From the Chairman's Desk

Dear Shareholder,

I am delighted to share with you an important landmark in the journey of your Company, the celebration of its platinum jubilee year, with completion of 75 years of distinguished existence.

Today, KCP is a group with turnover of about Rs 1400 crores with diverse initiatives into Cement; Sugar; Heavy Engineering; Hospitality, Generation of all types of power like Thermal, Hydel, Wind and Solar.

The vision of Late Sri Velagapudi Ramakrishna, who laid the foundation for the Company in 1941, is the inspiration for the path it covered with emphasis on quality, ethics, transparency, compliances and the corporate governance. KCP recognised the importance of inclusive growth and the Social responsibility by starting a higher secondary school way back in 1967 and carried on with such responsibility by setting up Polytechnic College, Kids Patasala etc. and also took up activities for health, infrastructure, drinking water so on and so forth.

With the technological foresight of its founder, KCP envisioned 'Excellence through Innovation' and adopted the latest processes especially in critical industrial equipment.

The 75th Annual Report reveals that the financial year(FY) 2016 was one of the best years of your company, in recent times. Both on standalone basis as well as at group level, KCP registered good bottom line.

The performance of your Company is intertwined with the macro economic conditions of the country. India's GDP gained momentum in the final quarter of FY 2015 and pushed full-year growth to a five-year high. GDP grew 7.6% in FY 2015, which was up from 7.2% in the previous fiscal year and primarily reflected the robust growth in private consumption, which accounts for nearly 60% of the economy. The budget deficit has been shrinking in last few years and is expected to narrow further. Stellar management of inflation, which kept the Indian Rupee stable, supported the government's efforts to attract foreign-direct investment. India is reasonably insulated against global ramifications of 'Brexit' Brittan's decision to exit European Union. The strengthening of other macroeconomic indicators including swelling foreign-exchange reserves and narrowing current-account deficits also inspired confidence in would-be investors. Reduction in interest rates was gradual due to the hawkish stance on inflation taken by the authorities.

As countries like China and Brazil have slipped in their economic management, India signaled that it is a mature economy, where prudent macroeconomic decisions are taken based on technical expertise, not political whim. This raised its profile in the international arena substantially.

Coming to the performance of the company, I am particularly pleased to state that cement segment of the company made giant contributions to the bottom line. Better realisations primarily helped in registering good profits in the cement segment. Though, on pan India basis, the demand for cement did not pick up as anticipated by the cement players, your company could enhance the cement volumes also.

The power segment was a mixed bag during the year 2015-16. While captive thermal power plant could optimise its capacity utilisation by selling the surplus power to the state grids as well as other buyers through the exchange, the hydel unit's performance was dismal due to the prevailing drought conditions.

The record rainfall in Chennai during the second half of the year, affected the performance of the Engineering Unit at Chennai. Coupled with the rains and floods, the pickup of the demand for capital goods is still awaited. Consequently, despite registering higher turnover, the unit recorded losses.

I am delighted to share with you the fact that the Hotel project of your Company at Hyderabad has been completed and is operational. Ours is a business hotel located in the heart of the capital city of Telangana, Hyderabad. It has state of the art facilities.

I am happy to state that the phase-I expansion of your Company's subsidiary sugar unit at Vietnam, was completed and the results of the expansion would be reflected in the year 2016-17. Global prices of sugar have been improving since second half of the financial year 2015-16. The realisations in Vietnam also improved leading to enhanced financial performance of that unit. However, the drought condition led to the poor crop resulting in reduction of volumes of sugar produced and sold.

Backed by the optimistic conditions in the economy, the Union Budget 2016-17 proposed a slew of measures to boost infrastructure and investment, which should be positive for the cement sector, as increased spending on infrastructure enhances the demand for cement. Spends on smart city development, allocations for Urban Rejuvenation Mission and Mission for Development of 100 Smart Cities, should also help cement off take. The rural push given in the Budget should also spur the rural demand. Adoption of cement in the place of bitumen in new road projects will also help in creating demand for cement.

The recent announcement that India will now, for the first time, allow 100% foreign ownership of firms in a broad swath of industries further reinforces the message that India is open for business.

Buoyed by the policy measures taken by the government, encouraging economic indicators and the developments in the Capital Region of Andhra Pradesh and other projects taken up in Telangana and Andhra Pradesh, your Board of Directors' have decided to expand the capacity of the existing plant at Muktyala from 1.8 million tons per annum (TPA) to 3.5 million TPA. The project is likely to go on stream by the financial year 2019.

Your Company is committed to sustained development and inclusive growth of all the stakeholders and has a good Corporate Social Responsibility policy in place and is committed to diligent discharge of this responsibility.

Your Company banks on the confidence reposed in it by all the stakeholders, unstinted commitment by its employees, and customers.

I assure that your Company would strive to live up to your expectations.

Best Regards,

V L Dutt

Chairman and Managing Director

From the Joint Managing Director

Dear Shareholder,

75 Years. It is a long time in an organisation's existence, while only a short time in the human story. 75 years of existence of a business house is quite an awe-evoking event. The cultural, social, and technological changes that span the last several decades have deeply affected and changed our lives in numerous ways along with the world. Yet, our Group's timely and appropriate response to these changes is a continuing key to our success. Some things at the core of our Group have not changed despite the complexity of our dynamic environment and, I am sure, they would remain so in the coming decades of our Group's existence too. This is the dictum that our Founder envisioned – one that stood our Group in good stead all through its existence. The increasing dynamism and rapid expansion occurring in the economies of contemporary societies have created the imperative for an inclusive developmental process.

While that may be a new phenomenon for many, at KCP it has always been the norm rather than an exception.

In 1941 a sick cooperative society morphs into a bustling sugar plant transforming villages around it into a thriving economy. It was the overarching vision of the industrial patriarch Sri. V. Ramakrishna (ICS) that brought about the sea change in the lives of the cooperative society members and the villagers. It is his vision vested with values that drives the eventful history of the prestigious KCP Group.

The unprecedented success of the Sugar plant and its expansion by acquisitions, was followed by the establishment of the Engineering Unit at Chennai and the first Cement Factory at Macherla, Guntur District, Andhra Pradesh.

When the then Madras State was on the threshold of industrial growth, the Engineering workshop at Tiruvottiyur was set up to provide technical and mechanical support to Sugar and Cement factories. The well-crafted strategy turned out to be being at the right place at the right time. The cement factory at Macherla was initially set up to cater to the needs of the then prestigious construction of the NagarjunaSagar Dam, a momentous irrigation project.

In 1995, KCP began a collaboration with the then Fives Cail Babcock, subsequently Fives Lillie Cail, for manufacture and erection of sugar plant equipment. This collaboration has been doing well with generous technical support from its partners.

KCP Limited went on to set up a hundred per cent foreign invested sugar plant in Vietnam in 1999 and made a resounding success of it. This has built benchmarks of technical and managerial excellence and transparency in a friendly country.

In 2012-13 a 1.52 MTPA green field Cement Plant (the 2nd in the Group) was Commissioned at Ramakrishnapuram, Muktyala, Andhra Pradesh, and in year 2014-15 an 18MW Thermal Power Plant was commissioned at Muktyala for captive power generation for this cement unit.

Now veering away from all its core businesses, KCP has put to use its land in Somajiguda, a peaceful residential neighbourhood of Hyderabad that has become a modern business area, by building a four-star hotel. The 130 room business hotel in the upper middle segment is being run by a leading international hotel chain under management contract.

KCP also established power generation units from hydel sources, Waste heat recovery, Solar and through windmills.

Bowing to the demands of the time, in 1996, the company demerged its sugar businesses under independent management with the shareholders retaining their respective stakes in both companies.

The welfare of employees and that of the neighboring communities has been the moving force behind the establishment of many educational institutions, social and community projects in the vicinity of our facilities. The company has always viewed it as part of its responsibility to the community from which it derives its resources for business and the company has in its own way practiced this by making its surroundings greener and the environment more resident-friendly..

KCP played a stellar role in building a modern India that the brand is now a hallmark for values. Over the years, our Brand has acquired a premium that truly cannot be replicated. We have been in the forefront adopting new technologies in all spheres of our activities setting new trends for others to emulate.

In the course of the last 75 years, we have achieved much and therefore have much to be proud of and this is a more opportune time than ever for us to rededicate ourselves to keep treading on our chosen path and carry on with our journey towards newer horizons. Our technical excellence, dedicated human resources, upcoming projects and progressive market growth augur well for our future. I thank you for the continued confidence you have been reposing in the company. With your support and encouragement I am sure the company will scale greater heights in the coming decades.

Thank you

V.L. Indira Dutt
Joint Managing Director

From the Executive Director

Dear Shareholder,

Today, KCP has a 75 years of legacy behind it. This translates into there being a great company and great tradition, and of course, great values, behind every employee.

Each person in the KCP Group is as important to our success as the other. But, how did all come through? How did it all happen and culminate into creating such a great Institution?

Excellence through Innovation has been our Founder's passcode to success. Hard work, attention to detail, persistence, customer orientation, meeting a market demand in essence, everything that is expected of an entrepreneur has been his hallmark. In the formative years of his corporate empire, to everybody's surprise, he invested the same spirit and philosophy in people as much as he did in his business ventures.

KCP, imbibing the values of its founder, has always believed in a sustainable and responsible HR policy. The rapid societal changes in the era of globalisation and the incumbent challenges that need immediate attention have been making it imperative on corporations to spruce up their approach to HR in a myriad of ways. Much before – in fact many decades before – others realized this as a necessity to survive, at KCP people management and HR policies have always been norms rather than an exceptions.

The comfort levels created by the company to employees is so substantial that most of the employees retire in their posts. Job security, good and pleasant working environment that prevails along with flexible and dynamic people management policies are the main reasons for this.

Skill enhancement through Training & Development creates a multi skilled workforce. Over the years we have created a large skilled and experienced technical manpower base through constant upgradation of knowledge and skills of our employees. Knowledge based self-enrichment is a valuable opportunity being provided by the organisation to its personnel on a regular basis.

While Ramakrishna Cultural & Welfare Club (RCWC) caters to employees' welfare activities, Samasthithi was started with the noble aim of generating additional Income for spouses of male employees through some self-help programmes which has been highly successful over the decades.

A very transparent system of Assessment of performance of employees through performance management information system enables evaluation based on subjective to objective methods thereby avoiding personal prejudices. Key Result Areas (KRA) are measured in this scientific method. To encourage employees who excel in their activities and are committed and loyal to the organisation's growth, efforts are made to accord recognition to them through rewards and awards.

KCP is clearly conscious of today's globalised environment where a cutting edge competitive spirit is essential to take forward our objectives, maintain the growth trajectory and its scale of operations. In this challenging scenario, the role of each employee becomes increasingly important with more demands being placed on his / her skill, talent and efficiency.

We are pleased to place before you our readiness to take on the challenges in the coming decades and achieve greater heights and momentous goals with sustainable growth.

Yes, our HR Management Systems are firmly in place while we welcome the future with open arms.

Thank you

Grand Inauguration of Mercure Hyderabad KCP

Corporate Social Responsibility

KCP has been in the forefront in demonstrating its corporate social consciousness for almost 75 years now. A legacy very few Indian corporates can claim. For us at KCP, social responsibility does not merely mean doling out charities. For us, it is more of ethical behavior, display of sensitivity to our social, cultural, economic and environmental factors. It is inextricably intertwined in our ethos, impacts growth and development of the local community as well as business.

Since inception, we have been deeming it our responsibility to tend to all the local communities that we operate in and over the decades, this has made a tremendous tangible impact on the communities.

KCP supports a variety of communities in multiple thrust areas like Health, Sanitation, Education, Skill Development, Environment Protection and Infrastructure.

We partner with local bodies, NGOs and other similar likeminded agencies in programs relating to Women empowerment, Skill development, community development.

We list below some of the CSR activities that we have undertaken this year.

Health:

KCP has been supporting the health initiatives by organizing health camps to offer curative services and raising awareness on health issues, and by providing infrastructural and medical equipments to hospitals and health centers, as well as renovation of hospital buildings and construction of new health centers.

During the year at the request of M/s PSR Anjaneyulu Meenakshi Eye Vision Centre, Macherla, our company has contributed Rs. 5 Lakhs to construct the Second Floor in the eye hospital to be named after our Founder Chairman Sri Velagapudi Ramakrishna.

Free eye camp was organized by our Cement Production unit, Macherla in association with PSR Anjaneyulu Meenaskhi Rotary Vision Centre in Terala Village in which 500 persons were tested, 30 persons underwent surgery at PSR Anjaneyulu Hospital, Macherla and were provided with free medicines and spectacles.

On 18.01.2016 and 22.02.2016, our Cement Production Unit at Macherla in association with Rotary Club of Macherla has organized pulse polio immunization programs in Rural Villages of Macherla, Veldurthy, Durgi Mandals and Macherla Town of Andhra Pradesh.

Education:

KCP recognizes education as one of the priority areas for its CSR activities, in order to support the communities around the operating areas of the company and to increase the literacy levels. A number of initiatives have been undertaken like promotion of adult education with focus on women's education.

During the year, the company has supported Jaigopal Garodia Government Higher Secondary School at Thiruvottiyur, Deivasigamani Middle School at Thiruvottiyur, Chennai and Thiruvottiyur Public Library by providing sitting benches, books, learning aides, stationery, computer and laboratory equipments.

Environment Protection

KCP initiatives aimed towards the betterment of the environment include green initiatives such as tree plantation drives to promote afforestation, efforts to conserve water, manage and dispose of waste responsibly by sticking to the emission norms and promote the environmental protection programs in association with voluntary and community

groups by encouraging green areas around our work areas, by constantly educating and encouraging the workers and people in the surrounding areas to keep the environment clean by recycling the wastes for non polluting the Air and Water resources.

On the occasion of World Environment Day, we have planted 250 saplings in our factory and mines. On JMD's birthday (being celebrated as Environment day in our Company) 500 Saplings were planted in our Terala Mines.

During the year, as part of the reforestation programme, Plantation drive was undertaken at Muktyala School wherein 300 saplings of different varieties of plants were planted within school premises and more than 1,000 saplings were planted in Muktyala village.

Women empowerment

KCP supports the skill development among women as part of women empowerment through vocational training and career counseling to improve skills and employability of candidates and subsequently their earning capacities by supporting income generation activities for people and especially for women in rural areas.

During the year, a training program on tailoring was conducted for the women at Muktyala to make the village women more skilful and enable them to start their own self-employment activities in the village. Training in embroidery was provided to our Samasthithi members at Macherla for three Months in association with Spoorthi Foundation, Hyderabad.

As part of our women empowerment initiative, residential plots ranging from 2 cents to 3 cents were gifted to 20 women from Muktyala village belonging to minority and other weaker communities for construction of houses.

Infrastructure:

KCP in partnership with local and state governments has been supporting their schemes through CSR programs like Development of roads, community welfare centers, revamping of water pumps and improvement of other civic amenities etc and has adapted Muktyala Village to develop it as Integrated Smart Village.

To support the Swatch Bharat Mission of Government of India, we have undertaken a wide range of activities

in Muktyala village like cleaning of roads and school compound, and distribution of cement and bricks to the villagers for the construction of toilets.

During the year, KCP has commissioned RO plant at Government Hospital, Jaggayyapeta and at APSRTC Bus stand, Macherla as part of its initiative to provide clean and potable water to the people around our facilities.

We have extended monetary support for construction of Gram Panchayat Office Building in Terala Village.

KCP also donated one lakh concrete bricks for the construction of new state capital of Andhra Pradesh at Amaravathi.

Other Activities

Our company has been regularly extending support to local, social and charitable organizations in promoting their activities on different occasions.

On the occasion of Lord Sri Lakshmi Chennakesava Swamy Radhotsavam, we have conducted repair works to chariot of Lord Sri Lakshmi ChennakesavaSwamy in Macherla.

On the eve of Karthikamasam, our Samasthithi members distributed blankets, bread, fruits and arranged lunch to the mentally disabled students in Surya Kiran Manasika Vikalangula School and also to the poor people of Leprosy colony, Macherla

During Chennai Floods, KCP contributed Rs. 10 Lakhs worth of clothes, blankets, towels, rice, cereals, vessels etc. to the flood hit people.

2. Business Performance:

Cement Division:

- ❖ Average pan-India prices remains stable and registered a moderate growth of 0.6% only against 5% growth in 2014-15. Prices dropped in North. The Southern region, however, continued to show increase in prices without much variation in volume off-take.

Inspite of that our Company's cement division registered an impressive performance in 2015-16, aided by the price rise as well as improvements in volumes.

- ❖ KCP Exports Cement to neighbouring countries and the realisation from the same were affected by slowdown in international prices and strengthening of US Dollar.

Engineering Division:

- ❖ Engineering Unit continues to reel under the lower growth rate of the economy.
- ❖ Efforts to bring the unit in to profits dampened with the record breaking rains followed by devastating flood in Chennai.
- ❖ Hence, the engineering unit registered losses in 2015 -16 also.

Power Division:

- ❖ Severe drought in river Krishna basin has affected the operation of the hydel unit which generated negligible power. However the performance of the thermal and other powers units was satisfactory. Surplus power generated at Thermal Power unit was exported to the state grid and also sold through the Power Exchanges.
- ❖ The Renewable Energy Certificates (RECs) accrued to the company were sold at a very slow pace as the market for RECs was not very active.

The performance of the Company is being discussed in greater detail in the Management Discussion & Analysis Report forming part of this report.

Management Discussion and Analysis

Performance of the Company

(Rs. In lakhs)

FINANCIAL YEAR	2015-2016	2014-2015
Gross Sales	86,199	69,669
Profit before depreciation, interest & tax	14,965	10,680
Profit(+)/Loss(-) after tax	4,286	1,587

The performance highlights of the company during the year 2015-16 are given briefly hereunder.

- ❖ The cement division has one of the best times in terms of realizations as well as off-take. Prices of cement started picking up in the 4th Qtr of 2014-15 and continued the uptrend in the financial year 2015-16, though the prices started stabilizing toward the year end. There was also improvement in the demand as can be seen from the quantities sold.
- ❖ Engineering unit faced the wrath of nature in the form of unprecedented rains and floods. Production was affected for a few months leading to losses.
- ❖ Due to scanty rainfall, there was practically no generation at our hydel unit in Andhra Pradesh, hence registered loss. The Captive Thermal Unit at Muktyala was meeting the power requirements of our cement unit at Muktyala. The surplus power at the plant could be exported to the State Grid in the second half of the year. Some power was sold through Power Exchanges.
- ❖ The subsidiary at Vietnam (KCP VIL) has completed first phase of expansion during the financial year 2015-16 and has improved its performance and made good growth in profits

The company's performance, the division wise analysis of the operations is discussed as under:

Cement Division:

Operational Performance:

FINANCIAL YEAR	2015-2016	2014-2015
Cement produced (MT)	1524092	1,379,196
Clinker produced (MT)	1,313,221	1,235,757
Cement sold (MT)	1,527,489	1,381,012
Revenue (Rs In lakhs)	76,590	63,791
Segment Profit before Interest & Tax (Rs in lakhs)	11,051	7,174

Cement Division had one of the best years recording best ever profits in recent years. The factors contributing to such impressive performance are as follows:

- ❖ Cement prices started looking up from the last quarter of preceding year and continued the journey, though they showed signs of weakness towards the end of the year. The demand for cement also picked up reasonably helping the company in registering growth in volumes sold.
- ❖ Increase in the clean energy cess from Rs 100 to Rs 200 per ton in the Budget 2015 and imposition of District Mineral Development Fund cess, added to the cost of production. This clean energy cess further doubled to Rs 400 per ton in the Budget 2016. However, the input materials like coal are on the declining trend internationally, which helped the Company in containing the costs to some extent.
- ❖ The Cement Unit at Mutyala won "Best Operating Cement Unit in India" award from Confederation of Indian Industries (CII).
- ❖ On power front, continuous efforts by the company helped in reducing power consumption at our Muktyala unit. The unit received "Best Energy Efficient Cement Unit" for two years consecutively from National Council for Cement and Building Materials, Ministry of Energy.
- ❖ Muktyala Unit also received ISO 14000 Certification "for environment", ISO 50001 for energy and ISO 18001 "for safety and Health, in addition to ISO 9001 "for quality".

Cement Industry in the country:

With nearly 390 million tonnes (MT) of cement production capacity, India is the second largest cement producer in the world and accounts for 6.7 per cent of world's cement output. The cement production capacity is estimated to touch 550 MT by FY 20. Of the total capacity, 98 per cent lies with the private sector and the balance with the public sector. The top 20 companies account for around 70 per cent of the total production.

The housing sector is the biggest demand driver of cement, accounting for about 67 per cent of the total consumption in India. The other major consumers of cement include infrastructure at 13 per cent, commercial construction at 11 per cent and industrial construction at nine per cent.

The prices in South continues to be significantly higher Year on year basis. The exports have been on decline due to unattractive international prices.

Outlook:

The sector, which has been facing depressed demand, is hoping that business from government-driven projects will get their engines back into high gear. These government projects include the Housing for All (on which it plans to spend \$50 billion) and the smart city push.

As per one research, cement demand growth is seen rising to 5.5-6% in fiscal 2016-17 led by higher public investments in infrastructure and pick-up in real estate demand. Demand in South the growth may be the slowest at 3-4%, Andhra Pradesh would buck the trend and witness healthy growth. East is likely to record the highest demand growth.

Cement Prices remained soft in 2005-16, except in South where prices have increased 12% year-on-year. Improvement in demand and higher utilization would help in a 5% price increase on average at national level.

The government's focus on infrastructure is demonstrated in increase in budgetary spending year-on-year.

Challenges:

It's mainly the cement manufacturers in South India, who are banking on the upcoming construction of capital city Amaravati and other road and housing projects in Telangana to help pick up demand. But even if these proposals come through, time lags in implementation, is a challenge. There is also hope that demands from India's eastern states create hot new markets of the future, although getting a timeline on this opportunity is hard.

KCP is one of the few companies to have almost all types of power sources, mostly for captive consumption

- ❖ **Thermal Power plant:** Thermal Power Plant which was commissioned in 2014-15, caters to the needs of the cement plant at Muktyala. Surplus power available was sold through exchanges or to the state power distribution companies. The power plant operation was regulated on the basis of needs of cement unit as well as the power sale commitments. Hence the capacity utilization is not optimum, low international coal prices could not completely reflect the cost of generation due to increase in clean energy cess and other levies.
- ❖ **Hydel:** Very poor monsoon severely hampered our hydel unit's operation where generation is negligible compared to healthy generation during 2014-15. However, good monsoon predicted for 2016-17, should help in improvement in hydel generation.
- ❖ **Solar:** Full benefits of solar energy generation could not be reaped by the company due to very poor market for Renewable Energy Certificates (RECs) earned by the company from the generation of solar energy.
- ❖ **Windmill:** Generation at wind mill was affected due to not very favorable wind conditions at that unit due to belated setting in of the season. Hence, lower generation of power.
- ❖ **Waste Heat Recovery:** The generation at this unit is dependent on the waste heat produced at the Cement Unit at Macherla. The generation at this unit is in line with the production at the cement unit

FINANCIAL YEAR	2015-2016	2014-2015
Revenue :		
Domestic	6704	5,153
Export	391	94
Segment Profit before interest & Tax (Rs. Lakhs)	-1,028	-1,685

Performance:

Capital goods manufacturers are bearing the brunt of the economic slowdown in past couple of years. Structural bottlenecks and weak demand meant slimmer order books, crimped margin and stretched working capital.

KCP's engineering unit had added woes in the form of stoppage of operations due to record breaking rain fall followed by floods in Chennai, where the unit is located. This scenario would have been worse but for the insurance

taken by the company, which helped in mitigating the losses to certain extent.

Challenges:

The Engineering Unit is dependent on the growth rate in the economy. The policies of government are to be reflected in to action to improve the order book of the unit and the performance.

Outlook:

The budget has provided a thrust to the capital goods sector through a sharp rise in investments in sectors like Railways, Roads and Power transmission and distribution. These initiatives should boost the declining order book.

Going forward, private sector investments is expected to stay low while public investment initiatives would help arrest some of the slide in demand

Other activities:

Ready Mix Concrete (RMC) is gaining importance in the recent times in view of advantages like time required for concreting, space required for storing various types of materials by the builders for preparation of traditional concrete, activity near the new capital of AP. To gain experience KCP has taken on lease an existing unit for preparation of concrete with KCP brand name.

Regarding the performance of Bricks unit, the demand for concrete bricks is yet to pick up. Traditional clay bricks still dominate the market and the performance of the bricks unit is not satisfactory.

Projects:

During the year the Company has commissioned the Hotel at Hyderabad (Mercure Hyderabad KCP) and handedover to the Operator for Hotel Management.

The Container Freight Station (CFS) project undertaken in Chennai, has obtained the crucial approvals like reclassification of land for industrial purpose from residential use. Letter of Intent from Inter Ministerial Committee (IMC), New Delhi is in the final stage of approval.

Joint Venture:

Fives Cail KCP Limited:

Operational Performance & Outlook:

During the year under review, Fives Cail KCP Ltd., a Joint venture with Fives Cail of France, which is engaged in the sale of machinery and equipment and provision

of technology to the sugar industry has reported good profit and will continue to progress well and increase its turnover and its profits in the coming years as the company has entered into newer and emerging markets and its prospective market base has expanded.

Revenue (Rs. Lakhs)	46,010	53,985
Profit before Tax (Rs. Lakhs)	7,230	5,126

Overview:

During the year company operated with a total crushing capacity of 6000 TCD (Son Hoa Unit – 5000 TCD and Dong Xuan Unit – 1000 TCD). The total cane crushed was 802,425 MTs with a recovery rate of 9.24% and the refined sugar produced was 92,177 MTs which includes sugar processed from raw sugar of 18,086 MTs

During the year raw material availability for the milling decreased due to the prolonged drought caused due to El Nino effect. The quality of the sugar cane and the sugar production were also lower. Raw sugar was also purchased for conversion in to high quality refined sugar to cash upon the favorable conditions for the production and the consumption.

During the first half of the year the sugar price continued its down trend due to oversupply in Vietnam and the World with the sugar prices touching the lowest level in five years. During second half of the year the sugar prices have moved

up in line with the international market trend. Due to the prolonged drought, farmers were unable to replant some areas which caused negative impact on the plan of the Company to ensure adequate raw material for the crushing season 2015-16.

The Company is carrying out formalities to invest on a power cogeneration project of capacity 30 MW in phase I along with sugar factory expansion to 8000 TCD and further expansion to 60 MW in phase II at Son Hoa unit.

30MW power production facility installation will be completed in year, 2016 and will serve the sugar factory capacity expansion to 8000 TCD. Necessary formalities to obtain approvals to invest on a grid line to connect 30 MW power plant with national grid to facilitate export of electricity

and to enter in to a PPA (Power Purchase Agreement) with EVN (Electricity of Vietnam) are under progress.

Cautionary Statement:

Statements in the “Management Discussion and Analysis” describing the Company's objectives, expectations or predictions are as perceived currently. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include domestic supply and demand conditions affecting selling prices of finished goods, input prices, changes in government regulations, tax laws, economic developments within the country and other factors such as litigation and industrial relations.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3)(m) of The Companies Act, 2013 read with Rule 8(3) of The Companies (Accounts) Rules, 2014]

A: STEPS TAKEN FOR CONSERVATION OF ENERGY

Energy conservation and efficiency measures were undertaken in various areas of cement manufacturing and captive power plants of the company mainly through operational measures as under:

Energy conservation measures taken at cement Unit-II, Macherla:

- ❖ Replaced several conventional light fittings with energy efficient LED light fittings at different places in the colony resulting into energy saving of 36,000 KWH.
- ❖ At Waste heat recovery cooling tower VFD module installed to avoid valve control in the month of October, 2015 and the Pump is operating at required flow by controlling the speed at 1728 rpm instead of 2880 rpm earlier. Energy Saving of 1 KWH per hour
- ❖ in the month of January'2016 to reduce the power consumption and Energy Saving of 11.5 Kwh per day.
- ❖ In Turbine Generator house Control Room 16 nos of 36 Watts conventional Tube lights were replaced with 22 Watts LED lights in the month of February'2016 and Energy Saving of 9 KWH per day.
- ❖ 12.5 KW thyristor drive and DC motor unit was replaced with VFD and 5.5 KW AC motor in Ropeway unloading stn. Launching device in the month of DEC'2015 and energy Saving of 1 KWH per hour.
- ❖ Based on a detailed study of loading and unloading of the compressed air from new packing plant compressor J129 having VFD operated compressor has been diverted to cement mill from November, 2015 and is working effectively and Saving of 10 KWH per hour in power consumption without any further investment.

Energy conservation measures taken at cement Unit-II, Muktyala

- ❖ Installed 15 No. Variable Frequency Drives (VFD) for Auxiliary bag filter fans and energy saving of 77KW/Hr.
- ❖ Replaced 25 No of 150W High power sodium vapour lamps (HPSV) with 70 W LED Lights for Plant Street Lights and energy savings of 2905 KWH/Yr.
- ❖ Replaced GRR cooling fan with optimal rating fan by maintaining same level of cooling efficiency and energy savings of 6 KW/Hr.
- ❖ Replaced Induced Draft Cooling tower with Natural draft Cooling Tower for CCR building AHU System and energy savings of 10 KW/Hr.
- ❖ Replaced Kiln coal and PC coal blowers with optimal rating blowers and energy savings of 90KW/Hr.
- ❖ Implemented PYRO box technology in the PC firing system and energy savings of 4 Kcal/Kg of Clinker and increase in Clinker production by 40 Tons/Day.
- ❖ By replacing improved version of cooler plates, increase in clinker production up to 4700 TPD.
- ❖ Modified Raw Mill inlet gas duct reduced pressure drop, increased air flow and Raw Mill production from 325TPH to 358TPH.

Energy conservation measures planned at cement Unit-II, Muktyala

- ❖ Proposal for Installation of 36W LED panel Lights in place of 4X14W T5 Panel lights for CCR Building Lighting and expected energy savings are 3 KW/Hr.
- ❖ Proposal to replace Induced Draft Cooling tower with Natural draft Cooling Tower for MRSS +CM building AHU System and expected energy savings are 6 KW/Hr.
- ❖ Proposal for Installation of 70 W LED Lights in place of 150W HPSV Lamps for Plant Street Lights and expected energy savings are 10 KW/Hr.
- ❖ Proposal for Installation of Waste Heat Recovery system from cooler exit gases.
- ❖ Proposal for Installation of VFD in place of GRR for Raw Mill Fan Motor.

B: TECHNOLOGY ABSORPTION:-**1. Benefits derived as a result of the R&D**

Being ongoing exercises they would take a period before the benefits would flow and can be identified only over a period of time.

2. Future plan of action

Report on Corporate Governance

Corporate governance refers to the set of systems, principles and processes by which a company is governed. It is based on principles such as conducting the business in an ethical manner with integrity and fairness, making all the necessary disclosures and decisions, complying with all the laws of the land. It is all about balancing individual and societal goals, as well as, economic and social goals

The Company's philosophy on code of Governance

KCP's philosophy on Corporate Governance is embedded in the rich legacy of ethical governance practices, most of which were implemented before they were mandatorily prescribed. Integrity, transparency, accountability and compliance with laws which are the columns of good governance are cemented in the Company's robust business practices to ensure ethical and responsible leadership both at the Board and at the Management level.

The Company's Code of Business Conduct, its Risk Management Policy and its well structured Internal Control Systems which are subjected to regular assessment for its effectiveness, reinforces integrity of Management and fairness in dealing with the Company's stakeholders.

This, together with meaningful CSR activities and sustainable development policies followed by the Company has enabled the Company to earn the trust and goodwill of its investors, business partners, employees and the communities in which it operates.

Our Company has complied with the requirements of Corporate Governance as prescribed by Regulations 17 - 27 of Schedule IV and Schedule V of the SEBI (LODR) Regulations, 2015 (hereinafter referred to as "SEBI Regulations")

The Company reviews its Corporate Governance practices to ensure that they reflect the latest developments in the corporate arena and thus position itself to conform to the best Corporate Governance practices.

The report on Corporate Governance is divided into four parts:

- I. Board of Directors
- II. Committees of the Board

Independent Auditors' Report

To the members of The KCP Limited, Chennai

Report on Standalone Financial Statements:

We have audited the accompanying standalone financial statements of **The KCP Limited**, Chennai, which comprise the Balance sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting standards specified under section 133 of Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Companies Act, the accounting and auditing standards and matters

which are required to be included in the audit report under the provisions of the Companies Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2016, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143(3) of the Companies Act, 2013 we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Companies Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) On the basis of written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164(2) of the Companies Act;
- f) With respect to the adequacy of internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure B", and
- g) With respect to the other matters to be included in the Auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 27 to the financial statements;

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The KCP Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial

controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and

not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2016

1. GENERAL

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, and the relevant provisions of the Companies Act, 2013.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

2.1 FIXED ASSETS

Fixed assets are stated at cost, less accumulated depreciation. Cost of acquisition of fixed assets is inclusive of freight, duties, and taxes, incidental expenses relating thereto, interest on direct borrowals upto commissioning, wherever applicable, and the cost of installation/erection, as applicable. CEN VAT availed, if any, on Fixed Assets, is deducted from the cost of such Fixed Assets capitalised.

2.2 LEASED ASSETS :

(A) ASSETS UNDER FINANCE LEASE:

Assets acquired under finance lease arrangement on or after 01.04.2001 are recognised separately among the fixed assets, at the inception of the lease at lower of their fair value or the present value of minimum lease payments in respect thereof. Depreciation and lease charges on such assets are accounted for, in accordance with the Accounting Standard-19 – “Accounting for Leases” issued by The Institute of Chartered Accountants of India .

(B) ASSETS UNDER OPERATING LEASE :

Assets used by the Company as a lessee under operating lease agreement are not recognised in the Company's accounts. Lease payments under operating lease are charged to the profit and loss account on a systematic basis representative of the pattern of the benefit accruing to the Company from the use of the asset under operating lease.

2.3. INVESTMENTS

Investments (Long Term) are stated at cost less provision for diminution in value other than temporary, if any. Short term investments are valued at Cost or Fair value whichever is lower.

2.4. INVENTORIES

- (a) Finished goods are valued at cost or market value, whichever is lower.
- (b) Stock of scrap –
 - i. In respect of Engineering Unit, purchased scrap and internally generated scrap for use in production are both valued at average cost of purchased scrap.
 - ii. In respect of other scrap, the stock of scrap is not valued and adjusted. Sales, as and when made, are adjusted.
- (c) Work-in-Progress, raw materials, stores, spares, material in transit, are valued at cost except where the net realisable value of the finished goods they are used in is less than the cost of finished goods and in such an event, if the replacement cost of such materials etc., is less than their book values, they are valued at replacement cost.

2.5. SALES AND OTHER EARNINGS

- (a) Sales and service earnings are inclusive of excise duty, service tax, freight, insurance etc. recovered thereon.
- (b) Despatches from Engineering Unit are in completely knocked down condition and are invoiced at the appropriate technically evaluated values, which are matched with contracted sale prices.
- (c) Electricity generated by the power units of the company, sold to its other units is accounted at the tariff rates charged by the State Electricity Boards. Such earnings are adjusted to the power charges.
- (d) The revenue from sale of Renewable Energy credit is recognised on delivery thereof or sale of right therein, as the case may be, in terms of the contract with the respective buyers.
- (e) The revenue from sale of thermal power is recognised based on actual billing to the State Board at the end of each billing cycle .
- (f) Dividend income is accounted as and when the right to receive arises.
- (g) Other income – Revenue in respect of other incomes are recognised when there is a reasonable certainty as to its realisation.

2.6. FOREIGN EXCHANGE TRANSACTIONS

- A) Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction, and adjusted appropriately with the

difference in the rate of exchange arising on actual receipt/payment during the year.

- B) At each Balance Sheet date
- ❖ foreign currency monetary items are reported using the rate of exchange on that date
 - ❖ foreign currency non-monetary items are reported using the exchange rate at which they were initially recognized
- C) In respect of forward exchange contracts in the nature of hedges
- ❖ Premium or discount on the contract is amortised over the term of the contract,
 - ❖ Exchange differences on the contract are recognized as profit or loss in the period in which they arise

2.7. ACCOUNTING FOR DERIVATIVES

The company uses derivative instruments to hedge its exposure to movements in foreign exchange rates. The objective of these derivative instruments is only to reduce the risk or cost to the company and is not intended for trading or speculation purposes.

2.8. EMPLOYEE BENEFITS

- a) Short Term Employee Benefits are recognized as an expense at the undiscounted amount in the Profit and Loss account of the year in which the related service is rendered.
- b) Long Term Employee Benefits i.e. such benefits which do not fall due wholly within twelve months after the end of the period in which the employees render the related service, are recognized as follows
- ❖ Expense is arrived at as per actuarial valuation and is recognized and charged to the Profit and Loss Account in the year in which employee has rendered services in lieu of such leave.
 - ❖ Liability as at the date of each Balance Sheet is arrived at and recognized therein as per actuarial valuation.

c) Post Employment Benefits:

(i) Defined Contribution plans:

The company's employees are covered under superannuation schemes, state governed provident fund scheme, employee state insurance scheme and employee pension scheme, which are in the nature of Defined Contribution Plans. The contributions paid/payable under the schemes are recognized during the period in which the employee renders the related service.

(ii) Defined Benefit plans:

The company's liability to gratuity on retirement of its eligible employees is funded under a Defined Benefit Plan with the Life Insurance Corporation of India. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method by Consulting Actuary. The incremental expense thereon for each year is arrived at as per actuarial valuation and is recognized and charged to the Profit and Loss account in the year in which the employee has rendered service.

The fair value of the plan assets and the gross plan obligation, under the said plan, are recognized in each Balance Sheet on net basis.

d) Actuarial Gains/losses are charged to the Profit and Loss account immediately in each year.

2.9. DEPRECIATION

Depreciation is provided in accordance with the useful life and rules prescribed under Schedule II to the Companies Act, 2013, as follows:--

- i. In respect of assets existing as on 30-6-1988, under the written down value method: and
- ii. In respect of assets acquired on or after 1-7-1988, under the straight line method.

Useful life for parts of Assets having significant cost, has been assessed based on technical estimate which is different from the life given under the Schedule II to the Companies Act, 2013 as given below.

S.No	Description of the Asset	Estimated useful life
1.	Transformers	30 years
2	Economisers in Boilers in the Captive Power Plant ; Turbines, Generators, Sluice Gates, Switchgears and Cables in Hydel Plant.	25 years

2.16. TAXATION

Provision is made for income tax liability estimated to arise on the results for the year at the current rate of tax in accordance with the Income Tax Act, 1961.

- ❖ Deferred tax resulting from timing differences between taxable and accounting income is

accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date.

- ❖ Deferred tax assets arising on account of brought forward losses and unabsorbed depreciation are recognised only when there is virtual certainty supported by convincing evidence that such assets will be realised. Deferred tax assets arising on other temporary timing differences are recognised only if there is a reasonable certainty of realisation
- ❖ MAT Credit Entitlement as per the provisions of Income Tax Act, 1961, is treated as an asset by credit to the Profit and loss

2.17. EARNINGS PER SHARE (EPS)

The earnings considered in ascertaining the company's Basic EPS is the attributable net profit or loss to the equity shareholders as per AS-20 "Earnings Per Share". The number of shares used in computing Basic EPS is the weighted average number of shares outstanding during the period. The Diluted EPS is calculated on the same basis as Basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

2.18. PROVISIONS/ CONTINGENT LIABILITIES AND ASSETS

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised, but are disclosed in the notes on accounts. Contingent assets are neither recognised nor disclosed in the financial statements.

2.19 GOVERNMENT GRANTS

- (i) Grants from government are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with.
- (ii) Government grant relating to Specific fixed assets is shown as deduction from the gross value of the asset concerned in arriving at its book value.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the members of The KCP Limited, Chennai

Report on Consolidated Financial Statements:

We have audited the accompanying consolidated financial statements of The KCP Limited (the "Company"), its subsidiary and its joint venture as at March 31, 2016, (collectively referred to as "the Group"), which comprise the Consolidated Balance sheet as at 31st March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements::

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including jointly controlled entity in accordance with the accounting principles generally accepted in India, including the Accounting standards specified under section 133 of Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and jointly controlled entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and Jointly control entity and for preventing and detecting the frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We have taken into account the provisions of the Companies Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Companies Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained by us and the audit evidence obtained by the other auditor in terms of their reports referred to in Sub-paragraph (a) of the Other Matters below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the report of other auditor, on the financial statements of the subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act in the manner so required and give a true and fair view in conformity with the accounting principles

generally accepted in India, of the consolidated state of affairs of the Group, and jointly controlled entity as at 31st March, 2016, and their consolidated Profit and their consolidated cash flows for the year ended on that date.

Other Matters

(a) We did not audit the financial statements /financial information of KCP Vietnam Industries Limited (subsidiary), and whose financial statements/financial information reflect total assets of Rs.53179.05 Lakhs as at 31st March 2016, total revenues of Rs. 46010.23 Lakhs and net cash flows amounting to Rs. (4317.20) Lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements include the subsidiary's share of net profit of Rs.4820.37 Lakhs for the year ended 31st March 2016, as considered in the consolidated financial statements, whose financial statements/financial information have not been audited by us. These financial statements/financial information have been audited by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-section (3) and (11) of section 143 of the Act, insofar as it relates to the aforesaid subsidiary, is based solely on the report of the other auditor

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The KCP Limited ("the Holding Company") and its jointly controlled entity, which are companies incorporated in India, as of 31 March 2016 in conjunction with our audit of the consolidated financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its jointly controlled entity, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over

financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and jointly controlled entity, which are companies incorporated in India, have, in

all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one jointly controlled entity, which is a company incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of preparation

The KCP Limited (Parent) has prepared the group consolidated financial statements by:

Consolidating its accounts and those of its subsidiary KCP Vietnam Industries Ltd, a company incorporated in Socialist Republic of Vietnam, in which it holds 2/3rds of the share capital in accordance with “Accounting Standard 21 Consolidated Financial Statements” and also reporting therein its 40% interest in its Joint Venture entity Fives Cail KCP Ltd, a Company incorporated in India, in accordance with AS 27 “Financial Reporting of interest in Joint Ventures” prescribed by The Companies (Accounting Standards) Rules, 2006.

The accounts of all the companies taken into these consolidated accounts have been prepared for the year ended 31st March 2016.

2. Principles of consolidation

The consolidated financial statements of the KCP Ltd, its subsidiary and its Joint Venture are prepared according to the accounting policies and standards applicable to them in the countries in which they are incorporated as stated in the “Statements on Accounting Policies” in the respective companies and published separately. It is not practicable to use uniform accounting policies in preparing the consolidated financial statements.

2.1. Foreign Exchange Transactions

- a) Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction, and adjusted appropriately with the difference in the rate of exchanges arising on actual receipt/payment during the year.
- b) At each Balance Sheet date
 - foreign currency monetary items are reported using the rate of exchanges on that date.
 - foreign currency non-monetary items are reported using the exchange rate at which they were initially recognized.
- c) In respect of forward exchange contracts in the nature of hedges if any,
 - a). Premium or discount on the contract is amortised over the term of the contract,
 - b). Exchange differences on the contract are recognized as profit or loss in the period in which they arise.
- d) In consolidating the transactions of the non-integral foreign operations of the group, in the group financial statements, all the assets and liabilities of such operations are translated at the exchange rate on the date of the Balance Sheet Income and expenses of such operations are translated at the yearly average rates. The resulting exchange differences are accumulated in a foreign currency translation reserve until the disposal of the investment in such operations.
