Eyes on replicating
the success of NER
to Eastern India

A look at each of our trigger strengths.....

Location Advantage: The Game Changer

Our strategically located plants cater to the Eastern & North Eastern Regions, giving us strong customer linkages and competitive cost advantage

-  Upcoming grinding unit in Siliguri
-  Company's plants
-  Grinding Arrangement
-  Distance to markets

Target markets

Assam, Meghalaya, Arunachal Pradesh, Manipur, Tripura, Nagaland, Sikkim, Mizoram, West Bengal & Bihar

The Star Logistics Edge

- ★ Limestone mines are located within 2-3 kms of our plants, providing strong raw material linkage, easy accessibility and uninterrupted supply of raw material
- ★ Coal is available in close proximity, ensuring cost and operational efficiencies
- ★ Availability of coal also provides strong back-up for the Company's 51 MW power plant
- ★ When compared to peers, our strategically located plants cater to the Eastern & North Eastern Regions, helping us optimise and rationalise costs.

Proximity to raw material leads to lower logistics costs, which otherwise constitute a significant component of the overall cost of production. This, coupled with the ability to supply at the doorstep of customers and end-users through a well-established dealer-distributor network, gives us a distinct advantage compared to our peers.

The Star Logistics Edge

- ★ Untapped NER and Eastern markets have strong potential for further growth
- ★ Over the last few years, cement arrivals in NER from mainland players has come down to 12% from 30% - owing to strong location advantage for the existing players in NER
- ★ Strong entry barriers for new players in these regions
- ★ No new significant capacities in pipeline in NER
- ★ Captive mines that are home to high quality limestone having calcium oxide content greater than 49% (higher than rest of India), having limestone reserves of more than 80 years
- ★ Availability of high quality coal in proximity
- ★ Star's established presence, extensive distribution network and high brand recall

Star enjoys the highest volume growth in NER and has adequate capacities to cater to growth targets over medium to long term , allowing it to serve the high potential market

Manufacturing	Units	Capacity	
Meghalaya	4	Cement (Mn Ton)	4.3
Assam - Guwahati	1	Clinker (Mn Ton)	2.6
WB (Hired Units)	2	Power (MW)	51

Powering Growth

Power

- ★ Availability of best quality low cost coal ensures increased benefits for power plant
- ★ Captive power ensures non-dependency on grid power
- ★ Fly ash generated from power plant is used in cement plants at almost nil cost

The Mark of a Star: Branding Success

- ★ For Star, cement is not merely a commodity and therefore, we do not sell cement, rather we build and sell brands
- ★ Star as a Brand have a very high recall value, enabling repeat customers
- ★ STAR CEMENT is the most preferred brand in NER and is witnessing consistent growth in the markets of Bengal & Bihar

Concentrated launches in select markets backed by strong budgets, innovative aggressive marketing and sufficient plant capacities

Advertising and Brand Promotion spends annually (₹ Mn)

* FY 16-17 & FY 17-18 results are reclassified as per IndAS standard

Regular Brand Investment

- ★ Aggregate Brand investment of ~ ₹ 2,800 Mn in the last decade
- ★ Very aggressive campaign for Brand Launch in WB & BH

Celebrity endorsements

Bipasha Basu, Debojit Saha, Saurabhee Debbarma, Lou Majaw, Mami Varte, Late Bhupen Hazarika, Pranjal Saikia, Simanta Sekhar

- ★ Star Cement organized North East's first International half marathon in which more than 20000 people united for a single cause 'Run to support a clean India'
- ★ Very aggressive and comprehensive 360° campaign in NER, WB & BH involving masses in OOH, TVC, Radio & Press
- ★ Huge increase in brand awareness in outside North East, making Star Cement a household name even in markets where it is relatively new

Opportunities Beckon... and Star's Journey Continues

East India: Huge Untapped Potential

Total Capacity (MMT)

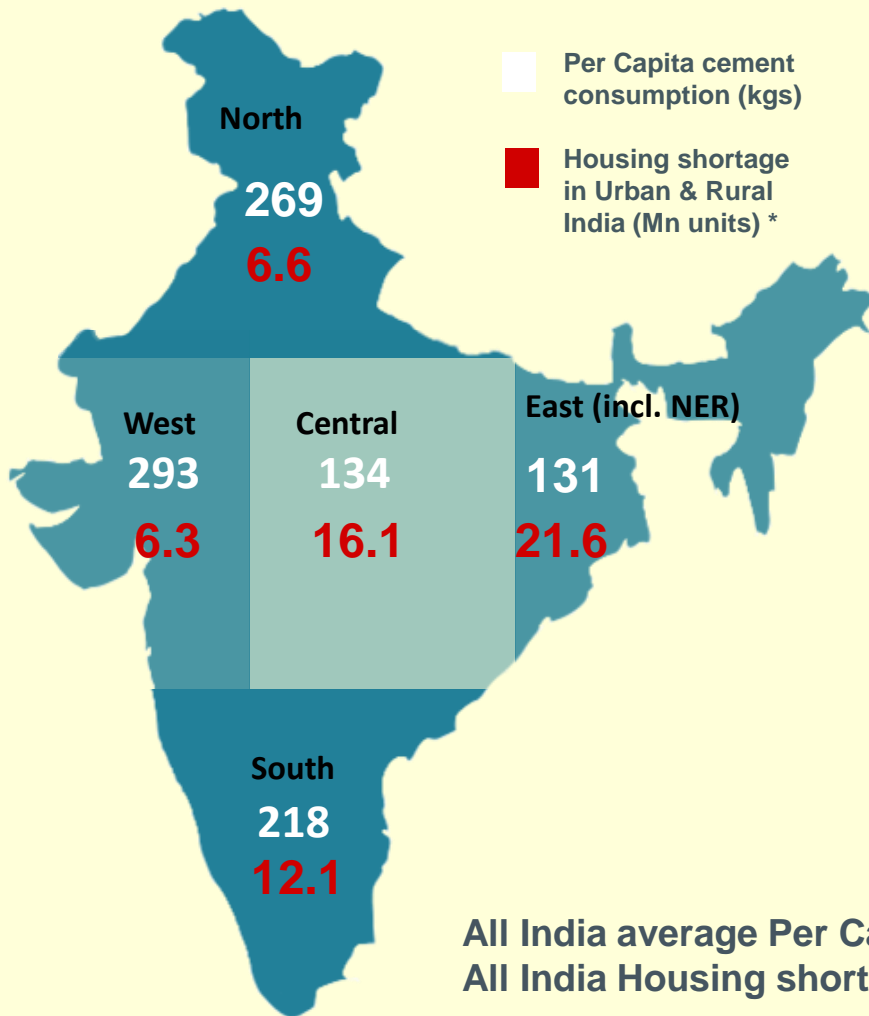

Total Production (MMT) and capacity utilization (%)

* Data cited from external publications

- ★ Cement production in the Eastern regions has grown at a CAGR of 6.5% and is expected to grow at a CAGR of 9-10% in the next 5 years
- ★ Demand is expected to grow at a steady pace through increased allocation
- ★ Government focus on infrastructure to boost growth through increased allocation in housing, infrastructure and commercial real estate segments will drive the cement demand
- ★ Special focus on rural and semi-urban areas through large infrastructure and housing development projects

East India: Huge Untapped Potential

Per capita cement consumption in East is the lowest, thus underlining huge potential for growth

Housing shortage in Urban India - Of the total housing shortages in urban India, East alone contributes to 35%. East and Central put together contributes ~60% of all India urban & rural housing shortages

At 131 kg, per capita consumption is among the lowest in East (national average – 225 kg per year)

Eastern India (including NER) account for urban housing shortage of 4.6 million units & 17 million units for rural housing shortage

Demand for cement is expected to grow in high single digits in East India

A pick-up in infrastructure development will trigger cement consumption demand in these states

All India average Per Capita cement consumption - 225 kg
 All India Housing shortage in Urban (19 mn) + Rural India (44 mn)- 63 mn units

North East Region: An Expanding Opportunity Landscape

8 states with abundant

Quartz, Granite, Sandstone, Shale

Separate **Ministry for the Region** –
Doner (Development of North Eastern Region) to
boost development

Central government's infrastructure development thrust

Roads - Central government is planning to undertake highway projects worth about Rs 1.45 lakh crore, spread over 2-3 years. A total of 197 road development projects are being implemented under various programmes and schemes of the road transport and highways ministry in the north eastern states. India's longest bridge connecting between River Brahmaputra Dhubri (North Bank)

Airports - 5 sanctioned, 8 in pipeline, ₹ 5,000 Crores Investment is expected during next 10 years. Guwahati & Agartala airports to be upgraded for international operations

Railways - Indian Railways has lined up several projects worth at least ₹ 40,000 crores to connect capital cities of five North Eastern states which includes laying over 1,500 km of rail lines and several engineering marvels such as India's longest double decker rail-cum-road bridge, one of the longest tunnels in the country and the world's tallest pillar-based rail bridge

Hydro Power - Largest Hydro power potential in India is in NER with 98% still untapped, 63000 MW of Hydro Power capacity identified; 14000 MW already allotted to Pvt. Players which will result in ~14 Mn Tons of Cement Demand

Smart Cities – Fund of Rs 14,124 crore approved for 464 projects in 8 Smart Cities in Northeast.

Non-Lapsing Central Pool of Resources – Unspent amount
of **10%** Budgetary allocation for **NER**
Infrastructural Development

Increased Allocation to Rural Low cost
housing under **Pradhan Mantri Awaas**
Yojana – Gramin Scheme to Rs
31500 Crs

**Four-lane concrete roads are expected to shore up cement demand– 2,000 tonnes of building material goes into creating every 1 km of road

North East Region: Opportunities Galore

Five-year Plans	2007-2012	2012-2017	2017-2022
NER GDP Growth	10%	13.7%	16.4%
NER Per Capita growth	8.6%	12.4%	15.2%

- ★ 7-8 % p.a. projected growth of cement industry (CAGR of 7% in last 5 years)
- ★ Potential for growth - current per capita cement consumption is 142 kg in NER
- ★ Major players - Star Cement and two others - catering to 50-60% of cement demand and deriving benefit of economies of scale
- ★ Consolidation on the cards as small players expected to be edged out eventually
- ★ No new major capacities in pipeline in the region
- ★ Cement arrivals in NER from mainland players have come down from 30% to 12% - gives advantage to players in NER

The Star is Set to Shine Brighter: More Frontiers of Growth

- ★ Further growth in high potential areas by leveraging operational and financial efficiencies
- ★ Seize the growth opportunities in NER, Eastern Region – partner the government's initiatives to boost infrastructure
- ★ Strengthen and expand dealer/distribution network to capture Eastern markets and deepen penetration into NER
- ★ Explore and tap new markets to boost margins
- ★ Grow product portfolio with new, niche and quality brands
- ★ Set-up capacities to cater to incremental demands of the region
- ★ Focus on retail services
- ★ Expand technical services to enhance customer service and brand building
- ★ Enhance brand recall through innovative marketing strategies, more CSR initiatives
