MANAGEMENT'S DISCUSSION AND ANALYSIS**

Scenario of Steel Industry:**Global Steel Industry**

World crude steel production stood at 1628.5 million tonnes during 2016, an increase of 0.8 per cent over 2015 based on provisional data released by the World Steel Association (world steel). During 2016, Chinese crude steel production reached 808.4 million tonnes, a growth of 1.2 per cent over 2015. China remained the largest crude steel producer in the world, accounting for 73 per cent of Asian and 49 per cent of world crude steel production during 2015. India was the 3rd largest crude steel producer during 2016 and recorded a production growth of 7.4 per cent over 2015.

Top 5 Steel producing Countries

Rank	Country	2016(Mt)	2014(Mt)	% 2015/2016
1	China	808.4	803.8	1.2
2	Japan	104.8	105.2	-0.3
3	India	95.60	89.6	7.4
4	United States	78.6	78.9	-0.3
5	Russia (a)	70.8	71.1	-0.1

In 2016, India retained its position as the fastest growing major steel economy in the world and our share in global steel production was 5.5 % in 2015, which has increased to 5.9 % in 2016. India would continue to lead the growth trend in world steel industry and is on its way to become world's second largest steel producer. The gap between India and Japan was 16 million tonnes in 2015, which has come down to 9 million tonnes in 2016.

The global economic activity has begun to pick up with slow but steady recovery in investment, manufacturing and trade. World growth is expected to rise from 3.1% in 2016 to 3.5% in 2017 and further move up to 3.6% in 2018 according to the world economic output report by IMF, released in April 2017.

Steel Industry in India

India is currently the world's 3rd largest producer of crude steel against its 8th position in 2003 and is expected to become the 2nd largest producer of crude steel in the world soon. India is the largest producer of direct reduced iron (DRI) or sponge iron in the world. The country is also the 3rd largest consumer of finished steel in the world preceded by China and the USA.

Capacity for domestic crude steel production expanded from 90.87 million tonnes per annum (mtpa) in 2011-12 to 121.97 mtpa in 2015-16, a CAGR growth of 9% during this five year period. Crude steel production grew at 5% annually (CAGR) from 74.29 mtpa in 2011-12 to 89.79 mtpa in 2015-16.

India's per capita steel consumption of 61 kg is far below the global consumption average of 208 kg. The Government of India plans to embark on an ambitious plan to increase the per capita steel consumption to 160 kg by the year 2030. To achieve this ambitious target the Government will have to increase its expenditure in a variety of steel consuming sectors such as infrastructure, railways, defence, shipbuilding, and automobile thereby resulting in a significant increase in demand for steel in the country.

However, according to estimates by the Central Statistics Office (CSO), India's GDP growth has moderated in FY 2016-17 to 7.1% from 7.9% recorded in the previous financial year. This happened largely owing to the demonetisation initiative that led to temporary de-circulation of money. The situation has largely normalised, following the Government's re-monetisation process.

**INDIAN ECONOMY:**

The financial year 2016-17 has been a year marked with both excitement and challenges for the global as well as the Indian economy. Some of the events that took place during the course of this year could very well turn out to be the defining moments for the world economy at large. The sheer scale and swiftness with which the Indian Government demonetised almost 86% of the currency notes in circulation in November 2016 is one such event. and Consequently, GDP growth for the year is expected to be almost 1% lower at 6.7% than that in the previous year. Despite some decline in growth due to slowdown in manufacturing and demonetisation, India remained the fastest growing major economy with 7.1% yoy growth (forecasted).

India also saw passing of long awaited GST bill. GST has been implemented from 1st July, 2017 and will provide a huge fillip to industry as it simplifies the tax structure in the country.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

**Annexure B to Independent Auditors' Report
(Referred to in Paragraph 2(f) under the heading of
"Report on Other Legal and Regulatory Requirements" of our report of even date)**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Gyscoal Alloys Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that :

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies

A BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These financial statements have been prepared to comply with the Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013.

The financial statements are prepared on accrual basis under the historical cost convention. The financial statements are presented in Indian rupees rounded off to the nearest rupees.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

B USE OF ESTIMATES

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful debts, future obligations under employee retirement benefit plans, income taxes and the useful lives of fixed tangible assets and intangible assets.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

C INVENTORIES

Inventories are valued at the lower of cost and net realizable value. Costs of inventories comprise all cost of purchase, cost of conversion and other cost incurred in bringing the inventories to their present location and condition. Cost of inventories is generally ascertained on the 'weighted average' basis.

All items of inventories as certified by the Management are valued on the basis mentioned above.

D Cash Flow Statement

The Cash Flow Statement has been prepared under the 'Indirect Method' as set out in Accounting Standard 3 on Cash Flow Statement issued by the Institute of Chartered Accountants of India whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flow. The cash flows from operating, investing and financing activities of the Company are segregated.

Figures in bracket represent outflow in cash.

E PRIOR PERIOD ITEMS

Prior period items means which arise in the current period as a result of 'errors' or 'omissions' in the financial statements prepared in earlier years, effects of changes in estimates of which are not treated as omission or error.

F TENGIBLE ASSETS

Fixed assets are stated at their original cost of acquisition less accumulated depreciation and impairment losses. Cost comprises of all costs incurred to bring the assets to their location and working condition and includes all expenses incurred up to the date of commercial utilisation.

Subsequent expenditure related to an item of fixed assets is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of Profit and Loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between net disposal proceeds and the carrying amount of the asset and are recognised in the statement of Profit and Loss when the asset is derecognised.

G DEPRECIATION

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Written Down Value (WDV) Method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 for the period and depreciation on addition of assets during the period has been provided on prorata basis.

H REVENUE RECOGNITION

Export incentives are accounted on accrual basis at the time of export of goods, if the entitlement can be estimated with reasonable accuracy and conditions precedent to claim are fulfilled.

Interest income is recognised on time proportion basis taking into account the amount outstanding and the rate applicable. Interest income is included under the head "other income" in the Statement of Profit and Loss.

Dividend Income is recognised in the year in which it is declared / received.

I FOREIGN CURRENCY TRANSACTIONS

Monetary items denominated in foreign currencies at the year end are restated at year end rates.

Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss Statement, except in case of long term liabilities, where they relate to acquisition of Fixed Assets, in which case they are adjusted to the carrying cost of such assets.

J INVESTMENTS

Investments are classified as long term or current based on intention of the management at the time of purchase.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness

of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that :

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

All expenses and income to the extent ascertainable with reasonable certainty are accounted for on accrual basis.

B PRINCIPLES OF CONSOLIDATION

The Consolidated Financial Statements relate to Gyscoal Alloys Limited ('the Company') and its Subsidiary Company. The Consolidated Financial Statements have been prepared on the following basis :

- a) The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements"
- b) Intra-group balances and intra-group transactions and resulting unrealized profits have been eliminated.
- c) The excess of the Company's portion of equity of the subsidiary as at the date of its investment over the cost of its investment is treated as Capital Reserve. The excess of cost of investment over the Company's portion of equity as at the date of investment is treated as Goodwill and the same is tested for impairment on an annual basis.
- d) The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as of the date of disposal is recognised in the consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- e) Minority Interest's share of net profit of consolidated subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.
- f) Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet

separate from liabilities and the equity of the Company's shareholders.

- g) The consolidated financial statements are prepared using uniform accounting policies for like transactions and events in similar circumstances and necessary adjustments required for deviations, if any to the extent possible, are made in the consolidated financial statements and are presented in the same manner as the Company's standalone financial statements.
 - h) Where losses attributable to minority in the consolidated financial statements exceed the minority interest, then excess of loss of minority interest over its interest in equity shall be attributed to the company's net worth except in cases where minority is accountable to bear such additional loss through a binding contractual obligation. Subsequently when the subsidiary reports profits, all such profits shall be allocated to the company until the minority's share of losses previously absorbed by the company have been recovered.
- C** The financial statements of the subsidiary used in the consolidation are normally drawn up to the same reporting date as of the company except in case where the same are not available. They shall then be consolidated based on latest available financial statement. In any case the difference in reporting dates shall not exceed six months.
- D** Figures pertaining to the Subsidiary Companies have been recast/reclassified wherever necessary to bring them in line with the parent Company's financial statements.
- E** The notes and significant accounting policies to the Consolidated Financial Statements are intended to serve as a means of informative disclosure and a guide to better understanding of the consolidated position of the companies. In this respect the Company has disclosed such notes and policies which fairly present the needed disclosures. And such other notes and statutory information disclosed in the financial statements of the parent and subsidiary companies which are not having any effect on the true and fair view of the Consolidated Financial Statements are excluded.
- F** The Company has prepared consolidated financial statement as on 31st March, 2017, as per revised Schedule VI notified under the Act. The Company has also reclassified the previous year figures where required.
