

NAVIGATING Challenges Protecting VALUE

ANNUAL REPORT 2016-17

ABRIDGED

OUR SOURCE OF INSPIRATION OUR PILLAR OF STRENGTH

Shri O.P. Jindal | 7th August 1930 - 31st March 2005 Founder and Visionary, O. P. Jindal Group

A visionary with impeccable business excellence, who envisioned the dream of a self-reliant India.

His journey from humble beginnings to being amongst the most successful self-made industrialists of his times.

A philanthropist and a social change maker, will continue to be a source of inspiration for generations to come.

We are committed to keep his legacy alive and carrying it forward to newer heights.

Navigating Challenges. Protecting Value.

India is transforming at a pace that was perhaps unimaginable a decade ago. It is already one of the world's fastest growing major economies, creating opportunities for millions of people to realise their full potential. However, energy availability continues to be a major concern for a fast-developing society.

The government is taking relevant steps to encourage states to pursue its vision of 24x7 Power for All programme in a spirit of cooperative federalism. The state utilities are gradually improving their performance, and such a scenario will pave the way for a significant power demand upswing in the coming years.

As one of the leading players in the power sector, we are geared to help make a difference in India's energy landscape.

During FY 2016-17, we navigated multiple challenges, comprising rising commodity prices and low domestic demand cycle, translating into weak merchant offtake and lower tariffs. Notwithstanding temporary hardships, we continued to strengthen our operational efficiencies and fiscal discipline across all our plants. At the same time, we continued to seek opportunities to diversify our fuel mix and institute long term off take arrangements.

The result is a stronger balance sheet, minimised risk profile and a sustainable focus on growth and value creation for all.

JSW Energy at a Glance

At JSW Energy, we commenced our journey in the early years of economic liberalisation in India. From relentlessly pursuing operational excellence, enhancing social and economic benefits, to minimizing environmental footprint and implementing cutting-edge innovation, JSW Energy is consistently creating value for stakeholders and the nation.

Established in 1994, JSW Energy Limited is the power-utility arm of the JSW Group. It nurtures a culture of high-performance and teamwork. The outcome is proactive efforts to leverage opportunities and grow sustainably.

JSW Energy operates 4,531 MW (Thermal- 3140 MW; Hydel - 1391 MW) of power generation capacity with the vision to achieve 10,000 MW capacity by 2020. The Company's strategic approach to expansion ensures diversity in geographic presence, fuel sources and power off-take arrangements. This in turn helps it to de-risk the business. The Company's presence extends across India; and also includes interests in a coal mining company in South Africa.

With strong operations, robust corporate governance and a clear vision, JSW Energy is setting new benchmarks in the power sector.

Chairman and Managing Director's Message

Dear Shareholders,

At JSW Energy, sustainable value creation is the cornerstone of our business strategy. Despite near term challenges, we continue to strive towards progress with a strong balance sheet, industry-leading best practices, robust growth appetite and a commitment to create value for the nation and all our stakeholders."

India's long-term energy appetite is enormous, but a large proportion of the demand is latent. The Government's continued focus on infrastructure creation, manufacturing and rural development is expected to lead to an accelerated momentum in the investment cycle and energy demand. The impending GST rollout is also likely to boost economic growth over the medium term as it improves efficiency of goods movement between states as well as strengthens tax compliance and governance. This is likely to boost GDP growth rate to 8% or above, consequently driving power demand.

Considering the macro picture, India's power sector has a huge opportunity to grow in the future. However,

at present, it is beleaguered by multiple challenges. Sluggish industrial demand, unsustainable capacities, lack of long-term PPAs and poor financial health of Discoms are adversely impacting the power sector. The Government has taken multiple policy initiatives to strengthen the power sector including path breaking measures like 24/7 power for all by 2019, increasing domestic coal availability, a proposal to auction coal linkages under SHAKTI and the Ujwal Discom Assurance Yojana (UDAY) scheme to improve financial health of the Discoms. These measures are expected to provide 'Electricity for all at a fair and just price' which is absolutely necessary as we strive to sustain our position as one of the leading economies of the world.

In the coming years, the emerging power demand will have to be addressed with clean and efficient technologies to meet global commitments to reduce emissions. We are now seeing a lot of focus on solar power, with auction based tariff bids, reaching all-time lows. Although a part of the reduction can be attributed to decline in equipment costs, it also raises questions on the long-term viability of projects at such low tariffs. The government has set ambitious targets for setting up renewable capacities in India; and the viability of projects will be a crucial factor to achieve the longterm goal of energy security for India. In this context, the recent draft proposal of Government to include hydropower as renewable energy and to stipulate a mandatory hydropower obligation (similar to renewable purchase obligation) is a welcome step.

Our Performance

As one of the leading industry players in the domestic sector, we maintained our relentless focus on cost control and operational excellence during the year. During the past year, we continued to move towards a leaner cost structure, reduced our debt levels, ensured prudent capital allocation and maintained efficient plant operations. While these efforts are likely to continue into the future, we would continue to evaluate relevant opportunities for growth – both organic and inorganic.

During FY 2016-17, we saw a continuation of the trend of poor power demand, translating into weak merchant offtake and lower tariffs. This got compounded due to an increasing trend in the price of imported coal, thereby impacting our standalone business. However, at a consolidated level our subsidiaries continued to function as strong pillars of support with their portfolio of long-term PPAs and necessary fuel security, thereby insulating your Company to a large extent from the difficult business environment.

During FY 2016-17, your Company delivered a total turnover of `8,480 crores on a consolidated basis, achieving a net generation of about 21.6 Billion Units. Of this, our hydro plants in Himachal Pradesh, which were acquired in September 2015, operated for the full year for the first time in FY 2016-17, contributing about 5.7 Billion Units to the net generation.

Creating Long-term Value

We are working towards building a sustainable energy business that can withstand all challenges – present and future. Hence, it is important that we continue to be on the lookout for opportunities to invest wisely and build an enviable portfolio of power assets. Given the stress in the power sector, we are anticipating consolidation in the domestic space, which will offer us good prospects for investing for the future.

We believe our teams have the capability and the commitment to take us to the next level of growth and sustainability. We have steadily enhanced our investments in providing our people need-based training and handholding to build an army of future leaders. Our transformational DNA is best reflected in the way our people respond to challenges, learn from them and move forward to greater glories.

Before I conclude, it is worthwhile to mention that we will continue to work towards our mission to empower communities and help them achieve their aspirations. Besides, our interventions in conserving the

environment and reducing the carbon footprint continue to be a priority for us.

On behalf of Board and the entire leadership team, I thank all our stakeholders for their guidance and support in helping us build a value-focused and energised enterprise.

Best Wishes, **Sajjan Jindal**Chairman and Managing Director

Creating Value for the Community

Inclusive growth is the focal point of our Corporate Social Responsibility (CSR) strategy. We believe in long-term value creation for society through our continuous and purposeful engagement with communities. We also strive to integrate our employees in decisions aimed at empowering society at large.

In our constant pursuit of making life better for communities, we are committed to:

- Improving living conditions
- Social development
- · Addressing social inequalities
- · Promoting art and culture
- Rural development
- Promoting Sports
- Promoting Swachh Bharat

Key Highlights:

- In Karnataka, our 'Mission Against Malnutrition' (MAM) model covered 12,098 children in six years, 888 pregnant women and 2,452 lactating mothers this year.
- The DIZ in Ratnagiri saw the launch of Phone-Sakhi (a timed and targeted voice calling facility), aimed at reminding pregnant women and new mothers, information related to their pregnancy, infants' immunisation, and general care.
- In the Sholtu DIZ, we repaired and renovated four Government schools and set up mini science labs in five Government schools.
- Rural women are part of eight SHGs in Barmer DIZ and are being provided with regular training inputs to enhance handicraft product designs with the support of SURE organisation.
- We supported and nurtured several sporting stalwarts like Olympic bronze medalist Sakshi Malik, Lalita Babbar, Sumit Nagal, Aryan Makhija, Sandeep Tomar and Satyawart Kadian, among others.

ADDRESSING ENVIRONMENTAL CONCERNS

Safeguarding natural capital is one of the core business philosophies at JSW Energy. We aim to drive a transformation in the sphere of environmental conservation. We also maintain a robust governance framework to ensure quality compliance and sustainable growth.

Key Highlights:

- Constructed around 22 check dams, under the Maharashtra Government's 'Jalyukta Shivar Abhiyaan'. The structures will hold more than 69,000 cubic metres of water in the catchment and will benefit over 10,000 people.
- Planted around 5,300 species of Chilgoza, Deodar, Robinia, Poplar, Pine and other trees under extensive plantation drives organised in the vicinity of our facilities
- Installed 243 solar street lamps in Chuli, Bhadresh and Bisala villages

24. Item No. 4 of the Notice Appointment of Statutory Auditors

As per Section 139(2) of the Companies Act, 2013 (hereinafter referred to as 'the Act') which has come into effect from 1st April 2014, a listed company cannot appoint or re-appoint an audit firm as auditor for more than two terms of five consecutive years each. An audit firm which has completed the two terms is not eligible for reappointment as auditor of the Company for five years from the completion of such term. Rule 6(3)(i) of the Companies (Audit and Auditors) Rules, 2014, provides that the period for which the firm has held office as auditor prior to the commencement of the Act shall be taken into account for calculating the period of ten consecutive years.

Every existing company is required to comply with the provisions of Section 139(2) of the Act not later than the date of the first Annual General Meeting of the company held after three years from the date of commencement of the Act i.e. 1st April, 2014.

Lodha & Co., Chartered Accountants, Mumbai, have been the Statutory Auditors of the Company since 30th March, 1995, and were last appointed as the Statutory Auditors of the Company to hold office till the conclusion of this 23rd Annual General Meeting.

Lodha & Co., Chartered Accountants, have completed their term and tenure as envisaged in Section 139 of the Act making them ineligible for appointment as Statutory Auditors. Further, as per the Section 139 (1) of the Act, the Statutory Auditors shall hold office from the conclusion of this 23rd Annual General Meeting till the conclusion of its 6th Annual General Meeting thereafter. Such appointment shall be placed before the Members for ratification at every intervening Annual General Meeting.

The Audit Committee and the Board of Directors of Company at its meeting held on 28th April, 2017 and 29th April, 2017, respectively, have recommended to the Members the appointment of Deloitte Haskins & Sells LLP, as the Statutory Auditors of the Company for a period of 5 years from

the conclusion of this 23rd Annual General Meeting till the conclusion of the 28th Annual General Meeting. The Company has received a certificate under Section 141(3) of the Act read with Rule 10 of the Companies (Audit and Auditors) Rules, 2014 from Deloitte, Haskins & Sells LLP, Chartered Accountants, Mumbai, confirming their eligibility to be appointed as the Auditors of the Company and that they are free from any disqualifications and that they do not violate the limits as specified under the Act.

Consent of the Members is sought for the appointment of Deloitte Haskins & Sells LLP, as the Statutory Auditors of the Company for a period of 5 years, from the conclusion of this 23^{rd} Annual General Meeting till the conclusion of the 28^{th} Annual General Meeting at a remuneration to be determined by the Board of Directors.

Your Directors recommend the Resolution for approval by the Members.

None of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolution.

The present terms and conditions of appointment of Mr. Jain, as approved by the Board of Directors upon recommendation of the Compensation and Nomination & Remuneration Committee, are as under:

1. Remuneration:

Remuneration of Mr. Jain will be so fixed by the Board of Directors from time to time after taking into account the recommendations of the Compensation and Nomination & Remuneration Committee, such that the salary and the aggregate value of all perquisites and allowances like furnished accommodation or house rent allowance in lieu thereof: house maintenance allowance together with reimbursement of expenses or allowances for utilities such as gas, electricity, water, furnishings and repairs; bonus; performance incentive; ESOPs; reimbursement of expenses incurred for travelling, boarding and lodging during business trips, entertainment expenses actually and properly incurred for the Company's business, medical reimbursement, club fees and leave travel concession for himself and his family, medical insurance and such other perquisites and allowances in accordance with the rules of the Company or as may be agreed to by the Board of Directors and Mr. Jain shall not exceed the overall ceiling on remuneration approved by the Members in General Meeting. Your Directors have recommended a ceiling on remuneration of ₹50,00,000/- (Rupees Fifty Lakh) per month.

- ii) For the purposes of calculating the above ceiling, perquisites shall be evaluated as per Income Tax Act, 1961 wherever applicable. In the absence of any such Act, perquisites shall be evaluated at actual cost.
- iii) Subject to the overall limits on managerial remuneration prescribed under the Companies Act, 2013, the perquisite value computed in terms of the Income Tax Act, 1961, upon exercise by Mr. Jain of the options to be granted to him, shall not be included in the overall ceiling on renumeration payable to him.
- iv) Provision for use of the Company's car for official duties and telephone at residence (including payment for local calls and long distance official calls) shall not be included in the computation of perquisites for the purpose of calculating the said ceiling.
- v) Company's contribution to Provident Fund and Superannuation or Annuity fund, to the extent these either singly or together are not taxable under the Income Tax Act, 1961 gratuity payable as per the rules of the Company and encashment of leave at the end of his tenure, shall not be included in the computation of limits for the remuneration or perquisites aforesaid.
- vi) Mr. Jain shall not be entitled to sitting fees for attending the meetings of the Board of Directors or any committee thereof.

2. Minimum Remuneration

Notwithstanding anything hereinabove, where in any financial year during the currency of Mr. Jain's tenure as a Whole-time Director, the Company has no profits or its profits are inadequate, the Company will pay the remuneration that he is then entitled to as Minimum Remuneration.

Your Directors recommend the Resolutions for approval by the Members.

Except Mr. Prashant Jain, none of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolutions.

Item No. 7

Considering the recommendation of the Compensation and Nomination & Remuneration Committee, the Board of Directors at its meeting held on 18th July, 2016, appointed Mr. Chitale as an Additional Director of the Company effective 22nd July, 2016 and he holds office up to the date of this 23rd Annual General Meeting pursuant to the provisions of Section 161 (1) of the Companies Act, 2013 ("the Act").

The Company has received a notice in writing from a Member under the provisions of Section 160 of the Act along with the requisite deposit proposing the candidature of Mr. Chitale for the office of Director. Mr. Chitale has informed the Company that he is not disqualified from being appointed as a Director in terms of Section 164 of the Act. Accordingly, it is proposed to appoint Mr. Chitale as a Director of the Company.

As required under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, his brief resume is furnished and forms a part of this Notice.

Mr. Chitale has given a declaration that he meets with the criteria of independence as prescribed under Section 149 (6) of the Act and under Regulation 16 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Board of Directors, Mr. Chitale fulfils the conditions for his appointment as an Independent Director as specified in the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Mr. Chitale is independent of the Management. Accordingly, it is proposed to appoint Mr. Chitale as an Independent Director for a term of 5 consecutive years from 22nd July, 2016 to 21st July, 2021, in terms of Section 149 and other applicable provisions of the Act and Regulation 25 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Pursuant to the provisions of Section 149 (13) of the Act, Mr. Chitale will not be liable to retire by rotation. A copy of the draft letter of appointment of Mr. Chitale as an Independent Director stating the terms and conditions, is available for inspection by the Members at the Registered Office of the Company between 11.00 a.m. and 1.00 p.m. on all working days of the Company and the same is also available on the Company's website www.jsw.in.

As per Section 152 of the Act and the Rules thereunder, a Director can be appointed with the approval of the Members in the General Meeting. Accordingly, the approval of the Members is sought for the appointment of Mr. Chitale as an Independent Director.

The Board considers that the proposed appointment of Mr. Uday Chitale as a Director, given his vast experience and knowledge in diverse areas, will be in the best interest of the Company.

Your Directors recommend the Resolutions for approval by the Members.

Except Mr. Uday Chitale, none of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolutions.

Item No. 8

Considering the recommendation of the Compensation and Nomination & Remuneration Committee, the Board of Directors at its meeting held on 18th July, 2016, appointed Ms. Tanvi Shete as an Additional Director effective 22nd July, 2016, and she holds office up to the date of this 23rd Annual General Meeting pursuant to the provisions of Section 161 (1) of the Companies Act, 2013 ("the Act").

The Company has received a notice in writing from a Member under the provisions of Section 160 of the Act, along with the requisite deposit, proposing the candidature of Ms. Shete for the office of Director.

Ms. Shete is not disqualified from being appointed as a Director in terms of Section 164 of the Act. The Board considers that the proposed appointment of Ms. Shete as a Non-Executive Director, will be in the best interest of the Company and bring diversity to the composition of the Board.

As required under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, her brief resume is furnished and forms a part of this Notice.

As per Section 152 of the Act and the Rules thereunder, a Director can be appointed with the approval of the Members in the General Meeting. Accordingly, the approval of the Members is sought for the appointment of Ms. Shete as a Non-Executive Director.

Your Directors recommend the Resolution for approval by the Members.

Except Ms. Tanvi Shete and Mr. Sajjan Jindal, Chairman and Managing Director of the Company being Ms. Shete's father, none of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolution.

Item No.9

As per Notification dated 31st December, 2014 issued by the Ministry of Corporate Affairs, the Companies (Cost Records and Audit) Rules, 2014, provisions relating to auditing of cost accounting records are applicable to the Company.

S. R. Bhargave & Co., Cost Accountants (Firm), has been conducting the audit of the cost accounting records of the Company since past many years. The Firm has, as required under Section 141 of the Companies Act, 2013, consented to act as the Cost Auditor of the Company for the financial year 2017-18 and confirmed its eligibility to conduct the audit of the cost accounting records of the Company.

Accordingly, on the recommendation of the Audit Committee, the Board of Directors, at its meeting held on 29th April, 2017, approved appointment of S. R. Bhargave & Co., Cost Accountants, for the conduct of the audit of the cost accounting records of the Company, at a remuneration of ₹1,50,000 plus service tax as applicable and reimbursement of actual travel and out of pocket expenses for the financial year ending 31st March, 2018, subject to ratification by the Members pursuant to the provisions of Section 148 (3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditor) Rules, 2014.

Your Directors recommend the Resolution for ratification by the Members.

None of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolution.

Item No. 10

At the 20th Annual General Meeting held on 23rd July, 2014, Members had accorded approval for the Company to enter into an agreement / transactions for an aggregate value of ₹9,000 crore over a period of 36 months starting from 1st April, 2014, with JSW International Tradecorp Pte. Limited (JSWITPL), Singapore, a JSW group

company, for procuring imported thermal coal in the ordinary course of business and on an arm's length basis.

Pursuant to the said approval, transactions aggregating to ₹6,293 crore were entered into during the period of 36 months.

Out of the 3,140 MW of thermal generation capacity, 2060 MW is primarily based on imported coal for which the Company will need to import about 6.5 to 7 mpta of imported coal every year. At the same time, other verticals of JSW group have also seen significant increase in the volume of business with significant reliance on imports. Considering the substantial requirement of imported thermal coal for the group and in turn to consolidate the procurement of thermal coal aimed at bringing in efficiency of time and costs, a dedicated team had been created for procuring imported coal under JSW International Tradecorp Pte. Limited (JSWITPL) in Singapore for the entire group. This is expected to enable the business verticals to focus on the core business with the procurement of thermal coal being handled on consolidated basis by a separate group company which will be able to negotiate better deals on consolidated volumes, develop better understanding of coal markets, besides reducing the overhead as also financing costs. Accordingly, your Company had entered into an agreement with JSWITPL, a Promoter group company, on 7th March, 2014, for procurement of quality thermal coal originating from Indonesia, South Africa, Australia and Mozambique and other parts of the world, which is still in force / ongoing. The aforesaid arrangement is expected to benefit your Company in the form of reduced overheads and better planning and leveraging of group requirement for cost advantage.

The value of the transactions proposed to be undertaken on an arm's length basis and in the ordinary course of business with JSWITPL with effect from 1st April, 2017 over a period of 36 months, based on the business plan for 3 years duly extrapolated and marked appropriately for any exigencies and price variation, is expected to be ₹9,000 crore.

The transaction, which is at arm's length, and in the ordinary course of business of the Company, being a related party transaction, was approved by the Audit Committee at its meeting held on 28th April, 2017, in terms of Section 177 of the Companies Act, 2013.

Even though approval of the Members would not be required under the provisions of the Companies Act, 2013 for transactions which are in the ordinary course of the Company's business and are at arm's length, the related party transaction envisaged in this Resolution is considered material as per Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, being in excess of 10% of the annual consolidated turnover of the Company and, hence, approval of the Members is sought.

In terms of Section 102 of the Companies Act, 2013, the shareholding interest of the Directors / Key Managerial Personnel of the Company and their relatives in JSWITPL to the extent that such shareholding is in excess of 2%, is set out below:

- a) JSWITPL is a wholly owned subsidiary of Reynold Traders Private Limited (RTPL), a promoter group company.
- b) Ms. Sangita Jindal, wife of Mr. Sajjan Jindal (Promoter and Chairman and Managing Director of the Company), holds 31,97,500 shares representing 99.92% of the total Equity Share capital of RTPL while Ms. Tarini Jindal Handa, daughter of Mr. Sajjan Jindal (Promoter and Chairman and Managing Director of the Company) holds the balance 2,500 shares representing 0.08% of the total Equity Share capital of RTPL.

All related parties shall abstain from voting on this Resolution, irrespective of whether they are a party to the transaction or not.

Your Directors recommend the Resolution for approval by the Members.

Except for Mr. Sajjan Jindal, Ms. Tanvi Shete and their relatives, none of the Directors, Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise in the Resolution.

Item No. 11

The Company, in the ordinary course of its business and on an arm's length basis, undertakes sale of power and other materials, supplies power under a conversion agreement, provides operation and maintenance services, etc. to JSW Steel Limited (JSWSL), a Promoter group company and also purchases from JSWSL fuel, steel and other materials, receives / avails services, etc, besides reimbursement of expenses paid on each other's behalf.

At the 20th Annual General Meeting held on 23rd July, 2014, the Members had accorded approval for the Company to enter into various transactions with JSWSL for an aggregate value of ₹7,500 crore over a period of 36 months starting from 1st April, 2014.

Pursuant to the said approval, transactions aggregating to ₹5,009 crore were entered into during the period of 36 months.

The value of the transactions proposed to be undertaken on an arm's length basis and in the ordinary course of business with JSWSL with effect from 1st April, 2017 over a period of 36 months, based on the business plan for 3 years duly extrapolated and marked appropriately for any exigencies and price variation, is expected to be for ₹8.000 crore.

The transaction, which is at arm's length, and in the ordinary course of business of the Company, being a related party transaction, was approved by the Audit Committee at its meeting held on 28th April, 2017, in terms of section 177 of the Companies Act, 2013

Even though approval of the Members would not be required under the provisions of the Companies Act, 2013 for transactions which are in the ordinary course of the Company's business and are at arm's length, the related party transaction envisaged in this Resolution is considered material as per Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, being in excess of 10% of the annual consolidated turnover of the Company and, hence, approval of the Members is sought.

In terms of Section 102 of the Companies Act, 2013, the shareholding interest of the Directors / Key Managerial Personnel of the Company and their relatives, in JSW Steel Limited (JSWSL) to the extent that such shareholding by each of them is in excess of 2%, is set out below:

Sr. No.	Name of the Director / Key Managerial Personnel of the Company	Number of shares held in excess of 2% in JSW Steel Limited	%
1.	JSW Holdings Limited	17,57,94,230	7.27
2.	Sahyog Holdings Private Limited	10,99,22,360	4.55
3.	Danta Enterprises Private Limited	6,03,68,250	2.50
4.	Virtuous Tradecorp Private Limited	6,03,68,250	2.50

All related parties shall abstain from voting on this Resolution, irrespective of whether they are a party to the transaction or not.

Your Directors recommend the Resolution for approval by the Members.

Except for Mr. Sajjan Jindal, Ms. Tanvi Shete and their relatives, none of the Directors, Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise in the Resolution.

Item No. 12

In terms of Section 42 of the Companies Act, 2013 and Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, a company shall not make a private placement of its securities unless the proposed offer of securities or invitation to subscribe to the securities has been previously approved by the members of the company by a special resolution. In case of an offer or invitation to subscribe to non-convertible debentures on private placement basis, the company can obtain previous approval of its members by means of a special resolution once a year for all the offers or invitations for such non-convertible debentures during the year.

Accordingly, a Special Resolution was passed by the Members at the 22nd Annual General Meeting held on 21st July, 2016 for an amount of ₹5000 Crore, which was valid for one year and pursuant to which, your Company issued non-convertible debentures on private placement basis for ₹500 Crore (Rupees Five hundred Crore).

In order to augment the long term resources for financing, inter alia, the ongoing capital expenditure, for general corporate purposes, etc. the Company may offer or invite subscription to secured / unsecured redeemable non-convertible debentures, in one or more tranches on a private placement basis.

Accordingly, an enabling Resolution, as set out at Item No. 12 of the Notice, is being proposed to borrow funds by offer or invitation to subscribe to secured / unsecured redeemable non-convertible debentures for an amount not exceeding ₹5,000 Crore (Rupees Five Thousand Crore only). This Resolution would be valid for all the offers or invitations for such non-convertible debentures made till the date of the next Annual General Meeting.

The number of debentures to be offered, the parties to whom and the price at which, the debentures are to be offered, will be determined by the Board of Directors of the Company in accordance with applicable law and in consultation with the advisors.

Your Directors recommend the Resolution for approval by the Members.

None of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolution.

Item No. 13

To fund the requirements of capital and revenue expenditure including working capital, to meet long term capital requirements of the Company and its subsidiaries, joint ventures and affiliates, including investment in subsidiaries (including overseas subsidiaries), joint ventures and affiliates, including repayment of debt, towards strengthening the balance sheet of the Company and other general corporate purposes, it is proposed to enable the Board to create, issue, offer and allot Equity Shares, Global Depository Receipts, American Depository Receipts, Foreign Currency Convertible Bonds, Convertible Debentures, Non-Convertible Debentures with warrants and such other securities as stated in the Resolution (the "Securities") at such price as may be deemed appropriate by the Board of Directors at its absolute discretion including the discretion to determine the categories of Investors to whom the issue, offer, and allotment shall be made considering the prevalent market conditions and other relevant factors and wherever necessary, in consultation with Merchant Bankers, Advisors, Underwriters, etc., inclusive of such premium, as may be determined by the Board of Directors in one or more tranche(s), subject to the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 as amended (the "SEBI Regulations") and other applicable laws, rules and regulations.

An enabling Resolution was passed by the Members at the 22nd Annual General Meeting held on 21st July, 2016, for ₹7500 rore which was valid for 12 months and pursuant to which, no amount was raised by the Company.

The Company is in the midst of pursuing various growth opportunities including organic and inorganic opportunities and the Board of Directors believes that it would be necessary to raise funds.

CORPORATE

OVERVIEW

The proposed Resolution enables the Board to issue Securities for an aggregate amount not exceeding ₹7,500 Crore (Rupees Seven Thousand Five Hundred Crore only) or its equivalent in any foreign currency.

The Special Resolution also authorizes the Board of Directors of the Company to undertake a Qualified Institutional Placement ("QIP") to Qualified Institutional Buyers ("QIBs") in the manner prescribed under Chapter VIII of the SEBI (ICDR) Regulations for raising capital. The pricing of the Specified Securities to be issued to QIBs pursuant to the SEBI (ICDR) Regulations shall be freely determined subject to such price not being less than the price calculated in accordance with Chapter VIII of the SEBI (ICDR) Regulations. The Company may, in accordance with applicable law, offer a discount of not more than 5% or such percentage as permitted under applicable law on the price determined in accordance with Chapter VIII of the SEBI (ICDR) Regulations. The "Relevant Date" for this purpose will mean "Relevant Date" as defined under regulation 81(c) of SEBI (ICDR) Regulations.

The detailed terms and conditions for the offer will be determined by the Board in consultation with the Advisors, Merchant Bankers, Underwriters and such other authority or authorities as may be required to be consulted by the Company considering the prevalent market conditions from time to time and in accordance with the applicable provisions of law, rules and regulations and other relevant factors.

The Equity Shares allotted or arising out of conversion of any Securities would be listed. The issue / allotment / conversion of Securities would be subject to the receipt of regulatory approvals, if any. Further the conversion of Securities held by foreign investors, into Equity Shares would be subject to the permissible foreign shareholding limits / cap specified by Reserve Bank of India from time to time.

Section 62(1)(a) of the Companies Act, 2013, provides, inter alia, that when it is proposed to increase the issued capital of a company by allotment of further equity shares, such further equity shares shall be offered to the existing shareholders of such company in the manner laid down therein unless the shareholders by way of a special resolution in a general meeting decide otherwise. Since, the Special Resolution proposed in the Notice may result in the issue of Equity Shares of the Company to persons other than existing shareholders of the Company, consent is being sought pursuant to the provisions of Section 62(1)(c) and other applicable provisions of the Companies Act, 2013 as well as applicable Rules thereunder and the provisions of the Listing Regulations.

The Special Resolution as set out at Item No. 13 of the Notice, if passed, will have the effect of permitting the Board of Director to issue and allot Securities to Investors, who may or may not be existing shareholders of the Company in the manner as set out in Resolution. The Board of Director believes that the proposed Special Resolution is in the interest of the Company.

Your Directors recommend the Resolution for approval by the Members.

None of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolution.

Item No. 14

It is in the interest of the Company to pro-actively arrange long-term funding to meet the planned capital expenditure and for other corporate purposes, including refinancing of expensive debt to reduce interest costs and to meet any unlikely shortfall due to unforeseen circumstances.

It is proposed that the Board of Directors be authorised by way of enabling Resolutions as at Item No. 14 of this Notice, to raise additional long term resources to part finance the Company's capital expenditure needs and / or for other general corporate purposes, including refinancing of expensive debt, depending upon market dynamics by way of issue of non-convertible foreign currency denominated bonds not exceeding US \$ 750 Million (United States Dollar Seven Hundred and Fifty Million only) and / or masala bonds denominated in equivalent Indian currency in the aggregate in the international capital market.

The detailed terms and conditions for the offer will be determined by the Board of Directors in consultation with the Advisors, Merchant Bankers, Underwriters and such other authority or authorities as may be required to be consulted by the Company considering the prevalent market conditions from time to time and in accordance with the applicable provisions of law, rules and regulations and other relevant factors.

The end use of the issue proceeds will be in compliance with applicable laws and regulations.

Your Directors recommend the Resolution for approval by the Members.

None of the Directors, the Key Managerial Personnel of the Company and their relatives, have any concern or interest, financial or otherwise, in the Resolution.

Dividend Distribution Policy

PREFACE

TITLE	DIVIDEND DISTRIBUTION POLICY
VERSION NUMBER	1.00
EFFECTIVE DATE	23.03.2017
AUTHORISED BY	BOARD OF DIRECTORS
NUMBER OF REVISIONS	NONE

1. Objective

The objective of this Policy is to ensure right balance between the quantum of Dividend paid and amount of profits retained in the business for various purposes. Towards this end, the Policy lays down parameters to be considered by the Board of Directors of the Company for declaration of Dividend from time to time.

2. Effective Date

The Board of Directors of the Company, at its meeting held on 23rd March, 2017, has adopted the Dividend Distribution Policy of the Company as required in terms of the Regulation 43A of the Securities and Exchanges Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015. The Policy is effective from the financial year 2016-2017.

3. Regulatory Framework

The Securities Exchange Board of India ("SEBI") on July 8, 2016 inserted Regulation 43A in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, which requires top five hundred listed companies (based on market capitalization of every financial year) to formulate a Dividend Distribution Policy.

Accordingly, JSW Energy Limited, being one of the top five hundred listed companies as per market capitalization as on the last day of the immediately preceding financial year, is required to frame this policy to comply with the requirements of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

4. Definitions

4.1 "Act" shall mean the Companies Act, 2013 including the Rules made thereunder, as amended from time to time.

- **4.2 "Applicable Laws"** shall mean the Companies Act, 2013 and Rules made thereunder, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; as amended from time to time and such other act, rules or regulations which provides for the distribution of Dividend.
- **4.3 "Company"** shall mean JSW Energy Limited.
- **4.4 "Chairman"** shall mean the Chairman of the Board of Directors of the Company.
- 4.5 "Compliance Officer" shall mean the Compliance Officer of the Company appointed by the Board of Directors pursuant to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- **4.6 "Board"** or "Board of Directors" shall mean Board of Directors of the Company.
- **4.7 "Dividend"** shall mean Dividend as defined under the Companies Act, 2013 and includes Interim Dividend.
- **4.8 "JMD & CEO"** shall mean Joint Managing Director and Chief Executive Officer of the Company.
- **4.9 "Policy or this Policy"** shall mean the Dividend Distribution Policy.
- **4.10 "SEBI Regulations"** shall mean the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 together with the circulars issued thereunder, including any statutory modification(s) or reenactment(s) thereof for the time being in force.
- **4.11 "Subsidiary"** shall mean Subsidiary of the Company as defined under the Companies Act, 2013.

5. Parameters for declaration of Dividend

The Board of Directors of the Company, shall consider the following parameters for declaration of Dividend:

5.1 General Guidelines for Dividend Distribution

- a. The Company shall pay dividend (including interim dividend) in compliance with the applicable provisions of the Companies Act, 2013, Rules prescribed thereunder, and any amendments made thereto.
- b. The Board may not recommend dividend if, in its opinion, it is financially not prudent to do so.
- c. If the Company proposes to declare dividend on the basis of parameters in addition to those covered in this policy or proposes to make any changes to any parameters or the dividend distribution policy, it shall disclose such changes along with the rationale for the same in its Annual Report and on its website.

5.2 Financial Parameters / Internal Factors

Before declaring or recommending dividend to shareholders, the Board of Directors would consider appropriate financial parameters like accumulated profit; working capital requirements; capital expenditure requirements; cash flow & liquidity; debt servicing and leverage ratios; outstanding borrowings and repayment schedule; past dividend trends; any other factor deemed fit by the Board.

5.3 External Factors

Before declaring or recommending dividend to shareholders, the Board of Directors would consider relevant external factors like the prevailing legal requirements, regulatory conditions or restrictions laid down under the Applicable Laws including tax laws; macro-economic factors; economic and industry outlook; growth outlook.

5.4 Circumstances under which the shareholders may or may not expect Dividend

The decision regarding dividend payout seeks to balance the dual objectives of appropriately rewarding shareholders through dividends and retaining profits in order to balance capital requirements as enumerated the aforesaid sections in 5.2 and 5.3 respectively. The Equity shareholders may expect dividend only if the Company is having surplus funds and after taking into consideration relevant financial parameters / internal /external factors enumerated in 5.2 and 5.3 above.

The shareholders of the Company may not expect dividend under the following circumstances:

- Significant expansion project requiring higher allocation of capital;
- Significantly higher working capital requirements adversely impacting free cash flow;
- Acquisitions or joint ventures requiring significant allocation of capital;
- d. Proposal for buy back of securities;
- e. Inadequacy of profits or whenever the Company has incurred losses; in particular, where the debt servicing capability can get compromised
- f. Restrictions in loan / NCD agreements on account of covenants therein
- g. Weak industry / business outlook whereby it is prudent in the eyes of the Board to conserve cash than payout dividend.

5.5 Policy on utilization of retained earnings

Retained earnings may be utilized for capital expenditure, acquisitions, expansion or diversification, long term working capital, general corporate purposes or it can be distributed to the shareholders by way of dividend, bonus shares, buy-back of shares or for such other purpose as the Board may deem fit from time to time.

5.6 Parameters adopted with regard to various classes of shares i) General

- The factors and parameters for declaration of dividend to different classes of shares of the Company shall be in compliance with the existing laws, governing the dividend payout.
- The payment of dividend shall be based on the respective rights attached to each class of shares as per their terms of issue.
- c. The dividends shall be paid out of the Company's distributable profits and/or general reserves, and shall be allocated among shareholders on a pro-rata basis according to the number of each type and class of shares held.

42

ii) Dividend on Preference shares

Preference shares shall be entitled to and paid dividend at a fixed rate as per the terms of issue and shall stand in priority to equity shareholders for payment of dividend. In case of Cumulative Preference shares, if the Company is not having distributable profits for any financial year or the Company is not able to pay the dividend, the dividend shall be accumulated and be paid later in accordance with the terms of issue and subject to the provisions of the Companies Act, 2013.

The parameters mentioned in Clause 5.1 to Clause 5.5 shall not apply to determination and declaration of dividend on preference shares issued (if any) by the Company since the same will be as per the terms of issue of such preference shares.

iii) Dividend on Equity shares

Equity shareholders shall be entitled to dividend, interim or final, if declared by the Board of Directors / Shareholders of the Company, as the case may be. Equity dividend shall stand second in priority after payment of dividend to the Preference Shareholders.

At present, the issued and paid-up share capital of the Company comprises only equity shares.

6. Disclosure

The Company shall make appropriate disclosures as required under the SEBI Regulations.

7. General

- 7.1 This Policy would be subject to revision/amendment in accordance with the guidelines as may be issued by the Ministry of Corporate Affairs, the Securities Exchange Board of India or such other regulatory authority as may be authorized, from time to time, on the subject matter.
- 7.2 The Company reserves its right to alter, modify, add, delete or amend any of the provisions of this Policy.
- 7.3 In case of any amendment(s), clarification(s), circular(s) etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then such amendment(s), clarification(s), circular(s) etc. shall prevail upon the provisions hereunder and this Policy shall stand amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

The Company regards its employees across organisational hierarchy as its most valuable and strategic resource and seeks to ensure a high performance work culture through a fair compensation structure, which is linked to Company and individual performance. At JSW Energy Limited (JSW), the compensation is linked to the nature of job, skill and knowledge required to perform the given job in order to achieve Company's overall directive.

In terms of Section 178 of the Companies Act, 2013 and Clause 49 (IV) of the Listing Agreement entered into by the Company with Stock Exchanges, as amended from time to time, the Nomination and Remuneration Committee shall recommend to the Board a policy relating to the remuneration of Directors, Key Managerial Personnel and other Employees and accordingly this policy has been formulated by the Nomination and Remuneration Committee of the Company and approved by the Board of Directors.

I. OBJECTIVES OF REMUNERATION POLICY:

The remuneration for Directors, Key Managerial Personnel (KMP) and other employees of the Company is framed with the following broad objectives:

- Remuneration is reasonable and sufficient to attract, retain and motivate Directors;
- ii. Motivate KMP and other employees and to stimulate excellence in their performance;
- iii. Remuneration is linked to performance;
- iv. Remuneration Policy balances Fixed & Variable Pay and reflects short & long term performance objectives.

II. APPLICABILITY:

The Policy is applicable to

- Directors (Executive and Non-Executive)
- Key Managerial Personnel
- Other employees

III. KEY DEFINITIONS:

- "Board" means Board of Directors of the Company.
- "Directors" mean Directors of the Company.
- "Committee" means Nomination and Remuneration Committee of the Company as constituted or reconstituted by the Board.
- "Company" means JSW Energy Limited.
- "Independent Director" means a director referred to in Section 149 (6) of the Companies Act, 2013 and Clause 49 of the Listing Agreement.
- "Key Managerial Personnel (KMP)" means-
 - (i) the Chief Executive Officer or the Managing Director or the Manager
 - (ii) the Company Secretary

V. POLICY:

General:

- 1. The remuneration / compensation / commission etc. to the Whole-time Director and Managing Director, will be determined by the Committee and recommended to the Board for approval. The remuneration / compensation / commission etc. to the Directors shall be subject to the prior/post approval of the shareholders of the Company and Central Government, wherever required.
- 2. The remuneration and commission to be paid to the Managing Director / Whole-time Director / Executive Director shall be in accordance with the overall limits as percentage / slabs / conditions laid down in the Articles of Association of the Company and as per the provisions of the Companies Act, 2013, and the Schedule V and other applicable rules made thereunder.
- 3. Where any insurance is taken by the Company on behalf of its Managing Director / Wholetime Director / Executive Director, Chief Executive Officer, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty of negligence, default, misfeasance, breach of duty or breach of trust, the premium paid on such insurance shall be treated as part of the remuneration.

Remuneration to Whole-time / Executive / Managing Director:

1. Fixed pay:

The Managing Director / Whole-time Director / Executive Director shall be eligible for a monthly remuneration as may be approved by the Board on the recommendation of the Committee. The break-up of the pay scale (fixed) and quantum of perquisites including, employer's contribution to P.F., pension scheme, Gratuity, medical expenses, LTA, club fees etc. shall be decided and approved by the Board on the recommendation of the Committee. The remuneration paid shall be approved by the shareholders and Central Government, wherever required.

2. Performance Based Remuneration:

In addition to fixed remuneration, the Company may implement a system of performance linked incentives / Variable Pay designed to create a strong relationship between performance and remuneration.

The Company may conduct annual performance appraisals for Managing / Whole Time Director / Executive Director and the Nomination and Remuneration Committee shall recommend to the Board for any variation in the salary within the limits approved / may be approved by the shareholders.

3. Minimum Remuneration:

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managing Director / Whole-time Director / Executive Director in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the approval of the Central Government.

4. Provisions for excess remuneration:

If any Managing Director / Whole-time Director / Executive Director draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Companies Act, 2013 or without the sanction of the Central Government, where required, he / she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it unless permitted by the Central Government.

Remuneration to Non- Executive / Independent Directors:

1. Remuneration / Commission:

The remuneration / commission shall be fixed within the slabs and as per the conditions mentioned in the Articles of Association of the Company and the Companies Act, 2013 and the rules made thereunder.

2. Sitting Fees:

The Non- Executive / Independent Director may receive remuneration by way of fees for attending meetings of Board or Committee thereof. Provided that the amount of such fees shall not exceed the amount approved by the Board of Directors subject to the provisions of the Companies Act, 2013.

Commission:

Commission may be paid within the monetary limit approved by shareholders, subject to the limits computed as per the applicable provisions of the Companies Act, 2013.

4. Stock Options:

Independent Directors, Promoter Directors and Nominee Directors shall not be entitled to any stock option of the Company.

Remuneration to KMP and other employees:

The KMP and other employees of the Company shall be paid remuneration as per the approved policies.

Amendments to the Policy

The Nomination & Remuneration Committee is responsible for monitoring, implementation and review of this policy. The Nomination & Remuneration Committee shall provide recommendations as and when it deems necessary to the Board as to how to effectively structure and make recommendation as and when required to facilitate a remuneration strategy which will meet the needs of the Company.

In case of any amendments / clarifications etc. issued by the relevant authorities, not being consistent with the provisions laid down under this Policy, then this Policy shall stand amended accordingly from the effective date as laid down thereunder.

The compensation for KMP & other employees will be governed by policies implemented by the Company from time to time.

2.3 Board Meetings, Committee Meetings and Procedures:

A. Institutionalised decision making process:

The Board oversees the overall functioning of the Company. It provides and evaluates the strategic direction of the Company, management policies and their effectiveness and ensures that the long-term interests of the stakeholders are being served. In order to effectively perform its responsibility of oversight, the Board has constituted several functional Committees such as Audit Committee, Stakeholders Relationship Committee, Compensation and Nomination & Remuneration Committee, Corporate Social Responsibility Committee, Risk Management Committee, Finance Committee, etc. and constitutes additional functional Committees from time to time depending on the business needs.

The Chairman and Managing Director is assisted by Executive Directors in overseeing the functional matters of the Company.

B. Scheduling and selection of Agenda Items for Board Meetings:

- (i) A minimum of four Board Meetings are held every year. Additional meetings are held to meet business exigencies or urgent matters, and where permitted, Resolutions are passed by Circulation. Dates for the Board Meetings in the ensuing year are decided well in advance.
- (ii) Presentations are regularly made to the Board covering the outlook and economy in general and the industry in particular in addition to the Company's financials, operations, business strategy, risk management practices for identification of risks and mitigation thereof, subsidiary companies' performance, etc.

C. Distribution of Board Agenda Material:

The Agenda, along with the explanatory notes, including information as specified in Part A of Schedule II to the Listing Regulations,

68

CORPORATE **OVERVIEW**

> is circulated to the Directors in advance for facilitating meaningful and focused discussions at the meeting. Where it is not practicable to circulate any document in advance, the same is tabled before the meeting with permission of the Chairman. In special and exceptional circumstances, additional or supplementary item(s) on the Agenda are considered.

Recording Minutes of proceedings of meetings:

Draft minutes are prepared, circulated to all the Directors for their comments, finalised and entered in the Minutes Book by the Company Secretary and, thereafter, signed by the Chairman, in accordance with the applicable Secretarial Standard.

Separate meeting of Independent Directors:

Pursuant to Schedule IV of the Companies Act, 2013, and the Rules made thereunder and Regulation 25 of the Listing Regulations, a meeting of the Independent Directors without the presence of Non-Independent Directors and members of the Management of the Company, was held on 23rd March, 2017. All 5 Independent Directors of the Company were present for this meeting.

The Independent Directors reviewed the performance of the Non-Independent Directors, the Board as a whole and the performance of the Chairman of the Board, taking into account the views of the Executive and the Non-Executive Directors.

Management Discussion & Analysis

JSW Energy Limited, part of the JSW Group, is an integrated power generation company in India with operations across the States of Karnataka, Maharashtra, Rajasthan and Himachal Pradesh. The Company has operational generation capacity of 4,531 MW and is also involved in power transmission, mining, power trading and equipment manufacturing. The company has mining assets in South Africa and is exploring opportunities to set up power plants in the African region. JSW Energy has one of the strongest balance sheets among power companies in India and a long term vision to achieve 10,000 MW of generation capacity.

The industry environment this year was characterized by weak power demand leading to low offtake, declining tariffs and rising cost of imported coal. This impacted the Company's standalone business which sells largely in the merchant market and is dependent on imported coal. However, on a consolidated level, the subsidiaries viz. RWPL (lignite power project) and HBPCL (hydro power projects), both of which have long term PPAs, as well as the transmission project, supported the business, thereby insulating JSW Energy to a large extent.

Going forward, the Company is renewing its focus on cost optimization and as part of this, planning to utilise domestic coal in its coal mix at the Vijayanagar and Ratnagiri plants. In addition, the Company is streamlining all the other cost elements like 0&M and financing costs to achieve maximum cost efficiencies. The Company is also undertaking rigorous efforts to tie-up its open generation capacity through various offtake arrangements, including PPAs with group captives and DISCOMS. JSW Energy is also exploring new opportunities in new business areas like renewable energy, transmission and distribution segments.

Global Economy

Global GDP growth slowed further in 2016, largely driven by the advanced economies; while the emerging and developing economies (EMDEs) remained relatively resilient. However, economic activity rebounded in the second half of the year in the advanced economies along with recovery in manufacturing. The United States saw stronger growth in employment and improving consumer confidence. Growth in the Euro area was stable with steady growth in manufacturing activities and global exports. Unemployment rate in this region, although declining, remains at higher than structural levels. Domestic demand remained steady in the United Kingdom despite the Brexit vote. Japan also grew steadily with support from exports as well as domestic investments. Growth in China was supported by continued policy stimulus. However, countries such as Argentina, Brazil and Turkey remained in recession. Activity in Russia improved slightly with firmer oil prices.

World Bank predicts the growth to improve in 2017 across the developed and EMDEs. Global GDP growth is expected to accelerate to 2.7% in 2017 from 2.4% in 2016 (Source: World Bank); while advanced economies and EMDEs are expected to grow at 1.9% and 4.1% in 2017 vis-à-vis 1.7% and 3.5% respectively in the previous year. The developed economies are expected to see uptrend in economic activities driven by improving investments, strengthening domestic demand and exports. While the monetary policy in the USA is tightening slightly, it remains accommodative in the Euro area and benign inflation rates remain a strong support. The commodity exporting countries are also expected to regain growth with firmer prices and steady demand. However, increasing trade protectionism and geopolitical uncertainties can pose risks to growth.

Indian Economy

India continued to remain a bright spot with growth remaining strong amidst global headwinds and major policy reforms in the country. The economy grew at 7.1% in FY 2017, dragged down by the effects of weak private investment and demonetisation. However, World Bank predicts that growth will accelerate progressively in the coming years. In PPP terms, India is the third largest economy in the world with a GDP of USD 9.49 trillion.

FY 2017 was marked by bold policy moves on the part of the government. Passage of the constitutional amendment to introduce GST will help avoid cascading tax burden, ease of doing business and create a pan-India market place. It will also improve formalisation of the shadow economy, improve tax compliance as well as tax base and boost growth in the long run. The sudden and unexpected measure of demonetisation seemingly affected growth in the later part of the year. But it has the potential to boost tax compliance, improve formal system liquidity and economic growth in the long run. Government's initiatives on direct benefit transfer will also reduce leakages in the system and support efficient development of the targeted sectors.

The budget laid considerable emphasis on infrastructure growth to accelerate economic and social activities. This should spur investment by the public sector and in turn should help growth spending by the private sector. The monsoon is expected to be normal this year and should alleviate the problems of rain deficit in certain parts of the country. With effects of demonetisation steadily waning, the economy is expected to get a boost through growth in agriculture, infrastructure and healthy consumer spending in the coming quarters. Inflation continues to remain contained providing tailwind for economic growth.

Thermal Coal Review

Global Perspective

Growth in global coal demand is expected to slow to 0.2% p.a. going forward versus 2.7% p.a. over the past 20 years (Source: BP Energy Outlook 2017). This weakening has been attributed to a shift in governmental policy across the globe, with an increasing endeavour to move from coal towards greener and low-carbon fuels aimed at reducing the carbon footprint. As a result, conventional power capacity addition is falling steadily. Much of the expected reduction in coal demand in future is attributable to China as deteriorating pollution propels the economy to adjust to a more sustainable pattern of growth and government consciously moves away from coal towards cleaner, lower-carbon fuels. China's coal consumption is projected to broadly plateau over the next 20 years. Although coal fired power generation in India is expected to grow as the economy expands at a faster pace, reliance on imported coal is steadily declining. So, along with steady decline in coal demand from the developed nations, lack of growth drivers for coal from emerging economies points towards declining demand for coal in the coming years. Technological breakthrough resulting in further drastic fall in the cost of renewable energy may accelerate the decline in coal demand.

Indian Perspective

In FY 2016-17 Coal India Limited (CIL) produced 554.1 million tonnes (MT) of coal, a growth of 3.3% over the previous year. CIL, which accounts for over 80% of the domestic production, is aiming to ramp up its output to 1 billion tonnes by 2020. Moreover, CIL aims to target coastal power plants by offering them a mix of high energy and low energy content coal which can replace their requirement for imports.

Capacity Review

According to CEA, the total installed capacity as on March 2017 was around 327 GW. The private sector contributed around 44% to the total installed capacity.

All India Installed Capacity - Sector-wise (As on 31st March, 2017) in GW

Type/ Sector	State	Private	Central	Total
Thermal	72.3	84.2	61.8	218.3
Hydro	29.7	3.1	11.7	44.5

Nuclear	-	-	6.8	6.8
Total	104.0	142.6	80.3	326.8

Source: Central Electricity Authority (CEA)

During FY 2017, the Indian power sector achieved a total capacity addition of 24.8 GW. The renewable energy sector capacity addition of 14.4 GW in fiscal 2017 surpassed the capacity addition in all other sectors put together. In the last fiscal, thermal power capacity addition was 7.7 GW, hydro capacity addition was 1.7 GW and nuclear capacity addition was 1 GW. According to the Ministry of New & Renewable Energy (MNRE), this record capacity addition in renewable space was led by wind and solar power capacity additions at 5.4 GW and 5.5 GW respectively reflecting the focus and policy push of the government as well as the competitive keenness of the industry players.

All India Power Generation

During the period April 2016-March 2017, total power generation in the country (including renewable power) increased by 5.8%. Power utilities, cumulatively generated 1,241.7 billion units in April 2016-March 2017 versus 1,173.6 billion units generated in the same period last fiscal. Thermal power stations recorded 5.34% growth in total power generation while renewable power

generation surged as much as 24.46%, albeit on a low base.

Type / Sector	April 2016- March 2017 (BU)	April 2015- March 2016 (BU)	% Change

India Power Supply & Demand Review

The power deficit position improved to -0.7% in FY17 from -2.1% in FY16 led by significantly improved availability of power and slower demand growth in the country. Despite this easing of the deficit situation, per capita power consumption in India remains poor at 1,075 kWh per annum (in FY16) which is about 1/3rd of world average. Power cuts continue in several key states, including Haryana, UP and Bihar. Currently, about 25% of the households i.e. around 45.2 million households, are yet to be electrified in India.

Power Demand - Supply Position in FY17

State	FY17 Requirement (MU)	FY17 Availability (MU)	Surplus/ Deficit (%)
North	349,172	343,513	-1.6%
West	345, 247	345,127	0.0%
South	305,588	305,106	-0.2%
East	127,783	126,867	-0.7%
North-East	15,140	14,720	-2.8%
All India	1,142,928	1,135,332	-0.7%

Source: CEA

For FY 2017, Government estimates show that the average PLF of the thermal power stations in the country has hit a 24-year low of 59.88%. A combination of sluggish demand from industrial sector, large thermal capacity addition in last 5 years and the improvement in generation from renewable projects has impacted the country's energy mix sharply. However, there is a high ratio of latent demand that is not being adequately recognised by the government. The power sector may soon be battling with a situation of over supply if initiatives are not introduced to cater to the latent demand in the country.

Recently, the on-ground impact of UDAY is starting to trickle in, which may help offset the oversupply

pressures as with a steady improvement in the paying abilities of the various utilities across the country, there is likely to be an uptick in demand, that could potentially aid the industry.

Government Initiatives

National Tariff Policy

The National Tariff Policy of 2006 was revised in 2016, to ensure availability of electricity to consumers at reasonable and competitive rate. The amendment is aimed at ensuring financial viability of the sector and attract investments, by promoting competition, efficiency in operations and improvement in quality of supply.

The policy aims to create a win-win situation for the consumer, producer and distributor. The intent is to make power available 24×7 to all consumers, while addressing other aspects including say, time-of-the-day, net-metering and mainstreaming of renewable energy projects.

As a relief to the DISCOMS, the policy allows power producers to sell power that states or state utilities fail to procure, through exchanges, which would help reduce the burden of distribution companies to pay fixed cost for failing to procure power.

Domestic and Street LED lighting program

In order to encourage use of energy efficient technology across the country, the Ministry of Power has launched Unnat Jyoti by Affordable LED for All (UJALA) Yojana. The scheme aims to replace around 770 million incandescent domestic bulbs with energy efficient LED bulbs in the country. Moreover, 35 million street lightings are also being replaced with energy efficient LED street lights in the country. Under the UJALA Yojana, around 240 million LED bulbs have been distributed by June 9, 2017.

Ujwal DISCOM Assurance Yojana (UDAY)

The Ujwal DISCOM Assurance Yojana (UDAY) was formulated and launched by the Government in 2015 for the financial and operational turnaround of State owned DISCOMS. The scheme UDAY envisages reform measures in all sectors – generation, transmission, distribution, coal, and energy efficiency.

The scheme has substantially restored the financial health of DISCOMS, as almost 75% of the debt has been transferred to the state governments and the interest cost burden has been reduced on the remaining 25% debt. This has significantly improved the balance sheet and liquidity profile of DISCOMS.

Sector Challenges

In the recent years, the Indian power sector has been hit by the worsening demand-supply scenario (as reflected in the sharply reduced deficit level) leading to decline in merchant power tariff. The respective state DISCOMS have generally shied away from signing long term PPAs for thermal power plants thereby severely impacting the visibility of cash flows of plants with significant untied capacity.

The focus of capacity addition has turned to renewable for the power industry. The tariff in each subsequent solar power bid have also been falling rapidly over the last few months with the latest 500 MW auction conducted by Solar Energy Corporation of India in May 2017 in Bhadla solar park concluded at a fixed yearly tariff of ₹ 2.44/unit. While this is enabled in part due to falling solar module prices, intense competition, reduced financing cost and project-specific positives, the sustainability of such low tariffs and the viability of the business models of solar projects at such low tariffs may be in serious question in our view. Solar power developers may be factoring in unrealistic assumptions in terms of solar module prices, rupee depreciation and cost of capital which may not fully materialize thereby posing the risk of sub-par returns in the long term.

In addition, while private sector capacity addition is expected to drop sharply, the central sector's capacity addition continues to remain significant thereby leading to delay in the rebalancing of the market. Emphasis on highly energy efficient LED lights can also lead to significant demand erosion (upto 20 GW potentially) over time

Outlook

India is firmly on a growth path and government's focus on infrastructure, housing, manufacturing bodes well for the electricity demand in the country in the long run. To reinvigorate the ailing DISCOMS, government has introduced UDAY scheme and most of the states have already joined it. The DISCOMS should be able to gradually improve their performance if they continue to pursue the prescribed operational reforms. The new government in Uttar Pradesh (UP) has already embarked upon a program to accelerate the availability of 24x7 power for all citizens and it is expected that other states will follow the UP example. This should lead to a robust growth in demand, which has otherwise been subdued in the recent years.

Through enhanced availability of domestic coal, government is trying to reduce reliance on imported coal. The Government is also in the midst of introducing measures (viz. the SHAKTI Scheme cleared by Cabinet in May 2017) to increase domestic coal availability through coal linkages from Coal India on a long term basis. The SHAKTI scheme, which replaces the previous LOA based allocation method, aims to auction coal linkages to private sector power generators. This would ensure regularity of supplies and reduction of cost of

generation for the power producers, and in turn, benefit the consumers. The government has also introduced stricter norms for emission from power plants. Through accelerated decommissioning of old, inefficient and polluting plants, the government can partly address the overcapacity situation in the sector, which has been exacerbated by low power demand in the recent years.

Renewable energy, especially solar power has seen frenzy of activities in the recent times with auction based tariff bids reaching all-time lows. Although part of the reduction can be attributed to a variety of factors, it also raises questions on the long term viability of projects at such low tariffs. Government has set ambitious targets for setting up renewable capacities in India and the health of the projects will be a crucial factor to achieve the long term goal.

Company Overview

JSW Energy Limited is an India-based integrated power company primarily engaged in generation and sale of power. The Company either by itself or through its subsidiaries / joint ventures / associates is engaged in power generation, power transmission, mining, power trading and equipment manufacturing. JSW Energy operates 4,531 MW (Thermal - 3,140 MW and Hydel -1,391 MW) of power generation capacity with long term vision to achieve 10,000 MW in power generation capacity. In less than a decade of its operations the company has crossed several milestones working on power solutions in the States of Karnataka, Maharashtra, Rajasthan and Himachal Pradesh.

The Company's strategic approach aims at presence in multiple geographic locations, having a diversified fuel source and prudent power off-take arrangements. With a sole objective of electrifying emerging regions of the country, JSW Energy has been committed to sustainable business practices and inclusive growth.

Competitive Advantages Efficient operating assets

JSW Energy has boasted of the best run thermal power plants in India on a consistent basis. The Vijayanagar plant has been consistently recognised as a top performing operating power plant by the Ministry of Power for eight consecutive years. Moreover, the Company's prudent governance and benchmark 0&M practice has resulted in consistently higher PLFs.

Efficient Capital Allocation

The Company has been able to efficiently allocate capital and set up capacities at lower cost than industry peers. This has been accomplished by leveraging upon JSW Energy' strong project execution and project management expertise.

Robust balance-sheet

A strong balance-sheet, proven operational efficiency and stable cash flow provides a strong competitive advantage to capture market opportunities without excessive risk.

Operational Review

In FY 2016-17, JSW Energy' net generation stood at 21,631 MUs versus 22,064 MUs in the previous year. Despite a slowdown in the demand cycle, the Company could maintain the total Income from operations at ₹ 8,263.43 crore, as against ₹ 9,824.49 crore in the previous year.

The deemed Plant Load Factor was at 66 % for FY 2016-17 as against 75% for FY 2015-16.

Total		21,631		22,064

Operational performance during 2016-17 at the respective locations were as under:

Vijayanagar

Plant load factor: In the year ended 31st March, 2017 the plant achieved an average PLF of 59% as against 89% in the previous year.

Total power generated: 4,415 MUs

Power Sales: Primarily to Karnataka DISCOMS, JSW Steel Ltd and JSW Cement Ltd

Key strengths of the plant:

- Located in Southern region which has traditionally seen higher demand for power
- Low cost and operationally strong Plant leading to lower 0&M cost and higher PLF efficiency.

Ratnagiri

Plant load factor: The plant operated at an average deemed PLF of 70% in FY2016-17 as against an average deemed PLF of 85% in the corresponding previous year.

Total power generated: 6,682 MUs

Power Sales: Primarily to CPP consumers and MSEDCL

Key strengths of the plant:

- Located near the Jaigad port thus saving on coal transportation costs
- Nearly 40% of the capacity has been tied up with CPP Consumers ensuring recovery of its fixed cost to that extent.

Barmer

Plant load factor: In the FY 2016-17, the plant achieved an average deemed PLF of 84% as against an average deemed PLF of 85% in the previous year.

Total power generated: 6,622 MUs

Power Sold to: Rajasthan DISCOMS

Key strengths of the plant

- Assured availability of fuel (lignite) being a pit head based power plant
- Long term PPA with DISCOMS for full capacity ensuring full recovery of the fuel cost and fixed cost based on tariff under Section 62 of Electricity Act, 2003

Hydro Power Plants: Baspa-II

Plant load factor: The plant achieved an average PLF of 51% for the FY 2016-17 as against 26% in the previous year (i.e. from the date of acquisition in September 2015).

Total power generated: 1,343 MUs

Power Sold to: Himachal Pradesh State Electricity Board (HPSEB)

Key strength of the plant:

 100% power tied up with HPSEB ensuring full recovery of fixed cost on design energy

Karcham Wangtoo

Plant load factor: The plant achieved an average PLF of 50% for the FY 2016-17 as against 27% in the previous year (i.e. from the date of acquisition in September 2015).

Total power generated: 4,372 MUs

Power Sold to: Uttar Pradesh, Rajasthan, Haryana and Punjab (expected to commence in FY 2018) through long term PPA with PTC India Ltd

Key strength of the plant:

- Long term PPA for almost 2/3rd capacity tied up with various DISCOMS under CERC regulations.

Financial Review

The Company has adopted Indian Accounting Standards (IND AS) from 1st April, 2016. The date of transition from previous GAAP to IND AS is 1st April, 2015. The figures for the year ended 31st March, 2016 have been restated to comply with IND AS.

Standalone financial performance

On the back of increasing raw material cost and lower PLF, the company's standalone Profit for the year reduced from ₹ 1,182.07 crore in FY 2015-16 to ₹ 194.75 crore in FY 2016-17. The EBITDA (before exceptional items) also declined to ₹ 1,233.82 crore in FY 2016-17 from ₹ 2,560.69 crore in the previous year.

Revenue from sale of power has reduced on a Y-o-Y basis due to lower quantum of merchant sales and lower realisations. In FY 2016-17, the sale of power declined to ₹3,823.31 crore from ₹5,643.71 crore in the previous year. However, revenue from sale of services has increased from ₹ 149.87 crore in FY 2015-16 to ₹ 152.79 crore in FY 2016-17, due to higher operator fees realised from O&M services.

Consolidated Financial Review

The decline in generation and merchant tariffs and a rise in international coal prices have impacted the Company's consolidated financial performance. In FY 2016-17, the Company's total Income from operations declined by 16% and stood at ₹ 8,263.43 crore as against ₹ 9,824.49 crore over the previous year. The Company has earned an EBITDA (before exceptional items) of ₹ 3,541.36 crore, down by 17% over the previous year primarily due to drop in generation and lower merchant realisations coupled with increase in international coal prices. The Company earned a consolidated profit of ₹ 629.03 crore during the year as against ₹ 1,447.36

90

crore in the previous year. Total comprehensive income of the Company for the year stands at ₹ 1061.12 crore as against ₹ 1,711.39 crore in the previous year.

The Consolidated Net Worth and Consolidated Net Debt as at March 31, 2017 were ₹ 10,368.46 crore and ₹ 13,383.46 crore respectively resulting in a Net Debt to Equity ratio of 1.29 times.

Acquisitions Update

JSW Energy has signed firm agreements with Jaiprakash Power Ventures Limited (JPVL) and Jindal Steel and Power Limited (JSPL) to acquire Bina (500 MW) and Tamnar (1GW) projects respectively. However, the recent SDR/debt restructuring of JPVL has delayed the Bina acquisition as JPVL's lenders are yet to approve the same. On May 12, 2017, the Company and JPVL have agreed to extend the long stop date of the Bina acquisition to December 31, 2017 from May 31, 2017 earlier. The Tamnar acquisition is on track and expected to close before the long stop date of June 30, 2018. For the Tamnar asset, the Company has paid an interest-bearing advance of about ₹ 373 crore to JSPL as on March 31, 2017 against the shareholder approved limit of ₹ 500 crore.

Risk Management

The company has been following the globally recognized Committee of Sponsoring Organisations (COSO) framework of Risk Management to proactively manage risks and opportunities that impact organizational objectives.

The relevant risks are identified, assessed and then responded. The framework provides for:

- Timely identification, communication and assessment of risks and opportunities.
- Risk ownership aimed at comprehensive coverage, impact assessment, proactive action and regular tracking.
- Training of all risk owners with a view to embedding risk intelligence in:
 - a. Decision making to ensure prudence
 - Performance to ensure competence and accountability
- Timely escalation to the Directors' Committee for risk oversight to ensure prioritization of initiatives and allocation of resources in line with enterprise objectives.
- Independent review through risk based audit.

Power offtake

With supply outpacing demand in the medium term, merchant tariffs have been under constant pressure. With the DISCOMS adhering to strict fiscal discipline leading to deferment of power procurement, power demand has taken a hit. In states such as Maharashtra, the high cross subsidy charge has served as a big deterrent to the direct sale of power to industrial consumers. Transmission corridor related bottlenecks, especially pertaining to sales to the power deficit southern region has also served as a major dampener.

Response Plan

- Focus on enhancing the sale through long term PPAs and through captive route.
- Tracking various opportunities for sale of power to utilities in the home states as well as others.
- Focus on ensuring an optimum mix of medium, short and long term arrangements.

Fuel

Company is currently using imported coal from countries like Indonesia, South Africa, and Australia. The interruption in supply of coal due to regulatory changes, weather conditions in the sourcing country, strike by mine workers & closure of mines due to force-majeure can impact the availability and/or cost of coal.

Response Plan

The company regularly broadens the sources (countries/vendors) and maintains the optimum fuel mix & stock level. The Company is planning to utilise domestic coal in its coal mix at the Vijayanagar and Ratnagiri plants.

The required domestic coal is proposed to be obtained through the forward e-Auctions of coal conducted by Coal India from time to time. In this regard, the Company has already secured the necessary approvals from the Ministry of Environment, Forest and Climate Change to blend upto 50% domestic coal for the Vijayanagar plant as well as the consent to operate for the same. The Company is in the midst of securing the necessary approvals to blend domestic coal for the Ratnagiri plant as well.

Rupee-dollar fluctuation

Foreign exchange fluctuations can affect cost of coal and in turn the company margins.

Response Plan

Prudent hedging strategies to mitigate the risk of foreign exchange fluctuations

Human Resource Management

At JSW Energy, Human Resources management follows an integrated approach to link People, Strategy and Performance. The HR at JSW Energy has been enabling the business achieve its goals with a strong talent pool of about 2,000 employees.

Key HR Initiatives:

JSW Energy focuses on nurturing employees both on technical and behavioural front. In a very scientific manner, the training and development needs of the individual employees are documented in line with the company objectives and then imparted in a planned manner.

Some of the initiatives include:

Chairman's Rolling Trophy

Keeping with the objective to create a clean, green and safe work environment, this initiative has vitalised the workplace, bolstered employee engagement and helped improve the standards in the respective areas viz. safety, environment, housekeeping and production.

Future Fit Program

With a vision of expansion in existing and new business verticals, there is a strong focus on scouting for In-House Leaders, developing and nurturing them. Future-Fit program was launched, under which 63 executives across the levels underwent a year-long developmental journey from the worlds' best institutes like ISB, Cornell University to hone their leadership skills further and stock their capabilities with latest business tools and tackles.

Peer Group Meet

At JSW Energy, Peer Groups (from various departments) of our different plants meet at regular frequency and discuss their best practices as well as seek solutions for different technical issues. This has emerged as a very good knowledge sharing platform and everyone participates in resolving the problems of any particular plant.

WILP

Work Integrated Learning Programme (WILP), is a three-year BS (Power) programme in collaboration with BITS (Pilani), which has been immensely popular among Diploma holders. As of now, 44 employees have graduated under this programme and 55 are enrolled in various stages of the same. This not only helps them further their career aspirations but also attune them to find innovative solutions to the existing problems with speed and cost effectiveness. Moreover there is a sixmonth certification Course on "Regulatory Framework & Commercial aspects of Indian Power Sector", which has been conducted in collaboration with NPTI for past three consecutive years. This has helped more than 30 participants to enhance their knowledge in the Regulatory aspects of Power Sector.

Umang

Umang, an employee engagement initiative in its fifth year, has been instrumental in fostering inclusion, boosting camaraderie and has led to breeding innovation.

JSW Energy Centre of Excellence (JSWECE)

The Company runs JSWECE at the O.P. Jindal Centre, Vijayanagar, where the PC-based dynamic, High-fidelity 300 MW Thermal Power Plant Simulator, is used to train the engineers to take up bigger responsibilities at the desk, in the power plant. The trained and experienced staff of JSWECE help the engineers at all the three locations – Barmer, Vijayanagar, and Ratnagiri – with tailor-made special programmes to address their real time issues. The centre also conducts open programmes for other corporates, which witness high % attendance and encouraging feedback.

Corporate Social Responsibility

JSW Energy believes in inclusive growth to facilitate creation of a value-based and empowered society through continuous and purposeful engagement with society around.

With a strong belief in inclusive growth and engaging communities to achieve equal social and economic opportunities, JSW Energy is working towards eradicating poverty and hunger, tackling malnutrition, promoting social development, addressing social inequalities by empowering the vulnerable section of society, addressing environmental issues, preserving national heritage and promoting sports training.

JSW Energy is committed to:

- Continue allocating at least 2% of Profit Before Tax (PBT) towards special corpus for Corporate Social Responsibility as per the categories of the Companies Act, 2013
- Transparent and accountable system for social

development and impact assessments through an external agency

- Concentrate on community needs and perceptions through social processes and related infrastructure development
- Provide special thrust towards empowerment of women through a process of social inclusion
- Promote arts, culture and sports and conserve cultural heritage
- Spread the culture of volunteerism through the process of social engagement

CSR Framework

The Group's central CSR body JSW Foundation administers the planning and implementation of the company's CSR interventions. A separate corpus has been created and is administered by a Committee appointed by the Board. All the CSR initiatives are approved by the committee and the same are reviewed periodically at different level.

Taking a note of the importance of synergy and interdependence at various levels, JSW Energy has adopted a strategy that combines working with multistakeholders as well as directly, depending on the appropriateness and some of this are:

- Priority is given to the villages in the immediate vicinity of the plant locations defined as Direct Influence Zone (DIZ). The policy enables plants to define their own DIZ with the provision that this could be expanded as per the size of operations. However, certain programs might be expanded beyond this geographical purview and upscaled. This context is defined as Indirect Influence Zone (IIZ)
- All the interventions shall be formulated based on need assessment using different quantitative and qualitative methods that lead to measurable impact
- All these interventions shall be implemented either directly or in partnership with both Government and civil society organizations at various levels.
- All the interventions shall be adopted based on concurrent evaluation and knowledge management through process documentation and sharing
- Social Mobilization, advocacy at various levels, and/ or appropriate policy changes shall form part of the interventions in each sector

Internal Control Systems and Audit

Overview

A robust system of internal control, commensurate with the size and nature of its business, forms an integral part of the Company's corporate governance policies.

Internal control

The Company has a proper and adequate system of internal control commensurate with the size and nature of its business. Internal control systems are an integral part of JSW Energy's corporate governance structure. Some significant features of the internal control systems are:

- Adequate documentation of policies, guidelines, authority and approval procedures covering all the important functions of the company.
- Deployment of an ERP system which covers most of its operations and is supported by a defined online authorisation protocol.
- Ensuring complete compliance with laws, regulations, standards and internal procedures and systems.
- De-risking the company's assets and resources as well as protecting them from any loss.

- Ensuring the integrity of the accounting systems, the proper and authorised recording and reporting of all transactions.
- Preparation and monitoring of annual budgets for all operating and service functions.
- Ensuring reliability of all financial and operational information.
- The Audit committee of the Board of Directors, comprising of Independent Directors, regularly reviews audit plans, significant audit findings, adequacy of internal controls and compliance with Accounting Standards.
- A comprehensive Information Security Policy and continuous updation of IT Systems

The internal control systems and procedures are designed to assist in the identification and management of risks, the procedure-led verification of all compliances as well as an enhanced control consciousness.

Internal audit

JSW Energy Ltd. has an internal audit function that inculcates global best standards and practices of international majors into the Indian operations. The Company has a strong internal audit department reporting to the Audit Committee comprising Independent / Nominee Directors who are experts in their respective fields. The Company successfully integrated the COSO framework with its audit process to enhance the quality of its financial reporting, compatible with business ethics, effective controls and governance.

The Company extensively practices delegation of authority across its team, which creates effective checks and balances within the system to arrest all possible gaps within the system. The internal audit team has access to all information in the organisation which has been largely facilitated by the ERP implementation across the organisation.

Audit plan and execution

The Internal Audit department prepares a risk-based

Audit Plan and the frequency of audit is decided based on the risk ratings of the respective areas/functions. The Audit plan is approved by the Audit Committee and executed by the internal team. It is reviewed periodically to include areas which have assumed significance in line with the emerging industry trends and the aggressive growth of the company. In addition, the Audit Committee also places reliance on internal customer feedback and other external events for inclusion of additional areas into the audit plan.

Internal Financial Controls

As per Section 134(5)(e) of the Companies Act, 2013, the Directors have an overall responsibility for ensuring that the Company has implemented robust system and framework of Internal Financial Controls. This provides the Directors with reasonable assurance regarding the adequacy and operating effectiveness of controls with regards to reporting, operational and compliance risks. The Company has devised appropriate systems and framework including proper delegation of authority, policies and procedures, effective IT systems aligned to business requirements, risk based internal audits, risk management framework and whistle blower mechanism.

The Company had already developed and implemented a framework for ensuring internal controls over financial reporting. This framework includes entity level policies, processes and operating level standard operating procedures.

The entity level policies includes anti-fraud policies (like code of conduct, conflict of interest, confidentiality and whistle blower policy) and other policies (like organization structure, insider trading policy, HR policy, IT security policy, treasury policy and business continuity and disaster recovery plan). The company has also prepared Standard Operating Procedures (SOP) for each of its processes like procure to pay, order to cash, hire to retire, treasury, fixed assets, inventory, manufacturing operations etc.

During the year, controls were tested and no reportable material weaknesses in design and effectiveness was observed.

We have audited the internal financial controls over financial reporting of JSW Energy Limited ("the Company") as of 31st March, 2017 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Abridged Financial Statements

Annexure I

1 Basis of preparation:

These abridged financial statements have been prepared on the basis of the complete set of financial statements for the year ended 31st March, 2017, in accordance with the proviso to Sub-section (1) of Section 136 of the Companies Act, 2013 ("the Act") and Rule 10 of the Companies (Accounts) Rules, 2014.

2 Summary of Significant accounting policies:

The significant accounting policies used in preparing the annual financial statements in accordance with the Indian Accounting Standards ("IND AS") prescribed under Section 133 of the Act read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Accounting Standards) Amendment Rules, 2016 are set out in Note 3 to the annual financial statements.

3 Trade receivable [Refer note no 40 of the standalone financial statements]:

- i) The Company was supplying power to Karnataka Power Transmission Corporation Limited (KPTCL) on the basis of the rate approved by Government of Karnataka, which was incorporated in the Power Purchase Agreement (PPA), dated 27th November, 2000. On the application by KPTCL to Karnataka Electricity Regulatory Commission (KERC) for approval of PPA, KERC had passed Order in July, 2002 reducing the tariff retrospectively from 1st August, 2000. The Parent Company's appeal against the said Order has been decided in favour of the Company by the Honourable Karnataka High Court vide its Order dated 8th April, 2004. KPTCL and KERC filed Special Leave Petition before the Honourable Supreme Court challenging the Order of Honourable Karnataka High Court. As against the outstanding amount of ₹ 105.35 crore, in terms of the interim order dated 23rd January, 2007 of Honourable Supreme Court, KPTCL paid ₹ 100.00 crore against bank guarantee provided by the Company. The balance amount of ₹ 5.35 crore (Previous Year ₹ 5.35 crore) due from KPTCL is included in trade receivables and considered as good and recoverable.
- ii) Maharashtra State Electricity Distribution Company Limited (MSEDCL) unilaterally deducted ₹ 16.44 crore, towards import of power, from the receivables of power supplies made by the Company, which is not in accordance with the provisions of Power Purchase Agreement. The Company has not accepted the claims of MSEDCL and filed a petition with Maharashtra Electricity Regulatory Commission (MERC). The case is pending with the MERC for adjudication. The trade receivables are considered good and hence no provision for doubtful debt is considered by the Company.

4 Non-current Investments [Refer note no 6 of the standalone financial statements]:

As at 31st March, 2017 the book value and market value of quoted investments is ₹ Nil (as at 31st March, 2016 ₹ Nil; as at 1st April, 2015 ₹ 0.75 crore).

Contingent consideration

As per the terms of securities purchase agreement (SPA), amount aggregating to ₹ 636.50 crore payable to JPVL, upon happening of certain future events, towards trade receivables, entry tax and differential project cost, has been considered as contingent consideration. There will be probable cash outflows on account of the same.

As per the terms of the SPA, an additional consideration of $\ref{300}$ crore shall be payable to JPVL upon receipt of certain additional consents and approvals related to the installed capacity of 1,091 MW Karcham Wangtoo HEP on or before 6^{th} September, 2020.

10 Scheme of arrangement [Refer note no. 32 of the standalone financial statements]:

The Scheme of arrangement under Section 391 to 394 of the Companies Act, 1956 has been entered into between the Company and its subsidiaries, JSW Power Trading Company Limited and JSW Green Energy Limited:

The Scheme provides for:

- Demerger of the Power Trading Business of JSWPTC to JSWGEL;
- Merger of remaining JSWPTC into the Parent Company;
- Appointed date Closing hours of 31st March, 2015;
- •The Scheme is subject to requisite consent, approval or permission of any statutory or other regulatory authorities.

The Scheme of arrangement has been sanctioned by the National Company Law Tribunal (NCLT) on 9th March, 2017 (Signed copy of the Order is yet to be received from NCLT). Pursuant to the sanction of scheme by NCLT, the Company has filed a petition with Central Electricity Regulatory Commission (CERC) for transfer of trading license from JSWPTC to JSWGEL.

On receipt of requisite approvals from CERC and after receipt of signed copy of Order from NCLT, the Company would be filing the Scheme with Registrar of Companies to make the scheme effective. However, there will be no impact on these financial statements, as the Scheme is not effective.

(f) Footnotes to the above reconciliations

i. Arrangements in the nature of lease:

Under the Previous GAAP, the Property Plant and Equipment (PPE) related to thermal power plants were capitalised and depreciation was accordingly charged to statement of profit and loss. Under IND AS, PPE related to one of the units, considered as embedded lease arrangement, has been de-recognised and shown as lease receivable at fair value.

ii. Financial assets at amortised cost:

Certain financial assets held on with objective to collect contractual cash flows in the nature of interest and principal have been recognised at amortised cost on transition date as against historical cost under the previous GAAP with the difference been adjusted to the opening retained earnings.

iii. Fair valuation of investments:

Investments in preference shares / mutual funds have been measured at fair value through profit or loss as against cost less diminution of other than temporary nature, if any, under the previous GAAP. Certain equity investments (other than investments in subsidiaries, joint ventures and associates) have been measured at fair value.

iv. Financial liabilities and related transaction cost at amortised cost:

Borrowings and other financial liabilities which were recognised at historical cost under previous GAAP have been recognised at amortised cost under IND AS with the difference been adjusted to opening retained earnings. Under Previous GAAP, transaction costs incurred in connection with borrowings are amortised upfront and charged to statement of profit or loss or capitalised. Under IND AS, transaction costs are deducted from the initial recognition amount of the financial liability and charged to statement of profit or loss over the tenure of the borrowings using the effective interest rate method.

v. Business acquisitions:

Under IND AS, the cost of acquisition has to include the fair value of contingent consideration also. Accordingly, investment in equity of subsidiary has been increased with a corresponding increase in liability for continent consideration payable. Under the Previous GAAP, the transaction cost of the business acquisitions were added to the cost of Investment. Under IND AS, the transaction cost of the business acquisitions is required to be charged to Statement of Profit and Loss.

vi. Deemed investment in equity:

As per IND AS, waiver off interest on investment in debentures of a wholly owned subsidiary has been considered as deemed equity by the Company.

vii. Proposed Divided:

Under previous GAAP, proposed dividends including DDT are recognised as a liability in the period to which they relate, irrespective of when they are declared. Under IND AS, a proposed dividend is recognised as a liability in the period in which it is declared by the company, usually when approved by the shareholders in a general meeting, or paid.

In the case of the Company, the declaration of dividend occurs after period end. Therefore, the liability for the year ended on 31st March, 2015 recorded for dividend has been derecognised against retained earnings on 1st April 2015. The proposed dividend for the year ended on 31st March, 2016 recognized under previous GAAP was reduced from other payables and with a corresponding impact in the retained earnings.

viii. Defined benefit liabilities:

Under IND AS, re-measurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit and loss in previous GAAP.

ix. Share-based payments:

Under Previous GAAP, the Company recognised only the intrinsic value for the long-term incentive plan as an expense. IND AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period. An additional expense has been recognised in profit or loss for the year ended 31st March 2016. Share options which were granted before and still vesting at 1st April 2015, have been recognised as a separate component of equity in share based payments reserve against retained earnings at 1st April 2015.

x. Depreciation of property, plant and equipment:

IND AS 16 requires the cost of major inspections/overhauling to be capitalised and depreciated separately over the period till the next major inspection/overhauling. Under previous GAAP the same is charged to statement of Profit and Loss in the period in which it was incurred.

xi. Deferred tax:

Previous GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. IND AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of IND AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Previous GAAP.

xii. Sale of Power:

Under Previous GAAP, sale of power was presented gross of rebates and discounts. However, under IND AS, sale of power is net of all rebates and discounts. Thus sale of power under IND AS has decreased with a corresponding decrease in other expense.

xiii. Other comprehensive income:

Under IND AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

xiv. Consolidation of Employee Welfare Trust:

Employee Welfare Trust, financed through interest free loans by the Company and warehousing the shares which have not been vested yet, for distribution to employees of the Company has resulted into line by line addition of all the assets and liabilities by reducing equity share capital of the company with face value of such treasury shares and adjusting the difference, if any, into Other Equity.

xv. Statement of cash flows:

The transition from Previous GAAP to IND AS has not had a material impact on the statement of cash flows, except as disclosed above.

13 Operating Segments [Refer note no 46 of the standalone financial statements]:

The Joint Managing Director and Chief Executive Officer of the Company has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators, however the Company is primarily engaged in only one segment viz. "Generation and Sale of power" and that most of the operations are in India. Hence the Company does not have any reportable Segments as per Indian Accounting Standard 108 "Operating Segments".

We have audited the accompanying consolidated Ind AS financial statements of JSW Energy Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries collectively referred to as "the Group"), share in a joint venture and an associate, which comprise the Consolidated Balance Sheet as at 31st March, 2017, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information hereinafter referred to as 'the Consolidated Ind AS Financial Statements'.

Management's Responsibility for the Consolidated IND AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including Other comprehensive income, consolidated cash flows statement and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act and relevant rules thereunder.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Group's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (A) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS, of the consolidated financial position of the Group as at 31st March, 2017 and its consolidated

"Annexure A"

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Group as of and for the year ended 31st March, 2017, we have audited the internal financial controls over financial reporting of JSW ENERGY LIMITED ("the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company, its subsidiary companies, an associate company and a jointly controlled company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over

130

financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in sofar as it relates to five subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

#The scheme of arrangement under Section 391 to 394 of the Companies Act, 1956 has been entered in to between the Parent Company and its subsidiaries, JSWPTC and JSWGEL. The scheme provides for:

- Demerger of the Power Trading Business of JSWPTC to JSWGEL;
- Merger of remaining JSWPTC into the Parent Company
- Appointed date Closing hours of 31st March, 2015

138

 The Scheme is subject to requisite consent, approval or permission of any statutory or other regulatory authorities.

The Scheme of arrangement has been sanctioned by the National Company Law Tribunal (NCLT) on 9th March, 2017 (Signed copy of the Order is yet to be received from NCLT). Pursuant to the sanction of scheme by NCLT, the Group has filed a petition with Central Electricity Regulatory Commission (CERC) for transfer of trading license from JSWPTC to JSWGEL.

On receipt of requisite approvals from CERC and after receipt of signed copy of order from NCLT, the Group would be filing the scheme with Registrar of Companies to make the scheme effective. However, there will be no impact on these financial statements, as the scheme is not effective.

4 Non-current Investments:

[Note 6 of the consolidated financial statements]

As at 31^{st} March, 2017 the book value and market value of quoted investments is ₹ 1,318.12 crore (As at 31^{st} March, 2016 ₹ 898.77 crore, As at 1^{st} April, 2015 ₹ 635.68 crore).

5 Trade Receivables:

[Note 34 of the consolidated financial statements]

The Parent Company was supplying power to Karnataka Power Transmission Corporation Limited (KPTCL) on the basis of the rate approved by Government of Karnataka, which was incorporated in the Power Purchase Agreement (PPA), dated 27th November, 2000. On the application by KPTCL to Karnataka Electricity Regulatory Commission (KERC) for approval of PPA, KERC had passed Order in July, 2002 reducing the tariff retrospectively from 1st August, 2000. The Parent Company's appeal against the said Order has been decided in favour of the Parent Company by the Honourable Karnataka High Court vide its Order dated 8th April, 2004. KPTCL and KERC filed Special Leave Petition before the Honourable Supreme Court challenging the Order of Honourable Karnataka High Court. As against the outstanding amount of ₹ 105.35 crore, in terms of the interim order dated 23rd January, 2007 of Honourable Supreme

Court, KPTCL paid ₹ 100.00 crore against bank guarantee provided by the Parent Company. The balance amount of ₹ 5.35 crore (Previous Year ₹ 5.35 crore) due from KPTCL is included in Trade Receivables and considered as good and recoverable.

- (b) Maharashtra State Electricity Distribution Company Limited (MSEDCL) unilaterally deducted ₹ 16.44 crore, towards import of power, from the receivables of power supplies made by the Parent Company, which is not in accordance with the provisions of Power Purchase Agreement. The Parent Company has not accepted the claims of MSEDCL and filed a petition with Maharashtra Electricity Regulatory Commission (MERC). The case is pending with the MERC for adjudication. The trade receivables are considered good and hence no provision for doubtful debt is considered by the Parent Company.
- [2] (a) RWPL is reasonably certain about realisation of ₹ 39.21 crore receivable from Rajasthan Discoms on account of Fuel Price Adjustment on the basis of the Dispute Resolution Petition filed u/s 86(1)(f) on 28th March 2013 with the Rajasthan Electricity Regulatory Commission (RERC) as the issues which are in dispute with the Discoms raised in the above petition has been decided in favour of Company by RERC vide Order dated 24th Feb, 2016 and Order dated 19th May, 2016 passed in Petition no 464 of 2014 and Petition no 383 of 2013 respectively.
 - (b) RWPL is reasonably certain about realisation of ₹ 33.67 crore for the FY 2014-15 from Rajasthan Discoms on account of Change in law due to increase in clean energy cess on lignite on the basis of the favourable Order dated 29th April, 2016 received from Appellate Tribunal of Electricity and consequential Order dated 29th June, 2016 received from RERC.
 - (c) RWPL is also reasonably certain about realisation of ₹ 14.32 crore for the FY 2015-16 from Rajasthan Discoms on account of Change in law due to increase in clean energy cess and rate

of VAT on lignite on the basis of the favourable Order dated 10th December, 2015 received from Appellate Tribunal of Electricity.

- (d) Further, RWPL is also reasonably certain about realisation of ₹ 4.58 crore and ₹ 19.38 crore for the FY 2014-15 & FY 2015-16 respectively from Rajasthan Discoms on account of Change in law due to impositions of new levies towards District Mineral Foundation Trust (DMFT) & National Mineral Exploration Trust 6 (NMET) and consequential increase in allied taxes on the basis of the provisions made in PPA with respect to "change in law" and Hon'ble APTEL judgement dated 10th December, 2015 wherein Hon'ble Tribunal have adjudicated that BLMCL has to be compensated for any increase in the statutory levies.
- 3] Claims have been raised against the JSWPTC by PCKL & its subsidiaries (Discoms) in respect of the sale of power JSWPTC to Discoms during the period from 16th Sep'2015 to 31st May'2016 towards:
 - (a) Reduction in tariff from the original contracted rate of ₹ 5.08 per Kwh as fixed by the Government of Karnataka under section 11(a) of the Electricity Act, 2003 (Act) to ₹ 4.67 per Kwh determined by KERC under section 11(b) of the Act, the said rate differential aggregating a sum of ₹ 43.13 crore.
 - (b) Payment of compensation of amount of ₹ 90.19 crore being claimed by Discoms as receivable by JSWPTC from Telangana & Andhra Pradesh Discoms for lesser take off contracted quantum of power by the said Discoms for aforesaid period.

The above claims have been adjusted by the Discoms against the amount owed by them to JSWPTC towards sale of power by JSWPTC.

JSWPTC has disputed said order of KERC reducing the tariff & has filed an appeal before the Appellate Tribunal (APTEL) in this behalf. APTEL has since stayed the order of tariff reduction by KERC & the matter is presently pending adjudication. The Discoms claim of ₹ 90.19 crore also has been disputed by JSWPTC, the same

being untenable under law. JSWPTC is confident of the pending appeal before APTEL being decided in its favour & that no compensation as claimed is at all payable. Accordingly, no provision in the accounts for the aforesaid claims of Discoms has been considered necessary and the amount of ₹ 133.32 crore due from Discoms is included in Trade receivables and considered as good and recoverable.

6 Revenue recognition:

[Note 29 of the consolidated financial statements]

- RWPL (the subsidiary operating the Barmer plant) has recognised Sales during the year based on the adhoc interim tariff allowed by Rajasthan Electricity Regulatory Commission (RERC) vide Order dated 31st March 2016. Pending determination of final tariff, the Company has provided truing up for fuel price adjustment impact for the current financial year amounting to ₹ 42.56 crore (previous year ₹ 45.01) based on RERC Regulation. The same is subject to adjustment as per final Tariff determination by RERC.
- b) On 25th June 2014, RWPL filed a comprehensive tariff petition no 464/2014 for determination of Final Tariff of the Power Plant for FY 2009-10 to FY 2013-14 and Annual Performance Review (true up) for FY 2009-10 and FY 2010-11 based on audited accounts before RERC.

RERC vide order dated 24th February 2016 has determined the final capital cost and tariff of Barmer Power Plant for the period from FY 2009-10 to FY 2013-14 along with true up of Annual Revenue Requirement for FY 2009-10 and FY 2010-11. In the above Order RERC has rejected/disallowed certain expenditures. Aggrieved by the above order and certain findings of RERC towards disallowance of capital cost and some other aspects, RWPL has filed an Appeal before Appellate Tribunal of Electricity. Meanwhile, RWPL has made a net provision of ₹ 134.26 crore (previous year ₹ 23.18] in the books in respect of the above Order.

c) RWPL has filed an Appeal before the Hon'ble Appellate Tribunal for Electricity (APTEL) against the order of Rajasthan Electricity Regulatory Commission (RERC) dated 17th October, 2012 fixing a ceiling on the first year tariff at ₹ 2.43 per unit as per Power Purchase Agreement (PPA) which provides that first year tariff shall be less than first year tariff of Giral(₹ 2.43 /unit). Further, RERC has decided that first year tariff shall be applicable for entire project covered in PPA and not the units commissioned in the first year only. Hon'ble Appellate Tribunal vide order dated 29th October, 2013 has disposed the above Appeal in favour of RWPL, stating that first year shall be first year of operation of plant with lignite i.e. FY 2011-12 and allowing that the tariff for the first year shall be less than the final first year tariff of Giral Project as determined by the State Commission. Accordingly, RERC, in its Order dated 24th February 2016 has restricted the first year tariff (First year tariff on lignite – FY 2011-12) at ₹ 3.34/kWh for Unit no 1,2 & 4 and ₹ 3.246 kWh for Unit no 3 being one paisa less than first year tariff of Giral Project given by its Order dated 12th August, 2015 i.e. ₹ 3.35/kWh The Rajasthan Discoms on 19th November, 2013 have filed Review Petition before Hon'ble Appellate Tribunal of Electricity against the APTEL order dated 29th October, 2013. The above Review Petition has been dismissed by APTEL Authority by order dated 9th May, 2013. Further, Rajasthan Discoms have also filed second Appeal before the Hon'ble Supreme Court. The second Appeal has been admitted by Hon'ble Supreme Court and is pending for adjudication and disposal.

RWPL has filed an Appeal before the Hon'ble Appellate Tribunal for Electricity (APTEL) against the Provisional Tariff Order dated 30th August, 2013 passed by Rajasthan Electricity Regulatory Commission (RERC) for determination of provisional tariff of RWPL Generating Station for financial year 2012-13. In the said Appeal, the Company has sought relief from the Hon'ble APTEL for inclusion of certain items of capital expenditures which were not considered by the Hon'ble Commission in its order dated 30th August, 2013. Hon'ble Appellate Tribunal vide order dated 20th November, 2015 has disposed the above Appeal partially in favour of RWPL. A second appeal against this order on certain findings is currently pending before the Hon'ble Supreme Court.

- e) RERC vide its Order dated 5th February, 2016 has upheld the Dispute Resolution petition filed by the Company u/s 86(1)[f] of the Electricity Act, 2003, pertaining to Late Payment Surcharge (LPS) on delayed payments by the Discoms and directed the Discoms to examine the same. During the year, RWPL has received the LPS claim from the Discoms aggregating to ₹ 134.90 crore for the period from FY 2011-12 to FY 2016-17.
- f) In case of HBPCL (the subsidiary operating the Baspa II and Karcham Wangtoo Plant), revenue from sale of power w.r.t Baspa II, is accounted for on the basis of billing to Himachal Pradesh State Electricity Board Limited (HPSEBL) as per Tariff approved by Himachal Pradesh Electricity Regulatory Commission (HPERC) in accordance with the provisions of the Long Term Power Purchase Agreement (LTPPA) dated 4th June, 1997, Amendment No. 1 dated 7th January, 1998, executed between the company and HPSEBL.
- g) In case of Karcham Wangtoo Plant, revenue from sale of power is accounted as under:
 - For the financial year 2015-16, LTPPA sales were accounted for on the basis of invoices billed to procurer in accordance with the tariff petition filed with CERC. Pending receipt of the final Order from CERC, the procurer has been acknowledging the dues as per invoices and settling payments against the same on the basis of mutually agreed rate with the difference to be settled on receipt of the final tariff Order.
 - During the financial year 2016-17, CERC Order dated 30th March, 2017 was received by the group and accordingly, LTPPA sales has been accounted as per the said Order. Besides, the Group is further examining the actions to be taken against the said Order.

12 Business Combination:

[Note 45 of the consolidated financial statements]

During the year ended March 31, 2016, the Group has acquired 100% stake in Himachal Baspa Power Company Limited (HBPCL), an unlisted Company which has (i) 300 MW Baspa II and (ii) 1091 MW Karcham Wangtoo hydroelectric projects both located at Himachal Pradesh from Jaiprakash Power Ventures Limited (JPVL). Consequently, HBPCL has become a 100% subsidiary of the Company effective 8th September, 2015.

The said hydro business acquisition is strategic in nature as it provides the group with the benefit of a diversified portfolio in hydro power business. The acquisition has been accounted by applying the acquisition method and accordingly the underlying assets, liabilities, equity, income, expenses and cash flows of HBPCL have been combined after giving effect to necessary adjustments in consolidated financial statements.

The fair values of the identifiable assets acquired and liabilities recognised as at the date of acquisition were:

Particulars	Fair value recognised on acquisition
Assets	
Property, plant and equipment	8,917.70
Cash and cash equivalents	159.10
Trade receivables	476.69
Inventories	31.32
Other current assets	287.84
Other non-current assets	5.18
	9,877.83
Liabilities	
Trade payables	53.58
Other current liabilities	142.15
Borrowings	5,928.74

	(₹ crore)
Particulars	Fair value recognised on acquisition
	6,124.47
Total identifiable net assets at fair value	3,753.36
Contingent consideration	636.50
Net identifiable assets transferred in business combination	4,389.86
Purchase consideration discharged:	
Equity shares [125,00,50,000 of ₹ 10 each]	1,889.86
13% Redeemable non-convertible debentures [25,00,00,000 of ₹ 100 each]	2,500.00
Total consideration	4,389.86
Transaction costs of the acquisition has been recognised as an expense in "legal and other professional charges" in the consolidated statement of profit and loss	8.61
Net cash acquired with the subsidiary	159.10

At the date of acquisition, the fair value and carrying value of the trade receivables was ₹ 476.69 crore

Contingent consideration

As per the terms of securities purchase agreement, contingent consideration aggregating to $\stackrel{?}{\scriptstyle <}$ 636.50 crore is payable to JPVL, towards trade receivables, entry tax and differential project cost. There will be probable cash outflows on account of this contingent upon happening of certain future events.

As per the terms of Securities Purchase Agreement, an additional consideration of $\stackrel{?}{\sim}$ 300 crore shall be payable to JPVL upon receipt of certain additional consents and approvals related to the installed capacity of 1091 MW Karcham Wangtoo HEP on or before 6th September, 2020.

Impact of acquisition on the results of the combined entity:

Revenue of ₹ 744.84 crore and loss before tax of ₹ 27.32 crore attributable to the hydro business acquired during FY 2015-16 has been considered in the consolidated statement of profit and loss for the year ended 31^{st} March, 2016

Had these business combinations been effected at 1^{st} April, 2015, the revenue of the hydro business would have been ₹ 1,685.21 crore, and the profit before tax for the year would have been ₹ 481.25 crore.

Accordingly, figures of previous year are not comparable with those of current year.

Group reconciliation of cash flows for the year ended 31st March 2016

			(₹ crore)
Particulars	IGAAP	Adjustments	Ind AS
Net cash flow from operating activities	3,567.36	(29.74)	3,537.62
Net cash flow from investing activities	(3,465.67)	34.67	(3,431.00)
Net cash flow from financing activities	(1,598.15)	[24.27]	[1,622.42]
Net cash inflow / (Outflow)	(1,496.46)	(19.34)	(1,515.80)

Footnotes to the above reconciliations

1 Arrangements in the nature of lease:

Under the Previous GAAP, the Property Plant and Equipment (PPE) related to thermal power plants were capitalised and depreciation was accordingly charged to Consolidated Statement of Profit and Loss. Under INDAS, PPE related to one of the units, considered as embedded lease arrangement, has been derecognised and shown as lease receivable at fair value.

2 Service Concession arrangement:

Under the Previous GAAP, PPE related to hydro power plant were capitalised and depreciation was charged to consolidated statement profit and loss. Under Ind AS, PPE related to one of the hydro power plant considered as service concession arrangement, has been de-recognised and shown as intangible asset and financial asset receivable.

3 Joint Venture

The group holds 49% interest in BLMCL and exercises joint control over the entity. Under Indian-GAAP group has proportionately consolidated its interest in the BLMCL in the Consolidated Financial Statement. On transition to Ind AS the group has assessed and determined that BLMCL is its JV under Ind AS 111 Joint Arrangements. Therefore, it needs to be accounted for using the equity method as against proportionate consolidation. For the application of equity method, the initial investment is measured as the aggregate of Ind AS amount of assets and liabilities that the group had previously proportionately consolidated including any goodwill arising on acquisition. Derecognition of proportionately consolidated BLMCL has resulted in change in consolidated balance sheet, consolidated statement of Profit and Loss and consolidated statement of cash flows.

4 Financial assets at amortised cost:

Certain financial assets held on with objective to collect contractual cash flows in the nature of interest and principal have been recognised at amortised cost on transition date as against historical cost under the previous GAAP with the difference been adjusted to the opening retained earnings.

5 Fair Valuation of Investments:

Investments in preference shares / mutual funds have been measured at fair value through profit or loss as against cost less diminution of other than temporary nature, if any, under the previous GAAP. Certain equity investments (other than investments in subsidiaries, joint ventures and associates) have been measured at fair value through OCI.

6 Financial liabilities and related transaction cost at amortised cost:

Borrowings and other financial liabilities which were recognised at historical cost under previous GAAP have been recognised at amortised cost under IND AS with the difference been adjusted to opening retained earnings. Under Previous GAAP, transaction costs incurred in connection with borrowings are amortised upfront and charged to statement of Profit and Loss or capitalised. Under IND AS, transaction costs are deducted from the initial recognition amount of the financial liability and charged to Consolidated Statement of Profit and Loss over the tenure of the borrowings using the effective interest rate method.

7 Business acquisitions:

Under IND AS, the cost of acquisition has to include the fair value of contingent consideration also. Accordingly, investment in equity of subsidiary has been increased with a corresponding increase in liability for continent consideration payable. Under the Previous GAAP, the transaction cost of the business acquisitions were added to the cost of Investment. Under IND AS, the transaction cost of the business acquisitions is required to be charged to Consolidated Statement of Profit and Loss.

8 Proposed Dividend:

Under Previous GAAP, proposed dividends including DDT are recognised as a liability in the period to which they relate, irrespective of when they are declared. Under Ind AS, a proposed dividend is recognised as a liability in the period in which it is declared by the company, usually when approved by shareholders in a general meeting, or paid. In the case of the Group, the declaration of dividend occurs after period end. Therefore, the liability for the year ended on 31st March, 2015 recorded for dividend has been derecognised against retained earnings on 1st April, 2015. The proposed dividend for the year ended on 31st March, 2016 recognized under Previous GAAP was reduced from other payables and with a corresponding impact in the retained earnings."

9 Defined benefit liabilities:

Under IND AS, re-measurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of Consolidated Statement of Profit and Loss in previous GAAP.

10 Share-based payments:

Under Previous GAAP, the Group recognised only the intrinsic value for the long-term incentive plan as an expense. Ind AS requires the fair value of the share options to be determined using an appropriate pricing model recognised over the vesting period. An additional expense has been recognised in Consolidated Statement of Profit and Loss for the year ended 31st March, 2016. Share options which were granted before and still vesting at 1st April, 2015, have been recognised as a separate component of equity in Equity settled shared based payment reserve against retained earnings at 1st April, 2015.

11 Depreciation of property, plant and equipment:

IND AS 16 requires the cost of major inspections/overhauling to be capitalised and depreciated separately over the period till the next major inspection/overhauling. Under previous GAAP the same is charged to Consolidated Statement of Profit and Loss in the period in which it was incurred.

12 Deferred tax:

Previous GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Previous GAAP.

13 Fair Valuation of Foreign exchange forward contracts:

The fair value of forward foreign exchange contracts is recognised under Ind AS, and was not recognised under Previous GAAP.

14 Non-Controlling interests:

Under Previous GAAP, the non-controlling interests holders did not contribute in the losses of the subsidiary company. Under Ind AS, the proportionate losses has been transferred to non-controlling interests since it being contributors to gains or losses of the subsidiary company.

15 Sale / purchase of Power:

Under Previous GAAP, sale / purchase of power was presented gross of rebates and discounts. However, under IND AS, sale of power is net of all rebates and discounts. Thus sale of power under IND AS has decreased with a corresponding decrease in other expense.

16 Other comprehensive income:

Under IND AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

17 Foreign currency translation:

Under Previous GAAP, the Group recognised translation differences on foreign operations in a separate component of equity. Under Ind AS, the exchange differences on account of translation of foreign operations has been accounted through other comprehensive income.

18 Reversal of loss on divestment of stake in foreign operations:

Under Previous GAAP, the Group recognised loss on sale of stake in foreign operations. Under Ind AS, since the sale of stake did not result into loss of control the loss has been reversed and transferred to consolidated reserves.

19 Consolidation of Employee Welfare Trust:

Employee Welfare Trust, financed through interest free loans by the company and warehousing the shares which have not been vested yet, for distribution to employees of the company has resulted into line by line addition of all the assets and liabilities by reducing equity share capital of the company with face value of such treasury shares and adjusting the difference, if any, into other equity.

20 Statement of cash flows:

The transition from Previous GAAP to IND AS has not had a material impact on the statement of cash flows, except as disclosed above.

15 Operating segment:

[Note 41 of the consolidated financial statements]

The Joint managing director & Chief Executive Officer of the group has been identified as the Chief Operating Decision Maker (CODM) as defined by Ind AS 108, Operating Segments. The CODM evaluates the group's performance and allocates resources based on an analysis of various performance indicators, however the group is primarily engaged in only one segment viz., "Generation and Sale of power" and that most of the operations are in india. Hence the group does not have any reportable Segments as per Indian Accounting Standard 108 "Operating Segments".
