Q4 & FY23 – KEY HIGHLIGHTS

The **Commercial Production** of Color Coating Line for producing premium Color Coating Coils under the brand name **“Hitech Color Star”** started in Q4FY23. This product is well accepted in market and we are getting very good response for this product..

During the FY23, the company has **started GP/GC line at its Sikandrabad facility having a capacity of 60,000 MT** as a forward integration to our Cold rolled Coil line.

Our **greenfield facility of Large Dia. Pipes at Makhiyav, Sanand Gujarat** is about to commission, we are expecting to start the Commercial production from Q3FY24 onwards. This facility alongwith our color coating line will not only help us to increase the volumes but also to improve the margins and strengthen the company reach into different territories. This will also substantially help us in increasing the margin on a blended level in medium to long term.

To augment the needs of galvanised product ,the company has set-up an another galvanised facility in our Sikandrabad Plant. This will help us in increasing the share of Value Added Products in the Product basket of the Company.

The Company has started purchasing electricity of 5 mwp from Amplus RJ Solar Private Limited at Sikandrabad, UP Facility under Solar Power Purchase Agreement as a group captive user. This will help in saving power cost substantially. It is an Important step towards having a renewable and alternate source of energy to the company.

During the year, the company has successfully registered its products in JJM, High Speed Bullet Train, Solar Projects for supply its Steel Tubes and Pipes. We are continuously getting good orders from these areas.
