**The first word.**

**Maithan Alloys is possibly the lowest cost manganese alloy manufacturer in the world.**

**Maithan Alloys is also consistently one of the highest-margin ferro alloy manufacturers (EBITDA margin 22% in FY2016-17).**

**Maithan Alloys is one of the highest valued listed manganese alloy companies in India.**

**All due to its culture called outperformance.**

The culture of  
outperformance of Maithan.

At Maithan, we have  
reconciled diverse realities  
into our competitive  
personality.

Cautious and yet pushing  
the envelope.

Patient and yet living a  
culture of urgency.

Quality focused and yet a  
cost leader.

Well-rounded organisation  
and yet lean.

Responding to market  
requirements of the  
moment and built around  
sustainability.

# At Maithan, we have selected to create an enduring culture. It is called outperformance.

---

**At Maithan,** outperformance is not about manufacturing the most at the lowest cost; it is about being the best at whatever we do.

**At Maithan,** this culture is not about doing better than the competition in the marketplace, it is about doing better than oneself.

**At Maithan,** this culture is not about driving the organisation top-down; it is about a shared spirit across every location, function and employee.

**At Maithan,** this culture is not about what we can do; it is about the best we can be.

## Maithan's Charter of Outperformance.

**Our** focus is to create a company that enhances the Economic Value-Added through good markets or bad

**Our** goal is to be recognised as one of the most respected wealth-creating companies within our sector the world over

**Our** aim is not necessarily to be respected as the largest within our sector but to be acknowledged as one of the best

**Our** intention is to minimise the cyclical impact on our business – resilience during troughs and stronger-than-average rebounds during crests

**Our** objective is to work around consistent profitability across market cycles

**Our** desire is to be widely perceived as a relatively non-cyclical company in a cyclical sector

**Our** focus is to be the first to market what we produce, irrespective of the market situation

**Our** motto is to be the lowest-cost manganese alloys producer across the world

# Outperfo

**At Maithan, consistent outperformance is derived from a disciplined business approach.**

**We** do not see ourselves only as a commodity company; we see our role as a focused research-driven manganese alloys manufacturer

**We** do not see ourselves as volume-driven; we are a value-driven player instead

**We** do not take proprietary positions in commodities; we invest in relationship-driven and product quality-based customer engagements

**We** do not believe in passing cost increases to customers; we enhance profits from the manufacture of superior quality, maximised asset utilisation and cost moderation

**We** are not only a product manufacturing company; we have extended to the manufacture of equipment as well

**We** do not see ourselves as a usual company; we consider ourselves as specialists in the interplay of men, machines and materials

# Maithan Alloys Limited.

## One of the most competitive quality-driven manganese alloy manufacturers in the world.

### Background

Maithan Alloys commenced commercial production in 1997 with an installed capacity of 10 MVA. The Company possessed an installed capacity of 136 MVA as on 31<sup>st</sup> March, 2017, making it India's largest manganese alloy producer and exporter. The Company is managed by the Asansol-based Agarwalla family who have been in the manganese alloys business for more than two decades.

### Operations

Maithan Alloys specialises in the manufacture of the following alloys:

- **Ferro- manganese:** An alloy of iron and manganese. Used in steel products where the silicon content needs to be minimised. Generally used in flat steel and stainless steel manufacture.
- **Silico- manganese:** Cost-effective blend of silicon and manganese. Primarily used by steel manufacturers. Found in all steel products. Used in higher quantities in 200 series stainless steel, alloy steel and manganese steel.
- **Ferro- silicon:** An iron and silicon composite. Silicon acts as a steel oxidant. Used primarily in special steels and in small quantities in mild steel.

### Presence

Maithan Alloys has manufacturing operations across three locations.

**Kalyaneshwari unit:** Near Asansol, West Bengal. Services clients primarily within India.

**Visakhapatnam unit:** Enjoys SEZ status and tax exemption until 2021. Caters to international clients owing to its proximity to two of India's major sea ports.

**Ri-Bhoi unit in Meghalaya:** Dedicated to servicing domestic ferro silicon demand. Enjoys tax exemptions till [2019].

The Company also operates three wind turbine generators one in Maharashtra and two in Rajasthan) (cumulative capacity of 3.75 megawatts) backed by power purchase agreements with state governments.

### Clientele

Maithan Alloys has established a client base across India, marked by long-term relationships with prominent steel manufacturing clients like SAIL, JSW, JSPL and JSL. Almost 100% of the Company's domestic sales are to clients who have been associated with the Company for over seven years. The Company also caters to international clients across more than 35 countries.

A number of international clients are relatively recent as the Company shifted focus from 'stable' Europe to 'growing' Asia following the global meltdown in 2008 as well as stagnant steel industry in the Europe. The Company caters to clients across five continents.

### Technology

The Company invested in top-of-the-line equipment and technologies comprising testing and quality assurance. Investing in the XRF machine translated into consistent quality. The Company has ISO 9001:2000 certification for quality processes, ISO 18001:2007 for health and safety and is contemplating moving towards ISO 14001 for environment management. The Company has been investing consistently in the latest technologies to offer quality products consistently to customers.

### Listing

The Company is listed on National Stock Exchange and Kolkata Stock Exchange. It has trading permission on Bombay Stock Exchange. The Company enjoyed a market capitalisation of ₹1224.58 as on 31<sup>st</sup> March, 2017. The promoter's holding in the Company was 70.69% as on that date.

## Management review

**Q.** Please evaluate the performance of the Company in FY2016-2017.

**A.** I am happy to present the performance of the Company for FY17. The year under review was the best ever at Maithan Alloys even as the downstream sector (steel) continued to be affected by low offtake and weak realisations.

The Company reported profitable growth - 17% growth in revenues from ₹1151 crore in 2015-16 to ₹1342 crore in 2016-17 even as EBITDA grew 126% from ₹131 crore in 2015-16 to ₹297 crore in 2016-17 and PAT strengthened by 150% from ₹79 crore in 2015-16 to ₹198 crore in 2016-17.

The operative point that one may miss is that of profitability. Our EBITDA margin strengthened by 1100 bps from 11% in 2015-16 to 22% in 2016-17. This indicates that even as the external environment continued to be challenging, we enhanced value-addition arising from a superior product mix and moderated costs. Our ability to report profitable growth in a challenging business environment showcases what we have been professing over the last few years: relatively non-cyclical business model in a cyclical sector.

**Q.** What were the reasons for this outperformance?

**A.** The steel industry returned moderately to growth in 2016. Global steel output reported 0.8% growth, largely attributable to increased production in China, India, Turkey and Ukraine. This strengthened the offtake of ferro alloys and realisations..

At Maithan Alloys, we capitalised handsomely on this sectoral turnaround: we reported a 3.41% rise in output through enhanced capacity utilisation by 300 bps. Even as product realisations move -25% to 50%+, offtake quantity moves by -10% to +10%, which makes it easy for low-cost producers to continue operating at full steam.

At Maithan Alloys, we invested in operating discipline to maximise output and efficiency. We strengthened quality, delivery dependability and internal efficiency. We reinforced existing customer relationships based around product quality and delivery commitment – the promised quantity of right quality product delivered around a pre-defined timeline. The result is that Maithan Alloys is largely insulated from prevailing sectoral realities; we are confident of marketing all that we produce irrespective of the prevailing business cycle. We continue to sell during downtrends and generate the highest value-addition during sectoral rebounds.

**Q.** What makes the Company confident of sustaining this even during sectoral downtrends?

**A.** The primary reason: the strength of our customer relationships. A vast majority of the Company's customers have been working with us for many years;

There is another reason that reinforces our sustainability: in a volatile business, we do not take proprietary positions on our raw materials; we select

to focus completely on efficient product manufacture. The result is that we have consistently focused on operational efficiency, which we believe is second to none in the world; we pride in being among the lowest-cost manganese alloy manufacturers in the world.

The logical extension of this is that we work with a consistent EBITDA margin goal.

**Q. What are the other reasons for the Company's enhanced competitiveness?**

**A.** One of the drivers of enhanced efficiency has been the right product mix. The slag of ferro-manganese is used as raw material in the manufacture of silico-manganese. We balance the production of ferro-manganese and silico-manganese in a manner that we generate the highest stable profitability with minimal product mix changes (drastic changes can affect efficiency). Besides, we are continuously working to enhance efficiency; a 1% cost saving can add 6% to the EBITDA. The result is that our cost is lower than most competitors. In the event of a price crash, we are in a position to match competitor prices without significantly affecting our viability.

**Q. How is the Company securing its sales mix (domestic and international)?**

**A.** The Kalyaneshwari and Meghalaya units largely address domestic demand; the Vizag plant contributes 50% of the revenue and is dedicated to exports owing to its port proximity and SEZ location. Domestic sales from the Vizag SEZ attract 5% import duty and are hence unviable. Thus, our domestic:international mix is 50:50.

There are three types of orders – spot (one consignment), medium (up to a

quarter) and long-term (six months to a year). The long-term contracts do not work on a fixed-price basis as the commodity is marked by price fluctuations. In the long-term, the quantities are fixed per month and the prices are based on the index. The share of our medium and long-term contracts is consistently increasing. The result is that we enjoy an anytime order book of 2-3 months and service the growing needs of major steel manufacturers across the globe.

**Q. What were the major challenges that the Company addressed in FY2016-2017?**

**A.** In Q2, the massive increase in manganese ore price was not followed by a commensurate increase in finished product realisations, which could have drastically impacted profitability. We shut one furnace of the Kalyaneshwari unit for a month to clearly indicate to the domestic industry that the lowest cost producer was not comfortable working at ridiculously low margins (based on replacement cost, not on purchase cost).

Even as the external resource environment was challenging, we imported raw materials from Australia and South Africa, two major exporters of manganese ore, through relationship-driven vendor contracts.

**Q. How does the Company plan to grow?**

**A.** We have reached near optimum capacity; volumes will increase only marginally. The weakness in the commodities market has forced a number of capacities out of production; we intend to capitalise through prudent acquisitions. We believe that a new asset needs to generate an asset-turnover of at least 2x to achieve the desired EBITDA; for an older asset the corresponding number is 3x or 4x, which provides us with clarity that only when the offered assets measure favourably with this benchmark will we seriously examine them.

**Q. What is your message to stakeholders?**

**A.** We will continue to achieve an EBDITA margin of around 15% that keeps us sustainably profitable across time. All our stakeholders are confident that none of our 12 furnaces will ever be shut on account of adverse market conditions. In view of this unusual perspective, we are confident of enhancing stakeholder value across the foreseeable future.

Manufactured  
volumes increased

**3.41%**

**Maithan Alloys' success in a volatile commodity business is achieved through an over-riding priority: global cost leadership.**

- We reinforced our cost leadership through the following initiatives:
- We created one of the largest manganese alloy capacities in India, enhancing economies of scale
- We engaged in a continuous improvement of systems and processes, strengthening capacity utilisation
- We prudently altered our product mix, focusing on products that consume a lower process time and enhance asset utilisation.
- We sourced raw material from efficient miners who provided consistent ore quality, enhancing productivity
- We developed the capability to fabricate plants within, strengthening our insight into the interplay of people, plant and products; this made it possible to debottleneck capacities more efficiently and generate a larger throughput from the given facilities than most players

Result: Maithan Alloys is arguably the lowest-cost ferro alloys manufacturer in the world with a consistent EBITDA margin of around 15%, significantly higher than the industry average.

# Growing through relationships.

**Maithan Alloys  
is focused on  
sustainable profit  
over short-term  
gains**

**Maithan Alloys has  
balanced domestic  
and international  
sales**

**Maithan Alloys invests in  
resources, raw materials and  
relationships.**

- We leveraged the power of relationships through the following initiatives:
- We entered into long-term relationships with raw material suppliers, making it possible to procure material even in challenging industry junctures - without binding contracts
- We entered into long-term relationships with customers through the assurance of reliable supplies of consistent quality.
- We graduated from the manufacture of generic products to customised solutions of a high technical standard that strengthen product integrity of customers, enhancing loyalty.

The result: Despite an industry down cycle, customers selected to continue working with Maithan Alloys, resulting in revenue visibility across market cycles.

## Building a differentiated business model for the Company

At Maithan Alloys, we believe that success in a commodity business like ferro-alloys is derived not from the capacity to do a number of things but the passion to focus on one over-riding objective and do that better than anyone else. The result is that we have transformed our personality in a decisive manner in the last few years.

From 10 MVA in 1997

**136 MVA today**

From a cycle-influenced company

**An assured margin driven company**

From product-driven

**Efficiency-driven**

**Any-market sustainability**

### How we do business

At Maithan, we have continuously evolved our business model. This proactive responsiveness in a rapidly-evolving market environment has translated into profitable growth across market cycles.

### The context of our sector

#### Sectoral growth

Infrastructure is a key focus for driving the economy and a number of developing economies including India are investing heavily in infrastructure.

#### Relevance

A minimum of 1% alloy is required for producing 1 tonne of mild steel. On an weighted average basis of all the steel production in the world, 1.0-1.5% manganese alloy is required (currently the global steel capacity is about 1600 million tonnes)

### The passion that we bring to our business

**Focus:** quality and timely delivery

**Efficiency:** Optimum utilisation of resources to be most cost-competitive

**Strategy:** Expand only if the project is capable of benchmark IRR

**Conviction:** Continuous improvement works

**Mantra:** Discipline is the key

### Consumption potential

India is possibly the most exciting market for steel in the world for a reason that extends beyond mere under-consumption. Steel is imperative for the country's growth, catalysing prospects of the ferro-alloys industry,

#### Proxy

It would be simplistic seeing ferro alloys as just a commodity. The Company is a faithful proxy of the Indian infrastructure sector.

#### Government focus

The Government is allocating a massive part of its budget towards infrastructure creation.

**Proactive:** Investing in latest technologies

**Rationalisation:** Optimising the product mix to reduce process losses

**Honest:** The path to long-term prosperity

**Culture:** Continuous outperformance

**Forward-looking:** Clear visibility of achievables

## How we address the sectoral context

### Long-term

At Maithan we have invested in the business to generate long-term sustainability.

### Credibility

At Maithan, we build relationships; more than 90% of the Company's revenues are derived from customers more than three years old.

### Strategic focus

At Maithan, we believe that strategic

clarity represents the foundation of our business model. We focused on ferro alloys as our core business and manganese alloys as our core product. We selected to invest in locations having sustainable logistical advantage to drive growth. While the Vizag unit is dedicated for exports, the Kalyaneshwari and Ri-Bhoi units service domestic demand.

### Focus

Even as a number of companies take proprietary positions on raw material prices, we prefer to focus on

operational efficiency; we evaluate our raw material cost at replacement cost, ignoring the role of inventory gains. We focus on maintaining a high EBITDA margin to make our business cash-accretive and sustainable.

### Governance

At Maithan, we believe we are engaged in a business where trust is critical. We have invested in a strong Board, timely stakeholder communication and reporting transparency.

## The effectiveness of our business model

### Capacity utilisation

The Company achieved 95% capacity utilisation (92% in FY2015-16) through an effective product mix, better maintenance and enhanced efficiencies.

### Cash on the books

Maithan's business enjoys adequate liquidity. Net cash position was ₹139 crore as on 31<sup>st</sup> March, 2017, translating into 'Other Income' of ₹21 crore in FY 2016-17. Nearly 7% of its EBITDA was derived from 'Other Income' and 93% from core operations, providing the business

with a broad-based cushion. Interest cover was a high 31x in FY2016-17.

### Growth

Maithan enhanced corporate value as measured through the filter of profit after tax. The Company reported progressively higher profits in successive five-year slabs: from ₹395 crore in the five years ending FY2016-17 compared with ₹189 crore in the five years ending FY2011-12 and ₹44 crore in the five years ending FY2006-07. The Company's record cash profit of ₹230 crore in FY2016-17 was 93% higher than its previous high of ₹119 crore reported in FY 2015-16.

### Sustainability

Maithan possesses a robust Balance Sheet that ensures sustainable viability. The Company had very low long-term debt on its books as on 31<sup>st</sup> March, 2017; EBITDA margin was an attractive 22.13% in a commodity business for FY 2016-17; return on capital employed was 45.16%, indicating business attractiveness.

### Valuation

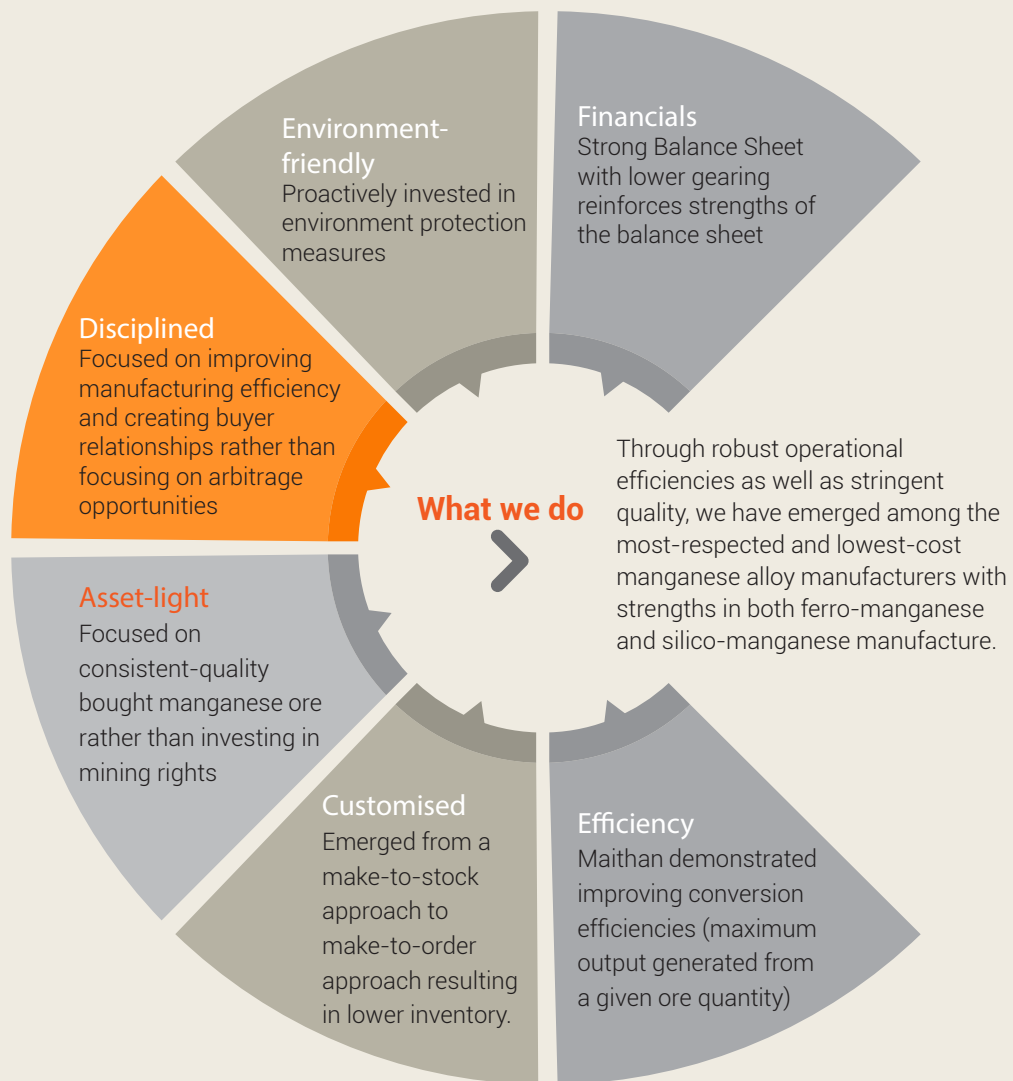

Maithan's business model has been validated by the markets: valuation was ₹1224.58 crore as on 31<sup>st</sup> March, 2017, one of the highest in India's ferro alloys space.

## Business model objective

We aim at creating a robust organisation with sustainable growth. We aim to achieve this through stronger process efficiency, optimised product mix and create avenues of assured bottom-line visibility. Our enviable ROCE of 45.16% indicates stronger cash generation and growth of the Company without the need of stretching the Balance Sheet.

### Components of our business model

### Competitive advantage

The Company is possibly the lowest cost manganese alloy manufacturer in the world

### Key beneficiaries of our value creation

# Management Discussion and Analysis

The pace of global economic activity was mixed in 2016 as a number of crosswinds affected re-acceleration. Within advanced economies, comprising the US, Europe and Japan, a protracted monetary policy support and return to fiscal neutrality underpinned a generally-accelerating output. In countries outside the advanced economies, the sources of slower growth comprised commodity price declines, overhangs from erstwhile credit growth and political turmoil.

Global growth was 3.1% in 2016, the forecast revised downwards by 10 bps for 2017 compared to the April 2016 projections. Long-term prospects of emerging market economies improved following a decline in interest rates in advanced economies and firming commodity prices.

Asia and India demonstrated robust growth. The currencies of advanced commodity exporters have also strengthened, reflecting the firming of commodity prices; however, several emerging market currencies depreciated substantially.

Among advanced economies, activity rebounded in the US. Long-term nominal and real interest rates strengthened in the UK and US since the November 2016 Presidential election.

With China emerging as a consumption-centric economy and Saudi Arabia reducing its oil dependence, base metals strengthened, which, in turn, firmed commodity prices. Consequently, inflation rates recovered across advanced economies and commodity prices bottomed out.

	Growth		
	2016	2017	2018
Global economy	3.1%	3.4%	3.6%
Advanced economies	1.6%	1.9%	2.0%
Emerging market and developing economies	4.1%	4.5%	4.8%

(Source: IMF)

## Outlook

The global economy entered its sixth year of stagnation with growth estimates for 2017 continuing to trend the historical path. A projected stabilisation in energy and commodity prices may strengthen the case for resource-rich economies in 2017.

World growth is expected to rise from 3.1% in 2016 to 3.5% in 2017 and 3.6% in 2018, driven by stronger economic activity, expectations of robust global demand, reduced deflationary pressures and optimistic financial markets. (Source: IMF).

## Indian economy overview

India's GDP growth was projected at 6.5% for 2016-17,

marked down from 7.6% in 2015-16. Even as demonetisation affected GDP growth by 25-100 bps, the removal of specified bank notes from circulation is expected to have long-term benefits.

The growth rate of the industrial sector (measured in the index of industrial production or IIP) was estimated to moderate to 5.2% in 2016-17, down from 7.4% in 2015-16. The country's IIP registered a modest growth of 0.4% during the April-November period of 2016-17. With Rajasthan, Madhya Pradesh and Maharashtra receiving 20% more rainfall than the usual, the agricultural sector is expected to grow at an above-average level of 4% on a weak base, caused by two consecutive periods of poor monsoons. This should lift the sagging rural demand and, by extension, the

GDP growth rate. The major impetus is expected to come from the farm sector as non-agriculture growth is pegged to pick up by 10 bps over the previous fiscal to 8.6%.

The Budget 2017-18 set aside ₹48,700 crore for Mahatma Gandhi National Rural Employment Guarantee Act, 2005 to strengthen the skills development sector, enhance disposable incomes, strengthen consumption and accelerate rural economic growth.

The Indian agricultural sector posted a robust performance due to good 2016 monsoons. Agriculture, the source of livelihood for about 58% of India's population, reported a growth of 1.2% in 2015-16 and is expected to rise with a growth of 4.1% in FY2017. The Indian manufacturing sector is growing rapidly, contributing to about 16% of GDP. India's manufacturing sector has the potential to touch US\$ 1 trillion by 2025 with more Government initiatives like 'Make in India' campaign, FDI inflows, bankruptcy law and different other reforms to improve the climate for doing business. The Economic Survey 2017 further predicts that the industrial sector could grow 5.2% in 2016-17 from 7.4% in 2015-16.

Commodity prices lowered in 2015 and 2016 consecutively resulting in fair economic growth in the country but it is expected to reverse in 2017-18 as the commodity prices expected to rise. The IMF predicts that if commodity prices remain stagnant to the level they were in 2016, then the terms of trade losses will be around 0.51 % on the GDP and if it rises, then losses will be around 0.64% of the GDP in 2017-18. The Economic Survey has an Outlook for Consumer Price Index (CPI) inflation to remain below 5% for 2016-17. But as the global commodity prices will increase in the next fiscal, in particular crude oil prices, it will pose more threat to the economic growth. Real GDP or Gross Domestic Product (GDP) at constant (2011-12) prices in 2016-17 is likely to attain a level of ₹121.65 lakh crore, with growth rate of 7.1% over the GDP for 2015-16 of ₹113.58 lakh crore.

Rising oil prices present a challenge to India's growth with estimates suggesting that oil prices could rise by as much

as one-sixth over the 2016-17 level, increasing India's import bill to a great extent.

(Source: ibef, Economic Survey, World Bank, Asian Development Bank)

### **Outlook**

India's 2017-18 growth forecast was trimmed by 40 bps due to the temporary negative consumption shock induced by cash shortages and payment disruptions. India's gross value-added growth is likely to remain at 6.6% as economic activity gradually normalises. However, the implementation of the Goods and Services Tax is expected to boost interstate trade, reducing supply chain-related issues, improving economies-of-scale and moderating overheads (Sources: IMF, ICRA).

## **Indian government's growth boosters**

### **Make in India**

The Indian economy got the much needed push from the government with initiatives like 'Make in India' to graduate India into a global manufacturing hub. The government's 'Ease of Doing Business' initiative is aimed at improving the business environment.

In terms of infrastructure push, the government embarked initiatives such as smart cities and other infrastructure initiatives which are expected to drive downstream sector demand.

### **Industry analysis**

#### **Global steel industry**

The risk of global recession is receding and economic performance in countries improving. The construction, building and infrastructure sector, which accounts for 50% of global steel use, has been showing a divided picture between the developing and developed economies with activity in the developed economies being subdued following the 2008 financial crisis. In 2016, the world crude steel production reached 1628 million tonnes (mt) and showed a growth of 0.8% over 2015. China remained world's largest crude steel producer in 2016 (808 mt) followed by Japan

(105 mt), India (96 mt) and the USA (79 mt). China's crude steel production for January 2017 was 67.2 Mt, an increase of 7.4% compared to January 2016. In year-to-date 2016 (through September), China exported 83.6 million metric tons of steel, a 2.8% increase from 81.3 million metric tons in YTD 2015. The crude steel capacity utilisation ratio of the 67 countries in January 2017 was 68.5%, i.e., 3.4 percentage points higher than that in January 2016.

The economic rebalancing and reform agenda of the Chinese economy continued for the first half of 2016 but government took adequate measures. This produced a

short-term boom in infrastructure and housing markets, which stimulated demand for steel and other commodities. China's steel demand showed a growth of 1.3% in 2016. Steel demand in developed economies is expected to increase 0.7% in 2017 and 1.2% in 2018. Among the developing countries, Russia is expected to regain growth owing to better reforms. The Indian economy is also expected to grow after normalising against the demonetisation shock. Steel demand in the emerging and developing economies, excluding China which accounts for 30% of world total, is expected to grow 4.0% in 2017 and a projected 4.9% in 2018.

F - forecast

#### Outlook

World Steel Association believes that 2017 and 2018 could report a cyclical upturn in steel demand with a continuing recovery in developed economies and accelerating momentum in emerging and developing economies. Russia and Brazil could move out of recession. World Steel Association forecasts that global steel demand could increase 1.3% to 1,535.2 Mt in 2017, following growth of

1.0% in 2016. In 2018, it is forecast that global steel demand could grow 0.9% and reach 1,548.5 Mt.

#### Indian steel industry

India is the third largest producer of crude steel after China and Japan. The industry posted a robust 11% growth in production in 2016-17 of 101.2 MT despite domestic consumption remaining anemic due to poor off-take from

end-user segments like construction, automobiles and white goods. The country possessed an installed capacity of 122 million tonnes catalysed by urbanisation and infrastructure creation. India was the second-largest producer of sponge iron in the world in 2016.

As per the Working Group on Steel for the 12<sup>th</sup> Five Year Plan, a number of factors can increase steel consumption in the

country: an estimated infrastructure investment of nearly a trillion dollars, projected manufacturing growth from current 8% to 11-12% a year, increase in urban population from 400 million to 600 million by 2030, increased rural steel consumption from around 11 kg per annum (following Bharat Nirman, Pradhan Mantri Gram Sadak Yojana, Pradhan Mantri Awaas Yojana projects, among others).

While steel continues to have a stronghold in traditional sectors such as construction, housing and ground transportation, specialised steels are increasingly being used in engineering industries such as power generation, petrochemicals and fertilisers. India's steel consumption increased nearly 3% in 2016-17. The Indian government allocated ₹3.96 lakh crore to the infrastructural sector, which should catalyse steel sector growth; besides, growth in residential construction, shipbuilding, Defence, automobile and manufacturing sectors should catalyse steel offtake. The government's Pradhan Mantri Awas Yojana (urban) intends to offer 2 crore affordable housing units to the urban poor. In view of this, World Steel Association has projected Indian steel demand to grow 5.7% in 2017.

India continues to be a consumption growth story, and the rollout of the National Steel Policy and robust infrastructural development by the government are expected to enhance India's steel consumption to 90 MT by 2020. Although imports reduced and exports increased, the Indian steel industry is still a moderate importer of steel marked by domestic capacity under-utilisation. [Source: Indian Steel

## Outlook

India's steel production is expected to climb 10% to 12% in 2017-18: from 101.3 million metric tonnes to 240 million tonnes by 2031. The withdrawal of National Steel Policy 2005 and rolling out of The National Steel Policy 2017 could boost growth of the Indian steel industry. This could increase steel-making capacity to 300 million tonnes by 2030 from about 100-120 million tonnes per annum. [Financial Express]

## Manganese alloys industry

Manganese is an important mineral used for making iron and steel, a basic raw material for manufacturing ferro alloys.

Manganese has struggled in recent years, largely due to China's economic slowdown. Globally 16 million MT of manganese were produced, slightly lower from 17.5 million MT compared to the year before. The manganese price stabilised in the later half of 2016.

South Africa is the world's largest producer of manganese by a long shot. However, in 2016 its output of the metal decreased by 1,200 MT to come in at 4,700 MT.

China was the second-largest producer of manganese last year, recording output of 3 million MT similar to the level of 2015. The slowdown in the steel industry led to the lower offtake of manganese.

Australia's manganese production increased slightly, rising to 2.5 million MT from 2.45 million MT reported in 2015.

Production in Brazil remained flat and the production in Gabon fell moderately.

In 2016, India produced 950,000 MT of manganese, off slightly from 2015's 900,000 MT. As with China and Brazil, the country is a big consumer of manganese as well as one of the top producers in the world. [Source: <http://investingnews.com>]

### Ferro alloys

The ferro alloy industry can be broadly classified into bulk ferroalloys and noble ferroalloys, with silico-manganese and high-carbon ferromanganese dominating the former category. The market size of ferro alloy industry in India is approximately of ₹23,000 crore. India, with a 5-7% share of the global ferro alloys industry, is among the 10 largest producers of the material in the world. Indian bulk ferro alloys supply constitutes ferrochrome to the extent of 32%, ferromanganese and silicomanganese of about 62%.

India produces around 3.5 million tonne (mt) of ferro alloys and consumes around 2.3 mt. The country exported 1.3 mt of ferro alloys in 2016, earning foreign exchange of around ₹8,900 crore. India's production of around 3.5 mt of ferro alloys consisted of one million tonne of ferro chrome (FeCr) and 2.5 mt of manganese alloys. A few inefficient players in the ferro alloys sector were forced to shut shop, resulting in a deficit. However, demand is expected to increase 5% in 2017 supported by a growth in the demand for stainless steel. High carbon ferro manganese is however likely to see a decline in demand from 4.6 mt to 4.5 mt and supply from 4.7 mt to 4.6 mt in 2017. Silico manganese, on the other hand, is expected to see an increase in supply by around 5.6% to 14 mt from 13.2 mt, while demand is expected to grow by 2% to 13.96 mt from 13.7 mt in 2016.

### De-risking the business

In a dynamic world, every business is exposed to a number of risks. Maithan Alloys identifies the major risks associated

with its business and takes adequate mitigation measures.

**Industry risk:** Sectoral volatility can affect revenues

**Mitigation:** The company possesses a good portfolio of products to offer clients; the company has evolved from generalised to specialised products. The result is that the company posted an EBITDA growth of 126% and PAT growth of 150% in 2016-17.

**Quality risk:** Erratic quality can affect the company's brand

**Mitigation:** The company focuses on enhanced product quality to strengthen customer product integrity through process control and research.

**Competition risk:** Increased competition could moderate margins.

**Mitigation:** The company invested in relationships with large miners and steel mills, making it possible to secure resources on the one hand and liquidate finished products with speed on the other. The company addressed a niche market with customised products.

**Currency risk:** Any fluctuation in foreign exchange can affect earnings.

**Mitigation:** To mitigate and hedge currency risks, the company prioritises exports while seeking to moderate imports. Its exports were ₹661 crore compared to imports valued at ₹486 crore in FY17.

**Geographic risk:** Locational disadvantages can escalate costs.

**Mitigation:** Maithan commissioned manufacturing units at various locations. It manufactures manganese alloy at two plants in Kalyaneshwari and Visakhapatnam. The Kalyaneshwari plant is located within the country's steel belt, proximate to Haldia port, Asansol railway siding and uninterrupted DVC power supply. The Visakhapatnam plant is located in a Special Economic Zone that maximises tax benefits up to 2021, is proximate to the ports of Visakhapatnam and Gangavaram. Ferro silicon is produced in a plant in Ri-Bhoi that offers tax incentives.

**Liquidity risk:** Weak access to funds can interrupt business operations.

**Mitigation:** The alloy and steel industry is vulnerable to liquidity risks. Maithan strengthened its financials through timely debt liquidation and efficient working capital management.

7. **Input cost risk:** Cheap imports from South-Asian countries

**Mitigation:** The Company manufactures niche and high-

end manganese alloys. The company's industry position is protected by relatively low competition.

## OUTLOOK

The Global Economy has fared better in 2016 as compared to 2015. The Global activity is slowly on an upward trajectory with some degree of uncertainty that continues to cloud optimistic outlook, especially over the medium term. World growth is expected to rise from 3.1% to 3.6% during the period 2016 to 2018. The overall global macro-economic situation looks far better than previous year.

The steel industry across the globe continues to witness challenging times. Over capacity, weak demand, dumping of steel at insatiable prices by some countries & volatile input prices are matters of concern. According to the World Steel Association, the global steel demand will increase by 1.3% in 2017 and 0.9% in 2018.

India continues to be the fastest growing major economy in the world and is expected to become the world's fifth largest economy in 2017. The reform initiatives (Demonetisation and GST) are expected to move the Indian economy to a less cash trajectory, increased tax compliance and reduce the threats from counterfeit currency. Growth is expected to gain strength derived from deep structural reforms implemented by Indian Government and robust demand.

Given the current stage of development of the Indian economy the steel demand in India will witness significant growth in future with its stable government, strong reforms, rising infrastructure spend & robust consumption demand. While the Steel sector in India is financially stressed presently, the Government of India has outlined its intent for ensuring long-term viability of the sector through the recently announced National Steel Policy 2017 to improve steel manufacturing capacity to 300 million tonnes by 2030.

## STATE OF COMPANY'S AFFAIRS AND OPERATIONS

The financial result of 2016-17 is our best-ever results to date. Fiscal 2016-17 has been yet another landmark year with robust performance for your Company as it continues to enhance its performance with resultant higher turnover and improved profitability. During the year the Company achieved a growth of 4% in volume terms and 17% in value terms with superior product range, technology upgradation and better capacity utilisation. The substantial increase in EBITDA and PAT were partly due to rebounding of the metal industry since Q3, powers subsidies announced by various governments and stabilisation of raw material prices in Q4. Our performance helped us to strengthen our balance sheet with significant improvement in our key ratios. While your Company continues on the path of pursuing growth, it is essential to build a robust organisation, capable of swept off

any challenges that it may have to face.

Your Company achieved a staggering growth during the year 2016-17 as the total revenue increased to ₹136263.26 Lakh from ₹115480.14 Lakh in 2015-16, registering a growth of about 18%. Profit Before Tax stood at ₹26227.55 Lakh and Profit after tax stood at ₹19768.71 Lakh in the year 2016-17 as compared to ₹9572.60 Lakh and ₹7903.04 Lakh, respectively in the year 2015-16 resulting in a growth of about 174% and 150%, respectively.

The Wind Mill division of the Company has achieved sales of ₹214.05 Lakh and is operating satisfactorily.

Further information on the Business Overview, Outlook and State of the Affairs of the Company is discussed in detail in the Management Discussion & Analysis Report.

There was no change in the nature of business of the Company during the year 2016-17.

## MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY AND THE DATE OF THE REPORT

None

## SHARE CAPITAL

The Authorised Share Capital and Paid-up Share Capital of the Company as on 31<sup>st</sup> March, 2017 were ₹8000.00 Lakh and ₹2911.15 Lakh, respectively. During the year under review, the Company has not granted any employees stock options. The Company has neither issued any shares with differential voting rights nor sweat equity shares. As at 31<sup>st</sup> March, 2017, none of the Directors of the Company hold any convertible instrument of the Company.

## DIVIDEND

Based on the Company's performance, the Directors are pleased to recommend for approval of the members a dividend of ₹2.50 per equity share of ₹10.00 each (i.e. 25%) for the financial year 2016-17, to be paid on total equity shares of the Company. The dividend on the equity shares, if approved by the shareholders, may involve an outflow of ₹727.79 Lakh towards dividend and ₹148.16 Lakh towards dividend tax, resulting in a total outflow of ₹875.95 Lakh.

The dividend which remained unpaid or unclaimed for a period of 7 years has been transferred by the Company to the Investors Education and Protection Fund (IEPF) of the Central Government.

## RESERVES

Your Company proposes to transfer an amount of ₹3000.00 Lakh to General Reserve for the year ended 31<sup>st</sup> March, 2017.

## PROMOTER

During the year under review, the Members at their Extra-Ordinary General Meeting held on 7<sup>th</sup> February, 2017 accorded their consent to re-classify the status of Mr. B. K. Agarwalla (one of the promoters of the Company) and all individuals and entities identified as Promoter Group due to relation with him; from 'Promoter and Promoter Group' category to 'Public' category. Subsequently, the necessary approval from the designated stock exchange was also obtained in this regard.

Consequently, the Board of Directors at its meeting held on 30<sup>th</sup> March, 2017, identified Mr. S. C. Agarwalla as the "Promoter" of the Company within the meaning of the Companies Act, 2013 as well as the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009.

## DIRECTORS & KEY MANAGERIAL PERSONNEL

### Non-Executive Directors & Independent Directors

The Board of Directors of the Company (the Board) at its meeting held on 10<sup>th</sup> November, 2016 appointed Mr. P. K. Venkatramani (DIN: 05303022) as an Independent Director for a period of 5 years with effect from 10<sup>th</sup> November, 2016 upto 9<sup>th</sup> November, 2021. Subsequently, the Members of the Company at their Extra-Ordinary General Meeting held on 7<sup>th</sup> February, 2017 approved his appointment as such.

Further, the Board also at the said meeting appointed Mr. Parasanta Chattopadhyay (DIN: 06968122) as an Additional Director. He holds office upto the date of ensuing Annual General Meeting.

The Board at its meeting held on 30<sup>th</sup> March, 2017 appointed Mr. Ashok Bhandari (DIN: 00012210), as an Additional Director. He holds office upto the date of ensuing Annual General Meeting. Subsequently, the Board at its meeting held on 9<sup>th</sup> May, 2017 appointed him, as an Independent Director for a period of 5 years with effect from 9<sup>th</sup> May, 2017 upto 8<sup>th</sup> May, 2022. His appointment as an Independent Director is subject to approval of Members at the ensuing Annual General Meeting.

The Company has received Notices pursuant to Section 160 of the Companies Act, 2013 along with the amount of requisite deposit from a Member signifying his intention to propose the appointment of Mr. Parasanta Chattopadhyay and Mr. Ashok Bhandari, as the Directors of the Company.

Mr. Shrigopal Jhunjhunwala (DIN: 00081429) (Independent Director) tendered his resignation from Directorship of the Company with effect from 10<sup>th</sup> February, 2017. The Board placed on record its sincere appreciation for the valuable services rendered by him during his tenure as a Director of the Company for more than 15 years.

The Company has received declaration from all the Independent Directors, affirming that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

### Executive Directors and Key Managerial Personnel

The Members at their 31<sup>st</sup> Annual General Meeting had ratified: a) the re-appointment of Mr. B. K. Agarwalla (DIN: 00129140) as the 'Chairman cum Whole-time Director'; b) the re-appointment of Mr. S. C. Agarwalla (DIN: 00088384) as the 'Managing Director & Chief Executive Officer'; c) the re-appointment of Mr. Subodh Agarwalla (DIN: 00339855) as the 'Whole-time Director & Chief Operating Officer' and d) the appointment of Mr. Aditya Agarwalla (DIN: 00140683) as the 'Whole-time Director and the Chief Financial Officer' of the Company; for a period of 3 (three) years commencing from 1<sup>st</sup> April, 2016.

However, Mr. B. K. Agarwalla tendered his resignation from directorship of the Company and his tenure as the Chairman cum Whole-time Director was pre-concluded with effect from 4<sup>th</sup> January, 2017. The Board noted that his association with the Company since incorporation has benefited the progress of the Company enormously by virtue of his rich experience and insights of the industry and unanimously placed on record its sincere appreciation for the valuable services rendered and guidance given by him during his association with the Company for over quarter of a Century.

Consequent upon vacancy caused by resignation of Mr. B. K. Agarwalla as the 'Chairman cum Whole-time Director', the Board at its meeting held on 30<sup>th</sup> March, 2017 elevated Mr. S. C. Agarwalla, Managing Director and Chief Executive Officer as the 'Chairman and Managing Director' and Mr. Subodh Agarwalla, Whole-time Director and Chief Operating Officer as the 'Whole-time Director and Chief Executive Officer' with effect from 30<sup>th</sup> March, 2017. Their elevation is subject to approval of Members at the ensuing Annual General Meeting.

Mr. Aditya Agarwalla tendered his resignation from Directorship of the Company with effect from 30<sup>th</sup> September, 2016 and consequently his tenure as the 'Whole-time

Director and Chief Financial Officer' was pre-concluded. Subsequently, the Board elevated Mr. Sudhanshu Agarwalla, President of the Company as the 'President and Chief Financial Officer' of the Company.

Mr. Rajesh K. Shah continues to hold office as the Company Secretary of the Company in terms of Section 203 of the Companies Act, 2013.

#### **Retirement by rotation**

In accordance with the provisions of Section 152 of the Companies Act, 2013 and Articles of Association of the Company, Mr. S. C. Agarwalla (DIN: 00088384) retires by rotation at the ensuing Annual General Meeting and being eligible, offers himself for re-appointment.

The Board recommends for the approval of appointment/re-appointment of the aforesaid Directors at the ensuing Annual General Meeting. The brief details of the Directors to be appointed/re-appointed are given in the Notice convening the ensuing Annual General Meeting.

#### **EVALUATION**

Pursuant to the provisions of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board has carried out the annual performance evaluation of each Independent and Non-Independent Director, its committees and its own performance based on the criteria laid down in the Remuneration Policy of the Company and the Nomination and Remuneration Committee has also carried out the performance evaluation of every Director of the Company.

Further, during the year under review the Independent Directors of the Company carried out the evaluation of (i) the performance of Non-Independent Directors and the Board as a whole, (ii) the Chairman of the Company, and (iii) the quality, content and timelines of flow of information between the Management and the Board.

#### **NUMBER OF MEETINGS OF THE BOARD**

During the financial year 2016-17, 6 (six) meetings of the Board were convened, held and concluded. The details of the Board Meetings have been furnished in the Report on Corporate Governance forming part of this Directors' Report. The intervening gap between the two consecutive meetings was within the period prescribed under the Companies Act, 2013.

#### **COMMITTEES OF THE BOARD**

The details of the following committees of the Board are

given in the Report on Corporate Governance forming part of this Directors' Report.

1. Audit Committee,

q) Commodity price risk or foreign exchange risk and hedging activities	The Board monitors the foreign exchange exposures on a regular basis and the steps taken by the management to limit the risks of adverse exchange rate movement. Similarly, the management monitors commodities/raw materials whose prices are volatile and suitable steps are taken accordingly to minimise risk on the same. Further, the currency fluctuation risk is mitigated through natural hedge resulting from the Company's export and import. During the year 2016-17, the Company had managed the foreign exchange risk and hedged to the extent considered necessary. The Company enters into forward contracts for hedging foreign exchange exposures against its exports and imports, as and when deemed necessary. The details of foreign currency exposure are disclosed in Note No. 37 to the Annual Standalone Financial Statement.

## REMUNERATION POLICY OF MAITHAN ALLOYS LIMITED

### PURPOSE

The Remuneration Policy of Maithan Alloys Limited ("the Company") applies to all directors and employees on the pay roll of the Company. The Board of Director has adopted this Remuneration Policy at the recommendation of the Nomination and Remuneration Committee (herein after referred as the "Committee").

The policy reflects the Company's objectives for good corporate governance as well as sustained and long-term value creation for shareholders. In addition, it ensures that:

- the Company is able to attract, develop and retain high-performing and motivated employees in a competitive domestic market.
- employees are offered a competitive and market aligned remuneration package making fixed salaries a significant remuneration component.

The Board of Directors have established a Nomination and Remuneration Committee to set guidelines for the review and control of compliance with the Remuneration Policy. The Nomination and Remuneration Committee works as an extended arm for the Board of Directors with respect to remuneration issues.

### DEFINITIONS

Words and expression used in these regulations shall have the same meanings respectively assigned to them in the Companies Act, 2013 and rules and regulations made thereunder or as defined under the listing agreement.

### POLICY FOR APPOINTMENT AND REMOVAL OF DIRECTOR, KEY MANAGERIAL PERSONNEL (KMP) AND EMPLOYEES

#### Appointment criteria and qualifications:

- The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director or KMP and recommend to the Board his / her appointment.
- A person should possess adequate qualification or expertise or experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and/or experience possessed by a person is sufficient / satisfactory for the concerned position.
- The Company shall not appoint or continue the employment of any person as Whole-time Director who

has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution.

- The Chairman, Managing Director and/or Whole-time Director of the Company shall jointly or severally identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as employees to carry out business operations and functions.

#### Term / Tenure:

##### a) Managing Director/Whole-time Director:

The Company shall appoint or re-appoint any person as its Executive Chairman, Managing Director or Whole-time Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of his/her term.

##### b) Independent Director:

- An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.
- No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly. However, if a person who has already served as an Independent Director for 5 years or more in the Company as on 1<sup>st</sup> October, 2014 or such other date as may be determined by the Committee as per regulatory requirement; he/ she shall be eligible for appointment for one more term of 5 years only.
- At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies and three listed companies in case such person is serving as a Whole-time Director of a listed company or such other number as may be prescribed under the Act.

##### c) KMP & Employees:

The Company shall appoint or re-appoint any person as its KMP or employees for a term not exceeding age of retirement of such KMP or employee. The age of retirement

of KMP or employees shall be attainment of age of 58 years.

The Chairman, Managing Director and/or Whole-time Director shall have the power to retain any employee even after attaining the retirement age, for the benefit of the Company.

#### **Evaluation:**

The Committee shall carry out evaluation of performance of every Director and KMP at regular interval (yearly).

#### **Removal:**

Due to reasons for any disqualification mentioned in the Act or under any other applicable Act, rules and regulations thereunder, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director or KMP subject to the provisions and compliance of the said Act, Rules and Regulations.

#### **Retirement:**

The Director and KMP shall retire as per the applicable provisions of the Act and the prevailing policy of the Company. The Board will have the discretion to retain the Director and KMP in the same position/ remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

### **NOMINATION & REMUNERATION POLICY**

#### **(A) Nomination matters include:**

- i. Setting a formal and transparent procedure for selecting new Directors for appointment to the Board;
- ii. Developing a succession plan for the Board and Senior Management and regularly reviewing the plan;
- iii. Evaluating the performance of the Board members and Senior Management in the context of the Company's performance from business and compliance perspective;
  - a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the Company successfully;
  - b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
  - c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

#### **(B) Remuneration matters include:**

- i. To consider and determine the Remuneration, based on the principles of:
  - a) pay for responsibilities,
  - b) pay for performance and potential and
  - c) pay for growth and ensure that the remuneration fixed is reasonable and sufficient to attract, retain and motivate the employees.
- ii. To take into account, financial position of the Company, trend in the Industry, appointee's qualification, experience, past performance, past remuneration, etc.
- iii. To bring about objectivity in determining the remuneration package while striking a balance between the interest of the Company and the Shareholders.
- iv. To consider other factors as the Committee shall deem appropriate for elements of the remuneration of the members of the Board and ensure compliance of the provisions of the Companies Act, 2013 and other applicable laws.
- v. To ensure that a balance is maintained between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company in the remuneration of Senior Management and Key Managerial Personnel including liability insurance for Directors and senior management.
- vi. To consider any other matters as may be requested by the Board.

### **REMUNERATION COMPONENTS**

The various remuneration components are combined to ensure an appropriate and balanced remuneration package.

The remuneration components are:

- Fixed pay (including fixed supplements)
- Performance-based remuneration (variable pay)
- Other benefits in kind
- Severance payment, where applicable

#### **Fixed Remuneration:**

The fixed remuneration is determined on the basis of the role and position of the individual employee, including professional experience, responsibility, job complexity and local market conditions.

#### **Performance-based remuneration:**

The Committee may determine a maximum percentage of performance-based remuneration relative to the fixed remuneration. This percentage may vary according to the type of position held by the director, KMP or employee.

Performance based remuneration may be disbursed as cash bonus, shares, share based instruments, including conditional shares and other generally approved instruments, all on the basis of applicable local legislation.

Performance-based pay is granted to employees with particular influence on Company's results and shareholder value. As an overall starting point the Company ensures a balanced split between fixed salary and variable pay.

**Other benefits in kind:**

Other benefits in kind includes rent free or subsidised rate of residential accommodation, car, gas, electricity, mobile bill, telephone bill, club membership fees, reimbursement of personal expense, etc.

4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

## **Opinion**

8. In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
  - (a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March 2017;
  - (b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
  - (c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

## Report on Other Legal and Regulatory Requirements

9. As required by 'the Companies (Auditors' Report) Order, 2016' issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.

10. As required by section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the accompanying standalone financial statements dealt with by this report comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of written representations received from the directors as on 31st March 2017 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2017 from being appointed as a director in terms of Section 164(2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our

opinion and to the best of our knowledge and belief and according to the information and explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements- Refer Note 32.01(a) to the Standalone financial statements;
- ii. The Company has made provision as at 31st March 2017, as required under the applicable law or accounting standards for material foreseeable losses on long-term contracts including derivative contracts;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31st March 2017;
- iv. The Company has provided requisite disclosures in its financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016, on the basis of information available with the company. ## Annexure 'B' to Independent Auditors' Report

### ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF MAITHAN ALLOYS LIMITED

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Maithan Alloys Limited ("the Company") as at 31st March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of

Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on

our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Significant Accounting Policies and Notes on Accounts for the year ended 31st March, 2017

### 1. GENERAL INFORMATION

Maithan Alloys Limited is a public company domiciled in India. The Company is engaged in the manufacture and export of all three bulks Ferro alloys, namely Ferro Silicon, Ferro Manganese and Silico Manganese. It is also engaged in the generation and supply of wind power and has a captive power plant. Its shares are listed on Calcutta Stock Exchange (CSE) and National Stock Exchange and are also traded on Bombay Stock Exchange (BSE) under Permitted Category.

### 2. SIGNIFICANT ACCOUNTING POLICIES

#### a. Basis of Preparation of Financial Statements:

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAPs) including the Accounting Standards specified under Section 133 of the Companies Act, 2013.

These financial statements have been prepared on accrual basis under historical cost convention. The accounting policies are consistently followed by the Company.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

#### b. Use of Estimates:

The preparation of financial statements in conformity with Indian GAAPs requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosures of Contingent Liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results materialize/are known.

#### c. Fixed Assets:

##### *Tangible Assets:*

Tangible Assets are stated at cost net of recoverable taxes, less accumulated depreciation and impairment loss, if any. The cost of tangible asset comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rates variations attributable to the assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realizable value and are shown separately in the financial statements. Any expected loss is recognized immediately in the Statement of Profit and Loss.

Losses arising from the retirement of and gains or losses arising from disposal of fixed assets which are carried at cost are recognized in the Statement of Profit and Loss.

Loss or gain on conversion of foreign currency liabilities for acquisition of fixed assets are added to or deducted from the cost of fixed assets.

##### *Intangible Assets:*

Intangible Assets are stated at cost of acquisition, net of recoverable taxes less accumulated amortization/depletion and impairment losses, if any. The cost comprises purchase price, borrowing cost and any cost directly attributable to bringing the asset to the working condition for its intended use.

## Significant Accounting Policies and Notes on Accounts for the year ended 31st March, 2017

### **Capital Work-in-Progress:**

Projects under which assets are not ready for their intended use are disclosed under Capital Work-in-Progress. It is stated at cost and is inclusive of preoperative expenses and other project development expenses.

### **d. Depreciation, Amortization and Depletion:**

#### **Tangible Assets:**

Depreciation on Fixed Assets is provided on Straight Line Method (SLM), except on additions made after 1st April 2006 to Building and Plant & Machineries of Ferro Alloys Units at Kalyaneshwari and Byrnihat on which depreciation has been provided on Written Down Value (WDV) method.

Depreciation is provided based on the useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, other than in case of one unit in Visakhapatnam, Andhra Pradesh where:

- i) Factory Building and Plant & Machinery are being depreciated over their useful life of 12 years.
- ii) Leasehold land is amortized under SLM over the period of lease.

#### **Intangible Assets:**

Intangible assets such as software are amortized based upon their estimated useful lives of 3 years.

### **e. Impairment:**

The carrying amount of assets is reviewed at each Balance Sheet date to determine if there is any indication of impairment, based on internal/external factors. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which asset is identified as impaired. Impairment loss recognized in prior accounting period(s) is reversed if there has been a change in the estimate of recoverable amount. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment.

### **f. Investments:**

Investments that are readily realizable and are intended to be held for not more than one year from the date on which such investments are made are classified as current investments in accordance with Accounting Standard 13 on 'Accounting for investments'. All other investments are classified as Non-Current investments. Current investments are carried at cost or fair value, whichever is lower. Non-Current investments are carried at cost. However, provision for diminution is made to recognize a decline, other than temporary, in the value of the Non-Current investments, such reduction being determined and made for each investment individually.

### **g. Inventories:**

Inventories are stated at cost (net of CENVAT credit) or net realisable value, whichever is lower. Cost is determined on weighted average method and comprises expenditure incurred in the normal course of business in bringing such inventories to their present location and condition and includes, where applicable, appropriate overheads. Obsolete, slow moving and defective inventories are identified at the time of physical verification and where necessary, provision is made for such inventories.

### **h. Revenue Recognition:**

Revenue is recognized only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection.

### **i. Revenue From Operations:**

#### **Sale of Goods:**

Revenue is recognized when the significant risks and rewards of ownership of goods are transferred to the customer, which generally coincides with delivery. It includes excise duty but excludes value added tax/sales tax.

## Significant Accounting Policies and Notes on Accounts for the year ended 31st March, 2017

### ***Export Benefits:***

Export Entitlements in the form of Duty Drawback and Merchandise Export from India Scheme are recognized in the Statement of Profit and Loss Account when right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant exports proceeds.

### **ii. Other income:**

#### ***Interest:***

Income is recognized proportionately on time-basis taking into account the amount outstanding and the rate applicable.

#### ***Dividend income:***

Income is recognised only when the right to receive the same is established by the reporting date.

### **i. Insurance Claim Receivable:**

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

### **j. Employee Benefits:**

#### ***Short term employee benefits:***

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by the employees are recognized as an expense in the Statement of Profit and Loss of the year in which the employees render the services. These benefits include performance incentive and compensated absences.

#### ***Post-employment benefits:***

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which the Company pays specified monthly contributions to Provident Fund. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans:

The Company provides for gratuity and leave encashment, a defined benefit plan (the "Gratuity Plan and Leave Encashment Plan") covering eligible employees. The Company's liability is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees services. Actuarial losses/ gains are recognized in the Statement of Profit and Loss in the year in which they arise.

### **k. Foreign Currency transaction:**

#### ***Initial Recognition:***

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate or that approximates the actual rate between the reporting currency and the foreign currency on the date of the transaction.

#### ***Subsequent Recognition:***

Monetary items denominated in foreign currencies at the year end are re-stated at the year end rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Foreign currency assets and liabilities as on the Balance Sheet date are revalued in the accounts on the basis of exchange rates prevailing at the close of the period and exchange loss/gain arising there from is adjusted to the cost of fixed assets or charged to the statement of Profit & Loss, as the case may be.

## Significant Accounting Policies and Notes on Accounts for the year ended 31st March, 2017

### **Forward Exchange Contracts:**

In case of transactions covered by forward contracts, the difference between the contract rate and exchange rate prevailing on the date of transaction, is adjusted to the cost of fixed assets or charged to the Statement of Profit & Loss, as the case may be, proportionately over the life of the contract. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or expense for the period.

### **l. Borrowing Cost:**

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

### **m. Income Taxes:**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised only if there is virtual certainty that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

### **n. Financial derivatives and Commodity Hedging Transactions:**

In respect of derivative contracts, premium paid, gains / losses on settlement and losses on restatement are recognized in the Statement of profit and loss except in case where they relate to the acquisition or construction of Fixed assets, in which case, they are adjusted to the carrying cost of such assets.

### **o. Government grants and subsidies:**

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, these are deducted from related expense which it is intended to compensate. Where the grants or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

### **p. Leases**

Where the Company, as a lessor, leases assets under finance leases, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is recognised based on a constant rate of return on the outstanding net investment. Assets leased by the Company in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

## Significant Accounting Policies and Notes on Accounts for the year ended 31st March, 2017

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

**q. Provisions, Contingent Liabilities and Contingent Assets:**

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets are neither recognized nor disclosed in the financial statements.

**r. Segment Reporting :**

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. Inter-segment revenues have been accounted for based on prices normally negotiated between the segments with reference to the costs, market prices and business risks, within an overall optimization objective for the Company. Revenue and expenses are identified with segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Company as a whole and are not allocable to segments on a reasonable basis will be included under "Unallocated/ Others."

**s. Cash and Cash Equivalents :**

Cash and cash equivalents for the purpose of the Cash Flow Statement comprises cash in hand, cash at bank, fixed deposits and other short-term highly liquid investments with an original maturity of three months or less that are readily convertible into known amount of cash and which are subject to an in-significant risk of change in value.

**t. Earnings Per Share:**

- i) Basic Earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.
- ii) Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations.
- iii) Weighted average number of Equity Shares for previous period is changed for events other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources.

### 36. CAPITAL RISK MANAGEMENT

#### (a) Risk Management

The Company aim to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

# Independent Auditors' Report

To the members of  
Maithan Alloys Limited

## Report on the Consolidated Financial Statements

1. We have audited the accompanying Consolidated Financial Statements of Maithan Alloys Limited ("hereinafter referred to as the Holding Company") and its Subsidiaries (collectively referred to as "the Company" or "the Group"), comprising of the Consolidated Balance Sheet as at 31st March 2017, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

## Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these Consolidated Financial Statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by

the Directors of the Holding Company, as aforesaid.

## Auditors' Responsibility

3. Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit. While conducting the audit we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report
4. We have conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the Consolidated Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the Consolidated Financial Statements.
6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

## Opinion

7. In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information

required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) of the Consolidated Balance Sheet, of the state of affairs of the Company as at 31st March 2017;
- (b) of the Consolidated Statement of Profit and Loss, of the profit for the year ended on that date; and
- (c) of the Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

#### **Report on Other Legal and Regulatory Requirements**

8. As required by section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books;
- (c) The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A"
- (f) On the basis of written representations received from the directors of the Holding Company as on 31st March 2017, taken on record by the Board of Directors of Holding Company and the report of other statutory auditors of its Subsidiaries incorporated in India, none of the directors of the Group Companies

incorporated in India is disqualified as on 31st March 2017, from being appointed as a director in terms of Section 164(2) of the Act;

- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group -Refer Note 31.01 (a) to the Consolidated Financial Statements;
  - ii. Provision has been made in the Consolidated Financial Statements, as required under the applicable law or accounting standards, for material foreseeable losses on long-term contracts including derivative contracts;

## Annexure A to Independent Auditors' Report

### ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF MAITHAN ALLOYS LIMITED

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Maithan Alloys Limited ("the Company") as of 31st March 2017 in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Groups internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

The Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Group's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the group are being made only in accordance with authorisations of management and directors of the group; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial

reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Significant Accounting Policies and Notes on Consolidated Accounts

### 1. GENERAL INFORMATION

**MAITHAN ALLOYS LIMITED** (the 'Holding Company') is a public company domiciled in India. The Company is engaged in the manufacture and export of all three bulk Ferro alloys, namely- Ferro Silicon, Ferro Manganese and Silico Manganese. It is also engaged in the generation and supply of wind power and has a captive power plant. The Holding Company's shares are listed on Calcutta Stock Exchange (CSE) and National Stock Exchange (NSE) and are also traded on Bombay Stock Exchange (BSE) under Permitted Category. The Company and its two subsidiaries namely- Anjaney Minerals Limited and AXL Exploration Private Limited are collectively known as the Group.

**ANJANEY MINERALS LIMITED**, a wholly owned subsidiary of Maithan Alloys Limited and **AXL-EXPLORATION PRIVATE LIMITED**, a 75% subsidiary of Maithan Alloys Limited are both engaged in mining.

### 2. SIGNIFICANT ACCOUNTING POLICIES

#### a. Basis of Preparation of Consolidated Financial Statements:

These Consolidated Financial Statements have been prepared to comply with the generally accepted Accounting Principles in India (Indian GAAPs), including the Accounting Standards specified under Section 133 of the Companies Act, 2013.

These Consolidated Financial Statements have been prepared on accrual basis under historical cost convention. The accounting policies are consistently followed by the Group. Minority interests represent that part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Company.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

#### b. Principles of Consolidation

The Consolidated Financial Statements have been prepared on the following basis:

- i) The Consolidated Financial Statements of the Holding company and its subsidiary companies are combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard 21 (AS-21) – "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India.
- ii) The difference between the cost of investment and the net assets of the subsidiaries at the time of acquisition of shares in the subsidiaries is recognized in the Consolidated Financial Statements as Goodwill or Capital Reserve, as the case may be.
- iii) Minority's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Group.
- iv) Minority's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and the equity of the Group's shareholders.
- v) As far as possible, the Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Holding Company's standalone financial statements.

#### c. Use of Estimates:

The preparation of Consolidated Financial Statements in conformity with Indian GAAPs requires judgments, estimates

## Significant Accounting Policies and Notes on Consolidated Accounts

and assumptions to be made that affect the reported amount of assets and liabilities, disclosures of Contingent Liabilities on the date of the Consolidated Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results materialize/ are known.

### d. Fixed Assets:

#### *Tangible Assets:*

Tangible Assets are stated at cost net of recoverable taxes, less accumulated depreciation and impairment loss, if any. The cost of tangible asset comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rates variations attributable to the assets.

Subsequent expenditures related to an item of tangible asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realizable value and are shown separately in the Consolidated Financial Statements. Any expected loss is recognized immediately in the Statement of Profit and Loss.

Losses arising from the retirement of and gains or losses arising from disposal of fixed assets which are carried at cost are recognized in the Statement of Profit and Loss.

Loss or gain on conversion of foreign currency liabilities for acquisition of fixed assets are added to or deducted from the cost of the fixed asset.

#### *Intangible Assets:*

Intangible Assets are stated at cost of acquisition, net of recoverable taxes less accumulated amortization/depletion and impairment losses, if any. The cost comprises purchase price, borrowing cost and any cost directly attributable to bringing the asset to the working condition for its intended use.

#### *Capital Work-in-Progress:*

Projects under which assets are not ready for their intended use are disclosed under Capital Work-in-Progress. It is stated at cost and is inclusive of preoperative expenses and other project development expenses.

### e. Depreciation, Amortization and Depletion:

#### *Tangible Assets:*

Depreciation on Fixed Assets is provided on Straight Line Method (SLM), except:

- i) in case of AXL Exploration Pvt Ltd,
- ii) on additions made after 1st April 2006 to Building and Plant & Machineries of Ferro Alloys Units at Kalyaneshwari and Byrnihat,

on which depreciation has been provided on Written Down Value (WDV) method.

Depreciation is provided based on the useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, other than in case of one unit in Visakhapatnam, Andhra Pradesh where:

- i) Factory Building and Plant & Machinery are being depreciated over their useful life of 12 years.
- ii) Leasehold land is amortized under SLM over the period of lease.

#### *Intangible Assets:*

Intangible assets such as software are amortized based upon their estimated useful lives of 3 years.

## Significant Accounting Policies and Notes on Consolidated Accounts

**f. Impairment:**

The carrying amount of assets is reviewed at each Balance Sheet date to determine if there is any indication of impairment, based on internal/external factors. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which asset is identified as impaired. Impairment loss recognized in prior accounting period(s) is reversed if there has been a change in the estimate of recoverable amount. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation, if there was no impairment.

**g. Investments:**

Investments that are readily realizable and are intended to be held for not more than one year from the date on which such investments are made, are classified as current investments in accordance with Accounting Standard 13 on 'Accounting for Investments'. All other investments are classified as Non-Current investments. Current investments are carried at cost or fair value, whichever is lower. Non-Current investments are carried at cost. However, provision for diminution is made to recognize a decline, other than temporary, in the value of the Non-Current investments, such reduction being determined and made for each investment individually.

**h. Inventories:**

Inventories are stated at cost (net of CENVAT credit) or net realisable value, whichever is lower. Cost is determined on weighted average method and comprises expenditure incurred in the normal course of business in bringing such inventories to their present location and condition and includes, where applicable appropriate overheads. Obsolete, slow moving and defective inventories are identified at the time of physical verification and where necessary, provision is made for such inventories.

**i. Revenue Recognition:**

Revenue is recognized only when risks and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection.

**i) Revenue From Operations:**

***Sale of Goods:***

Revenue is recognized when the significant risks and rewards of ownership of goods are transferred to the customer, which generally coincides with delivery. It includes excise duty but excludes value added tax/sales tax.

***Export Benefits:***

Export Entitlements in the form of Duty Drawback and Merchandise Export from India, scheme are recognized in the Statement of Profit and Loss Account when right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant exports proceeds.

**ii) Other income:**

***Interest:***

Income is recognized proportionately on time- basis taking into account the amount outstanding and the rate applicable.

***Dividend income:***

Income is recognised only when the right to receive the same is established by the reporting date.

**j. Insurance Claim Receivable:**

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

## Significant Accounting Policies and Notes on Consolidated Accounts

### k. Employee Benefits:

#### *Short term employee benefits:*

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by the employees are recognized as an expense in the Statement of Profit and Loss of the year in which the employees render the services. These benefits include performance incentive and compensated absences.

#### *Post-employment benefits:*

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which the Company pays specified monthly contributions to Provident Fund. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plans:

The Company provides for gratuity and leave encashment, a defined benefit plan (the "Gratuity Plan and Leave Encashment Plan") covering eligible employees. The Company's liability is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees services. Actuarial losses/ gains are recognized in the Statement of Profit and Loss in the year in which they arise.

### l. Foreign Currency transaction:

#### *Initial Recognition:*

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate or that approximates the actual rate between the reporting currency and the foreign currency on the date of the transaction.

#### *Subsequent Recognition:*

Monetary items denominated in foreign currencies at the year-end are re-stated at the year-end rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

#### *Exchange Differences:*

Foreign currency assets and liabilities as on the Balance Sheet date are revalued in the accounts on the basis of exchange rates prevailing at the close of the period and exchange loss/gain arising there from, is adjusted to the cost of fixed assets or charged to the statement of Profit & Loss, as the case may be.

#### *Forward Exchange Contracts:*

In case of transactions covered by forward contracts, the difference between the contract rate and exchange rate prevailing on the date of transaction, is adjusted to the cost of fixed assets or charged to the Statement of Profit & Loss, as the case may be, proportionately over the life of the contract. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or expense for the period.

### m. Borrowing Cost:

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

## Significant Accounting Policies and Notes on Consolidated Accounts

### **n. Income Taxes:**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised only if there is virtual certainty that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Group has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Group.

### **o. Financial derivatives and Commodity Hedging Transactions:**

In respect of derivative contracts, premium paid, gains / losses on settlement and losses on restatement are recognized in the Statement of profit and loss except in case where they relate to the acquisition or construction of Fixed assets, in which case, they are adjusted to the carrying cost of such assets.

### **p. Government grants and subsidies:**

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attaching conditions will be complied with.

When the grant or subsidy relates to an expense item, these are deducted from related expense which it is intended to compensate. Where the grants or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

### **q. Leases**

Where the Group as a lessor leases assets under finance leases, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is recognised based on a constant rate of return on the outstanding net investment. Assets leased by the Group in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Group are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

### **r. Provisions, Contingent Liabilities and Contingent Assets:**

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present

## Significant Accounting Policies and Notes on Consolidated Accounts

obligation at the Balance sheet date and are not discounted to its present value. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets are neither recognized nor disclosed in the Consolidated Financial Statements.

**s. Segment Reporting :**

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Group. Inter-segment revenues have been accounted for based on prices normally negotiated between the segments with reference to the costs, market prices and business risks, within an overall optimization objective for the Group. Revenue and expenses have been identified with segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses, which relate to the Group as a whole and are not allocable to segments on a reasonable basis have been included under "Unallocated/ Others."

**t. Cash and Cash Equivalents :**

Cash and cash equivalents for the purpose of the Cash Flow Statement comprises cash on hand, cash at bank, fixed deposits and other short-term highly liquid investments with an original maturity of three months or less that are readily convertible into known amount of cash and which are subject to an in-significant risk of change in value.

**u. Earnings Per Share:**

- i) Basic Earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year.
- ii) Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations.
- iii) Weighted average number of Equity Shares for previous period is changed for events, other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources.

### 35. CAPITAL RISK MANAGEMENT

#### (a) Risk Management

The Group aim to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

## Notes to Consolidated Financial Statements for the year ended 31st March, 2017

### 35. CAPITAL RISK MANAGEMENT (contd...)

The Group's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.
