Commenting on the company's performance, Mr. Arvind Nanda, Managing Director, Interarch Building Solutions Ltd., said "We are pleased to report that Interarch achieved its highest-ever quarterly revenue in Q2 FY26, with total revenue increasing by 51.9% YoY to INR 491 Cr, nearing the INR 500 Cr milestone. EBITDA and PAT grew by 65.1% and 56.2% YoY, respectively. Backed by a robust order book and strong project pipeline, we are confident of sustaining this growth in the second half of the year.

This quarter has been transformational for Interarch as we continue to expand and strengthen our manufacturing footprint across India. The commissioning of Phase II at our Andhra Pradesh facility marks another key milestone, making it our fourth fully integrated PEB plant and taking our total installed capacity to 2,00,000 MT. This expansion reinforces our leadership in PEB Industry and our commitment to supporting India's next wave of industrial growth.

The groundbreaking of our Gujarat facility marks another major step in our journey. Located in a state renowned for its world-class infrastructure and thriving semiconductor, EV, and allied industry clusters, this new plant will play a pivotal role in our next phase of capacity expansion and market reach.

Simultaneously, the groundbreaking at Athivaram, Andhra Pradesh for our heavy steel structures plant further consolidates Interarch's leadership in the high-rise steel building segment, as we aspire to continue investing in capacity, driving innovation, and shaping the future of PEB Industry in India

Supported by strong customer relationships, a net cash-positive balance sheet, efficient working capital management, and healthy cash flows. We remain focused on sustaining this growth momentum and are on track to achieve our guidance."

About Interarch Building Solutions Limited

Interarch Pre-Engineered Buildings

Interarch Building Solutions Limited commenced its operations in 1983. Today, 40 years later, Interarch is one of the leading turnkey pre-engineered steel construction solution providers in India with integrated facilities for design and engineering, manufacturing, on-site project management capabilities for the installation and erection of pre-engineered steel buildings.

Interarch Life: Non-Industrial Buildings

We offer a state-of-the-art solution for non-industrial buildings through our innovative load-bearing wall framing systems, crafted to support lightweight structures. Embracing a hassle-free drywall construction approach, these systems guarantee swift and efficient assembly, simplifying the construction process for our esteemed clients. With a focus on durability and safety, our load-bearing wall framing systems are engineered to be earthquake and termite-proof, providing robust protection for the structure and its occupants.

Moreover, these systems offer the flexibility of dismantling if required, providing adaptability for future changes or modifications. These structures can be custom-made according to the specific plans, accommodating varying shapes, sizes, and designs to meet the exact needs of customers.

TRACDEK® Metal Roofing & Cladding Systems

We manufacture world-class pre-engineered roofing and cladding systems designed to meet custom requirements. Our extensive portfolio includes Hi-Rib Roofing & Cladding System, Klippon Roofing & Cladding System, and SS-2000 Standing Seam Roofing System. Each of these solutions is engineered to provide exceptional performance and durability, ensuring that we meet a wide range of needs with precision and reliability.

Trac® Ceilings

Our TRAC® range of metal ceilings are manufactured from fully recyclable materials and are pre-painted and prefabricated in our factory. The ceiling systems are friendly to handle and will not promote the growth of bacteria and fungi. TRAC® ceilings exhibit excellent corrosion resistance. They can withstand very high humidity

(up to 100 %) and are suitable for use in outdoor applications.
