Prem Kishan Dass Gupta, Chairman & Managing Director, said, “Despite a dip in exports due to the ongoing geopolitical challenges, we continue to see a healthy growth in volumes being compensated with a large influx of imports. The festive season saw increased consumption, and we hope the trend continues in the coming quarters. As and when the trade deals with UK, EU, US and other countries will come into effect, we should see a further upside. Our initial running of domestic services with various customers from MMLP New Ankleshwar to North India which started in October was successful and we are optimistic about growing this segment. We continue to look for more opportunities to expand our rail network - both on asset light and owned models.

Snowman continues to grow its 5PL vertical and has expanded its presence with more capacity in Kolkata, Krishnapatnam and Kundli now being fully operational and getting filled up gradually. Snowman has also signed a BTS agreement for a facility in Pune which will become operational next year.
