"Annexure -D"MANAGEMENT DISCUSSION AND ANALYSIS REPORT**1. INDUSTRY STRUCTURE AND DEVELOPEMENT:**

The Retail Industry Market had a value of US\$ 21,237.64 billion in 2022 and is estimated to grow at a CAGR of 7.69% from 2024 to 2030, reaching US\$ 41,368.44 billion by 2030. The market's growth can be attributed to the increase in consumer spending in emerging economies, which is a major driving factor. The pandemic-induced rise in online shopping trends has also contributed to market growth. Furthermore, the increasing penetration of smartphones worldwide is generating more traffic on e-commerce websites, which is expected to drive market growth during the forecast period.

Source: <https://www.verifiedmarketresearch.com/product/retailindustry-market>.

The Indian Fashion industry is poised for significant growth in the coming years, with revenue projected to reach US\$ 19.86 billion by 2024. This growth is expected to continue at a CAGR of 13.35% from 2024-2027, resulting in a projected market volume of US\$ 32.79 billion by 2027.

China is the biggest contributor to this market, with a projected market volume of US\$ 336.80 billion by 2024. The number of users in the Fashion segment is expected to reach 528.70 million by 2027, with user penetration projected to increase from 25.5% in 2024 to 35.7% in 2027. The Average Revenue Per User (ARPU) is expected to be US\$ 54.61, indicating a significant potential for revenue growth in the industry. With the rise of digitalisation and the increasing preference for online shopping, the fashion industry is poised for further growth in the coming years. However, companies will need to adapt to changing consumer preferences and find ways to stand out in a crowded market to capitalise on this growth opportunity.

Global Economy Overview:

In FY24, the fashion industry continued to face uncertainty, with consumer spending remaining volatile driven by subdued economic growth outlook, persistent inflation, and weak consumer confidence. Mid-priced brands struggled as consumers shifted towards more affordable options, while the luxury segment initially maintained growth, but it too faced challenges later in the year due to broader economic downturns. In response to these challenges, businesses have been compelled to identify pockets of value and uncover new drivers of performance.

Indian Apparel Industry:

The Indian apparel retail industry is undergoing a dynamic transformation, driven by evolving consumer preferences, digital disruption, and demographic shifts. As of FY 2025, the sector is valued at approximately **₹6.5 lakh crore**, with an expected CAGR of **10-12%** over the next five years.

Key Industry Drivers:

- **Rising Disposable Income:** The middle class continues to expand, especially in Tier II and Tier III cities, fueling demand for affordable fashion.
- **Youth Demographics:** Over 50% of India's population is under 25, creating a massive market for trend-driven, casual wear.

- **Urbanization & Aspirational Spending:** Migration to urban centers and exposure to global fashion trends are reshaping buying behavior.
- **Digital Penetration:** E-commerce and mobile-first shopping are becoming mainstream, with platforms like Myntra, Amazon, and Flipkart leading the charge.
- **Omni-channel Retailing:** Brands are integrating offline and online experiences to offer seamless shopping journeys.

Company Overview:

Mafia Trends Limited is a fast-growing retail apparel company focused on delivering affordable fashion to Tier II and Tier III cities across India. The company operates through a mix of exclusive brand outlets (EBOs), franchise stores, and online channels. Its product portfolio includes casual wear, formal wear, and accessories for men, with a growing emphasis on youth-centric fashion.

The company's mission is to democratize fashion by offering stylish, quality apparel at value-driven prices. With a strong brand identity and expanding footprint, Mafia Trends continues to build a loyal customer base in underserved markets.

2. OPPORTUNITIES AND OUTLOOK:

A substantial portion of the Indian fashion industry remains unorganized, which presents a vast opportunity for organized players to step in. As Indian consumers become more brand-conscious and premiumize the overall purchasing experience, organized retail is wellpositioned to capture a larger share of the market. The shift from unorganized to organized retail is expected to be a significant trend in the coming years, driven by consumers' increasing demand for quality, consistency, and brand assurance.

The e-commerce market in India has experienced significant growth and diversification over the past two decades. The market is expected to reach US\$ 350 billion in GMV and have around 500 million online shoppers by 2030, reflecting the increasing penetration of internet and smartphones in the country. Furthermore, the Indian e-commerce market is unique in that it is heavily driven by the sale of fashion and lifestyle products, unlike other markets in the region where electronic products are the primary driver. One of the key factors driving the growth of the Indian e-commerce market is the convenience and ease of online shopping, which has made it a popular choice among consumers, particularly in the metros and Tier I cities. Additionally, the growth of India's digital economy is expected to touch US\$ 800 billion by 2030, reflecting the country's transformation from a bottom-of-the-pyramid economy to a truly middle-class-led economy, with consumer spending estimated to reach nearly US\$ 6 trillion by the same year. The emergence of UPI as a significant player in all digital payments, accounting for around 62 billion transactions in 2022, is also a significant driver of growth in the Indian e-commerce market.

Mafia Trends is uniquely positioned to capitalize on several emerging trends and structural shifts in the Indian apparel market:

1. Tier II/III Market Expansion

- These cities are underserved by premium brands but have rising demand for affordable fashion.
- Mafia Trends' localized store formats and pricing strategy align well with these markets.

2. Franchise Model Scalability

- Asset-light expansion through franchising allows rapid footprint growth with minimal capital investment.
- Franchise partners bring local market knowledge and customer loyalty.

3. Youth-Centric Product Innovation

- Launching collections tailored to Gen Z and college students can drive brand affinity.
- Collaborations with influencers and campus ambassadors can amplify reach.

4. Digital Transformation

- Strengthening e-commerce capabilities and mobile app development can unlock new revenue streams.
- Data analytics can improve inventory planning, customer segmentation, and personalized marketing.

5. Diversification into Women's and Kids' Wear

- Expanding product categories can increase wallet share and footfall.
- Women's wear is the fastest-growing segment in Indian apparel retail.

6. Sustainability and Ethical Sourcing

- Adopting eco-friendly fabrics and transparent supply chains can appeal to conscious consumers.
- Potential for brand differentiation in Tier I cities and online platforms.

3. RISK, CONCERNS AND THREATS:

The transition from conventional business methods to online modes has facilitated customers in accessing global designs conveniently. Consequently, new platforms are emerging rapidly, and the industry is gradually embracing them.

Periodic assessments by the established committees and internal functions ensure ongoing evaluation of risks. Mitigation plans are implemented to manage key risks and minimize residual risks, safeguarding the company's interests. This proactive risk management approach provides the foundation for effective decision-making and resilience in the face of evolving challenges.

Inadequate Availability of Skilled Workforce

The retail industry faces a shortage of proficient workforce, leading to a high turnover rate. However, we have managed to maintain lower attrition rates than the industry standard through our talent management programme. This programme has enabled us to develop a pool of managers and leaders who will steer our future growth. Additionally, we have strengthened our management team by hiring experts in crucial domains such as e-commerce, marketing, and supply chain.

4. INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY:

The Company ensures the safety and protection of its assets by having implemented well defined policies and their implementation in a well efficient manner. The board of the Company is always well informed regarding the operations of the company. The company always ensures the dissemination of information through proper channels in a professional manner. The management takes regular recommendations and advises from the reliable professionals having experience in their fields, in order to efficiently discharge responsibilities by giving hands on facts, details and recommendations concerning the activities covered for audit and reviewed by it during the year. The conclusions of internal audit reports and effectiveness of internal control measures is reviewed by top management and audit committee of the Company.

We have audited the financial statements of Mafia Trends Limited ("the Company"), which comprise the balance sheet as at 31st March 2025, and the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. In accordance with section 143(3)(i) of the Company's Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. In accordance with section 143(3)(i) of the Company's Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
