CORPORATE GOVERNANCE REPORT

COMPANY'S PHILOSOPHY ON THE CODE OF GOVERNANCE

The Directors present the Company's Report on Corporate Governance for the year ended 31st March, 2019, in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Tilak Ventures Limited (herein after referred to as "the Company") looks upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term stakeholder value creation. Good Corporate Governance Practices enable a Company to attract high quality financial and human capital. In turn these resources are leveraged to maximize long-term stakeholder value while preserving the interest of multiple stakeholders including the society at large. In the conduct of your Company's business and its dealings, it abides by the principle of honesty, openness and doing what is right which means taking business decisions and acting in way that is ethical and is in compliances with the applicable legislation. Sound corporate governance is critical to enhance and retain trust of stakeholders. The Board of Directors fully supports corporate governance practices in your Company with appropriate checks and balances at right places and at right intervals.

The Company's policies on Corporate Governance and compliance thereof in respect of specific areas, as applicable for the year ended 31st March, 2019, are set out below for the information of shareholders and investors of the Company.

MANAGEMENT DISCUSSIONS AND ANALYSIS REPORTS

Your Directors are pleased to present the Management Discussion and Analysis Report for the year ended 31st March, 2019.

The Management Discussion and Analysis have been included in consonance with the Code of Corporate Governance as approved by The Securities and Exchange Board of India (SEBI). Investors are cautioned that these discussions contain certain forward looking statements that involve risk and uncertainties including those risks which are inherent in the Company's growth and strategy. The company undertakes no obligation to publicly update or revise any of the opinions or forward looking statements expressed in this report consequent to new information or developments, events or otherwise.

The management of the company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the company and its outlook for the future. This outlook is based on management's own assessment and it may vary due to future economic and other future developments in the country.

GLOBAL ECONOMIC OUTLOOK

In 2018, the global economy began its journey on a firm footing with estimated global growth of 3.6% (Source: World Economic Outlook by International Monetary Fund (IMF)). During the second half of 2018, the rate of development gradually declined, owing to impending US-China Trade dispute and some slow down across developed markets. It is important to note that India's economy expanded at 7.1% in 2018 vis-à-vis 6.7% in 2017.

- INDUSTRY STRUCTURE & DEVELOPMENT

GLOBAL TEXTILES

The global textile industry is continuously evolving, over the years, it has witnessed multiple shifts in consumption and production patterns. The Textile trade is predicted to grow at 3.7% during the period 2018-2028.

Even though apparel textile industry is dominated by developed markets of EU and the US, emerging markets. Similarly, India and China have strong textile manufacturing base.

INDIAN TEXTILES

India's Textiles industry is among the oldest industries in the country dating back several centuries. It is one of the largest contributors to the economy accounting for 4% of GDP. It is the second largest contributor towards employment generation. India is the second largest producer and exporter of textiles after China and fourth largest producer and exporter after China, Bangladesh and Vietnam. The Mitigation of the repercussions of currency fluctuation remains a challenge for the Industry.

CHEMICALS

The Indian Chemical Industry is the 6th largest in the world and 3rd largest in Asia. The Chemical Industry in India is expected to reach USD 200 billion by 2020. India is also the sixth largest consumer of chemicals in the world. Growth Drivers: Innovation, raw material availability, demand growth and low-cost production. India has one of the lowest rates of per hour labour cost among major chemical producers. India's proximity to the Middle East, the world's source of petrochemicals feedstock, enables India to gain advantage from economies of scale. Strong government support for R&D. Polymers and agro-chemicals industries in India present immense growth opportunities. 100% FDI is permitted through automatic route. Additionally, chemicals sector is delicensed except for few hazardous chemicals.

Capital Market:

Capital markets recognize and drive capital to the best ideas and enterprises. Capitalism is a catalyst for innovation, opportunity and dynamism. Coupled with the free flow of capital, innovation is an integral component for supporting job creation, economic development and prosperity. Markets facilitate the transfer of funds from those who seek a return on their assets to those who need capital and credit to grow. Clients benefiting from healthy capital markets include not just investors but also corporations and governments. Capital, raised through equity and debt, can be used to grow businesses, finance investments in new plant, equipment and technology and fund infrastructure projects. This creates jobs and flows money into the economy. Additionally, businesses and individuals can invest in securities to generate wealth.

OVERVIEW

The Company operates in two reportable segments i.e. Finance and Commodities Activities. The business Segments has been identified as separate segment in accordance with Accounting standard 17 'Segment Reporting'. The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India (SEBI) and IND AS (Indian Accounting Standard). Due to rise in stiff competition and slowdown in the economy and with the introduction of GST with rising crude prices the industry is gradually moving and is expected to bloom in future.

- OPPORTUNITIES AND THREAT

Our long-standing relationship with our major customers has been one of the most significant factors contributing to our growth. Our commitments to quality and customer service practices have been strong contributing factors to our robust customer relations. Even though we do not have any long-term supply agreements with them, we have continually received repeat business from many of our customers. This indicates their level of confidence in our ability to understand latest trends and ensure timely delivery of quality products.

- RISKS AND CONCERNS

Risk is an inherent part of any business. There are various types of risks that threaten the existence of a company like Credit Risk, Market Risk, Operational Risk, Liquidity Risk, Interest Rate Risk, Strategic Risk, Regulation Risk etc. Your Company aims at enhancing and maximizing shareholders value by achieving appropriate trade-off between risk & returns. There is the risk of loss from inadequate or failed systems, processes or procedures. These may be attributed to human failure or technical problems given the increase use of technology and staff turnover. Your company has in place suitable mechanisms to effectively reduce such risks. All these risks are continuously analyzed and reviewed at various levels of management through an effective information system.

- INTERNAL CONTROL SYSTEM

The Company has an in place internal control system commensurate with the size of the company and the nature of its business which ensures that functioning of the Company is managed efficiently and effectively, assets are safeguarded, regulatory compliances are complied with and transactions are recorded after appropriate authorization.

- HUMAN RELATIONS

Human resources have always been most valuable assets for Tilak Ventures Ltd. During the year the company has once again gained the confidence of its Human Resource as well and company constantly seeks to attract and retain the best available talent. The Company continued to enjoy healthy industrial relations during the year.

- FORWARD LOOKING AND CAUTIONARY STATEMENTS

Management Discussion and Analysis contains forward-looking statements concerning the Company's future plans, strategies, and performance. These forward-looking statements are not historical facts; rather, they represent assumptions and beliefs based on economic, financial, and competitive data currently available. Furthermore, they are subject to a number of risks and uncertainties that, without limitation, relate to economic conditions, fierce competition in the information service industry, customer demand, tax rules, regulations, and other factors. Readers of this annual report are cautioned not to place undue reliance on these forward-looking statements. The Company therefore wishes to caution readers that actual results may differ materially.

Independent Auditor's Report

**To the Members of
Tilak Ventures Limited (Formerly Known as "Tilak Finance Limited")**

Report on the Standalone Financial Statements

We have audited the accompanying Standalone Ind AS financial statements of Tilak Ventures Limited (Formerly Known as "Tilak Finance Limited") ("the Company"), which comprise the balance sheet as at 31st March 2019, the statement of profit and loss, statement of changes in equity and the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Companies Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March 2019, and profit (financial performance including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended 31st March 2019. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key Audit matters	How our audit addressed the key audit matter
(a) Impairment of financial assets (expected credit losses)	
<p>Ind AS 109 requires the Company to recognise impairment loss allowance towards its financial assets (designated at amortised cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. Such ECL allowance is required to be measured considering the guiding principles of Ind AS 109 including:</p> <ul style="list-style-type: none"> • unbiased, probability weighted outcome under various scenarios; • time value of money; 	<ul style="list-style-type: none"> • We read and assessed the Company's Accounting policies for impairment of financial assets and their compliance with Ind AS 109. • We evaluated the reasonableness of the Management estimates by understanding the process of ECL estimation. • Tested the ECL model, including assumptions and underlying computation.

<ul style="list-style-type: none"> • impact arising from forward looking macro-economic factors and; • availability of reasonable and supportable information without undue costs. Applying these principles involves significant estimation in various aspects, such as: <ul style="list-style-type: none"> • grouping of borrowers based on homogeneity by using appropriate statistical techniques; • staging of loans and estimation of behavioral life; • determining macro-economic factors impacting credit quality of receivables; • estimation of losses for loan products with no/minimal historical defaults. Considering the significance of such allowance to the overall financial statements and the degree of estimation involved in computation of expected credit losses, this area is considered as a key audit matter 	<ul style="list-style-type: none"> • Assessed the floor/minimum rates of provisioning applied by the Company for loan products with inadequate historical defaults. • Audited disclosures included in the Ind AS financial statements in respect of expected credit losses

Management’s Responsibility for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibility

Auditor’s Responsibilities for the Audit of the Financial Statements Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we are required to determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Annexure B to the Auditor's Report-31st March, 2019

Report on the Internal Financial Controls under Clause (i) of sub- section 3 of the Section 143 of the Companies Act, 2013 ('the Act)

We have audited the internal financial controls over financial reporting of M/s Tilak Ventures Limited (Formerly Known as "Tilak Finance Ltd.")(the company) as of 31st March, 2019 in conjunction with our audit of the financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls :

The company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountant of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control-based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorization of the Management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2019.

a) The Company did not have an appropriate internal control system for granting Loans. Demand and other loans given are governed by the Board policies. Considering the close monitoring of Board no appraisal, renewal, Policies, Procedure, Committee or documents have been prescribed and executed.

b) The Company's internal control system is not commensurate to the size and scale of operation over purchase and sale of shares and inventory and for expenses incurred.

A 'material weaknesses' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects / possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2019, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2019 financial statements of the Company, and the material weaknesses does not affect our opinion on the financial statements of the Company.

Note 1

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD 31.03.2019

A) Basis of preparation of financial statements

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company is required to prepare its Financial Statements as per the Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Accounting Standards) Amendment Rules, 2016 with effect from 1st April, 2016. Accordingly, the Company has prepared these Financial Statements which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended 31st March, 2019, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "Financial Statements").

B) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities which are measured at fair value.

C) Going Concern Assumption:-

The financial statements have been prepared assuming entity will be able to continue its operation in near foreseeable future and there is no material circumstances casting doubt over going concern ability of company and neither management intends to liquidate its operation. Though company has incurred loss in the current year, management has made sufficient viable plan to overcome such situation in future and the plan appears to be promising to validate the going concern assumption.

D) Inventory valuation

Cost of inventories includes cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition... Net realisable value represents the estimated selling price for inventories in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale

E) Use of Estimates

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates. ii) The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors(including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

Actual results may differ from these estimates under different assumptions and conditions. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements.

F) Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

G) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

H) Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of past event it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Possible future obligations or present obligations that may but will probably not require outflow of resources or where the same cannot be reliably estimated, is disclosed as contingent liabilities in the notes to accounts of financial statements.

I) FIXED ASSETS

Tangible Assets

Fixed assets are stated at cost, less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. Capital work in progress includes expenditure incurred till the assets are put into intended use.

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

a) **Depreciation**

Depreciation on tangible assets is provided using the Straight Line Method over the useful lives of the assets estimated by the Management. Depreciation for the assets purchased / sold during the year is proportionately charged as prescribed in Schedule II to the Companies Act, 2013. Intangible assets are amortised over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the Company for its use.

b) **Impairment of assets**

The carrying amounts of assets are reviewed at each balance sheet dates and if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, then such loss is reversed and the asset is restated to extent of the carrying value of the asset that would have been determined (net of amortization / depreciation), had no impairment loss been recognized. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

c) **Investments**

Investments that are readily realizable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. The investments have been valued at fair value in compliance with the Indian Accounting Standards

d) **Taxation**

Tax expense comprises of current income tax and deferred income tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits. At each balance sheet date, the Company re-assesses unrecognised deferred tax assets. It recognizes unrecognised deferred tax assets to the extent that it has become reasonably certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. Minimum Alternative Tax (MAT) credit is recognised as an asset and carried forward only if there is a reasonable certainty of it being set off against regular tax payable within the stipulated statutory period.

J) Financial Instruments

A financial instrument is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Trade receivables and payables, loan receivables, investments in securities and subsidiaries, debt securities and other borrowings, preferential and equity capital etc. are some examples of financial instruments. All the financial instruments are recognised on the date when the company becomes party to the contractual provisions of the financial instruments. For tradable securities, the Group recognises the financial instruments on settlement date.

(i) Financial assets

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment in equity and debt instruments, trade receivables and cash and cash equivalents.

Initial measurement

All financial assets are recognised initially at fair value including transaction costs that are attributable to the acquisition of financial assets except in the case of financial assets recorded at FVTPL where the transaction costs are charged to profit or loss.

Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified as Equity instruments designated at FVOCI

All equity investments in scope of Ind AS 109 'Financial instruments' are measured at fair value. The company has strategic investments in equity for which it has elected to present subsequent changes in the fair value in OCI. The classification is made on initial recognition and is irrevocable.

All fair value changes of the equity instruments, excluding dividends, are recognised in OCI and not available for reclassification to profit or loss, even on sale of investments. Equity instruments at FVOCI are not subject to an impairment assessment.

Impairment of financial assets

Expected credit loss (ECL) are recognised for financial assets held under amortised cost, and certain loan commitments.

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1' Financial assets that are considered to have significant increase in credit risk are considered to be in 'stage 2' and those which are in default or for which there is an objective evidence of impairment are considered to be in 'stage 3'. ECL is recognised for stage 2 and stage 3 financial assets.

In the event of a significant increase in credit risk, allowance (or provision) is required for ECL towards all possible default events over the expected life of the financial instrument ('lifetime ECL').

Financial assets (and the related impairment loss allowances) are written off in full, when there is no realistic prospect of recovery.

Treatment of the different stages of financial assets and the methodology of determination of ECL

(a) Credit impaired (stage 3)

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether the loan is otherwise considered to be in default.

(b) Significant increase in credit risk (stage 2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure.

(c) Without significant increase in credit risk since initial recognition (stage 1)

ECL resulting from default events that are possible in the next 12 months are recognised for financial instruments in stage 1. The Company has ascertained default possibilities on past behavioural trends witnessed for each homogenous portfolio using application/behavioural score cards and other performance indicators, determined statistically.

(d) Measurement of ECL

The assessment of credit risk and estimation of ECL are unbiased and probability weighted. It incorporates all information that is relevant including information about past events, current conditions and reasonable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL takes into account the time value of money. Forward looking economic scenarios determined with reference to external forecasts of economic parameters that have demonstrated a linkage to the performance of our portfolios over a period of time have been applied to determine impact of macro economic factors. The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD). ECL is calculated by multiplying the PD, LGD and EAD and adjusted for time value of money using a rate which is a reasonable approximation of EIR. Determination of PD is covered above for each stages of ECL. EAD represents the expected balance at default, taking into account the repayment of principal and interest from the Balance Sheet date to the date of default together with any expected drawdowns of committed facilities. LGD represents expected losses on the EAD given the event of default, taking into account, among other attributes, the mitigating effect of collateral value at the time it is expected to be realised and the time value of money.

NOTE : 25 - FINANCIAL RISK MANAGEMENT
(a) Risk Management Framework

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts, foreign currency option contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

(b) Credit Risk

Credit risk is the risk of financial loss arising out of a customer or counterparty failing to meet their repayment obligations to the Company. The Company assesses the credit quality of all financial instruments that are subject to credit risk.

Classification of financial assets under various stages

The Company classifies its financial assets in three stages having the following characteristics:

Stage 1: unimpaired and without significant increase in credit risk since initial recognition;

Stage 2: a significant increase in credit risk since initial recognition on which a lifetime ECL is recognised;

Stage 3: objective evidence of impairment, and are therefore considered to be in default or otherwise credit impaired on which a lifetime ECL is recognised.

Unless identified at an earlier stage, all financial assets are deemed to have suffered a significant increase in credit risk.

The Company has calculated ECL using three main components: a probability of default (PD), a loss given default (LGD) and the exposure at default (EAD) along with an adjustment considering forward macro economic conditions [for a detailed note for methodology of computation of ECL please refer to significant accounting policies note no 1(J) to the financial statements.

The table below summarises the gross carrying values and the associated allowances for expected credit loss (ECL) stage wise for loan portfolio :

As at 31 March 2019

Particulars	Unsecured		
	Stage 1	Stage 2	Stage 3
Gross Carrying Value	1148,18,556	138,24,964	263,35,121
Allowance for Expected credit loss	-	34,56,241	269,35,121
Expected credit loss Coverage ratio	0.00%	25.00%	102.28%

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

Trade Receivable, Trade Payable, Short Term Borrowings and Short Term Loans and Advances balances are subject to confirmation and reconciliation

(c) Liquidity Risk management

Ultimate responsibility for liquidity risk management rests with the board of directors. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

NOTE : 26 - EMPLOYEE BENEFITS

Provision for retirement benefits to employees was not provided on accrual basis, which is not in conformity with Ind AS19 and the amount has not been quantified because actuarial valuation report is not available. However, in the opinion of the management the amount involved is negligible and has no material impact on the Profit & Loss Account.

Note : 27 - LOANS AND ADVANCES

Majority of the loans given are demand loans, therefore in some cases the terms of repayment and loan agreement are not available. Non Recoverable loans are appropriately written off as bad debts. Demand and other loans given are governed by the Board policies. Considering the close monitoring of Board no appraisal, renewal, Policies, Procedure, Committee or documents have been prescribed and executed.

In 20 cases interest charged is less than prevailing yield of government security for relevant tenure. Amount of such loan as on 31st March, 2019 is Rs 4,13,99,156 /-. In 29 cases no interest has been charged. Amount of such loans as on 31st March, 2019 is Rs 3,75,75,672/-.

Note : 28 - COMPLIANCE OF SECTION 45-IA OF THE RBI ACT, 1934

The financial assets of the company constitute more than 50% of the total assets of the company. The company is also engaged in trading activity the income from which is less than 50% of the gross income of the company. Hence, the company does not fulfil one of the NBFC criterion prescribed in terms of section 45-IA of the RBI Act, 1934 in the current financial year and therefore NBFC provisions are not applicable in the current financial year.

NOTE : 30 - FAIR VALUE HIERARCHY

(a) This section explain the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value. The Company has classified its financial instruments into the three levels prescribed under the accounting standard

Financial assets and liabilities measured at fair value

PARTICULARS	March,31, 2019			March,31, 2018		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial Assets						
Investments	63,03,082	-	668,60,400	61,69,311	-	587,25,000
Trade receivable	-	-	818	-	-	12,27,995
Cash and Cash Equivalents	-	-	192,67,188	-	-	21,04,614
Others Financial assets	-	-	1549,78,641	-	-	1813,07,954
Financial Liabilities						
Short term borrowings	-	-	225,20,000	-	-	209,00,000
Trade Payable	-	-	95,580	-	-	1,00,500

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(c) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments includes:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rate at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All the resulting fair value estimates are included in level 2 or level 3, where the fair value have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(d) Fair value Estimations

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in a arm's length transaction other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's Financial instruments, judgement is necessary in arriving at fair value, based on current economic conditions and specific risk attributable to the instrument. The estimates presented herein are not necessarily indicative of the amount the Company could realise in a market exchange from the sale of its full holding or a particular instrument.

Dividend/Interest-bearing investments

Fair value is calculate based on discounted expected future principles and interest cash flows. The carrying amount on the Company's investment are valued at fair value on the basis of fair market rate with reference to the investment with similar credit risk level and maturity period at the reporting date.

Trade & other receivable / Payables

The management assessed that Trade Receivables, Cash and Cash equivalents, Bank Balances, Deposits, other non derivative current financial, assets, Short term borrowings, Trade payables, Non derivative Current Financial Liabilities approximate their carrying amount largely due to the short-term maturities of these intruments.

There are no transfers between level 1 and level 2 during the year
