His gentle ways hid a burning ambition

M. Ramesh
Chennai, July 29

Back in the mid-1990s, when this correspondent came across GEA Energy Systems, which later morphed into BGR Energy Systems, its turnover was delightfully high, for its class of enterprises — Rs 20 crore!

GEA Energy Systems used to bag Engineering Export Promotion Council awards consistently. Inevitably, when *Business Line* bumped into the media-shy founder of the company, B.G. Raghupathy, the first impression was surprising.

While the appearance was deceptive, what was not was his burning ambition. It was very clear in the mid-1990s that Raghupathy would not rest until he

B.G. Raghupathy

had achieved something. For long, BGR, a company that supplied 'balance of plant' equipment (equipment in a power plant other than boilers and turbine-generators, such as coal and ash handling systems, electrical systems and civil works), picked

up the gauntlet thrown by an NTPC tender to win orders for six turbine-generators, valued in September 2011 at Rs 3,600 crore. A stunned market leader, public sector giant BHEL, then said that it did not need to pick up orders at the throwaway prices quoted by BGR. But later BHEL itself sub-contracted two big turnkey jobs to BGR in 1999.

Earlier, in May 2010, BGR Energy had entered into a manufacturing joint venture with Hitachi Power Europe GmbH, to set up two manufacturing plants — for boilers and turbines. Last heard, these plants are suffering time delays. The manufacturing ventures and the Cuddalore power project stand mute testimony to Raghupathy's unfinished agenda.

CHENNAI: The first unit of the 2 x 600 MW capacity coal-fired Kalsindh thermal power project of Rajasthan Rashtriya Utpadan Nigam Ltd. has gone on stream.

Chennai-based BGR Energy Systems is the EPC (engineering, procurement and construction) contractor for the project.

The total size of the 2 x 600 MW project is Rs 5,164 crore.

600 MW projects

With the commissioning of the Kalsindh unit, BGR Energy has now executed EPC contract for two 600 MW projects. Both are coal-fired. The 600 MW project for Tamil Nadu Generation and Distribution Corporation (TANGEDCO) has already seen trial run, and gone commercial.

According to Swaminathan, Director (Marketing), the Kalsindh unit has the tallest cooling tower in the world with an height of 202 metres. He expected the second unit at Kalsindh to go on stream in four months.

According to G. Anandhan, President (Projects), the company has faced chal-

BGR bags first overseas EPC deal

G BALACHANDAR
Chennai

BGR Energy Systems, EPC (engineering-procurement-construction) firm for power projects and power equipment maker, on Thursday said it has bagged its maiden overseas EPC contract in Iraq. The order is valued at \$246 million.

The company said it had signed a contract on October 13 with the Ministry of

Electricity, Republic of Iraq for executing EPC works for AL Nasiriya 500MW (4x125) Gas Turbine Power project.

The contract was won by BGR Energy through an International Bidding Process which included five other bidders - Hyundai (South Korea), STX (South Korea), Kinnekes (Turkey), KAYI Lotus (Turkey) and Enka (Turkey), said a company statement.

The order size of \$ 246 million comprises \$240 million for EPC and \$ 6 million for piling works. The EPC deal will cover design and plant engineering, civil works, 400KV/138KV gas insulated switchyard (GIS), electro-mechanical balance of plant (BoP), erection, installation and commissioning of gas turbines and six months of operation and maintenance. The designs have to match

the stringent UBC (Universal Building Code) and American Standards. The order is to be executed in 25 months. The order book of the company, including the AL Nasiriya Power Project contract, stands at Rs 13,525 crore.

BGR Energy – a year after the founder's demise

M RAMESH

Chennai, July 27

One year after the death of BG Raghupathy, the business he created seems to stand firm-footed, belying doomsayers' predictions of its collapse and whispers of an imminent takeover. If anything, the demise of the founder of the ₹3,300-crore BGR Energy Systems has forced the company to be run by professionals, which many see as a turn for the better.

It was Raghupathy's biggest legacy that enabled BGR to live on - a healthy order book - which gave room to the professional managers to fa-

knew the business well and in whom the promoter-family had faith—joint Managing Directors A Swaminathan and VR Mahadevan and President and Company Secretary Ramesh Kumar.

Raghupathy's wife, his two daughters— Swarnamukhi and Priyadarshini— and son Arjun sit in board meetings and in interactions with vendors, customers and financiers. (The third daughter, Vani, is expected to join them soon.)

Observers point to one crucial change in the management of the company. Raghupathy's aggressive, top-line

The dividend will be paid to members whose names appear on the Register of Members as on September 25, 2014 and as informed to the Company by National Securities Depository Limited and Central Depository Services (India) Limited, in respect of shares held in demat mode. Your directors wish to carry an amount of ₹ 73.62 crores to the Balance Sheet after appropriation towards dividend, corporate dividend tax and transfer to general reserve.

PERFORMANCE REVIEW

During the year, your Company has received Letter of Award from Odisha Power Generation Corporation for execution of BoP works for

2 × 660 MW Thermal Power Plant in the State of Odisha. Your Company won its first BoP international contract to execute a 4 × 125 MW Gas based Power Plant at Nasiriyah, Iraq and the Ministry of Electricity, Government of Iraq issued the Letter of Award on October 13, 2013.

Your Company has completed commissioning of unit 1 (1 × 600 MW EPC) of Kalisindh project and unit 2 (1 × 600 MW EPC) of the same project is under progress. In respect of Mettur Project (1 × 600 MW EPC) trial operations were completed and the plant is under commercial operation.

Your Company has achieved good progress in the implementation of all ongoing EPC and BoP project contracts viz., Chandrapur (2 × 500 MW BoP), Marwa (2 × 500 MW BoP), Nawapara (2 × 300 MW EPC), Krishnapatnam (2 × 660 MW BoP), Mettur (1 × 600 MW EPC).

In respect of Super Critical technology space secured through NTPC's bulk tender process, Your Company is progressing in the execution of contracts viz. NTPC Solapur (2×660 MW Boiler and its auxiliary), DVC Raghunathpur (2×660 MW Boiler and its auxiliary), NTPC Lara (2x800 MW STG and its auxiliary) and NTPC Meja (2×660 MW Boiler and its auxiliary). Your company is executing these Boiler contracts in collaboration with BGR Boilers Private Limited and Hitachi Power Europe. The contract for supply of Steam Turbine and Generator to Lara project is being executed in collaboration with BGR Turbines Company Private Limited and Hitachi Japan.

Your Company is initiating execution of new contracts secured during the year Viz. OPGCL-Odisha (2X660 MW BoP), Nasiriyah GTPP-Iraq (4x125 MW EPC).

As part of emphasis on achieving high standards of Quality Management, Power Projects Division received ISO 9001:2008 Certification.

Air Fin Cooler division has retained its dominant market leadership in Indian market and secured orders from Reliance and BPCL. Excellence in execution backed by senior level customer relationship and strategies has helped your Company to achieve highest order booking of ₹ 241 Crore. AFC has earned highest ever profit during the year by product mix and cost reduction strategies. The outlook for AFC business is quite promising in the international market, especially in Oman and Kuwait with major investments happening.

In the year 2013-14, Electrical Project Division saw one more year of achievement in establishing its core competency of the Division as a source of engineering excellence. During the year under review by active cooperation of selected manufacturers and suppliers, division carried out extensive type test and seismic test to verify

and obtain approval for supplies of Major range of electrical equipment required for Nuclear Power Projects. During the year 400 KV GIS was installed and commissioned for TANGEDCO for their 1×600 MW Mettur Thermal Power Project (Stage III) at Mettur, Salem District and also achieved 6000 kms in terms of total live line installation of OPGW.

Environmental Engineering Division has bagged India's largest Deaerator package from L & T for NPCIL for 2×700 MW RAPP and also bagged first export order to Raksaya, Indonesia for Deaerator. EED completed first CPU PG Test at BHEL (GSECL), Ukal -1×500 MW and the Second CPU PG Test in progress at North Chennai 2×500 MW-Unit II. Your Company has bagged first WTP order on EPC basis from Public Works Department, Government of Odisha - 42 MLD Water supply to Puri town. The overall financial performance of the division during the year has been generally in line with the market conditions which have not been very encouraging. Nevertheless, the division could register many operating achievements during the year.

Oil & Gas Equipment Division with a breakthrough order from Reliance, is ready for turn around. OGED is working for a major order for Gathering Centers. During the year under review, prime focus was on getting registration and establishing customer approvals.

INDIAN POWER SECTOR SCENARIO

With a production of 1,006 TWh (including captive generation), India is the fifth largest producer and consumer of electricity in the World. Although power generation has grown over 100-fold since independence, demand growth has been even higher due to accelerating economic activity.

The country's installed power generation capacity has more than doubled to 237.74 GW during the past 10 years and the current thermal installed capacity in the country stands at 163.30 GW. For the 12th Five-Year Plan, a total of 88.5 GW of power capacity addition is targeted, of which 72.3 GW constitutes thermal power. Thus, the total capacity addition targeted was 18,432 MW, while the actual capacity addition achieved till Feb'14 was 12,539 MW.

EPC INDUSTRY ANALYSIS

The EPC companies represent an important cog in the wheel of power capacity addition in the country. Over the past few years, some large EPC companies have witnessed impressive growth in their revenues and order books. However, this growth is not reflected in their bottom line performance.

This slowdown/squeeze in profits can be attributed to multiple causes – time overruns due to regulatory bottlenecks, cost overruns, inflationary pressures,

DIRECTORS' REPORT

project delays, commodity price fluctuations, aggressive bidding, resource constraints, delayed payments from clients, inability to receive design in time and scope change approvals from clients. All these factors, adversely impacted project cash flows and consequently interest outgo and lower profits. The added debt burden affects overall profitability. Furthermore, companies have been adversely affected by the slowdown in award of projects, execution hurdles and rising interest rates. This has resulted in stretched working capital requirements and has led to an increased debt burden on the balance sheet. In the present scenario, companies face an increasing need to realign their strategies and focus on profitability as against revenue growth.

FUTURE OUTLOOK, THE YEAR AHEAD

Your Company has been able to sustain the ongoing sluggish period in the Power Sector in terms of new order intake and implementation of existing projects. The recent positive economical and policy indicators in the form of fast track approval process for new projects adopted by Government; debt restructuring to rejuvenate the SEB's, coal allocation for projects, have had favourable effect on the sector and the dividends of the same will be witnessed in the coming years.

The Company is poised to further strengthen its position in domestic market. The Company is currently in an active transition mode to gear up from a Domestic EPC Company to a Global EPC solution provider of International standards and repute. New methodology in project and civil work execution, new strategies for talent management, additional capital investment in Plant and Machinery for increased mechanization, strategies to ramp up the HSE policies, quality of workmanship are being actively pursued.

The Company will focus aggressively on products catering to the process industry in the oil & gas and petrochemical sectors. The equipment offering of your Company such as Air Fin Cooler, Deaerator and CPU were able to gain the significant market share and are now the most preferred product supplier for many of the large conglomerates in India and abroad. New methodology implemented for cost reduction in manufacturing, improvements in quality and service of these products have reaffirmed market prominence in these segments.

The first International EPC order for a Power Project in Iraq, has enabled the Company to ascertain the Company's core Engineering and Project Management capabilities and instill confidence to international clients of your Company's capability as a Global EPC company. The Company will strive to demonstrate significant presence in the South East Asian Markets and Middle East where number of coal and gas based power projects are planned. These markets would continue to

attract big investment due to their low per capita consumption of electricity, high demand and vast energy resource availability. Hence, your Company would strive to further gain strength in International markets by targeting projects of high value.

PROGRESS AND STATUS OF JOINT VENTURE

COMPLIANCE WITH SECURITIES LAWS

The Company diligently complies with laws relating to securities and capital markets during the last three years and no penalties or strictures have been imposed on the Company on any matters related to the capital markets by the Stock Exchange, SEBI or any other statutory authority except the following.

As per Clause 40A of the listing agreement the Company is required to comply with the minimum public shareholding requirements specified in Rule 19 (A) of the Securities Contracts (Regulation) Rules 1957 and accordingly the Company was required to achieve the same on or before June 03, 2013. The promoter group launched an Offer for Sale on June 03, 2013 for sale of 44,22,830 shares constituting 6.13% of capital and valid bids were received for 22,47,466 shares amounting to dilution of 3.12% only. Thus the Company could not comply with the requirement to the extent of 3.01%. Consequently, SEBI in an interim order dated June 04, 2013 inter alia frozen voting rights of promoters in respect of shares held over 75% and restrained the promoters and directors from holding new directorship in listed entities for non-compliance of the same. Thereafter, the promoter group launched another Offer for Sale on July 05, 2013 and divested the balance 21,75,364 shares. The company had thereby complied with the minimum public shareholding requirement on and from July 05, 2013. The compliance has been intimated to SEBI on July 11, 2013 with a request to vacate the aforesaid interim order dated June 04, 2013. Subsequently, SEBI has called for a personal hearing on August 07, 2013 and passed the final order on September 04, 2013 completely revoking the directions made in its interim order dated June 04, 2013.

RECONCILIATION OF SHARE CAPITAL AUDIT

A qualified Practising Company Secretary carries out reconciliation of share capital audit to

reconcile the total admitted capital with National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL") with the total issued, paid-up and listed capital. The reconciliation of share capital audit report confirms that the total issued / paid-up / listed capital is in agreement with the total number of shares in physical form and the total number of dematerialized shares held with NSDL and CDSL. This audit is carried out every quarter and the report thereon is submitted to the stock exchanges.

COMMUNICATION

The Company's quarterly financial results, after the Board's approval are promptly furnished to National Stock Exchange of India Limited (NSE) and BSE Limited (BSE). These financial results, in the prescribed format, as per Clause 41 of the listing agreements are published in leading English National and vernacular newspaper (Telugu) and also posted on the Company's website www.bgrcorp.com. Press Releases made by the Company from time to time are also displayed on the Company's website.

A Management Discussion and Analysis Report, forming part of the Directors Report, is being presented in the Annual Report.

In line with the circular No. NSE/LIST/C/2011 dated September 29, 2011 of the National Stock Exchange of India Limited ("NSE"), the Company from the quarter ended September 30, 2011, uploads its quarterly shareholding pattern and the Corporate Governance report through NSE Electronic Application System ("NEAPS"), which is a web based application designed by National Stock Exchange for corporates, in order to enhance the quality and speed of submission and assist in moving towards paperless submission of documents to the exchange.

With effect from February 8, 2013, BSE launched its Online Portal called BSE Corporate Compliance & Listing Centre. Periodical filings are being done through BSE Listing Centre with effect from April 6, 2013.

MANAGEMENT DISCUSSION & ANALYSIS

Operating Highlights of FY 2013-14

Trial operations for 1 × 600 MW EPC Mettur Project was completed during the year and the plant is under commercial operation since October 2013. PG Test was successfully completed in January 2014.

During the year, the Company has received Letter of Award from OPGCL for execution of BoP works for 2 × 660 MW Thermal Power Plant in the state of Odisha for ₹ 1573 crores. The contract was signed on July 11, 2013.

The Company won its first international contract on International Commercial Bidding (ICB) terms to execute a 4 × 125 MW Gas based Power Plant at Nasiriyah, Iraq for USD 246 million (₹ 1500 crores). The Ministry of Electricity, Government of Iraq issued the Letter of Award on October 13, 2013.

Industry Outlook

India is the fifth largest producer and consumer of electricity in the world. Although power generation has grown over 100-fold since independence, demand growth has been even higher due to accelerating economic activity.

The country's installed power generation capacity has more than doubled to 237.74 GW during the past 10 years. As of February 28, 2014, total thermal installed capacity in the country stood at 163.30 GW, while hydro and renewable energy installed capacity totalled 40.20 GW and 29.46 GW, respectively. Nuclear energy capacity remained broadly constant from that in the previous year, at 4.78 GW.

For the 12th Five-Year Plan (2012-2017), a total of 88.5 GW of power capacity addition is targeted, of which 72.3 GW constitutes thermal power, 10.8 GW of hydro power and 5.3 GW of nuclear power. The capacity addition target for 2013-14 was 1,198 MW of hydro power, 15,234 MW of thermal power and 2,000 MW of nuclear power. Thus, the total capacity addition targeted was 18,432 MW, while the actual capacity addition achieved till February 2014 was 12,539 MW. The share of energy from renewables is likely to increase from a level of 5% in March 2012 to 12% by the end of 12th Plan. However, considering the lower capacity factors of power plants based on renewable technologies, the conventional sources of energy (like thermal energy) will continue to play crucial role in meeting the energy needs of the country. The major challenge, however, will be making coal available in the required quantity to realize the targeted capacity addition in 12th Plan period.

During the last few years including the year under review, there has been a drastic slow-down in new project announcement and delays in award of

contracts for large power projects by Central and State utilities and Independent power producers on account of variety of reasons including natural gas availability, coal linkage, abnormal increase in price of imported coal, land acquisition, environmental clearance and poor financial health of State Discoms. These factors adversely affected the power plant EPC contractors and equipment manufacturers in the past few years.

The Government of India, State and Central utilities continue to encourage the adoption of Supercritical technology in all fossil fuel based power plants to ensure high efficiencies and lower emission. In Supercritical technology based power projects, Engineering, Procurement and Construction ("EPC") route is expected to be the preferred route over the multiple package route.

On the policy front, during the last 6 months of fiscal 2013-14, some positive steps have been taken by GOI including clearing few coal blocks for the power producers to speed up the power project award and execution.

Operational Performance

The BoP, EPC and Construction segment has achieved turnover of ₹ 3,111 crores, registering a modest growth of 9% over last year. The capital goods segment achieved turnover of ₹ 185 crores.

Handing over and commercial closure of the 1 × 600 MW EPC Mettur Project to TANGEDCO is in progress.

Projects with respect to BoP contracts of 2 × 500 MW Marwa TPP (CSPGCL), 2 × 500 MW Chandrapur STPS (MAHAGENCO) and EPC contract of 2 × 600 MW Kalisindh STPS (RRVUNL) will be commissioned during the 1st half of FY15. The 2 × 660 MW Krishnapatnam TPP (TPCIL) and 2 × 300 MW TPP (TRN Energy) EPC contracts are progressing and are likely to be commissioned during the 2nd half of FY'15.

Work on 2 × 660 MW Boiler and its auxiliary - NTPC Solapur, Meja and Raghunathpur projects and 2 × 800 MW STG and its auxiliary - NTPC Lara Project are progressing satisfactorily.

Despite tough market conditions, Air Fin Cooler division delivered 19% higher PBT compared to last year. New orders booked during the year were ₹ 241.16 crores including overseas orders. Despite slowing growth in world markets, the division has drawn up aggressive plans to deliver higher turnover during FY 2014-15 with specific focus on export orders from Middle East and Europe.

The progress on the NPCIL contract being executed by Electrical Project Division is satisfactory.

MANAGEMENT DISCUSSION & ANALYSIS

Strength and Opportunities

- Track record of successful execution of large contracts
- In-house design and engineering capability
- In-house packages and equipments
- Capability to manage multiple projects simultaneously
- Professional management and expertise in project management
- Cost Competitiveness
- Project capability to execute orders outside India.

The company is well placed to undertake contracts based on Customer requirement and has capability to execute contracts in the EPC, BTG, BoP and LSTK space.

Internal Control Systems :

As part of the audit system, the company has in-house experienced system auditor and works

auditor. For each division an external firm of auditors carries out internal audit. For the Power Projects division, for each project, a separate external audit firm carries out the internal audit on a monthly basis. The detailed audit plan is well documented and audit scope is reviewed every year to include all key areas. The detailed audit plan approved by the Audit Committee is rolled out at the beginning of each year. In addition, all payments are subjected to pre-audit by an external audit team. The statutory auditors carry out required checks and review the entire audit and control system. The Chairman of audit committee and the Finance Department review the reports of the internal auditors, pre auditors and in-house auditors in detail every quarter and a time bound action plan is implemented to address all the audit observations and issues. A summary of key audit observations and action taken for such observations are reviewed in detail in the audit committee meeting every quarter. The present internal control and audit systems are considered to be adequate.

Risk Management

The business of the Company encompasses design at offices, manufacturing at factories and project sites, civil and mechanical construction, erection of machineries and commissioning. These activities have inherent and natural risks. The company has a well documented Standard Operating Systems and Procedures (SOSP). The SOSP mandates concerned officers of

the company to identify and take advance and mitigative steps to manage these risks. Delegation of Authority is reviewed each year to meet the business requirements and challenges. During the year, cross functional committees have been constituted for review and timely approval of customer bids and high value orders on suppliers/service providers. The Audit committee regularly reviews the steps taken by the Company to address and manage operating and financial risks.

Human Resource Development

The focussed effort of talent building over the last few years have yielded very good results and the company has in place a strong team of experienced and competent professionals. The Company has also successfully established an effective performance driven culture which will motivate the employees to perform better. The focus during the financial year under review was towards equipping the talent pool to manage bigger challenges in the coming years by providing them with adequate training in technical and behavioural areas. With a view to ensure competitiveness and effectiveness in operations, the Company implemented manpower rationalization measures across its sites and corporate office during the year. The manpower strength of the Company as on March 31, 2014 was 1910.

INDEPENDENT AUDITORS' REPORT

To the Members of **BGR Energy Systems Limited**

Report on the Financial Statements

We have audited the accompanying financial statements of **BGR Energy Systems Limited** ("the Company"), which comprise the Balance sheet as at March 31, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The

procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order"), as amended, issued by the Central Government

of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Act;
 - e) on the basis of written representations received from the directors as on March 31, 2014 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

INDEPENDENT AUDITORS' REPORT

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

Annexure referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of the Independent Auditors' Report to the Members of **BGR ENERGY SYSTEMS LIMITED** for the year ended March 31, 2014. We report that:

- (i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation of fixed assets;
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner on a rotation basis. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets; and
- (c) In our opinion, the fixed assets disposed off during the year were not substantial and therefore, do not affect the going concern assumption.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year;
- (b) In our opinion, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business; and
- (c) The Company is maintaining proper records of inventory. There are no material discrepancies noticed on physical verification between book stock and physical stock.
- (iii) (a) The Company has granted interest free unsecured loans to 10 parties covered in the register maintained under section 301 of the Act. The maximum amount involved during the year and the year-end-balance of these loans amounts to ₹ 3,052.01 lakhs and ₹ 1,835.94 lakhs respectively;
- (b) In our opinion and according to the information and explanations given to us, the terms and conditions of the said loans are not prima facie prejudicial to the interest of the Company;
- (c) In our opinion and on verification of the books of account, in respect of the above mentioned loans, there has been no regular repayment of the principal amount during the year;
- (d) In our opinion, in respect of the above mentioned loans, reasonable steps have been taken by the Company for recovery of the principal amount due; and
- (e) According to the information and explanations given to us, the Company has not availed any loans, secured or unsecured, from companies, firms or other parties covered in the register maintained under section 301 of the Act. In view of the foregoing, the provisions of clause 4(iii)(f) and 4(iii)(g) are not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, there exists an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory, fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across nor have been informed of any continuing failure to correct major weaknesses in the aforesaid internal control system.
- (v) (a) According to the information and explanations furnished by the management, we are of the opinion that the particulars of contracts or arrangements referred to in section 301 of the Act that need to be entered into the register maintained under section 301 have been entered; and
- (b) The transactions made in pursuance of such contracts or arrangements have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- (vi) The Company has not accepted any deposits from the public. Accordingly, the provisions of clause 4(vi) of the Order are not applicable to the Company.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size of the Company and nature of its business.
- (viii) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules, 2011 prescribed by the Central Government under section 209(1)(d) of the Companies Act, 1956 and are of the opinion that prima facie the prescribed cost records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (ix) (a) In our opinion and according to the information given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, profession tax, income-tax, sales-tax, value added tax, works contract tax, wealth tax, service tax, customs duty, excise duty, cess and other statutory dues have generally been regularly deposited during the year by the company with the appropriate authorities. As explained to us, the Company did not have any dues on account of investor education and protection fund.
According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, profession tax, income-tax, sales-tax, value added tax, works contract tax, wealth tax, service tax, customs duty, excise duty, cess and other statutory dues were in arrears as at March 31, 2014 for a period of more than six months from the date they became payable; and
- (b) According to the information and explanations given to us, the following are the details of statutory dues which have not been deposited by the Company on account of disputes:

NOTES TO FINANCIAL STATEMENTS

SIGNIFICANT ACCOUNTING POLICIES

A. COMPANY OVERVIEW

BGR Energy Systems Limited ('the company') is a public limited company incorporated under the provisions of the Companies Act, 1956. Its equity shares are listed on Bombay Stock Exchange ('BSE') and National Stock Exchange ('NSE'). The company is a manufacturer of capital equipments for Power Plants, Petrochemical Industries, Refineries, Process Industries and undertakes turnkey Balance of Plant ('BOP') and Erection Procurement and Construction ('EPC') contracts for Power plants. The company has been achieving its objectives through its five business units: Power projects, Electrical projects, Oil and Gas equipment, Environmental engineering and Air Fin Coolers.

B. SIGNIFICANT ACCOUNTING POLICIES

i. Accounting conventions

The financial statements are prepared under the historical cost convention and following the accrual basis of accounting, in accordance with the Generally Accepted Accounting Principles in India ('I-GAAP') and mandatory accounting standards as notified by the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 1956 and guidelines issued by the Securities Exchange Board of India ('SEBI').

ii. Use of estimates

The preparation of financial statements, in conformity with I-GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between the actual results and the estimates are recognized prospectively in the year in which the results are known / materialized.

iii. Fixed assets and intangible assets

Fixed assets are assets held with the intention of being used for the purpose of producing goods or rendering of services and are not held for sale in the ordinary course of business. The cost of fixed assets comprise the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost to bring the asset to working condition for intended

use. Further, any trade discounts and rebates are deducted in arriving at the cost.

Intangible assets are identifiable non-monetary assets, without physical substance, held for use in producing goods or rendering of services, for rental to others, or for administrative purposes. The intangible assets are separately acquired and the costs of such intangible assets are capable of being measured reliably. The cost of intangible assets comprise the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost for making the asset ready for intended use.

iv. Depreciation and amortization

Depreciation on fixed assets is provided on straight line method in accordance with the rates prescribed under Schedule XIV of the Companies Act, 1956. Intangible assets are amortized over a period of 5 years on straight line basis.

v. Investments

Investments are classified into long-term and current investments based on the intention of the management at the time of acquisition. Long-term investments are stated at cost less provision for diminution in value other than temporary, if any. Current investments are carried at cost or fair value whichever is lower.

vi. Earnings per share ('EPS')

Basic EPS is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is calculated on the same basis as Basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

vii. Revenue recognition

- a) Sales are accounted on the basis of despatches in accordance with the terms of sale when significant risks and rewards are transferred to the customer.
- b) Sales include equipment billed but despatch of which is withheld at the request of the customer.
- c) Revenue from services is recognized in accordance with the specific terms of contract on performance.
- d) Revenue from construction

contracts is recognized by reference to the stage of completion of the contract activity at the reporting date of the financial statements on the basis of percentage of completion method. The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract.

- e) Expected loss, if any, on the construction / project related activity is recognized as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract. While determining the amount of foreseeable loss, all elements of costs and related incidental income not included is taken into consideration.
- f) In respect of construction contracts revenues include taxes and duties.
- g) Other Income – i) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable, ii) Dividend income is recognized when the company's right to receive dividend is established.

viii. Inventories

Raw materials and stores and spares are valued at lower of cost and net realizable value. However, these items are considered to be realizable at cost if the finished products, in which they will be used are expected to be sold at or above cost. Work-in-progress and finished goods are valued at lower of cost and net realizable value. Finished goods and work-in-progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is determined on a weighted average basis. Saleable scrap, whose cost is not identified, is valued at net realizable value.

ix. Foreign currency transactions

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the rates prevailing on the reporting date. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the

NOTES TO FINANCIAL STATEMENTS

reporting date is recognized as income or expense, except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

For forward contracts which are entered into to hedge the foreign currency risk of the underlying outstanding on the date of entering into that forward contract, the premium or discount on such contracts is amortized as income or expense over the life of the contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognized as an income or expense for the period. The exchange difference on such a forward exchange contract is calculated as the difference between :

- a) the foreign currency amount of the contract translated at the exchange rate at the reporting date, or the settlement date where the transaction is settled during the reporting period, and
- b) the same foreign currency amount translated at the later of the date of inception of the forward exchange contract and the last reporting date. Such exchange differences are recognized in the statement of profit and loss in the reporting period in which the exchange rates change.

x. Cash flows

Cash and cash equivalents consist of cash and cash on deposit with scheduled banks, other than margin money deposits.

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

xi. Income-taxes

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of the Income-tax Act, 1961. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between taxable income and accounting income which are capable of reversal in subsequent periods and are measured using the tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Minimum alternate tax ('MAT') credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income-tax during the period in which the company is allowed to carry forward the MAT credit as per the provisions of the Income-tax Act, 1961 ('specified period'). The company reviews the same at each reporting date and writes down the carrying amount of MAT credit asset to the extent there is no longer convincing evidence to the effect that the company will pay normal income-tax during the specified period.

xii. Impairment of assets

At every reporting date, the company determines whether the provisions should be made for the impairment loss on assets by considering the indications that the carrying amount of the asset exceeds the recoverable amount as per recognition and measurement principles laid down in AS-28 "Impairment of Assets". All impairment losses are recognized in statement of profit and loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount and is recognized in the statement of profit and loss.

xiii. Employee benefits

- a) Short-term employee benefits :
Short-term employee benefits are recognized as an expense at the undiscounted amount in the statement of profit and loss for the year in which related services are rendered.
- b) Post employment benefits:
 - i) Defined contribution plan:
Company's contributions paid/ payable during the year towards provident fund, pension scheme and employees' state insurance ('ESI') scheme are recognized in the statement of profit and loss.
 - ii) Defined benefit plan:
Company's liability towards gratuity in accordance with the Payment of Gratuity Act, 1972 is determined based on actuarial valuation using the Projected Unit Credit Method as at the reporting date. The company contributes all the ascertained liabilities to SBI Life Insurance which administers the contributions and makes the payment at retirement, death, incapacitation or termination of employment.
- c) Other Long-term employee benefits:
The company provides for compensated absences subject to certain rules. The employees are entitled to accumulate such absences for availment as well as encashment. As per the regular past practice followed by the employees, it is not expected that the entire accumulated absence shall be encashed or availed by the employees during the next twelve months and accordingly the benefit is treated as other long-term employee benefits. The liability is recognized on the basis of the present value of the future benefit obligations as determined by actuarial valuation.
- d) All actuarial gains/losses in respect of post employment benefits and other long term employee benefits are charged to the statement of profit and loss.

NOTES TO FINANCIAL STATEMENTS

xiv. Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.

xv. Leases

Finance leases, which transfer to the company substantially all the risks and rewards incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit interest rate or incremental borrowing rate as applicable. Finance charges are charged directly against income. The costs identified as directly attributable to activities performed for a finance lease are included as part of the amount recognized as leased assets.

If there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, capitalized leased assets are fully depreciated over the lease term or their useful life, whichever is shorter.

Leases where the lessor retains substantially all the risks and rewards of ownership of the leased assets, are classified as operating leases.

Lease payments under operating lease are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

xvi. Segment reporting

a) Segment policies:

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

b) Identification of segments:

The risks and returns of the company are affected predominantly by differences in the products and services it produces / renders and hence the primary format for reporting segment information is its business segment.

c) Segment Revenue and Segment Result:

Segment revenue includes revenue from operations and other income directly identifiable with / allocable to the segment. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Revenue and expenses which relate to the company as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable.

d) Segment Assets and Liabilities:

Segment assets and liabilities include those directly identifiable with respective segments. Unallocable corporate assets and liabilities represent the assets and liabilities that relate to the company as a whole and not allocable to any segment.

xvii. Provisions

a) The company recognizes provision when there is a present obligation of the enterprise arising from past

events, the settlement of which is expected to result in an outflow from the enterprise of resources embodying economic benefits which can be measured only by using a substantial degree of estimation.

b) Provision for contractual obligation has been provided for in accounts based on management's assessment of the probable outcome with reference to the available information supplemented by experience of similar transactions.

c) The company makes provision towards warranty obligation arising under the contract, while progressively recognising the revenue, based on management estimate and past experience of similar contracts. Such provision is maintained until the warranty period is completed.

xviii. Contingent liabilities

The company recognizes contingent liability for disclosure in notes to accounts, if any of the following conditions is fulfilled:

a) a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise; or

b) a present obligation that arises from past events but is not recognized because:

– it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

– a reliable estimate of the amount of the obligation cannot be made.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the Board of Directors of BGR Energy Systems Limited

We have audited the accompanying consolidated financial statements of **BGR Energy Systems Limited** ("the Company"), its subsidiaries and an unincorporated joint venture, which comprise the consolidated Balance Sheet as at March 31, 2014, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial

statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The financial statements and other financial information of two subsidiaries, namely, BGR Boilers Private Limited and BGR Turbines Company Private Limited, whose consolidated accounts reflect total assets of ₹ 89,182.97 lakhs as at March 31, 2014, total revenue of ₹ 18,002.82 lakhs and net cash inflows amounting to ₹ 2,055.02 lakhs for the year then ended, which have not been audited, have been furnished to us by the Company and were placed before the Audit Committee of the Company. Our opinion is based solely on these unaudited accounts. We are unable to comment on adjustments that may have been required to the accompanying consolidated financial statements, had such unaudited financial statements been audited.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter

described in the Basis for Qualified Opinion paragraph above, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) *in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2014;*
- b) *in the case of the consolidated Statement of Profit and Loss, of the profit for the year ended on that date; and*
- c) *in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.*

Other Matters

We did not audit the financial statements of two subsidiaries, namely, Progen Systems and Technologies Limited and Sravanaa Properties Limited, whose financial statements reflect total assets of ₹14,741.05 lakhs as at March 31, 2014, total revenue of ₹770.26 lakhs and net cash inflows amounting to ₹47.46 lakhs for the year then ended. We also did not audit the financial statements of the joint venture, namely, Mecon – GEA Energy System (India) Limited (JV) whose financial statements reflect total assets of ₹1,754.98 lakhs as at March 31, 2014 and total loss of ₹0.21 lakhs for the year then ended. These financial statements have been audited by other auditors whose reports have been furnished to us by the management, and our opinion is based solely on the reports of the other auditors. Our opinion is not qualified in respect of these matters.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

SIGNIFICANT ACCOUNTING POLICIES

a. Accounting conventions

The consolidated financial statements of the group have been prepared in accordance with Accounting Standard 21 "Consolidated Financial Statements" and Accounting Standard 27 "Financial Reporting of Interests in Joint Ventures". The consolidated financial statements are prepared under historical cost convention and following the accrual method of accounting in accordance with the Generally Accepted Accounting Principles in India ("I-GAAP") and mandatory accounting standards as notified by the Companies (Accounting Standards) Rules, 2006, the provisions of the Companies Act, 1956 and guidelines issued by the Securities Exchange Board of India ("SEBI").

b. Principles of consolidation:

The basis of preparation of the consolidated financial statements is as follows:

- (i) The financial Statements (Balance sheet, Statement of Profit and Loss and Cash Flow statement) of the group have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group transactions and the resulting unrealized profits or losses.
- (ii) The difference between the cost of investment in the subsidiaries over the Company's share of net assets at the time of acquisition of subsidiary is recognized as Goodwill or Capital Reserve, as the case may be. Minorities' share of net assets is identified and disclosed separately in the Consolidated Balance Sheet.
- (iii) Interest in the assets, liabilities, income and expense of the Joint Ventures are consolidated using proportionate consolidation method. The differential with respect to the cost of investments in the jointly controlled entity over the Company's share of its net assets of the jointly controlled entity is recognized as Goodwill or Capital Reserve, as the case may be.

The consolidated Financial Statements are prepared using the uniform accounting policies for like transactions and other events in similar circumstances except stated otherwise

c. Use of estimates

The preparation of financial statements, in conformity with I-GAAP requires the

management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between the actual results and the estimates are recognized prospectively in the year in which the results are known / materialized.

d. Fixed assets and intangible assets

Fixed assets are assets held with the intention of being used for the purpose of producing goods or rendering of services and are not held for sale in the ordinary course of business. The cost of fixed assets comprise the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost to bring the asset to working condition for intended use. Further, any trade discounts and rebates are deducted in arriving at the cost.

Intangible assets are identifiable non-monetary assets, without physical substance, held for use in producing / supplying goods or rendering of services, for rental to others, or for administrative purposes. The intangible assets are separately acquired and the costs of such intangible assets are capable of being measured reliably. The cost of intangible assets comprises the purchase price including import duties and other non refundable taxes or levies and any directly attributable cost on making the asset ready for intended use.

e. Depreciation and amortization

Depreciation on fixed assets is provided on straight line method in accordance with the rates prescribed under Schedule XIV of the Companies Act, 1956. Intangible assets are amortized over a period of 5 years on straight line basis.

In the financial statements of BGR Boilers Private Limited and BGR Turbines Company Private Limited, depreciation is being measured and recognised using written down value method unlike straight line method used by the Group. The proportion of such assets is as follows:

Assets	Proportion of		Proportion of	
	Net block	Depreciation	Net block	Depreciation
	March 31, 2014	March 31, 2014	March 31, 2013	March 31, 2013
Furniture & fixtures	13%	25%	18%	18%
Vehicles	3%	5%	3%	6%
Office equipments	7%	22%	10%	13%

f. Investments

Investments are classified into long-term and current investments based on the intent of management at the time of acquisition.

Long term investments are stated at cost less provision for diminution in value other than temporary, if any. Current investments are carried at cost or fair value whichever is lower.

g. Earnings Per Share (EPS)

Basic and diluted EPS are computed in accordance with Accounting Standard (AS) 20 – "Earnings Per Share"

Basic EPS is calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated on the same basis as Basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

h. Revenue recognition

- a) Sales are accounted on the basis of despatches in accordance with the terms of sale when significant risks and rewards are transferred to the customer.
- b) Sales include equipment billed but despatch of which is withheld at the request of the customer.
- c) Revenue from services is recognized in accordance with the specific terms of contract on performance.
- d) Freight reimbursements are recognized as income on dispatching goods to customer and such freight income is reduced by the actual freight expenses incurred.
- e) Revenue from construction contracts is recognized by reference to the stage of completion of the contract activity at the reporting date of the financial statements on the basis of percentage of completion method. The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

bear to the estimated total contract costs for each contract.

- f) Expected loss, if any, on the construction / project related activity is recognized as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract. While determining the amount of foreseeable loss, all elements of costs and related incidental income not included is taken into consideration.
- g) In respect of construction contracts revenues include taxes and duties.
- h) Other Income – i) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable, ii) Dividend income is recognized when the company's right to receive dividend is established.

i. Inventories

Raw materials and stores and spares are valued at lower of cost and net realizable value. However, these items are considered to be realizable at cost if the finished products, in which they will be used are expected to be sold at or above cost.

Work-in-progress and finished goods are valued at lower at cost and net realizable value. Finished goods and work-in-progress include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Cost of inventories is determined on a weighted average basis.

Saleable scrap, whose cost is not identified, is valued at net realizable value.

j. Foreign currency transactions

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the rates prevailing on the reporting date. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement and also on translation of monetary items at the reporting date is recognized as income or expense. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

For forward contracts which are entered into to hedge the foreign currency risk of

the underlying outstanding on the date of entering into that forward contract, the premium or discount on such contracts is amortized as income or expense over the life of the contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognized as an income or expense for the period. The exchange difference on such a forward exchange contract is calculated as the difference between: -

- a) the foreign currency amount of the contract translated at the exchange rate at the reporting date, or the settlement date where the transaction is settled during the reporting period, and
- b) the same foreign currency amount translated at the later of the date of inception of the forward exchange contract and the last reporting date. Such exchange differences are recognized in the statement of profit and loss in the reporting period in which the exchange rates change.

k. Cash flows

Cash and cash equivalents consist of cash and cash on deposit with scheduled banks, other than margin money deposits.

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future operating cash receipts or payments and items of income or expense associated with investing or financing cash flows. The cash flows from regular revenue generating, financing and investing activities of the company are segregated.

l. Income taxes

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of the Income-tax Act, 1961. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences between taxable income and accounting income which are capable of reversal in subsequent periods and are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation

or carry forward tax losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

Minimum alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the period in which the company is allowed to carry forward the MAT credit as per the provisions of the Income-tax Act, 1961 ("specified period"). The company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit asset to the extent there is no longer convincing evidence to the effect that the company will pay normal income tax during the specified period.

m. Impairment of assets

At every balance sheet date, the company determines whether the provisions should be made for the impairment loss on assets by considering the indications that the carrying amount of the asset exceeds the recoverable amount as per recognition and measurement principles laid down in AS-28 "Impairment of Assets". All impairment losses are recognized in statement of profit and loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount and is recognized in the statement of profit and loss.

n. Employee benefits

- a) Short term employee benefits :
Short-term employee benefits are recognized as an expense at the undiscounted amount in the statement of profit and loss for the year in which related services are rendered.
- b) Post employment benefits:
 - i) Defined contribution plan:
Company's contributions paid/payable during the year towards Provident Fund, Pension Scheme and Employees' State Insurance (ESI) scheme are recognized in the statement of profit and loss.
 - ii) Defined benefit plan:
Company's liability towards gratuity in accordance with the Payment of Gratuity Act, 1972 is determined based on actuarial valuation using the projected unit credit method as at the balance sheet date. The company contributes all the ascertained liabilities to SBI

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Life Insurance which administers the contributions and makes the payment at retirement, death, incapacitation or termination of employment.

c) Other long-term employee benefits:

The company provides for compensated absences subject to certain rules. The employees are entitled to accumulate such absences for availment as well as encashment. As per the regular past practice followed by the employees, it is not expected that the entire accumulated absence shall be encashed or availed by the employees during the next twelve months and accordingly the benefit is treated as other long-term employee benefits. The liability is recognized on the basis of the present value of the future benefit obligations as determined by actuarial valuation.

d. All actuarial gains/losses in respect of post employment benefits and other long term employee benefits are charged to the statement of profit and loss.

o. Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.

p. Leases

Finance leases, which transfer to the company substantially all the risks and rewards incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit interest rate or incremental borrowing rate as applicable. Finance charges are charged directly against income. The costs identified as directly attributable to activities performed for a finance lease are included as part of the amount recognized as leased assets.

If there is no reasonable certainty that the company will obtain the ownership by the end of the lease term, capitalized leased assets are fully depreciated over the lease term or their useful life, whichever is shorter.

Leases where the lessor retains substantially all the risks and rewards of ownership of the leased assets, are classified as operating leases.

Lease payments under operating lease are recognized as an expense in the statement of profit and loss on a straight line basis over the lease term.

q. Provisions

i) The company recognizes provision when there is a present obligation of the enterprise arising from past events, the settlement of which is expected to result in an outflow from the enterprise of resources embodying economic

benefits which can be measured only by using a substantial degree of estimation.

- ii) Provision for contractual obligation has been provided for in accounts based on management's assessment of the probable outcome with reference to the available information supplemented by experience of similar transactions.
- iii) The company makes provision towards warranty obligation arising under the contract, while progressively recognising the revenue, based on management estimate and past experience of similar contracts. Such provision is maintained until the warranty period is completed.

r. Contingent liabilities

The company recognizes contingent liability for disclosure in notes to accounts, if any of the following conditions fulfilled:

- i) a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise; or
- ii) a present obligation that arises from past events but is not recognized because:
 - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - a reliable estimate of the amount of the obligation cannot be made.

Cochin Project: The end client of Cochin Port Road Connectivity Project viz., Cochin Port Road Company Ltd., (SPV of NHA) terminated the contract on May 28, 2007. Consequently, the end client encashed BGs for a value of ₹ 1270 lakhs furnished by the company on behalf of MECON – GEA (JV). The main contractor viz., MECON – GEA (JV) contested the termination of the contract. The disputes after having been reviewed by the Dispute Review Board are now subject to arbitration. The Arbitral Tribunal has passed preliminary order in favour of the JV, which is under challenge before the High Court of Delhi. The High Court of Delhi has passed the judgement recommending that the tribunal permit the NHA to contest their disputes and to adjudicate the same on merits. The final arguments before the Arbitral Tribunal is listed for hearing in August 2014. The arbitral award is expected in due course of time. Based on legal opinion, the company has identified a sum of ₹ 1654 lakhs (₹ 1654 lakhs) as on March 31, 2014 as recoverable advances from the end client through the JV and is grouped under other loans and advances.

Tuticorin Project: The end client of Tirunelveli – Tuticorin Port Connectivity Project viz., Tuticorin Port Road Company Ltd (SPV of NHA) has terminated the contract and encashed BGs for aggregate value of ₹ 2652 lakhs and the same were restituted as per orders of the High Court of Madras (Madurai Bench). The disputes, including termination of contract, after having been reviewed by the Disputes Review Board are now subject to arbitration. The proceeding before the Arbitral tribunal are in an advanced stage. In view of these facts, the company has identified the sum of ₹ 83 Lakhs (₹ 83 lakhs) as on March 31, 2014 as recoverable advances from the end client through the JV and is grouped under other loans and advances.
