FORGED BY CHALLENGE. FOCUSED ON THE FUTURE.

In a year shaped by volatility and transformation, our ability to adapt, endure, and innovate has defined our journey. The theme reflects our unwavering resilience in the face of complex challenges and our bold commitment to sustainable, forward-looking growth. It underscores how we've turned headwinds into stepping stones—strengthening core capabilities, investing in people and technology, and aligning our strategies with a future that demands responsibility, agility, and purpose. As we chart the next phase of growth, we remain guided by a long-term vision—driven by innovation, sustainability, and inclusive progress.

BUILDING A RESILIENT, SUSTAINABLE FUTURE

"Despite significant challenges in the operating environment, we remained firmly focused on driving business value by building an organisation that is more agile, resilient, and future-ready. Holistic value creation lies at the heart of everything we do. Our commitment to our diverse stakeholders propels us to scale new heights every day."

RAJIV ARORA

Chief Executive Officer & Director

Dear Shareholders,

Despite significant challenges in the operating environment, we remained firmly focused on driving business value by building an organisation that is more agile, resilient, and future-ready. Holistic value creation lies at the heart of everything we do. Our commitment to our diverse stakeholders propels us to scale new heights every day. Whether it's enhancing economic value or minimising our carbon footprint, we continue to measure our success against the rigorous standards of the triple bottom line – balancing people, planet, and profit.

In 2024, the hydrogen peroxide market experienced a combination of growth and price fluctuations. Although the overall market expanded, certain regions, particularly in Asia-Pacific, saw price declines due to oversupply and subdued demand. Looking ahead, the market is expected to sustain its growth momentum, supported by increasing demand from industries such as pulp and paper, chemical synthesis, and water treatment.

Despite facing challenges like fluctuating raw material costs and infrastructure constraints, India's chemical industry is poised for substantial growth, driven by capacity expansions, increased R&D investments, and rising export opportunities. Supportive government policies, cost-effective labour, and a strategic emphasis on sustainability and innovation are strengthening India's position as a major player in the global chemical market. On the demand side, factors such as rising domestic consumption, an increasing preference for sustainable products, and ongoing technological advancements fuel this growth.

Our emphasis on operational excellence and strategic investments positions us strongly to seize emerging opportunities both in India and global

In FY 2024-25, we achieved a revenue of ₹291.36 Crore and an EBITDA of ₹19.70 Crore. While our Profit after tax / (Loss) stood at ₹(2.24) Crore. Despite these headwinds impacting short-term performance, we are proactively adapting and recalibrating our strategies to stay resilient.

markets. With a clear vision for integrated operations and expansion into value added products, we are well-equipped to lead through industry challenges and drive bold, ambitious growth in the years to come.

Financial Performance

In FY 2024-25, we achieved a revenue of ₹291.36 Crore and an EBITDA of ₹19.70 Crore. While our Profit after tax / (Loss) stood at ₹(2.24) Crore. Despite these headwinds impacting short-term performance, we are proactively adapting and recalibrating our strategies to stay resilient.

We remain steadfast in our commitment to operational excellence, agility, and tapping into new market opportunities. Your continued trust and support inspire us as we navigate current challenges and drive toward a stronger, more dynamic future.

Sustainability at NPL

At NPL, sustainability is not just a priority—it's a core responsibility. We are committed to reducing our environmental impact while driving long-term business growth. As pioneers in green hydrogen production, we are advancing clean energy solutions with the potential to transform industries.

Our shift toward hybrid power—integrating renewables into operations—underscores our focus on reducing fossil fuel dependence and enhancing energy resilience. Through continuous investment in energy-

efficient technologies and process optimisation, we are actively reducing our carbon footprint. At NPL, we see sustainability and business success as two sides of the same coin—our vision is to lead responsibly, innovate boldly, and build a greener, more resilient future for all.

Empowering Communities, Enabling People

At NPL, our commitment to social responsibility and employee well-being is deeply embedded in our values. In collaboration with the Kalyan Municipal Corporation, we have undertaken initiatives to upgrade municipal school infrastructure, promote cleanliness, and support education through book donations and yoga classes—empowering the communities we serve.

Our people are our greatest strength, and their expertise and experience give us a decisive competitive edge. We are deeply committed to nurturing our talent through comprehensive job training, behavioural development programmes, stress-relief initiatives, and recreational facilities. By investing in our people, we strengthen the very foundation of our success. Guided by strong corporate governance and ethical practices, we are dedicated to creating enduring value for all stakeholders and advancing toward responsible and inclusive growth.

Future-Ready: Growth with Purpose

Looking ahead, we remain steadfast in our pursuit of strategic growth, innovation, and global relevance. Capital investments are being directed toward enhancing operational efficiency and expanding capabilities, with a sharp focus on sustainability. Every initiative is designed to align economic viability with environmental responsibility.

We are actively exploring export opportunities to deepen our global footprint, while also developing value-added products that cater to evolving customer needs and market dynamics. Our future roadmap is guided by agility, resilience, and a commitment to delivering long-term value through thoughtful innovation and sustainable practices.

Acknowledgment

I extend my heartfelt gratitude to our clients, partners, vendors, senior leadership, directors, and every individual who has placed their trust in us. Your support has been the cornerstone of our journey and transformation into a resilient, future-ready organisation.

Our strong foundation positions us well to seize emerging opportunities and scale new heights. As we move forward, we remain committed to excellence, innovation, and delivering greater value to all our stakeholders.

Thank you for being an integral part of our growth story.

Warm Regards,

RAJIV ARORA

Chief Executive Officer & Director

Economic Scenario

India's economy continued to show strong momentum despite global uncertainty, registering a 7.4% year-on-year growth in the March 2025 quarter—exceeding expectations. For the full fiscal year 2025, the economy grew by 6.5%, in line with the government's projection. This performance was supported by robust domestic drivers, including strong consumption across both rural and urban areas, increased investment in infrastructure—particularly public capital expenditure—and ongoing policy reforms that boosted business confidence and economic resilience. Despite external challenges such as global trade disruptions and elevated interest rates in advanced economies, inflation moderated, and domestic demand remained firm, reinforcing India's status as one of the fastest-growing major economies.

Looking ahead, the International Monetary Fund (IMF) projects India's GDP growth at 6.2% in 2025 and 6.3% in 2026. This outlook is driven by solid agricultural and industrial activity, resilient rural demand, and improving consumer confidence. While global risks—including trade

barriers, supply chain disruptions, and geopolitical tensions—continue to pose challenges, India's ability to navigate global shifts and capitalise on domestic strengths will be key to maintaining stable and sustainable economic growth.

Indian Chemical Industry

The chemical sector is a fundamental pillar within the Indian economic framework, playing a pivotal role in contributing to the country's financial stability and growth. India ranks as the sixth-largest producer of chemicals globally and the third-largest in Asia, thereby positioning the country as a key contributor to the international value chain.

India is emerging as a pivotal manufacturing hub, with the potential to benefit from the China strategy, leveraging its low manufacturing wages and policy reforms aimed at stimulating manufacturing, despite challenges such as higher logistics cost.

The Indian chemical industry was valued at \$254.3 billion in FY23 and \$278.1 billion in FY24. It is projected to grow at a CAGR of 7.2% from FY19 to FY30, reaching \$383 billion by FY30. This expansion is driven by rising demand across end-user sectors, particularly for specialty chemicals and petrochemicals (CPC). Looking further ahead, demand for CPC in India is expected to nearly triple to \$1 trillion by 2040.

India CPC market size

(US\$ billion)

Key factors that determine India's ability to emerge as a critical player in the chemical industry

Cost competitiveness and talent pool

India's appeal as a global manufacturing hub is underpinned by low production costs, a large and cost-effective labour force, and an abundant pool of technically skilled professionals. This enables companies to maintain operational efficiency while scaling production for both domestic and international markets.

Strong IPR framework

India has significantly strengthened its IPR regime in recent years, offering enhanced protection and enforcement of patents and trademarks. This has positioned the country as a trusted partner for global chemical and pharmaceutical innovators seeking to collaborate on R&D and technology transfer with confidence.

Global acceptance of specialty chemicals

India's capabilities in niche specialty chemical segments—such as flavours and fragrances, agrochemicals, nutraceuticals, and personal care ingredients—have gained international acceptance. Over 50% of the production in these segments is exported, underscoring India's rising global relevance and reliability as a supply partner.

Key trends and opportunities driving the industry

Evolving consumer preferences

There is a growing shift toward personalised, eco-conscious, and health-oriented products. Consumers are increasingly prioritising natural, non-toxic, and sustainable options in areas like personal care, home cleaning, and food additives. This trend is driving demand for green packaging, bio-based surfactants, and plant-derived ingredients—offering high-margin growth opportunities for Indian manufacturers.

Rising per capita consumption

India's per capita chemical consumption remains significantly below the global average, but is rising rapidly due to urbanisation, industrialisation, and income growth. This presents vast headroom for expansion, particularly in performance chemicals, specialty materials, and advanced intermediates.

Digital transformation

The integration of digital tools—such as real-time data analytics, IoT-based monitoring, AI-driven forecasting, and automated process control—is revolutionising chemical manufacturing. These technologies are enhancing operational efficiency, enabling predictive maintenance, and optimising supply chain responsiveness, making Indian firms more globally competitive.

Focus on sustainability and innovation

Sustainability is no longer optional—it's a strategic imperative. Indian chemical companies are increasingly investing in green chemistry, circular economy models, and low-carbon production methods. R&D efforts are focused on biodegradable formulations, energy-efficient processes, and resource recycling, aligning with global ESG expectations and regulatory trends.

OUTLOOK

India's chemical sector is set for strong growth, supported by rising per capita consumption, supply chain diversification away from China, and favourable government policies. Evolving consumer preferences for eco-friendly and health-focused products are driving demand for sustainable and bio-based chemicals, creating high-margin opportunities.

Digital transformation is enhancing efficiency and competitiveness through AI, IoT, and advanced analytics. At the same time, sustainability has become a core priority, with Indian companies investing in green chemistry and circular economy practices to meet global ESG standards.

The Company aligns with these trends, positioning the business to tap into expanding domestic demand and growing global opportunities.

Hydrogen Peroxide Industry

Hydrogen peroxide (H_2O_2), a clear, slightly viscous liquid that decomposes into water and oxygen, is known for its antimicrobial and oxidative properties. It plays a crucial role in disinfection, biosynthetic reactions, and microbial control in water systems and cooling towers, making it valuable across diverse industries. The hydrogen peroxide industry is a significant market for chemical production, with applications spanning various sectors including pulp and paper, textiles, electronics, and water treatment. Driven by factors like increased demand from these end-use industries and a growing focus on sustainable solutions, the industry is projected to experience continued growth.

Key end-use industries:

Pulp and Paper

Hydrogen peroxide is a key bleaching agent, enhancing brightness and reducing harmful by products.

Textiles

Used as a bleaching agent for natural cellulose-based fibers like cotton and linen.

Water Treatment

A potent oxidizing agent for removing contaminants and disinfecting.

Electronics and Semiconductors

Used in cleaning, etching, and other manufacturing processes.

Food Industry

Used in food processing, aseptic packaging, and other applications.

GLOBAL HYDROGEN PEROXIDE INDUSTRY

According to Research and Markets, the hydrogen peroxide market is witnessing robust growth. Valued at \$3.45 billion in 2024, it is projected to reach \$3.67 billion in 2025, growing at a CAGR of 6.2%, driven by demand from the pulp and paper, wastewater treatment, textiles, consumer products, and healthcare sectors.

Looking ahead, the market is expected to grow at an even faster pace, reaching \$5.05 billion by 2029 at a CAGR of 8.3%. Growth will be fuelled by increasing environmental concerns, rising adoption in water treatment, eco-friendly bleaching, expanding healthcare use, and innovations in production. Key trends include sustainable manufacturing, growth in food and beverage applications, and advanced packaging and storage solutions.

Indian Hydrogen Peroxide Industry

According to a recent report by IMARC Group, the Indian hydrogen peroxide market reached

\$189.4 million in 2024 and is projected to grow to \$299.9 million by 2033, at a CAGR of 4.98%.

Hydrogen Peroxide Market

(US\$ billion)

Key market drivers and trends:

- Rising demand from the F&B industry for disinfection and sanitation.
- Widespread use in the pulp and paper sector as a bleaching agent.
- Government regulations promoting eco-friendly, emission-free solutions.
- Growing applications in water treatment and pollution control.
- Increased usage in sanitizers and hygiene products post-COVID-19.

Peracetic Acid Industry

Peracetic acid is widely used as a disinfectant and sanitizer across various industries, including food processing, medical facilities, and wastewater treatment. Its effectiveness against a broad range of microorganisms, combined with its biodegradable nature, makes it a popular choice for sanitization and sterilization applications.

According to Business Research Company, the global peracetic acid market was valued at \$1.13 billion in 2024 and is expected to reach \$1.83 billion by 2029, growing at a CAGR of 10.1%. This growth is fuelled by increasing demand from end-use industries, especially in Asia Pacific, along with regulatory approvals and enhanced product performance in Europe and the US. Widely recognised for its strong disinfectant and eco-friendly properties, peracetic acid is gaining traction across healthcare, food processing, water treatment, and pulp & paper sectors. The availability of various product grades and the rise in sustainable sanitation needs continue to drive market expansion.

Company Overview

National Peroxide Limited (NPL) is a publicly listed company on BSE Limited, Mumbai. A pioneer in peroxygen chemicals in India, NPL is the country's largest manufacturer of Hydrogen Peroxide, boasting an impressive installed capacity of 150,000 MTPA (on 50% w/w basis). Its fully integrated manufacturing facility is strategically located in Kalyan, Maharashtra. NPL is proud to be certified with the Responsible Care Logo by the Indian Chemical Council, affirming its commitment to safe and sustainable chemical manufacturing.

As part of the Wadia Group, known for its forward-thinking approach and commitment to innovation, National Peroxide Limited is India's largest manufacturer of Hydrogen Peroxide with a capacity of 1,50,000 MTPA (on a 50% w/w basis), located in Kalyan, Maharashtra. The Company also produces Compressed Hydrogen Gas and Peracetic Acid for diverse industrial applications.

The recent expansion in hydrogen peroxide exports to over 30 countries has strengthened National Peroxide Limited's global presence and enhanced its reputation both domestically and internationally. Supported by investments in technology and a skilled workforce, the Company focuses on operational efficiency and maintaining high standards of product quality and customer service to sustain its growth trajectory in the chemical manufacturing industry. The equity shares of National Peroxide Limited (formerly known as NPL Chemicals Limited) were listed and admitted to trading on BSE Ltd. effective from July 04, 2024. This milestone marks a significant step forward in the Company's journey towards broader market participation and shareholder engagement.

PAT

(₹ in lakhs)

FY 2024-25 (224.64)

FY 2023-24 1,679.03

(113.38%) YoY Growth

The financial performance in FY 2024-25 reflects a challenging year with contraction in both top-line and bottom-line metrics. The company experienced a notable decline in revenue, due to market headwinds, reduced demand, and rapid expansion by domestic players setting up new H₂O₂ plants leading to oversupply, putting downward pressure on prices and profitability. We recorded revenue of 29136.11 Lakhs with an EBITDA of 1969.67 Lakhs and a margin of 6.76%. Our Profit after Tax (PAT) stood negative at (224.64) Lakhs, with a negative PAT margin of (0.77%). This calls for a deeper review of sales channels, customer retention, revenue recovery strategies, cost control and margin improvement and competitive positioning. We remain confident in our ability to capitalise on emerging opportunities and drive long-term value.

Internal Control

The Company's internal control system is designed to provide reasonable assurance on the effectiveness and efficiency of operations, accuracy of financial reporting, and compliance with applicable laws and regulations.

An annual audit plan is prepared by the Internal Auditor based on guidelines from the Audit Committee and management. Key control activities include segregation of duties, proper authorization of transactions, maintenance of adequate records, physical safeguards for assets, and independent performance checks. The Company regularly assesses risks, monitors implementation, and updates controls as needed.

The Internal Auditor reports directly to the Audit Committee and attends all its meetings. Audit reports include detailed findings, risk ratings, and recommended corrective actions. The internal financial control systems are well-aligned with the Company's nature, scale, and operations.

Cautionary Statement

Independent Auditor Report

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

TO THE MEMBERS OF

NATIONAL PEROXIDE LIMITED (formerly known as NPL Chemicals Limited)

Report on the Audit of the Ind-AS Financial Statements

Opinion

We have audited the accompanying Ind-AS financial statements of NATIONAL PEROXIDE LIMITED (formerly known as NPL Chemicals Limited) ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash Flows for the year then ended and the Notes to the Ind-AS financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Ind-AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind-AS financial statements give the information required by the Companies Act, 2013, (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended, (Ind-AS) and with other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind-AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind-AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind-AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and

the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind-AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind-AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How the matter was addressed in our audit
Revenue Recognition Revenue is one of the key profit indicators and is susceptible to misstatement. We have considered cut-off as the key assertion insofar as revenue recognition is concerned since an inappropriate cut-off could lead to a material misstatement of the results for the year.	Our audit procedures included: <ul style="list-style-type: none">Assessing the appropriateness of the revenue recognition accounting policies.
Refer to Notes 2(b)(iii) and 25 in the Ind-AS financial statements.	<ul style="list-style-type: none">Testing the design, implementation and operating effectiveness of the controls with respect to dispatches/deliveries.Inventory reconciliations and circularisation of receivable balances.Testing cut-offs by verifying the underlying documents, which include sales invoices, contracts, shipping documents and proof of deliveries where applicable.

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

Information Other than the Ind-AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information in the Annual Report, namely Management Discussion and Analysis, and Director's Report, including annexure to the Director's report, etc., but does not include the Ind-AS financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind-AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind-AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind-AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and review the steps taken by the Management to communicate with those in receipt of the other information, if previously issued, to inform them of the revision.

Responsibilities of Management and Those Charged with Governance for the Ind-AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind-AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and the cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind-AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind-AS financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind-AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind-AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind-AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section

Independent Auditor Report

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind-AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure

about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matter stated in paragraph [h(vi)] below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity, dealt with by this Report, are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind-AS financial statements comply with the Ind-AS specified under Section 133 of the Act, read with relevant rules issued thereunder.
 - e) On the basis of the written representations received from the Directors of the Company as on March 31, 2025, taken on record by the Board of Directors, none of the Directors of the Company are disqualified as on March 31, 2025, from being appointed as a Director in terms of Section 164 (2) of the Act.
 - f) The observation relating to the maintenance of accounts and other matters connected therewith

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

are as stated in the paragraph (b) above on reporting under Section 143(3)(b) and paragraph [h(vi)] below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

- g) With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its Ind-AS financial statements – Refer Note 43 to the Ind-AS financial statements.
 - ii) The Company did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses as at March 31, 2025.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv) The Management has represented that:
 - a) to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) to the best of it's knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

Based on such audit procedures performed by us that have been considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e) of the Rules as provided under a) and b) above contain any material misstatement.

- v) As per information and explanation represented by Management and based on the records of the Company, the final dividend proposed in the previous year, declared and paid by the Company during the year, is in accordance with section 123 of the Act, as applicable. The Board of Directors of the Company have not proposed any final dividend for the current year.
- vi) Based on our examination which include test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility, and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with for software programs maintained by the Company where the audit trail feature

Annexure A to the Independent Auditor's Report

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

The Annexure referred to in Paragraph 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the Ind-AS financial statements for the year ended March 31, 2025:

Statement on Matters Specified in paragraphs 3 & 4 of the Companies (Auditor's Report) Order, 2020:

- i) (a) A) The Company has generally maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) As explained to us, the Company has a regular programme for physical verification of Property, Plant & Equipment by which all Property, Plant and Equipment are verified in a phased manner over a period of three years. In accordance with the programme, certain Property Plant & Equipment were verified during the year. In our opinion, the period of verification is reasonable, having regard to the size of the company and the nature of its assets. The discrepancies noticed on such verification are not material and have been properly dealt with in the books of account.
- (c) According to the information and explanations given to us and the records examined by us, the title deeds of immovable properties of buildings which are freehold are not held in the name of the Company. The following are the details of the same

Description of property	Gross Carrying Value (as of March 31, 2025)	Held in the name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in the name of the Company
Building (factory, Office and Residential Flats)	1,104.14	Naperol Investments Limited (formerly known as National Peroxide Limited)	Entity within the promoter group	Since April 01, 2022.	The titles of assets transferred pursuant to the Composite Scheme of Arrangement are in the process of being transferred in the name of the Company.

In respect of the immovable properties of land that have been taken on lease and disclosed as Property, Plant & Equipment in the Ind-AS Financial Statements, the lease agreements are in the name of the Company except the following:

Description of property	Gross Carrying Value (as of March 31, 2025)	Held in the name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in the name of the Company
Right of Use Assets	969.65	Naperol Investments Limited (formerly known as National Peroxide Limited)	Entity within the promoter group	Since April 01, 2022	Right to use of Land is vested in the Company through the Composite Scheme of Demerger. The Company is in the process of executing the required agreements.

- (d) According to the information and explanations provided to us, and on the basis of our examination of the records of the Company, the Company has not revalued any of its property, plant and equipment or intangible assets during the year.
- (e) According to the information and explanations provided to us and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) (as amended in 2016) and rules made thereunder.

Annexure A to the Independent Auditor's Report

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

- ii) (a) The inventories (excluding goods-in-transit) were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of account.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such a bank are in agreement with the books of account and the difference, if any, is on account of valuation, provisions, entries passed after submitting the quarterly returns to the banks etc., which are explainable items and not material in nature.
- iii) (a) According to the information and explanations given to us, the Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year ended March 31, 2025. Accordingly, to that extent, the provisions of paragraph 3(a) of the Order are not applicable. The Company has made an investment in a Company. The Company has not made any investments in firms, limited liability partnerships or any other parties during the year.
- (b) According to the information and explanations given to us, the Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year ended March 31, 2025. Accordingly, to that extent, the provisions of paragraph 3(b) of the Order are not applicable. The investment made during the year, prima facie, is not prejudicial to the interest of the Company.
- (c) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans; hence, the provisions of paragraph 3(iii)(c) of the Order are not applicable.
- (d) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans, hence the provisions of paragraph 3(iii)(d) of the Order are not applicable.
- (e) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans, hence the provisions of paragraph 3(iii)(e) of the Order are not applicable.
- (f) According to the information and explanations given to us, the Company has not granted any loans or advances in the nature of loans, hence the provisions of paragraph 3(iii)(f) of the Order are not applicable.
- iv) In our opinion and according to the information given to us, the Company has not advanced any loans to the persons covered under Section 185 of the Act. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 186 of the Act in respect of investments made. The Company has not granted any loans or provided any guarantees or securities to the parties covered under Section 186 of the Act.
- v) In our opinion and according to the information and explanation given to us, the Company has not accepted or is not holding any deposit or amounts which are deemed to be deposits during the year and hence, the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended, with regard to the deposits accepted and amounts deemed to be deposits accepted are not applicable to the Company. According to the information and explanations given to us, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal against the Company in this regard.

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of accounts maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. However, We have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

vii) (a) According to the information and explanations given to us and on the basis of the records examined by us, the Company is generally regular in depositing undisputed statutory dues including

Goods and Services tax ('GST'), Provident fund, Employee's State Insurance, Income-Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues during with the appropriate authorities, wherever applicable and there are no undisputed dues which have remained outstanding as at March 31, 2025, for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues outstanding of Goods and Service Tax ('GST'), Provident fund, Employee's State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and any other statutory dues with the appropriate authorities on account of any dispute other than the following:

Name of Statute	Nature of Dues	Amount (Rs. in lakhs)	Period to which the Amount Relates	Forum where Dispute is pending
Maharashtra Value Added Tax Act, 2002	Value Added Tax	479.39*	2006-07	Joint Commissioner of Sales Tax (Appeal)
Central Sales Tax Act, 1956	Sales Tax	1,656.58*	2006-07	Joint Commissioner of Sales Tax (Appeal)

*net of Rs. 8.33 lakhs paid as deposit

**net of Rs. 59.32 lakhs paid as deposit

viii) According to the information and explanations given to us and based on the audit procedures performed by us, we have not come across any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

(b) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.

(c) According to the information and explanations provided to us, the Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year,

hence, the provisions of paragraph 3(ix)(c) of the Order are not applicable.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, the Company has not raised any funds on short term basis and, hence the provisions of paragraph 3(ix)(d) of the Order are not applicable.

(f) According to the information and explanation provided to us, the Company does not have any subsidiary, associate, or joint venture, hence, the provisions of paragraph 3(ix)(e) of the Order are not applicable.

x) (a) According to the information and explanations given to us and based on audit procedures performed by us, the Company has not raised money by way of initial public offer or further

Annexure A to the Independent Auditor's Report

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

- public offer (including debt instruments) during the year, hence, the provisions of paragraph 3(x) (a) of the Order are not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible), hence, the provisions of paragraph 3(x)(b) of the Order are not applicable.
- xi) (a) During the course of our examination of the books of account and records of the Company, and according to the information and explanation given to us and representations made by the Management, no material fraud by the Company and on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) According to the information and explanations given to us and as represented to us by the Management, there are no whistleblower complaints received by the Company during the year.
- xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, reporting under paragraph 3(xii) of the Order is not applicable to the Company.
- xiii) According to the information and explanations and records made available to us by the Company and audit procedures performed by us, transactions with related parties are in compliance with sections 177 and 188 of the Act, where applicable, and details of such transactions have been disclosed in the financial statements, as required by the applicable Indian accounting standards.
- xiv) (a) In our opinion, the Company has an internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports of the Company issued during the financial year for the period under audit.
- xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with the Directors or persons connected with them and hence the question of commenting on compliance with provisions of Section 192 does not arise.
- xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under paragraph 3(xvi)(a) and (b) of the Order are not applicable to the Company.
- (b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, hence reporting under paragraph 3(xvi)(c) of the Order is not applicable to the Company.
- (c) According to the information and explanation given to us by the management, the Group has three CICs as part of the group, which are not required to be registered as CIC with the Reserve Bank of India. We have not, however, separately evaluated whether the information provided to us is accurate and complete.

Annexure B to the Independent Auditor's Report

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

Referred to in Paragraph 2(f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the Ind AS Financial Statements for the year ended March 31, 2025.

Report on the Internal Financial Controls with reference to Ind-AS Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to Ind-AS Financial Statements of NATIONAL PEROXIDE LIMITED (formerly known as NPL Chemicals Limited) ("the Company") as at March 31, 2025, in conjunction with our audit of the Ind-AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with

reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Ind-AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Ind-AS financial statements included obtaining an understanding of internal financial controls with reference to Ind-AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind-AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Ind-AS financial statements.

Meaning of Internal Financial Controls with Reference to Ind-AS financial statements

A company's internal financial controls with reference to Ind-AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind-AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Ind-AS financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind-AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind-AS financial statements.

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

Inherent Limitations of Internal Financial Controls with reference to Ind-AS financial statements

Because of the inherent limitations of internal financial controls with reference to Ind-AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Ind-AS financial statements to future periods are subject to the risk that the internal financial controls with reference to Ind-AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all

material respects, an adequate internal financial controls with reference to Ind-AS financial statements and such internal financial controls with reference to Ind-AS financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to IND AS Financial Statements

1) General information:

National Peroxide Limited (formerly known as NPL Chemicals Limited) ("NPL", "the Company") is a public limited Company incorporated on July 29, 2020 under the provisions of the Companies Act, 2013 with ROC-Mumbai with CIN - L24290MH2020PLC342890. The Company's registered office is situated at Neville House, J.N. Heredia Marg, Ballard Estate, Mumbai - 400001.

Pursuant to the Composite Scheme of Arrangement, the Chemical Business Undertaking of Naperol Investments Limited (formerly known as National Peroxide Limited) ("Demerged Company") was demerged into the Company with effect from April 01, 2022. Consequent thereto, the Company continues to be a manufacturer of Hydrogen Peroxide in India, with an installed capacity of 150 KTPA on 50% w/w. basis.

2) Material accounting policies:

Basis of preparation, measurement and material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

The words financial statements in the accounts should read as Ind-AS financial statements. These financial statements are the separate financial statements of the Company and comply in all material aspects with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act"), read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, relevant provisions of the Act and other accounting principles generally accepted in India.

(ii) Historical cost convention

The financial statements have been prepared on historical cost basis, except for the following:

- Certain financial assets and financial liabilities are measured at fair value (including derivative instruments);

- Defined benefit plans – plan assets are measured at fair value.
- Assets held for sale – measured at fair value less cost to sell.

(iii) Recent pronouncements-

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS-117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation, has determined that it does not have any impact on its financial statements.

(iv) Current vis-à-vis non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current / non-current basis".

An asset is classified as current when it is expected to be realised or intended to be sold or consumed in normal operating cycle, held primarily for the purpose of trading, expected to be realised within twelve months after the reporting period, or cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when it is expected to be settled in normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within twelve months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.

Deferred tax assets and liabilities, and all assets and liabilities which are not current are classified as non-current assets and liabilities.

The derivatives designated in hedging relationship and separated embedded derivatives

Notes to IND AS Financial Statements

are classified basis the hedged item and host contract respectively.

(b) Material Accounting Policies

(i) Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision-Maker (CODM).

The Chief Executive Officer and Executive Director of the Company has been identified as CODM and he is responsible for allocating resources, assessing the financial performance and position of the Company and make strategic decisions.

The Company has identified one reportable segment 'manufacturing of peroxygens' based on information reviewed by the CODM. Refer note 36 for segment information presented.

(ii) Foreign currency translation:

(a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (INR), which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year-end exchange rates are generally recognized in profit or loss. They are deferred in equity if they relate to qualifying cash flow hedges.

(iii) Revenue recognition:

Revenue from sale of goods

Revenue is generated primarily from sale of peroxygens. Revenue is recognized at the point in time when the performance obligation is satisfied

and control of the goods is transferred to the customer upon dispatch or delivery, in accordance with the terms of customer contracts. Revenue is recognized at an amount that the Company expects to receive from customers that is net of various discounts. Discounts include trade discounts and cash discounts.

A contract liability is the obligation to transfer goods to the customer for which the Company has received consideration from the customer. Contract liabilities are recognized as revenue when the Company performs under the contract.

(iv) Government Grants and Incentives:

Other operating income includes export and other recurring and non-recurring incentives from Government (referred as "incentives"). Government grants are recognised when there is a reasonable assurance that the Company will comply with the relevant conditions and the grant will be received. Government grants are recognised in the statement of profit and loss, either on a systematic basis when the Company recognises, as expenses, the related costs that the grants are intended to compensate or, immediately if the costs have already been incurred. Government grants related to assets are deferred and amortised over the useful life of the asset. Government grants related to income are presented as an offset against the related expenditure, and government grants that are awarded as incentives with no ongoing performance obligations to the Company are recognised as income in the period in which the grant is received.

(v) Income tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities. Management periodically evaluates positions

Notes to IND AS Financial Statements

taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Profit or Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

(vi) Leases

As a lessee

Leases are recognized as a right-of-use asset and corresponding liability at the date which the lease asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on relative stand-alone prices.

The Company assesses whether a contract is or contains a lease at inception of the contract. This assessment involves the exercise of judgement about whether there is an identified asset, whether the Company has the right to direct the use of the asset and whether the Company obtains substantially all the economic benefits from the use of that asset.

Assets and liabilities arising from lease are initially measured on present value basis. Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable
- Variable lease payments that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable by the Company under residual value guarantees.
- The exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- Payment of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If the rate cannot be readily determined, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to

Notes to IND AS Financial Statements

obtain an asset of similar value to the right-of-use in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Company, which does not have recent third party financing.
- makes adjustments specific to the lease, e.g. term, country, currency and security.

If a readily observable amortising loan rate is available to the individual lessee (through recent financing or market data) which has a similar payment profile to the lease, then the Company use that rate as a starting point to determine the incremental borrowing rate.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement of date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

The company has elected not to apply the requirements of IND AS 116 Leases to short-term leases of all assets that, at the commencement date, have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

(vii) Impairment of non-financial assets:

Assets are tested for impairment, whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(viii) Cash and Cash Equivalents:

Cash and cash equivalents in the balance sheet comprise cash at bank and on hand, and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the purpose of statement of cashflow cash and cash equivalent consist of cash and short-term deposit as defined above.

(ix) Trade Receivables:

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognized at fair value. The Company holds the trade receivables with the objective to

Notes to IND AS Financial Statements

collect the contractual cash flows and therefore measures them

subsequently at amortised cost using the effective interest method, less loss allowance.

(x) Inventories:

Inventories are valued at lower of cost and net realisable value. In the case of raw materials, packing materials, traded goods and stores and spares parts, cost is determined in accordance with the moving weighted average principle. Costs include the purchase price, non – refundable taxes and delivery and handling costs. Cost of finished goods includes all costs of purchases, direct materials, direct labour and appropriate proportion of variable and fixed overheads expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

(xi) Investments and other financial instruments:

(a) Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Initial recognition and measurement

Financial assets and financial liabilities are initially measured at fair value except for trade receivables not containing significant financing component are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than those measured at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of Profit or loss.

(b) Classification and subsequent measurement of financial assets

The classification of a financial asset depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

Financial assets measured at amortised cost

Financial assets that are held for the collection of contractual cash flow where those cash flows represent solely payments of principal and interest are measured at amortised cost Interest income from these financial assets is included in finance income using the effective interest rate method.

Financial assets measured at fair value through other comprehensive Income (FVTOCI)

Assets that are held for the collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Changes in fair value of instrument is taken to other comprehensive income which are reclassified to the statement of profit or loss.

Financial assets measured at fair Value through profit or loss (FVTPL)

Financial assets that do not meet the criteria for amortised cost or FVTOCI are measured as fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss. Dividend income from these financial assets is included in other income once the Company's right to receive the dividend is established and it is probable that the economic benefits associated with the dividend will flow to the entity.

Impairment of Financial Assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109- 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of Financial Assets

A financial assets is derecognised only when the company has transferred the right to receive cash flows from the financial assets or retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(c) Financial Liabilities & Equity Instruments

An instrument issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial Liabilities

Subsequent measurement of financial liabilities

Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

Financial liabilities measured at amortised cost

All the financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. Company does not owe any financial liabilities which is held for trading.

Derecognition of Financial Liabilities

A financial liability (or, where applicable, a part of a financial liability) is primarily derecognised when, and only when, the obligation under the liability is discharged or cancelled or expires.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income/ interest expenses over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts/ payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

(xii) Offsetting Financial Instruments:

Financial assets and liabilities are offset, and the net amount reported in the balance sheet when there is a legally enforceable right to offset the

Notes to IND AS Financial Statements

recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(xiii) Income recognition:

Interest income

Interest income from financial assets is recognized using the effective interest rate method.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

(xiv) Property, plant and equipment:

All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using Straight Line Method (SLM) to allocate their cost, net of their residual values, over their estimated useful lives. The useful lives have been determined based on technical evaluation done by the management, which is in line with those specified by Schedule II to the Companies Act, 2013 except for catalyst and working solutions where useful life ranges between 3 to 25 years based on technical assessment. The residual values are at 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/ (losses).

The estimated useful lives of the property, plant and equipment are as under:

Sr No	Class of assets	Estimated useful life
a	Freehold Building	05 - 60 years
b	Furniture and fixtures	10 years
c	Plant and equipment	05 - 25 years
d	Office equipment	03 - 05 years
e	Computer	3 years
f	Vehicles	05 - 08 years

(xv) Intangible assets:

Intangible assets being computer software and license, are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any.

Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Notes to IND AS Financial Statements

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognized as income or expense in the Statement of Profit and Loss.

Cost of software is amortised over a period of 5 years being the estimated useful life and license is amortised over a period of its validity.

(xvi) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. Trade and other payables are presented as current liabilities unless the payment is not due within 12 months of reporting period. Trade and other payables are initially recognized at fair value and subsequently measured at amortised cost using the effective interest method.

(xvii) Borrowings:

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains / (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(xviii) Provisions and Contingencies:

(a) Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

(b) Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

(c) Contingent assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent assets are not recognized but disclosed only when an inflow of economic benefits is probable.

Notes to IND AS Financial Statements

(xix) Employee benefits:

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(b) Post Employment obligations

The Company operates the following post-employment schemes:

- a. defined benefit plans such as gratuity, pension and provident fund contributions made to a trust in case of certain employees
- b. defined contribution plans such as provident fund and superannuation fund.

Pension and gratuity obligations

The liability or asset recognized in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. Gratuity contributions are made to a trust ('National Peroxide Limited Employees' Gratuity Fund') administered by the Company.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in Other Comprehensive Income. They are included in Retained Earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

Provident fund contributions made to a trust administered by the Company

In respect of certain employees, provident fund contributions are made to a trust ('National Peroxide Limited Employees' Provident Fund') administered by the Company. The interest rate payable to the members of the trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. The liability in respect of the shortfall of the interest earnings of the fund is determined based on actuarial valuation.

Defined contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations and superannuation contributions to superannuation fund. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

(c) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit

credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in Statement of Profit or Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(xx) Earnings per share:

Basic Earnings per share

Basic earnings per share is calculated by dividing:

- the net profit for the period attributable to the owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted Earnings per share

Diluted Earnings per share adjust the figures used in the determination of basic earnings per share to take into account;

- the after-income tax effect of interest and other financing cost associated with dilutive potential equity shares and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(xxi) Exceptional items:

Exceptional items include income or expense that are of such significance and nature that separate disclosure enables the user of the financial statements to understand the impact in a more meaningful manner. Exceptional items are identified by virtue of their size, nature and incidence.

If the management believes that losses/ gain are material and is relevant to an understanding of

the entity's financial performance, it discloses the same as an exceptional item.

(xxii) Rounding of amounts:

All amounts disclosed in financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

2) Critical accounting estimates and judgements:

The preparation of financial statements requires the use of accounting estimates, which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items, which are more likely to be materially adjusted due to estimates and assumptions turning out to be different from those originally assessed.

Estimation of useful life

Useful lives of property, plant and equipment are based on the management's estimation. The useful lives as estimated are same as prescribed in Schedule II of the Companies Act, 2013.

The useful lives of Company's assets are determined by management at the time the asset is acquired/ capitalised and reviewed annually for appropriateness. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life such as changes in technology.

Estimation of defined benefit obligation

The present value of obligations under defined benefit plan is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual development in the future. These include the determination of the discount rate, future salary escalations, attrition rate and mortality rates etc. Due to the complexities involved in the valuation and its long-term nature, these obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Notes to IND AS Financial Statements

Impairment of trade receivables

The impairment provisions for trade receivables are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Fair value measurements and valuation processes

Some of the assets and liabilities are measured at fair value for financial reporting purposes. The Management determines the appropriate valuation techniques and inputs for the fair value measurements.

In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, fair values are determined on the basis of the third-party valuations. The models used to determine fair values including estimates/ judgements involved are validated and periodically reviewed by the management. Refer note 39 to the financial statements.

Inventory obsolescence

The Company writes down inventories to net realisable value based on an estimate of the realisability of inventories. Write downs on inventories are recorded where events or changes in circumstances indicate that the balances may not realised. The identification of write-downs requires the use of estimates of net selling prices of the down-graded inventories. Where the expectation is different from the original estimate, such difference will impact the carrying value of inventories and write-downs of inventories in the periods in which such estimate has been changed.

Taxes

Deferred tax assets are recognized for temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(iii) Sensitivity analysis

Significant estimates: Sensitivity of actuarial assumptions

The sensitivity of the provision for defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumption		Impact on defined benefit obligation			
			Increase in assumption		Decrease in assumption	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Discount rate	0.50%	0.50%	-2.29%	-1.74%	2.47%	1.86%
Salary escalation rate	0.50%	0.50%	2.39%	1.83%	-2.24%	-1.73%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. While calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(iv) The above defined benefit gratuity plan was administrated 100% by a trust as at March 31, 2025.

(v) Defined benefit liability and employer contributions

The Company will pay demand raised by the trust towards gratuity liability on time to time basis to eliminate the deficit in defined benefit plan.

The weighted average duration of the defined benefit obligation is 6.33 years (Previous Year: 4.77 years)

(vi) Risk exposure

Aforesaid post-employment benefit plans typically expose the Company to actuarial risks such as: Investment risk, interest rate risk and salary risk.

Investment risk:	The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities and other debt instruments.
------------------	--

Notes to IND AS Financial Statements

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

Interest risk:	A fall in the discount rate which is linked to the G. Sec. rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increase the mark to market value of the assets depending on the duration of asset.
Salary risk:	The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.

10 years and above	545.04	385.69

The Company expects to contribute ₹ Nil to the plan during the financial year 2025-26.

Pension

The Company operates a defined benefit pension plan. The pension benefits payable to the employees are based on the employee's service and last drawn salary at the time of leaving. The employees do not contribute towards this plan and the full cost of providing these benefits are met by the Company. The Company does not contribute annually to any trust or a fund towards the liability under the plan, this plan is unfunded.

Provident Fund

In respect of certain employees, provident fund contributions are made to a trust administered by the Company. The interest rate payable to the members of the trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Company. The liability in respect of the shortfall of interest earnings of the Fund is determined on the basis of an actuarial valuation.

Company measures its liability towards provident fund through actuarial valuation using 'projected credit unit method'. In case of net assets, assets are recognised to the extent of liability only.

(b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Notes to IND AS Financial Statements

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

Financial Instrument not measured using Fair Value i.e. measured using amortized cost

The carrying value of Other financial assets / liabilities represent reasonable estimate of its fair value.

Note:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between any levels during the year.

The Company does not have financial instrument at level 3 with unobservable input and hence no sensitivity analysis performed.

(c) Valuation techniques used to determine fair value

The Mutual Funds are valued using closing NAV.

(d) Fair value of financial assets and liabilities measured at amortised cost

Particulars	As at March 31, 2025		As at March 31, 2024	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Security deposits	25.57	25.57	28.79	28.79
Bank deposits with more than 12 months maturity	28.09	28.09	332.63	332.63
Total financial assets	53.66	53.66	361.42	361.42

Other financial liabilities	3.95	3.95	-	-
Total financial liabilities	1,224.90	1,224.90	1,604.16	1,604.16

The carrying amounts of cash and cash equivalents, other bank balances, trade receivables, investment in mutual funds, inter corporate deposits, other financial assets, current financial liabilities- borrowings including accrued interest, lease liabilities, trade payables and other current financial liabilities are considered to be the same as their fair values due to their short term nature.

40 Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as cross currency interest rate swap are entered to hedge certain foreign currency risk exposures and interest rate exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments.

The Company has adopted a Risk Management Policy wherein all material risks faced by the Company are identified and assessed. The Risk Management framework defines the risk management approach of the Company and includes collective identification of risks impacting the Company's business and documents their process of identification, mitigation and optimization of such risks.

Hedge accounting is applied to remove the accounting mismatch between the hedging instrument and the hedged item. The effective portion of the change in the fair value of the hedging instrument is deferred into the cash flow hedge reserve through OCI and will be recognised in profit or loss when the hedged item affects profit or loss. This will effectively result in recognising interest expense at a fixed interest rate for the hedged loans and foreign currency borrowing at the fixed foreign currency rate.

(a) Credit risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost as well as credit exposures to trade customers including outstanding receivables.

The board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

Credit risk management

The Company's credit risk arises from accounts receivable balances. The Company has a credit risk policy in place to ensure that sales are made to customers only after an appropriate credit risk assessment and credit line allocation process. Procedures are standardised within a customer credit risk policy and supported by the information technology system by limiting the credit exposure to each customer and allowing an average credit period of 30-90 days. The Company has adopted a policy of only dealing with creditworthy counterparties.

The Company provides for life time allowance on trade receivable using simplified approach and on a case to case basis on specified customers. Specific debtors represents debtors facing bankruptcy cases, operation shutdown and other scenario as determined by the management. Such debtors are categorised as specific debtors upon intimation/news. Such specific debtors has no nexus with the macro economy factor. The Company recognises expected credit loss on specified receivables as determined by the management.

For banks and financial institutions, only highly rated banks / institutions are accepted. Generally all policies surrounding credit risk have been managed at Company level.

(b) Liquidity risk

Liquidity risk is the risk that the Company will fail in meeting its obligations to pay its financial liabilities. The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. In respect of its operations, the Company funds its activities primarily through cash generated in operations and working capital borrowings.

Notes to IND AS Financial Statements

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

Management monitors the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Cash which is not needed in the operating activities of the Company is invested in marketable liquid funds.

Based on recent trends observed, profitability, cash generation, cash surpluses held by the Company and the borrowing lines available, the Company does not envisage any material liquidity risks.

(i) Maturities of financial liabilities

The amounts disclosed below are the non derivative contractual undiscounted cash flows of financial liabilities. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(ii) Undrawn borrowing facilities (fund based and non-fund based)

The Company has following undrawn facilities:	As at March 31, 2025	As at March 31, 2024
Bank Overdraft, Letter of Credit and Bank Guarantees	1,196.05	402.15

(c) Market risk

Market risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of volatility of prices in the financial markets. Market risk can be further segregated as: a) Foreign currency risk, b) Interest rates risk and c) Other price risk.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risks arise from recognised assets and liabilities, when they are denominated in a currency other than functional currency of the Company. The Company imports certain raw materials and spare parts used in manufacturing and exports finished goods. Therefore it is exposed to foreign exchange risks arising from various currency exposures, primarily with respect to the US-dollar ("USD"). Company's exposure to foreign currency risk due to operation is very limited and it always ensures that the such exposure is within the approved limit for which the Company does not require to hedge through derivatives.

Notes to IND AS Financial Statements

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

However, for foreign currency variable interest rate denominated borrowings the Company's risk management policy is to hedge 100% of the exposure using cross currency interest rate swaps. Under the Company's policy, the critical term of the cross currency interest rate swaps must align the hedged item.

The Company's unhedged foreign currency exposure at the end of the reporting period expressed in Rupees, are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from unhedged foreign currency denominated financial instruments.

Particulars	Impact on profit before tax	
	Year ended March 31, 2025	Year ended March 31, 2024
Assets		
FX rate – increase by 5% on closing rate on reporting date*	23.47	13.38
FX rate– decrease by 5% on closing rate on reporting date *	(23.47)	(13.38)
Liabilities		
FX rate – increase by 5% on closing rate on reporting date*	(6.23)	(12.35)
FX rate– decrease by 5% on closing rate on reporting date *	6.23	12.35

* Holding all other variables constant

The above amounts have been disclosed based on the accounting policy for exchange differences.

(ii) Interest rate risks

The Company's interest risk arises from long term borrowings with variable rates, which exposes the Company to cash flow interest rate risk.

(a) Interest rate risk exposures

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Floating rate borrowings	700.97	1,046.43
Total	700.97	1,046.43

Notes to IND AS Financial Statements

(All amounts are in Indian ₹ lakhs, unless otherwise stated)

(b) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
+100	- (7.01)	- (10.46)
-100	7.01 -	10.46 -

* Holding all other variable constant

(iii) Other price risks

The Company is exposed to price risks arising from mutual funds. Further, mutual funds are subject to changes in the market price of securities.

Sensitivity

If mutual fund prices had been 10% higher / lower, profit before tax for the year ended March 31, 2025 would increase / (decrease) by ₹ 366.31 lakhs and (366.31) lakhs (March 31, 2024: ₹351.02 lakhs and (351.02) lakhs) as a result of the changes in fair value of mutual funds measured at FVTPL.

41 Capital Management

(a) Risk Management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. Gearing ratio is determined as net debt (total borrowings and lease liabilities net of cash and cash equivalents) divided by total 'equity'.

Particulars	As at March 31, 2025	As at March 31, 2024
Total debt (Refer note 4.1 and 18)	1,604.56	1,973.97
Less: Cash and cash equivalents (Refer note 12)	(1,292.70)	(860.81)
Net debt	311.86	1,113.16
Total equity	34,926.50	35,896.48
Net debt to equity ratio	0.89%	3.10%

(b) Dividends

Particulars	As at March 31, 2025	As at March 31, 2024
(i) Equity shares		
Final dividend for the year ended March 31, 2024 of ₹12.50 per fully paid share.	718.38	1,005.73
(ii) Dividends not recognised at the end of the reporting period		
The Board of Directors have not proposed dividend for the year ended March 31, 2025 (March 31, 2024 – ₹ 12.50 per fully paid equity share).	-	718.38

3. OTHER INFORMATION:

a. Reasons of loss and inadequate profits:

Due to increased Competition and new Capacity expansion in Hydrogen Peroxide Industry the supply was 40% over demand leading to drastic price

cutting by the new entrant to capture the market. This trend started from Quarter 3 2024 . Also the international external situation made the export of Hydrogen Peroxide difficult affecting exports by 50%. This were the factors that resulted in the loss and inadequate profits.

b. Steps taken or proposed to be taken for improvement:

The Company has taken the following steps in FY 25-26

- 1) Increasing and exploring the export market for Hydrogen Peroxide
- 2) Maintain the NSR in the domestic market and do not buckle under pressure. The idea is to have decent amount of sales at the proper NSR and do not reduce to slashing prices.
- 3) Have entered into a Hybrid solar & Wind Project on equity basis which will reduce the Electricity cost and improve margin. Solar project will be operational from start of Quarter 3 2025 and wind will be operational from Quarter 1 2026
- 4) Streamline the Manpower requirement and focus on cost saving initiatives
- 5) Identified Cost Efficiency project which will yield savings and improve margins.
- 6) We are also exploring other business opportunities in Chemical industry and Hydrogen Peroxide industry.

c. Expected increase in productivity and profit in measurable terms: Since the business prospects are being evaluated, the expected increase in productivity and profit in measurable terms cannot be determined:

The focus for FY 25-26 is to have a production & Sales of 120000 MT which would be 96% of our capacity and 7% jump from production of FY 24-25.

The Targeted Sales will be around ₹ 320 Crs and estimated PBT of ₹ 1 Cr. This would be achieved by

- 1) Maintaining the NSR over the breakeven point
- 2) Exploring the Export market
- 3) Focussing on new Value-added Product.
- 4) Cost Efficiency Program implemented to increase margin
- 5) Strict Control on Cost Saving measures.
- 6) Manpower rationalization

4. DISCLOSURES:

Details such as remuneration, service contract, notice period etc. of the Directors have been disclosed in the Corporate Governance Report. The Company has not granted any stock options to its Directors.

THE WADIA GROUP

The Group has scaled great heights in innovation and entrepreneurship, inspired by the centuries-old legacy of goodwill and trust. The British Coat of Arms, granted to Nowrosjee Wadia, symbolises this legacy and the Wadia Group's commitment to advancement and innovation.

The crest is a representation of the Group, its philosophy, beliefs and businesses. The crest and base of the shield represent the family origins in the shipbuilding industry during the 1700s. The middle and upper parts of the shield depict the Group's interests in cotton growing and its links with England in the form of the Lancastrian rose. The hand holding the hammer atop the shield signifies industriousness, together with workmanship and skill.

The sun that surrounds the hand stands for global recognition and merit.

The motto, **IN DEO FIDE ET PERSEVERANTIA** means
Trust in God and Perseverance.
