Dear Shareholder

I have great pleasure in warmly welcoming you to this 22nd Annual General Meeting and it is my immense pleasure to present first annual report under my chairmanship firstly wants to thanks our valued clients and trusted partners who have constantly reposed their confidence in us.

The year that passed was in many ways a satisfying, though challenging one, with the company performing reasonably well and poised to achieve much more in the months and years to come. In many ways this mixed picture is a reflection of the uncertain state of the global and Indian economy.

The Company, together with its subsidiaries turned in a year of commendable performance despite multiple challenges presented by the external environment. Building on core strengths of the Group and unparalleled industry insights of our leadership, the Group continued to focus increasingly on higher value addition to its stakeholders.

During the fiscal year 2017, we recorded revenues of Rs. 51, 26, 943/-, our company's performance in the last fiscal illustrates the opportunities and challenges facing by our company. However, the start of the journey has been very encouraging, as evidenced by the performance during the last fiscal year, both in quantitative and qualitative terms. With focused energy, creativity and discipline many new initiatives are beginning to show tangible results. I would like to take this opportunity to pledge to you that we will pursue them on a foundation of the highest standards of governance and ethics. These are aspects that our company has always valued, and been known for.

Before I conclude, I would also like to thank other stakeholders – our clients, vendors and partners – for their trust and support. I thank the governments, ministries and departments of various countries and states that we operate in, for their continued support. And of course, I look forward to your continued support and best wishes.

Thanks & Regards,

Shri Kanji B. Rita

## MANAGEMENT'S DISCUSSION & ANALYSIS

### THE YEAR GONE BY

To say that the year 2017 went by without much ado would be a complete misnomer, for there would have hardly been a dull moment in the past 12 months. From concerns around hard landing of the Chinese economy to Brexit event to a rise in the negative yield-bearing assets globally to the stupendous demonetization drive in India to the US presidential election victory of Donald Trump, the year has been action-packed to say the least

### Macro-Economic Environment

FY2017 witnessed volatile external environment with renewed risks of weaker global activity. However, India macro fundamentals continued to fare well as against its emerging market peers; and with regard its own medium-term potential, steady progress is being made. Further, inflation appears to have been contained with current account deficit within comfortable limits. The attempts have been made to contain fiscal deficit with an improvement in spending quality by shifting expenditures away from current to capital expenditures. Policy reforms have continued at gradual pace, while the Reserve Bank of India has been able to turn more accommodative during the year.

Along with this noticeable acceleration in the growth rate of the Indian economy, India's per capita income has increased at a rapid pace, levitating India into the middle-income category thus strengthening the economy even further from its roots. Simultaneously, the rising consumer demand has provided a further growth avenue for Indian firms making the domestic economy more robust. However, while the long-term story remains positive, there are challenges in the short-term that will need to be addressed. These include high inflation, rising commodity prices, all time high oil prices, increasing fiscal deficits, global uncertainties and a variable domestic political scenario. However, given the structural shifts that have already taken place across the economy, we believe that we today stand on a strong foundation that will support sustained growth despite the short-term challenges that may emerge time and again.

### Capital markets

The growth of the economy and Indian corporations has coincided with a sharp increase in foreign direct investment, including significant participation from private equity firms, a marked increase in investment in the real estate sector, increasing M&A activity, strong equity IPO market and a growing demand for credit from both corporations and consumers. With it, there has been a proliferation in the presence of intermediaries such as investment banks and securities firms that closely monitor the performance of the markets and provide extensive fundamental and technical research on the economy, sectors and companies. All of this has contributed significantly to the growth of the Indian capital markets.

### Equity market

Major themes to impact Indian markets in 2017 include resurrection in consumption demand, growth led by policy reforms, move towards digitization, monetary stance of global central banks and economic policy decisions. The impact of demonetization may weigh on consumption demand and on the growth of various industries in the near term, dragging down the GDP growth in 2016-17 was estimated to be around 7.1%. The approval of promulgation of the Special Bank Notes (SBNs) (Cessation of liabilities) ordinance by the President of India could likely bring about a gain to the government on account of allowance given to the RBI to extinguish its liability towards unreturned SBNs. We expect the impact of this currency replacement program to be short lived as new notes come into circulation (45% back in circulation as on December 17th). Additionally, this move should help to increase the share of formal economy and digital economy. Improvement in consumption demand is expected to be a major theme for 2017 supported by a gradually rising rural wage level, implementation of the 7th pay commission, lowering of interest rates in the Indian economy and continued government spending. The outlook on the Rupee is projected to be from stable to strong and the Government's Tax collection projections seem reasonable despite anticipated short term disruptions in the next fiscal on account of GST implementation.

The equity market comprising Private Equity, Primary Offerings and Secondary Offerings has emerged as one of the most preferred mode of fund mobilization for India Inc. The capital mobilized via this route was robust through IPOs, private equity placements, follow-on issues and Qualified Institutional Placements, etc. Equity issuance recorded healthy activity.

1. We have audited the internal financial controls over financial reporting of Inventure Growth & Securities Limited (“the Company”) as at March 31, 2017, in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. - (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting.**

- 7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

- 8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“The Act”)**

9. In conjunction with our audit of the consolidated financial statements of the Group as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of Inventure Growth & Securities Limited (hereinafter referred to as “the Holding Company”) and its subsidiary companies which are companies incorporated in India, as of that date.

**Management’s Responsibility for Internal Financial Controls**

10. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor’s Responsibility**

11. Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
12. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
13. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

14. A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that :

- (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting.**

15. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

16. In our opinion, to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
