Forward Looking Statement

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements – written and oral – that we periodically make contain forward looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried wherever possible to identify such statements by using words such as ‘anticipate’, ‘estimate’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’, and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

Way Forward

We have had our share of challenges and it is a tribute to the strength of the integrated business model and the commitment of the people who are the backbone of this organisation that each time we have come out stronger.

Chairman's Review

“We have had our share of challenges and it is a tribute to the strength of the integrated business model and the commitment of the people who are the backbone of this organisation that each time we have come out stronger.”

An old saying goes ‘Rome was not built in a day’ conveying the hard work and sheer perseverance which went into creating the Roman Empire and expanding its reach. Similarly, it takes a lot of effort and commitment to build a legacy which earns the trust of stakeholders and delivers value over time.

IMFA is one such example. I look at it as an organisation which sustains many people - each of whom has a stake in its success in one way or the other. We have had our share of challenges and it is a tribute to the strength of the integrated business model and the commitment of the people who are the backbone of this organisation that each time we have come out stronger. Business realities change over time but organisation values remain sacrosanct. Integrity, Pursuit of excellence, Teamwork and Benefiting society are simple values with a profound impact. I take great pride in having founded an organisation which exemplifies these values and accords as much importance to greater good of society as it does to profit margins and growth.

Our commitment to social responsibility through a mix of philanthropy and sustainable intervention is expanding through the endeavours of the Bansidhar & Ila Panda Foundation and Indian Metals Public Charitable Trust. We will continue to promote education, support well being of women & children, enhance skills and improve water & sanitation.

Our commitment to social responsibility through a mix of philanthropy and sustainable intervention is expanding through the endeavours of the Bansidhar & Ila Panda Foundation and Indian Metals Public Charitable Trust. We will continue to promote education, support well being of women & children, enhance skills and improve water & sanitation.

While access to natural resources is important along with infrastructure and technology, it pales in comparison to the human capital which is at the heart of IMFA's success. The smiling faces of our people are both our reward as well as a sign of the sustainability of our business model. On this optimistic note, I would like to thank all members of the IMFA Family along with our growing stakeholder fraternity for believing in and supporting our vision. We treasure your trust and will walk the extra mile to exceed your expectations.

Thank you,

Dr Bansidhar Panda

Managing Director's Insight

Dear Shareholders,

No enterprise can survive, let alone flourish in the long term, without strong roots and a proper foundation. While quick fix strategies can always be formulated to drive growth in the short term and/or deal with exigencies, building a sustainable organisation which delivers value to all stakeholders over the long term requires vision and commitment.

At IMFA, the scale of our integrated operations, raw material security, long term contracts with global customers and, most of all, a committed workforce represents the strong roots which has enabled us to overcome challenges and stand tall.

With a view to push down authority and accountability so as to create more management bandwidth and ultimately a business model which is sustainable over the long term, we rejigged the organisation structure to be product-based with Business Unit Heads for Ferro Alloys and Power. This will enable the core management team to pursue strategic objectives which will drive the next phase of growth.

Global recovery has strengthened during the year with the US riding the shale gas revolution and Eurozone starting to turn around. China, on the other hand, is showing signs of strain with the PMI remaining below 50 - indicating contraction - for the past 4 months or so. However, one must remember that the size of China's economy has grown manifold and double digit growth is no longer feasible. Besides, the next phase of reforms appropriate for a more mature economy have been initiated which augurs well.

While India has disappointed with sub-5% growth, I firmly believe in the long term prospects particularly when it comes to our industry. Consumption of stainless steel is at a tipping point as consumers begin to appreciate 'lifecycle costing' as opposed to initial acquisition cost and, thus, per capita consumption of ferro chrome too is poised to leap. While we currently export more than 80% of our total production, we are ideally placed to cater to domestic demand when it picks up. The time is ripe for the next round of liberalisation and, despite economic uncertainties and business challenges, I am sure India will fulfil its potential and become the world's next growth engine.

FINANCIAL PERFORMANCE

Turnover increased marginally to ₹ 1,317.85 Crore in 2013-14 (previous year: ₹ 1,273.25 Crore) with exports crossing the thousand Crore mark for the first time to reach ₹ 1073.75 Crore. We reported a 21% increase in EBITDA which stood at ₹ 320.69 Crore while net profit declined to ₹ 39.12 Crore due to higher interest and depreciation on account of the new captive power plant. However, I would like to stress that the long term value creation of this investment far outweighs any short term impact on results.

HIGHLIGHTS OF 2013-14

The second unit of the 2x60 MW captive power plant at Choudwar was commissioned and both units are running smoothly. With this our captive power generation capacity stands at 258 MW giving us sufficient headroom for the next phase of expansion. Furthermore, power generation is now more efficient as the new capacity utilises CFBC boiler technology.

The 48 MVA furnace at Therubali which was hitherto idled was switched on in January 2014 and, with this, we will now be producing chrome in all six furnaces. Output of ferro chrome registered an all time high during the year and was backed up by record chrome ore raising and power generation. We are taking steps to expedite underground mining development at our Mahagiri Mines in order to enhance ferro chrome output and, equally, are focussed on further enhancing raw material security.

We have recently started trial production at the Low Density Aggregate (LDA) plant which will gainfully utilise fly ash. LDA, being produced in India for the first time, is an eco-friendly substitute for stone chips used in construction and we are delighted to yet again be a trailblazer.

Finally, we look forward to the start of operations at the captive coal block being developed by Utkal Coal Ltd (UCL), an SPV. The State Government has acknowledged that we are fully compliant so we expect the grant order shortly with mining lease being executed within this year and operations commencing shortly thereafter.

ROAD AHEAD

We are at the end of the current capex cycle and the immediate focus will be on optimum asset utilisation as well as paring down debt. We have also embarked on a journey of continuous improvement to maximise operational efficiency while encouraging a culture of learning, empowerment, performance and 'intra-preneurship' which will be a key aspect of our HR strategy in line with our focus on people. Our ultimate goal is to strengthen the balance sheet and focus on opportunities while managing risk.

It has been an exciting and fulfilling journey thanks to the vision of our Founders and the dedication of our people. I am confident that with your support and good wishes we will continue to deliver superior value in the years to come.

Thank you,

Subhrakant Panda
Managing Director

Strengthening Roots of Social Engagements

At IMFA, social responsibility extends well beyond business priorities. We work closely with Bansidhar & Ila Panda Foundation to create economic and social opportunities for people at the bottom of the social pyramid. The Foundation aims to create awareness among women and children about health, sanitation and education to help create social wellbeing.

WATER AND SANITATION

To counter the crisis of drinking water and sanitation, the Foundation has undertaken various initiatives to address the problem.

- We constructed toilet and provided drinking water by pipe to the Anganwadi centre of Benagadia village (Angul district); Anganwadi centres provide care for newborn babies and antenatal care for pregnant women
- A refrigerated water purifier was provided to the District Headquarter Hospital at Angul for the benefit of patients and their attendants.
- Installed bore well with hand pump inside the Collegepada UP School (Hakimpada, Angul) campus to address water scarcity; the school has 295 students
- A deep boring was constructed at Dehury Sahi of Kaliapani Village and four tube-wells were repaired at Mohanta Sahi of Kaliapani and Patna of Chingudipal areas of Sukinda

EDUCATION

- Provided financial assistance to six economically disadvantaged students of nearby villages under three Gram Panchayats for their higher education in ITI and college level education at Therubali
- Rendered financial support to Kumari Karisma Saha studying in Class VIII of IMFA Campus High School, to participate in a state level competition from Rayagada district, Bhubaneswar
- Distributed essential study materials like notebook and compass box to 34 schools (over 4,700 students) of seven Gram Panchayats like Therubali, Khedapada, Kartikaguda, Dumuriguda, Suri, BadaKhilapadar & Bhatpur under two blocks (Kolnara & Bissum in Cuttack)
- Provided prefabricated benches and desks to help students of Saraswati Sishu Mandir, Agrahat

INFRASTRUCTURE DEVELOPMENT

The Community Centre was repaired and renovated at Gurujang village of Kaliapani Gram Panchayat of Sukinda. Meetings, cultural activities, sports events, youth festivals are organised at the Centre.

OTHER ACTIVITIES

World Environment Day Celebration

We celebrated the World Environment Day (5th June, 2013) at Nuasahi Chromite mines. The theme was 'Think, Eat & Save', encouraging people not to waste food. The programme was conducted to create awareness among Self Help Group (SHGs) under 'Project Unnati' on environmental issues and impact of food choices, which will empower them to make informed decisions. Besides, fruit-bearing tree saplings of 15 species were distributed to the SHG members.

World Malaria Day

Over eighty-five percent of all deaths are due to malaria among children under five. Pregnant women and their newborn children are particularly vulnerable to this disease. On World Malaria Day (25th April, 2013) the members of SHGs under Project 'Unnati' took up a sanitation drive in the entire village at Nuasahi. Members joined hands to clean tube wells, its peripherals and areas of the community.

Major fire relief

There was a major outbreak of fire at Tanla village of Nuasahi on 8th April, 2013. Eighteen rooms of six households were burnt to ashes. The victims (tribal poor) were provided with relief materials, such as cooking utensils, stoves, buckets, cups, plates and mats, among others.

Project Unnati

The project initiated a series of capacity building programmes for 50 Women Self Help Groups of Angul and Keonjhar Districts in January, 2013. A total of 600 women will be directly benefited by this initiative. These SHGs will act as a special purpose vehicle for addressing various issues, such as illiteracy, malnutrition, lack of sanitation among large sections of the population and initiate social action. The SHGs are being trained on health and nutrition issues, so that they can score high on the human development index.

Drinking Water facilities

- Tapping the underground water through bore wells and tube wells, the Foundation provided drinking water facility to 1,400 people in Choudwar area
- In the first effort a bore-well was dug at San Chanchua and Bad Chanchua Village of Nakhara Panchayat of Chowdwar
- Water supplied to the two villages through 12 stand points

Relief operations for Phailin victims

On account of cyclone Phailin, 151 blocks are affected in the state comprising 17,674 villages with a population of 12,149,365. A large section of the population was evacuated in phases. People returning to their homes faced the grim reality of ravaged houses, loss of livelihood and damage to agriculture and horticulture. Contaminated water may also lead to waterborne diseases.

The Foundation reached out to those affected by cyclone Phailin. It independently carried out relief operations including distribution of dry food material and tarpaulins in affected areas in addition to responding to requests by local administration at the various sites where IMFA operates.

Donation to Chief Minister's Relief Fund

The Foundation has donated ₹ 50 lakhs to the Chief Minister's Relief Fund in response to the widespread devastation caused by Cyclone Phailin and the subsequent floods. The donated amount comprised a seed contribution of ₹ 36 lakhs by IMFA and donation of one day's gross salary by all executives of IMFA and the Foundation. The cheque was handed over to the Hon'ble Chief Minister, Shri Naveen Patnaik by Shri Subhrakant Panda, Trustee of BIPF and Managing Director of IMFA.

Panel Discussion on 'Water & Sanitation: Foundation for Improved Health'

The Foundation, in partnership with FICCI Aditya Birla CSR Centre of Excellence and FICCI Odisha State Council, organised a Panel Discussion on 'Water & Sanitation: Foundation for Improved Health' on 28th November, 2013 at Bhubaneswar.

The objective of the panel discussion was to bring together multiple experts across sectors to discuss ways in which safe drinking water can be made accessible. Safe drinking water, adequate sanitation and good hygiene are essential for good health and survival. Discussions and deliberations focused on:

1. Sensitising the relationship between water, sanitation, hygiene and its impact on health

2. Sharing best practice programmes by different agencies and existing partnerships
3. How Government, NGOs and the private sector can together bring a faster and greater impact in the society on this issue

Shambhavi Puraskar-2014

The Shambhavi Puraskar, an award for excellence and innovation in social work, instituted by the Foundation was awarded to Shri Krushna Sabar of Gunupur, Rayagada who is a member of the Saura Tribe and has made remarkable contribution by establishing the Saura script. His efforts over 15 years have resulted in the development of a computer software of the Saura script which will go a long way in promoting awareness on critical issues like preventive health, sanitation & hygiene, immunisation, etc., of the Tribe.

Fly ash utilisation

Abiding by the Fly Ash Notification Law, which came into effect from 1999, we utilised 493,859 MT ash (fly ash + bottom ash) out of 494,738 MT generated during 2013-14.

Coal ash generated in IMFA's 108 MW power plant is utilised for reclaiming waste and degraded land. After filling with ash, degraded land is topped with soil and green cover.

However, fly ash generated from 30 MW and 120 MW power plants is used in IMFA's brick manufacturing unit and also supplied to other brick manufacturing industries free of cost. IMFA has installed two brick manufacturing units with a daily capacity of making 100,000 bricks.

Another use of fly ash is in cement manufacturing. We are at an advance stage of discussion with a leading cement manufacturing company to utilise fly ash from Company's power plants. Moreover, we have installed a light weight aggregate manufacturing unit that uses mixed ash generated from our power plants. This unit will process 16,500 MT of ash per month in light weight aggregate manufacturing, to replace stone chips in concrete mixture.

Management Discussion and Analysis

1.8%

India, specifically, has approximately 1.8% of the world's chrome ore reserves with the bulk of it in Odisha.

FERRO CHROME INDUSTRY

Ferro chrome is a value-added intermediate product which imparts the non-corrosive property to stainless steel. It is mainly used as an additive for making different grades of stainless steel and special alloy steel.

Chrome Ore

About 72% of the world's chrome ore reserves are found in South Africa while Kazakhstan, Zimbabwe, India and Turkey also have significant reserves. India, specifically, has approximately 1.8% of the world's chrome ore reserves with the bulk of it in Odisha.

World output of 30.3 million tonnes in 2013 represented an increase of 9% of the previous year with the African continent - mainly South Africa - accounting for the lion's share of 16.18 million tonnes. Raising of chrome ore in India, however, came down by 23.7% to 2.55 million tonnes.

Estimated share of world reserves (%)

(Source: International Chromium Development association (ICDA))

Production Trends

(million tonnes)

(Source: ICDA)

Ferro Chrome

Ferro Chrome accounts for 95% of chrome ore demand with the rest finding use in the chemical and refractory industries.

The global production of ferro chrome rose by 10% to 10.8 million tonnes in 2013 with China accounting for approximately 4 million tonnes (increase of 14%) thus maintaining its position as the largest producer. Meanwhile, South Africa accounted for 3.2 million tonnes (increase of 7%) while Indian production remained stagnant just short of the 1 million tonne mark.

Production Trends (million tonnes)

(Source: ICDA)

China has defied conventional wisdom to become the largest producer of ferro chrome (37% of world output) despite not having any chrome ore of its own while South Africa accounted for only 30% of ferro chrome output despite having 72% of the world's chrome ore reserves. A staggering 90% of the total chrome ore imports worldwide are by China and, increasingly, South Africa is the main source. Thus, there is a confluence of interests of sorts given that value addition in South Africa has been hampered by energy shortages and sharp rise in electricity prices. Also, availability of UG2 ore - a by-product of platinum mining - from South Africa has increasingly become an important factor although an ongoing strike has had some effect on availability and prices.

Indian Ferro Chrome industry

The ferro chrome industry in India comprises of fully integrated producers such as your Company with access to own chrome ore and captive power, semi-integrated producers with access to either own ore or power and non-integrated producers which operate on bought out chrome ore & electricity or operate on conversion contracts.

India is a significant player with almost a tenth of the global ferro chrome output and produces about 1 million tonnes per annum. At present growth of stainless steel production / consumption has been somewhat sedate. However, this is likely to change in the next 5 years as stainless steel is at a tipping

point. As focus shifts from initial cost of acquisition to lifecycle cost, it is expected that stainless steel consumption will increase at a faster pace making India one of the key drivers and providing a boost to the ferro chrome industry.

Outlook

The chromium industry is at the crossroads buffeted by rising costs, stagnant prices and the dominance of China. However, historically, stainless steel has been one of the fastest growing commodities and this trend is likely to continue thereby auguring well for ferro chrome. Moreover, while it remains to be seen if the Chinese model is viable in the long term given that it is dependent on imported ore, there are challenges even in traditional ferro chrome producing countries. Therefore, the outlook is dependent upon circumstances pertaining to regions and individual companies.

Your Company is confident about the future given the integrated nature of its operations, its location which is ideal to cater to demand from the Far East which is the epicentre of the stainless steel industry at present as well as domestic demand when it picks up, and the focus on continuous improvement leading to greater efficiency.

Challenges and Opportunities

Rising costs on account of higher electricity tariffs and logistics expenses, inadequate availability of chrome ore, infrastructural constraints and over-capacity are the main challenges faced by the ferro chrome industry. Moreover, given the strong correlation, continuing low capacity utilisation in the stainless steel industry will also hinder growth.

Opportunity, on the other hand, arises on account of the lack of substitutes to stainless steel and ferro chrome respectively. Moreover, integrated producers like IMFA with access to own chrome ore and captive power are better placed to meet the challenges. In this context, start of operations of the captive coal block being developed by Utkal Coal Ltd (UCL), an SPV, will give a further boost to competitiveness.

Stainless Steel Industry

According to the International Stainless Steel Forum (ISSF), the global stainless steel crude production was approximately 38 million tonnes in 2013 representing an increase of about 8% over the previous year. China emerged as the largest producer with output of over 18 million tonnes while production in India too grew by 5.4% to 2.4 million tonnes.

8%

Global stainless steel crude production was approximately 38 million tonnes in 2013 representing an increase of about 8% over the previous year.

The output of stainless steel is expected to grow during the current year leading to higher demand for ferro chrome. Moreover, revival of the North American and European economies will provide a fillip to growth.

ABOUT IMFA

IMFA is India's leading fully integrated producer of value-added ferro chrome with capacity of 275,000 tonnes per annum. Incorporated in 1961 and headquartered in Bhubaneswar, Odisha, the Company has manufacturing complexes in Therubali and Choudwar besides own chrome ore mines in Sukinda, Mahagiri and Nuasahi along with 258 MW captive power generation. The Company has an Integrated Management System comprising of quality, environment and occupational health & safety certification.

RISK MANAGEMENT

The Company follows an active risk management policy with a view to proactively identify and, to the extent possible, mitigate relevant risks. This is extremely important given that the Company operates in sectors which are highly regulated and being in a cyclical industry with significant foreign currency earnings.

Potential risks and mitigation techniques

Nature of risk	Definition and impact	Mitigating factors
Regulatory risk	Delay in regulatory approvals or change in legislations could potentially impact the Company's business prospects	Keep a tab on change in legislations and address it on high priority basis. Closely monitor compliance of statutory legislations
Industry risk	Low demand by the user industries could adversely affect sales of the Company	Joint venture with largest customer, long term contracts and close relationship with large buyers Global stainless steel demand is estimated to grow at a CAGR of 5% over next five years
Exchange rate risk	Adverse currency rate fluctuations can impact the Company's profit margins	The Company has entered into forward contracts as well as options to cover its net exposure to a large extent

HUMAN CAPITAL

We are committed to people development in line with our vision of encouraging a culture of learning, empowerment, performance and 'intra-preneurship'. Regular communication, employee engagement surveys and a robust performance management system with variable pay linked to achievement of mutually decided goals all contribute to a healthy and productive work environment. The transition from a location based organisation structure to a product based one has resulted in greater responsibility and authority down the line thus creating more management bandwidth. Training and development programmes are conducted regularly for skill enhancement and knowledge upgradation besides also holding off-site sessions for team building and motivation.

The success of the Company's HR policies can be gauged from the low attrition rates as compared to industry standards. Moreover, there were no material industrial disputes during FY14 across 12 locations. The workforce comprised of 2432 employees as on 31st March, 2014.

INTERNAL CONTROL SYSTEMS

The Company has an adequate system of internal controls aimed at achieving efficiency in operations, optimum utilisation of resources and compliance with all applicable laws and regulations. The internal controls and checks safeguard and protect the Company from loss or unauthorised use of its assets. All transactions are properly authorised, recorded and reported. An independent firm of Chartered Accountants has been appointed as internal auditor for conduct of the internal audit function. The observations and recommendations following such audit for improvement of the business operations and their implementation are periodically reviewed by the Management and the Audit Committee of the Board.

HEALTH, SAFETY AND ENVIRONMENT

The Company accords the highest priority to Health, Safety and Environment and has in place an Integrated Management System comprising quality, environment and occupational health and safety certification. The highlights of the year under review include:

- Elimination of Unsafe Acts and Unsafe Conditions from the workplace by SOI (Safety Observation and Interaction) visits regularly conducted by executives.
- Review of implementation of HSE initiatives by senior management on a monthly basis at worksites.
- Formation of Apex HSE Council to review the HSE performance and approve HSE initiatives, KPIs and guidelines.
- Zero fatality is a pre-condition for production incentives.
- A need-based HSE training matrix has been prepared and implemented.

CAUTIONARY STATEMENTS

Certain statements in the Management Discussion and Analysis describing the Company's objectives and predictions may be "forward-looking statements" within the meaning of applicable laws and regulations. Actual results may vary significantly from the forward looking statements contained in this document due to various risks and uncertainties. These risks and uncertainties include the effect of economic and political conditions in India, volatility in interest rates, new regulations and Government policies that may impact the Company's business as well as its ability to implement the strategy. The Company does not undertake to update these statements.

15 Transfer to general reserve	4.00	5.39
16 Balance carried forward	420.78	394.78

Your Company's turnover grew by 3.5% to reach a new high of ₹ 1,317.85 Crore (previous year: ₹ 1,273.25 Crore) including record foreign exchange earnings of ₹ 1,042.69 Crore (previous year: ₹ 951.21 Crore) thereby breaching the thousand crore mark for the first time. However, while EBIDTA increased

by 21% to ₹ 320.69 Crore (previous year: ₹ 264.65 Crore), profit after tax declined by 27% to ₹ 39.12 Crore (previous year: ₹ 53.89 Crore) mainly on account of increase in depreciation and interest due to capitalisation of both the units of the 120 MW captive power plant.

DIVIDEND

Your Board of Directors is pleased to recommend for approval of the members a dividend of 30% (₹ 3/- per share) on the equity shares of the Company for the financial year 2013-14.

OPERATIONS

Ferro Alloys

The production of ferro chrome during the year under review increased by 14% to 198,063 tonnes (previous year: 174,348 tonnes). The 48 MVA furnace at Therubali has been converted to run on ferro chrome and was switched on in January 2014; with this all six furnaces will now produce ferro chrome.

Electricity

Your Directors are pleased to inform that the second unit of the 2x60 MW captive power plant was also synchronised on 30th June, 2013 and, thus, both the units are now put to use and running successfully.

During the year under review your Company generated 910 mu's of electricity (previous year: 792 mu's) and sold 54.79 mu's to Gridco. Generation was mainly restricted to captive requirement with only a small sale to Gridco as required as per synchronisation agreement for 120 MW power plant. Any additional sale of power to Gridco was restricted to bare minimum on account of low rate offered for surplus power from CGP's.

Mining

Chrome Ore produced during the year under review increased by 29% to 505,172 tonnes as compared to 390,649 tonnes during the previous year in line with captive requirement. The Nuasahi Chromite Mines restarted in January 2013 pursuant to an order of the Hon'ble Orissa High Court while operations at the Mahagiri Chromite Mines were briefly disrupted during the year and restarted in January 2014 upon extension of environmental clearance by Ministry of Environment & Forests (MoEF), Government of India. Meanwhile, operations at Sukinda Chromite Mines were stopped with effect from 1st April, 2014 since extension of environment clearance which expired on 31st March, 2014 was still under process. The proposal has been recommended by the Expert Appraisal Committee of the MoEF and extension of environment clearance is expected shortly.

It is pertinent to note here that your Company has consistently followed in letter and spirit the practice of value addition and limited ore raising from its captive

mines to that required for captive consumption thus maximising contribution to the exchequer.

Your Directors shall pursue the allotment of balance 50% requirement of captive chrome ore and take all necessary steps to protect your Company's interests in this regard given the importance of raw material security particularly in light of plans to further expand smelting capacity.

LISTING

The equity shares of your Company are listed on BSE Limited (stock code: 533047) and National Stock Exchange of India Ltd (stock symbol: IMFA). The Annual Listing Fee for the year 2014-15 has been paid.

AWARDS & RECOGNITIONS

During the year under review your Company has been awarded:

- (i) Best Export/Foreign Exchange Earner Award in the "Mega & Very Large Scale Industry" category by Utkal Chamber of Commerce & Industry (UCCI) based on its performance of the last 3 years.
- (ii) Kalinga Safety Award 2012 in Steel Sector Category at Odisha State Safety Conclave 2013.

ENERGY CONSERVATION, ETC.

The information required under section 217(1)(e) of the Companies Act, 1956 read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 are set out in an annexure hereto forming part of this report.

SUBSIDIARY/JOINT VENTURE COMPANIES

Indian Metals & Carbide Ltd, a subsidiary of your Company, has reported a loss of ₹ 0.33 Crore during 2013-14 as against a loss of ₹ 0.38 Crore during the previous year. In view of loss, the Board of Directors of the said Company have not proposed any dividend.

Utkal Green Energy Limited, Utkal Power Ltd and Indmet Mining Pte Ltd, Singapore, wholly owned subsidiaries of your Company have no operations during the year under review.

Utkal Coal Limited and Pt. Sumber Rahayu Indah (SRI), Indonesia, all subsidiaries of your Company, are yet to begin operations.

During the year under review, IMFA Alloys Finlease Limited (IAFL), a subsidiary of your Company has

30%

Your Board of Directors is pleased to recommend for approval of the members a dividend of 30% (₹ 3/- per share) on the equity shares of the Company for the financial year 2013-14.

reported a profit after tax of ₹ 2.01 Crore during the financial year 2013-14 and the Board has not proposed any dividend for the said financial year.

The statement as required under Section 212 of the Companies Act, 1956 in respect of the subsidiaries of the Company is annexed and forms an integral part of this Report. The consolidated financial statements of the Company and its subsidiary companies, prepared in accordance with Accounting Standard (AS)-21 "Consolidated Financial Statements" prescribed by the Institute of Chartered Accountants of India, forms part of the Annual Report and Accounts.

In terms of the general exemption granted by the Central Government under Section 212 (8) of the Companies Act, 1956 the Audited Balance Sheets as at 31st March, 2014 in respect of the subsidiaries of the Company have not been attached to the Balance Sheet of the Company. However, the requisite information for each subsidiary has been disclosed and the annual accounts of the subsidiary companies and the related detailed information will be made available to the investors of the Company/subsidiary companies seeking such information at any point of time. The Annual Accounts of the subsidiary companies will also be kept for inspection by any investor in your Company's Registered Office and that of the subsidiary company concerned.

NEW PROJECTS

The captive coal block being developed by Utkal Coal Ltd (UCL), an SPV, is at a virtual standstill on account of the continuing delay by the Government of Odisha in approving the Grant Order application made in December 2011 despite UCL having met all requirements. UCL has since approached the Project Monitoring Group (PMG) of the Cabinet Committee of Investments, Government of India to expedite the process. It is pertinent to mention that the Government of Odisha has acknowledged in a meeting of the PMG that UCL is compliant in all respects and the State Government was only awaiting certain clarifications from the Central Government. As such, your Directors are hopeful that the Grant Order will be received soon and mining lease will be executed within the current calendar year with operations commencing shortly thereafter.

Your Company has started trial production at the Low Density Aggregate (LDA) plant put up at Choudwar to gainfully utilise fly ash from the captive power plants. This material is significantly more environment friendly than stone chips normally used in construction which it substitutes. It is a matter of great pride that this is being produced in India for the first time and your Company will be a trailblazer yet again.

PARTICULARS OF EMPLOYEES

In terms of the provisions of Section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975 as amended, the names and other particulars of the employees are set out in the annexure to the Directors' Report. However, as per provisions of Section 219(1)(b)(iv) of the said Act, the Annual Report excluding the aforesaid information is being sent to all the members of the Company and others entitled thereto. Any member interested in obtaining such particulars may write to the Company Secretary at the Registered Office of the Company.

Auditors' Certificate on Corporate Governance

To

The Members,

Indian Metals and Ferro Alloys Limited

We have examined the compliance of conditions of Corporate Governance by Indian Metals and Ferro Alloys Limited, for the year ended on 31st March, 2014, as stipulated in Clause 49 of the Listing Agreement of the said Company with Stock Exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and based on the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the above-mentioned Listing Agreement *except for the minimum number of Independent Directors on the Board, arising out of pending approval from the Ministry of Civil Aviation, as mentioned in clause 2 of the Company's Report on Corporate Governance.*

We further state that such compliance is neither an assurance as to future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditors' Report

**To the Members of
Indian Metals and Ferro Alloys Limited**

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Indian Metals and Ferro Alloys Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the financial

statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
- in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
- As required by Section 227(3) of the Act, we report that:
 - we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - in our opinion, the Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Act;
 - on the basis of the written representations received from the directors as on 31st March, 2014 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2014 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Act.

Notes to Financial Statements

1 SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation of Financial Statements

The financial statements are prepared in accordance with the Generally Accepted Accounting Principles in India, on accrual basis and under the historical cost convention (except for certain fixed assets revalued pursuant to a Composite Scheme of Arrangement and Amalgamation), to comply in all material aspects with the notified Accounting Standards ('AS') under the Companies (Accounting Standards) Rules, 2006 and the relevant provisions of the Companies Act, 1956 ("the Act").

1.2 Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions which are considered to arrive at the reported amounts of assets and liabilities and disclosure of contingent liabilities as on the date of the financial statements and the reported income and expenses during the reporting year. Although these estimates are based upon the management's best knowledge of current events and actions, actual results could differ from these estimates. The difference between the actual results and the estimates are recognised in the periods in which the results are known / materialised. Any revision to the accounting estimates are recognised prospectively in the current and future years.

1.3 Revenue Recognition

Revenue is recognised only when it can be reliably measured and it is reasonable to expect ultimate collection.

- Revenue from sale of goods is recognised on transfer of significant risks and rewards of ownership to the buyer. Sale of goods is recognised gross of excise duty but net of sales tax and value added tax.
- Inter unit transfers are adjusted against respective expenses.
- Interest Income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

1.4 Fixed Assets, Depreciation and Impairment

I. Fixed Assets

- Fixed assets are carried at cost net of recoverable taxes and includes amounts added on revaluation, less accumulated depreciation and impairment, if any. Cost comprises of the purchase price and any directly attributable cost of bringing

the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets, which take substantial period of time to get ready for their intended use, are also capitalised to the extent they relate to the period till such assets are ready to put to use.

- In respect of fixed assets acquired on Finance Lease on or after 1st April, 2001, the lower of the fair value of the assets and present value of the minimum lease rentals is capitalized as fixed assets at the inception of the lease, with corresponding amount shown as lease liability. The principal component in the lease rental is adjusted against the lease liability and the interest component is charged to the Statement of Profit and Loss.

II. Depreciation

- Depreciation is provided on the Written Down Value Method ('WDV'), at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 except that on assets pertaining to the 48 MVA furnace at Therubali plant, depreciation is provided on Straight Line Method ('SLM').
- Leasehold Land is held on various leases, whose period ranges from 90 years to perpetuity. The Company does not consider such leases as having "a limited useful life for the enterprise" as envisaged in AS 6 on Depreciation Accounting and accordingly the cost thereof is not amortised.

III. Impairment

The carrying amount of assets is reviewed at each Balance Sheet date to determine if there is any indication of impairment, based on internal / external factors. An impairment loss is recognized in the Statement of Profit and Loss wherever the carrying amount of an asset or the carrying amount of the cash generating unit to which the asset belongs exceeds its recoverable amount. A previously recognised impairment loss is increased or reversed depending on events or changes in circumstances.

1.5 Capital Work-in-Progress and Intangible Assets under Development

Capital work-in-progress is stated at cost and includes development and other expenses, including interest during construction period.

Notes to Financial Statements

Intangible Assets under Development comprises of Computer Software being developed, that is not yet ready for its intended use at the reporting date and is stated at cost.

1.6 Borrowing Costs

Borrowing costs relating to the acquisition / construction of qualifying assets are capitalised until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

The ancillary costs incurred in connection with the arrangement of borrowings are amortised over the life of underlying borrowings.

Borrowing costs also include exchange differences arising from foreign currency borrowings, to the extent they are regarded as an adjustment to the borrowing costs.

All other costs related to borrowings are recognised as expense in the period in which they are incurred.

1.7 Inventories

- (a) Items of inventories are carried at lower of cost and net realisable value, after providing for obsolescence, if any.
- (b) Cost of inventories is determined on the 'weighted average' basis and comprises expenditure incurred in the normal course of business for bringing such inventories to their present location and includes, wherever applicable, appropriate overheads.

1.8 Investments

Current investments are carried at lower of cost and fair value.

All non-current investments, including investments in subsidiaries, are carried at cost. However, provision is made for diminution in value, if any, only when such diminution is other than temporary in nature.

1.9 Provision for Doubtful Debts and Advances

The Company makes provision for doubtful debts and advances, to the extent considered necessary, based on the management's best estimate.

1.10 Foreign Currency Transactions, Translations and Derivative Contracts

The reporting currency of the Company is the Indian (₹)

(a) Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying the prevailing exchange rate as on the date of the transaction.

(b) Conversion

Year end foreign currency monetary items are reported using the year end rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates prevailing at the date when the values were determined.

(c) Exchange differences

Exchange differences arising on the settlement or reporting of monetary items, at rates different from those at which they were initially recorded during the year or reported in previous financial statements and / or on conversion of monetary items, are recognised as income or expense in the year in which they arise. Exchange differences arising out of foreign currency borrowings are considered as an adjustment to interest cost and recognised in accordance with Para 1.6 above.

(d) Derivatives

In terms of the announcement made by The Institute of Chartered Accountants of India, the accounting for derivative contracts excluding forward contracts is done based on the "marked to market" principle, on a portfolio basis and the net loss, after considering the offsetting effect on the underlying hedged item, is charged to the Statement of Profit and Loss. Net gains are ignored as a matter of prudence.

In case of forward contracts the premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the respective contracts. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or expense in the year in which it is cancelled or

Notes to Financial Statements

renewed.

1.11 Employee Benefits

- (a) Employee benefits in the form of provident fund, pension fund, superannuation fund and employees state insurance are defined contribution plans and the Company's contributions, paid or payable during the reporting period, are charged to the Statement of Profit and Loss.
- (b) Gratuity liability & Leave Encashment liability are defined benefit plans and are provided for on the basis of actuarial valuation on projected unit credit method at the Balance Sheet date
- (c) Actuarial gains/losses are charged to the Statement of Profit and Loss.

1.12 Taxes on Income

Tax expense comprises of current tax [(net of Minimum Alternate Tax (MAT) credit entitlement)] and deferred tax.

Current tax is the amount of tax payable on the taxable income for the year determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities. The deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or

virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in the Guidance Note issued by The Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

1.13 Mining Development Expenses

Mining development expenses in respect of operating mines are charged off to revenue as and when incurred.

1.14 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate of amount required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognised but are disclosed in the notes to financial statements. Contingent Assets are neither recognized nor disclosed in the financial statements.

Loans and advances in the nature of loans to subsidiaries

₹ in Crore

Name of the Subsidiary	Loans or Advances in the nature of Loan	Amount outstanding		Maximum amount outstanding during	
		As at 31st March, 2014	As at 31st March, 2013	2013-14	2012-13
Utkal Coal Limited	Loan	185.53	-	185.53	-

The aforesaid loan is repayable on demand and carries a rate of interest which is not below that as mentioned in section 372A of the Companies Act, 1956.

36. Disputes between the Company and Grid Corporation of Orissa Ltd("GRIDCO") relating to methodology for billing of power, wheeling of power, back-up power drawn during period of grid disturbance etc. were settled in favour of the Company vide a unanimous award of an Arbitral Tribunal dated 23rd March, 2008, by virtue of which GRIDCO was directed to pay ₹ 57.07 lakh alongwith interest and ₹ 30 lakh towards costs. Subsequently, GRIDCO filed a petition before the District Judge, Bhubaneswar objecting the award and obtained an interim stay on the operation of the said award. The Company filed its objection thereto on 9th February, 2009.

The Company has not given effect of the aforesaid award in its book of account, on the principles of prudence, as the matter is sub-judice.

37. In the arbitration proceedings relating to a party's conversion contract with the erstwhile Indian Charge Chrome Ltd ("ICCL", amalgamated with the Company w.e.f 1st April, 2005 pursuant to Hon'ble Orissa High Court's order dated 13th October, 2006), an interim award was passed on 9th January, 2003 upholding issues in ICCL's favour, without quantification of the amount payable to ICCL towards its various claims of losses/damages, which is to be determined by the appointment of a Chartered Accountant or other expert.

Notes to Financial Statements

The party filed a petition before the Hon'ble High Court at Calcutta on 4th February, 2004, praying to set aside the interim award and the Company filed its objection thereto. The matter is pending before the Hon'ble High Court at Calcutta.

38. Pursuant to the order of Hon'ble Orissa High Court dated 21st April, 2005, the Company was paying electricity duty at 6 paise per unit to the Govt. of Orissa and keeping the differential duty of 14 paise per unit in a separate 'no lien account' till final disposal of its writ petition. The Hon'ble Orissa High Court disposed the said writ petition vide judgment dated 6th May, 2010 by directing the Company to deposit the differential amount of duty lying in no lien account with the State Exchequer. The Company preferred an appeal before the Hon'ble Supreme Court of India against the judgement of Orissa High Court. The Hon'ble Supreme Court vide its order dated 7th February, 2011 directed the company to continue the payment in the same manner but to deposit the differential amount of 14 paise per unit in an Escrow account instead of no lien account till final disposal of the appeal. Accordingly, the Company is paying the balance 14 paise per unit in an escrow account with State Bank of India from January, 2011 onwards. However, on the principles of prudence, the Company is fully providing for Electricity Duty @ 20 paise per unit in its books of account, on accrual basis.
39. With reference to a Right of Recompense ('ROR') dispute with Andhra Bank, the Hon'ble Orissa High Court, based on Company's application, directed vide its Order dated

9th April, 2010 that no coercive action shall be taken against the Company. The Company has paid ₹ 1.35 Crore to the bank, on the basis of the orders passed by the Hon'ble High Court from time to time, pending final adjudication of the case. The Company is of the opinion that the final ROR amount will not be materially higher than what has been already paid to the bank against its ROR.

40. The Company had filed a petition before the Hon'ble Orissa High Court under Section 392 of the Companies Act, 1956 to modify the Scheme of Arrangement & Amalgamation and confirm the reduction of share capital by cancellation of 3,49,466 equity shares of ₹ 10/- each held by erstwhile 'ICCL Shareholders Trust'. The petition was approved by the Hon'ble High Court vide its order dated 16th March, 2011 and registered with the Registrar of Companies (ROC), Orissa on 1st April, 2011. Accordingly, the paid-up equity share capital reduced from ₹ 26,32,65,190/- divided into 2,63,26,519 equity shares of ₹ 10/- each to ₹ 25,97,70,530/- divided into 2,59,77,053 equity shares of ₹ 10/- each. Subsequently, several shareholders challenged the reduction of share capital before a Division Bench of the Hon'ble High Court which vide its judgement dated 19th July, 2011 directed the Company inter-alia to restore the aforesaid shares to the Trust and allot it to interested shareholders. The Company then moved the Hon'ble Supreme Court which issued notice in the matter and granted interim stay on the subscription or cancellation of the said 3,49,466 shares. As such, status quo is to be maintained until further orders.

41. DERIVATIVE INSTRUMENTS

Independent Auditors' Report on the Consolidated Financial Statements

To the Board of Directors of Indian Metals and Ferro Alloys Limited

We have audited the accompanying consolidated financial statements of Indian Metals and Ferro Alloys Limited ("the Company") and its subsidiaries (the Company and its subsidiaries collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2014, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Company's Management is responsible for the preparation of these consolidated financial statements on the basis of separate financial statements and other financial information regarding components, that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and presentation of the consolidated financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

We report that the consolidated financial statements have been prepared by the Company's Management in accordance with the requirements of Accounting Standard (AS) 21, "Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006 and on the basis of the separate financial statements of the Company and its subsidiaries.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors and management accounts on the financial statements of the subsidiaries as mentioned in the 'Other Matters' paragraph below, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2014;
- in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

OTHER MATTERS

We did not audit the financial statements of certain subsidiaries, whose financial statements reflect total assets (net) of ₹ 95.54 Crore as at 31st March, 2014, total revenues of ₹ 3.21 Crore and net cash outflows amounting to ₹ 5.39 Crore for the year then ended and as considered in the consolidated financial statements. The financial statements of these subsidiaries have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts included in respect of these subsidiaries, is based solely on the reports of the other auditors, except for in case of a foreign sub-subsidiary where reliance has been placed on the management accounts (as it is not required to be audited as per the laws of the country in which it is incorporated). Our opinion is not qualified in respect of this matter.

Notes to Financial Statements

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Principles of Consolidation

The Consolidated Financial Statements ("CFS") relate to Indian Metals And Ferro Alloys Limited ("the Company") and its subsidiary companies (the Company and its subsidiaries collectively referred to as "the Group"). The Consolidated Financial Statements have been prepared on the following basis:

- a) The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses, in accordance with Accounting Standard (AS)21- "Consolidated Financial Statements" notified under the Companies (Accounting Standards) Rules, 2006.
- b) In case of foreign subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the "Foreign Currency Translation Reserve".
- c) The difference between the cost of investment in the subsidiaries and the Company's share of net assets at the time of acquisition of shares in the subsidiaries is recognised in the CFS as Goodwill or Capital Reserve, as the case may be.
- d) In the case of investment in subsidiaries, where the Company's shareholding is less than 100%, Minority Interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.

Minority Interest in the net assets of consolidated subsidiaries consists of:
 - (i) The amount of equity attributable to minority at the date on which investment in a subsidiary is made; and
 - (ii) The minority share of movements in equity since the date the parent-subsidiary relationship came into existence.
- e) Minority's share of net profit/loss of consolidated subsidiaries for the year is identified and adjusted against the profit/loss after tax of the Group, in order to arrive at the profit/loss after tax attributable to shareholders of the Company.
- f) As far as possible, the CFS are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company separate financial statements.
- g) The financial statements of the subsidiaries used in the consolidation are drawn up to the same reporting date as that of the Company i.e. 31st March, 2014.

The list of subsidiary companies which are included in the consolidation and the Company's holdings therein are as under:

Sl. No	Name of the Company	Ownership / voting power in % as at		Country of Incorporation

A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.

Proxies submitted on behalf of the companies, societies, etc. must be supported by an appropriate resolution / authority as applicable.

2. Explanatory statement pursuant to section 102 of the Companies Act, 2013 in respect of business mentioned under item 5 to 8 is annexed hereto.
3. Disclosure pursuant to clause 49 of the listing agreement with respect to the Directors seeking appointment/re-appointment at the forthcoming Annual General Meeting is given in the Annexure.
4. The register of members of the Company shall remain closed from 15th July, 2014 to 22nd July, 2014 both days inclusive.
5. Dividend, if declared, will be paid to those members whose names shall appear on the Register of Members as on 14th July, 2014 in respect of those Shareholders holding the shares in physical form. In respect of dematerialised shares, the dividend will be payable on the basis of beneficial ownership as per details to be furnished by National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) for this purpose as on that date.
6. Members are requested to furnish their Bank Account details, change of address etc. to the Company in respect of shares held in physical form. If the shares are held in electronic form, then the said particulars (viz. Account No., Name & Branch of the Bank and the MICR Code) should be furnished to their respective Depository Participants (Dps).
7. Members holding the shares in electronic mode may please note that their dividend would be paid through Electronic Clearing Services (ECS) wherever available. The dividend would be credited to their bank account as per the mandate given by

the members to their DPs. In the absence of availability of ECS facility, the dividend would be paid through warrants and the Bank details as furnished by the respective Depositories to the Company will be printed on their dividend warrants as per the applicable regulations.

8. Members who desire to have any information/clarification as regards the audited annual accounts for the year ended 31st March, 2014 are requested to write to the Company Secretary at least 7 days before the date of meeting.
9. Members are requested to bring their copy of the Annual Report along with attendance slip (sent herewith).
10. Pursuant to Sections 205A and 205C and other applicable provisions, if any, of the Act, all unclaimed/unpaid dividend remaining unclaimed/unpaid for a period of seven years from the date they became due for payment, have been transferred to the IEPF established by the Central Government. No claim shall lie against the IEPF or the Company for the amounts so transferred nor shall any payment be made in respect of such claim. Members who have not yet encashed their dividend warrants for the financial years 2006-07 onwards, are requested to correspond with the Company to make their claims.

The Ministry of Corporate Affairs (MCA) on 10th May 2012 notified the IEPF (Uploading of information regarding unpaid and unclaimed amounts lying with companies) Rules, 2012 (IEPF Rules), which is applicable to the Company. The objective of the IEPF Rules is to help the shareholders ascertain status of the unclaimed amounts and overcome the problems due to misplacement of intimation thereof by post etc. In terms of the said IEPF Rules the Company has uploaded the information in respect of the Unclaimed Dividends in respect of the financial years from 2006-07, as on the date of the 51st Annual General Meeting (AGM) held on 27th July 2013, on the website of the IEPF viz. www.iepf.gov.in and under "Investor Information" on the Website of the Company viz. www.imfa.in.

11. All documents referred to in the accompanying Notice and the Explanatory Statement shall be open for inspection at the Registered Office of the Company during office hours on all working days except 2nd & 4th Saturdays between 11.00 a.m. to 4.00 p.m. up to the date of this 52nd Annual General Meeting of the Company.
12. **Members who have not registered their e-mail addresses so far are requested to register their e-mail address for receiving all communication including Annual Report, Notices, Circulars, etc. from the Company electronically.**
13. The Board recommends Resolutions 1 to 8 above for the approval of the Members.

ANNEXURE TO NOTICE

Explanatory Statement pursuant to section 102 of the Companies Act, 2013.

Item No. 5 & 6

Mr S P Mathur and General Shankar Roychowdhury are the Non-Executive Independent Directors of the Company. They retire by rotation at this Annual General Meeting under the erstwhile applicable provisions of the Companies Act, 1956. In terms of section 149 and other applicable provisions of the Companies Act, 2013, they being eligible and offering themselves for appointment are proposed to be appointed as Independent Directors for five consecutive years for a term upto 31st March 2019. A notice has been received from a member proposing their names as candidates for the office of the Director of the Company.

In the opinion of the Board, they fulfil the conditions specified in the Companies Act, 2013 and rules made thereunder for their appointment as Independent Directors of the Company. Copy of the draft letters of appointment of Mr Mathur and General Chowdhury as Independent Directors setting out the terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours on any working day, excluding 2nd & 4th Saturdays.

Details regarding Mr Mathur and General Roychowdhury and their brief resume are given in the Annexure attached to the Notice. Keeping in view their experience and expertise, appointment as Independent Directors is recommended.

Except Mr Mathur and General Roychowdhury, none of the Directors and key managerial personnel of the Company and their relatives is concerned or interested, financial or otherwise in the resolution set out in Item No.5 & 6.

Item No.7

The members of the Company at their 38th Annual General Meeting held on 30th September 2000 had approved a borrowing limit of ₹ 200 crore (Rupees two hundred crore only) under section 293(1)(d) of the Companies Act, 1956. Further pursuant to the Court sanctioned Composite Scheme of Arrangement and Amalgamation between the erstwhile Indian Charge Chrome Limited with the Company dated

13th October, 2006, the borrowing limit of the Company enhanced to ₹ 3700 crore (Rupees thirty seven hundred crore only) by taking in to account the approved borrowing limit of ₹ 3500 crore (Thirty five hundred crore only) of erstwhile Indian Charge Chrome Limited under section 293(1)(d) of the Companies Act, 1956 at that point of time.

However, section 180(1)(c) of the Companies Act, 2013 now requires that the Board of Directors shall not borrow money(s) in excess of the Company's paid up share capital and free reserves, apart from temporary loans obtained from the Company's Bankers in the ordinary course of business except with the consent of the Company accorded by way of a Special Resolution. Keeping in mind the future borrowing requirement approval of the members is being sought to borrow money upto ₹ 2500 crore (Rupees twenty five hundred crore only) in excess of the aggregate of the paid up share capital and free reserves of the Company.

None of the Directors and key managerial personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No.7.

Item No.8

The Board of Directors of the Company at their meeting held on 20th May, 2014 have appointed M/s S. S. Sonthalia & Co. as Cost Auditor of the Company for the Financial Year 2014-15 on a remuneration of ₹ 55,000 (Rupees fifty five thousand only) plus service tax. In terms of section 148 of the Companies Act, 2013 and rules made there under the remuneration has to be ratified by the members. It is therefore necessary for the members to pass an ordinary resolution under section 148 and other applicable provisions of the Companies Act, 2013 as set out at Item No. 8 of the Notice,

None of the Directors and key managerial personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 8.

By Order of the Board of Directors
