INDUSTRIAL STRUCTURE AND DEVELOPMENTS

GLOBAL ECONOMY

COVID-19 has adversely impacted an already weak and fragile world economy. Global growth in 2019 was the slowest it has been since the 2008 financial crisis. COVID-19 now threatens to plunge the world economy into another recession. According to the latest estimates released by the International Monetary Fund (IMF) in April 2020, the global economy is projected to contract sharply by 3% in 2020 due to the unprecedented impact of the pandemic (much worse than the contraction we saw in 2008-2009).

Necessary measures to contain the spread of the disease through quarantines, travel restrictions and the lockdown of hundreds of cities across Europe, America and Asia have resulted in a significant reduction in both demand and supply. The cumulative loss to the Global GDP due to this pandemic is estimated at approximately USD 9 trillion.

EUROPE

The corona virus outbreak in Europe has been extremely severe necessitating national lockdowns and restrictions on mobility in order to contain its spread. These measures have extracted a sizable toll on economic activity. According to the IMF, the Eurozone is expected to witness a drastic contraction of 7.5% in its economy, the steepest downturn since the Great Depression.

USA

The United States has also been significantly impacted by Covid-19. The IMF projects that the economy in the United States will contract by 6% in 2020. More than 26 million people have filed for unemployment in USA since mid-March and the country has witnessed historic declines in business activity and consumer confidence.

The government in the United States has tried to cushion the blow to its economy with nearly USD 3 trillion in new spending. Furthermore, in an effort to support the economy the Federal Reserve has also taken a number of emergency steps, which includes the lowering of interest rates to near zero.

INDIA

Prior to the outbreak of the corona virus pandemic, the IMF had estimated that India's GDP would grow at 4.8% while the Economic Survey 2019-20 had pegged India's GDP growth at 5% in FY20, the slowest in the last 11 years. However, in view of the national lockdown in India in the last 10 days of the financial year, India's GDP growth for FY20 is likely to be slightly lower than these projected numbers.

For the fiscal year ending March 31, 2021, India's growth is expected to see a significant contraction, and according to the IMF, is expected to fall to 1.9%. This is a sharp drop from the 5.8% that the IMF had projected for the country in January 2020. However, India will be one of the few major economies, alongside China, that is expected to register an expansion despite corona virus led economic disruptions.

India's growth could bounce back to 7.4% in the next fiscal if the country can effectively combat the corona virus outbreak, strategically end the lockdown and take the necessary steps on both the monetary policy and fiscal policy fronts to revive the economy.

India, like many countries, is battling crisis on various fronts, it is faced with acute economic disruptions, a plunging export market, capital flow reversals and a collapse of commodity prices.

In order to support domestic businesses and emphasise self-reliance, the Indian government announced a 20 Lakh crore stimulus package, AatmaNirbhar Bharat Abhiyan. This package included a slew of measures to reinvigorate the economy and to provide relief to businesses, enterprises and households that have been adversely impacted by the lockdown and disruptions caused by the pandemic.

Synthetic Textile Industry in India

India is one of the world's leading manufacturers of man-made textiles. The Textile Industry in India has several distinct advantages: abundant availability of raw materials, availability of skilled manpower at a competitive rate, and a flourishing and diverse domestic market that is being aided by rapid urbanization and increasing per capita income.

Furthermore, the Indian Textile Industry has manufacturing strength across the value chain – right from fibre manufacturing to the production of garments – which allows for robust synergies that lead to cost efficiencies across the value chain. Unfortunately, however, the highly fragmented

nature of the industry does not allow the industry to exploit the benefits of this established manufacturing value chain to the extent that is possible in competing countries.

SWOT Analysis

STRENGTHS

Your Company's strength has always been its continued focus on its versatile and value-added product mix and its highly flexible manufacturing approach. A majority of the company's sales are against confirmed orders, which allows for healthy operating margins and reduces the need to stock finished goods. Furthermore, your company continues to focus on exports and has established, long-term relationships with customers around the globe.

WEAKNESSES

The Textile Industry is extremely labour intensive. The availability of labour continues to be challenging for the industry, across the value chain. Furthermore, the rigid labour laws and increasing wages are also a hindrance.

The cost of power is another vital component and accounts for 15%-20% of the overall production cost in textile spinning. Higher Industrial Power Tariff Rates in your company's geography of operation is an area that needs to be addressed. In an effort to insulate the Company from fluctuations in the aforementioned Industrial Power Tariff Rates, reduce the Company's carbon footprint and reduce overall operational costs, the Company has begun to install Solar Panels on the rooftops of our manufacturing units in Udaipur. The first 300Kw of solar capacity has been successfully commissioned and is operating satisfactorily. We endeavor to strategically scale this capacity up to 3MW.

OPPORTUNITIES

The Corona Virus pandemic has led to severe disruptions throughout the textile value chain and will result in muted demand in both the domestic and international markets in the short-term. However, this pandemic does present the industry with an opportunity to become a viable sourcing alternative to China as customers around the world look to diversify and reduce their dependence on China. The Government's renewed focus on "Make in India" and its new "AtmaNirbhar Bharat (or Self-Reliant India)" campaign promises to provide impetus to the industry in its effort to further strengthen its value chain and emerge as a top sourcing destination for customers around the world.

THREATS

The Corona Virus pandemic and its impact on domestic and global trade is certainly a threat to the sector today. This coupled with deteriorating United States-China trade relations, currency volatility, the upcoming Presidential elections in the United States and increased competition from countries like Vietnam, Bangladesh and Sri-Lanka may have some impact on the industry in the near term.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Annual financial statements of the current period. These matters were addressed in the context of our audit of the Annual financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibility for the audit of the Annual Ind AS financial statements section of our report, including in relation to these matters. Accordingly our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Annual Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Annual Ind AS financial statements.

Key Audit Matters	Auditors Response
<p>IND AS 116 Leases</p> <p>As described in Note No. 35(VII) to the financial statements, the Company has adopted Ind AS 116 Leases in the current year. The application and transition to this accounting standard is complex and is an area of focus in our audit. Ind AS 116 introduces a new lease accounting model, wherein lessees are required to recognise a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet.</p> <p>The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract/arrangement. Adoption of the standard involves significant judgments and estimates including, determination of the discount rates and the lease term. Additionally, the standard mandates detailed disclosures in respect of transition.</p> <p>Refer Note 48 to the Annual financial statements.</p>	<p>Our audit procedures on adoption of Ind AS 116 include:</p> <ul style="list-style-type: none"> • Assessed and tested new processes and controls in respect of the lease accounting standard (Ind AS 116); • Assessed the Company's evaluation on the identification of leases based on the contractual agreements and our knowledge of the business; • On a statistical sample, we performed the following procedures: <ul style="list-style-type: none"> ➢ assessed the key terms and conditions of each lease with the underlying lease contracts; and ➢ evaluated computation of lease liabilities and verified the key estimates such as, discount rates and the lease term. • Assessed and tested the presentation and disclosures relating to Ind AS 116 including, disclosures relating to transition.

We have determined that there are no other key audit matters to communicate in each report

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report 2019-20. Our opinion on the Annual Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Annual Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Annual Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Annual Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Annual Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Annual Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Annual Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Annual Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Annual Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance

with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Annual Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Annual Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Annual Ind AS financial statements, including the disclosures, and whether the Annual Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance,

we determine those matters that were of most significance in the audit of the Annual Ind AS financial statements for the financial year ended March 31, 2020 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure B to the independent Auditors' report of even date on the standalone Financial Statement of Reliance Chemotex Industries Limited .

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of section 143 of the Companies Act, 2013

We have audited the internal financial controls over financial reporting of **Reliance Chemotex Industries Limited** as at March 31, 2020 in conjunction with our audit of the Annual financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the Internal Control over financial reporting criteria established by the Company considering the essential components of Internal control stated in the Guidance Note on Audit of "the Internal Financial Controls over Financial Reporting issued by the institute of Chartered Accountants of India." These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with Guidance note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance Note require that we Comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal financial controls system over financial reporting and their operating effectiveness, our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable details, accurately and fairly reflect the transactions and disposition of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and may not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on "the internal control over financial reporting criteria established by the Company Considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".
