EARNINGS PRESENTATION – FY21 / Q4-FY21

# Executive Summary

*Kquantum Papers Ltd*

- **Kquantum Papers Ltd.**, is one of the largest Agro based paper manufacturers in India and is committed to manufacturing wood free, high quality maplitho, creamwove, copier and specialty paper.
- The company has an Integrated manufacturing facility of 148,500 MTPA with 4 Paper machines, Agro and Wood based pulping, Co-generation Power plant & Chemical Recovery Plant.
- Kquantum's products are extensively used in the printing of books, notebooks, annual reports, directories, envelopes, diaries, calendars, computer and office stationery.
- It has a strong long-lasting pan India dealership network of 90+ dealers from which it undertakes order based manufacturing.
- The company caters to marquee clients like Wal-Mart, Pearson, McGraw Hill, Kukoyo (Mumbai), Thomson, Lotus Global, Navneet Publications, Oxford University Press, Macmillan amongst others.
- Kquantum maintains a Social Farm forestry programme, thus contributing to future source of wood chips.

# About Kuantum Papers

- Incorporated in 1980, Kuantum Papers started its commercial operations in an economically backward village of Hoshiarpur, Punjab.
- They started their commercial operations with 30 TPD and are currently operating at 450 TPD, after completion of their backward integration project in March'21.
- Due to its location in the foothills of the Shivalik range, Kuantum Papers has been strategically utilizing agro residues like wheat straw, sarkanda and bagasse along with wood chips, veneer waste & bamboo to make high quality paper.
- The company's fully integrated manufacturing facility spread across 259 acres helps it gain advantage in terms of better operational efficiency and higher product offering.
- Kuantum's product offerings include maplitho, creamwove, copier paper and value-added specialty products like Azurelaid papers, parchment paper, cartridge paper, ledger paper, stiffner paper and coloured paper with a GSM range of 48 – 180 GSM.
- The company's major area of operations lie within 1,000 kms of the plant in Northern and Eastern India with a strong dealership network, many of whom have been associated with Kuantum since 3 generations.
- The company manufactures its products on an order-based system from its 90+ dealer network.
- The company's social farm forestry program includes wood plantations of around 1,500 hectares. Post their maturity these plantations will be used as wood source for their facility hence contributing to better margin performance.

# Key Strengths

Pan India presence with an extensive network of 90+ dealers

Long standing relationship with dealers, many associated with the company for over 3 decades

Largest product Portfolio in the Paper Industry covering Maplitho, Creamwove, Copier and Specialty Paper

Successful in creating a branded portfolio of products

Ability to command a price premium in the range of 5-7% over our competitors due to better quality of products and superior market orientation

Market based sales rather than government orders. Customers are delighted to deal with us rather than our competitors due to regular and timely supplies

Cost savings through executed Backward Integration Project will lead to improved EBITDA margins in the range of 28-30%

Improved infrastructure of paper machines in order to be more cost effective

Located near densely populated Northern Region including NCR, a higher paper consumption market

Strategic location in Punjab with abundant availability of raw materials such as Wheat Straw, Sarkanda, Kana Grass & Bagasse, allows us to get steady supplies at stable prices

Raw Materials are perfect substitutes of each other, so we are not dependent on any single one throughout the year

Future source of wood chips: Social farm forestry programme which will serve us for our future source in-house wood pulp requirement

# Future Growth Strategy

Strengthening of Plant through Project Upgradation across Wood Pulping, CRP & Co-Generation Power plant

Focusing on cost optimization and quality enhancement

Creating a portfolio of higher proportion of value added specialty products from additional pulping efficiency achieved

Diluted EPS (Not Annualized)

# Q4-FY21 Operational Highlights

- Q4 of FY 21 was a turnaround quarter for operations with demand bouncing back due to decrease in COVID -19 cases across the country. This resulted in a healthy topline of INR 1,691 million and EBITDA of INR 279 million (16.5%).
- The company also completed its Backward Integration and Modernisation Project at an outlay of INR 4,440 million, which was executed with the strategy to remove certain existing imbalances in capacities.
  - With this project , the paper production capacity of the plant has increased to 450 TPD from the earlier levels of 375 TPD.
  - As part of this project, we have taken the capacity of our Agro Pulp Street to 200 TPD and enhanced the Wood Pulp Street from 60 TPD to 180 TPD, thereby isolating ourselves from the vagaries of the fluctuating international wood pulp prices.
  - An additional chemical recovery plant with 500 TPD capacity has been installed to process the increased black liquor generation, and the captive power generation has been enhanced to 38 MW .
