The proceedings of the AGM will be deemed to be conducted at the Registered Office of the Company which shall be the deemed Venue of the AGM.
2. In terms of the MCA Circulars, physical attendance of Members at the AGM and appointment of proxies has been dispensed with. Accordingly, the Attendance Slip, Proxy Form and Route Map are not annexed to this Notice. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Members may be appointed for the purpose of casting vote through remote e-Voting prior to the AGM, participation in the 36th AGM through VC/OAVM Facility and for electronic voting during the AGM.
3. Attendance of the Members participating in the 36thAGM through VC/OAVM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
4. In line with the MCA Circulars and SEBI Circular referred above, the Notice of the 36thAGM along with Annual Report is being sent by e-mail to all members, whose e-mail IDs are registered with the Company. The said documents are available on the website of the Company at www.neccgroupp.com and on the website of National Stock Exchange of India Limited at www.nseindia.com and BSE Limited at www.bseindia.com and also on the website of National Securities Depository Limited (NSDL) at www.evoting.nsdl.com.

The Company had published advertisements in newspapers to encourage shareholders, holding shares in physical and electronic form, to register/update their email IDs for receiving the Annual Report for the financial year 2020-21.

Those shareholders who have still not been able to update their e-mail IDs, may follow the process below for registration of e-mail IDs and procuring User IDs & Password for e-voting, on the resolutions set out in this Notice:-

- In case shares are held in Demat mode, please send an e-mail to cs@neccgroupp.com quoting DP ID Client ID (16 digit DP ID + Client ID or 16 digit beneficiary ID), Name of holder(s), scanned copy of client master list/demat account statement, PAN Card and Aadhaar Card.
- In case shares are held in physical mode, please send an e-mail to cs@neccgroupp.com quoting Folio No., Name, scanned copy of Share certificate (front & back), PAN Card and Aadhaar Card.

5. Members of the Company including Institutional Investors are encouraged to attend the AGM and vote on items to be transacted at the AGM. Corporate Members are requested to send a certified copy of the Board resolution / authorization letter to the Company through e-mail at cs@neccgroup.com.

The Company has fixed **Wednesday, September 22, 2021** as the Cut-off date for determining the eligibility to vote in respect of items of business to be transacted at the 36thAGM.

Any person who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and is holding shares as on the cut-off date, may obtain the login ID and password by sending a request at www.evotingindia.com. However, if he / she is already registered with National Securities Depository Limited (NSDL) for remote e-voting, then he / she can use his / her Existing user ID and password for casting the vote. Any shareholder who disposes off his shareholding such that he/she is not a member as on the cut-off date should treat this Notice for information purposes only.

Further, the Register of Members and Share Transfer Books of the Company will remain closed from **Thursday, September 23, 2021 to Wednesday, September 29, 2021 (both days inclusive)**.

6. **Mr. Ashish Kumar Friends, M/s A.K. Friends & Co.,** Practicing Company Secretaries, New Delhi has been appointed as the Scrutinizer to scrutinize the votes cast by the shareholders in respect of items of business to be transacted at the 36thAGM, in a fair and transparent manner.
7. In compliance with provisions of MCA Circulars and SEBI Circular referred above, Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, Regulation 44 of SEBI (LODR) Regulations, 2015 and Secretarial Standards on General Meetings issued by ICSI, the Company is offering e-voting facility to the shareholders to enable them to cast their votes electronically on the items mentioned in the Notice. Those Shareholders who do not opt to cast their vote through remote e-voting, may cast their vote through electronic voting system during the AGM.

NSDL will be providing facility for remote e-voting, participation in the 36thAGM through VC/OAVM and voting during the 36thAGM through electronic voting system. The remote e-voting period begins on **Sunday, September 26, 2021 (9.00 A.M.)** and ends on **Tuesday, September 28, 2021 (5.00 P.M.)**. The remote e-voting module shall be disabled by National Securities Depository Limited (NSDL) for voting thereafter. Please refer to detailed instructions for remote e-voting, attending the 36thAGM through VC/OAVM and electronic voting during the AGM, annexed to this Notice.

8. The Explanatory Statement pursuant to Section 102 of the Act setting out material facts concerning the business under Item Nos. 4 to 9 of the Notice is annexed hereto. The relevant details, pursuant to Regulation 36(3) of the Listing Regulations and Secretarial Standards -2 on General Meetings issued by the Institute of Company Secretaries of India, in respect of Directors seeking appointment/re-appointment at the AGM is provided as annexure to the Notice. Requisite declarations have been received from Director/s for seeking appointment/re-appointment.
9. SEBI encourages all shareholders to hold their shares in dematerialized form as this eliminates the possibility of damage/loss of physical share certificate(s) & cases of forgery and facilitates the ease and convenience of paperless trading of shares. Further, no stamp duty is payable on transfer of shares held in Demat form. It is also pertinent to mention that with effect from April 1, 2019, SEBI has prescribed that requests for effecting transfer of securities (except transmission or transposition cases) shall not be processed unless the securities are held in the dematerialized form with a depository. Accordingly, we request you to convert your shareholdings from physical form to demat form at the earliest, in existing demat account or new demat account to be opened with any Depository Participant (DP).
10. Members who hold shares in physical form are requested to send all correspondence concerning transmission, transposition, sub-division, consolidation of shares or any other related matter and/or change in address or bank account, to R&TA of the Company and in case of shares held in electronic mode, to their respective Depository Participants.
11. Members desirous of making a nomination in respect of their shareholding in the Company, as permitted under Section 72 of the Companies Act, 2013, are requested to write to the R&TA of the Company in Form SH-13 as prescribed in the Companies (Share Capital and Debentures) Rules,

2014. In case of shares held in dematerialized form, the nomination form has to be lodged directly with the respective DP.
12. The Register of Directors and Key Managerial Personnel (KMP) and their shareholding maintained under Section 170 of the Companies Act, 2013, Register of contracts and arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice, will be available for inspection through electronic mode, without any fee, by the members from the date of circulation of this Notice, up to the date of AGM i.e. September 29, 2021. Members desiring for inspection of said documents are requested to send an e-mail to the Company at cs@neccgroup.com.
 13. Members desirous of getting any information on any item(s) of business of this meeting are requested to send an e-mail mentioning their name, demat account number/folio number, email id, mobile number to cs@neccgroup.com at least seven days prior to the date of the AGM and the same will be replied by the Company suitably.
 14. The Scrutinizer shall, after the conclusion of the electronic voting during the AGM, assess the votes cast at the meeting through electronic voting system, thereafter unblock the votes cast through remote e-voting and make a consolidated Scrutinizer's Report and submit the same to the Chairman of the Meeting.
 15. The results of the voting indicating the number of votes cast in favour or against each of the Resolution(s), invalid votes and whether the Resolution(s) have been carried out or not, together with the Scrutinizer's Report, will be uploaded on the website of the Company (www.neccgroup.com) and on National Securities Depository Limited (NSDL) website www.evoting.nsdl.com and will also be submitted to BSE Limited and National Stock Exchange of India Limited within the prescribed time. Further, the Resolution(s), if passed by requisite majority, shall be deemed to be passed on the date of 36th AGM.

THE INSTRUCTIONS FOR MEMBERS FOR REMOTE E-VOTING AND JOINING GENERAL MEETING ARE AS UNDER:-

The remote e-voting period begins on Sunday, September 26, 2021 at 09:00 A.M. and ends on Tuesday, September 28, 2021 at 05:00 P.M. The remote e-voting module shall be disabled by NSDL for voting thereafter. The Members, whose names appear in the Register of Members / Beneficial Owners as on the record date (cut-off date) i.e. September 22, 2021, may cast their vote electronically. In view of the above, the Board recommends the Special Resolution set out at Item No. 5 of the Notice for approval by the members.

ITEM NO: 6

The object clause (Clause III) of the Memorandum of Association ("MOA") of the Company, as presently in force, is based on the erstwhile Companies Act, 1956. According to the Companies Act, 2013, the companies are required to have only "the objects to be pursued by the company and matters which are necessary for furtherance of the objects specified". Further in terms of provisions of the Companies Act, 2013, MOA shall not consist of other object clause. Therefore, it is considered expedient to replace the existing MOA by a new set MOA to incorporate the aforesaid object clause as per the Companies Act, 2013. The new set of MOA to be substituted in place of the existing MOA are in the format prescribed under 'Table A' of the Act which sets out the model MOA for a Company limited by shares.

Copy of the draft Memorandum of Association of the Company would be available for inspection by the members at the Registered Office/Corporate Office of the Company on any working day between 2 P.M. to 4 P.M. upto and including the date of AGM and also at the venue of the meeting.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No.6 of the Notice except to the extent of their shareholding, if any.

ITEM NO: 7

The Articles of Association ("AOA") of the Company as presently in force are based on the erstwhile Companies Act, 1956 and several regulations in the existing AOA are no longer in conformity with the Companies Act, 2013.

Further several regulations / articles of the existing AOA of the Company require alteration or deletion pursuant to changes in applicable laws. Therefore, it is considered expedient to wholly replace the existing AOA by a new set of Articles. The new set of AOA to be substituted in place of the existing AOA.

Copy of the draft Articles of Association of the Company would be available for inspection by the members at the Registered Office/ Corporate Office of the Company on any working day between 2 P.M. to 4 P.M. upto and including the date of AGM and also at the venue of the meeting.

None of the Directors or Key Managerial Personnel of the Company and/or their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of the Notice except to the extent of their shareholding, if any.

ITEM NO :8 & 9

Considering the overall business growth and future expansion and the operational needs of the Company, the Company needs to raise funds for its operations by means of equity. While the Company is considering the various options, it is proposed to increase the Authorised Share Capital as per applicable provisions of the Companies Act, 2013 and its corresponding rules, amendments thereof.

Section 61 of the Companies Act, 2013, (including any statutory modification(s) or re-enactment thereof, for the time being in force) provides that a limited company having a share capital may, if so authorized by its Articles of Association, with the consent of its members in its general meeting or through Postal ballot, alter the conditions of its Memorandum of Association so as to increase its share capital by such amount as it thinks expedient.

Articles of Association empowers the Company to increase, consolidate, subdivide, reduce or otherwise alter its Authorise Share Capital, for the time being, and to divide the shares in the capital into several classes with rights, privileges or conditions, as may be determined.

It is proposed to increase the Authorised Share Capital of the Company from Rs. 54,00,00,000 (Rupees Fifty-Four Crore Only) divided into 5,40,00,000 (Five Crore Forty Lakhs) Equity Shares having face value of Rs.10/- each to Rs. 1,00,00,00,000 (Hundred Crore Only) divided into 10,00,00,000 (Ten Crore) equity shares of Rs. 10 each by addition of 4,60,00,000 (Four Crore Sixty lakhs) Equity Shares having face value of Rs.10/- each.

Consequently, the existing clause V of the Memorandum of Association of the Company needs to be altered accordingly for deletion of the previous authorised share capital and substitution of the proposed increased Authorised Share Capital.

The above-mentioned increase in the Authorised Share Capital of the Company and subsequent alteration of aforesaid clause of Memorandum of Association will require approval of the Members. The Board of Directors recommends the resolutions at item nos. 6 & 7 to be passed as Ordinary Resolution(s).

It is requested to note that the draft of the Altered Memorandum of Association of the Company shall be open for inspection of the members at the Registered Office of the Company during 11:00 AM (IST) to 5:00 PM (IST) on all working days from the date of dispatch of the Notice till the last date for voting.

None of the Directors/Key Managerial Personnel and their relatives is concerned or interested in the passing of the aforesaid resolution(s) as mentioned at item nos. 8 & 9 above, except to the extent of their shareholding, if any

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

(Pursuant to Regulation 34 read with the Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015)

COVID-19 is a humanitarian crisis on a global scale. The virus continues to spread throughout the globe, placing health systems under unprecedented stress in the battle to save lives. The human scale of this tragedy is set to worsen as the virus spreads to lower income countries with weaker healthcare systems. The year 2020-21 was unprecedented due to the outbreak of the Covid-19 pandemic which also turned out to be an unmatched socio-economic crisis leading to disruptions across the world. The subsequent actions to contain the spread such as stringent lockdowns and the restrictions on logistics across the interconnected world brought everything to a halt. On the one hand, consumer sentiments were affected amidst the uncertainty impacting the demand led by a number of factors ranging from layoffs, salary cuts to higher spend on healthcare. On the other hand, the supply side witnessed the loss of productivity due to the reverse migration of labor, unavailability of raw material owing to transport restrictions, and higher spread of infections.

While Covid-19 impacted economic and commercial activities, offices shut because of the pandemic-induced lockdowns ordered by the Governments, and the world adjusted to working from home (WFH). Businesses spent much of the past year trying to adapt to the extraordinary circumstances of "The New Normal."

BUSINESS ENVIRONMENT

➤ Global Business Overview

The year 2020 was marked by crisis, instability, and doubts across the globe because of the pandemic. This shut down the economy and almost sidelined small businesses. The second quarter of 2020 was majorly about debt distress, job loss, pay cuts, supply and demand shocks. Most Governments responded by declaring fiscal stimulus, while central banks around the world started lowering the interest rates to inject liquidity into the economy. Interestingly, Asian countries stood firm compared to their western counterparts because of their inherent resilience.

In the third quarter of 2020, economic activities in Asian countries like China, India, Indonesia, Vietnam, and South Korea picked up. It was majorly driven by strong demand for the region's exports. Similarly, the US, UK, Canada, and Germany started posting positive GDP numbers. Several nations posted better GDP numbers compared to previous quarters. Presently, we are looking at a positive outlook for 2021, and it is estimated that the global economy will grow at the rate of around 5.5%. While the emerging markets and developing economy is projected to grow at a considerably faster rate of 6.3%, the strength of the recovery is likely to differ significantly across countries. This would depend on access to medical interventions, the effectiveness of policy support, exposure to cross-country spillovers, and structural characteristics. Lately, it has been observed that despite the vaccination drives, a few nations have witnessed a rise in COVID-19 cases. This would inevitably result in another downward spiral for the economy.

➤ Indian Business Environment

The FY 2020-21 was particularly shaky for the Indian economy because of the lockdowns and therefore they reduced the magnitude of the infected peak and led to a low mortality rate, but the Indian economy witnessed a significant slowdown across sectors as GDP fell to (23.90)% in the Q1 of FY 2020-21. The gradual easing of lockdown, along with effective monetary and liquidity measures adopted by the Reserve Bank of India (RBI) and Government of India (GOI), brought in hope for a V-shaped recovery. The growth in Indian GDP for the FY 2020-21 is estimated at (7)% as compared to the growth rate of 4.2% in FY 2019-20. Utilities, pharmaceuticals, diagnostics, consumer goods and durables, agrochemical, and fertilizers sector were among the few that performed better during the fiscal. The recovery scale would determine the sustainability of the Government's higher fiscal deficit and debt between medium and long term. The second wave of the virus could dampen the estimated growth prospects and also dent consumer and corporate confidence.

➤ **The Impact of Covid 19 in Global Transport Sector**

1. Civil Aviation:

The civil aviation industry has been among the most severely hit sectors globally. Although the media has extensively covered the issue, the future remains unclear. The International Civil Aviation Organisation (ICAO) actively monitor the economic impact on the industry and regularly publishes reports and forecasts

Focusing on the Middle East: IATA has released new data showing the impact of Covid 19 on the Middle East aviation industry and its economics that is caused by the shutdown of the air traffic. Job losses in the aviation sector will reach 1.5 million. That is more than half of the region's 2.4 million aviation related employment. Full-year 2020 traffic is expected to decline by 56% comparing to 2019. The region's GDP supported by aviation will continue to fall by up to \$85 billion as the previous estimate was \$66 billion

2. Maritime Sector:

The shipping industry has largely proved resilient to the Covid 19 outbreak. Despite the current difficult times, a vast majority of ports have succeeded to stay open to cargo operations. However, most of them still remain closed to passenger traffic. Despite the disruptions at ports and to crew changes the shipping industry has largely continued to operate around the world, facilitating the movement of essential supplies and medicines that are needed to keep countries running and to deal with the global public health crisis.

The Mediterranean Sea has been a critical maritime and commercial route for millennia. it is home to 87 ports of various sizes and strengths, serving local, regional and international markets. Commercial shipping transports around 80 % of global trade, and intra-Mediterranean maritime trade flows account for nearly 25% of global traffic volume. The COVID-19 pandemic has highlighted the vulnerability of maritime networks, port efficiency, and hinterland connectivity in the Mediterranean to crisis situations

Governments have been encouraged to grant all seafarers, fishers, offshore energy workers, and aviation and airports workers exemptions from national travel- and health-related restrictions in order to facilitate the resumption of crew changes on ships and aircraft, and in airports and cargo facilities.

3. Road Transport Sector:

The road transport sector is essential to social and economic development and guarantees mobility across countries. Road freight transport services ensure the supply of essential goods, including food and medical supplies, as well as a vast range of materials upon which businesses and consumers depend. The road transport sector not only makes an important contribution to economic growth and job creation, but also prevents shortages of essential goods. Road transport in some countries has been declared an essential service.

In order to control the spread of COVID-19, many countries around the world have placed restrictions on domestic transit and/or closed border crossings for road freight transport services.

Shortages of essential goods or higher prices can affect the most vulnerable in society (including women, the elderly and informal workers). Urgent action by governments, the social partners and parties to road transport supply chains – including shippers, receivers, and transport buyers– will be critical in addressing decent work challenges for these key workers to tackle the present and future crises effectively.

• Public Transportation

During the first wave of Covid 19, the demand on oil has significantly dropped to more than 50% due to the closure that the world has witnessed. The pandemic has impacted public transport dramatically in general and ways of mobility specifically, as the new regulations that have been put in place interfered with the number of passengers using public transportation. The number of passengers entering public transportation waiting stops is so limited, sharing taxis is prohibited, and installing protective screens between driver and passenger became necessary. Covid 19 has put many obstacles in the way of public transport agencies and its

workers. Thus, these companies find themselves incapable of paying drivers their wages, finance their commitments, and secure the operational expenses.

4. Railways Sector:

During lockdowns and mobility restrictions, governments made it clear that rail is an essential service that has to maintain a minimum level of service. The restrictions on rail operations varied from one country to another depending on the procedures they have made to halt the spread of the Corona virus.

Rail freight was essential in providing commodities such as food, coal, and health related materials (e.g. medicine, PPEs etc) to communities during the lockdowns. Despite all this, overall freight traffic has been reduced during the Covid 19 pandemic.

Restrictions on services and individual's movement on the global level combined with authorities' advice to not travel have led to a decrease of passenger volumes of approximately 80% for all national rail services during lockdowns. For international rail passenger services, the passenger volumes have dropped by almost 100% for all operators, in line with international passenger border closures. For freight operations, the volumes have been hit with an average estimated loss of between 10 -15% for most operators. An estimation conducted by UIC shows the full year passenger demand is expected to decline up to 30% in revenues compared to 2019 while the freight sector is expected to decline an average of 10% in revenue compared to a year-ago period. This amounts to around \$125 billion for years 2020 and 2021 for a crisis which may last several years according to some economic projections.

➤ The Impact of Covid 19 in Indian Transport Sector

The coping mechanism to tackle COVID-19 varied from state to state. MHA had issued several guidelines which were inclusive of physical distancing and mandatory wearing of masks. For instance, the capital city of Delhi had proposed several guidelines for movement of people in public transport in official as well as commercial complexes inclusive of physical distancing within public transport, curtailing of transit services and halting of metro services. In the case of Delhi metro (spanning a total length of 387 Kms) which got reopened on 9.9.2020 during the ongoing unlock 9.0, the ridership level is around 100,000 per day which is far lower than 480,000 per day during the pre-COVID level peak ridership. This could be attributed to both the physical distancing norms restricting the number of passengers per train as well as the fear psychosis which is still embedded in the minds of commuters about using the public transport.

The succeeding sections will throw light on the status of the various forms of transport sectors in some of the Indian states and cities during COVID-19 and its impacts.

1. Airline Sector

Domestic airlines reported a 33 % decline in the number of passengers flown in March 2020 by reporting a figure of 7.762 million, as compared to 11.6 million flown during the same period previously [Source: Directorate General of Civil Aviation (DGCA), GoI]. It is estimated that by the last quarter of the current fiscal year, the Indian aviation industry is likely to report reduction to the tune of 3 to 14 % in the domestic passenger traffic (ICRA report). However, the domestic airlines in India opened at a lower capacity by registering a total of only 21,696 departures in June 2020 as against 86,456 departures in June 2019, resulting in 74.9 % reduction year-on-year in capacity deployment comparison. It is hoped that the trend would change for the better in the coming as airlines are expected to resume normal operations during the festive season starting from October, 2020. For instance, in the month of June 2020, the domestic passenger traffic was a mere 1.95 million as against 11.2 million in June 2019 and thus registering massive reduction of 83.7 % over the yearago period. Similarly, the average number of passengers per flight i.e. load factor during June, 2020 was only 90, as against an average of 139 passengers per flight in June 2019

Since 7th May 2020, Indian aviation industry has been ordered by the DGCA to operate International Flights under the name of 'Vande Mantaram' are operated for dual purposes. One is bring back the stranded Indians

abroad and secondly in terms of repatriation / going for job / business purposes of the stranded passengers back to their home country by entering into a bio-bubble agreement with more than 50 countries across the globe. Other than the above, no international services are being allowed till 30.9.2020.

Based on the above data and analysis, it is evident that the number of domestic passengers carried in the first two quarters of 2020 i.e. till 30.6.2020 reduced by almost half, dropping from 70.7 million in 2019 to 35.2 m in 2020.

2. Railway Sector

Indian Railways had cancelled all passenger train services since the start of the lockdown 1.0 to control the spread of COVID-19 cases in the country. This implied that all the daily 13,500 passenger trains (*both passenger and mail or long-distance trains*) of Indian Railways as well as all forms of suburban trains and metro operations in metropolitan cities were halted since 25th March, 2020.

However, the ban was not applicable to cargo trains from day one. This is to ensure that the important supplies reach the different parts of the country. Indian Railways primarily operated about 9000 number of goods trains during the lockdown period till 31st May, 2020

Since, 1st May, 2020, Shramik Special trains were started by the Ministry of Railways after receiving the nod from Gol to ferry stranded migrant workers to their native states amid the COVID-19 lockdown. As such, 4,286 Shramik Special trains carrying over 5.8 million migrants were operated to their destined places till 31st May, 2020 by plying 4155 such special trains. However, the demand for these trains has decreased from 250 to about 137 per day in the month of June, 2020. Further, to discourage unnecessary travel and to prevent the vulnerable category of senior citizens from undertaking unnecessary travels, concessional booking of all tickets except patients, students and Divyangjan i.e. differently-abled category were suspended since 20th March 2020

3. Bus Transport and Metro System

It is to be borne in mind that the Indian population has less than 1 bus for every 10,000 citizens whereas developed countries like USA, UK, Australia and Japan have more than 2 buses for every 1,000 citizens which leads to overcrowding in Indian buses. As mentioned earlier, metro operations have been grounded in Indian cities since the start of the lockdown, the bus sector came to the rescue for the travel of essentials service workers. However, COVID-19 induced lockdown and additional measures such as physical distancing and need for frequent cleaning has put an additional financial burden on the bus operators which risks the long-term sustainability of the sector. So where do buses stand now and going forward? This will be discussed in the succeeding section.

4. Trucking and Logistics Sector

Since the 2nd and 3rd day of lockdown in March, 2020 i.e. *during Lockdown 1.0*, the commodity traffic movement across the country reduced by as high as 90 to 95 % excepting the transport of essential commodities. Since the end of May, 2020, there was respite in the form of allowing the movement of all types of cargo movement across the country.

In this regard, CSIR - CRRI and other studies has highlighted several game changing plans for authorities to ensure seamless mobility during the ongoing crisis situation due to COVID-19 and post COVID-19. To summarize, the following aspects are suggested for implementation:

- ✓ Rebuild public confidence in safe public transport with stringent implementation of hygiene and physical distancing measures.
- ✓ Design reform based fiscal package and fiscal instruments to support revival of transit systems and reduce cost burden on bus-based systems.
- ✓ Allocate more protected lanes to buses to maximize fleet utilization and carrying capacity.

- ✓ Implement long term strategies to augment integrated public transport and services.
- ✓ Adopt measures like work from home, staggered timing etc to reduce unnecessary travel trips and move short trips to walking and cycling as much as possible
- ✓ Need for emergency scaling up of protected footpaths and cycle lanes with flexible barriers to enable all income groups to access workplace and meet other needs within a reasonable radius.

OPPORTUNITIES & EMERGING TRENDS IN TRANSPORT SECTOR

With growing competition in the transportation sector, involved companies should deploy new existing technologies and extensively improve the quality of their services to remain in the business. A crucial element in the global movement of goods and people, the transportation industry is hurting right now. As company leaders work to effectively respond to crisis and build transportation industry resilience post-COVID-19, they are presented with a dramatic opportunity to remake their organizations and perhaps the sector as a whole.

Trend #1: Cloud-Based Systems Adoption

One of the biggest transport industry trends for 2021 is cloud-based systems adoption, since the platforms in the cloud force a software-as-a-service (SaaS) model which opens unlimited opportunities for companies scalability and innovative digital resources usage. It allows reaching higher profitability and exceeding the common returns of on-premise systems' capabilities.

Trend #2: Integrated, Frictionless Travel

The necessity to make travel more smooth and hassle-free is mostly manifested through the rise of mobility-as-a-service (MaaS). However, the number of new trends in the transportation industry, combined and aimed at minimal stoppages or checkpoints result in this one key drift to integrated travel and transportation. The minor tendencies are optimization of the infrastructure, creation of the mobility hubs for multimodal transportation, building platforms for ticketless travel, and introduction of the innovations in micromobility and last-mile connections.

Trend #3: Visibility and Anti-Theft GPS

Today E-Commerce, retail, and logistic companies are getting focused on the increased visibility, thus, tracking technologies adoption and adjustment for increased traceability are among the major driving trends in the transportation industry this year. Anti-Theft GPS, for instance, is a means to receive near real-time locations for entire fleets and separate items in transit. The extra security protocols will also help avoid losses across the board.

Trend 4: Regulation Compliance

It will be more correct to say that regulatory compliance is a must rather than one of the latest trends in transportation. Commercial transport companies should stay up-to-date on recent requirements and regulations adopted, changed, or removed by any local, state, or federal government. Whether they are regulations regarding electronic logbooks, overtime, or safety rules, timely monitoring regulations will always be a trend.

Trend #5: Address Delivery

The growth of E-commerce businesses leads to a rising demand for address deliveries. Providing better service means being more competitive. Heavy trucking businesses should consider adding a fleet of small vehicles to conquer a bigger piece of the market. Therefore, optimization of the last mile deliveries is one of the transport and logistics industry trends of 2021.

Trend #6: Drone Delivery

Within a last-mile delivery focus tendency among both retailers and transportation companies, some companies already deliver packages to the citizens and companies by drones. At the end of 2016, Amazon first delivered an order to its customer using a drone. This delivery was conducted in England within Amazon's new program called Prime Air which implied that a customer could get a package in 30 minutes. After Amazon's success, various companies started investing in drone delivery to increase the cost-effectiveness of their business and customer experience as well.

In the EON of COVID-19 the contactless address delivery became the most popular and required of all the present-day transportation industry trends. It motivated even more companies to turn their eyes to this delivery option and start adopting it.

CHALLENGES IN TRANSPORT SECTOR

Experts in transport are incredibly concerned with the speed at which innovation is evolving. Technology is taking over like a disease. This has seen various logistics businesses struggle to keep up with the levels of developments in technology.

As digital disruption and innovation become critical parts of the entire strategy for many businesses, a lot needs to change. The role of supply chain and logistics needs to alter to capitalize on the value of any digital investment an organization establishes.

1. Transportation Challenges

Transportation by road is the primary mode of freight cargo transportation in India. Nearly 60% cargo moves by road. Owing to over-saturated rail networks and high rail tariffs, a mere 32% cargo moves by rail. Although majority of the supply chain moves by road, it is not without a fair amount of hiccups. Road transportation proves to be quite inefficient because of poor road infrastructure, multiple checkpoints, and congestion.

2. Bulk Order Intensity Ratio

Keeping up with bulk order timelines is a herculean task for transportation companies. Every Indian Transportation Company in the Logistic Sector has faced the exhausting issue of keeping up with the supply-chain timeline in the event of receiving bulk load of orders. In the instance of high volume of orders received, it often gets difficult to prioritize and juggle orders and deliveries on an extremely tight timeline. This challenge gets aggravated when the company has limited resources, owing to the difficult payment cycles. Festival time is the best example of mass delays in delivery schedules, when an overall failure of the ETA mechanism can be observed.

3. Hike in Fuel Cost

Fuel cost is one of the biggest challenges faced by the transportation companies in the Indian logistic sector. The inflation in fuel prices results in increase of transportation costs to the shippers. Rise in fuel prices constantly increase the surcharges added to freight rates. This naturally cuts down the revenue and earnings of truckers, as fuel prices increase.

4. Unforeseen Delays in Transportation

The varied terrain and diverse travel and weather conditions in India, create an unreliability in the transportation industry, owing to the high probability of unforeseen conditions. Even when the packaging and drops are conducted on schedule, the transportation industry is often challenged by delays. Mainly because India is a huge country, covering different terrains, subject to different conditions. Also, roads are terrible in the remote, internal parts of the country and Ghats are prone to accidents and landslides.

Traffic congestions, multiple checkpoints, and toll stations add to the woes. This translates into the Logistics companies losing out on a lot of time and money. In a nutshell, even after taking into consideration extra delays, more unforeseen delays cannot be ruled out.

5. Dearth of Skilled Personnel

The Indian Logistics sector faces an alarming lack of skilled manpower and specialized personnel. With the advent of modern technology, there is a keen requirement for technically skilled labor. However, the laborers are under-skilled, over-worked and lack the desired skill-set to make the process efficient. Also, to save on capital, companies compromise on the training and payment of their logistics staff. Resultantly, these companies face the problem of high labor turnover, increased training costs and under-performing human resource.

6. Pitiabale Warehousing Conditions

Another major challenge is storage. The unfortunate plight of pitiabale warehousing facilities in India is no secret. Cargos incur immense damage owing to pest-infested warehouses, damage due to leakages, lack of proper storage space, and much more. This is most predominant in case of low margin goods and cargo. Also, the Governments use the big warehouses to store grains, leaving very little space for cargo storage.

7. Inadequate and Overstressed Delivery Staff

Overstressed delivery staff is a grave challenge faced by the supply chain of the Indian logistic sector. Every transportation company in India faces the problem of employing and retaining their delivery staff. The industry faces a shortage of delivery personnel, leading to the workloads of multiple time-bound deliveries being placed on the current workers. This obviously leads to them getting burnt out and discouraged with the pressure and with overwork.

RISK MANAGEMENT AND CONCERNS

Internal Control Systems and their adequacy

The Company has an effective and reliable internal control system commensurate with the size of its operations which are constantly assessed. The efficacy of the internal checks and control systems is validated by internal as well as statutory auditors. The Audit Committee reviews the internal audit plan, adequacy and effectiveness of the internal control system. It also reviews functioning of the Whistle Blower mechanism and monitors the action taken on the cases reported. The Audit Committee of the Board of Directors, Statutory Auditors and the Business Heads are periodically apprised of the internal audit findings and corrective actions taken. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit Committee.

The company has in place adequate internal financial controls with reference to financial statements. During the year, such controls were tested and no reportable material weakness in the design or operation was observed. The Audit Committee of Directors periodically reviews the significant findings of audits, as prescribed in the Companies Act, 2013 and in the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

Risk Management

Your Company believes that managing risks helps in maximizing returns. The Company's approach to addressing business risks is comprehensive and includes periodic review of such risks and a framework for mitigating controls and reporting mechanism of such risks. The risk management framework is reviewed periodically by the Board and the Audit Committee.

The Company however faces the following risks:

- **Competition Risk:** This risk arises from more players wanting a share in the same pie. Like in most other industries, opportunity brings with itself competition. We face different levels of competition in each segment, from domestic as well as multinational players. However, NECC has established strong brand goodwill in the market and a strong foothold in the entire logistics value spectrum.
- **Regulatory Risk:** If we are unable to obtain required approvals and licenses in a timely manner, our business and operations may be adversely affected. However, the Government has come up with a number of initiatives to boost the logistics sector and has planned massive investments in the infrastructure sector. As all industry predictions suggest that this will be the trend in the future as well and given our own experience in obtaining such permissions, we do not expect this risk to affect us materially in the coming years.

- **Liability Risk:** This risk refers to our liability arising from any damage to cargo, equipment, life and third parties which may adversely affect our business. The Company attempts to mitigate this risk through contractual obligations and insurance policies.

As a diversified enterprise, your Company continues to focus on a system-based approach to business risk management. A strong and independent Internal Audit function at the corporate level carries out risk focused audits across all businesses, enabling identification of areas where risk management processes may need to be strengthened.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF NORTH EASTERN CARRYING CORPORATION LIMITED

I. Report on the Audit of the Standalone Financial

Statements

1. Opinion

- A. We have audited the accompanying **Standalone Financial Statements** of North Eastern Carrying Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").
- B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

3. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

- A. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- B. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material mis-statement of this other information, we are required to

	report that fact. We have nothing to report in this regard.
4.	Management's Responsibility for the Standalone Financial Statements
A.	The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
B.	In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.
5.	Auditor's Responsibilities for the Audit of the Standalone Financial Statements
A.	Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
B.	As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
	i) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
	ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system

		in place and the operating effectiveness of such controls
		iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
		iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern
		v) Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation
	C.	Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.
	D.	We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
	E.	We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
	F.	From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication
II. Report on Other Legal and Regulatory Requirements		
1.	As required by Section 143(3) of the Act, based on our audit we report that:	
	A.	We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit
	B.	In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
	C.	The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account

D.	In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014
E.	On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
F.	With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
G.	With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
H.	With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
	i) The Company has disclosed the impact of pending litigations, if any on its financial position in its Standalone Financial Statements
	ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts
	iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2.	As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

NORTH EASTERN CARRYING CORPORATION LIMITED

Annexure A to the Independent Auditor's Report of even date on the Financial Statements of North Eastern Carrying Corporation Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of North Eastern Carrying Corporation Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Auditor's Certificate:

The above Cash Flow Statement has been prepared under the Indirect method as set out in Indian Accounting Standard (IND AS-7). The amendments to Ind AS 7 requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. The adoption of amendment did not have any material impact on the financial statements of the Company.

Previous year figures have been re-grouped/re-arranged wherever considered necessary.

NORTH EASTERN CARRYING CORPORATION LIMITED

Notes to the financial statements for the year ended March 31, 2021

1. Corporate information

North Eastern Carrying Corporation Limited is a Limited Company incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of transportation.

2. Basis of preparation of Financial Statements

(i) Statement of compliance:

The financial statements of the Company for the year ended 31 March 2021 are prepared in all material aspects in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and relevant provisions of the Companies Act, 2013.

(ii) Basis of Preparation:

Effective April 1, 2017, the Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April 1, 2016 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

(iii) Basis of Measurement

The financial statements have been prepared under the historical cost convention except for the following which have been measured at fair value:

- Financial assets and liabilities except borrowings carried at amortised cost

3. Significant accounting policies:

i) Property, plant and equipment:

Property, plant and equipment are stated at original cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment Losses, if any. Cost includes all incidental expenses relating to acquisition and installation of Property, plant and equipment.

Depreciation on computers and related equipment is provided on the written down value method except on Lorry & Trucks on which depreciation is provided on straight line method over their useful lives and in the manner prescribed under Schedule II of the Companies Act, 2013. Depreciation on Goodwill is being provided on straight line method over ten years.

An Item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset is recognized in profit or loss.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

ii) Cash and cash equivalents:

Cash and cash equivalents comprise cash on hand and demand deposits with banks which are short-term, highly liquid investments that are ready convertible into known amounts of cash and which are subject to insignificant risk of change in value.

iii) Employees Benefits:

a) Short term employee benefits

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognised during the period in which the employee renders related service.

b) Post-employment benefits

The Company makes specified monthly contribution towards employee provident fund to the Government. The minimum interest payable by the Government to the beneficiaries every year is notified by the government.

The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date.

Termination benefits:

Termination benefits are recognised as an expense in the period in which they are incurred.

iv) Foreign currency transactions:

(a) Functional and presentation Currency

The Company's financial statements are presented in INR, which is also the Company's functional and presentation currency.

(b) Transaction and Balance

Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rates on that date. The resultant exchange differences are recognised in the Statement of profit and loss.

Non-Monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transactions.

v) Revenue recognition:

Revenue is recognised to the extent that it is possible that the economic benefits will flow to the company and the revenue can be reliably measured.

vi) Provisions and contingencies

(a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation. Provisions are reviewed at each reporting period and are adjusted to reflect the current best estimate.

(b) Contingencies

A disclosure for contingent liability is made when there is possible obligation arising from past event the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

A disclosure for contingent assets is also made when there is possibility of an inflow of economic benefits to the entity which arise from unplanned or other unexpected events.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

vii) Earnings per share:

Basic earnings per share is computed using the net profit for the year attributable to the shareholders and weighted average number of shares outstanding during the year.

viii) Income Taxes:

Income tax comprises current tax (including MAT) and deferred tax. Income tax expenses is recognized in net profit in statement of Profit and loss extent to the extent that it relates to items recognised directly in other comprehensive income/equity, in which case it is recognized in other comprehensive income/equity.

Current Tax is the amount of tax payable on the estimated taxable income for the current year as per the provisions of Income Tax Act, 1961. Current tax asset and liabilities are offset when company has a legally enforceable right to set off the recognized amount and also intends to settle on net basis.

Deferred income tax assets and liabilities are recognised for deductible and taxable temporary difference arises between the tax bases of assets and liabilities and their carrying amount in the financial statement

Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that sufficient taxable profit will be available against which those deductible temporary differences can be utilised. Deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax is measured at the tax rates and tax law that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the year in which those temporary difference is expected to be recovered or settled.

ix) Financial instruments:

Initial measurement

Financial instrument is recognised as soon as the company become a party to the contractual provision of the instruments. All Financial assets and financial liabilities are measured at fair value on initial recognition, except for trade receivable which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial instrument (other than financial measured at fair value through profit or loss) are added or deducted from the value of the financial instrument, as appropriate, on initial recognition.

Financial Instrument sated as financial assets or financial liabilities are generally not offset, and they are only offset when a legal right to set off exist at that and settlement on a net basis is intended.

Subsequent measurement

Financial assets:

Subsequent measurement of financial assets depends on their classification as follows: -

(a) Financial asset carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within business model whose objective is to hold the asset in order to collect contractual cash flow and the contractual term of the asset give rise on specified dates to cash flow that are solely payment of principal and interest on the principal amount outstanding.

(b) Financial asset carried at Fair Value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial asset the contractual term of the asset give rise on specified dates to cash flow that are solely payment of principal and interest on the principal amount outstanding.

For all other equity instrument, the company make irrevocable election to present in other comprehensive income subsequent change in fair value. The company makes such election on an instrument- to- instrument basis.

(c) Financial asset carried at Fair Value through Profit and loss

A financial asset which is not classified in any of the above category is subsequently measured at fair value through profit and loss.

Financial liabilities and equity instruments:

Debts and equity instrument issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement and the definition of a financial liability and an equity instruments.

a). Equity Instruments

An equity instrument is any contract that an evidence and residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the company are recognized at the proceeds received, net of direct issue costs.

b) Financial Liabilities

All Financial liabilities are subsequently measured at amortised cost using the Effective interest method.

De-recognition of financial instrument: -

A financial asset is primarily derecognized when the contractual right to the cash flow from the financial asset expires and it transfers the financial asset.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

(x). Impairment**A). Financial Asset**

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

B). Non-Financial Asset**(a) Property, plant and equipment and Intangible asset**

The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amount is estimated as higher of its net selling price and value in use. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognized in the statement of profit and loss.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortization, had no impairment loss been recognized. Post Impairment, depreciation/amortisation is provided on the revised carrying value of the impaired assets over its remaining useful life.

3.Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement. Uncertainty about these assumptions

and estimates could result in outcome that require a material adjustment to assets or liabilities affected in future periods.

i)Property, plant and equipment

Property, Plant and equipment represent at proportion of the asset base of the company. The useful lives and residual value of the company's asset are determined by the management at the time the asset is acquired and reviewed at each reporting date.

ii)Income taxes

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions

iii)Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

iv)Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables and advances are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

v)Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the assets's recoverable amount. An assets's recoverable amount is the higher of an assets's or CGU's fair value less costs of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

vi)Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

vii)Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.
