**Review of operations:**

During the year under review, the total revenue of the company was Rs. 1029 crores as against the 939.51 Crores. Net Profit/Loss recorded at (36.67) Crores as against Net Profit/Loss of (170.13) crores in the Previous Year.

The Manufacturing Sales including power sales were Rs.880 Crores in the current year compared to 610.36 crores in the previous year. The trading sales during the year amounted to Rs.141.57 Crores compared to 317.36 Crores in the previous year.

**State of Company's affairs and future outlook**

The Company has been under financial stress since Financial Year 2016- 17 due to various external factors beyond the control of the Company including continued recession in steel markets and non-off take of surplus power by state utilities despite signing a PPA for 1 year in 2016-17. This has resulted in sharp drop in EBITDA earnings and consequently the company has been unable to service its debt obligations.

On reference to the Lenders in 2016, debt resolution under the S4A scheme was sanctioned in August 2017 but the same was not implemented due to less anticipated earnings under the S4A scheme. Subsequently the Lenders agreed to consider debt resolution by way of debt restructuring. Though the company had submitted its proposal it had to revise the same considering the revised guidelines of RBI on debt resolutions in February 2018. Thereafter the company submitted proposals which were reviewed and revised as per the discussions with the Lenders and their approval is still awaited.

The operations of the company are being carried out with the support of operational creditors and thus the company is having large overdue payments of operational creditors.

The Company has initiated various steps to improve its operational performance/liquidity, including lowering its operating cost, improved productivity and cost control measures have been put in place. Various realignment initiatives ensured reduced debt burden on the Company resulting in overall reduction in finance cost.

**Listing of Equity Shares**

The Equity Shares of your Company are listed on Bombay Stock Exchange Limited and National Stock Exchange of India Limited. It may be noted that there are no payments outstanding to the Stock Exchanges by way of Listing Fees. The company has paid the listing fee for the financial year 2019-20.

**Delisting from Calcutta Stock Exchange Limited (CSE)**

The Company has made an application for voluntary delisting of equity shares from Calcutta Stock Exchange Limited (CSE) during the year 2017-18 and it's in work in progress and waiting for final order from CSE.

**Unclaimed Suspense Account/Escrow Account:**

In accordance with the procedure laid down in Schedule VI to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company has transferred unclaimed shares of Equity shareholders (previously GSAL Shareholders) into one folio in the name of "Steel Exchange India Limited -Unclaimed Suspense Account" and maintain details of shareholders whose shares are credited to the said Unclaimed Suspense Account.

**Subsidiaries, Joint Ventures or Associate Companies**

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Overview of Indian Economy**

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships.

India's GDP is estimated to have increased 7.2 per cent in 2017- 18 and 7 per cent in 2018-19. India has retained its position as the third largest startup base in the world with over 4,750 technology start-ups.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrollment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 405.64 billion in the week up to 15th March, 2019, according to data from the RBI. With the improvement in the economic scenario, there have been various investments in various sectors of the economy. The M&A activity in India reached record US\$ 129.4 billion in 2018 while private equity (PE) and venture capital (VC) investments reached US\$ 20.5 billion. Some of the important recent developments in Indian economy are as follows:

During 2018-19 (up to February 2019), merchandise exports from India have increased 8.85 per cent year-on year to US\$ 298.47 billion, while services exports have grown 8.54 per cent year-on-year to US\$ 185.51 billion.

Nikkei India Manufacturing Purchasing Managers' Index (PMI) reached a 14-month high in February 2019 and stood at 54.3.

Net direct tax collection for 2018-19 had crossed ` 10 trillion (US\$ 144.57 billion) by March 16, 2019, while goods and services tax (GST) collection stood at ` 10.70 trillion (US\$ 154.69 billion) as of February 2019.

India's Foreign Direct Investment (FDI) equity inflows reached US\$ 409.15 billion between April 2000 and December 2018, with maximum contribution from services, computer software and hardware, telecommunications, construction, trading and automobiles.

India's gross domestic product (GDP) is expected to reach US\$ 6 trillion by FY27 and achieve upper-middle income status on the back of digitization, globalization, favorable demographics, and reforms. India's revenue receipts are estimated to touch ` 28-30 trillion (US\$ 385-412 billion), owing to Government of India's measures to strengthen infrastructure and reforms like demonetization and Goods and Services Tax (GST).

India is also focusing on renewable sources to generate energy. It is planning to achieve 40 per cent of its energy from non-fossil sources by 2030 which is currently 30 per cent and also have plans to increase its renewable energy capacity from 175 GW by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behavior and expenditure pattern, according to a Boston Consulting Group (BCG) report; and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by the year 2040, according to a report by PricewaterhouseCoopers. ### **Indian Steel Industry Scenario (As on April 2019)**

India was the world's second largest steel producer, as of 2018. The country is slated to surpass USA to become the world's second largest steel consumer in 2019.

In FY18, India produced 104.98 million tonnes (MT) and 103.13 MT of finished steel and crude steel, respectively. Crude steel production between April 2018- February 2019 - Provisional (P) reached 97.15 million tonnes. India was also a net exporter of steel in FY18. Exports and imports of finished steel stood at 6.36 MT and 7.84 MT respectively in FY19 (P).

The Government has taken various steps to boost the sector including the introduction of National Steel Policy 2017 and allowing 100 per cent Foreign Direct Investment (FDI) in the steel sector under the automatic route. Between April 2000 and December 2018, inflow of US\$ 11.18 billion has been witnessed in the metallurgical industries as Foreign Direct Investment (FDI).

India's per capita consumption of steel grew to 68.9 kgs, during 2017-18. National Steel Policy 2017 aims to increase the per capita steel consumption to 160 kgs by 2030-31. (Source: [www.ibef.org](http://www.ibef.org))

## **Global Steel Industry Scenario**

In 2018, the world crude steel production reached 1789 million tonnes (mt) and showed a growth of 4.94% over 2017. China remained world's largest crude steel producer in 2018 (928 mt) followed by India (106 mt), Japan (104 mt) and the USA (87 mt). World Steel Association has projected Indian steel demand to grow by 7.3% in 2019 while globally steel demand has been projected to grow by 1.4% in 2019. Chinese steel use is projected to show flat growth in 2019. Per capita finished steel consumption in 2017 is placed at 212 kg for world and 523 kg for China by World Steel Association. The same for India was 69 kg in 2017. Per capita steel consumption for 2018 is yet to be published by WSA. (Source: [www.steel.gov.in](http://www.steel.gov.in))

## **Indian Power Scenario**

India has the fifth largest power generation capacity in the world. The country ranks third globally in terms of electricity production. In May 2018, India ranked 4th in the Asia Pacific region out of 25 nations on an index that measures their overall power. Electricity production in India reached 1,142.0 Billion Units (BU) during FY19 (up to February 2019).

Renewable energy is fast emerging as a major source of power in India. The Government of India has set a target to achieve 175 GW installed capacity of renewable energy by FY22. Wind energy is the largest source of renewable energy in India, accounting for 47.44 per cent (35.14 GW) (As of December, 2018) of total installed renewable capacity (74.08 GW) (As of December, 2018). There are plans to double wind power generation capacity to 60 GW by 2022. India has also raised the solar power generation capacity addition target by five times to 100 GW by 2022. The Union Government of India is preparing a 'rent a roof' policy for supporting its target of generating 40 gigawatts (GW) of power through solar rooftop projects by 2022. All the states and union territories of India are on board to fulfill the Government of India's vision of ensuring 24x7 affordable and quality power for all by March 2019. India is on path to achieve 100 per cent household electrification by March 31, 2019, as envisaged under the Saubhagya scheme. As of September 2018, the Government of India launched a voluntary based programme to promote energy efficient chiller systems in India. It enables the energy performance by providing star ratings and will be effective up to 31st December, 2020.

The Cabinet Committee on Economic Affairs (CCEA) has approved commercial coal mining for private sector and the methodology of allocating coal mines via auction and allotment, thereby prioritizing transparency, ease of doing business and ensuring the use of natural resources for national development.

The Government of India is planning to invite bids for the largest solar tender in the world, for installing 20 gigawatts (GW) of solar power capacity, to give a boost to manufacturing of solar power equipment in India. (Source: [www.ibef.org](http://www.ibef.org))

### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India including The Indian Accounting Standard specified under sec. 133 of the act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

**The Board of Directors are responsible for overseeing the Company's financial reporting process.**

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT**

Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the financial statements of the Company for the year ended March 31, 2019.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s. Steel Exchange India limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**"ANNEXURE B" TO THE INDEPENDENT AUDITORS' REPORT**

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2019:

1. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.  
(b) The Fixed Assets have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the company and nature of its business. Pursuant to the program, a portion of the fixed asset has been physically verified by the management during the year and no material discrepancies between the books records and the physical fixed assets have been noticed.  
(c) The title deeds of immovable properties are held in the name of the company.
2. The management has conducted the physical verification of inventory at reasonable intervals. The discrepancies noticed on physical verification of the inventory as compared to books records which has been properly dealt with in the books of account were not material.
3. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under Section 189 of the Act. Accordingly, paragraph 3 (iii) (a) to (C) of the Order are not applicable.
4. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 In respect of loans, investments, guarantees, and security.
5. The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
6. As informed to us, the maintenance of Cost Records has been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the company. We have broadly reviewed the Cost Records maintained by the Company pursuant to the Company's (Cost Records and Audit) Rules, 2014 prescribed by the Central Government and are of the opinion that prima facie the prescribed cost records have been maintained.
7. (a) According to the information and explanations given to us and the records of the company examined by us, the company is regular in depositing undisputed statutory dues including Provident fund, Employee State Insurance, Incometax, salestax, customs duty, goods and service tax and any other statutory dues as applicable with appropriate authorities. There were no arrears of outstanding statutory dues as on last day of the financial year concerned for a period of more than six months from the date on when they become payable.

## **Significant Accounting Policies and Notes to Financial Statements**

### **1. Corporate information**

Steel Exchange India Limited was incorporated on 24th February 1999. The activities of the company are manufacture of steel products, trading of related products and generation and sale of Power.

The Company is a Public Limited Company incorporated and domiciled in India and has its registered office at Hyderabad, Telangana, India. The company has its listing on the BSE and NSE Limited.

### **2. Significant accounting policies**

#### **2.1 Basis of preparation and Presentation**

##### **(a) Basis of measurement**

The Financial Statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

As the operating cycle has been assumed to have duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

##### **(c) Functional and presentation currency**

The Standalone Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest rupee except otherwise stated.

##### **(d) Use of estimates and judgement**

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

#### **2.2 Summary of significant accounting policies**

##### **2.2.1 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

##### **2.2.2 Investments in subsidiaries, associates and joint ventures**

The Company records the investments in subsidiaries, associates and joint ventures at cost less impairment loss, if any.

##### **2.2.3 Financial Instruments**

All financial instruments are recognized initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognized on trade date. While, loans and borrowings and payable are recognized net of directly attributable transactions costs.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: non-derivative financial assets comprising amortized cost; non derivative financial liabilities at amortized cost.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial instrument is derecognized only when the Company has transferred its right to receive/ extinguish its obligation to pay cash flow from such financial instruments.

**(a) Non-derivative financial assets**

**Financial assets at amortized cost**

A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Amortized cost is represented by security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system.

**Financial assets at fair value through profit or loss**

Fair value through profit or loss is represented by investments in mutual funds.

**(b) Non-derivative financial liabilities**

**Financial liabilities at amortized cost**

- Financial liabilities at amortized cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

**2.2.4 Property, Plant and Equipment:**

Recognition and measurement: Normally Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset.

Depreciation on tangible assets is provided on the straight-line method over the useful lives of assets as per the schedule II of the Companies Act.2013. Leasehold improvements are written off over the lower of the remaining primary period of lease or the life of the asset. The useful life of the assets adopted by the company is as per schedule II of the Companies Act, 2013 as follows:

Building	60 years
Factory Buildings	30 years
Plant and Machinery and Others	15 years

Plant and Machinery (Power Generation)	40 years
Plant and Machinery (Rolling Mill)	20 years
Office equipment	05 years
Computer equipment	03 years
Furniture and Fixtures	10 years
Electrical Installations	10 years
Vehicles (Other than two wheelers)	08 years
Vehicles	10 years
Roads (carpeted-other than RCC)	05 years
Roads (Non-carpeted)	03 years

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end.

Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets.

Subsequent expenditure relating to Property, Plant and Equipment are capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

Repairs & maintenance costs are recognized in the statement of Profit & Loss when incurred.

Upon sale or retirement of assets, the Cost and related accumulated depreciation are eliminated from the financial statements and the resultant gain or losses are recognized in the Statement of Profit and Loss.

#### **2.2.5 Capital work-in progress:**

The items of property, plant and equipment which are not yet ready for use are disclosed as capital work in progress and carried at historical cost.

#### **2.2.6 Leases:**

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases.

##### **Where the Company is the lessee**

Operating lease payments are recognized as an expense in the Statement of profit and loss on straight-line basis over the lease term.

##### **Where the Company is the Lessor**

Assets subject to operating Leases are included in fixed assets. Lease income is recognized in the Statement of profit and loss. Costs including depreciation are recognized as an expense in the Statement of profit and loss.

#### **2.2.7 Inventory:**

Inventories are valued at the lower of cost and net realizable value. Cost of inventories comprises all cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined by First in First out (FIFO) method.

#### **2.2.8 Impairment:**

##### **(a) Financial Assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss.

##### **(i) The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.**

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial

recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- (ii) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- (iii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/ expense in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

**(b) Non-financial assets**

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

**2.2.9 Employee benefits:**

**(a) Gratuity & Provident Fund:**

- (i) Gratuity payable to eligible employees is administered by a separate Trust. Payments to the trust towards contributions and other demands are made on the basis of actuarial valuation.

The Company provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the

tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each Balance Sheet date using the projected unit credit method.

The Company recognizes the net obligation of the defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments are recognized in net profit in the Statement of Profit and Loss.

- (ii) Fixed contributions to Provident Fund are recognized in the accounts at actual cost to the Company.

**(b) Other Benefits:**

Other employee benefits are estimated and accounted as per the company's policy and the terms of the employment contract

**2.2.10 Provisions:**

All the provisions are recognized as per Ind AS 37. Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

**2.2.11 Revenue recognition:**

The Company derives revenues primarily from business of Iron & Steel and power.

Effective April 1, 2018, the Company adopted "Ind AS 115, Revenue from Contracts with Customers", using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The following is a summary of new and / or revised significant accounting policies related to revenue recognition.

Revenue is recognized upon transfer of control of promised goods or services to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably. Revenue is measured net of returns, trade discounts and volume rebates. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales agreement.

An Entity's right to consideration in exchange for goods or services that the entity has transferred to a customer when that right is conditioned on something other than passage of time is treated as contract asset.

An entity's obligation to transfer goods or service to a customer for which the entity has received consideration (or the amount is due) from the customer is treated as contract liability.

The Company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on performance obligation that corresponds to the progress by the customer towards earning the discount / incentive. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then the discount is not recognized until the payment is probable and the amount can be estimated reliably. The Company recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Contract modifications are accounted for when additions, deletions or changes are approved either to the

contract scope or contract price. The accounting for modifications of contracts involves assessing whether the goods/services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Goods/ services added that are not distinct are accounted for on a cumulative catch-up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional Goods/ services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

The Company presents revenues net of indirect taxes in its Statement of Profit and Loss.

### **Disaggregate revenue information**

Revenue from Operations presents disaggregated revenues from contracts with customers for the year ended March 31, 2019 by type of good or services. Refer table in note no.3.20

The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

### **Trade receivables and contract balances**

The Company classifies the right to consideration in exchange for deliverables as a receivable.

A receivable is a right to consideration that is unconditional upon passage of time.

Revenue for time-and-material contracts are recognized as related control in goods is transferred and services are performed.

Trade receivable is presented net of impairment in the Balance Sheet.

During the year ended March 31, 2019, the Company recognized revenue of Rs.74.81 crore arising from opening unearned revenue as of April 1, 2018.

### **Performance obligations and remaining performance obligations**

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue.

Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time-and-material basis.

Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, and adjustment for revenue that has not materialized and adjustments for currency.

The aggregate value of performance obligations that are completely or partially unsatisfied as at March 31, 2019, other than those meeting the exclusion criteria mentioned above, is Rs.23.75crore. Out of this, the Company expects to recognize revenue of around 94% within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience without a substantive penalty since, based on current assessment, the occurrence of the same is expected to be remote.

The impact on account of applying the erstwhile Ind AS 18, Revenue instead of Ind AS 115, Revenue from Contracts with Customers on the financials results of the Company for the year ended and as at March 31, 2019 is insignificant.

### **2.2.12 Finance income and expense**

- Finance income consists of interest income on deposits, Lease rental income, un realized gain on mutual fund and other miscellaneous income. Interest income is recognized as it accrues in the statement of profit and loss.
- Finance expenses consist of interest expense on loans and borrowings. Borrowing costs are recognized in the statement of profit and loss.

- Foreign currency gains and losses are reported on a net basis.

### **2.2.13 Income tax**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

#### **(a) Current income tax**

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

#### **(b) Deferred income tax**

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

### **2.2.14 Earnings per share**

Basic earnings per share are computed using the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

### **2.2.15 Foreign Currency Transactions:**

Foreign currency transactions are recorded at the exchange rate prevailing on the date of the transaction. Monetary foreign currency assets and liabilities are reported at the exchange rate prevailing on the balance sheet date. Exchange differences relating to long term monetary items, arising during the year, as so far as they relate to the acquisition of the depreciable capital asset is dealt with in the profit and loss statements.

### **2.2.16 Borrowing costs**

Borrowings costs directly attributable to acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which it occurs.

Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

**Note-3.1: Property, plant and equipment**

The changes in the carrying value of property, plant and equipment for the period ended March 31, 2019 are as follows:

	Freehold Land and Roads	Freehold Buildings	Machinery	Electricals	Equipments	Furniture & Fixtures	Vehicles	Roads	Railway Sidings	Total

**I. Narrations****1. Analysis of Defined Benefit Obligation:**

- The number of members under the scheme has increased by 7.08%.
- The total salary has increased by 12.46% during the accounting period.
- The resultant liability at the end of the period over the beginning of the period has increased by 18.51%.

**2. Expected rate of return basis**

EROA is the discount rate as at previous valuation date as per the accounting standard.

**3. Description of Plan Assets and Reimbursement Conditions:**

100% of the Plan Asset is entrusted to SBI Life Insurance Co. Ltd under their Group Gratuity Scheme. Thereimbursement is subject to insurer's Surrender Policy.

**4. Investment / Interest Risk:**

The Company is exposed to Investment / Interest risk if the return on the invested fund falls below the discount rate used to arrive at present value of the benefit.

**5. Longevity Risk:**

The Company is not exposed to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason.

**6. Risk of Salary Increase:**

The Company is exposed to higher liability if the future salaries rise more than assumption of salary escalation.

**7. Discount Rate:**

The discount rate has decreased from 7.74% to 7.66% and hence there is an increase in liability leading to actuarial loss due to change in discount rate.

**3.36.2 Segment Reporting as per Ind-AS 108:****A) Basis for segmentation**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The Company has two reportable segments, as described below, which are the company's strategic business units. These business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the business units, the company's Board reviews internal management reports on a periodic basis.

The following summary describes the operations in each of the Company's reportable segments:

**(B) Information about reportable segments**

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), segment revenue and segment capital employed as included in the internal management reports that are reviewed by the board of directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

- Expenses are accounted under prepaid expenses only where the amounts relating to unexpired period are material.
- Some of the balances appearing under trade receivables, Trade payables, advances, security deposits and other payables are subject to confirmations.
- Figures for the previous year have been regrouped/ rearranged wherever considered necessary so as to confirm to the classification of the current year.
- The Company has incurred net loss during the year ended 31st March 2019 and the year-end current liabilities exceeded the current assets as at 31st March 2019 which has adversely effected the operations of the company. The Company's financial performance has been effected mainly due to adverse steel markets, weak demand and prices, non-offtake of power, introduction of GST and non-availability of working capital and other factors beyond the control of the Company. With a suitable debt resolution which is in discussion with the Lenders and keeping in view the improvement in demand for steel, the Company expects considerable improvement in its financial performance. The impact of these developments is expected to be favorable on the Company's operations and financials and the company has therefore prepared these financial statements on the basis of going concern concept.

### 3.36.9 Financial Risk Management :

#### a) Risk Management Framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors monitors the compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company has exposure to the following risks arising from financial instruments:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, loans	Ageing analysis	Diversification of credit limits and lette of credit
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed borrowing facilities to facilitatethe day today working capital requirements.
Market risk- currency risk	Imports giving rise to foreign currency payables	–	–

**A) Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

**(a) Trade receivables**

"The Company sales are generally based on credit period and advance payments. The trade receivables in the books are mainly on account of credit sales to various parties."

Expected credit loss for trade receivables under simplified approach is detailed as per the below tables:

**B. Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

**(i) Financing Arrangements**

The Company has access to the following undrawn borrowing facilities at the end of reporting period:

	<b>31<sup>st</sup> March 2019</b>	<b>31<sup>st</sup> March 2018</b>
Flexible rate	-	-
Expiring within one year (bank overdraft and other facilities)	-	-

**C. Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

**(i) Foreign currency risk**

Since majority of the Company's operations are being carried out in India and since all the material balances are denominated in its functional currency, the company does not carry any material exposure to currency fluctuation risk.

The Company's exposure to foreign currencies is minimal and hence no sensitivity analysis is presented.

**(ii) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's exposure to interest rate risk is minimal and hence no sensitivity analysis is presented.

**3.6.10 Capital Management**
**(a) Risk management:**

The primary objective of the Company's capital management is to maximise the shareholder value. The Company's objectives when managing the capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.

## **Steel Exchange India Limited - Members KYC Updation**

Dear Shareholder(s),

### **Sub: Mandatory updation of PAN and Bank Account details & e-mail id & Contact details:**

The Securities and Exchange Board of India (SEBI) vide its circular no. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018 has issued guidelines for Strengthening and raising Industry standards for Registrar and Share Transfer Agents (RTA), Issuer Companies and Banker to an Issue. Further, one of the directions of the said circular requires the Company to take special efforts towards updation of PAN and bank account details along with e-mail id and contact details of all those shareholders of the Company holding shares in physical form who have not updated their details earlier.

As per the records of the Company, we note that you have not updated your PAN and bank account along with e-mail id and contact details with the Company.

In view of the above and in compliance of the said SEBI circular, we request you to update your PAN and bank account details along with e-mail id and contact details by filling the attached form and submitting the same along with a self attested copy of your PAN Card, and original cancelled cheque leaf showing name of account holder (if name is not printed, self attested copy of first page of the bank passbook) within 21 days from the date of receipt of this letter to us to our Share Transfer Agent M/s Venture Capital and Corporate Investments Private Limited, 12-10-167, Bharat Nagar, Hyderabad - 500 018, TelNo.04023818475/76, (or) send the scan copies of the same to email id : info@vccilindia.com or cs@seil.co.in

Further, as per SEBI (LODR) Regulations, 2018 No. SEBI/LAD-NRO/GN/2018/24 dated 08.06.2018 and BSE circular no. LIST/COMP/15/2018-19 dated 05.07.2018 request for effecting transfer of shares in physical form has not possible with effect from 01st April, 2019 unless the shares are held in dematerialized form with a depository. Hence, it would be in your interest, to take necessary steps to dematerialize your shares through your Depository Participant and hold them in Electronic Form.

Kindly quote your Folio No. in all your correspondence (Attached draft letter in which information is to be sent for updating of your PAN and Bank Account details along with e-mail id and contact details)

If you fail to update your mail id with the Company/Depository/RTA, then we can stop to send the physical copy of Annual Reports from next year due to green initiative of Government of India to protect environment.

Thanking you,  
Yours faithfully,  
For **Steel Exchange India Limited**,
