CHAIRMAN'S MESSAGE

Dear Shareholders,

2020-21 was an important year for OnMobile as we pivoted our focus towards the gaming industry, with the development of our own cloud gaming solution and the addition of the robO visual recognition AI technology. Key patents were filed among which is the world's first challenge creation AI engine.

Our ONMO mission, the best gaming moments that bring esports to everyone in one click, is confirmed by gamers and game developers. Mobile operators are planning to launch our truly unique cloud gaming solution. No other service compares with ours, and we plan to be the uncontested leader in social esports globally.

Over the last two years we have invested \$20M in this product, which concluded the year with the acquisition of a minority ownership in Chingari, giving us direct access to their growing 10M monthly active subscribers for the next five years.

OnMobile has multiple businesses ranging from B2B & D2C mobile gaming, video & editorial subscription services to B2B mobile entertainment solutions for operators and enterprises. One by one, these are being transitioned from legacy to new, attractive & growing offerings. In the past two years we have used a combination of M&A and internal product development to execute this migration. We plan to use the same strategy in this coming year.

The business is being modified on all levels; we will be needing solid management to execute this transition. To that end, both Krish and Sanjay joined during the year, as our new CEO and CFO. Their presence greatly added strength to our senior executive team, and we plan to add other key executives to address our business endeavors. Three new board members also joined, covering key industries and expertise with Steven Roberts having deep knowledge in gaming and esports, Paul Lamontagne in global technology & venture capital and Geeta Mathur adding solid finance experience to our audit and risk committees.

Our consolidated revenues remain stable with a slight decrease of 2.1% year over year to ₹5,760M. New contracts were offset by key legacy service decline and the closure of our LATAM operation. While our new revenues from Challenges Arena and ONMO will start in 2021-22, we devoted specific efforts on profitability with an EBITDA increase of 66.9% to ₹682M and a Profit After Tax of ₹460M. Again, this year we close with a good cash position of ₹2,662M.

I would like to highlight the dedication of all OnMobile employees, especially in these difficult times, having spent all of 2020-21 under COVID-19. I also would like to sincerely remember Vikram R Viraktamath who was taken by COVID-19, he would have celebrated this coming November a fifteen-year tenure with the company.

A special note of gratitude to all our shareholders for your ongoing support and buying in our story. As I am sharing this message with you, the team is completing the final details to launch real money gaming with ONMO.

I am thrilled with the advancement and allure of our product, opening the doors to chronicles of success in India, Europe and America.

François-Charles Sirois
Executive Chairman

“ Mobile operators are planning to launch our truly unique cloud gaming solution. No other service compares with ours, and we plan to be the uncontested leader in social esports globally.”

CEO'S MESSAGE

Dear Shareholders,

Financial year 2020-21 was a year of change. We started with a lockdown. Work habits, travel plans and customer interactions changed. OnMobile reacted quickly to the pandemic and we were able to ensure safety of our employees including a work from home policy, ensured seamless continuity of our services for our customers and worked on the strategic transformation of the company.

I'm proud of the meaningful progress we made. Our goals for the year were to (a) continue to strengthen and digitize our core businesses, (b) build new mobile gaming products that will enable our transformation in the rapidly growing gaming space.

DIGITIZE CORE BUSINESS: In a challenging time, revenue declined slightly by 2.1% while overall profitability grew significantly over last year. We signed up new operators and further digitized our products to expand audience base.

In the **Tones** business, revenue was more or less stable. RBT 2.0 App that was launched last year across India and Middle East gained even more adoption and grew from 11M users in FY 2020 to 19.9M users by end FY 2021. As a result digital revenue grew 4X as digital install base grew to an all-time high and the transition to digital is looking optimistic.

Revenues in **Videos & Editorial** grew 5% over last year. The product witnessed addition of a number of premium services. We would have seen even more robust growth but business in Europe with one customer was impacted a bit due to Covid. We will see this coming back to higher levels of growth in FY 2022 as we reposition the product and business.

BUILD NEW MOBILE GAMING PRODUCTS: We focused on building two cutting edge mobile gaming products and new-growth businesses outside our traditional core which we believe will become a significant share of the overall business.

The beta version of **ONMO**, our breakthrough B2C cloud gaming platform was launched in May 2021. It hosts 1000s of curated best short moments from several popular casual games. ONMO is built on three key mobile gaming trends (eSports, Social and Short Form Gaming) and two disruptive technologies (AI and Cloud Streaming). Our teams across Canada, Sweden and India have been collaborating on the product and will be launching ONMO with cash battles and monetization in calendar year 2021.

With ONMO, we have a global opportunity to own the casual esports market with an addressable market that is over \$10B.

With consumers moving to digital, we digitized and repositioned the legacy Contest (Quiz) product with **Challenges Arena**, a Mobile Quiz Gaming app which offers a single destination to play casual contests & challenges. The product was launched with one telecom operator and OTT app in FY 2021 and in Q1 FY 2022 we added 490,000 gross subscribers. We are very excited with the prospects of this gaming product and will be launching with more operators in FY 2022.

Overall, we have an exciting year ahead with the strategic thrust on gaming and expanding our core businesses with new operators and several players in the digital ecosystem. We expect to carry this momentum forward into the next year and further diversify long-term revenue.

As we enter the next fiscal with a clearly defined strategy, I thank all OnMobile employees for their commitment, creativity and hardwork. And thanks to our shareholders for your continued trust in OnMobile.

Steven Fred Roberts, Global Vice President of Competitive Gaming, is responsible for designing and executing a strategy around the dynamic industry of esports for the PlayStation platform and its 100 mm plus homes. Most recently, Roberts was Chairman of ESL NA, the largest esports company in the world. He largely focused on strategic partnerships, media distribution, production and overall mentorship of the executive team.

Prior roles were as Senior Vice President for DIRECTV, Inc. In this position, Steven was responsible for developing and executing strategies designed to integrate the traditional DIRECTV entertainment experience on the set-top-box with emerging digital technologies. This included the delivery of content via the Internet on other platforms such as the PC, mobile, and portable devices inside and outside the home. Roberts directed DIRECTV's TV Everywhere initiative internally, managing all details of implementation, including, setting strategy and negotiating rights with programmers. He was also responsible for the DIRECTV 3D initiative, DIRECTV's overall sports strategy and other programming and advertising initiatives.

Roberts's previous role at DIRECTV was as Vice President, Strategic Initiatives, DIRECTV Entertainment. In this role, he spearheaded the development and launch of several new businesses, including the production of original content for DIRECTV's Audience Network and the creation of a joint venture between News Corp.'s BSKYB (UK) and STAR (Asia) focused on the first global esports League called the Championship Gaming Series.

Roberts was also responsible for the development of DIRECTV's initial IPTV strategy and its initiative to deliver video content via broadband for the DIRECTV On Demand service, which launched in 2007. He also oversaw the successful launch of Game Lounge, a 24x7 interactive games channel, and developed and managed the successful execution of the first ever OTT distributed service for a major league with NFL SUNDAY TICKET on PlayStation.

Roberts joined DIRECTV in 2005 from Sportsvision, a FOX backed company, where he served as executive vice president. During his time at Sportsvision, Roberts brought the ubiquitous "yellow line" to every televised football game, and also expanded the product line to include broadcast enhancements for FOX Sports, NBC, ESPN and Turner.

Roberts holds a bachelor's degree from the University of California, Berkeley and Masters of Business from George Washington University, Washington DC

Steven Fred Roberts was appointed as an Additional Director on the Board of the Company effective July 31, 2020. As per the provisions of Companies Act, 2013, Steven Fred Roberts was appointed as a Non- Executive Non-Independent director at the AGM held on September 28, 2020 who is liable to retire by rotation. As on March 31, 2021, Steven Fred Roberts is on the Board of the following other companies:

1. SportsedTV

Paul Lamontagne is a business builder and global connector who brings tremendous passion to making an impact on the world. With deep experience in banking, private equity, venture capital and impact investing, Paul Lamontagne has a history of uncovering hidden gems.

Paul Lamontagne is the former CEO of FinDev Canada, Canada's Development Finance Institution (DFI), whose mandate is to provide financial services to the private sector in developing countries. His sense of service compelled him back to Canada in 2017 to launch FinDev Canada, a start-up Crown corporation. Paul Lamontagne disrupted the traditional development banking model by creating a DFI for the future and won acclaim as an innovator for his achievements. He is an ardent feminist and was instrumental in the launch of the 2X Challenge: Financing for Women at the G7 Summit in 2018.

Paul Lamontagne currently serves as Chairperson of the YPO Trans-Canada board, a regional chapter of YPO, a global business network of over 30,000 CEOs. He is an Advisor to a FemTech venture investing in late-stage health technology companies, and a Leadership Coach to women executives and entrepreneurs.

Previously, Paul Lamontagne was Executive Investment Partner at CapAfrica, a Canadian private equity group that invests in renewable energy and telecommunications in Africa where he led the structuring of complex transactions. As Head, Middle East & Africa at CIBC, he originated hundreds of millions of dollars in trade, capital markets and correspondent banking flows. As Founder Chairperson & CEO of Enablis Financial Corporation, a licensed Fund Manager in South Africa, he pioneered a new model for investing in SMEs and oversaw over 150 transactions.

Earlier, Paul Lamontagne's career spanned executive roles in telecommunications at Look TV, Telesystem, and Teleglobe

Canada, as well as in banking at affiliates of Barclays, UBS, and the National Bank of Canada. He also served on the board of directors of numerous companies and not-for-profit entities.

Paul Lamontagne received his BA from McGill University and his MBA from France's Institut d'Études Politiques de Paris.

Based on recommendation of Nomination and Compensation Committee, subject to approval of the shareholders, the Board of Directors appointed Paul Lamontagne as Additional Director of the Company and also as an Independent Director, not liable to retire by rotation, for a term of 5 years i.e. from December 17, 2020 to December 16, 2025. The Nomination and Remuneration policy devised in accordance with Section 178(3) and (4) of the Companies Act, 2013 forms part of the Board's Report. The Company's remuneration policy is based on the performance of the individual employee and the success of the Company. Through its compensation program, the Company endeavors to attract, retain, develop and motivate a high performance workforce. The Company follows a compensation mix of fixed pay, benefits and performance based variable pay and sharing of wealth through the Company's stock options. Individual performance pay is determined by combination of individual and business performance of the Company. The Company pays remuneration by way of salary, benefits, perquisites and allowances (fixed component) to its Whole Time Director(s). Annual increments are decided by the Nomination and Compensation Committee/Board of Directors. The shareholders at the Annual General Meeting held on September 18, 2018 approved the payment of remuneration to the non-executive directors, in addition to the sitting fees to be paid for attending the meetings of the Board or Committees thereof, in aggregate not exceeding an amount equal to 5% of the net profits of the Company computed in accordance with the provisions of Section 198 of the Companies Act, 2013 or ₹ 15 million, whichever is higher for each financial year commencing on or after April 1, 2018 and the said remuneration be paid in such amount, proportion and manner as may be decided by the Board of Directors of the Company from time to time. Apart from the said remuneration the non-executive directors are also entitled to a sitting fee of ₹ 100,000/- per meeting for attending the Board and Committee meetings. The Company also reimburses the out-of-pocket expenses incurred by the Directors for attending the meetings.

The remuneration paid to Independent Directors are within the limits approved by the members of the Company. None of the Non-Executive Directors received remuneration amounting to 50% of the total remuneration paid to Non-Executive Directors during the financial year 2020-21.

SIGNIFICANT EVENTS: 2020-21

In FY 20-21, we embarked on enhancing our gaming portfolio while we continued to expand and diversify into new products and channels, building additional features and capabilities, significantly in the digital ecosystem.

We also won significant new deals across the world while also renewing most of our existing contracts which were due this year.

Products

OnMobile Tones primary focus over the year was to revamp the baseline RBT Mobile Application and Web Apps to build an experience that is simple, intuitive and exciting while creating more value for the end user. Our baseline App currently counts for more than 1 Million Monthly Active user bases with a rating of 4.2+ for a large telecom partner in India. We provided rich and personalized experience to the users through continuous push and in-App notifications. No other telco digital RBT destination comes close to these stats.

We also upgraded to the newly designed Flutter based App version 3.0 catering to all the iOS and Android users simultaneously in multiple markets, thereby, extending novel features like Ring Tones in Spain and India. Ring tone services were part of the new version to create more value for the end users.

We remain focused on increasing our digital tones service reach through operator self-care App integrations. We developed Tones SDK for both Android and iOS, which were integrated to a large telecom partner's self-care App in Bangladesh. They are live with significant contribution to digital Tones service growth.

The year saw the launch of our first game, Challenges Arena, a single destination to play casual challenges on thousands of quiz questions and trivia across multiple categories. Challenges Arena was launched with one telecom operator in India in FY '21 and rolled out internationally in FY' 22.

The product stands out due to certain key features which include:

- *Immersive content:* Multimedia based content formats like Pictionary, Jigsaw, word games, number games, puzzles and HTML5 games
- *Social game play:* Challenge online players for 1-1 battle, Multiplayer battles, tournaments. Also, invite friends to battles and have fun
- *Gamification:* Gamified winning experience during game play, through one tap surprise activities like spin wheel, treasure chest and scratch cards
- *Convenient payment methods:* Multiple payment options include paying via mobile balance, internet banking, UPI, wallets and card payments

- *Instant ranking & Replay to improve rank:* Real time leaderboard & ranking once you finish the challenge

Challengers Area is available in the form of PWA (Progressive Web App) now, and will be available in App and SDK forms shortly.

Customers stand a chance to win exciting daily, weekly, monthly & bumper prizes. Winners will be selected based on their performance at the end of the challenge period. OnMobile's ISO 27001 certified tool ensures transparency in winner selections while focusing on protecting the user data.

We have also been developing our first B2C product, **ONMO**, a Mobile Cloud Gaming platform for Casual eSports & Social Play with 1000s of customized game Challenges. Teams across India, Canada and Sweden have been collaborating. The beta version of ONMO with virtual currency battles was launched in May 2021. The player feedback has been good and we are working on adding more compelling features and monetization in FY 21-22.

Pan-India Deal for Airtel RBT Deployment

Airtel India was looking to give Hello Tunes free to a certain segment of Wnyk & Thanks users. As a part of that initiative they wanted to have a single partner powering their Hello Tunes platform. This deal was bagged by OnMobile due to our superior technical and product capability on RBT.

Challenges Arena launched for all Vodafone Idea users

With their focus on providing unique and engaging services to its users, Vodafone Idea Ltd wanted to provide a socially immersive quiz & trivia service on digital platform. Vi chose Challenges Arena due to its unique & differentiating features, as the product to provide these service to users across the country. Vi and OnMobile launched the service during the first week of March and the initial results have been encouraging.

Partnership with Sony India for SMS-based Contest for KBC12

Sony India partnered with OnMobile Global to launch the KBC12 contest on SMS for qualification of users for the main event. The campaign ran from 9th May 2020 to 23rd May 2020 and 3.5 million SMS were sent during that period.

Region: West

Partnership with Sony Music & Universal Music

OnMobile has signed new agreements with Sony Music & Universal Music to use their content catalogue for Ringback tone services in Vodafone Spain. These tie-ups have strengthened OnMobile's position in Spain as the only Company to have direct agreements with 2 major Music Labels for RBT Content.

Kids Planet free version in bundle with Vodafone Share Remix Junior Tariff Plan

Since Mar'21, all Vodafone customers activating Junior tariff plan, are receiving an SMS to activate Kids Planet for 12 months, free of charge. This is the first step to integrate and offer other OnMobile products bundled with Vodafone tariff plans (next in line will be Games).

Online Cooking Academy for Emocion users

An online cooking academy was launched in Feb'21 under the brand of the most famous cooking TV show in the world, Masterchef (Escuela) broadcasted in Spain through the public channel TVE1, with an exclusive 10% discount to Emocion users.

Integration for Telefónica Corporation and Apple Music

After Telefónica Corporation signed the contract with Apple, OnMobile integrated the service linking the carrier billing with Boku, an external billing integrator, while matching Apple Music's many requirements and specifications.

Recognition

OnMobile Kids has been mentioned as a leading example of a platform with age-appropriate children content in Spain's Data Protection Agency's guidelines for protection of children online, as well as a few other well-known brands such as YouTube Kids or Samsung Kids Home.

Acquisitions/ Investments

OnMobile invested in Technologies rob0 Inc., a Canadian Software as a Service (SaaS) company which provides gaming service providers a deep insight into their user behavior. Their AI technology powers ONMO's challenge creation engine. They also use proprietary AI to understand the user interaction with games and demonstrate where they tend to drop off. This allows games creators to improve the stickiness of their games. This helps in significantly increasing revenue, engagement and retention across any kind of games.

OnMobile invested in Tech4Billion Media Private Limited, which engages in the business of providing, operating and managing a social media application in the name of "Chingari" that provides end users a social video sharing service through which people can record and share short video clips.

OPERATIONAL EFFICIENCY

OnMobile has institutionalized CSI (Continual Service Improvement) process. During the year multiple initiatives have been taken. These initiatives were focused towards providing better turnaround, cost efficiencies and reduction of risks. Onmobile has adopted ISO 27001 and ITIL based best practices. The following efforts have been jointly driven by Program Management & Business Enablement and the DevOps teams:

General Data Protection Regulation (GDPR)

OnMobile takes utmost care when it comes to protecting its customers and end user data. The teams have implemented multiple technical controls to enhance the compliance to GDPR requirements in Europe. These controls include AAA, antivirus, log review, VAPT, periodic audits, across installations in EU region. The team members are given periodic awareness training on GDPR and information security aspects involved in handling personal data for EU customers.

ISO Certification

Program Management and Operations teams at OnMobile adheres to ISO 27001:2013 standards for information security and has been certified for adherence to these standards. As a part of this, Onmobile has undergone and completed a surveillance audit by DNV during the first quarter of 2020 without any major findings.

DevOps – Automation, Optimization & Efficiency Improvements

This year we worked on implementing the DevOps practice in OnMobile and brought together the Operations and Development Teams into a single technology unit under

DevOps. As part of the DevOps implementation, we focused on improving in three core areas of Automation, Optimization of Resources and Efficiency Improvements

Automation: Improving automation has been a continual effort in OnMobile. This year we worked on tools and processes to improve the continual deployment and site operational activities. We deployed the Operational Automation and Release Management Tool (OARM) across all out active sites. This has been internally developed by the Operations Automation Team using open-source technologies. This tool will help reduce the downtime requirements during release upgrades and will also provide a UI based mechanism for the operations teams to work on remote sites.

Efficiency: As part of the efficiency improvement, we have worked on reducing our costs in various ways, primary among them being increased load bearing capacity across the equipment & improved utilization. In addition to this, the team worked on extending the life of equipment in the field by being able to install and implement the latest OS version on old HW and thus extending their usability.

Optimization: We have always strived towards improving optimization across the board on all resources, tools, and processes. As part of the DevOps implementation, we have implemented newer operational processes to reduce the turnaround time for new requirements and worked on optimizing the software usage across our systems. The teams identified Opensource software to replace existing software which became paid and contributed to a reduction in potential software cost of approximately USD 3 Million.

Risk Mitigation Efforts

The operations team along with the delivery has taken up multiple risk mitigation exercises to reduce the down time. The risk mitigation efforts include building system redundancies; tie up with AMC vendors for better TAT, enhancing the monitoring capabilities and audits of critical systems. This has resulted in reduction in TAT for high severity incidents thus reducing the business impacts.

Working from Home during Covid-19 lockdown

This year has been a challenging year for all organizations due to spread of the pandemic and subsequent lockdown situations. OnMobile took quick decisions and equipped its team members across the world to work seamless from home. The operational teams were provided secure connections using VPN and data connectivity to facilitate their connectivity requirement to work without affecting customer deliverables. At places where hardware assets have been deployed, the site teams took adequate care to ensure that the system downtimes are minimum. The sites engineers were provided with government passes to travel during the lockdown period.

INFRASTRUCTURE

OnMobile has 10 offices across the globe with a total of 50,000 square feet of office space. The offices are catalogued as leased office, business center & virtual office. OnMobile headquarters - Electronic City phase 1 Bengaluru - is the largest facility with 32,000 square feet of office space. All OnMobile offices are well equipped with reliable infrastructure & working atmosphere amid high level of security & safety proficiency & maintaining

high standard hygiene. Consistent and scheduled precautionary measures are in place to circumvent downtime and to ensure business continuity. We operate the facilities in a manner that complies with the applicable local laws and regulations.

CORPORATE SOCIAL RESPONSIBILITY

OnMobile continues to support both Society to Aid the Hearing Impaired (SAHI) and VAANI, NGOs which work in the space of communication and enablement of hearing-impaired kids in Hyderabad, Telangana and remote parts of Karnataka respectively. In light of the pandemic, we continued to support our NGO partners as they adapted to new technologies for a wider and more penetrative reach into the community.

Our contribution towards cochlear implants, post-surgical rehabilitation, identification of the needy, distribution of hearing aids, life skill trainings like self-defense, tailoring and computers were the key highlights this year.

Additionally, we donated a considerable sum of INR 5 Million towards PM Cares Fund(India) to support COVID relief activities.

The Company has constituted a Corporate Social Responsibility (CSR) Committee in accordance with Section 135 of the Companies Act, 2013. The CSR Committee charter and the CSR Policy of the Company are available in the website at the below link:

https://www.onmobile.com/sites/default/files/cg_policy/Corporate_Social_Responsibility_Policy.pdf

Particulars required to be disclosed pursuant to the Companies (Corporate Social Responsibility Policy) Rules, 2014 are given in **Annexure IV** to the Boards' report.

RESEARCH AND DEVELOPMENT

Platform and technology

Containerization and Orchestration:

As part of our initiatives in moving to the cloud, our backend for digital storefronts have been deployed on AWS for the past few years. This year we have worked on improving the deployment methodology and implemented containerization in our core backends of Voltron and CA. This allows the applications to be deployed easily and consistently across multiple host environments. As part of our deployment strategy, we have gone with Kubernetes (k8s) to automate the container orchestration to automate the roll outs and roll backs.

In addition to this, as part of the cost optimization strategy we are also exploring and working with other cloud service providers like GCP and will be deployed on them too in this coming year.

Operations Automation and Release Management (OARM):

Continual research and innovation have been ongoing in improving the operational efficiency using automation and tools. Over the past years, we had implemented multiple tools to support remote deployment of software at customer sites. In view of certain limitation that we had noticed with the existing tools the team over the last year has worked on a comprehensive OARM tool to support the software release at the site and operational activities. This tool has been developed inhouse by the Operations Automation team by using the Opensource

software's, Ansible and AWX frameworks. The OARM tool will greatly help reduce the downtime required for software deployment and provide comprehensive user interface to do most operational activities. In addition to this, the tool provides secure access and trackability across the work done at sites.

Optimization of Cost – Software & Hardware:

With a clear focus on reducing the cost of deployment, during this year the team has been working on identifying, testing opensource software for many of the components which have been going down the paid model. We have been successful in identifying and being able to implement multiple such software's across our core development environment and roll out the same, which have enabled us to reduce the deployment and operational costs manifold.

On the hardware front the team has been working on multiple solutions to be able to extend the life of the equipment in production. They have been able to successfully implement and install the current supported version of the OS and other software on our existing older hardware at the site, such that we are able to pass the customer VA and PT tests and continue using the HW for some more time, before replacement.

Private Cloud Deployment Support:

Telecom operators are steadily implementing their own private clouds and expecting the newer deployments from vendors to be implemented on the same. This year has seen three operators across Sri Lanka, Angola, and Oman where we have deployed on their own private cloud. This has required us to invest in research, make development changes and proto typing across multiple such vendors since private cloud deployments are not standardized in architecture. We are also working on re-architecting our deployment strategies to be agnostic to the operator specific cloud vendors to be able to reduce the deployment time and effort.

Tones App Development in Flutter:

Onmobile Mobile application team along with Tones product team felt the need to make the Tones app experience consistent across iOS and Android ecosystem while increasing efficiency in execution and optimizing cost of tones app development. The need was to increase the reach of Tones mobile app in multiple countries and improve digital Tones users share among overall user base with faster turn-around time for mobile application launch. To address that, Mobile app team embarked upon a journey to evaluate and adopt best of app development technology which will help us to achieve the objective.

The research led the team to finalize on one of promising app development technology, Flutter, backed by Google as a cross platform UI SDK for building native app like experiences in comparison to other popular cross platform technologies.

Flutter is a UI SDK created by Google for building beautiful, fast user experiences for Mobile, Web and Desktop from single code base. The beauty is not just its nature of running the code across platforms but being developer friendly as well with feature like compatibility to any development tool and hot reload, allows to test the results instantly post making a change in the code and existing. The native app like performance is inherent to the framework architecture which provides full set of UI widget to create pixel perfect experiences on both Android and iOS.

Though it was completely new for the team, they took the challenge on their shoulder to learn from ground-up and re-launch the existing tones app in the year 2020. Not to forget at that time existing tones app was used by close to Million monthly active user and with rating 4.1, a highest rated tones app on playstore and app store. So, the main objective was new technology adoption must not disrupt the existing KPIs of tones app and user experiences. With this in mind and no external training, team started the journey to quickly learn and in the process do lot of R&D due to limited forum support and study materials.

Flutter has been adopted to create modular architecture of tones app to support multiple operators on both Android and iOS ecosystem. It has been tweaked to even use native android and iOS code and databases to support certain OS specific features. Its being a declarative UI helped in designing adaptable UIs for multiple resolutions with minimal code and native like performance. Team has achieved native UI like rendering with the Flutter's full set of UI widgets for both Android and iOS.

IMPACT OF COVID-19 ON BUSINESS

Information regarding the impact of the Covid-19 pandemic on worldwide operations and financials of OnMobile is as follows:

OnMobile has witnessed an impact on its revenue in Middle East and Spain due to non-availability of recharges in the case of pre-paid mobile connections and reduction in marketing spend adversely impacting new customer acquisitions. These disruptions had a moderate impact on our FY20-21 revenue.

The Company initiated several measures to mitigate this revenue impact and its consequential impact on profits. Most of the Company's offices were shut due to government mandated lockdown restrictions but there has been no material impact on operations and customer servicing and all regular activity continued without interruption by implementing effective work from home measures. All internal controls and financial reporting systems were fully operational.

The Company has not faced any liquidity issues and there has been no material delay in receiving collections from customers. The Company does not have any contract / agreement where non-fulfilment of the obligations of any party will have a significant impact on the Company's business.

OnMobile will continue to provide further updates in case of any material change witnessed in its operations / financials.

Management Discussion & Analysis

OVERVIEW

OnMobile provides end-to-end mobile entertainment solutions including platform, apps, content partnerships and professional services to telecom operators and other media companies. Through our 98 customers, our products reach 2.7B users and over 1.9B digital users across 56 countries.

DIGITIZING CORE PRODUCTS

We continue digitizing the operating model of our existing core products that currently contribute a majority of our revenues.

Tones: Ranging from Traditional to Digital, our Tones product provides a compelling offering by engaging telecom subscribers over feature phones & smart phones across networks. We have nearly 66M users through 48 operators globally with 10B+ tones played per month. The year witnessed the product launching with 6 new partners, as it evolves to a digital-first model. We also launched Video RBT (App-based video tunes) and AdRBT (Mobile marketing solution).

Videos & Editorial: Our digital mobile web store offers a one-stop destination for users to access curated content by paying a subscription fee. The content includes trending global and local topics across Sports, News, Entertainment, Kids, Games and Travel etc. It is ad-free and available for users to discover and consume with ease. With features like, contextual recommendation, we provide the most relevant content and services to users, and enhance their experience. In FY 20-21 the product witnessed addition of a number of premium services like Storytel, Apple Music, Vaughan and FlixOlé.

BUILDING NEW MOBILE GAMING PRODUCTS

The global mobile gaming market is expected to grow from \$80 Billion to over \$130 Billion by 2025. We see this as a huge opportunity. We have been investing in building cutting edge mobile gaming products and developing new-growth businesses outside our traditional core which will become a significant share of the overall business.

Mobile Contests & Quiz: We have a deep understanding of the contest & quiz market. Our existing legacy contest & quiz platform has 8M current active base and 1.5M MAU (monthly active users). We have repositioned this offering and built out *Challenges Arena*, a Mobile Quiz Gaming app which offers a single destination to play casual challenges with an unparalleled gamified winning experience with social competitions and leaderboards. The product has been launched with one telecom operator and OTT app in FY 20-21 and several discussions are in place with more partners for launches over the next year.

ONMO: We have been building ONMO, our B2C mobile cloud gaming platform which hosts curated best short moments from several popular casual games. It connects game developers and players through competitions and challenges. ONMO is built on three key mobile gaming trends (eSports, Social and Short Form Gaming) and two disruptive technologies (AI and Cloud Streaming). Current casual short gaming experience for players is sub-optimal. Players leave the game due to boredom, majority players do not feel accomplished after completing challenges and most gaming apps get uninstalled within the

first month. We have been building ONMO to solve all these problems. Our best-in-class Vision AI technology creates 1000s of unique challenges for players making eSports more casual, fun and social. Our Cloud stream technology ensures no friction and app uninstallations, thus making it easy to switch between games and game moments. The beta version of ONMO with virtual currency battles was launched in May 2021. The player feedback has been good and we are working on adding more compelling features and monetization in FY 21-22.

RISKS & CONCERNS

Our business is subject to risks and uncertainties, which include:

Dependency on operator wallet: Operators are offering bundled services tying up with multiple content providers and OTT players in some cases, leaving very little balance in operator wallet for VAS players to charge subscribers leading to revenue pressures.

Customer policy restrictions from telecom operators can limit our ability to drive revenue, consumer acquisition and marketing commitments resulting in revenue reduction.

Our business is subject to a variety of international government laws and regulations, which are subject to change and could affect our business (customer acquisition, revenue recognition, operating of local entities and ability to hire employees)

Covid-19 has presented some risks for VAS providers and operators. In some regions, operators' subscriber base has reduced as customers migrate back to their homelands. In other cases, operators have had to change customer acquisition & customer care policies. All these could adversely impact our subscriber base and revenues on the core Tones and Videos & Editorial business.

Dependency on third-party game developers to develop the games that we host on our platform. Game developers need to continue to offer a competitive experience in existing and new games on our platform for our players to find compelling gaming experiences.

OUTLOOK

OnMobile as a global leader in mobile entertainment is expanding its suite of digital entertainment services. In our core businesses, **Videos** is a high growth market and we are looking to upgrade the product, reposition this business and view this as an exciting future growth area. We expect **Tones** to be stable and profitable.

We believe there is significant strategic growth opportunity in our new **Mobile Gaming** businesses. The world of mobile gaming has changed drastically, but perhaps no year saw more innovation and growth than 2020. During the pandemic and the resulting lockdowns, games have been indispensable for many consumers. Over the next 4-5 years we will see over 3B gamers come on to mobile. Furthermore, 5G is expected to be an adoption driver for cloud gaming. Given this backdrop, we are excited about our two mobile gaming products:

Challenges Arena with its casual challenge operates in a vibrant \$3B+ trivia/ quiz/ puzzles market space globally. We have

launched with one operator and plan to go to market with several operators globally.

ONMO our B2C cloud gaming platform truly has a global opportunity to own the casual esports market with an addressable market that is over \$10B. ONMO is built on Esports, Social, Short Gaming, AI technology and Cloud Streaming. *Esports* has rapidly grown from fringe to mainstream with hundreds of millions of followers. *Social gaming* has been a huge driver of engagement for most games. *Short game moments* have rapidly grown with hundreds of millions playing instant games or short game sessions. *Cloud gaming* is relatively young but could eventually disrupt the games business. Our *Visual AI engine/ CMS* leverages real time data to develop unique fun challenges. We believe we are reinvigorating casual

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Internal control and risk management are necessary prerequisites of corporate governance. The Corporate Governance Policy guides the conduct of affairs of the Company and clearly delineates the roles, responsibilities and authorities at each level with adequate system of internal controls. This ensures that all transactions are authorised, recorded and reported correctly and assets are safeguarded and protected against loss from unauthorized use or disposition. Properly documented policies, guidelines and procedures laid down for this purpose, stand widely communicated across the enterprise to provide the foundation for Internal Financial Controls with reference to the Company's operations and financial statements. Such Financial Statements are prepared on the basis of the Significant Accounting Policies, in line with the applicable Accounting Standards, that are reviewed by management and approved by the Audit Committee and the Board.

The Company recognizes that any internal control framework, no matter how well designed, has inherent limitations and accordingly, regular audit and review processes ensure that such systems are reinforced on an ongoing basis.

The Company has a set of Standard Operating Procedures (SOPs) that have been established for individual processes. In addition to this, the Company has identified and documented the risks and control for each process that has a relationship to the operations and financial reporting. The Company uses SAP and other internally developed ERP systems as a business enabler and also to maintain its Books of Account. The SOPs in tandem with transactional controls built into the ERP systems ensure appropriate segregation of duties, approval mechanisms and maintenance of supporting records. The Information Management Policy reinforces the control environment. The systems, SOPs and controls are reviewed by the management and audited by Internal Auditors whose findings and recommendations are reviewed by the Audit Committee and tracked through to implementation. The Company has in place adequate internal financial controls with reference to the Financial Statements. Such controls have been assessed during the year taking into consideration the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India. Based on the results of such assessment carried out by management, no reportable material weakness or significant deficiencies in the design or operation of internal financial controls were observed.

DISCUSSION ON CONSOLIDATED FINANCIAL PERFORMANCE FOR THE YEAR ENDED 2020-21

Revenue

Revenue is derived from Telecom Value Added Services including Ring Back tones, Mobile entertainment and other services. Revenue from Telecom Value Added Services is recognized on providing the services in terms of revenue-sharing arrangements with the telecom operators. Revenue from Other Services including maintenance services are recognized proportionately over the period during which the services are rendered as per the terms of the contract.

The revenue for the FY 2020-21 was ₹ 5,512.92 Million as against ₹ 5,724.24 Million in FY 2019-20 with a marginal decline of 4%. While domestic decline is due to the aggressive competition and resultant consolidation of Indian telecom operators, introduction of certain policies by some of the international operators led to temporary streamlining of the revenues outside India. We expect steady state growth from these levels.

The segmentation of revenue by geography is as follows:

(In ₹ Million)

	FY 2020-21	% of total Revenues	FY 2019-20	% of total Revenues	Growth %
India	828.59	15	948.22	17	(13)
Outside India	4,684.33	85	4,776.02	83	(2)
Total Revenue	5,512.92		5,724.24		(4)

Other Income

Other Income was ₹ 100.66 Million in the FY 2020-21 as compared to ₹ 171.70 Million in FY 2019-20. FY 2020-21 includes ₹ 76.50 Million for interest earned on fixed deposits, profit from investments and dividend yield on mutual funds and ₹ 11.18 Million for Gain on Lease Termination. Loss on foreign currency transactions and translations is reported under Other Expenses (refer Note 27). For the previous year, Other Income includes ₹ 39.34 Million net gain on foreign currency transactions and translations and ₹ 114.14 Million for interest earned on fixed deposits, profit from investments and dividend yield on mutual funds.

The surplus funds of the Group continue to remain mainly invested in bank fixed deposits and debt funds in adherence to the Group's investment policy.

Cost of Sales and Services

Cost of Sales and Services consists of amount incurred towards content fee and contest expenses, cost of software licenses and other charges. Content fee is paid to content providers such as music label companies, royalty agencies, sports licensing authorities, games publishers and other content licensors, from whom content is procured by the Company. Cost of software licenses and other charges include the cost of software licenses and services used by the Company for providing services to the customers. During FY 2020-21, the cost of sales and services was ₹ 2,789.07 Million as against ₹ 2,783.60 Million incurred in FY 2019-20 remaining stable mainly due to change in product mix.

(In ₹ Million)

	FY 2020-21	% of total revenue	FY 2019-20	% of total revenue	Growth %
Content fee	2,620.73	48	2,547.33	45	3
Contest expenses, cost of software licenses and others	168.34	3	236.27	4	(29)
Cost of sales and Services	2,789.07	51	2,783.60	49	0

Employee Benefits Expense

Employee Benefits Expense comprise of salaries paid to employees, contribution made to various employee welfare funds and expenses incurred towards welfare of the employees.

During the FY 2020-21, the Group incurred a cost of ₹ 1,402.33 Million as against ₹ 1,616.52 Million in FY 2019-20, thus representing a decrease of 13% from the previous year. The decrease was primarily on account of manpower rationalization measures undertaken.

The total employee strength of OnMobile Global Limited and its subsidiaries as on March 31, 2021 was 688.

Finance Charges

Finance Charges represent interest on finance Lease Liabilities. During FY 2020-21, group adopted Ind AS 116 'Accounting of Lease' resulting in the above charge.

Depreciation and Amortization

The Group provided a sum of ₹ 128.03 Million and ₹ 185.17 Million towards Depreciation and Amortization for the FY 2020-21 and FY 2019-20, respectively, thus representing a fall

of 31% over the previous year. Decrease in Depreciation and Amortization is on account of reduction in depreciation and amortization charges for up front customer contract fees which is regrouped as a reduction in revenues as per INDAS 115 for full year in current year as compared to only nine months in last year. Further decrease is contributed by Lease modification for headquarters.

Depreciation and Amortization on assets is provided on a monthly basis using the straight-line method based on useful/commercial lives of these assets as estimated by the Management, other than for market development and deployment rights, which is amortized over its useful/ commercial life in time proportion of its economic benefits, that are expected to accrue to the Company. The amortization method is reviewed at each year-end for any significant change in the expected pattern of the economic benefits. Expenditure incurred on research and development is not being capitalized.

Other Expenses

In the FY 2020-21, Other Expenses decreased by 30% to ₹ 661.96 Million as against ₹ 943.24 Million incurred in FY 2019-20. The break-up of the expenses is as follows:

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

Talent Acquisition

Adjusting to the changing times, Talent Acquisition function adapted to a virtual hiring and onboarding process successfully. In the year 2020-21, we have virtually onboarded close to 60 candidates seamlessly. Along with the business team, TA team reformed to new ways of interviews by facilitating video call interviews, virtual job fairs, online campus placements and online technical assessments to evaluate applicants.

Roles we hired are in the skill areas of DevOps, UI UX, Ad sales, Business Intelligence, software engineer, corporate marketing, finance and operations.

In Stealth, we have hired software developers [Canada], software engineers, UI UX and Game content associates.

We actively participated in Virtual Career Fair for Women organized by Women In Technology or WiT India', which is a platform focused on increasing women participation in workforce associated with STEM. The job fair included one-day conference filled with dialogues, speaker sessions and live masterclasses with the sole purpose of identifying opportunities to grow and develop in the new normal was a one of its kind virtual conference which had a virtual footfall of 5000+ prospective candidates.

We also introduced a program called "Huddle – Break the Ice". Huddle is a program designed to meet and interact virtually with new joinees every quarter. It is an informal way of welcoming them to OnMobile, and a worthy way to gather information for any areas of improvement in the hiring and onboarding process. Another important aspect of this virtual meet is to talk about Employer Branding. This initiative has helped us increase the number of followers on our social media pages and create a higher level of engagement.

Right- people Approach

FY 2020-21 was a year with focus org transformation, and building innovation capabilities. Adapting with the new normal, all our interventions were virtual and covered employees across the globe.

Talent Management & Employee Engagement

In line with our business priorities, we delivered interventions in the areas of Behavioural/Leadership, Priorities as derived from the Reorganisation, Compliance, and Innovation. A quick summary of the interventions for this year is given below: -

*One - person day = 8 hrs of training

As can be seen from the table above, we have covered nearly 1500 employees (non-unique) through different interventions. These interventions were global across geographies.

We started a very ambitious project, called **LEAP**, where we engaged our HR team certified facilitators) to impart training on topics, such as, leadership and team effectiveness, communication impact, and Emotional Intelligence.

We successfully concluded our high performance coaching program, OTP – **Onmobile Transformers Program**, which was kicked off in August 2019. Post the individual assessment, the learners underwent coaching using certified coaches over a 6-month period, in line with their identified areas of development. Now, they are successfully applying these learnings in their lives.

Another initiative, focused on building the sales competencies of our sales population commenced and is successfully running in two batches.

We revamped our bi-monthly Newsletter to make the content more appealing to the readers. We introduced a couple of new sections and features. In addition to this, we now have an advertising plan for internal branding of every edition.

We have collaborated with **YourDost**, one of India's leading online and emotional wellness platforms. This is a step towards ensuring our employees' holistic wellness so that they are their happiest and brightest selves all the time, and the platform is accessible to our Global employees at all times.

We believe that an engaged, happy employee is most productive. And in line with our thought process, we conducted a **Global Employee Survey (GES)**, which measured the level of employee satisfaction and engagement on various themes such as quality of Leadership, Values & Culture, Pride in the organisation, Recognition, Job Satisfaction, Work environment, Mental & Emotional well-being etc. Various projects have been taken up to address the challenges highlighted as the outcome of the survey analysis.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment of Investments (including other receivables) in subsidiaries – See note 4, note 9 and note 10 to the Standalone financial statements	
The key audit matter	How the matter was addressed in our audit
<p>The Company has significant investment in subsidiaries and has other receivable from subsidiaries amounting to INR 3,074.46 million (net of impairment and allowance amounting to INR 1,076.18 million) which accounts for 37.33% of total assets of the Company as at 31 March 2021. The Company recorded an impairment loss and allowance of INR 83.73 million and INR 30.52 million respectively during the current year to reflect business outlook for certain markets operated through its subsidiaries.</p> <p>The changes in business environment including impact of COVID-19 pandemic on budgets and forecasts and uncertainties caused by external factors may affect the anticipated performance of subsidiaries and recoverability of investment in subsidiaries and certain other receivables.</p> <p>The annual impairment testing was significant to our audit, because of the financial quantum of the assets as well as the critical judgements, estimates and assumptions involved.</p> <p>Significant judgment is required in forecasting the future cash flows, together with the rate at which they are discounted.</p>	<p>In view of the significance of the matter, following audit procedures were applied, among others to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> Assessed the design, implementation and operating effectiveness of key controls in respect of the Company's impairment analysis process including evaluation and approval of forecasts, and the valuation model used; Examined the recoverable value computations prepared by the Company; Challenged the key assumptions used in cash flow forecasts for arriving at the recoverable amount. This includes growth rates, profitability, discount rates, etc. with reference to our understanding of the business and historical trend. Performed sensitivity analysis considering possible changes in key assumptions used; Involved our valuation specialists to examine the valuation methodology and key assumptions; We performed an analysis of the forecasts by comparing them with the historical growth trends, agreeing the forecasts used in prior year models to its actual performance of the business. We have also agreed the forecasts to the Company approved plans; Evaluated the adequacy of disclosures made in the standalone financial statements.

Key Audit Matters (continued)

Recoverability of Trade and unbilled receivables including receivables from subsidiaries – See note 6 and note 10 to the Standalone financial statements	
The key audit matter	How the matter was addressed in our audit
<p>The Company has trade receivables including unbilled receivables from external parties amounting to INR 447.71 million (net of allowance for expected credit loss INR 124.18 million). Receivables from subsidiaries amounts to INR 308.51 million (net of expected credit loss INR 188.47 million) as at 31 March 2021.</p> <p>The Company's customers and subsidiaries operate in a number of geographical locations having different credit profiles. Further, considering the quantum of the balances and the risk of some of the trade receivables not being recoverable judgement is required to evaluate the adequacy of allowance recorded to reflect the credit risk including due to the current COVID-19 situation, if any.</p> <p>Judgement is required in determining the level of allowance for expected credit losses to be recorded in respect of such receivables using the life time expected credit losses analysis.</p> <p>Recoverability of trade and other receivables was an area of focus for us because of significance of the amounts involved in context of the standalone financial statements and involvement of critical estimates</p>	<p>In view of the significance of the matter, following audit procedures were applied, among others to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> • Tested the design of internal financial controls and operating effectiveness of the relevant key controls with respect to assessment of adequacy of allowance for expected credit loss. • Enquired with Company on the significant and long overdue balances with reference to recent history of default or disputes and tested the ageing profile of the relevant trade and other receivables and receivables from subsidiaries. • Assessed the level of allowance for expected credit losses by analysing the historical cash collection trends, the local economic environment. • Our procedure also includes assessing the possible effects from the COVID-19 pandemic in each of the geographies for both external customers and its subsidiaries.

Taxation - See note 28 to the Standalone financial statements	
The key audit matter	How the matter was addressed in our audit
<p>The Company's operations are majorly based out of units registered as Special Economic Zone (SEZ). Accordingly, the Company historically enjoyed certain deductions/benefits with respect to payment of income-tax and other indirect taxes, some of which are subject matters of dispute with tax authorities.</p> <p>The Company periodically assesses its tax positions, which include examination by the external tax consultant and tax counsels appointed by the Company. Judgment is required in assessing the range of possible outcomes for some of these tax matters.</p> <p>The possible outcomes, could change significantly over time as each of the matter progresses depending on experience on actual assessment proceedings by tax authorities and other judicial precedents.</p> <p>Where the amount of tax liabilities is uncertain, the Company recognises accruals/contingent liability which reflect the Company's best estimate of the outcome based on the facts as at the reporting date. Thus, there is a risk of incorrect accounting of accruals and disclosure of contingent liability for tax.</p> <p>Accordingly, the assessment of potential tax liabilities and uncertain tax positions involves significant judgement and accordingly was an area of focus.</p>	<p>In view of the significance of the matter, following audit procedures were applied, among others to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> • Tested the design of internal financial controls and operating effectiveness of the relevant key controls with respect to direct and indirect taxes; • We obtained list of ongoing litigations and tax computations for the current year; • We analysed select key correspondences with the tax authorities to identify any additional tax litigation or update from old litigations; • We analysed Company's judgment regarding the eventual resolution of matters with various tax authorities. In this regard, we understood how Company has considered past experience, where available, with the tax authorities in the respective jurisdictions; • We also considered external expert opinion and consultation made by the Company for significant matters during current and past periods; • We used our own tax specialist's expertise to assess the key assumptions made by the Company.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises of Management Reports such as Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report (but does not include the Financial Statements and our Auditor's Report thereon) which we obtained prior to the date of this Auditor's Report, and the remaining reports, which are expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other sections of Annual Reports (other than those mentioned above), if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Management's and Board of Director's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure B to the Independent Auditors' Report

Annexure B to the Independent Auditor's Report on the standalone financial statements of Onmobile Global Limited ("the Company") for the year ended 31 March 2021

Report on the Internal Financial Controls with reference to aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph A (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Onmobile Global Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial control with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

1. COMPANY OVERVIEW

OnMobile Global Limited ('OnMobile' or 'the Company') is a public limited company incorporated in India and has its registered office at Bengaluru, India. The Company has its primary listings on the Bombay Stock Exchange and National Stock Exchange in India.

The key product offerings of the Company are Ringback Tones, Digital Content Store and Infotainment. OnMobile is the global leader in Ringback Tones. Digital Content Store is a one-stop mobile destination for discovering digital content like videos, games, music and images. Infotainment offers music, contest, news and sports to consumers over the mobile.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation of these standalone financial statements

a. Statement of compliance

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies notified under section 133 of the Companies Act, 2013, (the Act), and other relevant provisions of the Act.

The financial statements are approved for issue by the Company's Board of Directors on May 28, 2020.

These standalone financial statements have been prepared for the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, March 31, 2021.

b. Basis of Measurement

The standalone financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items:

- a. Certain financial assets and liabilities (including derivative instruments) measured at fair value;
- b. Share based payment transactions and
- c. Net defined benefit assets/ (liabilities) are measured at fair value of plan assets, less present value of defined benefit obligations.

c. Use of estimates and judgements

The preparation of the standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular,

information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the significant effect on the amounts recognized in the financial statements.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- i) Note k- Useful lives of Property, Plant and Equipment and Intangible Assets;
- ii) Note d- Assessment of functional currency;
- iii) Note n and Note 31- Measurement of defined benefit obligation; key actuarial assumptions;
- iv) Note o- Share based compensation to employees;
- v) Note q- Provision for income taxes and related tax contingencies and Evaluation of recoverability of deferred tax assets.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that might have a significant risk of resulting in a material adjustment in the year ending March 31, 2021 is included in the following notes:

- i) Note q- recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;
- ii) Note r- impairment test of non-financial assets: key assumptions underlying recoverable amounts;
- iii) Note i- impairment of financial assets; and
- iv) Note s- recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources.

d. Functional and presentation currency

The standalone financial statements are presented in Indian Rupee (INR), the national currency of India, which is the functional currency of the Company. The Company has foreign operations (branches) for which the functional currency is the currency of the primary economic environment in which these entities operates.

e. Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at the reporting date of monetary assets and liabilities denominated in foreign

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

currencies are recognised in the Statement of Profit and loss and reported within foreign exchange gains/ (losses).

Non monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

The financial position of the foreign operations whose functional currency is different from the presentation currency (INR) are recognised in Other Comprehensive Income as Foreign Currency Translation reserve as follows:

- a. Assets and liabilities are translated into Indian Rupee (INR) using exchange rate prevailing at the end of each reporting period.
- b. Income and expenses are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used.

f. Investment in subsidiaries and associates

Investment in subsidiaries and associates are measured at cost. Dividend income from subsidiaries is recognised when its right to receive the dividend is established.

g. Cash flow

Cash flow Statement has been prepared in accordance with the Indirect method prescribed in Indian Accounting Standard 7-“Statement of cash flows”. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

h. Cash and cash equivalents

Cash comprises cash on hand and in banks, demand deposits with banks which can be withdrawn at any time without prior notice or penalty on the principal. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

i. Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in statement of profit and loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in statement of profit and loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in statement of profit and loss. Any gain or loss on derecognition is also

recognised in statement of profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in statement of profit and loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in foreign exchange rates on foreign currency assets and liabilities and forecasted cash flows denominated in foreign currencies. The counterparty to these contracts is generally a bank.

Derivatives are recognised and measured at fair value. Attributable transactions costs are recognised in statement of profit and loss.

j. Property, plant and equipment and intangible assets

Property, plant and equipment and intangible assets are stated at cost of acquisition including taxes, duties, freight directly attributable to make the asset ready for its intended use and other incidental expenses relating to

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

acquisition and installation less accumulated depreciation and accumulated impairment losses, if any.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

Subsequent expenditure on assets after its purchase is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Assets retired from active use and held for sale are stated at the lower of their net book value and realisable value and disclosed separately.

Capital work in progress is stated at cost and includes the cost of the assets that are not ready for their intended use at the Balance Sheet date.

k. Depreciation and amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation has been provided on the straight-line method over the useful life as estimated by the management based on technical advice on commercial lives of these assets, which is different from the rates prescribed under Schedule II of the Companies Act, 2013.

The estimated useful lives are as follows:

Category of Asset	No. of years
Leasehold improvements	Primary lease period of 3 years -5 years
Office equipments	3 years
Computers and electronic equipments	3 years-6 years
Furniture and fixtures	3 years
Softwares	3 years
Intellectual property rights	3 years
Market development and deployment rights	Over the term of the agreement

The estimated useful life of the assets are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

Individual assets costing less than ₹ 5,000 are depreciated in full in the year of purchase.

l. Leasing

Policy applicable from April 01, 2019

Company as a lessee

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of the relative stand-alone prices of the lease components and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability, adjusted for any lease payments made at or before the commencement date, less any lease incentives received, plus any initial direct costs incurred and an estimate of the costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the standalone statement of profit and loss.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate applicable to the entity within the Company. Generally, the Company

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

uses its incremental borrowing rate as the discount rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in standalone statement of profit and loss.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of all assets that have a lease term of 12 months or less and leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

m. Revenue from contracts with customers

The Company recognises revenue to depict the provision of services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those services. A 5-step approach is used to recognise revenue as below:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Revenue from Telecom Value Added Services, net of credit notes, is recognized when a promise in a customer contract (performance obligation) has been satisfied by transferring control as per the terms of revenue sharing arrangements. Control over a promised services refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, those services. Control is usually transferred when services are received and used. The amount of revenue to be recognized (transaction

price) is based on the consideration expected to be received in exchange for services, net of taxes directly linked to sales. If a contract contains more than one performance obligation, the transaction price is allocated to each performance obligation based on their relative stand-alone selling prices.

Revenue from sale of user licences for software application is recognized at point in time when the applications are functionally installed at the customer's location and customer obtains the control of asset as per the terms of the contracts.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The Company recognises a deferred income (contract liability) if consideration has been received (or has become receivable) before the Company transfers the promised goods or services to the customer. Deferred income mainly relates to remaining performance obligations in (partially) unsatisfied long-term contracts or are related to amounts the Company expects to receive for goods and services that have not yet been transferred to customers under existing, non-cancellable or otherwise enforceable contracts.

Dividend income and profit on sale of investments

Dividend from subsidiaries is recognised when the Company's right to receive the payment is established.

Dividend on current investments is recognized on an accrual basis when the right to receive payment is established. Profit on sale of investments is recorded on transfer of title from the Company and is determined as the difference between the sale price and the carrying value of the investment.

Interest income

Interest income is recognised as it accrues in the statement of profit and loss, using the effective interest method.

n. Employee benefits

Employee benefits include provident fund, ESIC, gratuity fund, compensated absences etc.

a) Short term Obligations: Short-term employee benefits include salaries, social security contributions, short term compensated absences (such as paid annual leave where the absences are expected to occur within twelve months after the end of the period in which the employees render the related employee service), profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non monetary benefits

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

(such as medical care) etc, for current employees are estimated and measured on an undiscounted basis.

b) **Defined contribution plan**

The Company's contribution to provident fund, employee state insurance scheme, social security etc are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.

c) **Defined benefit plan**

Post employment benefit plans other than defined contribution plans include liabilities for gratuity funded in terms of a scheme administered by the Life Insurance Corporation of India, is determined by using projected unit credit method with actuarial valuation made at the end of each financial year. Provision for liabilities pending remittance to the fund is carried in the balance sheet.

Actuarial gains and losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit and loss is calculated by applying a discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through other comprehensive income.

Remeasurement comprising actuarial gains and losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

d) **Long-term liability for compensated absences** is provided based on actuarial valuation of the accumulated leave credit outstanding to the employees as on the Balance Sheet date. The Company recognizes actuarial gains and losses immediately in the statement of profit and loss.

o. Share based payments

Employees of the Company receive remuneration in the form of equity settled instruments, for rendering services over a defined vesting period. Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant.

The expense is recognised in the Statement of Profit and loss with a corresponding increase to the share based payment reserve, a component of equity.

The equity instruments generally vest in a graded manner over the vesting period. The fair value determined at

the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortisation).

p. Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed using the weighted-average number of equity and dilutive equivalent shares outstanding during the period, using the treasury stock method for options and warrants, except where the results would be anti-dilutive.

q. Income taxes

Income tax expense includes Indian and International income taxes. Income tax comprises of the current tax and net change in deferred tax asset or liability in the year. Income tax expense is recognised in the statement of profit and loss except to the extent it relates to items directly recognised in other comprehensive income.

a) **Current Tax:** Provision for current tax is made taking into account the admissible deductions/allowances and is subject to revision based on the taxable income for the fiscal year ending 31 March each year. Provision for taxation includes tax liabilities in India on the Company's global income as reduced by exempted income and any tax liabilities arising overseas on income sourced from those countries.

b) **Deferred Tax:** Deferred tax is recognised using balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base if assets and liabilities and their carrying amount in the financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

been enacted or subsequently enacted by the end of the reporting period.

r. Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amounts by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash flows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

s. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

t. Cash dividend to equity holders

The Company recognises a liability to make cash to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

u. Recent Indian Accounting Standards (Ind AS)

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- i) Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- ii) Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- iii) Specified format for disclosure of shareholding of promoters.
- iv) Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- v) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- vi) Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- i) Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of standalone financial statements.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

<p>In earlier years, the Company had entered into agreement with VIVO SA, Brazil on March 01, 2010 for rendering Ring Back Tone (RBT) services and made a one-time upfront payment of R\$ 12.70 million (equivalent ₹ 325.70 million) for a period of 5 years. The Company deducted TDS @ 20% and deposited the same with the income tax department. However, the Company was of the view that the above amount was not subject to TDS and filed an application with Authority for Advance Ruling ('AAR') seeking clarification in respect of the same. The Company had negotiated with VIVO SA, Brazil that Vivo will bear 10% of the TDS deducted and made the payment of R\$ 11.43 million to Vivo Brazil. After filling the application with AAR, the Company had created a receivable of ₹ 73.28 million in the books pertaining to 20% TDS amount deposited with the income tax department (after grossing up for the 10% TDS borne by the Company) and also created a deferred liability amounting to ₹ 16.09 million as at March 31, 2021 (March 31, 2020 - ₹ 18.56 millions) pertaining to 10% TDS amount payable to Vivo Brazil if the application is decided in favor of the Company. The net amount of exposure involved (net of forex gain) as at March 31, 2021 is ₹ 57.19 millions (March 31, 2020 - ₹ 40.71 millions).</p> <p>During the previous year ended March 31, 2020, application filed by the Company was disposed off by the Authority for Advance Ruling ('AAR') thereby rejecting Company's refund claim of TDS deposited earlier and hold that the amount of market access fees paid to VIVO SA, Brazil is in the nature of royalty and is liable for tax in India. During the current year, the Company has filed a writ application with the Honorable High Court of Karnataka in the month of June 2020. The said application is yet to be admitted/rejected by the Honorable High Court. The Company based on the legal evaluation believes that it will be able to sustain on appeals and accordingly no provisions are required to be recorded at this stage.</p>

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised at fair value and amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments under the accounting standard as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities,

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices), and

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables, other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- i) Long-term fixed-rate receivables are evaluated by the Company based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables.
- ii) The fair value of the unquoted mutual fund are based on market observable inputs at reporting date. The fair value of other financial liabilities is estimated by credit risk and remaining maturities.
- iii) The Company enters into derivative financial instruments with various counterparties, principally financial institutions with investment grade credit ratings. Derivative financials instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace.

Capital Management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stakeholders to optimise equity. The Company's Corporate Treasury reviews the capital structure on a quarterly basis.

The capital structure of the company consists of only equity as of March 31, 2021. The company is not subject to any externally imposed capital requirements.

Financial risk management

The Company's Corporate Treasury function provides services to the business, coordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse exposures by degree and magnitude of risk.

The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the company is foreign exchange risk along with credit risk and liquidity risk.

The Company seeks to minimise the effects of these forex by hedging the forex exposures through forward contracts, liquidity risk by diversifying its investments in various schemes of debt mutual funds and fixed deposits. The Company manages its credit risks by monitoring the credit rating of the customers, banks and mutual funds. Corporate Treasury Function reports quarterly to the Company's risk management committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

Market Risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rate, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

(i) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to Company's investments. The Company's investments are primarily short term, which do not expose it to significant interest rate risk.

(ii) Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective foreign operations. The company enters into forward foreign exchange contracts to hedge its exposure to foreign currency risk arising on the net export of services.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Sensitivity analysis

A reasonably possible strengthening (weakening) of the US dollar, EUR, BDT against all other currencies at 31 Mar 2021 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Particulars	Profit or (loss)		Equity, net of tax	
	Strengthening	Weakening	Strengthening	Weakening
31 March 2021				
USD (1% movement)	11.22	(11.22)	7.95	(7.95)
EUR (1% movement)	1.56	(1.56)	1.11	(1.11)
31 March 2020				
USD (1% movement)	11.96	(11.96)	8.48	(8.48)
EUR (1% movement)	0.42	(0.42)	0.30	(0.30)

Impact of COVID-19 (Global pandemic)

The Company basis their assessment believes that the probability of the occurrence of their forecasted transactions is not impacted by COVID-19 pandemic. The Company has also considered the effect of changes, if any, in both counterparty credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness. The Company continues to believe that there is no impact on effectiveness of its hedges.

Derivative financial instruments

The Company is exposed to foreign currency fluctuations on foreign currency assets/ liabilities and forecasted cash flows denominated in foreign currency. The Company follows established risk management policies, including the use of derivatives to hedge foreign currency assets/ liabilities and foreign currency forecasted cash flows. The counter party in these derivative instruments is a bank and the Company considers the risks of non-performance by the counterparty as non-material.

Later than 3 month but not later 1 year	102.99	74.51
	388.21	177.99

In respect of the Company's forward contracts, a 1% decrease/increase in the respective exchange rates of each of the currencies underlying such contracts would have resulted in:

- an approximately 0.20% increase and (0.20%) decrease in the Company's net profit and approximately 0.06% increase and (0.06%) decrease in equity as at March 31, 2021;
- an approximately 0.09% increase and (0.09%) decrease in the Company's net profit and approximately 0.03% increase and (0.03%) decrease in equity as at March 31, 2020;

Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

i) Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. The following table gives details in respect of revenues generated from top customer and customers individually accounting for more than 10% of the total revenue of the Company:

Notes to Standalone financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

Particulars	For the year ended	
	March 31, 2021	March 31, 2020

2 customers for the year ended March 31, 2021 (3 customers for the year ended March 31, 2020) accounted for more than 10% of the revenue. No other single customer contributed 10% or more of the Company's revenue for both 2020-21 and 2019-20.

ii) Investments

The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have rating of AA/AAA. The Group does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company's corporate treasury department is responsible for liquidity management, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

INDEPENDENT AUDITOR'S REPORT

To the Members of Onmobile Global Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Onmobile Global Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group") and its associates, which comprise the consolidated balance sheet as at 31 March 2021, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31 March 2021, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment of Goodwill – See note 3(b) to the Consolidated financial statements	
The key audit matter	How the matter was addressed in our audit
<p>The Group has goodwill of INR 596.70 million as at 31 March 2021 arising on business combination in past years.</p> <p>The carrying values of goodwill will be recovered through future cash flows and there is a risk of asset impairment in case these cash flows do not meet the Group's expectations. The Group determines the value in use ('VIU') by means of a discounted cash flow method which contains a number of significant assumptions and estimates including revenue growth, terminal growth rates and discount rate. Changes in these assumptions could affect the assessment of impairment to the carrying value of goodwill.</p> <p>The changes in business environment including impact of COVID-19 pandemic on budgets and forecasts and uncertainties caused by external factors may affect the anticipated performance of the cash generating unit.</p>	<p>In view of the significance of the matter, following audit procedures were applied, among others to obtain sufficient audit evidence:</p> <ul style="list-style-type: none">Assessed the design, implementation and operating effectiveness of key controls in respect of the Group's goodwill impairment analysis process including evaluation and approval of forecasts, and the valuation model used;Examined the recoverable value computation prepared by the Company;Challenged the key assumptions used in cash flow forecasts for calculating the Value in Use ("VIU") amount. This includes growth rates, profitability, discount rates, etc. with reference to our understanding of the business and historical trend.

Impairment of Goodwill – See note 3(b) to the Consolidated financial statements (Contd.)

The key audit matter	How the matter was addressed in our audit
<p>The Group has concluded that the recoverable amount of the cash generating unit is higher than its carrying amount and accordingly, no impairment provision was required to be recorded during the current year.</p> <p>Given the significance of the amounts involved and significant estimates involved in the above, we determined this to be an area of focus for our audit.</p>	<ul style="list-style-type: none"> Involved our valuation specialists to examine the valuation methodology and key assumptions; Performed sensitivity analysis considering possible changes in key assumptions used; Evaluated the adequacy of disclosures made in the consolidated financial statements.

Recoverability of Trade receivables (including unbilled receivables) – See note 6 and note 11 to the Consolidated financial statements

The key audit matter	How the matter was addressed in our audit
<p>The Group has trade receivables including unbilled receivables amounting to INR 2,035.70 million (net of allowance for expected credit loss INR 252.51 million) as at 31 March 2021.</p> <p>The Group's customers operate in a number of geographical locations having different credit profiles. Further, considering the quantum of the balances and the risk of some of the trade receivables not being recoverable, judgement is required to evaluate the adequacy of allowance recorded to reflect the credit risk including due to the current COVID-19 situation, if any.</p> <p>Judgement is required in determining the level of allowance for expected credit losses to be recorded in respect of such receivables using the life time expected credit losses method.</p> <p>Recoverability of trade receivables was an area of focus for us because of significance of the amounts involved in context of the consolidated financial statements and the fact it involved critical estimates.</p>	<p>In view of the significance of the matter, following audit procedures were applied, among others to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> Tested the design of internal financial controls and operating effectiveness of the relevant key controls which respect to assessment of adequacy of allowance for expected credit loss. Enquired with Group on the significant and long overdue balances with reference to recent history of settlement, default or disputes and tested the ageing profile of the relevant trade and other receivables. Assessed the level of allowance for expected credit losses by analysing the historical cash collection trends, the local economic environment. Our procedure also includes assessing the possible effects from the COVID-19 pandemic in each of the geographies for both external customers and its subsidiaries.

Taxation – See note 34 to the Consolidated financial statements

The key audit matter	How the matter was addressed in our audit
<p>The Group carries its business through various subsidiaries and branches operating in various geographical locations.</p> <p>The Holding Company's operations are majorly based out of units registered as Special Economic Zone (SEZ). Accordingly, the Holding Company historically enjoyed certain deductions/benefits with respect to payment of income-tax and other indirect taxes, some of which are subject matters of dispute with tax authorities.</p> <p>The Group periodically assesses its tax positions, which include examination by the external tax consultant and tax counsels appointed by the Group. Judgment is required in assessing the range of possible outcomes for some of these tax matters.</p> <p>The possible outcomes, could change significantly over time as each of the matter progresses depending on experience on actual assessment proceedings by tax authorities and other judicial precedents.</p>	<p>In view of the significance of the matter, following audit procedures were applied, among others to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> Tested the design of internal financial controls and operating effectiveness of the relevant key controls with respect to direct and indirect taxes We obtained list of ongoing litigations and tax computations for the current year; We analysed select key correspondences with the tax authorities to identify any additional tax litigation or update from old litigations; We analysed the Group's judgment regarding the eventual resolution of matters with various tax authorities. In this regard, we understood how Company has considered past experience, where available, with the tax authorities in the respective jurisdictions;

Taxation – See note 34 to the Consolidated financial statements (Contd.)

The key audit matter	How the matter was addressed in our audit
<p>Where the amount of tax liabilities is uncertain, the Group recognises accruals/contingent liability which reflect the Group's best estimate of the outcome based on the facts as at the reporting date. Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises of Management Reports such as Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report (but does not include the Consolidated Financial Statements and our Auditors' Report thereon) which we obtained prior to the date of this Auditor's Report, and the remaining reports, which are expected to be made available to us after that date.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other sections of Annual Report (other than those mentioned above), if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company and its associate incorporated in India as on 31 March 2021 taken on record by the Board of Directors of the Holding Company and its

associate incorporated in India, none of the directors of the Group companies and its associate incorporated in India is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2021 on the consolidated financial position of the Group and its associates. Refer Note 29 to the consolidated financial statements.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer note 39 to the consolidated financial statement in respect of such items as it relates to the Group and its associates.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company during the year ended 31 March 2021; and
 - iv. The disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in the financial statements since they do not pertain to the financial year ended 31 March 2021.
- C. With respect to the matter to be included in the Auditor's report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid during the current year by the Holding Company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure - A to the Independent Auditor's Report

Annexure A to the Independent Auditors' report on the consolidated financial statements of Onmobile Global Limited ("the Company") for the year ended 31 March 2021

Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2021, we have audited the internal financial controls with reference to consolidated financial statements of Onmobile Global Limited (hereinafter referred to as "the Holding Company") under the Companies Act, 2013, as of that date.

In our opinion, the Holding Company, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A Company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. COMPANY OVERVIEW

OnMobile Global Limited ('OnMobile' or 'the Company') together with its subsidiaries and its associate ('the Group') is a public limited company incorporated in India and has its registered office at Bengaluru, India. The Company has its primary listings on the Bombay Stock Exchange and National Stock Exchange in India. The Company is engaged in providing value added services such as Ringback Tones, Digital Content Store and Infotainment. OnMobile is the global leader in Ringback Tones. Digital Content Store is a one-stop mobile destination for discovering digital content like videos, games, music and images. Infotainment offers music, contest, news and sports to consumers over the mobile.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation of these consolidated financial statements

a. Statement of Compliance

The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

These consolidated financial statements have been prepared for the Group as a going concern on the basis of relevant Ind AS that are effective at the Group's annual reporting date, March 31, 2021. The consolidated financial statements are approved for issue, by the Company's Board of Directors on May 28, 2021.

b. Basis of Measurement

The consolidated financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items:

- Certain financial assets and liabilities (including derivative instruments) are measured at fair value
- Share based payment transactions

c. Net defined benefit assets/(liabilities) are measured at fair value of plan assets, less present value of defined benefit obligations and

d. Contingent consideration in Business combination

c. Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company, its subsidiaries and the associates.

Control is achieved when the Company has power over the investee, it is exposed or has rights, to variable returns from its involvement with the investee; and has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power. Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The following entities (all subsidiaries and the associate unless stated otherwise) are considered in the consolidated financial statements.

d. Use of Estimates and judgements

The preparation of the consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

Significant accounting policies forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial statements is included in the following notes:

- i) Note (k)-Useful lives of property, plant and equipment and intangible assets;
- ii) Note (e) - Assessment of functional currency;
- iii) Note (o) - Measurement of defined benefit obligation; key actuarial assumptions;
- iv) Note (p)- Share based compensation to employees;
- v) Note (r)- Provision for income taxes and related tax contingencies and evaluation of recoverability of deferred tax assets;
- vi) Note (s) - impairment test of goodwill and other non-financial assets.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that might have a significant risk of resulting in a material adjustment in the year ending March 31, 2021 is included in the following notes:

- i. Note (r) – recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;
- ii. Note (s) - impairment test of goodwill and other non-financial assets: key assumptions underlying recoverable amounts;
- iii. Note (i) – impairment of financial assets;
- iv. Note (t) – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources; and
- v. Note (m) - acquisition of subsidiary: fair value of the consideration transferred (including contingent consideration) and fair value of the assets acquired and liabilities assumed.

e. Functional and presentation currency

The consolidated financial statements are presented in Indian Rupee (INR), the national currency of India, which is the functional currency of the Company. The Company has foreign operations (branches & subsidiaries) for which the functional currency is the currency of the primary economic environment in which these entities operate.

f. Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at the reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of profit and loss and reported within foreign exchange gains/ (losses).

Non monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

For the purposes of presenting the consolidated financial statements, assets and liabilities of Group's foreign operations with functional currency different from the Company are translated into the Company's functional currency i.e. INR using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any are recognised in other comprehensive income and accumulated in equity.

On the disposal of foreign operation, all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to the consolidated statement of profit and loss.

A monetary item for which settlement to/from a foreign operation is neither planned nor likely to occur in the foreseeable future is considered as a part of the Company's net investment in that foreign operation. On consolidation, exchange differences arising from the translation of any such net investment in foreign operation, are recognised in other comprehensive income and reclassified to consolidated statement of profit or loss, on disposal of the net investment.

g. Cash Flow

Consolidated cash flow statement has been prepared in accordance with the Indirect method prescribed in Indian Accounting Standard 7-“Statement of Cash Flows”. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

h. Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks which can be withdrawn at any time without prior notice or penalty on the principal. For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

i. Financial instruments

Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to

present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment- by- investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in consolidated statement of profit and loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in consolidated statement of profit and loss. Any gain or loss on derecognition is recognised in consolidated statement of profit and loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in consolidated statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to consolidated statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in consolidated statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to consolidated statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Significant accounting policies forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in consolidated statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in consolidated statement of profit and loss. Any gain or loss on derecognition is also recognised in consolidated statement of profit and loss.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its consolidated balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in consolidated statement of profit and loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the consolidated balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Derivative Financial instruments

The Group holds derivative financial instruments such as foreign exchange forward contracts to mitigate the risk of changes in foreign exchange rates on foreign

currency assets and liabilities and forecasted cash flows denominated in foreign currencies. The counterparty to these contracts is generally a bank.

Derivatives are recognised and measured at fair value. Attributable transaction costs are recognised in consolidated statement of profit and loss.

j. Property, plant and equipment and intangible assets

Property, plant and equipment and intangible assets are stated at cost of acquisition including taxes, duties, freight directly attributable to make the asset ready for its intended use and other incidental expenses relating to acquisition and installation less accumulated depreciation and accumulated impairment losses, if any.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

Subsequent expenditure on assets, after its purchase is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Assets retired from active use and held for sale are stated at the lower of their net book value and realisable value and disclosed separately.

Capital work in progress is stated at cost and includes the cost of the assets that are not ready for their intended use at the balance sheet date.

k. Depreciation and Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. The estimated useful life of the assets are reviewed at the end of each financial year and adjusted if appropriate.

Depreciation has been provided on the straight-line method over the useful life as estimated by the management based on technical advice on commercial lives of these assets, which is different from the rates prescribed under Schedule II of the Companies Act, 2013.

The estimated useful lives are as follows:

Category of Asset	No. of years
Category of Asset	Primary lease period of 3 years -5 years
Leasehold improvements	3 years
Office equipment	3 years-6 years
Computers and electronic equipment	3 years

Significant accounting policies forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

Goodwill

For measurement of goodwill that arises on a business combination refer note 38. Subsequent measurement is at cost less any accumulated impairment losses.

Other intangible assets

Internally generated: Research and development

Expenditure on research activities is recognised in statement of profit or loss as incurred.

Development expenditure is capitalised as part of the cost of the resulting intangible asset only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset. Otherwise, it is recognised in statement of profit or loss as incurred. Subsequent to initial recognition, the asset is measured at cost less accumulated amortisation and any accumulated impairment losses.

Others

Other intangible assets are initially measured at cost. Subsequently, such intangible assets are measured at cost less accumulated amortization and any accumulated impairment losses.

Other intangible assets are amortised on a straight line basis over the estimated useful life as follows:

Category of Asset	No. of years
Software	3 years -10 years
Customer relationships	6 years
Intellectual property rights	3 years
Market development and deployment rights	Over the term of the agreement

Individual assets costing less than ₹5,000 are depreciated in full in the year of purchase.

I. Leasing

Policy applicable from April 01, 2019

Company as a lessee

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use; and

- the Company has the right to direct the use of the asset.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of the relative stand-alone prices of the lease components and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability, adjusted for any lease payments made at or before the commencement date, less any lease incentives received, plus any initial direct costs incurred and an estimate of the costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the standalone statement of profit and loss.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate applicable to the entity within the Company. Generally, the Company uses its incremental borrowing rate as the discount rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

Significant accounting policies forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

The Company recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in standalone statement of profit and loss.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of all assets that have a lease term of 12 months or less and leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

m. Business Combination

In accordance with Ind AS 103, Business combinations, the Company accounts for business combinations after acquisition date using the acquisition method when control is transferred to the Company. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange. The cost of acquisition also includes the fair value of any contingent consideration and deferred consideration, if any. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in OCI and accumulated in equity as capital reserve if there exists clear evidence of the underlying reasons for classifying the business combination as resulting in a bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction costs are expensed as incurred.

Business combinations between entities under common control is accounted for at carrying value.

Any contingent consideration is measured at fair value at the date of acquisition. Contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognised in profit or loss.

n. Revenue from contracts with customers

The Group recognises revenue to depict the provision of services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those services. A 5-step approach is used to recognise revenue as below:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

Revenue from Telecom Value Added Services, net of credit notes, is recognized when a promise in a customer contract (performance obligation) has been satisfied by transferring control as per the terms of revenue sharing arrangements. Control over a promised services refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, those services. Control is usually transferred when services are received and used. The amount of revenue to be recognized (transaction price) is based on the consideration expected to be received in exchange for services, net of taxes directly linked to sales. If a contract contains more than one performance obligation, the transaction price is allocated to each performance obligation based on their relative stand-alone selling prices.

Revenue from sale of user licences for software application is recognized at point in time when the applications are functionally installed at the customer's location and customer obtains the control of asset as per the terms of the contracts.

Revenue from fixed price maintenance and subscription services contracts where the Group is standing ready to provide services is recognized based on time elapsed mode and revenue is straight-lined over the period of performance.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

The Group recognises a deferred income (contract liability) if consideration has been received (or has become receivable) before the Group transfers the promised goods or services to the customer. Advances received for services are reported as liabilities until all conditions for revenue recognition are met.

Contract fulfilment costs are generally expensed as incurred except for certain costs which meet the criteria for capitalisation.

Dividend income and profit on sale of investments

Dividend on current investments is recognized on an accrual basis when the right to receive payment is established. Profit on sale of investments is recorded on transfer of title from the Group and is determined as the difference between the sale price and the carrying value of the investment.

Interest Income

Interest income is recognised as it accrues in the statement of profit and loss, using the effective interest method.

(₹ in millions, except share and per share data, unless otherwise stated)

o. Employee Benefits

Employee benefits include contribution to provident fund, social security, employee state insurance corporation, gratuity fund, compensated absences etc.

- a) Short term obligations: Short-term employee benefits include salaries, social security contributions, short term compensated absences (such as paid annual leave where the absences are expected to occur within twelve months after the end of the period in which the employees render the related employee service), profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non monetary benefits (such as medical care) etc, for current employees are estimated and measured on an undiscounted basis.
- b) Defined Contribution Plan: The Group's contribution to provident fund, employee state insurance scheme, social security etc are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees.
- c) Defined Benefit Plan: Post employment benefit plans other than defined contribution plans include liabilities for gratuity funded in terms of a scheme administered by the Life Insurance Corporation of India, is determined by using projected unit credit method with actuarial valuation made at the end of each financial year. Provision for liabilities pending remittance to the fund is carried in the consolidated balance sheet.

Actuarial gains and losses are recognised in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognised in profit and loss is calculated by applying a discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognised as part of re-measurement of net defined liability or asset through other comprehensive income.

Remeasurement comprising actuarial gains and losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

- d) Long-term liability for compensated absences is provided based on actuarial valuation of the accumulated leave credit outstanding to the employees as on the balance sheet date. The Group recognizes actuarial gains and losses immediately in the consolidated statement of profit and loss.

p. Share Based Payments

Employees of the Group receive remuneration in the form of equity settled instruments, for rendering services over a defined vesting period. Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant.

The expense is recognised in the consolidated statement of profit and loss with a corresponding increase to the share based payment reserve, a component of equity.

The equity instruments generally vest in a graded manner over the vesting period. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortisation).

q. Earnings per Share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed using the weighted-average number of equity and dilutive equivalent shares outstanding during the period, using the treasury stock method for options and warrants, except where the results would be anti-dilutive.

r. Income Taxes

Income tax expense includes Indian and International income taxes. Income tax comprises of the current tax and net change in deferred tax asset or liability in the year. Income tax expense is recognised in the consolidated statement of profit and loss except to the extent it relates to items directly recognised in other comprehensive income.

- a) Current Tax: Provision for current tax is made taking into account the admissible deductions/allowances and is subject to revision based on the taxable income for the fiscal year ending 31 March each year. Provision for taxation includes tax liabilities in India on the Company's global income as reduced by exempted income and any tax liabilities arising overseas on income sourced from those countries.

- b) Deferred Tax: Deferred tax is recognised using balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in the consolidated financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax

Significant accounting policies forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

credits and unused tax losses can be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or subsequently enacted by the end of the reporting period.

s. Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amounts by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash flows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

t. Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

u. Cash dividend to equity holders

The Company recognises a liability to make cash to equity

holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity. Interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

v. Recent Indian Accounting Standards (Ind AS)

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- i) Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- ii) Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- iii) Specified format for disclosure of shareholding of promoters.
- iv) Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- v) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- vi) Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

- i) Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of consolidated financial statements.

The amendments are extensive and the Group will evaluate the same to give effect to them as required by law.

Note:

In earlier years, the Company had entered into agreement with VIVO SA, Brazil on March 01, 2010 for rendering Ring Back Tone (RBT) services and made a one-time upfront payment of R\$ 12.70 million (equivalent ₹ 325.70 million) for a period of 5 years. The Company deducted TDS @ 20% and deposited the same with the income tax department. However, the Company was of the view that the above amount was not subject to TDS and filed an application with Authority for Advance Ruling ('AAR') seeking clarification in respect of the same. The Company had negotiated with VIVO SA, Brazil that Vivo will bear 10% of the TDS deducted and made the payment of R\$ 11.43 million to Vivo Brazil. After filling the application with AAR, the Company had created a receivable of ₹ 73.28 million in the books pertaining to 20% TDS amount deposited with the income tax department (after grossing up for the 10% TDS borne by the Company) and also created a deferred liability amounting to ₹ 16.09 million as at March 31, 2021 (March 31, 2020 - ₹ 18.56 millions) pertaining to 10% TDS amount payable to Vivo Brazil if the application is decided in favor of the Company. The net amount of exposure involved (net of forex gain) as at March 31, 2021 is ₹ 57.19 millions (March 31, 2020 - ₹ 40.71 millions).

During the previous year ended March 31, 2020, application filed by the Company was disposed off by the Authority for Advance Ruling ('AAR') thereby rejecting Company's refund claim of TDS deposited earlier and hold that the amount of market access fees paid to VIVO SA, Brazil is in the nature of royalty and is liable for tax in India. During the current year, the Company has filed a writ application with the Honorable High Court of Karnataka in the month of June 2020. The said application is yet to be admitted/rejected by the Honorable High Court. The Company based on the legal evaluation believes that it will be able to sustain on appeals and accordingly no provisions are required to be recorded at this stage.

38. EXCEPTIONAL ITEM

a) Impairment of Goodwill

The Group is of the view that the operations of its gaming business represent a single cash-generating unit ('CGU'). Management performed an impairment assessment as at March 31, 2021. The recoverable value determined as Value in Use ('VIU') computed by the management internally is higher than the Fair Value less Cost of Disposal ('FVLCD') of the relevant assets of the CGU as at March 31, 2021. Accordingly, no impairment charge has been recorded in the current year.

During the previous year ended March 31, 2020, Management performed an impairment assessment and recoverable value was determined by VIU and the recoverable amount was lower than the carrying value of the CGU. Accordingly, an impairment loss of ₹ 232.66 million was recognised and disclosed as part of 'Exceptional items'.

The approach and key (unobservable) assumptions used to determine the CGU's VIU were as follows:

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Terminal growth rate	3.00%	3.00%
Post-tax discount rate	11.50%	12.60%

The Group has considered it appropriate to undertake the impairment assessment with reference to the latest business plan which includes a 5 year cash flow forecast. The growth rates used in the value in use calculation reflect those inherent within the business plan, which is primarily a function of the Group's cycle plan assumptions, past performance and management's expectation of future market developments through to 2026/27. The financial projections basis which the future cash flows have been estimated considering the increase in economic uncertainties due to COVID-19, reassessment of the discount rates, revisiting the growth rates factored while arriving at terminal value and subjecting these variables to sensitivity analysis. The future cash flows consider potential risks given the current economic environment and key assumptions, such as revenue, discount rates and content cost. The potential impact of reasonably possible outcomes of these events has been included in the VIU calculations.

The cash flows for the year 2026/27 are extrapolated into perpetuity assuming a growth rate as stated above which is set with reference to weighted-average GDP growth of the countries in which the Group operates.

The impairment loss of ₹ 232.66 Million for the year ended March 31, 2020 had been fully allocated against goodwill.

Sensitivity to key assumptions

Based on the sensitivities carried out by the management on the key assumptions including revenue growth and discount rate no impairment loss has been recognised as at March 31, 2021.

- b) The Group had accounted for earnout payable on acquisition of Appland AB at fair value on the date of acquisition amounting to ₹ 483.20 million. As per the original agreement earnout is payable on the basis of Gross Profit target as set, from the Games Subscription Business Unit. Appland AB did not achieve the gross profit target required to pay the earnout. The Group renegotiated and entered into an addendum to the original Share Purchase Agreement in February 2020 and January 2021 to change the methodology of computing earnout.

As per the addendum entered into in January 2021, the earnout has been restricted to USD 1 million as compared to be EBIDTA based payout and the earnout period was also extended till June 30, 2021. Based on amended agreement, the Group has reinstated the earnout liability at ₹ 73.16 million (March 31, 2020 - ₹ 145.52 million). Accordingly, excess earnout liability amounting to ₹ 46.62 million during the year ended March 31, 2021 (March 31, 2020 - ₹ 314.66 million) was reversed and recognised in the statement of profit and loss and disclosed as an exceptional item.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised at fair value and amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments under the accounting standard as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities,

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices), and

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

There have been no transfers among Level 1, Level 2 and Level 3 during the period.

The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables, borrowings, other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Notes forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

The following methods and assumptions were used to estimate the fair values:

- i) Receivables are evaluated by the Group based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables.
- ii) The fair value of the unquoted mutual fund are based on market observable inputs at reporting date. The fair value of other financial liabilities is estimated by credit risk and remaining maturities.
- iii) The Group enters into derivative financial instruments with various counterparties, principally financial institutions with investment grade credit ratings. Derivative financials instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the marketplace.

Capital Management

The Group manages its capital to ensure that it will be able to continue as a going concern while maximising the return to stake holders to optimise equity. The Group's Corporate Treasury reviews the capital structure on a quarterly basis.

The capital structure of the Group consists of only equity as of March 31, 2021. The Group is not subject to any externally imposed capital requirements.

Financial risk management

The Group's Corporate Treasury function provides services to the business, coordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyse exposures by degree and magnitude of risk.

The Group's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Group is foreign exchange risk along with credit risk and liquidity risk.

The Group seeks to minimise the effects of these forex by hedging the forex exposures through forward contracts, liquidity risk by diversifying its investments in various schemes of debt mutual funds and fixed deposits. The Group manages its credit risks by monitoring the credit rating of the customers, banks and mutual funds. Corporate Treasury Function reports quarterly to the Group's risk management committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

Market Risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rate, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

(i) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to Group's investments. The Group's investments are primarily short term, which do not expose it to significant interest rate risk.

(ii) Foreign currency exchange rate risk:

The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective foreign operations. The Group enters into forward foreign exchange contracts to hedge its exposure to foreign currency risk arising on the net export of services.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the US dollar, EUR, BDT against all other currencies at 31 Mar 2021 would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Impact of COVID-19 (Global pandemic)

The Group basis their assessment believes that the probability of the occurrence of their forecasted transactions is not impacted by COVID-19 pandemic. The Group has also considered the effect of changes, if any, in both counterparty credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness.

Derivative financial instruments

The Group is exposed to foreign currency fluctuations on foreign currency assets/ liabilities and forecasted cash flows denominated in foreign currency. The Group follows established risk management policies, including the use of derivatives to hedge foreign currency assets/ liabilities and foreign currency forecasted cash flows. The counter party in these derivative instruments is a bank and the Group considers the risks of non-performance by the counterparty as non-material.

The following table presents the aggregate contracted principal amounts of the Group's derivative contracts outstanding:

Non designated derivative instrument	As at March 31, 2021 Nominal Value (In ₹ Mn)	As at March 31, 2020 Nominal Value (In ₹ Mn)	Currency	As at March 31, 2021 Nominal Value (Foreign Currency in Mn)	As at March 31, 2020 Nominal Value (In ₹ Mn)
Forward Contract -(SELL)	104.99	-	USD/INR	1.44	-
Forward Contract -(SELL)	175.94	-	EUR/USD	2.05	-
Forward Contract -(SELL)	107.28	177.99	EUR/INR	1.25	2.15
Total Forward contracts	388.21	177.99		4.74	2.15

The foreign exchange forward contracts mature within 12 months. The table below analyzes the derivative financial instruments into relevant maturity groupings based on the remaining period as at the reporting date:

Particulars	As at March 31, 2021 Nominal Value (In ₹ Mn)	As at March 31, 2020 Nominal Value (In ₹ Mn)
Not later than 1 month	87.83	33.11
Later than 1 month but not later than 3 months	197.40	70.37
Later than 3 months but not later than 1 year	102.98	74.51
	388.21	177.99

In respect of the Group's forward contracts, a 1% decrease/increase in the respective exchange rates of each of the currencies underlying such contracts would have resulted in:

- an approximately 0.07% increase and (0.07%) decrease in the Company's net profit and approximately 0.06% increase and (0.06%) decrease in equity as at March 31, 2021;

Notes forming part of the consolidated financial statements

(₹ in millions, except share and per share data, unless otherwise stated)

- b) an approximately 0.03% increase and (0.03%) decrease in the Company's net profit and approximately 0.03% increase and (0.03%) decrease in equity as at March 31, 2020;

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

i) Trade and other receivables

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. The following table gives details in respect of revenues generated from top customer and top 4 customers of the Group:

Particulars	For the year ended	
	March 31, 2021	March 31, 2020
Revenue from top customer	2,855.52	2,915.19
Revenue from top 4 customers	3,789.50	3,764.70

Only 1 customer accounted for more than 10% of the consolidated revenue. No other single customer contributed 10% or more to the Group's consolidated revenue for both year ended March 31, 2021 and March 31, 2020

ii) Investments

The Group limits its exposure to credit risk by generally investing in liquid securities and only with counterparties that have rating of AA/AAA. The Group does not expect any losses from non-performance by these counter-parties, and does not have any significant concentration of exposures to specific industry sectors.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Group's corporate treasury department is responsible for liquidity management, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. The Group invests its surplus funds in Bank fixed deposit and liquid and liquid plus schemes of mutual funds and short term mutual funds, which carry no/ low mark to market risks.

The table below provides details regarding the contractual maturities of significant financial liabilities:

Particulars	As at March 31, 2021			As at March 31, 2020

NOTES:

1. Statement pursuant to Section 102(1) of the Companies Act, 2013 is annexed hereto.
2. Pursuant to the General Circular numbers 20/2020 dated 05th May 2020, 14/2020 dated 08th April 2020, 17/2020 dated 13th April 2020 and 02/2021 dated 13th January 2021 issued by the Ministry of Corporate Affairs (MCA); Circular number SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated 12th May, 2020 and SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated 15th January, 2021 issued by the Securities and Exchange Board of India (SEBI) (hereinafter collectively referred to as "the Circulars") in view of the continuing Covid-19 pandemic, companies are allowed to hold AGM through Video Conferencing ('VC')/ Other Audio Visual Means ('OAVM'), without the physical presence of members at a common venue. In compliance with applicable provisions of the Companies Act, 2013 read with aforesaid MCA and SEBI Circulars the Annual General Meeting of the company is being conducted through VC/ OAVM. The venue of the Meeting shall be deemed to be the registered office of the Company.
3. Central Depository Services (India) Limited shall be providing facility for voting through remote e-voting, for participation in the AGM through VC/OAVM facility and e-voting during the AGM. The procedure for e-voting and participating in the meeting through VC/OAVM is provided in the instructions which forms part of this Notice. Participation at the AGM through VC/ OAVM shall be allowed on a first-come-first-served basis.
4. Since the AGM is being held in accordance with the Circulars through VC/ OAVM, the facility for appointment of proxies by the members will not be available.
5. Participation of members through VC/OAVM will be reckoned for the purpose of quorum for the AGM as per section 103 of the Companies Act, 2013 ("the Act").
6. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, Articles of Association of the Company and other relevant document mentioned in the notice, will be available electronically for inspection by the members from the date of circulation of this Notice up to the date of AGM i.e. September 29, 2021. Members seeking to inspect such documents can send an email to Investors@onmobile.com
7. **The Register of Members and Share Transfer Books of the Company shall remain closed from September 23, 2021 to September 29, 2021 (both days inclusive) for the purpose of payment of dividend and the 21st AGM of the Company**
8. Members whose shareholding is in electronic mode are requested to direct notifications about change of address and updates about bank account details to their respective depository participants(s) (DP). Members whose shareholding is in physical mode are requested to opt for the Electronic Clearing System (ECS) mode to receive dividend on time in line with the Circulars. We urge members to utilize the ECS for receiving dividends.

Please refer point no. 19 for the process to be followed for updating bank account mandate.

9. Subject to the provisions of the Companies Act, 2013, dividend as recommended by the Board of Directors, if declared at the AGM will be paid within 30 days from the date of declaration to those members whose names appear on the Register of Members as on **September 22, 2021**. To avoid delay in receiving the dividend, members are requested to update their KYC with their depositories (where shares are held in dematerialized mode) and with the Company's Registrar and Transfer Agent (RTA) (where shares are held in physical mode) to receive the dividend directly into their bank account on the payout date.
10. Members may note that the Income Tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 01, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit the following documents in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows-

Members having valid PAN	10% or as notified by the Government of India
Members not having PAN / valid PAN	20% or as notified by the Government of India

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during Financial Year 2021-22 does not exceed ₹ 5,000 and also in cases where members provide Form 15G / Form 15H (applicable to individuals aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA), read with Multilateral Instrument ("MLI") between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian Income Tax authorities duly attested by the member or details as prescribed under rule 37BC of Income-tax Rules, 1962

- Copy of Tax Residency Certificate (TRC) for the FY 2021-22 obtained from the revenue authorities of the country of tax residence, duly attested by member
- Self-declaration in Form 10F
- Self-declaration by the shareholder of having no permanent establishment in India in accordance with the applicable tax treaty
- Self-declaration of beneficial ownership by the non-resident shareholder
- Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by member

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196 D of the IT Act @ 20% (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents.

The aforesaid documents, as applicable, are required to be uploaded online with KFin Technologies Private Limited ('KFinTech'), the Registrar and Share Transfer Agents at <https://ris.kfintech.com/form15> on or before September 22, 2021 to enable the Company to determine the appropriate TDS rates. No communication on the tax determination/deduction received post September 22, 2021 shall be considered for payment of the Dividend. It is advisable to upload the documents at the earliest to enable the Company to collate the documents to determine the appropriate TDS rates.

11. Members are requested to address all correspondence, including dividend matters, to the Registrar and Share Transfer Agents ("RTA"), KFin Technologies Private Limited (Unit: OnMobile), Selenium Tower- B, Plot No. 31 & 32, Financial District, Nanakramguda, Serilingampally Mandal, Hyderabad - 500 032, Telangana, India. Member(s) must quote their Folio Number/DP ID & Client ID and contact details such as email address, contact number etc., in all correspondences with the RTA.
12. As per Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations"), as amended, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition and relogged transfers of securities. Further, SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/CIR/P/2020/236 dated December 2, 2020 had fixed March 31, 2021 as the cut-off date for re-lodgement of transfer deeds and the shares that are re-lodged for transfer shall be issued only in demat mode. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, KFin Technologies Private Limited for assistance in this regard.

13. Members wishing to claim dividends, which remain unclaimed, are requested to correspond with the RTA as mentioned above, or with the Company Secretary, at the Company's registered office. Members are requested to note that dividends not encashed or claimed within seven years from the date of transfer to the Company's Unpaid Dividend Account, will, as per Section 124 of the Companies Act, 2013 be transferred to the Investor Education and Protection Fund ("IEPF"). Shares on which dividend remains unclaimed for seven consecutive years will be transferred to the IEPF as per Section 124 of the Act and the applicable rules.

Pursuant to The Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company is providing / hosting the required details of unclaimed amount referred to under Section 124 of the Companies Act, 2013 on its website www.onmobile.com and also on the website of the Ministry of Corporate Affairs (MCA) viz., www.iepf.gov.in.

14. In compliance with Section 108 of the Act, read with the corresponding rules, Regulation 44 of the Listing Regulations and Secretarial Standard on General Meetings (SS-2), the Company has provided a facility to its members to exercise their votes electronically through the electronic voting ("e-voting") facility provided by the Central Depository Services (India) Limited (CDSL). Members who have cast their votes by remote e-voting prior to the AGM may participate in the AGM but shall not be entitled to cast their votes again. The manner of voting remotely by members and during the AGM is provided in the instructions below. The Board of Directors of the Company have appointed Pramod S M of M/s. BMP & Co. LLP, Practicing Company Secretaries as the Scrutinizer, for conducting e-voting process in a fair and transparent manner and he has communicated his willingness to be appointed and will be available for the purpose.
15. The e-voting period commences on Saturday, September 25, 2021 at 9.00 a.m. IST and ends on Tuesday, September 28, 2021 at 5.00 p.m. IST. During this period, members holding shares either in physical or dematerialized form, as on cut-off date, i.e. as on September 22, 2021 may cast their votes electronically. The e-voting module will be disabled by Central Depository Services (India) Limited ("CDSL") for voting thereafter. A member will not be allowed to vote again on any resolution on which vote has already been cast. The voting rights of members shall be proportionate to their share of the paid-up equity share capital of the Company as on the cut-off date, i.e. as on September 22, 2021.
16. The facility for voting during the AGM will also be made available. Members present in the AGM through VC/OAVM and who have not cast their vote on the resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through the e-voting system during the AGM.
17. Any person who becomes the member of the Company after dispatch of the Notice of the Meeting and holding shares as on the cut-off date may refer to the instructions below for generating User ID and password for casting his votes through remote e-voting.

18. In compliance with the Circulars, the Annual Report 2020-21, the Notice of the 21st AGM, and instructions for e-voting are being sent only through electronic mode to those members whose email addresses are registered with the Company / depository participant(s).
19. We urge members to support our commitment to environmental protection by choosing to receive the Company's communication through email. Members holding shares in demat mode, who have not registered their email addresses are requested to register their email addresses with their respective depository participants, and members holding shares in physical mode are requested to update their email addresses with the Company's RTA, KFin Technologies Private Limited at <https://ris.kfintech.com/clientservices/mobilereg/mobileemailreg.aspx> to receive copies of the Annual Report 2020-21 in electronic mode. The results declared along with the consolidated Scrutinizer's report shall be placed on the website of the Company www.onmobile.com and on the website of CDSL www.evotingindia.com and also be communicated to the Stock Exchanges.
24. Since the AGM will be held through VC/OAVM in accordance with the Circulars, the route map, proxy form and attendance slip are not attached to this Notice.

STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 4

Based on recommendation of the Nomination and Compensation Committee, the Board of Directors appointed Paul Lamontagne (DIN 08995854) as an Additional and Independent Director of the Company, not liable to retire by rotation, for a term of five years upto December 16, 2025, subject to approval of the Members.

Pursuant to the provisions of Section 161(1) of the Act and Article 88 of the Articles of Association of the Company, Paul Lamontagne shall hold office up to the date of this Annual General Meeting ("AGM") and is eligible to be appointed as Director. The Company has, in terms of Section 160(1) of the Act, received in writing a notice from Member, proposing his candidature for the office of Independent Director under the provisions of Section 149 of the Companies Act, 2013.

Accordingly, the Nomination and Compensation Committee and the Board of Directors have recommended to the Shareholders for his appointment as an Independent Director of the Company at the ensuing AGM.

The Company has received from Paul Lamontagne (i) consent in writing to act as director in Form DIR-2 pursuant to Rule 8 of Companies (Appointment & Qualification of Directors) Rules, 2014, (ii) intimation in Form DIR-8 in terms of Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under sub-section (2) of Section 164 of the Companies Act, 2013, and confirming her eligibility for such appointment and (iii) a declaration to the effect that he meets the criteria of independence as provided in sub-section (6) of Section 149 of the Companies Act, 2013.

The resolution seeks the approval of the shareholders for appointment of Paul Lamontagne as an Independent Director of the Company for a term of five years commencing December 17, 2020 to December 16, 2025 pursuant to Section 149 and other applicable provisions of the Companies Act, 2013, and the Rules made there under. He is not liable to retire by rotation.

Considering Paul Lamontagne's vast experience as a business builder and global connector who brings tremendous passion to making an impact on the world, his deep experience in banking, private equity, venture capital, telecommunications and impact investing, his history of uncovering hidden gems, the Board of Directors is of the opinion that it would be in the interest of the Company to appoint him as an Independent Director for a period of five years with effect from December 17, 2020.

In the opinion of the Board, Paul Lamontagne fulfils the conditions for his appointment as an Independent Director of the Company as specified in the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Paul Lamontagne is independent of the management. A copy of the draft letter of appointment of Paul Lamontagne as an Independent Director setting out the terms and conditions would be available for inspection without any fee by the members in electronic form as per the instructions provided in the Notice.

No director, key managerial personnel or their relatives, except Paul Lamontagne to whom the resolution relates, is interested or concerned in the resolution.

The Board recommends the resolution set forth in Item No. 4 for the approval of the shareholders.

Item No. 5

Gianluca D'Agostino who was appointed earlier as an Independent Director at the AGM held on September 18, 2018 to hold office up to the date of AGM to be held during the calendar year 2021 pursuant to the provisions of Companies Act, 2013, is due to retire from his first term at the ensuing AGM on September 29, 2021. The Nomination and Compensation Committee of the Board of Directors, considering Gianluca's amassed international experience, active involvement in the Telecommunications sector and in the wider Tech world, ecommerce and technologies for ecommerce (B2C or B2B/ SAAS) for about three decades and based on evaluation of his performance during the tenure, recommended re-appointment of Gianluca D'Agostino as an Independent Director of the Company for second term of five years upto September 29, 2026.

The Company has, in terms of Section 160(1) of the Companies Act, 2013, received in writing a notice from a shareholder, proposing the candidature of Gianluca D'Agostino for the office of Independent Director under the provisions of Section 149 of the Companies Act, 2013.

The Company has received from Gianluca D'Agostino (i) consent in writing to act as director in Form DIR-2 pursuant to Rule 8 of The Companies (Appointment & Qualification of Directors) Rules, 2014, (ii) intimation in Form DIR-8 in terms of The Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under sub-section (2) of Section 164 of the Companies Act, 2013, confirming his eligibility for such re-appointment, and (iii) a declaration to the effect that he meets the criteria of independence as provided in sub-section (6) of Section 149 of the Companies Act, 2013.

The resolution seeks the approval of the shareholders for reappointment of Gianluca D'Agostino as an Independent Director of the Company for second term of five years upto September 29, 2026 by way of special resolution pursuant to Section 149 and other applicable provisions of the Companies Act, 2013, and the Rules made there under. He is not liable to retire by rotation.

In the opinion of the Board, Gianluca D'Agostino fulfils the conditions for his re-appointment as an Independent Director of the Company as specified in the Companies Act, 2013 and Rules made thereunder and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Gianluca D'Agostino is independent of the Management. A copy of the draft letter of re-appointment of Gianluca D'Agostino as an Independent Director setting out the terms and conditions would be available for inspection without any fee by the members in electronic form as per the instructions provided in the Notice.

The Board considers that his continued association would be of immense benefit to the Company and it is in the interest of the Company to continue to avail the services of Gianluca D'Agostino as an Independent Director.

No director, key managerial personnel or their relatives, except Gianluca D'Agostino to whom the resolution relates, is interested in or concerned with the resolution.

The Board recommends the Special Resolution set forth in Item No. 5 for the approval of the shareholders.

Item No. 6:

The Company is in the business of designing, developing, researching and otherwise dealing or handling all types of telecom products, computers and computer related systems, software systems, hardware systems, communication systems, very large scale standard and semi custom integrated circuits as well as components and parts or dealing with all products and services targeted at the enterprise, wireless carrier and m-commerce markets; servicing of all types of telecom and all computer related systems, communication systems, software systems, hardware systems; and manufacturing, designing, developing, improving, marketing, selling and licensing telecom products, hardware, software, firmware and programs of any and all description.

Though the existing Main objects in Memorandum of Association (the "MOA") of the Company covers the entire scope of business

activities of the Company, after careful evaluation of current business activities, future business strategies, potential new business avenues and global business scenario, it is proposed to suitably alter the Objects clause of MOA by elaborating the Objects with contemporary terminology of business activities that the Company is engaged into and contemplating to enter into and to align the terminology of headings of the sub clauses of the Objects clause in line with the Companies Act, 2013 read with Table A of Schedule I thereof.

The gist of amendments proposed is as under:

- (i) Renaming of heading of Clause III(A) as 'THE OBJECTS TO BE PURSUED BY THE COMPANY ON ITS INCORPORATION ARE'" from the existing heading "The main objects to be pursued by the Company on its incorporation are".

- (ii) Following alteration in the existing Main Objects in Clause III (A) as under:

Existing Clause III (A) of Memorandum of Association		Proposed Clause III (A) of Memorandum of Association

No director, key managerial personnel or their relatives is concerned or interested in the resolution.

The Board recommends the Special Resolution set forth in Item No. 6 for the approval of the shareholders.

Item No. 7

As per the provisions of Section 197 read with Schedule V of the Companies Act, 2013, except with the approval of the Company in general meeting by a special resolution, the remuneration payable to non-executive directors including independent directors shall not exceed 1% of the net profits of the Company computed in accordance with the provisions of Section 198 of the Companies Act, 2013, if there is a Managing Director or Whole Time Director or Manager. If a company has no profits or its profits are inadequate in any financial year, the Company shall not pay to its directors, including any managing or whole time director or manager, or any other non-executive director, including an independent director by way of remuneration except in accordance with the provisions of Schedule V.

The Board at its meeting held on August 06, 2021 approved alteration of objects clause of MOA of the Company. The proposed alteration of objects clause requires the approval of shareholders through Special Resolution pursuant to the provisions of Section 13 and other applicable provisions, if any, of the Companies Act, 2013.

A copy of the amended MOA of the Company would be available for inspection without any fee by the members in electronic form as per the instructions provided in the Notice.

As per the amended provisions of Sections 149(9), 197 and Schedule V of the companies Act, 2013 vide Companies Amendment Act, 2020 notified on March 18, 2021, non-executive directors including Independent directors are now eligible for remuneration as per Schedule V of the Act, in case of no profits or inadequate profits.

Further, Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 also requires approval of the shareholders for payment of remuneration to non-executive directors.

The directors have been assigned various roles, responsibilities and duties. The Companies Act, 2013 envisages that even non-executive directors devote more attention and time for the effective and good governance of the Company of which they are directors. Corresponding to their increased responsibilities, the Companies Act also envisages that they should be compensated adequately for their services.

Earlier, the Shareholders in the AGM held on September 18, 2018 authorized payment of remuneration, in addition to the sitting fees, in aggregate not exceeding 5% of the net profits or ₹ 15 million, whichever is higher for each financial year commencing on or after April 01, 2018 to the non-executive directors of the Company as per the provisions of Section 197 read with Section 198 and other applicable provisions of Companies Act, 2013 and the Rules made thereunder.

Since 3 years have elapsed after the earlier AGM resolution, in line with the amended provisions of Sections 149(9), 197 and Schedule V of the companies Act, 2013 to facilitate payment of minimum remuneration to non-executive/Independent directors in the event of no profit or inadequate profit, subject to approval of the shareholders and such other approvals as may be required, the Board of Directors vide their resolution dated August 06, 2021, based on the recommendation of the Nomination and Compensation Committee, recommends for payment of remuneration to the non-executive directors including independent directors in aggregate not exceeding 5% (Five percent) of the net profits computed in accordance with the provisions of Section 198 of the Companies Act, 2013 or ₹ 18 million whichever is higher per annum, for a period of 3 (Three) years, commencing from April 1, 2021 up to March 31, 2024.

Accordingly, the resolution seeks approval of the shareholders pursuant to Section 197 read with Schedule V of the Companies Act, 2013 and also in terms of Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Statement as required under Section II, Part II of the Schedule V of the Companies Act, 2013 with reference to Special Resolution at Item No. 7 is annexed hereto.

THE INSTRUCTIONS FOR SHAREHOLDERS FOR E-VOTING AND ATTENDING THE AGM THROUGH VC/OAVM ARE AS UNDER:

- (i) The voting period begins on Saturday, September 25, 2021 at 9.00 a.m. IST and ends on Tuesday, September 28, 2021 at 5.00 p.m. IST. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of September 22, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Disclaimer

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make, contain forward looking statements that set out anticipated results based on management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward looking statements, whether as a result of new information, future events or otherwise.
