale of last few years. We verified if any credit notes were issued and/or their adjustment after the balance sheet date and their impact on financial statements.

Information Other than the Standalone Financial Statements and Auditors' Report Thereon

- The Company's Management and Board of Directors is responsible for the other information. The other information obtained at the date of this Auditors' Report is in Director's Report, Corporate Governance Report and Management Discussion & Analysis Report, but does not include the standalone financial statements and our Auditors' Report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013, ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), standalone changes in equity and standalone cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternatives but to do so.

Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's

report that includes our opinion. Reasonable assurance is a high level of assurance. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, we are of the opinion that the Company is able to continue as a going concern. Our conclusions are based on the audit evidence obtained up to the date of our Auditors' Report.
- Evaluate the overall presentation, structure and content of the financials including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we

give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid standalone financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The standalone Balance Sheet, the standalone Statement of Profit and Loss, and the standalone Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the standalone financial statements.
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act;
 - (e) On the basis of the written representations received from the Directors as on 31st March, 2020 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2020 from being appointed as Director in terms of Section 164(2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
 - (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act;
 - (h) With respect to the other matters to be included in the Auditors' Report in accordance with rule 11 of the companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (I) The Company has disclosed the amount of pending litigations having an adverse impact on its financial position in the notes to its standalone Ind AS financial statements.
 - (II) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - (III) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- (III) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Accordingly, clause 3(III) (a), (b) & (c) of the order are not applicable.
- (IV) According to the information, explanations and representations provided by the Management and based upon audit procedures performed, we are of the opinion that in respect of loans and investments the Company has complied with the provisions of the Section 185 and 186 of the Companies Act, 2013. The Company has not provided any guarantees or security as specified under Section 185 and 186 of the Companies Act, 2013.
- (V) In our opinion and according to the information and explanations given to us, the company has not accepted any deposits and hence the directives issued by Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under are not applicable to the company. Accordingly, the provisions of clause 3 (V) of the Order are not applicable to the Company.
- (VI) The Central Government has specified maintenance of cost records under sub-section (1) of Section 148 of the Act, and we are of the opinion that prima facie such accounts and records are made and maintained.
- (VII) (a) According to the information and explanations given to us and on the basis of examination of the records of Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, GST, Duty of Customs, Duty of Excise, Cess and any Other Material Statutory Dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amount payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, GST, Duty of Customs, Duty of Excise, Value Added Tax or Cess and any Other Material Statutory Dues were outstanding, at the year-end for a period of more than six months from the date they became payable as at March 31, 2020.

- (c) According to the records of the Company, the dues of Income Tax, Sales Tax, Service Tax, GST, Duty of Custom, Duty of Excise, Value Added Tax and Cess which have not been deposited as on March 31, 2020 were all on account of pending rectification applications towards taxes already paid for which credit not allowed and consequential levy of interest thereon.
- (VIII) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to its bankers/ Financial Institutions. The Company did not have any outstanding debentures during the year
- (IX) According to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (Including debt instruments). As informed to us, there is neither any term loan outstanding nor any term loan has been taken during the year. Hence, clause 3(IX) of the order is not applicable to the Company.
- (X) During the course of examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, no fraud by the Company or any fraud on the Company by its officers or employees has been noticed or reported during the year, nor have we been informed of any such case by the management.
- (XI) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- (XII) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, clause 3 (XII) of the Order is not applicable to the Company and hence not commented upon.
- (XIII) According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Act where ever applicable and details of such transactions have been disclosed in the standalone Ind AS financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Sec. 133 of the Act.
- (XIV) According to the information and explanations given to us and based on our examination of the records of the company, the company has not made any preferential allotment or private placement of shares of full or partly convertible debentures during the year and hence, reporting requirement under clause 3(XIV) not applicable to the Company and not commented upon.
- (XV) According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into any non-cash transactions with Directors or persons connected with them. ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT ON STANDALONE FINANCIAL STATEMENTS OF BHARAT RASAYAN LIMITED

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT") AS REFERRED TO IN PARAGRAPH 2(f) OF 'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS'

We have audited the internal financial controls with reference to standalone financial statements of **BHARAT RASAYAN LIMITED** ("the Company") as of March 31, 2020, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls With reference to standalone financial statements issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities included the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls With reference to standalone financial statements (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, essential components stated in Guidance Note issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our Audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records in reasonable

detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2020, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls With reference to standalone financial statements issued by the Institute of Chartered Accountants of India.

Notes to the Standalone Financial Statements for the year ended 31st March, 2020

1. General Information

Bharat Rasayan Limited is a public limited company domiciled in India and was incorporated on May 15, 1989 for the business of manufacturing the Pesticides. It is a backward integration project to manufacture Technical Grade Pesticides and Intermediates conforming to International Standards. It is Listed on National Stock Exchange.

The address of its registered office is 1501, Vikram Tower, Rajendra Place, New Delhi 110008.

2. Basis of Preparation

2.1 Statement of Compliance

The Standalone financial statements for year ended March 31, 2020 is prepared in accordance with Indian Accounting Standards (Ind-AS) notified under section 133 of the Companies Act, 2013 and Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule-III to the Companies Act, 2013. Based on the nature of the products and the time between purchase of materials for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Basis of Measurement

The financial statements have been prepared under the historical cost convention and on an accrual basis, except for the following item that have been measured at fair value as required by relevant Ind-AS.

- a. Employee defined benefit plan.
- b. Certain financial assets and liabilities measured at fair value.

2.3 Use of Estimates and Judgement

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial statements and the reported amount of income and expenses. Examples of such estimates includes future obligations under employee retirement benefit plans and estimated useful life of property, plant and equipment, Employee benefit expenses, provisions etc. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Future results could differ due to changes in these estimates and difference between the actual result and the estimates are recognised in the period in which the results are known /materialized.

2.4 Statement of Cash Flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

For the purposes of the cash flow statement, cash and cash equivalents include cash in hand, cash at banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand which are considered part of the Company's cash management system.

The company has adopted the amendment to Ind-AS 7, which require the entities to provide disclosures that enable users of financial Statements to evaluate changes in liabilities arising

from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material effect on the financial statements.

2.5 Functional and Presentation Currency

Items Included in the Financial Statements are measured using the currency of primary economic environment in which the Company operates (Functional Currency) The financial statements are presented in Indian Rupee (INR), which is functional as well as presentation currency of company.

- Transactions in foreign currency are recorded at the rate of exchange prevailing at the time the transactions are affected. Exchange differences arising on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.
- Monetary items denominated in foreign currency are restated and converted into Indian rupees using the exchange rate prevailing at the date of the Balance Sheet and the resulting exchange difference is recognized in the Statement of Profit and Loss.

2.6 Property, Plant and Equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost of asset includes the following:

- (a) Cost directly attributable to the acquisition of the assets
- (b) Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.

Cost of replacement, major inspection, repair of significant parts is capitalized if the recognition criteria are met. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of assets. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in statement of profit or loss.

As per management estimate there is no decommissioning, restoration or similar liabilities on its property, plant and equipment hence, no adjustment has been made in this regard.

Depreciation

- (a) Depreciation on Property, plant and Equipment is provided on Written down value method (WDV) over the useful life of the assets as specified in Schedule II of the Companies Act, 2013.
- (b) Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.

The estimated useful life of assets for current and comparative period of significant items of property plant and equipment are as follows:

Particulars	Useful Life (Years)
Plant and Machinery	20
Building - factory	30
Building - others	60
Computers	3
Office Equipment's	10
Furniture and fixtures	10
Vehicles	8

- (c) Depreciation methods, useful lives and residual values are reviewed at each reporting date. In the case of revision, the unamortised depreciable amount is depreciated on a prospective basis.

2.7 Intangible Assets

An intangible Asset is recognized where it is probable that the future economic benefits attributable to the assets will flow to the company and cost of the asset can be measured reliability. Intangible assets are stated at historical cost less accumulated amortization and impairment loss, if any.

Intangible assets are amortized over their respective estimated useful lives on a WDV basis (As per Companies Act) from the date that they are available for use.

2.8 Investment Property

- (a) Investment property comprises completed property, property under construction and property held under finance lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions.
- (b) Investment Properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.
- (c) The company depreciates building component of investment property over the life described in schedule II of companies Act, 2013 from the date of original purchase.
- (d) Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

The Company does not owned any investment property during the year.

2.9 Inventory

- (a) The consumption of raw materials is net of Input tax credit availed. Items of inventories are measured after providing for obsolescence, if any.
- (b) Inventory has been valued at moving weighted average cost (through SAP). In the case of finished goods cost comprises material, labour and factory overheads. Goods in process have been valued at the raw material cost incurred up to the stage of production plus conversion cost apportioned.

2.10 Provisions

Provisions are recognized in respect of liabilities which can be measured only by using a substantial degree of estimates when:-

- (a) The Company has a present obligation as a result of a past event,
- (b) It is Probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and,
- (c) The amount of the obligation can be reliably estimated

Provisions are reviewed at each Balance Sheet date.

Where the effect of the time value of money is material the amount of a provision shall be the present value of the expenditure expected to be required to settle the obligation.

2.11 Revenue Recognition

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

- (a) Sales have been accounted for exclusive of Goods and Service tax and are net of returns and discounts. Export benefits have been accounted for separately on accrual basis. The Export benefits are accrued on the date of export.
- (b) The company follows the accrual System of Accounting and on assumptions of an ongoing concern. Revenue is recognized only when it can be reliably measured.
- (c) Sales does not includes captive consumption and stock transfer.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable using Effective Interest rate Method.

Dividend is recognized when the shareholders right to receive payment is established, economic benefit will flow to the entity and amount can be measured reliably.

2.12 Leases

a) Company as a lessee

- (i) The Company Recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date , plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.
- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use-asset or the end of the lease term. The estimated useful life of the right-to-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-to-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.
- (iii) The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.
- (iv) The lease liability is measured at amortized cost using the effective interest method, it is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right -of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.
- (v) The Company presents right-of-use asset that do not meet the definition of Investment property in the "Property plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.
- (vi) Short term Lease and Leases of low value assets:-The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall

assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company recognizes lease payments received under operating lease as income on a straight-line basis over the lease term as part of "Other Income".

2.13 Impairment of Non-Financial Assets

In accordance with Ind AS-36 Impairment of Assets, the carrying amounts of Company's assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment.

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value and impairment loss is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired.

2.14 Borrowing Cost

The company incurred no borrowing cost attributable to the acquisition or construction of any qualifying assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and Loss.

2.15 Employee Benefits

(a) Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive etc. and the same are recognized in the period in which the employee renders the related services.

(b) Long Term Employee Benefits

Long-term employee benefits are recognized as an expense in the Statement of Profit and Loss for the year based on report of Actuarial Valuation towards leave encashment & gratuity. The expenses are recognized at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains or losses are recognized in other comprehensive income.

2.16 Taxes

(a) Current Income tax

Current tax is measured at the amount expected to be paid to the tax authorities using the applicable tax rates

Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Liability for additional taxes, if any, is provided / paid as and when assessments are completed/settlement of assesment. Current tax related to OCI Items is recognized in Other Comprehensive Income (OCI).

(b) Deferred Tax

Deferred income tax assets and liabilities are recognized for temporary differences which is computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax related to OCI Item are recognized in Other Comprehensive Income (OCI).

Minimum Alternative Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period. However there is no unveiled MAT credit balance carried over for set off from earlier years. more over the company has opted for corporate tax as per newly inserted section 115BAA of Income Tax act where in provisions of mat will no longer be applicable on the company.

2.17 Earning Per Share

Basic earnings per share are calculated by dividing the net profit or loss (excluding OCI) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue and share split. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.18 Contingent Liabilities and Contingent Assets

- (a) Liabilities are disclosed in either of the following cases:
- (i) A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or
 - (ii) A reliable estimate of the present obligation cannot be made; or
 - (iii) A possible obligation, unless the probability of outflow of resource is remote.
- (b) Contingent Liability is net of estimated provisions considering possible outflow on settlement.
- (c) Contingent Liability and Provisions needed against Contingent Liability and Contingent Assets are reviewed at each Reporting date
- (d) Contingent assets are disclosed where an inflow of economic benefits is probable.

2.19 Investments in Subsidiaries, Joint venture and Associate

Investments in subsidiaries, joint venture and associate are carried at cost, less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down to its recoverable amount. On disposal of investments, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Income and Expenditure.

2.20 Fair Value Measurement

Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. in the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or Indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.21 Dividend to Equity Shareholders

Dividend paid/payable is recognized in the year in which the related dividends are approved by shareholders and recommended by board of directors.

2.22 Financial Instruments

Initial recognition and measurement

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

a. Subsequent measurement

Financial Assets

Financial assets are classified in following categories:

a) At Amortized Cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at amortised cost using effective interest rate method less impairment if any. The EIR amortisation is included in finance income in the statement of profit and loss.

b) At Fair Value Through Other Comprehensive Income (FVTOCL)

A debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned is recognised using the EIR method.

c) At Fair Value Through Profit and Loss (FVTPL)

FVTPL is a residual category for financial Assets. Any financial assets, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the company may elect to designate financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. If doing so reduces or eliminates a measurement or recognition inconsistency. The company has not designated any financial asset as at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

Financial liabilities

a) Financial liabilities at Amortized Cost

Financial liabilities at amortised cost represented by trade and other payables, security deposits and retention money are initially recognised at fair value, and subsequently carried at amortized cost using the effective interest rate method.

b) Financial liabilities at FVTPL

The company has not designated any financial liabilities at FVTPL.

c) Derecognition

Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised only when the contractual rights to the cash flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the income statement.

d) Impairment of financial assets:

Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applies on whether there has been significant increase in credit risk.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss.

2.23 Non Current Assets held for Sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortised once classified as held for sale. Assets and liabilities classified as held for sale are presented separately in the statement of financial position.

If the criteria stated by Ind AS 105 “Non-current Assets Held for Sale and Discontinued Operations” are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

2.24 Events Occurring after Balance Sheet Date

Events occurring after Balance Sheet date are considered in the preparation of financial statements in accordance with Ind AS 10 (Contingencies and Events Occurring After Balance Sheet Date).

43 Disclosure as required by Ind AS 1 "Presentation of Financial Statements"

Changes in significant accounting policies:

Policy of 'Leases' has been modified in the significant accounting policies due to the applicability of Ind AS 116 "Leases".

Ind AS 116 was notified with effect from April 1, 2019 which replaces Ind AS 17. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

Lessor accounting under Ind AS 116 is substantially unchanged from Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 did not have an impact for leases where the Company is the lessor.

The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of April 1, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application.

The Company elected to use the transition practical expedient not to reassess whether contract is or contains lease at April 01, 2019. Instead, the Company applied the standards only to contracts that were previously identified as leases applying Ind AS 17.

The effect of adoption Ind AS 116 as at April 01 2019 (increase/(decrease)) is as follows:

(Rs in Lakhs)

Particulars	Amount
Assets	
Property, plant and equipment	(88.92)
Prepayments	-
Total assets	(88.92)
Liabilities	
Financial liabilities - Lease liabilities	-
Total liabilities	-
Other Equity	(88.92)

The Company has lease contracts for office buildings, land and godowns. Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. Upon adoption of Ind AS 116, the Company applied a single recognition and measurement approach for all leases except for short-term leases.

Company has recognized the right of use assets under the head of the Property, Plant and Equipment as per the guidance given under Ind AS-116.

Leases previously classified as finance leases

The Company did not change the initial carrying amounts of recognised assets at the date of initial application for leases previously classified as finance leases (i.e., the right-of-use assets equal the lease assets recognised under IAS 17). The requirements of Ind AS 116 were applied to these leases from April 01, 2019 by adjustment through modified retrospective method.

Leases previously accounted for as operating leases

The Company recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases. The lessee recognizes a lease liability measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application and correspondingly measured the right-of-use asset at an amount equal to the lease liability, adjusted for previously recognized prepaid or accrued lease payments.

The Company also applied the available practical expedients wherein it:

- (i) Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- (ii) Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application and the total lease term is less than 12 months
- (iii) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- (iv) Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease

44 Ind AS-116 "Leases Disclosures are as under:-

a) Company as a Lessee

The Company as a lessee has entered into various lease contracts, which includes lease of land, office space and godowns. Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease.

Consequent to this, Government of India declared nationwide lockdown on March 24, 2020 and ordered temporarily closure of non-essential businesses, imposed restrictions on the movement of goods and services, travel etc.

The plant operations of the Company were under shutdown due to nationwide lockdown. In view of the unprecedented COVID-19 pandemic and economic forecasts, the Management has assessed the recoverability of its assets including receivables & inventories. In such assessment, the Company has considered internal and external information upto the date of approval of these financial statements including economic forecasts. The Company has performed analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

Management continues to monitor the impact that the COVID-19 pandemic is having on the Company, the specialty chemical industry and the economies in which the Company operates.

(i) Financial performance

The Company believes that for the year 2019-20, there has been no significant impact of Covid19 pandemic on the financial performance of the Company in terms of revenue and profitability of the Company.

(ii) Liquidity

The Company has access to sufficient liquidity for its operation.

The Company expects to recover the carrying amount of its assets comprising property, trade receivables, deferred taxes, other financial and non-financial assets etc. in the ordinary course of business based on information available on current economic conditions.

(iii) Steps taken for smooth functioning

During the lockdown period, the Company has taken various steps towards rethinking the new normal for the business post COVID-19 lockdown. The working at non-critical locations of the Company was streamlined with work from home norms and roster for the employees as per the guidelines issued by the government authorities was finalised. Further, the Company has put in place stringent monitoring processes for COVID-19 ensuring the following:

- (i) Thermal Screening of all employees and visitors
- (ii) Sanitizing the premises and vehicles on regular basis
- (iii) Maintenance of social distancing at all work places
- (iv) Enforcing wearing of masks and regular cleaning of hands
- (v) Regular health updates of all the employees and their families

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF BHARAT RASAYAN LIMITED**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited accompanying financial statements of BHARAT RASAYAN LIMITED ("the Company") and its joint venture company (both together referred to as the "Group"), which comprise the consolidated Balance Sheet as at March 31, 2020, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (Ind AS) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2020 and consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

KEY AUDIT MATTERS	AUDITORS' RESPONSES
REVENUE RECOGNITION Estimation of provision for sales returns, discounts, rebates, schemes and incentives on sales impacting revenue from sale of products Revenue from sale of products is presented net of returns, discounts, rebates, schemes and incentives in the consolidated Ind AS financial statement.	PRINCIPAL AUDIT PROCEDURES PERFORMED We obtained the understanding of the Company's process, policies and procedures in making the estimates in the given areas of sales return, discount, rebates, scheme, incentives and performed the following procedures: We evaluated and tested the design and operating effectiveness of controls related to these

KEY AUDIT MATTERS	AUDITORS' RESPONSES
<p>The estimates associated with sales returns, discounts, rebates, schemes and incentives on sale of products have been identified as a key audit matter as it is having a significant impact on the recognized revenue and the management is required to make certain judgements in respect of revenue recognition and level of expected rebates/discounts and returns which are deducted in arriving at revenue. Management is required to consider historical experience, specific contractual terms and future expectation of revenue to determine these estimates. Also factors such as current and expected operating environment, action of third parties and weather conditions have a significant impact on management's judgement.</p>	<p>estimates. We assessed the assumptions used by the management in determining the amount of provisions by studying the market conditions and obtaining an understanding of key contractual agreements.</p> <p>We considered the accuracy of management's estimates in previous years by comparing historical accrued liabilities with their subsequent settlement, ratio analysis of sales return, discounts, rebates, schemes and incentive as a percentage of sale of last few years.</p> <p>We verified if any credit notes were issued and/or their adjustment after the balance sheet date and their impact on financial statements.</p>

Information Other than the Financial Statements and Auditors' Report Thereon

- The Company's management & Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditors' report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013, ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated Statement of Profit and Loss (including Other Comprehensive Income), consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going

concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, we are of the opinion that the Group is able to continue as a going concern. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financials including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. Also, we are responsible for the direction, supervision and performance of the unaudited financial information of Joint Venture Company Nissan Bharat Rasayan Pvt Ltd included in the consolidated Financial Results duly approved and furnished to us by the Management who remain responsible for the actions carried out by them. **ANNEXURE-A TO THE INDEPENDENT AUDITORS' REPORT
ON CONSOLIDATED FINANCIAL STATEMENTS OF BHARAT RASAYAN LIMITED**

Report on the Internal Financial Controls with Reference to the Aforesaid Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in Paragraph (A)(f) under 'Report on Other Legal and Regulatory Requirements' Section of our Report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of Bharat Rasayan Limited ("the Company") as of and for the year ended March 31, 2020, we have audited the internal financial controls with reference to consolidated financial statements of the Company, as of that date. In our opinion, the Company, has, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2020, based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note")

Management's Responsibility for Internal Financial Controls

The company's management is responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control over financial reporting criteria established by the respective company considering the essential components of internal controls stated in the Guidance Note. These responsibilities included the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our Audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2020, based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls with reference to consolidated financial statements issued by the Institute of Chartered Accountants of India.

1. General Information

Bharat Rasayan Limited (Holding Company) is a public limited company domiciled in India and was incorporated on May 15, 1989 for the business of manufacturing the Pesticides. It is a backward integration project to manufacture Technical Grade Pesticides and Intermediates conforming to International Standards. It is Listed on National Stock Exchange.

The address of its registered office is 1501, Vikram Tower, Rajendra Place, New Delhi 110008.

The Holding Company has one Joint Venture Company i.e. Nissan Bharat Rasayan Private Limited.

The accompanying Consolidated financial statements relate to Bharat Rasayan Limited (Holding Company) and its Joint Venture Company (together referred as "The Group").

2. Basis of Preparation

2.1 Statement of Compliance

The Consolidated financial statements for year ended March 31, 2020 is prepared in accordance with Indian Accounting Standards (Ind-AS) notified under section 133 of the Companies Act, 2013 and Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule-III to the Companies Act, 2013. Based on the nature of the products and the time between purchase of materials for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Basis of Measurement

The financial statements have been prepared under the historical cost convention and on an accrual basis, except for the following item that have been measured at fair value as required by relevant Ind-AS.

- a. Employee defined benefit plan.
- b. Certain financial assets and liabilities measured at fair value.

2.3 Use of Estimates and Judgement

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, disclosure of contingent assets and liabilities at the date of financial statements and the reported amount of income and expenses. Examples of such estimates includes future obligations under employee retirement benefit plans and estimated useful life of property, plant and equipment, Employee benefit expenses, provisions etc. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Future results could differ due to changes in these estimates and difference between the actual result and the estimates are recognised in the period in which the results are known /materialized.

2.4 Basis of Consolidation

Joint Ventures

A Joint venture is a joint arrangement whereby parties that have joint control of the arrangement have rights to the net assets of the arrangement. Interests in joint ventures are initially recognised at cost and thereafter accounted for using the equity method.

Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and

adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. The carrying amount of equity accounted as investments are tested for impairment in accordance with the Group's policy.

Any gain or loss on dilution arising on a reduced stake in the joint venture, but still retaining the joint control, is recognized in the Statement of Profit and Loss.

2.5 Statement of Cash Flow

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

For the purposes of the cash flow statement, cash and cash equivalents include cash in hand, cash at banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand which are considered part of the Company's cash management system.

The company has adopted the amendment to Ind-AS 7, which require the entities to provide disclosures that enable users of financial Statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material effect on the financial statements.

2.6 Functional and Presentation Currency

Items Included in the Financial Statements are measured using the currency of primary economic environment in which the Company operates (Functional Currency) The financial statements are presented in Indian Rupee (INR), which is functional as well as presentation currency of company.

- Transactions in foreign currency are recorded at the rate of exchange prevailing at the time the transactions are affected. Exchange differences arising on settlement of foreign currency transactions are recognized in the Statement of Profit and Loss.
- Monetary items denominated in foreign currency are restated and converted into Indian rupees using the exchange rate prevailing at the date of the Balance Sheet and the resulting exchange difference is recognized in the Statement of Profit and Loss.

2.7 Property, Plant and Equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost of asset includes the following:

- (a) Cost directly attributable to the acquisition of the assets
- (b) Present value of the estimated costs of dismantling & removing the items & restoring the site on which it is located if recognition criteria are met.

Cost of replacement, major inspection, repair of significant parts is capitalized if the recognition criteria are met. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of assets. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in statement of profit or loss.

As per management estimate there is no decommissioning, restoration or similar liabilities on its property, plant and equipment hence, no adjustment in has been made in this regard.

Depreciation

- (a) Depreciation on Property, plant and Equipment is provided on Written Down Value Method (WDV) over the useful life of the assets as specified in Schedule II of the Companies Act, 2013.
- (b) Each part of an item of Property, Plant and Equipment is depreciated separately if the cost of part is significant in relation to the total cost of the item and useful life of that part is different from the useful life of remaining asset.

The estimated useful life of assets for current and comparative period of significant items of property plant and equipment are as follows:

Particulars	Useful Life (Years)
Plant and Machinery	20
Building - factor	30
Building - others	60
Computers	3
Office Equipment's	10
Furniture and fixtures	10
Vehicles	8

- (c) Depreciation methods, useful lives and residual values are reviewed at each reporting date. In the case of revision, the unamortised depreciable amount is depreciated on a prospective basis.

2.8 Intangible Assets

An intangible Asset is recognized where it is probable that the future economic benefits attributable to the assets will flow to the company and cost of the asset can be measured reliability. Intangible assets are stated at historical cost less accumulated amortization and impairment loss, if any. Intangible assets are amortized over their respective estimated useful lives on a WDV basis (As per Companies Act) from the date that they are available for use.

2.9 Investment Property

- (a) Investment property comprises completed property, property under construction and property held under finance lease that is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions
- (b) Investment Properties are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any.
- (c) The company depreciates building component of investment property over the life described in schedule II of Companies Act, 2013 from the date of original purchase.
- (d) Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

2.10 Inventory

- (a) The consumption of raw materials is net of Input tax credit availed. Items of inventories are measured after providing for obsolescence, if any.
- (b) Inventory has been valued at moving weighted average cost (through SAP). In the case of finished goods cost comprises material, labour and factory overheads. Goods in process have been valued at the raw material cost incurred up to the stage of production plus conversion cost apportioned.

2.11 Provisions

Provisions are recognized in respect of liabilities which can be measured only by using a substantial degree of estimates when:-

- (a) The Company has a present obligation as a result of a past event,
- (b) It is Probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and,
- (c) The amount of the obligation can be reliably estimated

Provisions are reviewed at each Balance Sheet date.

Where the effect of the time value of money is material the amount of a provision shall be the present value of the expenditure expected to be required to settle the obligation.

2.12 Revenue Recognition

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

- (a) Sales have been accounted for exclusive of Goods and Service tax and are net of returns and discounts. Export benefits have been accounted for separately on accrual basis. The Export benefits are accrued on the date of export.
- (b) The Company follows the accrual System of Accounting and on assumptions of an ongoing concern. Revenue is recognized only when it can be reliably measured.
- (c) Sales does not includes captive consumption and stock transfer.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable using Effective Interest rate Method.

Dividend is recognized when the shareholders right to receive payment is established, economic benefit will flow to the entity and amount can be measured reliably.

2.13 Leases

a) Company as a lessee

- (i) The Company Recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of lease liability adjusted for any lease payments made at or before the commencement date , plus any initial direct cost incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.
- (ii) The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-to-use-asset or the end of the lease term. The estimated useful life of the right-to-use asset is determined on the same basis as those of property, plant and equipment. In addition, the right-to-use asset is

periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

- (iii) The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate.
- (iv) The lease liability is measured at amortized cost using the effective interest method, it is remeasured when there is a change in future lease payments from a change in an index or rate. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.
- (v) The Company presents right-of-use asset that do not meet the definition of Investment property in the "Property plant and equipment" and lease liabilities in "other financial liabilities" in the Balance Sheet.
- (vi) Short term Lease and Leases of low value assets:-The Company has elected not to recognize right-of-use asset and lease liabilities for short term leases that have lease term of 12 months or less and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(b) As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all the risk and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not then it is an operating lease. As part of the assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

The Company recognizes lease payments received under operating lease as income on a straight-line basis over the lease term as part of "Other Income".

2.14 Impairment of Non-Financial Assets

In accordance with Ind AS-36 Impairment of Assets, the carrying amounts of Company's assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment.

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value and impairment loss is charged to the Statement of Profit & Loss in the year in which an asset is identified as impaired.

2.15 Borrowing Cost

The company incurred no borrowing cost attributable to the acquisition or construction of any qualifying assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and Loss.

2.16 Employee Benefits

(a) Short Term Employee Benefits

All Employee benefits payable within twelve months of rendering the services are classified as short term benefits. Such benefits include salaries, wages, bonus, awards, ex-gratia, performance incentive etc. and the same are recognized in the period in which the employee renders the related services.

(b) Long Term Employee Benefits

Long-term employee benefits are recognized as an expense in the Statement of Profit and Loss for the year based on report of Actuarial Valuation towards leave encashment & gratuity. The expenses are recognized at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gains or losses are recognized in other comprehensive income.

2.17 Taxes

(a) Current Income tax

Current tax is measured at the amount expected to be paid to the tax authorities using the applicable tax rates

Current income tax assets and liabilities for current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. Liability for additional taxes, if any, is provided / paid as and when assessments are completed/settlement of assesment. Current tax related to OCI Items is recognized in Other Comprehensive Income (OCI).

(b) Deferred Tax

Deferred income tax assets and liabilities are recognized for temporary differences which is computed using the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred tax related to OCI Item are recognized in Other Comprehensive Income (OCI).

Minimum Alternative Tax credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent. there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period. However there is no unveiled MAT credit balance carried over for set off from earlier years. more over the company has opted for corporate tax as per newly inserted section 115BAA of Income Tax act where in provisions of mat will no longer be applicable on the company.

2.18 Earning Per Share

Basic earnings per share are calculated by dividing the net profit or loss (excluding OCI) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events of bonus issue and share split. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.19 Contingent Liabilities and Contingent Assets

(a) Contingent Liabilities are disclosed in either of the following cases:

- (i) A present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation; or

- (ii) A reliable estimate of the present obligation cannot be made; or
- (iii) A possible obligation, unless the probability of outflow of resource is remote.
- (b) Contingent Liability is net of estimated provisions considering possible outflow on settlement.
- (c) Contingent Liability and Provisions needed against Contingent Liability and Contingent Assets are reviewed at each Reporting date
- (d) Contingent assets are disclosed where an inflow of economic benefits is probable.

2.20 Fair Value Measurement

Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. in the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or Indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.21 Dividend to Equity Shareholders

Dividend paid/payable is recognized in the year in which the related dividends are approved by shareholders and recommended by Board of Directors.

2.22 Financial Instruments

Initial recognition and measurement

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

a. Subsequent measurement

Financial Assets

Financial assets are classified in following categories:

a) At Amortized Cost

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at amortised cost using effective interest rate method less impairment if any. The EIR amortisation is included in finance income in the statement of profit and loss.

b) At Fair Value Through Other Comprehensive Income (FVTOCI)

A debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the Other Comprehensive Income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Profit & Loss (P&L). On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned is recognised using the EIR method.

c) At Fair Value Through Profit and Loss (FVTPL)

FVTPL is a residual category for financial Assets. Any financial assets, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. If doing so reduces or eliminates a measurement or recognition inconsistency. The company has not designated any financial asset as at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

Financial Liabilities

a) Financial Liabilities at Amortized Cost

Financial liabilities at amortised cost represented by trade and other payables, security deposits and retention money are initially recognised at fair value, and subsequently carried at amortized cost using the effective interest rate method.

b) Financial Liabilities at FVTPL

The company has not designated any financial liabilities at FVTPL.

c) Derecognition

Financial Asset

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised only when the contractual rights to the cash

flows from the asset expires or it transfers the financial assets and substantially all risks and rewards of the ownership of the asset.

Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the income statement.

d) Impairment of Financial Assets:

Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applies on whether there has been significant increase in credit risk.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss.

2.23 Non-Current Assets held for Sale

Non-current assets (or disposal groups) are classified as assets held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The sale is considered highly probable only when the asset or disposal group is available for immediate sale in its present condition, it is unlikely that the sale will be withdrawn and sale is expected within one year from the date of the classification. Disposal groups classified as held for sale are stated at the lower of carrying amount and fair value less costs to sell. Property, plant and equipment and intangible assets are not depreciated or amortised once classified as held for sale. Assets and liabilities classified as held for sale are presented separately in the statement of financial position.

If the criteria stated by Ind AS 105 "Non-Current Assets held for Sale and Discontinued Operations" are no longer met, the disposal group ceases to be classified as held for sale. Non-current asset that ceases to be classified as held for sale are measured at the lower of (i) its carrying amount before the asset was classified as held for sale, adjusted for depreciation that would have been recognized had that asset not been classified as held for sale, and (ii) its recoverable amount at the date when the disposal group ceases to be classified as held for sale.

2.24 Events Occurring after Balance Sheet Date

Events occurring after Balance Sheet date are considered in the preparation of financial statements in accordance with Ind AS 10 (Contingencies and Events Occurring After Balance Sheet Date).

43 Disclosure as required by Ind AS 1 "Presentation of Financial Statements" Changes in significant accounting policies:

Policy of 'Leases' has been modified in the significant accounting policies due to the applicability of Ind AS 116 "Leases".

Ind AS 116 was notified with effect from April 1, 2019 which replaces Ind AS 17. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

Lessor accounting under Ind AS 116 is substantially unchanged from Ind AS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in Ind AS 17. Therefore, Ind AS 116 did not have an impact for leases where the Company is the lessor. The Company adopted Ind AS 116 using the modified retrospective method of adoption with the date of initial application of April 1, 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. **The Company elected to use the transition practical expedient not to reassess whether contract is or contains lease at April 01, 2019.** Instead, the Company applied the standards only to contracts that were previously identified as leases applying Ind AS 17.

The effect of adoption Ind AS 116 as at April 01 2019 (increase/(decrease)) is as follows:

Amount (₹ in Lakhs)	
Particulars	Amount
Assets	
Property, plant and equipment	(88.92)
Prepayments	-
Total assets	(88.92)
Liabilities	
Financial liabilities - Lease liabilities	-
Total liabilities	-
Other Equity	(88.92)

The Company has lease contracts for office buildings, land and godowns. Before the adoption of Ind AS 116, the Company classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. Upon adoption of Ind AS 116, the Company applied a single recognition and measurement approach for all leases except for short-term leases.

Company has recognized the right of use assets under the head of the Property, Plant and Equipment as per the guidance given under Ind AS-116.

Leases previously classified as finance leases

The Company did not change the initial carrying amounts of recognised assets at the date of initial application for leases previously classified as finance leases (i.e., the right-of-use assets equal the lease assets recognised under IAS 17). The requirements of Ind AS 116 were applied to these leases from April 01, 2019 by adjustment through modified retrospective method.

Leases previously accounted for as operating leases

The Company recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases. The lessee recognizes a lease liability measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate at the date of initial application and correspondingly measured the right-of-use asset at an amount equal to the lease liability, adjusted for previously recognized prepaid or accrued lease payments.

The Company also applied the available practical expedients wherein it:

- (i) Used a single discount rate to a portfolio of leases with reasonably similar characteristics
- (ii) Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application and the total lease term is less than 12 months
- (iii) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- (iv) Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease

44 Ind AS-116 "Leases Disclosures are as under:-

a) Company as a Lessee
