AUDITORS

a) STATUTORY AUDITORS

M/s. Dassani & Associates, Chartered Accountants having Firm Registration No. 009096C, was appointed as Statutory Auditors of the Company at 39th Annual General Meeting for a period of 5 years till the conclusion of 44th Annual General Meeting of the company to be held in the year 2025.

Explanation on observations made by the statutory auditors

The Statutory Auditors of the company have drawn the attention of the management about one non compliances which marked as qualification in their report. In connection with the same, management herewith give the explanations as follows:

- a) The Company did not have an appropriate internal control system for granting Loans. Demand and other loans given are governed by the Board policies.
 - ❖ Considering the close monitoring of Board no appraisal, renewal, Policies, Procedure, Committee or documents have been prescribed and executed.
- b) The Company's internal control system is not commensurate to the size and scale of operation over purchase and sale of shares and inventory and for expenses incurred.

With regards to appropriateness of internal control system is concerned, management is having views that the company has effective and sufficient internal control system in place for granting of loans and over purchase and sales. The management grants loans only either to the parties known to the Company or by references which are governed by the Board policies. The Loan and Advances granted by the Company has been closely supervised and monitored on regular basis.

However, as per recommendation of Auditors, the Company is under process to strengthen its controls procedures.

b) SECRETARIAL AUDITORS

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors had appointed M/s. Nitesh Chaudhary & Associates, Company Secretaries in Practice to undertake the Secretarial Audit of the Company for the financial year 2020-21. The Secretarial Auditor Report is annexed as "Annexure -III" and forms an integral part of this Report.

There are following qualifications, reservations or adverse remarks made Secretarial Auditors in their report for the financial year ended March 31, 2021:

- 1.The Company has given Loans and advances wherein no interest has been charged and, in some cases, wherein interest charged is less than prevailing yield government security for relevant tenure.
- 2.The Company has delayed submitted Intimation under Regulation 29(2)/29(3) read with Regulation 30, Notice of Board Meeting for approval of Un- Audited financial results for the Quarter Ended 30thSeptember, 2020.
- 3.The Company has delayed in appointed of Company Secretary as per the provision of Section 203 of Companies Act, 2013.

Management Comments on Secretarial Auditors Observations:

1. In respect of no interest being charged on some of the loans, the Management states that these loans are old and already been categorized as Provisions for Doubtful Debts in Profit & Loss, still the management is trying to at least recover the principal amount from these parties for the beneficial of the company and hence the interest rates are not charged for these loans.
2. In respect of Delay submission of Intimation under Regulation 29(2)/29(3) of Regulation 30, Notice of Board Meeting for approval of Un - Audited financial results for the Quarter Ended 30th September, 2020, the management states that due to Covid-19 pandemics out Accounts staff was not attending office and therefore the financials were not ready therefore the management had called Board meeting with shorter notice under Section 173 of Companies Act, 2013, the reason of shorter notice and shorter period meeting due to Covid-19 pandemics, the company has also submitted the representation and waiver application with BSE Ltd. (Stock Exchange).

3. In respect of the delay in appointment of Company Secretary as per the provision of Section 203 of Companies Act, 2013 the management states that previous company secretary & Compliance Officer Ms. Jivitha Poojari resigned w.e.f. 19th October, 2019 and there was a grace period for appointment of new Company Secretary of 6 months from the date of resignation of previous Company Secretary, accordingly the due date of CS appointment was 18th April, 2020 however due to Covid-19 pandemics and Nationwide lockdown company could not completed the procedure of appointment of shortlisted candidate, after the Lockdown and starting of Unlock faze 1 the company completed the procedure of appointment of Mr. Davendra Kumar as Company Secretary cum Compliance Officer w.e.f 08th June, 2020, who was shortlisted in the month of March 2021, in this regards Company had received penalty notice from exchange under regulation 6(1) of SEBI LODR Regulation and company has filed waiver application to stock exchange and waiver has been granted by stock exchange.

The company is not liable any penalty on that as per waiver granted by stock exchange

ANNEXURE - V

CORPORATE GOVERNANCE REPORT**COMPANY'S PHILOSOPHY ON THE CODE OF GOVERNANCE**

The Directors present the Company's Report on Corporate Governance for the year ended 31st March, 2021, in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Tilak Ventures Limited (herein after referred to as "the Company") looks upon good Corporate Governance practices as a key driver of sustainable corporate growth and long-term stakeholder value creation. Good Corporate Governance Practices enable a Company to attract high quality financial and human capital. In turn these resources are leveraged to maximize long-term stakeholder value while preserving the interest of multiple stakeholders including the society at large. In the conduct of your Company's business and its dealings, it abides by the principle of honesty, openness and doing what is right which means taking business decisions and acting in way that is ethical and is in compliances with the applicable legislation. Sound corporate governance is critical to enhance and retain trust of stakeholders. The Board of Directors fully supports corporate governance practices in your Company with appropriate checks and balances at right places and at right intervals.

The Company's policies on Corporate Governance and compliance thereof in respect of specific areas, as applicable for the year ended 31st March, 2021, are set out below for the information of shareholders and investors of the Company.

MANAGEMENT DISCUSSIONS AND ANALYSIS REPORTS

Your Directors are pleased to present the Management Discussion and Analysis Report for the year ended 31st March, 2021.

The Management Discussion and Analysis have been included in consonance with the Code of Corporate Governance as approved by The Securities and Exchange Board of India (SEBI). Investors are cautioned that these discussions contain certain forward looking statements that involve risk and uncertainties including those risks which are inherent in the Company's growth and strategy. The company undertakes no obligation to publicly update or revise any of the opinions or forward looking statements expressed in this report consequent to new information or developments, events or otherwise.

The management of the company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the company and its outlook for the future. This outlook is based on management's own assessment and it may vary due to future economic and other future developments in the country.

GLOBAL ECONOMIC OUTLOOK

Global economies witnessed a healthy 2.8% CAGR over 2015- 2019 in the pre-pandemic period led by China, United States and India primarily. The world is becoming more and more responsible towards achieving sustainable growth, with technology playing a pivotal role. The year 2020 started on a very challenging note, as the rapid spread of Covid-19 risked overwhelming healthcare in various countries and required implementation of strict social distancing measures. However, such measures brought the world to a virtual standstill and hurt the global economy substantially. In order to contain the fallout from the Covid pandemic, Central banks and Governments announced monetary and fiscal measures bigger than the ones announced during the peak of the global financial crisis.

The IMF in its latest World Economic Outlook in April 2021 has upgraded their global GDP growth projections to 6.0 Percent and 4.4 Percent for 2021 and 2022 respectively as compared to their earlier forecast of 5.5 Percent and 4.2 Percent in January 2021. The upwards revision in GDP growth estimates is a result of additional fiscal support in a few large economies and expectations of a vaccinepowered normalisation in the second half of 2021.

INDIAN CAPITAL MARKET:

The Indian capital market also witnessed a phenomenal rebound in the current fiscal, factoring in quick resumption of economic activity and future growth prospects. Like its global peers, India too witnessed a strong rebound from the pandemic lows with the key indices reaching an all-time high by the fourth quarter on the back of continued and strong recovery in economic activities in the second half of FY 2020-21 and record FPI flows. India's market capitalisation to GDP ratio now stands at approximately 105 Percent for the first time in a decade in March 2021 up from approximately 56 Percent in March 2020.

OVERVIEW

The Company operates in two reportable segments i.e. Finance and Commodities Activities. The business Segments has been identified as separate segment in accordance with Accounting standard 17 'Segment Reporting'. The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India (SEBI) and IND AS (Indian Accounting Standard). Due to rise in stiff competition and slowdown in the economy and with the introduction of GST with rising crude prices the industry is gradually moving and is expected to bloom in future.

➤ OPPORTUNITIES AND THREAT

In the modern age, for every entrepreneurial or business activity, finance (capital and funds) are required, as without it the entrepreneur cannot function finance is the lifeblood of all economic activities.

Our Company has achieved consistent and sustained growth over the years on the back of its choice of markets to cater to and products to offer. It has assiduously gauged which segments offer promise for lenders and what the needs of these segments are, in terms of lending structures. Over the years, our Company has understood that an opportunity is nothing without sound execution. The most significant threat for any lending activity is to constantly exhibit operational excellence and contain the loss given defaults within the acceptable limits. The Company believes that this task is to be worked upon continuously through a very sharp learning and unlearning in order to achieve operational excellence.

➤ RISKS AND CONCERNS

Risk is an inherent part of any business. There are various types of risks that threaten the existence of a company like Credit Risk, Market Risk, Operational Risk, Liquidity Risk, Interest Rate Risk, Strategic Risk, Regulation Risk etc. Your Company aims at enhancing and maximizing shareholders value by achieving appropriate trade-off between risk & returns. There is the risk of loss from inadequate or failed systems, processes or procedures. These may be attributed to human failure or technical problems given the increase use of technology and staff turnover. Your company has in place suitable mechanisms to effectively reduce such risks. All these risks are continuously analysed and reviewed at various levels of management through an effective information system.

The company's business, results of operations and financial condition are affected by number of risks, so the risk management function is of paramount importance and integral to the functioning of the company. The objective of the risk management strategy includes ensuring that critical risks are identified, monitored and managed effectively in order to protect the company's business.

➤ INTERNAL CONTROL SYSTEM

The Company has adequate system of internal control in place. This is to ensure that assets are safeguarded and all transactions are authorized, recorded and correctly reported. The top management and the Audit Committee of the Board review the findings and recommend to the Board improvement on the same.

There are adequate controls right from tracking the originators' activities, quality of logins and stringent credit checks and appraisal, which are evaluated on the basis of the quality of the portfolio. At the same time, there is no compromise on the fundamentals of extending credit where it is due. The internal audit department comprises of an external team to highlight the gaps whereas the risk and monitoring department is expected to constantly scrutinize various trends of the portfolio behavior and also the macro developments from time to time. The other significant internal control at our Company comprises constant monitoring of operational expenditure with an endeavour to bring it down through better efficiencies rather than just focusing on curtailing the expenditure. The adequacy of internal controls and their execution are driven by an ethos of constantly endeavouring to improve.

➤ HUMAN RELATIONS

Your Company considers its employees as one the key stakeholders. It has created a Human Resources environment which fasters speed and agility in responding to the changing environment, learning and innovation to survive and prosper and integrity in all operation.

➤ FORWARD LOOKING AND CAUTIONARY STATEMENTS

The country's demographics and stage of growth suggest that there is a huge unfulfilled demand in finance spaces. Sectors have been financially under-served or, in some ways completely neglected by the formal financial sector. As a result, their development has been stymied. The situation is fast changing as NBFCs, private banks and private equity have begun to flow into the sectors to tap the vast potential that they offer. They have begun to approach their target customers with innovative and customised lending products. Using data, information and technology, they are also able to overcome issues of the past – such as proof of creditworthiness - that presented hurdles in the past. The Government and RBI are also making efforts to institute policy reforms that will facilitate lending to these segments, companies that have garnered expertise through years of experience will always enjoy a competitive advantage.

This Report is based on the current situation, past experience and information available to the Company about its various businesses and assumptions regarding economic and industrial scenario, Governmental and other regulatory policies. The Performance of the Company is, to a great extent, dependent on these factors. The future performance may be materially influenced by the changes in any of these factors, which are beyond the control of the Company and may affect the views expressed in or perceived from this Report. Therefore the investors are requested to make their own independent judgments by taking into account all relevant factors before any investment decision.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Tilak Ventures Limited
(Formerly Known as "Tilak Finance Limited")
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Tilak Ventures Limited (Formerly Known as "Tilak Finance Limited")** ("the Company"), which comprise the balance sheet as at 31st March, 2021, and the statement of Profit and Loss, including statement of Other Comprehensive Income, statement of cash flows and statement of changes in equity and for the year ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit/loss including other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone financial statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for financial year ended March 31, 2021. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how audit addressed the matter is provided in the context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibility described in the Auditors' Responsibilities for the Audit of the Standalone financial statements of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risk of material misstatement of the Standalone financial statements. The result of our audit procedures including the procedures performed to address the matters below, provide the basis of our audit opinion on accompanying Standalone financial statements.

Description of each key audit matter in accordance with SA 701

Key audit matters	How our audit addressed the key audit matter
<p>Impairment of financial assets (expected credit losses)</p> <p>Ind AS 109 requires the Company to recognize impairment loss allowance towards its financial assets (designated at amortized cost and fair value through other comprehensive income) using the expected credit loss (ECL) approach. Such ECL allowance is required to be measured considering the guiding principles of Ind AS 109 including:</p> <ul style="list-style-type: none"> • unbiased, probability weighted outcome under various scenarios; • time value of money; • impact arising from forward looking macro-economic factors and; • availability of reasonable and supportable information without undue costs. • Applying these principles involves significant estimation in various aspects, such as: <ul style="list-style-type: none"> - grouping of borrowers based on homogeneity by using appropriate statistical techniques; - staging of loans and estimation of behavioral life; - determining macro-economic factors impacting credit quality of receivables; - estimation of losses for loan products with no/minimal historical defaults. <p>Considering the significance of such allowance to the overall financial statements and the degree of estimation involved in computation of expected credit losses, this area is considered as a key audit matter.</p>	<ul style="list-style-type: none"> • We read and assessed the Company's Accounting policies for impairment of financial assets and their compliance with Ind AS 109. • We evaluated the reasonableness of the Management estimates by understanding the process of ECL estimation. • Tested the ECL model, including assumptions and underlying computation. • Assessed the floor/minimum rates of provisioning applied by the Company for loan products with inadequate historical defaults. • Audited disclosures included in the Ind AS financial statements in respect of expected credit losses.

Information other than Standalone financial statements and Auditors' report thereon

The company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Standalone financial statements and our auditors' report thereon.

Our opinion on Standalone financial statements does not cover the other information and we do not express any form of conclusion thereon.

In connection with our audit of Standalone financial statements, our responsibility is to read the other information, and in doing so, consider whether such other information is materially inconsistent with the standalone financial

statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the

Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including and significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we may have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in audit of Standalone financial Statements for the financial year ended March 31, 2021 and are therefore the Key audit matters. We describe that these matters in our Auditors' report unless law and regulations precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should be not communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.

Other Matters

The standalone financial statements of the company for the year ended March 31, 2020 have been audited by other auditors and we have relied upon by the same.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

ANNEXURE “2” to the Independent Auditor’s Report of Tilak Ventures Limited

(Referred to in Paragraph 2(f) under “Report on other Legal and Regulatory Requirements” of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Tilak Ventures Limited** (“the Company”) as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required by the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting with reference to Standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting with reference to these Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting with reference to these Standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2021.

a) The Company did not have an appropriate internal control system for granting Loans. Demand and other loans given are governed by the Board policies. Considering the close monitoring of Board no appraisal, renewal, Policies, Procedure, Committee or documents have been prescribed and executed.

b) The Company's internal control system is not commensurate to the size and scale of operation over purchase and sale of shares and inventory and for expenses incurred.

A 'material weaknesses' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the effects / possible effects of the material weaknesses described above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2021, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements for the year ended March 31, 2021, and the material weaknesses does not affect our opinion on the financial statements of the Company.

NOTE : 28 - Financial instruments – Fair values and risk management

A. Accounting Classification and Fair Values

Financial Assets and Liabilities :

The Company's principal financial assets include investments, trade receivables, cash and cash equivalents, loans and other financial assets. The Company's principal financial liabilities comprise of borrowings, trade payables and other financial liabilities. The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

Fair Value Hierarchy :

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1: Fair value measurement are those derived from quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: Fair value measurements are those derived from inputs other than quoted prices that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level-3 : Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on the assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following tables summarize carrying amounts of financial instruments by their categories and their levels in fair value hierarchy for each year end presented.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

Specific valuation techniques used to value financial instruments includes:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rate at the balance sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

C. Fair value Estimations

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in a arm's length trasaction other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's Financial instruments, judgement is necessary in arriving at fair value, based on current economic conditions and specific risk atributable to the instrument. The estimates presented herein are not necessarily indicative of the amount the Company could realise in a market exchange from the sale of its full holding or a particular instrument.

Dividend/Interest-bearing investments

Fair value is calculate based on discounted expected future principles and interest cash flows. The carrying amount on the Company's investment are valued at fair value on the basis of fair market rate with reference to the investment with similar credit risk level and maturity period at the reporting date.

There are no transfers between level 1 and level 2 during the year.

The financial statements are presented in Indian Rupee (INR).

2 Basis of Preparation Of Financial Statement**a) Statement of Compliance**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India.

These financial statements have been prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The financial statements were authorized for issue by the Company's Board of Directors on June 26, 2021.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off, unless otherwise indicated.

b) Significant accounting judgement, estimates and assumptions

The preparation of the Company's financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Future results could differ due to these estimates and differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Estimates and underlying assumptions are reviewed on an ongoing basis.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based on its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Significant Estimates and assumptions are required in particular for:**Impairment of Non Financial Asset :**

Determining whether property, plant and equipment and intangible assets are impaired requires an estimation of the value in use of the relevant cash generating units. The value in use calculation is based on a Discounted Cash Flow model over the estimated useful life of the underlying assets or cash generating units. Further, the cash flow projections are based on estimates and assumptions relating to expected revenues, operational performance of the assets, market prices of related products or services, inflation, terminal value etc. which are considered reasonable by the management.

Taxes

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Significant management judgement is also required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3 Summary of Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis.

Cash And Cash Equivalents

Cash comprises cash on hand and demand deposit with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Property, plant and equipment

The Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost in accordance with the exemption provided under IND AS 101.

Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if

any such cost includes the cost of replacing part of the plant and equipment and borrowing its for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation on property, plant and equipment is calculated on a WDV basis using the rates arrived at based on the useful lives estimated by the management which coincides with the rates as per Schedule II of the Companies Act, 2013. The useful life of major computer is 3 years.

Revenue Recognition

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 01 April 2018. The Company has applied the following accounting policy for revenue recognition: Revenue from contracts with customers:

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met: 1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or 2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or 3. The Company's performance does not create an asset with an alternative use to the Group and the entity has an enforceable right to payment for performance completed to date. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements. As per the underlying construction contracts in force, the Company bears certain indirect tax as its own expense, and are effectively acting as principals and collecting the indirect taxes on their own account. Accordingly, revenue from operations is presented as gross of such indirect taxes.

(I) Sales

- (i) Sales are recognised when significant risks and rewards are transferred to the buyer as per the contractual terms or on dispatch where such dispatch coincides with transfer of significant risks and rewards to the buyer.
- ii) Interest income on financial asset is recognised using the effective interest rate method. The effective

interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments.

(II) Other Income

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the group, and the amount of the dividend can be measured reliably.

Inventories Valuation

(i) Cost of Materials, components, stores & spares and packing material is arrived at Weighted Average Cost and Cost of goods purchased

(ii) Scrap is valued at net realisable value.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Borrowing Cost

(i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Investments

All equity instruments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset. Unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

Employee Benefit

(i) Short term employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss for the year in which the related service is rendered .

(ii) The Company does not provide for retirement benefits. The same are payable as and when due.

Segment Report

(i) The company identifies primary segment based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segment are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

(ii) The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

Leases

The Company has no leases or any contractcontaining lease accordingly, no disclosure has been made on the same.

Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted

average number equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit of loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

Taxation

(i) The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for the jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, to unused tax losses and unabsorbed depreciation. Current and deferred tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income.

(ii) Provision for Income tax is made on the basis of the estimated taxable income for the current accounting period in accordance with the Income- tax Act, 1961 and Revised Income Computation and Disclosure Standards (ICDS) of the Income-tax Act, 1961.

(iii) Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction. affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be

impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the assets belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed, and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

Provisions and Contingent Liabilities

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

Financial Instruments

(I) Financial Assets

(i) Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

(ii) Subsequent measurement

(a) Financial assets carried at amortised cost (AC): A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income (FVTOCI): A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(c) Financial assets at fair value through profit or loss (FVTPL): A financial asset which is not classified in any of the above categories are measured at FVTPL.

(iii) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

(a) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

(b) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(II) Financial Liabilities

(i) Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

(ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Loans and borrowings

This is the category most relevant to the company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.
