Chairperson's Message

“India’s GDP growth has continued to soften through all four quarters of FY 2019-20. The outbreak of the COVID-19 pandemic further intensified the challenges faced by the economy during the quarter, especially in the metros. Advertising, which is the mainstay of our Newspaper and Radio businesses, has seen a decline in the quarter. Despite the pressure on revenue, we recorded an increase in profits and improvement in operating margins on the back of favorable newsprint prices and a focus on cost control. The Shine business has continued to grow its revenues for the fifth straight quarter.

These are challenging times, with uncertainty surrounding the pandemic, and the extent and duration of its impact. As the lockdown restrictions are lifted gradually and the economic activity resumes, we expect the pent-up demand come to the fore and contribute to the revival in advertising, across Print and Radio. We continue to stay committed to our core values during these testing times, and are hopeful of coming out of this stronger than ever.”
