BOROSIL[®]
Scientific
Investor Presentation
Q1FY26

This investor presentation has been prepared by Borosil Scientific Limited (“Company”) on a strictly confidential basis. Certain statements in this presentation may be ‘forward looking statements’ within the meaning of applicable laws and regulations. These forward looking statements reflect our intentions, plans, expectations, assumptions, and beliefs about future events and are subject to risks, uncertainties and other factors, many of which are outside our control. These forward looking statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially from those suggested by the forward looking statements. Important developments that could affect the company’s operations include changes in the industry structure, significant changes in the political and economic environment in India and overseas, tax laws, import duties, litigation and labour relations. No representation or warranty, express or implied is made as to, and no reliance should be placed on, the fairness, accuracy, completeness, or correctness of such information or opinions contained herein. The information contained in this presentation is only current as of its date. The company will not be in any way responsible for any action taken based on such statements and undertakes no obligation to publicly update these Forward-looking statements to reflect subsequent events or circumstances. this presentation cannot be copied and disseminated in any manner. No person is authorized to give any information or to make any representation not contained in and not consistent with this presentation and, if given or made, such information or representation must not be relied upon as having been authorized by or on behalf of the Company. This should not be construed as an offer to sell or the solicitation of an offer to buy any securities or fresh issuance of any securities of the company.

The BOROSIL Group

The Borosil Group is a prominent Indian conglomerate that has made significant contributions to the glassware and laboratory products industry. Founded in 1962, the group has become one of the leading players in Scientific & Industrial glassware, Consumer & Kitchenware products and Solar Glass products. Borosil's commitment to quality and innovation has earned it a strong reputation both in India and internationally.

Borosil Renewables Ltd

INDIA's first and largest solar glass manufacturer with a combined capacity of 1350 TPD (~8.5GW)

Ampoules** in India

Manufacturing
Process Systems
for Chemical &
Allied Research

Our Business Segments

The Largest Manufacturer of **Laboratory Glassware** in India

Scientific Segment

Laboratory Consumables

BOROSIL®

Since the last 62 years, we have offered a comprehensive range of laboratory glassware and accessories which include Calibrated Products, Laboratory bottles, wide range of laboratory glassware including Quartz ware. Our exclusive Analytical Vial range has sparked its strong presence at key customers, with our facility acing customer audits. Entering the filter paper product category opens doors for innovation and growth, leveraging expertise for market differentiation and business expansion.

Lab Equipment

LABQUEST
BY **BOROSIL®**

The company offers a wide range of laboratory equipment under its brand – “LabQuest”. It is equipped with industrial, mechanical & software design with electronic capabilities. Our facility features modern assembly lines, prototyping facilities, a service centre, and an application lab. Our product portfolio includes a comprehensive range, comprising Nitrogen Estimation Systems, Water Baths, Dry Baths, Stirrers, Vortex Mixers, Bottle top Dispenser and Glass care equipment

Process System

BOROSIL®
PROCESS SCIENCES

The Transparent Specialist

A BOROSIL Scientific Company

Process Science, focuses on automating process chemistry, leading advancements in laboratory capabilities by providing tailored solutions for various lab process reactors, from bench to advanced levels. Additionally, our acquisition of Goel Scientific brings expertise in Chemical Process Systems and specialty industrial equipment, expanding opportunities for growth and innovation.

Pharmaceutical Primary Packaging

We specialize in the production of Glass Ampoules and Tubular Glass Vials, serving as primary packaging materials for pharmaceutical companies producing life-saving injectables.

Our extensive range includes diverse Glass Ampoules and Tubular Glass Vials of USP Type 1 glass, spanning capacities from 1 ml to 50 ml and 1 ml to 100 ml, respectively. Additionally, we offer customization options, tailoring ampoules and vials to meet customer-specific preferences.

Domestic Glassware

Borosil Scientific Limited takes pride in manufacturing an extensive range of serve ware, drinkware, and glass storage solutions, all meticulously crafted from high-quality borosilicate glass, the same material trusted in pharmaceutical and research labs, now brought to your home with our quality glass products.

Financial Overview Q1FY26

Particulars (₹ Crs)	Standalone			Consolidated		
	Q1FY26	Q1FY25	YoY%	Q1FY26	Q1FY25	YoY%
Net Sales	89.0	93.8	-5.1%	96.0	104.6	-8.2%
EBITDA (Note 1)	11.9	13.1	-9.0%	7.8	12.0	-35.0%
EBITDA (%)	13.4%	14.0%		8.1%	11.5%	
EBIT (Note 1)	7.5	8.9	-16.2%	2.9	7.4	-60.7%
PBT (Note 1&2)	0.7	8.7	-92.3%	-4.1	7.0	-158.1%
PAT (Note 1&2)	0.5	6.5	-92.9%	-4.2	5.0	-183.8%
Net Debt - period end	(124.7)	(4.0)		(116.8)	2.6	

Note:

- EBITDA in Q1 FY26 declined due to lower sales and an IND AS 115 accounting impact of ₹2.59 crores compared to Q1 FY25
- The Company had introduced a Voluntary Retirement Scheme (VRS) for the eligible workers at its Ambad, Nashik plant. In Q1FY26, the Company entered into a Memorandum of Settlement with the Bhartiya Kamgar Sena (BKS), the registered trade union representing these workers. The settlement, including related professional fees, resulted in an expense of ₹6.61 crores, which is an exceptional item.

Category wise Sales Q1FY26 (Consolidated)

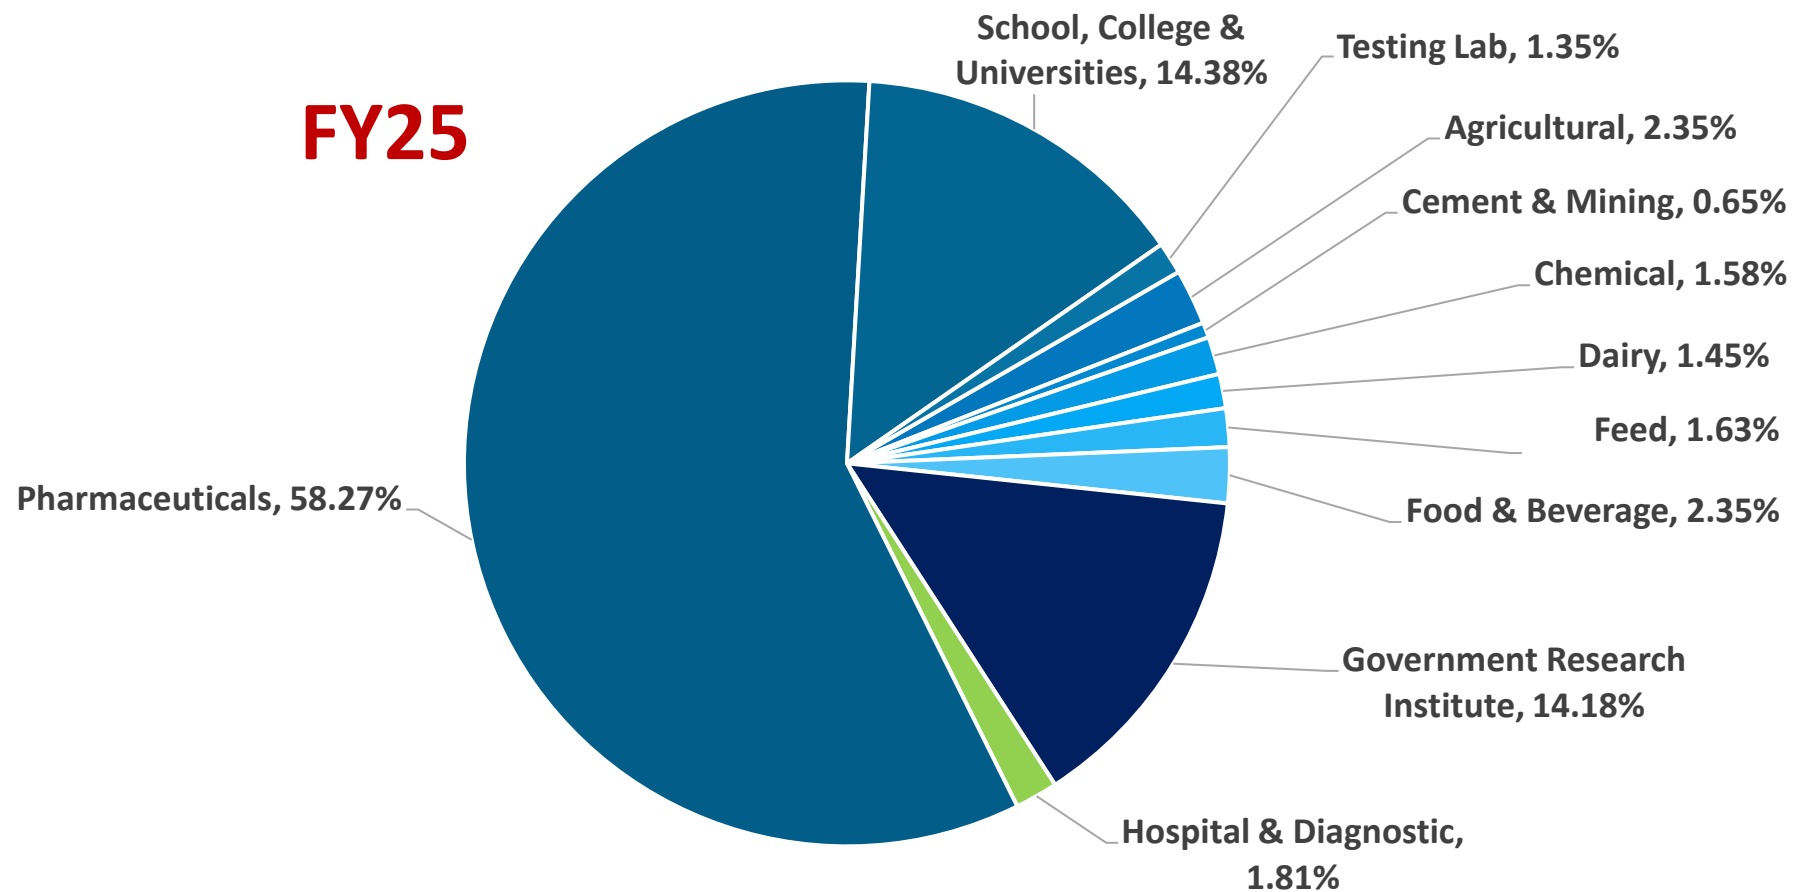

Particulars (₹ Crs)	Consolidated		
	Q1FY26	Q1FY25	YoY%
<u>Scientific Segment</u>			
Lab Consumables	45.9	50.6	-9.3%
Lab Equipments	9.4	8.3	12.4%
Process System	7.9	11.5	-31.4%
SubTotal	63.1	70.4	-10.4%
<u>Glassware Segment</u>			
Pharma Packaging	17.5	17.2	2.0%
Domestic Glassware	14.7	16.0	-8.3%
SubTotal	32.2	33.2	-3.0%
<u>Others</u>	0.6	0.9	-32.2%
Overall Total	96.0	104.6	-8.2%

Note:

1. Lab Consumables domestic sales performed well; however, overall sales has been impacted due to degrowth in export sales and impact of IndAS 115. Export sales were impacted by the uncertainty surrounding U.S. import tariffs during Q1 FY26. Our sales team is actively addressing the export shortfall by accelerating domestic market penetration, and we expect to see positive traction from these efforts in the coming quarters.
2. Process System had a revenue degrowth due to a significantly lower opening order book as of 1st April 2025 compared to the prior year. Some of the key customers' order got delayed and their execution is deferred to Q3 FY26 due to various reasons and hence the sale in Q1 FY26 got impacted. Encouragingly, fresh order bookings in Q1 FY26 were substantially higher than last year, supported by initiatives in new product development, customer base expansion, talent strengthening, and operational efficiency improvements, aimed at boosting future sales and profitability.

Focus on Exports

Borosil Scientific is a strong proponent of the 'Make in India' initiative, which champions domestic manufacturing and innovation.

Borosil is a trusted name across scientific laboratories for glassware since 6 decades,

We have a dedicated research & development team who constantly work towards creating innovative products

Strategic partnerships in various geographies presents compelling and sustained growth opportunities in exports market

Medium Term Goals

Achieve Revenue CAGR of 12-14%

- Sustain our leading market presence in pharmaceutical laboratory glassware
- Enhance export opportunities across all product categories
- Strategically expand LabQuest and Process Sciences to broaden our product range for existing clients.
- Acquire new customers and diversify product offerings

REVENUE

Improve EBITDA margins

- Emphasis on Process Sciences and lab equipment due to its high-profit margins
- Focus on improving our margins further in labware and consumables
- Maintain an annual pricing strategy to enhance profit margins
- Vigilant control over expenses
- Focus on renewable energy
