MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Developments

According to the Economic Survey 2015-16, real estate sector constituted 7.4 percent of India's GDP in 2014-15. Both domestic and global slowdown affected the sector, with growth decelerating from 4.4 percent in 2014-15 to 3.7 percent in 2015-16. The overall performance of the sector continued to remain subdued and the Company remained exposed to sector specific and broad based economic challenges in the financial year 2015-16. Demand for residential real estate segment was muted in almost all markets across the country.

Government policies have been instrumental in providing support to the real estate sector that suffered much pain in the past two years and is now moving towards a more rational regime where developers are now focusing on project execution and delivery. Indian real estate sector has been sluggish for a few years but is expected to make a turnaround in the near future. Experts believe that the sector is now expected to record increase in sales and a reduction in unsold inventories. They believe the government initiatives announced this year will give a push to the sector and reinstate investor confidence, thereby offering the much-needed growth impetus to the real estate sector. The year will also see the sector moving from an investor-driven to an end-user driven cycle.

Emergence of nuclear families, rapid urbanisation and rising household income are likely to remain the key drivers for growth in all spheres of real estate, including residential, commercial and retail. The Indian real estate market size is expected to touch US\$ 180 billion by 2020.

India is slowly being positioned as a global investment destination. In terms of Foreign Direct Investment (FDI) inflows, real estate is currently the fourth-largest sector in the country. According to data released by Department of Industrial Policy and Promotion (DIPP), the construction development sector in India has received Foreign Direct Investment (FDI) equity inflows to the tune of US\$ 24.156 billion in the period April 2000-September 2015. The Government has also raised FDI limits for townships and settlements development projects to 100 percent. Real estate projects within the Special Economic Zone (SEZ) are also permitted 100 percent FDI. In August 2015, the Union Cabinet approved 100 Smart City Projects in India. The Government is focused on working to deliver on its promise of 'Housing for All' by 2022. In Union Budget 2015-16, the government allocated US\$ 3.72 billion for housing and urban development.

The policy announcements and reforms to revive the

sector such as government's easing of FDI policy, the implementation of the Real Estate (Regulation and Development) Act, 2016 and Smart Cities, and the exemption of dividend distribution tax from the business trust, direct and indirect tax benefits for affordable housing projects have helped in generating a positive outlook for the sector.

Opportunities

Much awaited, the Government has notified the Real Estate (Regulation and Development) Act, 2016 and that has created a positive environment for growth of this industry. Certainly this will usher relief to such aggrieved and helpless buyers whose moneys are stuck in pre-launch booking as the Act has mandated the developers to launch the project only after all approvals are in place. This will help the real estate industry to grow in business-like environment and will benefit both the buyers and the developers in a regulated manner.

Further, increase in disposable incomes, rapid urbanization and strong demographics will help the residential segment to further improve by creating more demand from the mid income consumers.

Threats and Challenges

Unfavourable changes in government policies and the regulatory environment can adversely impact the performance of the sector.

The Real Estate (Regulation and Development) Act, 2016 has not catered to single window clearance for the projects. Therefore, delay in obtaining various approvals may pose a serious halter in the growth of the real estate industry even after slew of various initiatives undertaken by the Government. Further, economic slowdown may also impact the growth of the real estate sector.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **EMAMI INFRASTRUCTURE LIMITED** ("the Company") to the extent records available with us in conjunction with our audit of the financial statements of the Company as of and for the year ended 31st March, 2016.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based

on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is

sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial

controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The Consolidated Financial Statements of the Company for the year ended 31st March 2016 were earlier approved by the Board of Directors at their meeting held on 27th May 2016, on which we had issued our report dated 27th May 2016. These consolidated financial statements have been reopened and revised to give effect to Scheme as explained in Note 40 to the Consolidated Financial Statements.

The REVISED Consolidated Financial Statements also included the Group's share of net loss of ₹ 0.20 lacs for the year ended 31st March, 2016, but the same has not been considered as the book value of investment in associate has become NIL, in respect of the associate, whose Financial Statements has been audited by other

auditor whose reports have been furnished to us by the Management and our opinion on the REVISED Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of sub-section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the reports of other auditor.

The Financial Statement of one of its LLPs is on the basis of unaudited accounts and the Consolidated Financial Statements reflect the share of net loss of ₹ 349.12 lacs for the above LLP for the year then ended.

Our opinion is not qualified in respect of this matter.

ANNEXURE A TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the REVISED Consolidated Financial Statements of the Company as of and for the year ended 31st March 2016, we have audited the internal financial controls over financial reporting of **Emami Infrastructure Limited** (“the Holding Company”) and its subsidiary companies, and its associate companies as of that date.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company, its subsidiary companies and its associate companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered

Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the associate companies in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted

accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies and its associate companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one associate company is based on the corresponding reports of the auditors of such company.
