13. The Register of Members and Share Transfer Books of the Company shall remain close during the Book Closure period i.e. from Friday, 19th August, 2022 to Thursday, 25th August, 2022 (both days inclusive). The Company has fixed Thursday, 18th August, 2022 as the 'Cut-off Date' for determining entitlement of members to final dividend for the financial year ended March 31, 2022, if approved at the AGM.
14. Payment of final dividend, as recommended by the Board of Directors, if approved at the AGM, subject to deduction of tax at source, will be made as under:
  - i. to all Beneficial Owners in respect of shares held in dematerialized form - as per the data as may be made available by the National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL"), collectively "Depositories", as of the close of business hours on Thursday, 18th August, 2022.
  - ii. to all Members in respect of shares held in physical form - after giving effect to valid transmission or transposition requests lodged with the Company as of the close of business hours on Thursday, 18th August, 2022. Dividend, if approved at the AGM, will be paid within 30 days from the date of the AGM.
15. Pursuant to Finance Act, 2020, dividend income is taxable in the hands of shareholders w.e.f. April 1, 2020 and the Company is required to deduct tax at source from dividend paid to shareholders at the prescribed rates. For the prescribed rates for various categories, the shareholders are requested to refer to the Finance Act, 2020 and

amendments thereto. The shareholders are requested to update their PAN with the Company/RTA (in case of shares held in physical mode) and depositories (in case of shares held in demat mode).

A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by email to [investor@masserv.com](mailto:investor@masserv.com) till 05:00 PM (IST) on Thursday, 18th August, 2022. Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%.

16. The Securities and Exchange Board of India ('SEBI') vide its circular dated November 03, 2021 read with circular dated December 14, 2021 has made it mandatory for the shareholders holding securities in physical form to furnish PAN, KYC and Nomination details to the Registrar and Transfer Agent ('RTA') of the Company. The shareholders holding shares in physical form are requested to note that in case of failure to provide required documents and details as per aforesaid SEBI circular, all folios of such shareholders shall be frozen on or after April 01, 2023 by the RTA.

In view of the above, shareholders of the Company holding securities in physical form are requested to provide following documents/details to RTA:

- a) PAN, using form ISR-1;
- b) Nomination in Form No. SH-13 or submit declaration to 'Opt-out' in Form ISR-3;
- c) Contact details including Postal address with PIN code (in case of change of address), Mobile Number, E-mail address;

- e) Specimen signature (using form ISR-2).
- f) Any cancellation or change in nomination shall be provided in Form No. SH-14.

All of above required documents/details are to be submitted to RTA of the Company. The shareholders can download the above mentioned forms from the 'Download' section available on the Company's website under Investor head and is also available on the website of the RTA at <https://www.masserv.com/downloads.asp>.

A separate communication has also been sent to the respective shareholders.

17. The Members holding shares in the same name or same order of names under different folios are requested to send the share certificates for consolidation of such shares to the Company or MAS Services Limited i.e. Registrar and Transfer Agent. Such requests for consolidation of share certificates shall be processed in dematerialized form.
18. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/ mobile numbers, Permanent Account Number ('PAN'), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc.,
- **For shares held in electronic form:** to their Depository Participant only and not to the Company's RTA. Changes intimated to the Depository Participant will then be automatically reflected in the Company's records which will help the Company and its RTA provide efficient and better service to the Members.
  - **For shares held in physical form:** to the Company's RTA in prescribed Form ISR -1 and other forms pursuant to SEBI circular SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2021/655 dated November 3, 2021, as per instructions mentioned in the form. The said form can be downloaded from the 'Download' section available on the Company's website under Investor head and is also available on the website of the RTA at <https://www.masserv.com/downloads.asp>.
19. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests, viz., Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4. The said form can be downloaded from the 'Download' section available on the Company's website under Investor head and is also available on the website of the RTA at <https://www.masserv.com/downloads.asp>. It may be noted that any service request can be processed only after the folio is KYC Compliant.

Members holding shares in physical form are requested to dematerialize their holdings at the earliest.

20. SEBI vide its notification dated January 24, 2022 has amended Regulation 40 of the SEBI Listing Regulations and has mandated that all requests for transfer of securities shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and to avail various benefits of dematerialization, Members are advised to dematerialize the shares held by them in physical form. Members can contact the Company or its RTA, for assistance in this regard.
21. Pursuant to the provisions of Section 124 and 125 of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules") as amended from time to time, unclaimed dividend and Equity Shares, in respect of which dividend has not been claimed upto the Financial Year ended 31st March, 2015, had been transferred into the Investor Education and Protection Fund established by the Central Government ("IEPF").

The members / claimants whose shares and / or unclaimed dividend(s) amount had been transferred to IEPF may claim the shares or apply for refund by making an application to IEPF Authority in Form IEPF-5 (available on [www.iepf.gov.in](http://www.iepf.gov.in)) along with requisite fee as decided by it from time to time. The member / claimant can file only one consolidated claim in a Financial Year as per IEPF Rules.

Members should write to the Company if their dividend warrants for the Financial Year ended on 31st March, 2016, or any subsequent financial year(s), have not been en-cashed/claimed.

22. Pursuant to Section 108 of the Companies Act, 2013 (hereinafter referred to as "the Act"), read with the relevant Rules of the Act, the Company is pleased to provide the facility to Members to exercise their right to vote by electronic means. The Members, whose names appear in the Register of Members / list of Beneficial Owners as on Thursday, 18th August, 2022 i.e. the date prior to the commencement of book closure date are entitled to vote on the resolutions set forth in this Notice. **Annexure to Notice of Seventy Third (73rd) Annual General Meeting**

**EXPLANATORY STATEMENT REQUIRED UNDER SECTION 102 (1) OF THE COMPANIES ACT, 2013**

**Item no. 5**

M/s Aiyar & Co., Chartered Accountants, were appointed as Statutory Auditors of the Company at the 68th Annual General Meeting ("AGM") held on 28th September, 2017 for a period of 5 years, up to the conclusion of 73rd AGM. M/s Aiyar & Co. are eligible for re-appointment for a further period of 5 years.

M/s Aiyar & Co. have given their consent for their re-appointment as Statutory Auditors of the Company and has issued certificate confirming that their re-appointment, if made, will be within the limits prescribed under the provisions of Section 139 of the Companies Act, 2013 ("the Act") and the rules made thereunder. M/s Aiyar & Co. have confirmed that they are eligible for the proposed appointment under the Act, the Chartered Accountants Act, 1949 and the rules or regulations made thereunder. As confirmed to Audit Committee and stated in their report on financial statements, the Auditors have reported their independence from the Company and its subsidiary according to the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") and the ethical requirements relevant to audit.

After evaluating and considering various factors such as industry experience, competency of the audit team, efficiency in conduct of audit, independence, etc., the Board of Directors of the Company ('Board') has, based on the recommendation of the Audit Committee, proposed the re-appointment of M/s Aiyar & Co., Chartered Accountants, bearing firm registration No. 001174N, as the Statutory Auditors of the Company for the second and final term of five consecutive years, who shall hold office from the conclusion of this 73rd AGM till conclusion of 78th AGM of the Company, at a remuneration as may be mutually agreed between the Board and the Statutory Auditors.

The terms and conditions of re-appointment of the statutory auditors and the proposed fees are as follows:

**Credentials:**

M/s Aiyar & Co. is an old and established chartered accountancy firm duly registered with the ICAI, having been set up in the year 1959. The firm is head quartered in Gurugram, Haryana, INDIA with its operations adequately supported by qualified professionals and staff. M/s Aiyar & Co. is a multi-disciplinary Audit Firm catering to the need of various clients in diverse sectors. The firm holds the 'Peer Review' certificate as issued by the ICAI.

**Term of Appointment:** 5 years from the conclusion of this 73rd AGM till the conclusion of 78th AGM.

**Proposed Fees:** M/s Aiyar & Co. were paid a fee of ₹ 8,25,000/- for conducting the audit including limited review for the financial year 2021-22, excluding applicable taxes and reimbursement of out-of-pocket expenses on actuals. The remuneration proposed to be paid to the Statutory Auditors during their second term would be commensurate with the services to be rendered by them during the said tenure. The proposed fees would be based on time and efforts required to be put in by them. The fees for services in the nature of statutory certifications and other professional work will be in addition to the audit fee as above and will be determined by the Board in consultation with the Auditors and as per the recommendations of the Audit Committee.

The Board of Directors in consultation with the Audit Committee may alter and vary the terms and conditions of appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the Statutory Auditors. The fee payable to auditor would be excluding applicable taxes and reimbursement of out of pocket expenses.

None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in the resolution.

The Board of Directors recommends the resolution set out at Item No. 5 for approval of the members by way of **Ordinary Resolution**.

**Item no. 6**

As per Section 188 of the Companies Act, 2013, read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014, in the event of payment of monthly remuneration exceeding ₹ 2,50,000/- (₹ Two Lakh Fifty Thousand only) per month to a related party who is appointed at office or place of profit in the Company, prior approval by way of shareholders' resolution is required.

Smt Aditi Arora Malik has been serving in the capacity of President since October, 2016. As the President of the Company, she is responsible for affairs of Marketing and Human Resource departments in entirety. She is presently withdrawing ₹ 2,75,000/- as basic salary from the Company. She is getting other benefits, allowances and perquisites available to other employees of same cadre as per Company's policy and shareholders' approval obtained at the 70th Annual General Meeting of the Company held on 27th September, 2019, for a period of 3 years commencing from 1st October, 2019 to

30th September, 2022. She is wife of Shri Varoon Malik, Chief Executive Officer, grand-daughter of Shri Virat Sondhi, Non-Executive Director and daughter of Shri Deepak Arora & Smt Shuchi Arora, Non-Executive Directors of the Company.

She is a dynamic executive and takes very keen interest in the business and is acting as President of the Company. She is also a Non-Executive Director on the Board of JMA Marketing Limited (Material Subsidiary), ACL Components Limited (Associate), Jullundur Auto Sales Corporation Limited (Associate) and JMA E-Comm Private Limited. Your directors are fully confident that her continuance as president would provide accelerated value to the Company.

As the aforesaid approval of shareholders for payment of remuneration to Smt. Aditi Arora Malik will expire on 30th September, 2022, considering her performance and experience of working with the Company for more than 12 years, the Board of Directors has, on the recommendation of Nomination and Remuneration Committee and also, on prior approval of Audit Committee, at their respective meetings held on 27th May, 2022 and 28th May, 2022, unanimously approved and recommended for approval of the Shareholders, the continuation of appointment and revision in salary of Smt. ### 1.1 **State of the Company's Affairs**

During the year under review, revenue from operations has increased by 11.79% to ₹ 36,107.40 Lakhs in comparison to ₹ 32,298.57 Lakhs. Profit before tax increased by 3.40% to ₹ 2,837.54 Lakhs in comparison to ₹ 2,744.22 Lakhs on account of rise in sales during the Financial Year. Profit after tax also increased by 4.20% to ₹ 2,123.72 Lakhs in comparison to ₹ 2,038.08 Lakhs in preceding Financial Year. Earnings per share for the year stood at ₹ 9.30 as compared to ₹ 7.01 in the preceding Financial Year.

Consolidated turnover stood at ₹ 43,781.84 Lakhs as compared to ₹ 38,788.05 Lakhs in the preceding Financial Year i.e. increase of 12.87% and consolidated profit after tax has increased by 6.02% and stood at ₹ 2,451.29 Lakhs as compared to ₹ 2,312.04 Lakhs.

The pandemic (Covid-19) shook the entire country and your Company was also impacted. Sporadic city wise lockdowns resulted in the closure of respective branches of the Company. Most of the traffic went off the road between last week of April, 2021 to June, 2021. The branches were progressively reopened, often with restrictions. It was not until July, 2021 that all branches reopened, although sporadic local lockdowns continued. Our principals who continued production during lockdowns and the supplies progressively increased as there was a slowdown in the original equipment demand as well. Overheated supply in the market affected the margins and increased our inventory temporarily. The other income of the Company has decreased on account of drop in interest rates and also reduction in investments to some extent on account of payment to shareholders towards buy-back of shares.

Small manufacturers of auto components had their own challenges vis-à-vis raw-material and working capital. Imports were also affected due to affordability or non-availability of containers. The constant steep increase in

pricing of the products traded by the company facilitated maintaining the absolute margins and created a push in sales. With the strong support of our principals as well as the inventory holding capacity of the Company, your Company was able to grow and maintain the bottom line in Financial Year 2022.

In spite of the challenging situation, we managed to consolidate our market share given our strong branch network, infrastructure and full support from our dealer network. This is proof of the progressive policy followed by the Company over the years. These progressive policies will be continued and we look forward to a stronger and more effective working in future.

The financial results for the year 2021-22 are also exceptional and therefore should be read in the context of the facts outlined above.

#### **GLOBAL PANDEMIC – COVID-19**

The outbreak of second wave of Coronavirus (COVID-19) pandemic in India had caused significant disturbance and slowdown of economic activity. Measures taken to contain the spread of the virus, including curtailed travel, quarantine, social distancing and closures of non-essential services had triggered significant disruptions to businesses nationwide.

**37. Orders passed by regulators / courts / tribunals**

During the year under review the Company had received a letter from National Stock Exchange of India Limited ("NSE/Exchange"), communicating the decision of the Committee/ Relevant Authority of the Exchange w.r.t. the application filed by the Company seeking waiver of fine levied by the Exchange in the previous Financial Year 2020-21, on account of non-compliance/ delay in compliance with Regulation 17(1A) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') for the quarter ended June 30, 2020 & September 30, 2020. The Board at its meeting held on 10th August, 2021 had decided to file an appeal against the aforesaid letter/order of the Exchange.

The Company had filed an Appeal before the Securities Appellate Tribunal at Mumbai ("SAT") against the impugned Order of Exchange rejecting the application for waiver of fine made by the Company. The Hon'ble Tribunal, vide its order dated 18th October, 2021, has allowed the Appeal by setting aside the impugned order of the Exchange in light of the impact of the lockdown imposed by the Government of India. The Hon'ble Tribunal has passed directions to remit back the matter to the concerned authority i.e. National Stock Exchange in order to re-consider the fact that non-compliance occurred amid the pandemic surge in the country.

In the aforesaid matter of Jullundur Motor Agency (Delhi) Limited Vs. National Stock Exchange of India Limited, the Exchange has vide its order dated 10th December, 2021 rejected the waiver application of the Company on the ground that the Company has failed to demonstrate the reason for delay in being compliant with requirements of Regulation 17(1A) of Listing Regulations, 2015.

Apart from the aforesaid letter/order, no orders have been passed by the regulators, courts, tribunals etc., against the Company, which adversely impact the financial position, going concern status of the Company and its future operations.

**Acknowledgment**

The Directors wish to convey their thanks to various Central and State Government departments, Organizations and Agencies for the continued help and co-operation extended by them.

The Directors would also like to thank the Shareholders, Customers, Bankers, Suppliers, Manufactures and all other stakeholders for their continuous support given by them to the Company and their confidence in its management. The Directors place on record their sincere appreciation to all employees of the Company for their unstinted commitment and continued contribution to the Company.

## **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

### **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The statements contained in this section describing the Company's objectives, projections, estimates, expectations may be considered to be 'forward looking statements' which the management believes are true to the best of its knowledge at the time of preparation within the meaning of applicable laws, rules and regulations. Actual results may differ materially from those expressed or implied. The Company assumes no responsibility to amend, modify or revise any forward looking statements on the basis of any subsequent development, information or events.

### **OVERVIEW**

The Company is engaged in the business of distribution of auto spare parts across India through network of branches since 1927. The Company deals in products such as brakes, bearings, clutches, cooling system, engine components, suspension, power steering, oil & lubricants, filters etc. Most of Company's suppliers are original equipment manufacturers ("OEM's) to vehicle manufacturers.

The Company is predominately in a single reportable segment viz., distribution of auto spare parts.

### **INDUSTRIAL STRUCTURE AND DEVELOPMENT OVERVIEW**

With the GDP expected to grow in Financial Year 2023 there might be some revival in the commercial vehicle segment. Other than that, the prospects of an early turnaround in commercial vehicles sales seem dim and will depend heavily on a sustained revival in economic activity and improvement in the movement of goods and passengers.

The supply in all vehicle segment including, cars, bi-wheelers, and tractors, was subdued in the financial year given semi-conductor chips shortage. With the increase in interest rates, increasing cost of ownership and continued shortage in the semi-conductor chips, vehicle sales will continue to suffer.

The start of the first quarter will be encouraging with respect to the last year given that there was a lockdown in month of April, 2021 and May, 2021. There is still uncertainty with respect to the pandemic and markets remain cautious. The inventory levels of the entire distribution channel are higher as compared to last year due to expected shortages and the unprecedented price rise in F.Y. 2022; this shall impact sales once the market resumes normal operations. The possible next wave of the pandemic might dent any improvement in the economy.

Most of automobile vehicle and spare parts are attracting highest rates of Goods and Services Tax i.e. 28%. Transport has become integral part of our daily activities. We are hopeful that GST council may take steps earlier to bring down the GST rates from 28% to 12% / 18% to give much needed relief to automobile industry.

### **FINANCIAL REVIEW**

The Company registered a turnover of ₹ 36,107.40 lakhs at a growth rate of 11.79% in F.Y. 2021-2022. The profit before tax was ₹ 2,837.54 lakhs which is 3.40% higher as compared to ₹ 2,744.22 lakhs in last financial year. The Company is a debt free company. A chart containing the details of financial performance in past 5 years is appended with this Annual Report.

### **FUTURE PLANS & OUTLOOK**

The Company is in the process of adding more products / lines in product mix and focusing to open of new outlets/ sales units in potential tier-II & tier-III cities / towns across the country so as to cater to the areas which have remained uncovered so far. The Company will continue to invest in technology to help increase efficiency.

The Company experienced shortages in supply towards end of second half of last year and expects improvement in supply towards the latter half of this year.

Increased interest in the personal private mobility (due to social distancing issues), we see an opportunity in increase in consumption of spare parts for old vehicle which may lead to higher sales / volume of parts in which your Company deals.

Also, the agriculture sector is showing positive signs given the normal monsoons we can expect some recovery in the commercial vehicle movement. With the economy opening-up and increased investment in infrastructure, vehicular movement is expected to increase which will lead to increase in sale of spare parts.

## **OPPORTUNITIES**

The management of the Company expects that there would be an increase in demand on account of normalcy in the market, this will lead to an increase in requirement of auto parts both on Commercial vehicles and passenger vehicles.

## **THREATS AND RISKS**

After market, demand of spare parts / auto components in secondary market is going down due to aggressive posture shown by OEM's. Given the extended pandemic, increasing product pricing working capital has become extremely tight for our customers and thereby affected cash flows in the market.

There is continued uncertainty with respect to local spread of the pandemic which force branches to shut down on regular basis for short periods of time or curtail the attendance of the colleagues. The pandemic continues to affect the suppliers both from a workforce and logistics perspective; due to which there is irregularity in terms of supplies. The uncertainty with respect to supplies is heightened due to the availability and price instability of the raw materials.

The current mileage is still significantly lower than normal situation that would mean requirement of spare parts would be lesser at this point in time. Wider acceptance of working from home or hybrid form of working could mean reduced mileage on a long-term basis as well.

## **SUBSIDIARY AND ITS PERFORMANCE**

During the year under review, the sales turnover of the material subsidiary Company was ₹ 6,996.95 Lakhs and it managed to earn Net Profits (after tax) of ₹ 374.48 Lakhs.

## **RETURN ON EQUITY**

There is a marginal increase in Return on Equity from 13.54% to 13.96% as compared to last fiscal year, on account of increase in margins and better product mix.

## **INTERNAL CONTROL SYSTEMS**

The Company has an adequate and effective control system to commensurate with its size and complexity. The internal control system is supplemented through an extensive internal audit program and periodic review by management and audit committee.

## **DISCLOSURE OF ACCOUNTING TREATMENT**

In the preparation of the financial statements, the Company has followed the Indian Accounting Standard (IND AS). The significant accounting policies which are consistently applied are set out in the Notes to the Accounts.

## **RISK MANAGEMENT**

The Company monitors and reviews the risk management activities on regular basis. There are checks and balances which are embedded in the ERP system.

## **CORPORATE SOCIAL RESPONSIBILITY**

The Company is committed to make contribution to the society as part of our social initiatives. Special focus made on the education to overcome from illiteracy in small cities and villages. The Company is contributing to different NGO's and organizations who are progressively working on education programs in small cities / villages of Rajasthan and contributing towards welfare of abandoned senior citizens and disabled people and preventive health care programmes.

## **HUMAN RESOURCE DEVELOPMENT AND INDUSTRIAL RELATIONS**

The Company had extensively focused on leadership development and employee engagement initiatives. During the period under review, multi-product and sales training program were conducted across the Company. Employees were encouraged to be safe and were continuously requested to follow the safety protocol across all branches. Total Employees on Payroll of the Company are 523.

## **REPORT ON CORPORATE GOVERNANCE**

### **COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE**

Transparency and accountability are the two basic tenets of the Corporate Governance. The founding fathers of the Company were great visionaries and both these tenets were imbibed and made integral part of the business policies of the Company. The Company believes in highest standards of Corporate Behavior towards its stakeholders be it the suppliers, the customers, the employees as well as society as a whole. The Company's moto is to achieve sustainable growth so as to create long term value for shareholders. During last 95 years of the Company's existence, the above principles have been the guiding force for the Company. The Board plays a critical role in overseeing how the management serves the short and long term interest of shareholders and other stakeholders. This belief is reflected in Company's governance practices, under which the Company strives to maintain an active, informed and independent Board. The Company's governance practices are under continuous review and it tries to benchmark itself to the best governed companies across the country.

A report on compliance with the principles of Corporate Governance as prescribed by SEBI in Listing Regulations is given below:

#### **1. BOARD OF DIRECTORS**

The Board of Directors ('the Board') is entrusted with the ultimate responsibility of management, general affairs, direction and performance of the Company and has been vested with the requisite powers, authorities and duties.

##### **1.1 Composition of the Board**

Board of Directors ("Board") of the Company has an optimum combination of Independent and Non-executive Non-Independent directors including two Woman directors. Board consists of 11 Directors comprising, 7 Non-Executive Non-Independent Directors and 4 Independent Directors. CA Subhash Chander Vasudeva is Chairman of the Board, who is an Independent Director.

All Independent Directors ("IDs") have confirmed in accordance with Regulation 25(8) of the SEBI Listing Regulations that they meet the independence criteria as mentioned under Regulation 16(1)(b) of the SEBI Listing Regulations and Section 149 of the Companies Act, 2013 ("the Act") and the rules framed thereunder. The IDs have further stated that they are not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective, independent judgment and without any external influence.

The Company has received confirmation from all the existing IDs of their registration on the Independent Directors Database maintained by the Institute of Corporate Affairs pursuant to Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014. Based on the disclosures received from all the IDs and as determined at the meeting held on 28th May, 2022, the Board is of the opinion that the IDs fulfill the conditions of Independence as specified in the Act and SEBI Listing Regulations and are independent of the Management.

## **12. OTHER DISCLOSURES**

### **12.1 Related Party Disclosures**

There were no material significant related party transactions with the Company's Promoters, Directors, Management or their relatives, which could have had a potential conflict with the interest of the Company. Transactions with related parties entered into by the Company in the normal course of business or otherwise are periodically placed before the Audit Committee for review and/or approval, as the case may be. Register of contracts containing the transactions in which directors are interested is placed before the Board regularly for its approval. Members may refer to the notes to the accounts for details of related party transactions.

Board of Directors of the Company has, on the recommendation of the Audit Committee, adopted a policy to regulate transactions between the Company and its Related Parties, in compliance with the applicable provisions of the Companies Act 2013, the rules made thereunder and the SEBI Listing Regulations, 2015. The policy has also been uploaded on the website of the Company at <https://jmaindia.com/wp-content/uploads/2022/02/Policy-on-Materiality-of-Related-Party-Transactions.pdf>

### **12.2 Compliance with Regulations**

During the previous financial year 2020-21 the Company had received two notices from the National Stock Exchange of India Limited ("the Stock Exchange") whereby fine have been levied upon the Company for first two quarters for non-complying with the provisions of Regulation 17(1A) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for continuation of term of appointment of a non-executive director who has attained the age of 75 years without passing of a special resolution to that effect. The Company has paid the fine to the Stock Exchange within the prescribed time limit and made the default good in its Annual General Meeting held on 28th September, 2020. The Company has also filed an application for waiver of fine on the basis of the grounds that the said non-compliance arose due to the reasons beyond the control of the Company, as the performance of various acts leading to calling of the EGM for the purpose of Regulation 17(1A) was rendered impossible due to the nationwide lockdown and the movement restrictions on account of CoVID-19 Pandemic.

The Company had also filed an Appeal before the Securities Appellate Tribunal at Mumbai ("SAT") against the impugned Order of National Stock Exchange rejecting the application for waiver of fine made by the Company. The Hon'ble Tribunal, vide its order dated 18th October, 2021, has allowed the Appeal by setting aside the impugned order of the Exchange in light of the impact of the lockdown imposed by the Government of India. The Hon'ble Tribunal has passed directions to remit back the matter to the concerned authority i.e. National Stock Exchange in order to re-consider the fact that non-compliance occurred amid the pandemic surge in the country.

In the aforesaid matter of Jullundur Motor Agency (Delhi) Limited Vs. National Stock Exchange of India Limited, the National Stock Exchange of India Limited has vide its order dated 10th December, 2021 rejected the waiver application of the Company on the ground that the Company has failed to demonstrate the reason for delay in being compliant with requirements of Regulation 17(1A) of Listing Regulations, 2015.

Apart from the above, during the past 3 years, no other instances of non-compliance has been noticed / pointed pertaining to requirement of the Stock Exchange, Securities and Exchange Board of India or any other authority on any matter related to capital market.

### **12.3 Vigil Mechanism - cum - Whistle blower Policy**

Company has a Vigil Mechanism cum Whistle Blower Policy for establishing a vigil mechanism for Directors and employees to report genuine concerns regarding unethical behavior, actual or suspected fraud or violation of the Company's Code of Conduct and Ethics policy, providing adequate safeguards against victimization; and providing direct access to the Chairman of Audit Committee. Aforesaid policy is placed on the website of the Company. It has been affirmed that no personnel has been denied access to the Audit Committee and no complaints has been received so far.

### **12.4 Company has complied with all the mandatory requirements prescribed under Listing Regulations, 2015. The Company has obtained and placed before the Board, certificate from the CFO & CEO pursuant to Regulation 17(8) of the Listing Regulations as specified in Part B of Schedule II of said regulations.**

### **12.5 Status of Discretionary Requirement**

Chairman of the Company is an Independent Non-Executive Director. Separate persons have been appointed for the position of Chairperson and Chief Executive Officer. Internal Auditors of the Company are directly reporting to the Audit Committee.

**12.6 Certificate of Non-disqualification of Directors from Secretarial Auditors**

## INDEPENDENT AUDITOR'S REPORT

**To the Members of**

**Jullundur Motor Agency (Delhi) Limited**

**Report on the Audit of the Standalone Financial Statements**

### **Opinion**

We have audited the standalone financial statements of Jullundur Motor Agency (Delhi) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, the profit and total comprehensive income, its changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p><b>Revenue recognition – Accruals for turnover discounts</b></p> <p>Generally in the markets, products are often sold with sales related turnover discounts. Sales are recorded based on the price specified in the sales contract/arrangement with the customers net of discounts, returns and taxes. However simultaneously estimated amount of turnover discounts would need to be incurred are also estimated and netted off from sales. Judgment is required to be exercised in determining the level of provisions that would need to be accrued. (Refer Note No. 2(G) for the accounting policies on Revenue Recognition)</p>	<p>We have performed the test controls as per the following procedures to the accuracy of revenue recognized and accrual for turnover discounts to the customers:</p> <ul style="list-style-type: none"> <li>(a) Obtaining an understanding of the Management processes and control with regard to contractual arrangements for turnover discount to the customers.</li> <li>(b) Obtained an understanding of key contractual arrangements with customer and Management's process for collecting the relevant information to be able to reasonably estimate the Company's obligation in this regard.</li> <li>(c) Conducted review of contracts/arrangement, where such turnover discount existed and tested Management's basis for estimating the invoices to which such turnover discount will apply.</li> <li>(d) Tested the application of the appropriate rates of discount and re-performed the test of arithmetic accuracy of the spreadsheet/ credit notes issued.</li> </ul>

		(e) Performed insight analysis over changes to prior period turnover discount & assessing the estimates considering the evidence in this regard.
2	<b>Net Realizable Value of Stock in trade</b> Stock in trade are valued at lower of cost and estimated net realizable value (estimated selling price less estimated cost necessary to make the sale). Considering that there is always a volatility in the selling price of the stock in trade i.e. automobile parts & accessories, specially slow moving, damaged, unsalable inventories items, which is dependent upon various market conditions/ demand of the such items, determination of the net realizable value for these items involves significant management judgment and therefore has been considered as a key audit matter. (Refer Note No. 2(F) for the accounting policies on Inventories)	We have performed the following procedure on test check basis to verify the accuracy of the inventory held and valuation of stock- in-trade including slow moving , damaged ,unsalable or obsolete inventory: (a) Obtaining an understanding of the Management processes and control with regard to inventory held at close of the year and valuation of stock- in -trade including slow moving, damaged, unsalable or obsolete inventory. (b) Obtained an understanding of the determination of the cost or net realizable values of the stock-in- trade items i.e. automobile parts & accessories including slow moving, damaged, unsalable or obsolete items assessed and tested the reasonableness of the significant judgments applied by the management. (c) Evaluated the design of internal controls relating to the stock- in-trade held and valuation of inventories including slow moving, damaged, unsalable or obsolete items and also tested the operating effectiveness of the aforesaid controls. (d) Compared the cost of the stock-in-trade items with the estimated net realizable value and checked if such items were recorded at net realizable value where the cost was higher than the net realizable value. (e) Assessed the appropriateness of the disclosure in the financial statements in accordance with the applicable financial reporting framework.

### Emphasis of Matter

We draw attention to Note 40 to the standalone financial statements regarding the uncertainties arising out of the outbreak of COVID-19 pandemic and management's evaluation of the impact on the standalone financial statements of the company as at the balance sheet date. As mentioned therein, the assessment of the Company does not indicate any material effect on the carrying value of its assets and liabilities of the Company as on the reporting date. The Company will continue to closely monitor any material changes to future economic conditions.

Our opinion is not modified in respect of this matter.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013

("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements

regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that :
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid / provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :
    - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements. (Refer Note 25 of Standalone Financial Statements)
    - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

**Annexure 'B' to the Independent Auditor's Report**

**(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Jullundur Motor Agency (Delhi) Limited of even date)**

**Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

**Opinion**

We have audited the internal financial controls over financial reporting of Jullundur Motor Agency (Delhi) Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI").

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Significant accounting policies and notes on accounts for the year ended 31st March, 2022**

**1 General Information**

Jullundur Motor Agency (Delhi) Limited is a public limited company incorporated and domiciled in India, listed on the National Stock Exchange (NSE). The address of its registered office is 458-1/16, Sohna Road, Opposite New Court, Gurugram (Gurgaon) -122001. The Company is engaged in trading and distribution of automobile parts, accessories and petroleum products in India.

**2 Significant accounting policies**

**A Basis of Preparation of financial statements**

The financial statements have been prepared to comply in all material respects with the notified accounting standard under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") under the historical cost convention on an accrual basis except for certain financial instruments which are measured at fair values at the end of each reporting year as explained in the accounting policies below.

The accounting policies have been consistently applied by the Company except where a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**B Use of Estimates:**

The preparation of financial statements in conformity with Ind AS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year end. Difference between the actual results and estimates are recognised in the year in which the results materialise.

**C Property Plant and Equipment (PPE):**

**(i) Tangible Assets**

Property plant and Equipment (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of PPE which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the year till such assets are ready to be put to use. Improvement to PPE which has the effect of increasing the future benefits from the existing assets beyond their previously assessed standard of performance is included in the gross block.

Tangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "capital work in progress".

**Transition to Ind AS**

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1 April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

**(ii) Intangible assets**

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are stated at original cost less accumulated amortization and impairment losses, if any

**D Depreciation and amortization**

Depreciation on PPE except buildings and plant and equipments is provided on the written down value basis at the rates derived, based on the useful life of the assets as specified in Schedule II to the Companies Act, 2013. Depreciation on buildings and plant and equipment is provided on straight line basis at the rates as derived, based the useful life of the assets as specified in Schedule II to the Companies Act, 2013.

Leasehold land is amortised on a straight line basis over the unexpired period of their respective lease.

Intangible assets being software licenses are amortized on straight line method over their estimated useful life.

**E Financial Instruments**

**(i) Initial recognition**

Financial assets and financial liabilities are recognised in the Company's statement of financial position

when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and liabilities at initial recognition. All financial assets and liabilities are initially recognised at fair value plus directly attributable transaction costs in case of financial assets and liabilities not at fair value through statement of profit or loss. Financial assets and liabilities carried at fair value through statement of profit or loss are initially recognised at fair value, and transaction costs are expensed in the income statement.

(ii) **Subsequent Measurement**

a) **Financial assets carried at amortized cost**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) **Financial assets carried at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding. Further, in cases where the company has made an irrevocable election, based, on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognised in other comprehensive income.

c) **Financial assets carried at fair value through profit or loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

d) **Financial liabilities**

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance sheet date, the carrying amount approximates fair value due to the short maturity of these instruments.

e) **Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

f) **Investment in subsidiaries**

Investment in subsidiaries is carried at cost in the financial statements.

(iii) **Derecognition of financial instruments**

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

(iv) **Fair value of financial instruments**

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The method used to determine fair value include available quoted market prices and discounted cash flow analysis. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximates fair value due to the short maturity of these instruments.

**F Inventories**

Stock in Trade and Goods in transit are valued at cost or estimated realizable value whichever is lower. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less estimated costs necessary to make the sale.

Slow moving, damaged, unsalable or obsolete inventories are identified at the each reporting date on the basis of technical evaluation and valued at estimated realizable value.

**G Revenue from contract with customers**

**(i) Sale of products**

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time. Performance obligations are said to be satisfied at a point of time when the customer obtains control of the goods.

Revenues is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, sales incentives, returns and taxes. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

**(ii) Other operating revenue**

Other operational revenue represents income earned from activities incidental to the business and is recognised when right to receive the income is established.

**(iii) Other Income**

Interest income from a financial asset is recognized using the effective interest rate.

Dividend income is recognised in the year in which the right to receive the same is established.

**H Purchases**

Purchases are net of incentive and commission received from suppliers and adjusted for claims rejected and goods short received. Incentive and commission from suppliers are recognised when no significant uncertainty exists regarding their collectability.

**I Trade and other payables**

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid in accordance with the terms with the vendors. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting year. They are recognised initially at their fair value and subsequently measured at amortized cost using the effective interest method.

**J Foreign Exchange Transactions**

**Functional currency**

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian rupees (rounded off to lakhs ) which is the company's functional and presentation currency.

**K Employee benefits**

**(i) Short term employee benefits :**

All employee benefits due wholly within twelve months of rendering of services are classified as short term employee benefits. Benefits like salaries, wages, leave salary, contribution to Provident Fund/ Employee State Insurance contributions etc. paid or payable during the reporting year and the expected bonus expense are recognised as an expense on an undiscounted basis in the year in which the employee renders the related service.

**(ii) Post -employment benefits**

**a) Defined Contribution Plan**

The State governed Provident Fund Scheme, Employees' State Insurance Scheme and Employees Pension Scheme are defined contribution plans. The Company has no obligation, other than the contribution payable to the Provident Fund Scheme, Employees' State Insurance Scheme and Employees Pension Scheme. The contribution paid /payable under the schemes is recognised during the year in which employee renders the related service.

**b) Defined Benefit Plan**

The liability is provided based on actuarial valuation certified by consulting actuary. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Remeasurements comprising of actuarial gains and losses, the effect of the asset ceiling (excluding

amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) relating to retirement benefit plans are recognised in Other Comprehensive Income which are not reclassified to profit or loss in subsequent years.

The Company's Gratuity is Defined Benefit Retirement Plan. The Company's liability towards Gratuity is determined using the Projected Unit Credit Method which recognises each year of service as giving rise to additional unit of employee benefit entitlement.

In respect of Directors, the liability for gratuity is unfunded and in respect of other eligible employees, the Gratuity scheme is operated through Group Gratuity Scheme of Life Insurance Corporation of India.

## **L Income taxes**

The accounting treatment followed for taxes on income is to provide for Current Income Tax and Deferred Income Tax. Income tax expense is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior year is the aggregate amount of income tax determined as payable in respect of taxable income for the year, using the tax rates and tax laws that have been enacted or substantially enacted by the Balance Sheet date. Deferred Income Tax asset and liability are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred Income tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax is not provided on the undistributed earnings of subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future. The company offsets current tax asset and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

## **M Provision and Contingencies**

- i) Provision is recognised (for liabilities that can be measured by using a substantial degree of estimation) when:
  - a) the company has a present obligation as a result of a past events.
  - b) a probable outflow of resources embodying economic benefits is expected to settle the obligation ; and
  - c) the amount of the obligation can be reliably estimated.
- ii) Contingent liability is disclosed in case there is ;
  - a) possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company : or
  - b) a present obligation arising from past events but is not recognised because :
    - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation : or
    - (ii) a reliable estimate of the amount of the obligation cannot be made.

## **N Impairment**

### **(i) Financial assets**

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing components is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in

credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust loss allowance at the reporting date to the amount that is required to be recognized, is recognized as an impairment gain or loss in statement of profit or loss.

(ii) **Non-financial assets**

**Intangible assets and property, plant and equipment**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

**O Earning per share (EPS)**

Basic EPS are computed by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share are computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented.

Items of "Other Comprehensive Income" are not considered for calculation of EPS (Basic or Diluted).

**P Dividends**

The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

**Q Leases**

The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Company uses significant judgment in assessing the lease, lease term and the applicable discount rate.

The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of

a lease. For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

**R Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

\* Note : Fair value is same as current value since interest upto close of financial year has already been considered.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below.

Prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of quoted equity shares, quoted corporate debt instruments and mutual fund investments.

Valuation techniques with observable inputs (Level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e.; as prices) or indirectly (i.e.; derived from prices). This level of hierarchy include Company's over-the counter (OTC) derivative contracts.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

There has been no transfers between level 1, level 2 and level 3 for the years ended March 31, 2022 and 2021

The short-term financial assets and liabilities are stated at amortized cost which is approximately equal to their fair value.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

## b) Financial risk management

In the course of its business, the Company is exposed primarily to fluctuations equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments.

The Company has a risk management policy which covers the risks associated with the financial assets and liabilities such as credit risks. The risk management policy is approved by the board of directors.

### i) Market risk

#### Equity Price risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities.

The fair value of some of the Company's investments measured at fair value through other comprehensive income exposes the Company to equity price risks. These investments are subject to changes in the market price of securities. The fair value of Company's investment in quoted equity securities as at March 31, 2022 and March 31, 2021 was ₹

168.84 lakhs- and ₹ 149.46 lakhs respectively. A 10% change in equity price as at March 31, 2022 and March 31, 2021 would result in an impact of ₹ 16.88 lakhs and ₹ 14.95 lakhs respectively.

(Note: The impact is indicated on equity before consequential tax impact, if any).

**ii) Credit risk**

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk, principally consist of investments classified as fair value through profit or loss, trade receivables, loans and advances. None of the financial instruments of the Company result in material concentrations of exposure to credit risks.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 14,954.81 lakhs as at March 31, 2022 and ₹ 12,840.29 lakhs as at March 31, 2021, being the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, finance receivables, margin money and other financial assets excluding equity investments.

None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Regarding trade receivables and other receivables, and other loans or receivables that are neither impaired nor past due, there were no indications as at March 31, 2022, that defaults in payment obligations will occur.

**iii) Liquidity risk**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit and bonds, which carry no/low mark to market risks.

### 33 Employee Benefits

#### Defined Contribution Plan

During the year the Company has recognized the following amounts in the statement of profit and loss:

Plans	2021-2022	2020-2021
Employer's Contribution to Provident Fund	119.94	101.19
Employer's Contribution to Employees State Insurance	19.96	20.19
Employer's Contribution to Linked Insurance Scheme	16.40	12.91
	<b>156.30</b>	<b>134.29</b>

#### Defined Benefit Plan and other long term benefits

##### Gratuity funds

The Employees gratuity fund scheme is managed by Life Insurance Corporation of India. The present value of obligation is determined based on Actuarial valuation by certified actuary. The valuation has been carried out using the Project Unit Credit Method as per Ind AS 19.

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary overtime. Thus, the Company is exposed to various risks which are as follows:

##### Interest Rate risk:

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the benefit and will thus result in an increase in the value of the liability.

##### Liquidity risk:

This is the risk that the Company is not able to meet the short-term payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

##### Salary Escalation risk:

The present value of defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

##### Demographic risk:

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

##### Regulatory risk:

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹ 20 lakhs).

#### The principal assumptions used for the purpose of the actuarial valuations were as follows: (Amount in Lakhs)

	2021-2022	2020-2021
Discount Rate (per annum)	6.85%	6.45%
Salary growth rate (per annum)	9.00%	10.00%

## INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS OF**

**JULLUNDUR MOTOR AGENCY (DELHI) LIMITED**

**Report on the Audit of the Consolidated Financial Statements**

### Opinion

We have audited the accompanying consolidated financial statements of Jullundur Motor Agency (Delhi) Limited (hereinafter referred to as "the Parent Company") along with its subsidiaries i.e. (i) JMA Marketing Limited (Formerly known as JMA Rane Marketing Ltd.), (ii) ACL Components Limited and (iii) Jullundur Auto Sales Corporation Limited (the Parent Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and notes to the Consolidated financial Statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries as were audited by the other auditors, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind As') and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31<sup>st</sup>, 2022 and Consolidated statement of Profit and loss, Consolidated Statement of change in equity and its consolidated cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their reports referred to in the Other Matters section below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p><b>Revenue recognition – Accruals for turnover discounts</b></p> <p>Generally in the markets, products are often sold with sales related turnover discounts etc. Sales are recorded based on the price specified in the sales contract/arrangement with the customers net of discounts, returns and GST. However simultaneously estimated amount of turnover discounts would need to be incurred are also estimated and netted off from sales. Judgment is required to be exercised in determining the level of provisions that would need to be accrued</p>	<p>We have performed the test controls as per the following procedures to the accuracy of revenue recognized and accrual for turnover discounts to the customers:</p> <ul style="list-style-type: none"> <li>(a) Obtaining an understanding of the Management processes and control with regard to contractual arrangements for turnover discount to the customers.</li> <li>(b) Obtained an understanding of key contractual arrangements with customer and Management's process for collecting the relevant information to be able to reasonably estimate the Company's obligation in this regard.</li> <li>(c) Conducted review of contracts/arrangement, where such turnover discount existed and tested Management's</li> </ul>

		<p>basis for estimating the invoices to which such turnover discount will apply.</p> <p>(d) Tested the application of the appropriate rates of discount and re-performed the test of arithmetic accuracy of the spreadsheet &amp; credit notes issued.</p> <p>(e) Performed insight analysis over changes to prior period turnover discount &amp; assessing the estimates considering the evidence in this regards.</p>
2	<p><b>Net Realizable Value of Stock in trade</b></p> <p>Stock in trade are valued at lower of cost and estimated net realizable value (estimated selling price less estimated cost necessary to make the sale). Considering that there is always a volatility in the selling price of the stock in trade i.e. automobile parts &amp; accessories, specially slow moving, damaged, unsalable inventories items, which is dependent upon various market conditions/ demand of the such items, determination of the net realizable value for these items involves significant management judgment and therefore has been considered as a key audit matter.</p>	<p>We have performed the following procedure on test check basis to verify the accuracy of the inventory held and valuation of stock- in-trade involving slow moving , damaged ,unsalable or obsolete inventory:</p> <p>(a) Obtaining an understanding of the Management processes and control with regard to inventory held at close of the year and valuation of stock- in -trade including slow moving, damaged, unsalable or obsolete inventory.</p> <p>(b) Obtained an understanding of the determination of the cost or net realizable values of the stock-in- trade items i.e. automobile parts &amp; accessories including slow moving, damaged, unsalable or obsolete items assessed and tested the reasonableness of the significant judgments applied by the management.</p> <p>(c) Evaluated the design of internal controls relating to the stock- in-trade held and valuation of inventories including slow moving, damaged, unsalable or obsolete items and also tested the operating effectiveness of the aforesaid controls.</p> <p>(d) Compared the cost of the stock-in-trade items with the estimated net realisable value and checked if such items were recorded at net realisable value where the cost was higher than the net realisable value.</p> <p>(e) Assessed the appropriateness of the disclosure in the financial statements in accordance with the applicable financial reporting framework.</p>
3	<p><b>Statutory Liability</b></p> <p>Compliance of various laws applicable to the company.</p>	<p>The other Auditor has reported that they have performed the following procedures:</p> <p>Obtained understanding &amp; assurance from the management with regard to compliance of all applicable laws. We have reviewed &amp; test checked the same.</p>

### Emphasis of Matter

We draw attention to Note 40 to the consolidated financial statements regarding the uncertainties arising out of the outbreak of COVID-19 pandemic and management's evaluation of the impact on the consolidated financial statements of the Group as at the balance sheet date. As mentioned therein, the assessment of the Group Companies does not indicate any material effect on the carrying value of its assets and liabilities of the Group as on the reporting date. The Group will continue to closely monitor any material changes to future economic conditions.

Our opinion is not modified in respect of this matter.

### Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Parent Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by the other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Consolidated Financial Statements**

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013, with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the each company.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we

are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements. For the business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in titled 'Other Matters' in this audit report.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

We did not audit the financial statements of the three subsidiaries whose financial statements reflect total assets (before consolidation adjustments) of ₹ 4738.79 Lakhs as at March 31, 2022, total revenue (before consolidation adjustments) of ₹ 7674.44 Lakhs and total net profit after tax (before consolidation adjustments) of ₹ 421.52 Lakhs, total comprehensive income of ₹ 426.05 Lakhs and cash flows (Net) of ₹ 67.84 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, is so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the financial statements of the subsidiaries referred to in the Other Matters section above, we report, to the extent applicable that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent Company as on March 31, 2022 taken on record by the Board of Directors of the Parent Company and the reports of the statutory auditors of its subsidiary companies, none of the directors of the Group companies is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the operating effectiveness of the internal financial controls over financial reporting of the Parent Company and its subsidiary companies, refer to our separate Report in "Annexure A" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Companies Act, 2013:  
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Parent Company and its subsidiary companies to its directors during the year wherever applicable, is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The consolidated financial statements disclose impact of pending litigations on the consolidated financial position of the Group (Refer Note 25 to the consolidated Ind As financial statements);

**ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT**

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Jullundur Motor Agency (Delhi) Limited of even date)

**Report on the Internal Financial Controls Over Financial Report under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

**Opinion**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Jullundur Motor Agency (Delhi) Limited (hereinafter referred to as “The Parent Company”) with its subsidiary companies as of that date.

In our opinion and to the best of our information and according to the explanations given to us, the Parent Company along with its subsidiary companies, have in all material respects, an adequate internal financial controls over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by such companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Management’s Responsibility for Internal Financial Controls**

The Board of Directors of the Parent Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor’s Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent Company and its subsidiary companies, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on auditing, both issued by the ICAI and prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to consolidated financial statements.

**Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Other Matters**

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to the consolidated financial statements of the Parent Company, in so far as it relates to these three subsidiary companies, is based on the corresponding reports of the auditors of such subsidiary companies.

Our opinion is not modified in respect of the above matters.

**Significant accounting policies and notes on accounts for the year ended 31st March, 2022**

**1 General Information**

The consolidated financial statements comprise financial statements of “Jullundur Motor Agency (Delhi) Limited” (“parent company”) and its subsidiaries ( collectively referred to as the Group) for the year ended 31st March 2022. The principal activities of the Group is in trading and distribution of automobile parts, accessories and petroleum products in India.

**2 Significant accounting policies**

**A Basis of Preparation of financial statements**

The consolidated financial statements have been prepared to comply in all material respects with the notified accounting standard under Section 133 of the Companies Act, 2013 (‘the Act’) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (referred to as “Ind AS”) under the historical cost convention on an accrual basis except for certain financial instruments which are measured at fair values at the end of each reporting year as explained in the accounting policies below.

The accounting policies have been consistently applied by the group except where a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**B Basis of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31 March 2022. Control is achieved when the Group has power over the investee, it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31st March, 2022

Consolidation procedure:

- a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries.
- b) Offset (eliminate) the carrying amount of the parent’s investment in each subsidiary and the parent’s portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Inter-company transactions and balances including unrealized profits are eliminated in full on consolidation.

Non-controlling interests in the net assets (excluding goodwill) of consolidated subsidiaries are identified separately from the Company’s equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interests’ proportionate share of the fair value of the acquiree’s identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests’ share of subsequent changes in equity. Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

Changes in the Company’s interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Company’s interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

When the parent Company loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognized in other comprehensive income in relation to the subsidiary are accounted for (i.e., reclassified to profit or loss) in the same manner as would be required if the relevant assets or liabilities were disposed off. The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109 Financial Instruments: Recognition and Measurement or, when applicable, the cost on initial recognition of an investment in an associate or jointly controlled entity.

Following subsidiaries have been considered in the preparation of these consolidated financial statements:

Companies	Equity shares held		% of voting power held	
	As at 31 March 2022	As at 31 March 2021	As at 31st March 2022	As at 31st March 2021

#### **C Business Combinations and goodwill**

Acquisitions of subsidiaries and businesses are accounted for using the acquisition method. Acquisition related costs are recognized in profit or loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition are recognized at their fair value at the acquisition date, except certain assets and liabilities required to be measured as per the applicable standard.

Purchase consideration in excess of the Company's interest in the acquiree's net fair value of identifiable assets, liabilities and contingent liabilities is recognized as goodwill. Excess of the Company's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the purchase consideration is recognized, after reassessment of fair value of net assets acquired, in the Capital Reserve. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

#### **D Use of Estimates:**

The preparation of financial statements in conformity with Ind AS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year end. Difference between the actual results and estimates are recognized in the year in which the results materialize.

#### **E Property Plant and Equipment (PPE):**

##### **(i) Tangible Assets**

Property plant and Equipment (PPE) are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of PPE which takes substantial year of time to get ready for its intended use are also included to the extent they relate to the year till such assets are ready to be put to use. Improvement to PPE which has the effect of increasing the future benefits from the existing assets beyond their previously assessed standard of performance is included in the gross block.

Tangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "capital work in progress".

##### **Transition to Ind AS**

On transition to Ind AS, the group has elected to continue with the carrying value of all its property, plant and equipment recognized as at 1 April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

**(ii) Investment property**

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent registered valuer.

**(iii) Intangible assets**

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the group and the cost of the assets can be measured reliably.

Intangible assets are stated at original cost less accumulated amortization and impairment losses, if any

**F Depreciation and amortization**

Depreciation on PPE except buildings and plant and equipment is provided on the written down value basis at the rates as derived, based on the useful life of the assets as specified in Schedule II to the Companies Act, 2013.

Depreciation on buildings and plant and equipment is provided on straight line basis at the rates as derived, based the useful life of the assets as specified in Schedule II to the Companies Act, 2013.

Goodwill is amortized on straight line method over a period of five years.

Lease hold land is amortized on a straight line basis over the unexpired period of their respective lease.

Intangible assets being software licenses are amortized on straight line method over their estimated useful life.

**G Financial Instruments**

**(i) Initial recognition**

Financial assets and financial liabilities are recognized in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The group determines the classification of its financial assets and liabilities at initial recognition. All financial assets and liabilities are initially recognized at fair value plus directly attributable transaction costs in case of financial assets and liabilities not at fair value through statement of profit or loss. Financial assets and liabilities carried at fair value through statement of profit or loss are initially recognized at fair value, and transaction costs are expensed in the income statement.

**(ii) Subsequent Measurement**

**a) Financial assets carried at amortized cost**

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**b) Financial assets carried at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding. Further, in cases where the group has made an irrevocable "election based, on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

**c) Financial assets carried at fair value through statement of profit or loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through statement of profit or loss.

**d) Financial liabilities**

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance sheet date, the carrying amount approximate fair value due to the short maturity of these instruments.

**e) Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the group are recognized at the proceeds received, net of direct issue costs.

**(iii) Derecognition of financial instruments**

The group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of financial liability) is derecognized from the group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

**(iv) Fair value of financial instruments**

In determining the fair value of its financial instruments, the group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The method used to determine fair value include available quoted market prices and discounted cash flow analysis. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximates fair value due to the short maturity of these instruments.

**H Inventories**

Stock in trade and Goods in transit are valued at cost or estimated realizable value whichever is lower. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Slow moving, damaged, unsalable or obsolete inventories are identified at the each reporting date on the basis of technical evaluation and valued at estimated realizable value.

**I Revenue Recognition**

**(i) Revenue from contract with customers**

Revenue from contract with customers is recognized when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligation is satisfied at a point of time. Performance obligations are said to be satisfied at of point of time when the customer obtains control of interest.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and taxes. Transaction price is recognized based on the price specified in the contract, net of estimated sales incentives/discounts/ right to return, using the expected value method.

**(ii) Other operating revenue**

Other operational revenue represents income earned from activities incidental to the business and is recognized when right to receive the income is established.

**(iii) Other Income**

Interest income from a financial asset is recognized using the effective interest rate.

Dividend income is recognized in the year in which the right to receive the same is established.

**J Purchases**

Purchases are net of incentive and commission received from suppliers and adjusted for claims rejected and goods short received. Incentive and commission from suppliers are recognized when no significant uncertainty exists regarding their collectability.

**K Trade and other payables**

These amounts represent liabilities for goods and services provided to the group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid in accordance with the terms with the vendors. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting year. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

**L Foreign Exchange Transactions**

**Functional currency**

The functional currency of the group is the Indian Rupee. These financial statements are presented in Indian rupees (rounded off to lakhs) which is the group's functional and presentation currency.

**M Employee benefits**

**(i) Short term employee benefits :**

All employee benefits due wholly within twelve months of rendering of services are classified as short term employee benefits. Benefits like salaries, wages, leave salary, contribution to Provident Fund/ Employee State Insurance contributions etc. paid or payable during the reporting year and the expected bonus expense are recognized as an expense on an undiscounted basis in the year in which the employee renders the related service.

**(ii) Post -employment benefits**

**a) Defined Contribution Plan**

The State governed Provident Fund Scheme, Employees' State Insurance Scheme and Employees Pension Scheme are defined contribution plans. The group has no obligation, other than the contribution payable to the Provident Fund Scheme, Employees' State Insurance Scheme and Employees Pension Scheme. The contribution paid /payable under the schemes is recognized during the year in which employee renders the related service.

**b) Defined Benefit Plan**

The liability is provided based on actuarial valuation certified by consulting actuary. The group recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Remeasurements comprising of actuarial gains and losses, the effect of the asset ceiling (excluding amounts included in net interest on the net defined benefit liability) and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability) relating to retirement benefit plans are recognized in Other Comprehensive Income which are not reclassified to profit or loss in subsequent years.

The group's Gratuity is Defined Benefit Retirement Plan. The group 's liability towards Gratuity is determined using the Projected Unit Credit Method which recognizes each year of service as giving rise to additional unit of employee benefit entitlement.

In respect of Directors, the liability for gratuity is unfunded and in respect of other eligible employees, the Gratuity scheme is operated through Group Gratuity Scheme of Life Insurance Corporation of India.

**N Income taxes**

The accounting treatment followed for taxes on income is to provide for Current Income Tax and Deferred Income Tax. Income tax expense is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior year is the aggregate amount of income tax determined as payable in respect of taxable income for the year, using the tax rates and tax laws that have been enacted or substantially enacted by the Balance Sheet date. Deferred Income Tax asset and liability are recognized for all temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred Income tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax is not provided on the undistributed earnings of subsidiaries where it is expected that the earnings of the subsidiary will not be distributed in the foreseeable future. The group offsets current tax asset and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**O Provision and Contingencies**

- i) Provision is recognized (for liabilities that can be measured by using a substantial degree of estimation) when:
  - a) the group has a present obligation as a result of a past events.
  - b) a probable outflow of resources embodying economic benefits is expected to settle the obligation ; and
  - c) the amount of the obligation can be reliably estimated.Contingent liability is disclosed in case there is ;
  - a) possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group : or
  - b) a present obligation arising from past events but is not recognized because :
    - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation : or
    - (ii) a reliable estimate of the amount of the obligation cannot be made.

**P Impairment**

**(i) Financial assets**

The group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing components is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECL (or reversal) that is required to adjust loss allowance at the reporting date to the amount that is required to be recognized, is recognized as an impairment gain or loss in profit or loss.

**(ii) Non-financial assets**

**Intangible assets and property, plant and equipment**

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

**Q Earning per share (EPS)**

Basic EPS are computed by dividing the net profit or loss for the year attributable to equity shareholders of the parent company by the weighted average number of equity shares outstanding the during the year. Diluted earning per equity share are computed by dividing the net profit attributable to the equity holders of the parent company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented.

Items of "Other Comprehensive Income" are not considered for calculation of EPS (Basic or Diluted).

**R Dividends**

The final dividend on shares is recorded as a liability on the date of approval by the shareholders, and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

**S Leases**

The Group has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Group uses significant judgment in assessing the lease, lease term and the applicable discount rate.

The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

For short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the lease term.

**T Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below.

Prices in an active market (Level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of quoted equity shares and quoted corporate debt instruments.

Valuation techniques with observable inputs (Level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e.; as prices) or indirectly (i.e.; derived from prices). This level of hierarchy include Company's over-the counter (OTC) derivative contracts.

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

There has been no transfers between level 1, level 2 and level 3 for the years ended 31st March, 2022 and 2021.

The short-term financial assets and liabilities are stated at amortized cost which is approximately equal to their fair value. Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

## b) Financial risk management

In the course of its business, the Company is exposed primarily to fluctuations equity prices, liquidity and credit risk, which may adversely impact the fair value of its financial instruments.

The Company has a risk management policy which covers the risks associated with the financial assets and liabilities such as credit risks. The risk management policy is approved by the board of directors.

### i) Market risk

#### Equity Price risk

Equity Price Risk is related to the change in market reference price of the investments in equity securities.

The fair value of some of the Company's investments measured at fair value through other comprehensive income expenses the Company to equity price risks. These investments are subject to changes in the market price of securities. The fair value of Company's investment in quoted equity securities as at March 31, 2022 and 2021 was ₹ 174.56 lakhs- and ₹ 155.13 lakhs respectively. A 10% change in equity price as at March 31, 2022, and 31st March 2021 would result in an impact of ₹ 17.46 lakhs and ₹ 15.51 lakhs respectively.

(Note: The impact is indicated on equity before consequential tax impact, if any).

### ii) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentrations of credit risk, principally consist of investments classified as fair value through profit or loss, trade receivables, loans and advances and derivative financial instruments. None of the financial instruments of the Company result in material concentrations of exposure to credit risks.

#### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 18,487.78 lakhs as at 31st March, 2022 and ₹ 15,998.20 lakhs as at 31st March, 2021, being the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, finance receivables, margin money and other financial assets excluding equity investments.

None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Regarding trade receivables and other receivables, and other loans or receivables that are neither impaired nor past due, there were no indications as at 31st March, 2022, that defaults in payment obligations will occur.

### iii) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit and liquid and liquid plus schemes of mutual funds, which carry no/low mark to market risks.

### 30 Segment Reporting

The Group is dealing in one class of goods i.e. automobile parts & accessories and located in one country i.e. India. Since the group operated in a single business/ geographical segment, information required by Ind AS 108 operating lease.

- 31 In accordance with Ind AS 36 'Impairment of Assets', the group has assessed as on the Balance Sheet date, whether there are any indications with respect to impairment of any of the assets. Based on such assessment it has been ascertained that no potential loss is present and therefore, formal estimate of the recoverable amount has not been made. Accordingly no impairment loss has been provided in the books of accounts.

### 32 Employee Benefits

#### Defined Contribution Plan

During the year the group has recognized the following amounts in the statement of profit and loss:

Plans	2021-2022	2020-2021
Employer's Contribution to Provident Fund	147.37	125.64
Employer's Contribution to Employees State Insurance	25.11	25.39
Employer's Contribution to Linked Insurance fund	17.35	13.80
	<b>189.82</b>	<b>164.83</b>

#### Defined Benefit Plan and other long term benefits

##### Gratuity funds

The Employees gratuity fund scheme is managed by Life Insurance Corporation of India. The present value of obligation is determined based on Actuarial valuation by certified actuary. The Valuation has been carried out using the Project Unit Credit Method as per Ind AS 19.

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary overtime. Thus, the Company is exposed to various risks which are as follows:

##### Interest Rate risk:

The plan exposes the group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the benefit and will thus result in an increase in the value of the liability.

##### Liquidity risk:

This is the risk that the group is not able to meet the short-term payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

##### Salary Escalation risk:

The present value of defined benefit plan liability is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

(Amount in Lakhs)

**Demographic risk:**

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

**Regulatory risk:**

Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹ 20 lakhs).
