Financial Snapshot

Management Discussion and Analysis

Economic Overview

The Global Economy in FY 2012-13 remained subdued. Indian GDP growth came down to 5%, the lowest in the decade. GDP growth is expected to improve in FY 2013-14 to around 6 to 6.5%. Inflation is also expected to moderate to around 6.5%. Good monsoon during the year is encouraging for the economy revival. However, Rupee-Dollar situation, commodity & oil prices and infrastructure spending will have a bearing on the economy revival.

Construction Industry Overview

Construction Industry is the second largest employer after agriculture in the Country. However, this industry including road sector has gone through one of the most challenging times in the FY 2012-13. Environment and forest clearances, land acquisition, delay in decision making, aggressive bidding etc. created a negative environment. However, the requirement of increased infrastructure spending has been universally recognised.

Highways and Roads

For a Country of India's size, an efficient road network is necessary both for national integration as well as for socio-economic development. Road connectivity forms the backbone for economic and social development of any country through connectivity and opening up the backward regions to trade and investment. However, despite the importance to the national economy, the road network in India is grossly inadequate. The existing network is unable to cope up with high traffic density.

Currently, at 3.3 million kms India's road network is the second largest in the world. The road network comprises 71,772 kms of national highways, 1,31,899 kms of state highways and 31,20,000 kms of major district, rural and other roads. Road density in terms of population is only 2.75 kms per 1,000 people compared to the world average (6.70 kms). Indian roads carry about 80% of passenger traffic and 65% of freight traffic. Further, only 17% of the national highways and 1% of the state highways are four-lane. About 53% of the national highways and 22% of the state highways are double-lane. Moreover, the number of vehicles has been

growing at an average pace of 10.16% per annum over the last five years.

Our national highways constitute only 2% of the total road network but they carry nearly 40% of the total traffic. State highways constitute about 13% of the road length and carry 40% of the traffic.

The Indian Government has set ambitious plans for upgrading the National Highways in years to come.

MBL was among the first batch of contractors to be awarded the contracts of prestigious North-South-East-West Corridor by NHAI and was the first to complete the project. The Company has completed several prestigious projects of construction of roads and highways. The project of Sonapur-Guwahati road on NH-37 is nearing completion. The first ever Asian car rally was successfully held on this highway and this has now been declared as part of Asian Highway No. 1.

Public-Private Partnership (PPP)

Historically, investments in the infrastructure space, particularly in the highways, were being made by the Government mainly because of the large volume of resources required, long gestation, uncertain returns and associated externalities. The galloping resource requirements, concern for managerial efficiency and consumer responsiveness have led in recent times to an active involvement of the private sector.

It has been decided that all the sub-projects in NHDP Phase-III to Phase-VII would be taken up on Public-Private Partnership (PPP) basis in Build, Operate and Transfer (BOT) mode. To this end, and to encourage participation of private sector, the Department of Road Transport and Highways has laid down comprehensive policy guidelines.

In PPP mechanism, Government offers two models viz. Build – Operate – Transfer (Toll) Model and Build – Operate – Transfer (Annuity) Model. Most of the projects are awarded on these two models.

Out of the two models, BOT (Toll) has been preferred, accounting for 75% of the total private investment. The Government has further modified this model to Design –

Build – Finance – Operate – Transfer (DBFOT), wherein concessionaire also designs the project. With an aim to increase the capacity in the various transport sectors, the 12th Five Year Plan necessitates the involvement of private sector more aggressively.

MBL has successfully implemented the project of Seoni – Balaghat - Gondia Road in the State of Madhya Pradesh on BOT basis through AAP Infrastructure Ltd., a wholly owned subsidiary of the Company. In the year under review, the Company bagged good opportunities in PPP Projects. Currently Four PPP projects of MBL are under development stage.

Corridor Management

The completion of construction of many sections of National Highways has necessitated the corridor management through operation and maintenance contracts. The scope of work, among other things, includes road maintenance, road property management, incident management, traffic management, toll fee collection and engineering improvements. MBL has been prequalified by NHAI for projects having total project cost upto ₹ 40,140 Lakhs for Operation Maintenance and Transfer (OMT) Contracts.

MBL was awarded the first ever contract for comprehensive maintenance of Inner & Outer Ring Road of NCT, Delhi. According to an online publication of the Planning Commission, Government of India, the maintenance of National Highways would be further strengthened under the 12th Five Year Plan. It is expected that 4,360 kms of roads will be awarded for maintenance under the OMT system in the year 2013-2014. MBL has an early mover advantage in this sector. The Company has signed concession agreement for operation and maintenance of Haldia - Kolaghat section of NH 41 for Nine years.

Buildings – Housing Projects

Housing is another critical segment of the infrastructure industry. It currently contributes 5% of the India's GDP and is expected to rise to 6% in the next five years as against 20% in most of other economies, with a total investment of USD 5 trillion in next 20 years. The Housing Segment is driven by demand force. There is a massive demand for living space, estimated at over 22 million dwelling units. There is also rapid urbanization creating a steady growth in demand for space, which according to the McKinsey, is between 700 and

900 million sqm every year, including commercial space.

As there are many small players, there is dearth of quality contractors. For national developers, the focus is on the cities, which have assured demand and are more profitable to develop. Large projects are therefore confined to metros and mini-metros and successful development of such projects has historically been among the most profitable enterprises. 'Affordable Housing' is likely to swing construction demand in the sector. During the year under review, the Company has significantly developed the housing construction business sector. The Company has been awarded various prestigious housing projects PAN India on cash contract basis.

Railways

Metro rail projects and other mass rapid transport systems are also being planned across urban locations to ease traffic congestion, allow rapid connectivity and control pollution levels. As a natural and obvious progression, the Company is foraying into the railway sector as well. Besides being pre-qualified for Dedicated Freight Corridor, the Company has been awarded projects by DMRC, Western Railway, RITES and RVNL.

Our Company's Business Overview

The Company is organised into following Business Segments:

Civil Engineering Projects

MBL Infrastructures Limited is engaged in the execution of various Civil Engineering Projects.

1. Highway Construction

In recent years, MBL has executed and commenced a number of praiseworthy projects in the States of Andhra Pradesh, Assam, Bihar, Delhi, Haryana, Karnataka, Madhya Pradesh, Maharashtra, Orissa, Rajasthan, Uttar Pradesh, Uttarakhand and West Bengal.

2. Road Operations & Maintenance

India possesses the second largest road network in the world which amounts to approximately 3.3 million kms, creating a significant opportunity in the area of road maintenance. The Company enjoys early mover advantage in this segment.

3. BOT Projects

The Company has successfully completed the execution of the BOT project of 114 kms Seoni- Balaghat- Gondia State Highway in the State of Madhya Pradesh. Our Project Execution Capabilities

We believe that we have developed a reputation for undertaking challenging infrastructure and construction projects and completing them in timely manner. We intend to continue to focus on performance and project execution in order to maximize client satisfaction. We leverage technologies, designs and project management tools to increase productivity and maximize asset utilization in capital-intensive activities. Our ability to effectively manage projects will be crucial to our continued success as a recognized infrastructure Company. We believe that we stand

distinguished from our peers because of our management strength and in-house development, construction, operation and maintenance capabilities.

Threats, Risks and Concerns

Worldwide, the construction industry is characterised by a plethora of players and the Indian scenario is no different. There are many construction companies currently operating in India. The construction industry is marked with low entry barriers, with several regional and national players dotting the competitive landscape. As a result, despite the strong demand scenario and a definite surge in flow of orders, the

margins in the sector have remained low. That apart, the working capital cycle has elongated significantly for many companies over a period of time. Thus, construction players have lacked the bargaining power not only in terms of pricing but also in negotiating payment terms in the contracts. Major concerns include decrease in demand, increase in prices of construction material, lack of credit, increase in cost of funds, etc. The key risks for the construction sector are increasing commodity prices, increasing interest rates and funding constraints. While infrastructure spending will accelerate, tighter credit conditions may result in a slowdown of private sector activity. Your Company minimises risks by efficient micro-management of its elements and has broad based its portfolio of operations and developed management and organisational skills to protect it from adverse situations.

Outlook

With more than a decade's track record of proven performance and immense opportunities available in the core competency area of the Company, a higher growth business plan has been adopted by the Company. Preliminary assessment suggests that investment in infrastructure during the Twelfth Plan (2012-17) would be about ₹ 41 Lakhs Crores. NHAI intends to award significant projects during the year. Your Company has been prequalified for a number of projects. Your Company is evaluating various options for venturing into other infrastructure facilities so as to maximize shareholders' value.

India is at the threshold of landscaping its future and MBL is here to drive the growth with its infrastructural excellence.

Challenges in the sector have thrown immense opportunities to experienced players like MBL. We have adapted ourselves to meet the challenges and encash the opportunities available. Our Business Plan is well balanced. Net-worth, Long Term Funds, Investments in Plant & Machinery, Investment in BOT Projects and Net Margin for Working Capital and Working Capital Tie-up have been well balanced. With expectation of increased spending in the infrastructure segment in India, we are poised to reap the benefit of the opportunities.

Finance Review and Analysis

Your Company reported Revenues of ₹ 1,34,405.41 Lakhs and Profit After Tax of ₹ 5,541.35 Lakhs during FY 2012-13.

Sales & Other Income

Sales growth was primarily driven by increased level of orders in hand and efficient execution of projects-in-hand. Other income constitutes mainly income from Interest on fixed deposits, etc.

Interest & Finance Charges

The net interest and finance charges increased during the year due to higher interest rates and increased availment of working capital facilities for operations of the Company.

Profit Before Tax

Your Company has registered a PBT of ₹ 7,424.35 Lakhs as against ₹ 10,357.09 Lakhs last year. PBT has decreased due to higher interest rates, higher direct labour, subcontracting etc. and stiff competition in the industry.

Profit After Tax

Your Company has registered PAT of ₹ 5,541.35 Lakhs as against ₹ 7,083.86 Lakhs last year. The decrease in profit is due to higher costs and stiff competition in the industry.

Investments

During the year, the Company has further invested ₹ 592.40 Lakhs in MBL Highway Development Company Limited, ₹ 7.25 Lakhs in acquiring 100% stake in MBL (MP) Road Nirman Company Limited, ₹ 7.25 Lakhs in acquiring 100% stake in MBL Projects Limited, ₹ 1,958.04 Lakhs in Orissa Steel Expressway Private Limited and ₹ 9,508.00 Lakhs in Suratgarh Bikaner Toll Road Company Private Limited, towards its commitment for execution of BOT projects.

Human Resource Development

A combination of its reputation in the market, its working environment and competitive compensation programs allow your Company to attract and retain talented people. The senior management team consists of experienced individuals with diverse skills. The total employee strength of the Group, as on 31st March, 2013, stands at 800 approx. This is across all cadres and geographic locations.

The Employees are the key to Success and Growth. The organisation faces various challenges at many fronts. In such situations, it is the quality of talent which helps us withstand these pressures. Your Company aims to become "EMPLOYER OF CHOICE" in the industry and is on course to achieve the same.

Health, Safety & Environment (HSE)

MBL is committed to manage Safety, Security, Health, Environmental and Social Risks at its various facilities/ project locations. It is committed to conduct business in a manner that protects and promotes the health and safety of its

Independent Auditor's Report

To
The Members of
MBL Infrastructures Limited

Report on the Financial Statements

We have audited the accompanying financial statements of MBL INFRASTRUCTURES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by

management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

1. As required by Section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c) the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956;
 - e) on the basis of written representations received from the Directors as on March 31, 2013, and taken

on record by the Board of Directors, none of the Director is disqualified as on March 31, 2013, from being appointed as a Director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956.

- f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under Section 441A of the Companies Act, 1956 nor has it issued any Rules under the said Section, prescribing the manner in which such cess

is to be paid, no cess is due and payable by the Company.

Notes on Financial Statements

for the year ended 31st March, 2013

1. SIGNIFICANT ACCOUNTING POLICIES

a. Basis of Preparation of Financial Statements

- (i) The financial statements have been prepared under the historical cost convention and in accordance with the generally accepted accounting principles and the provisions of the Companies Act, 1956.
- (ii) The Company follows mercantile system of accounting and recognises income and expenditure on accrual basis.

b. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the reported amounts of income and expenses and disclosure of contingent liabilities at the date of the financial statements and the result of operations during the reporting year end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

c. Revenue Recognition

- (i) In respect of construction/ project related activity, the Company follows percentage of completion method. Percentage of completion is determined by survey of work performed / physical measurement of work actually completed at the Balance Sheet date taking into account contractual price/ unit rates and revision thereto.
- (ii) Revenue in respect of claims is recognised to the extent the Company is reasonably certain of their realisation.
- (iii) Other operational income is recognised on rendering of related services, as per the terms of the contracts.
- (iv) Other items of income are accounted as and when the right to receive arises.
- (v) Each contract is recognised as a profit centre. Payments/ reimbursements under the same are grouped under direct and other expenses.

d. Fixed Assets, Depreciation and Amortisation

- (i) Fixed assets are stated at their original cost. Cost includes acquisition price, attributable expenses and pre-operational expenses. Fixed Assets retired from active use are valued at net realisable value.
- (ii) Depreciation on fixed assets is provided on straight line method at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956. In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.
- (iii) Assets acquired on equipment finance (hire purchase) are stated at their cash values.
- (iv) Leasehold land, if any, is amortised over the period of lease.

e. Investments

Long term investments are valued at cost. Provision for diminution in the value of long term investments is made only if such decline is other than temporary.

f. Foreign Currency Transactions

- (i) The reporting currency of the Company is the Indian Rupee (₹).
- (ii) Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of the transaction.
- (iii) Monetary items denominated in foreign currencies, if any, at the end of the year are restated at year end rates.
- (iv) Non monetary foreign currency items are carried at cost.
- (v) Any income or expense on account of exchange difference either on settlement or on translation is recognised in the statement of profit and loss.

g. Financial Derivatives & Hedging Transactions

- (i) The Company uses derivative financial instruments such as forward exchange contracts, options, currency swaps, etc., to hedge its risks associated with foreign currency fluctuations relating to the underlying transactions.
- (ii) Financial derivatives and hedging contracts are accounted on the date of their settlement and realised gain/loss in respect of settled contracts is recognised in the Statement of Profit and Loss along with the underlying transactions.

h. Leases

The Company's significant leasing arrangements are in respect of operating leases for premises and quarries for varying

Notes on Financial Statements

for the year ended 31st March, 2013 (Contd.)

periods and the lease can be renewed as per mutual agreement. The aggregate lease rents payable are charged as rent in the Statement of Profit and Loss. There is no restriction or contingent rent in the lease agreements. All leases are cancelable in nature.

i. Inventories

Construction materials are valued at cost or net realisable value whichever is lower. Cost of inventories is ascertained on FIFO basis.

j. Taxes on Income

- (i) Provision for current tax is made after taking into consideration benefits admissible under the provision of the Income Tax Act, 1961.
- (ii) Deferred tax resulting from "timing difference" between book and taxable profit for the year is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent that there is reasonable certainty that the assets will be adjusted in future. The carrying amount of deferred tax assets are reviewed at each balance sheet date. In case of unabsorbed depreciation and losses, deferred tax assets are recognised and carried forward only to the extent there is a virtual certainty that the asset will be adjusted in future.

k. Employee Benefits

- (i) All employees benefits payable wholly within twelve months of rendering the service such as salaries, wages, short term compensated absences, etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employees render the related services.
- (ii) Retirement benefit in the form of provident fund is a defined contribution scheme and the contributions are charged to the statement of profit and loss when the contributions to the respective funds are accrued. Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation made at the end of each financial year. Short term and long term compensated absences are provided for based on actuarial valuation at the year end. Actuarial gains/losses are immediately taken to statement of profit and loss and are not deferred.

l. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to statement of profit and loss.

m. Accounting for Joint Venture Contracts

- (i) Contracts executed in joint venture under work sharing arrangement (consortium) are accounted in accordance with the accounting policy followed by the Company as that of an independent contract to the extent work is executed.
- (ii) Assets, liabilities and expenditure arising out of contracts executed wholly by the Company pursuant to a joint venture contract are recognised under respective heads in the financial statements. Income from the contract is accounted net of joint venturer's share under income from operations in these financial statements.
- (iii) Share of turnover attributable to the Company in respect of contracts executed by the other joint venture partners pursuant to joint venture agreement, is accounted under income from operations in these financial statements.

n. Impairment of Assets

The carrying amount of assets is reviewed at each balance sheet date to determine if there is any indication of impairment thereof based on external / internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount, which represents the greater of the net selling price of assets and their 'value in use'. The estimated future cash flows are discounted to their present value at appropriate rate arrived at after considering the prevailing interest rates and weighted average cost of capital.

o. Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.

Independent Auditor's Report

on Consolidated Financial Statements

To

**The Board of Directors of
MBL Infrastructures Limited**

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of MBL INFRASTRUCTURES LIMITED ("the Company"), and its subsidiaries (collectively referred as "Group") which comprise the Consolidated Balance Sheet as at March 31, 2013, and the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

These consolidated financial statements have been prepared by the Company's management in accordance with the requirements of Accounting Standards 21, "Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules 2006.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Consolidated Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- in the case of the Consolidated Statements of Profit and Loss, of the profit for the year ended on that date; and
- in the case of the Consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

Notes on Consolidated Financial Statements

for the year ended 31st March, 2013

1. SIGNIFICANT ACCOUNTING POLICIES

a. Principles of Consolidation

The Consolidated Financial Statements comprise MBL Infrastructures Ltd. ("the Company") and its subsidiary companies as at 31st March, 2013 and for the year ended on that date.

List of subsidiary companies included in consolidation are as under:

Name of the Subsidiary	Subsidiary since	Country of Incorporation	% holding	Nature of relationship
AAP Infrastructure Limited	23.03.2004	India	100.00%	Subsidiary
MBL Highway Development Company Limited	23.08.2011	India	100.00%	Subsidiary
MBL (MP) Toll Road Company Limited	31.10.2011	India	100.00%	Subsidiary
MBL (MP) Road Nirman Company Limited	07.03.2013	India	100.00%	Subsidiary
MBL Projects Limited	12.12.2012	India	100.00%	Subsidiary
Suratgarh Bikaner Toll Road Company Private Limited	25.03.2013	India	64.50%	Subsidiary

The Consolidated Financial Statements have been prepared on the following basis:

- The financial statements of the Company and its subsidiaries are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-company balances in accordance with the Accounting Standard 21 on "Consolidated Financial Statements" of the Companies (Accounting Standards) Rules, 2006.
- The financial statements of the subsidiaries are drawn-up upto the same reporting date as that of the Company, i.e. March 31, 2013.
- The Consolidated Financial Statements are prepared to the extent possible using uniform accounting policies for the like transactions and other events in similar circumstances and are presented in the manner as the Company's separate financial statements.

b. Basis of Preparation of Financial Statements

- The financial statements of the Company and its subsidiaries have been prepared under the historical cost convention (other than certain Fixed Assets which are stated at revalued amount) and in accordance with the generally accepted accounting principles and the provisions of the Companies Act, 1956.
- The Company and its subsidiaries follows mercantile system of accounting and recognises income and expenditure on accrual basis.

c. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the reported amounts of income and expenses and disclosure of contingent liabilities at the date of the financial statements and the result of operations during the reporting year end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

d. Revenue Recognition

- In respect of construction/ project related activity, the Company follows percentage of completion method. Percentage of completion is determined by survey of work performed / physical measurement of work actually completed at the Balance Sheet date taking into account contractual price/ unit rates and revision thereto.
- Revenue in respect of claims is recognised to the extent the Company and its subsidiaries is reasonably certain of their realisation.

Notes on Consolidated Financial Statements

for the year ended 31st March, 2013 (Contd.)

- (iii) Other operational income is recognized on rendering of related services, as per the terms of the contracts.
- (iv) Other items of income are accounted as and when the right to receive arises.
- (v) Fee collections from users of facilities are accounted for as and when the amount is due and recovery of which is certain. The user fees are accounted for net off operation and maintenance charges.
- (vi) Each contract is recognised as a profit centre. Payments/ reimbursements under the same are grouped under direct and other expenses.

e. Fixed Assets, Depreciation and Amortisation

- (i) Fixed assets are stated at their original cost. Cost includes acquisition price, attributable expenses and pre-operational expenses. Fixed assets retired from active use are valued at net realisable value.
- (ii) Depreciation on fixed assets is provided on straight line method at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956. In case of impairment, if any, depreciation is provided on the revised carrying amount of the assets over their remaining useful life.
- (iii) Assets acquired on equipment finance (hire purchase) are stated at their cash values.
- (iv) Carriage ways, being right to operate and maintain highways on Build, Operate and Transfer (BOT) basis is capitalized on commencement of commercial operation of homogeneous section as per concession agreement. Expenditure incurred during the construction period including borrowing cost attributable to the homogeneous section is proportionately allocated and is netted of proportionate capital subsidy.
- (v) Toll collection rights are amortised over the concession period. The rights are amortised based on the projected toll revenue which reflects the pattern in which the assets' economic benefits are consumed. The projected total toll revenue is based on the latest available base case traffic volume projections. If there is material change in the expected pattern of economic benefits the amortisation is revised.

f. Foreign Currency Transactions

- (i) The reporting currency of the Company and its subsidiaries is the Indian Rupee (₹).
- (ii) Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of the transaction.
- (iii) Monetary items denominated in foreign currencies, if any, at the end of the year are restated at year end rates.
- (iv) Non monetary foreign currency items are carried at cost.
- (v) Any income or expense on account of exchange difference either on settlement or on translation is recognised in the statement of profit and loss.

g. Financial Derivatives & Hedging transactions

- (i) The Company uses derivative financial instruments such as forward exchange contracts, options, currency swaps, etc., to hedge its risks associated with foreign currency fluctuations relating to the underlying transactions.
- (ii) Financial derivatives and hedging contracts are accounted on the date of their settlement and realised gain/loss in respect of settled contracts is recognised in the Statement of Profit and Loss along with the underlying transactions.

h. Leases

The Company's significant leasing arrangements are in respect of operating leases for premises and quarries for varying periods and the lease can be renewed as per mutual agreement. The aggregate lease rents payable are charged as rent in the Statement of Profit and Loss. There is no restriction or contingent rent in the lease agreements. All leases are cancelable in nature.

i. Inventories

Construction materials are valued at cost or net realisable value whichever is lower. Cost of inventories is ascertained on FIFO basis.

j. Taxes on Income

- (i) Provision for current tax is made after taking into consideration benefits admissible under the provision of the Income Tax Act, 1961.
- (ii) Deferred tax resulting from "timing difference" between book and taxable profit for the year is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the balance sheet date. The deferred tax asset is recognised and carried forward only to the extent that there is reasonable certainty that the assets will be adjusted in future. The carrying amount of deferred tax assets are reviewed at each balance sheet date. In case of unabsorbed depreciation and losses, deferred tax assets are recognised and carried forward only to the extent there is a virtual certainty that the asset will be adjusted in future.

k. Employee Benefits

- (i) All employees benefits payable wholly within twelve months of rendering the service such as salaries, wages, short term compensated absences, etc. and the expected cost of bonus, ex-gratia are recognized in the period in which the employees render the related services.
- (ii) Retirement benefit in the form of provident fund is a defined contribution scheme and the contributions are charged to the statement of profit and loss when the contributions to the respective funds are accrued. Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation made at the end of each financial year. Short term and long term compensated absences are provided for based on actuarial valuation at the year end. Actuarial gains/losses are immediately taken to statement of profit and loss and are not deferred.

l. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to statement of profit and loss.

m. Accounting for Joint Venture Contracts

- (i) Contracts executed in Joint Venture under work sharing arrangement (consortium) are accounted in accordance with the accounting policy followed by the Company as that of an independent contract to the extent work is executed.
- (ii) Assets, liabilities and expenditure arising out of contracts executed wholly by the Company pursuant to a joint venture contract are recognised under respective heads in the financial statements. Income from the contract is accounted net of joint venturer's share under income from operations in these financial statements.
- (iii) Share of turnover attributable to the Company in respect of contracts executed by the other joint venture partners pursuant to joint venture agreement, is accounted under income from operations in these financial statements.

n. Impairment of Assets

The carrying amount of assets is reviewed at each balance sheet date to determine if there is any indication of impairment thereof based on external / internal factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount, which represents the greater of the net selling price of assets and their 'value in use'. The estimated future cash flows are discounted to their present value at appropriate rate arrived at after considering the prevailing interest rates and weighted average cost of capital.

o. Provision, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are neither recognised nor disclosed in the financial statements.
