Notes:

1. The relative explanatory statements pursuant to Section 102(1) of the Companies Act, 2013 in respect of the Special Business set out in the notice is annexed hereto.
2. A member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote instead of himself and such proxy need not be a member of the Company. The proxy form duly completed must be returned so as to reach the registered office of the Company not less than 48 hours before the time of commencement of the aforesaid meeting.
3. The register of members and share transfer books of the Company will remain closed from Monday, 08 August 2016 to Thursday, 11 August 2016 (both days inclusive).
4. Members/Proxies should bring their Attendance slip duly completed for attending the meeting. The signature of the attendance slip should match with the signature(s) registered with the Company. Members holding shares in dematerialised form are requested to bring their Client ID and DP ID numbers for identification.
5. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Companies Act, 2013, will be available for inspection by the members at the AGM.
6. The Register of Contracts or Arrangements in which Directors are interested, maintained under Section 189 of the Companies Act, 2013, will be available for inspection by the members at the AGM.
7. Members are requested to address all the correspondences, to the Registrar and Share Transfer Agents, M/s. Link Intime India Private Limited, C-13, Pannalal Silk Mill Compound, LBS Marg, Bhandup (West) Mumbai-400 078.
8. Members whose shareholding is in electronic mode are requested to direct change of address notification and updates on bank account details, if any, to the respective depository participants.
9. The Company is concerned about the environment and utilizes natural resources in a sustainable way. We request you to update your email address with your Depository Participant to enable us to send you the communications via email.
10. As an economic measure, copies of Annual Report will not be distributed at the AGM. Members are therefore, requested to bring their copies of Annual Report to the meeting.

Notes for E-voting:

- 1 In compliance with provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, and Regulation 44 of SEBI Listing Obligations and Disclosure Requirements Regulations, 2015 (SEBI LODR), the Company is pleased to offer e-voting facility as an alternate through e-voting services provided by Central Depository Services Limited (CDSL), for its Members to enable them to cast their votes electronically.
- 2 The e-voting period commences on August 06, 2016 (9.00 a.m. IST) and ends on August 10, 2016 (5.00 p.m. IST). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date which shall be August 05, 2016 may cast their vote electronically. The E-Voting module shall be disabled by CDSL for voting thereafter.
- 3 For the purpose of dispatch of this Notice, Shareholders of the Company holding shares either in physical form or in dematerialized form as on July 08, 2016, have been considered.
- 4 Members who have acquired shares after the dispatch of this Notice and before the cut-off date (i.e. August 05, 2016) may

approach the Company / CDSL for issuance of the User ID and Password exercising their right to vote by electronic means.

- 5 Voting rights of each member shall be reckoned as on the cut-off date which is August 05, 2016 and any recipient of this notice who has no voting rights as on the aforesaid date should treat the same as intimation only.
- 6 The voting rights of members shall be in proportion to their shares in the paid up equity share capital of the Company as on cut-off date. A person, whose name is recorded in the register of members maintained by the Company or in the register of beneficial owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting as well as voting at the meeting through ballot paper. Any person who acquires shares of the Company and becomes the member of the Company after the cut-off date i.e. August 05, 2016 shall not be eligible to vote either through e-voting or at AGM.
- 7 The members who have cast their vote by remote e-voting prior to the AGM may also attend the meeting but shall not be entitled to cast their vote again.
- 8 Mrs. B. Chandra, Practising Company Secretary has been appointed as the Scrutinizer to scrutinize the voting and remote e-voting process in a fair and transparent manner.
- 9 The Scrutinizer shall, immediately after the conclusion of voting at the AGM, first count the votes cast at the meeting, thereafter unblock the votes cast through remote e-voting in the presence of at least two witnesses not in the employment of the Company and make not later than two days of conclusion of the meeting a consolidated Scrutinizer's report of the total votes cast in favour or against, if any, to the Chairman/ Company Secretary of the Company.
- 10 The results declared along with the Scrutinizer's Report shall be placed on the Company's website

<http://www.orientgreenpower.com/> and on the website of <https://www.evotingindia.co.in/> within forty eight hours of the conclusion of the AGM on August 13, 2016 and communicated to the BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE"), where the shares of the Company are listed.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 4

Your Company has issued Corporate Guarantee on behalf of its subsidiary company M/s. Beta Wind Farm Private Limited in favour of New Project Lenders in connection with Existing /New

Projects Loans aggregating to ₹79.96 Crores (Rupees Seventy Nine Crores and Ninety Six Lakhs Only) which is a “Related Party” as defined under Section 2 (76) of the Companies Act, 2013.

The details of Corporate Guarantee issued are as below:

New Project Lenders	Corporate Guarantee to be issued (₹ in Crores)	Nature of facility
Axis Bank Limited	4.50	Working Capital Facility
Bank of India	1.05	Working Capital Facility
Canara Bank	3.31	Working Capital Facility
Dena Bank	1.78	Working Capital Facility
Indian Overseas Bank	1.78	Working Capital Facility
Karnataka Bank Limited	1.78	Working Capital Facility
Tamilnad Mercantile Bank Limited	1.42	Working Capital Facility
Andhra Bank	2.49	Working Capital Facility
Central Bank of India	2.14	Working Capital Facility
Axis Bank Limited	57.93	Letter of Credit
Vijaya Bank	1.78	Working Capital Facility
Total	79.96	

As per the provisions of Section 188 (1) of the Companies Act, 2013 "Related Party Transactions" requires prior consent of the Board where transactions proposed to be entered into falls in the list of items referred therein and are within threshold limits prescribed under Rule 15 of the Companies (Meeting of Board and its Power) Rules, 2015. Proviso to Section 188 further provides that nothing contained in sub-section (1) of Section 188 applies where transactions are entered into by the company in the ordinary course of business other than transactions which are not on an arm's length basis. Issue of Corporate Guarantee by the Company on behalf of its subsidiary M/s. Beta Wind Farm Private Limited are in the ordinary course of business and are at arm's length basis.

The amended Listing Agreement with Stock Exchanges which was made applicable from October 01, 2014 contains clause in respect of Related Party Transactions. The clause also defines term Material Related Party Transaction. It provides that all related party transactions shall be considered as "Material" if the transaction entered with or transactions to be entered individually or taken together with a Related Party along with previous transactions during a Financial Year exceeds 10% of the Annual Consolidated Turnover of the company as per the Last Audited Financial Statement of the

Company. The Material Related Party Transactions requires approval of the Shareholders by passing an Ordinary Resolution and in respect of voting on such resolution(s), the said related party shall abstain from voting.

Members may please note that based on the criteria as mentioned above in the SEBI LODR, issue of Corporate Guarantee to the Lenders by the Company on behalf of its subsidiary M/s. Beta Wind Farm Private Limited are "Material" and therefore requires approval of the Company by Ordinary Resolution.

Relevant documents in respect of the said items are open for inspection by the members at the Registered Office of the Company on all working days during 11.00 a.m. to 2.00 p.m. up to the date of the Meeting.

Mr.R.Ganapathi who is in the board of Beta Wind Farm Private Limited and Mr.K.V.Kasturi, Chief Financial Officer of Beta Wind Farm Private Limited are concerned or interested in this resolution. None of the other Directors or Key Managerial Personnel of the Company or their relatives are, in any way, are concerned or interested in the resolution as set out at No 4 of the Notice.

The Board recommends the Ordinary Resolution as set out at item No. 4 for the approval of the Shareholders.

Chairman's Message

Dear Shareholders,

The Company has consistently scaled up its assets over the years in sync with the growing traction of renewable energy in the country; and its wind assets have grown substantially over the last 6 years. During the financial year 2015-16, your company has successfully mobilized Rs.250 Crores for capacity addition in the wind business to the extent of 57.5 MW and repayment of part of its high cost debt. The proposed capacity addition of 43.5 MW is in the state of Andhra Pradesh which is the second phase of a project wherein the Company had already set up 50.4 MW plant. Other infrastructure at the site including land, grid connectivity, layout, etc., is already in place hence the incremental profitability from the investment is very likely to be very attractive. The generation through Wind during the financial year has affected by low wind during the wind season and low grid availability during 1st and 3rd quarter of the financial year. Despite the challenges, your company continued to progress with implementation of capacity expansion plans and resultant incremental revenues as a result of such expansion.

In the Wind business, Wind assets constitute 80% of the Company's overall commissioned portfolio. At the end of fiscal 2016, Wind assets stands at 425MW spread across some of the best wind sites in various states in India and overseas. Your Company's wind assets are located largely in the southern states like Tamil Nadu & Andhra Pradesh etc. In addition, the Company has a nascent but growing presence in Gujarat, Karnataka etc. Being strategically located across the country has enabled the Company to lower its concentration risk besides gaining relatively better yield on its assets. Like every year, your company took all possible measures to improve productivity in spite of challenges in terms inadequate infrastructure – grid back down, above average variation in wind patterns during wind season. In future the business is expected to deliver a better performance with improvement in wind availability as the same will ensure higher generation of energy. Further, with higher proportion of new assets in the overall mix PLF's are expected to improve with minimal maintenance expense.

During the year, your Company as well as the industry associations, has been continuing the efforts and initiatives towards ensuring availability of adequate grid infrastructure in Tamil Nadu. In particular, the grid corridor which was incomplete for last two - three years is now complete which in turn has resulted in evacuating energy generated in Southern part of Tamil Nadu to Northern parts of the state which are the prime consuming centers of the state. In addition to that, measures such as planned shutdown of thermal plants during

peak generation season by the Tamil Nadu State Electricity Board (TNEB) has significantly contributed to the improved scenarios. In the next few years the prospects of the renewable industry in general and wind industry in particular will go a long way in enhancing the prospects due to introduction of slew of policies and measures introduced by the Central Government. Scheduling and Forecasting, Inter-state sale of Power, increased frequency bandwidth for renewables are the measures that are being actively pursued to help improve the situation.

Coming to the biomass business, with an installed capacity of 106 MW, biomass constitutes 20% of the Company's overall portfolio. The business has had to encounter significant difficulties in turn impairing the overall performance of the business due to non availability of working capital, timely procurement of raw material at the right prices impacted the segment performance.

Taking cognizance of the segment's sub optimal performance over the years, the Company has formulated a strategy which should help improve the operations and profitability of biomass business. Part of the strategy includes, demerging of biomass business into a separate entity and to monetizing unproductive assets and utilizing the proceeds from the same for investing in profitable business.

The above mentioned measures are expected to pave the road ahead for the business.

COMPOSITE SCHEME OF ARRANGEMENT AND AMALGAMATION

In a bid to revive and help biomass business grow and attain its true potential, the Company has decided to demerge the business into a separate entity. Demerger of the Biomass business will streamline the business model and allow us to customize and implement strategies for each segment more appropriately besides enabling value unlocking for our shareholders.

As a part of the scheme, OGPL will also merge its wholly owned subsidiary Bharath Wind Farm Limited (BWFL) with itself.

Before I conclude, I would also like to take this opportunity to thank our employees, bankers, the Government, the Regulators and other stakeholders and last but not the least, you, our esteemed Shareholders, for the continued support.

Sincerely,
N. Rangachary
Chairman

Directors' Report

Dear Shareholders,

The Directors take pleasure in presenting the Ninth Annual Report on the business and operations of the Company and the financial statements for the year ended March 31, 2016.

1. FINANCIAL RESULTS

Particulars	Standalone		Consolidated	
	2015-16	2014-15	2015-16	2014-15
Sale and Other Income	6,579.91	6,115.67	40,207.51	50,033.36
Profit / (Loss) before Depreciation, Interest and Tax & Exceptional items	791.53	(725.59)	21,308.72	24,336.29
Interest	3,964.14	5,642.72	27,687.75	28,588.60

Profit (Loss) before Tax	(16,851.25)	(23,862.56)	(34,233.45)	(24,284.03)
Less : Provision for Tax	-	-	-	421.29
Less : Provision for Deferred Tax	-	-	(201.62)	(331.51)
Less : Share of loss of Associate	-	-	0.15	-
Minority Interest	-	-	(375.99)	(1,077.64)
Profit / (Loss) for the period	(16,851.25)	(23,862.56)	(33,655.99)	(23,296.17)

2. BUSINESS PERFORMANCE

Performance of wind business during the year to a large extent was impacted by performance of the segment which has continued to remain sub-optimal primarily owing to external factors such as inadequate infrastructure – grid back down, above average variation in wind patterns etc., resulting in the gap between performance and potential. Delayed and lower wind availability impacted revenue generation for the year. Measures such as planned shutdown of thermal plants during peak generation season by the Tamil Nadu State Electricity Board (TNSB) has significantly contributed to the improved scenarios.

The Tamil Nadu state has been successful in consistently lowering the losses associated with grid back down; from a level of 40% two years back the situation is expected to be below 10% by next year. The situation is encouraging and should help us deliver significantly better performance if on-ground developments progress as planned. Further, the grid corridor which was incomplete for last two - three years is now complete which in turn has resulted in evacuating energy generated in Southern part of Tamil Nadu to Northern parts of the state which are the prime consuming centers of the state. The business is expected to deliver a better performance with improvement in wind availability as the same will ensure higher generation of energy.

With regard to the biomass business, the Company has more than doubled its capacity in the business over the

years. With an installed capacity of 106 MW, biomass constitutes 20% of the Company's overall portfolio. The business has had to encounter significant difficulties in turn impairing the overall performance of the business. Factors ranging from unavailability of working capital to procure raw material and unviable tariff environment had dented the segment's performance.

Taking cognizance of the segment's sub optimal performance over the years, the Company has been working diligently towards identifying the nature and characteristics of factors hindering the business. In light of the above, the Company has formulated a strategy which should help improve the operations and profitability of biomass business.

The Consolidated Sales and Other Income for the year under review was Rs. 40,207.51 Lakhs (Rs. 50,033.36 Lakhs). Profit before Interest, Depreciation, Tax and Exceptional items was at a level of Rs. 21308.72 Lakhs (Rs. 24,336.29 Lakhs). Loss after Tax and Minority Interest was at Rs. 33,655.99 Lakhs (Rs.23,296.17Lakhs).

3. COMPOSITE SCHEME OF ARRANGEMENT AND AMALGAMATION

During the year, the Board of Directors of the Company, at their meeting held on 13 June, 2015, has approved the Draft Composite Scheme of Arrangement and Amalgamation between Orient Green Power Company Limited and Bharath Wind Farm Limited (BWFL) and Biobjilee Green Power Limited (BGPL) and their respective

shareholders (the Draft Scheme) as per which:

- (a) BWFL, a wholly owned subsidiary of the Company, will get amalgamated with the Company effective 1 April, 2015 and
- (b) the identified biomass undertaking of the Company (including the Unit/Subsidiaries will get demerged to BGPL, a subsidiary of the Company, effective 1 October, 2015, subject to the required approvals from the Honorable High Court of Judicature at Madras which are in the process of being obtained. Upon receipt of the approvals, BGPL will cease to be a subsidiary of the Company and will seek necessary approvals to list its shares at the recognized stock exchanges in India. The substance of this demerger arrangement is in the nature of application and reduction of Securities Premium Account as per the provisions of Section 52 of Companies Act, 2013 read with Sections 100 to 103 of the Companies Act, 1956

4. DIVIDEND

The Company has not declared any dividend in view of the losses incurred by the Company during the year.

ANNUEXURE - B TO THE DIRECTORS' REPORT

A. CONSERVATION OF ENERGY

- To ensure constant fuel feeding, fine feeding system was installed in one of the biomass plants. This has helped to achieve lesser auxiliary power consumption due to reduced interruptions.
- Stage reduction in multistage pumps is being tried to reduce power consumption.
- Fuel pre drying study to reduce energy losses is under way.

B. TECHNOLOGY ABSORPTION

1. Training

In-house training programs are conducted by field experts to enrich the knowledge of the employees on safety, Environment and Technical topics.

2. Specific areas in which R&D is carried out by the company

- Moisture reduction of biomass fuels: Pilot plant to dry wet biomass, recovering the waste heat from boiler flue gas is being set up at Pollachi.
- Sonic soot blower: For super heater areas; to improve heat transfer, trial of using sonic soot blower is being arranged.
- Utilization of Biomass Fly ash: Study on utilization of biomass ash through Central Institute of Mining and Fuel Research, (Ministry of Science & Technology), Jharkhand, INDIA is under way. A coconut farm in Madurai has tried our biomass ash as manure for their parent stock. Based on encouraging results, they are now trying biomass ash as part medium for their coconut nursery.
- Captive Plantation: Production of Energy grass was carried out in scientific way. Cultivation was initiated under irrigated condition. But due to severe drought in that area the second, third & fourth Ratoon crops were harvested in Rain fed condition. Still the Farmer is satisfied with Economic returns from Energy grass ;compared to his routine food crops cultivation due to failure of other crops in that area during this period . It is proved that, Economic viability to farmer and sustainability to Power plant through sustained crop growth even in drought condition in Non-Fertile land is possible.

3. Expenditure on R & D –Nil

C. FOREIGN EXCHANGE EARNINGS AND OUT GO

ANNEXURE-C

DETAILS PURSUANT TO THE PROVISIONS OF SECTION 197(12) OF THE COMPANIES ACT, 2013 READ WITH RULE 5(1) OF THE COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014

Relevant clause u/r 5(1)	Prescribed Requirement	Particulars
(i)	Ratio of the remuneration of each director to the median remuneration of the employees of the company for the financial year	Ratio of the remuneration of Shri S.Venkatachalam, Managing Director to the median remuneration of the employees -12.26%
(ii)	Percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary or Manager, if any, in the financial year	Shri. S.Venkatachalam, MD& CEO – NIL Shri. K V Kasturi, CFO – NIL Shri. P.Srinivasan -CS –5.03%
(iii)	Percentage increase in the median remuneration of employees in the financial year	0.80%
(iv)	Number of permanent employees on the rolls of company	194 Nos.
(v)	Explanation on the relationship between average increase in remuneration and company performance	There is a relationship between average increase in remuneration and individual and company performance only in the case of two of the Key Managerial Personnel (KMP) and a few very senior management personnel of the company and not for other categories of employees. Since the company had been incurring losses, no performance linked incentives or bonus has been paid during the year to the KMP. In the case of all other employees, the increase in remuneration is towards normal inflation and salary correction, etc, wherever necessitated and is not linked to company performance.
(vi)	Comparison of the remuneration of the Key Managerial Personnel against the performance of the Company	The Income from Operations of the company increased from a level of Rs. 4,409.57 Lacs in 2014-15 to Rs. 4,868.88 Lacs in 2015-16 representing a growth of 10.41%.However, in view of the loss in 2015-16, no increase in remuneration has been given to MD & CEO and increase in remuneration to Company Secretary is only on account of general inflation factor.
(vii)	Variations in the market capitalization of the company, price earnings ratio as at the closing date of the current financial year and previous financial year and percentage increase over decrease in the market quotations of the shares of the company in comparison to the rate at which the company came out with the last public offer in case of listed companies, and in case of unlisted companies, the variations in the net worth of the company as at the close of the current financial year and previous financial year	The market capitalization of the company based on Bombay Stock Exchange quotation of Rs.14.65 per share as on 31.03.2015 and Rs. 11.84 per share as on 31.03.2016 was Rs. 83,223.43 Lacs and Rs. 87,592.28 Lacs respectively, representing an increase of 5.25 %. "Considering the losses for this year and the previous year, Price earnings ratio is not applicable.
(viii)	Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration	- Average increase in remuneration of Managerial Personnel: (4.8%) - Average increase in remuneration of employees other than the Managerial Personnel:1.80%.
(ix)	Comparison of the each remuneration of the Key Managerial Personnel against the performance of the Company	Covered in sub-clause (vi) above.

Relevant clause u/r 5(1)	Prescribed Requirement	Particulars
(x)	Key parameters for any variable component of remuneration availed by the directors	No variable remuneration was availed by any Directors during the year.
(xi)	Ratio of the remuneration of the highest paid director to that of the employees who are not directors but receive remuneration in excess of the highest paid director during the year	Not Applicable. There is no such employee who received remuneration in excess of the highest paid director during the year.
(xii)	Affirmation that the remuneration is as per the remuneration policy of the company	The remuneration is as per the Nomination and Remuneration Policy for the Directors, Key Managerial Personnel and Other Employees of the Company, formulated pursuant to the provisions of section 178 of the Companies Act, 2013

Information as per Rule 5 of Companies (Appointment and Remuneration Rules, 2014)

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31.03.2016

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
ORIENT GREEN POWER COMPANY LIMITED
CIN: L40108TN2006PLC061665
SigappiAchi Building,4th Floor,
18/3 RukminiLakshmipathi Road,
Egmore,Chennai -600008.

Dear Members,

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ORIENT GREEN POWER COMPANY LIMITED(hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of ORIENT GREEN POWER COMPANY LIMITED's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2016 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by ORIENT GREEN POWER COMPANY LIMITED("the Company") for the financial year ended on 31st March, 2016 according to the provisions of:

- (i) The Companies Act, 1956, the Companies Act 2013 (to the extent Sections and Schedules notified) and the rules made thereunder including Amendment, Circulars, Notifications and Removal of Difficulties Order issued by the Ministry of Corporate Affairs from time to time;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') as amended:-

- a) Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; (was not applicable to the company during the period under review)
- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (was not applicable to the company during the period under review)
- f) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (was not applicable to the company during the period under review)
- g) The Securities and Exchange Board of India (Buyback of Securities), Regulations,1998 (was not applicable to the Company during the period under review)
- h) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

(vi) The Following Industry Specific Laws and the rules, regulations framed thereunder:

- a) The Electricity Act, 2003

I further report that based on the information received, explanations given, process explained,records maintained, presentation of the internal auditor furnished by the Company, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable labour laws, rules, regulations and guidelines. The Company has confirmed compliance with the labour laws:

- a) Tamilnadu Shop and Establishment Act 1947
- b) The Employees' State Insurance Act, 1948

- c) The Workmen's Compensation Act, 1923
- d) The Payment of Bonus Act, 1965
- e) The Payment of Gratuity Act, 1972
- f) The Employees' Provident Funds and Miscellaneous Provisions Act, 1952

I further report that based on the information received, explanations given, process explained, records maintained and presentation of the internal auditor furnished by the Company, the company is regular in making statutory payments and there have been no cases against the Company or its officers or notices issued to the company or its officers under the following Acts:

- a) Finance Act, 1994 with respect to service tax
- b) Central Excise Act, 1944
- c) Tamil Nadu Value Added Tax Act, 2006 & The Central Sales Tax Act, 1956
- d) Income Tax Act, 1961 with respect to Tax Deducted at Source and Advance Tax

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards 1 and 2 issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with the BSE Limited (BSE) and National Stock Exchange of India Limited (NSE);

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions were carried out unanimously.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company:-

- (i) At the Board meeting held on 13.06.2015 accorded approval for the draft composite scheme of arrangement and amalgamation between SIHL Engineers Private Limited and Bharat Wind Farm Limited and the Company.
- (ii) Through Postal Ballot dated 12.06.2015 had accorded approval to further issue of securities aggregating upto Rs 5,000 million.
- (iii) At the Extra Ordinary General Meeting held on 14.09.2015 had accorded approval for issue of 171792306 equity shares of Rs 10/- each at a premium of Rs 4.56/-per equity share through preferential basis. The company allotted 171721426 equity shares of Rs 10/- each at a premium of Rs 4.56/-per equity share on 23.09.2015, 28.09.2015 and 29.09.2015.
- (iv) At the Extra Ordinary General Meeting held on 14.09.2015 accorded approval for
 - a) Raising additional funds by way of Debt or Equity capital to complete one of the objects of the Initial Public offering
 - b) Waiver of the remuneration paid to Mr. T. Shivaraman Executive Vice Chairman for the period 01.04.2013 to 31.03.2014
- (v) At the Board meeting held on 05.11.2015 accorded approval for slump sale of 20 MW Co-generation Power Plant at Gaganbawda, Kolhapur (Kolhapur Unit) to its wholly owned subsidiary M/s Orient Green Power (Maharashtra) Private Limited.

Management Discussion and Analysis: Fy 2015-16

Company Overview

Established in 2006, Orient Green Power Company Ltd., part of the Shriram Group, is among leading Independent Power Producer in the country. Focused on developing, owning and operating a diversified portfolio of renewable energy power assets, the Company's portfolio of 531 MW as of March 2016, comprises of 425 MW of Wind energy assets and 106 MW of Biomass energy assets.

OGPL is Headquartered in Chennai, Tamil Nadu and has Wind power plants in Tamil Nadu, Andhra Pradesh and Gujarat and Biomass power plants in Tamil Nadu, Rajasthan, Maharashtra and Telangana. The Company also owns and operates a 10.5 MW wind power plant in Croatia. OGPL has diversified customer offtake arrangements and supplies the power generated to SEBs, Group Captive Customers, Merchant Power as well as sale through the energy exchanges. OGPL is also one of the leading supplier of RECs in the country.

In addition to the majority shareholding held by the Shriram Group, Orient Green Power is backed by global private equity fund investors like Bessemer Venture Partners and an affiliate of Olympus Capital.

Economic Overview

During FY 2015-16, the global macroeconomic landscape continued to charter an uncertain terrain characterized by weak growth of world output. This was marked by the declining prices of a number of commodities, turbulent financial markets and volatile currency rates. During the year, some economies strengthened, while others faced deepening stress due to continued challenging financial conditions. Growth in emerging markets and developing economies, which account for over two-thirds of global growth has declined for the fifth consecutive year. Undoubtedly, there have been some green shoots, but synchronized and sustainable global growth continues to remain elusive. As a result, the world economy continues to grow at a modest pace. Growth of world GDP is projected at 2.9% in 2016, compared to 2.4% in 2015.

This divergence of growth across the various economies served as a reminder of vulnerability within the global economic landscape. For commodity exporters and several emerging market economies, balance of trade has worsened, capital inflows were impacted, reserves have been drawn down and currencies have weakened. Currency depreciation has proved so far to be an extremely useful buffer for a range of economic shocks. However, further falls in commodity prices could lead to even more problems for commodity exporters, including intensified currency depreciation that could potentially trigger still-hidden balance sheet vulnerabilities. In some countries, beyond these very general trends, there is an overlay of political

or geopolitical tension that magnifies the purely economic challenges. As a result there has been a sharp shift towards risk-aversion by global investors.

The global outlook was significantly influenced by gradual slowdown and rebalancing of economic activity in China as its economy transitions from investment and manufacturing to consumption and services. But the global spillovers from China's reduced rate of growth, through its diminished imports and lower demand for commodities, have been much larger than anticipated.

Among the larger economies, the US economy has shown the most significant progress over the last year. There have been improvements in both structural and cyclical factors and this has led the US Federal reserve to commence the reversal of the Quantitative Easing program launched in the aftermath of the global financial crisis of 2008. This monetary tightening is in contrast to the continuing accommodation by the European Central Bank and the Bank of Japan. In today's world of tightly linked but still nationally distinct economies, the issues have become much more complex as the impact of policies of one country have a spillover effect on other economies across the globe.

The overall subdued performance of the world economy in recent years has raised concerns of a "new normal" of lower growth. More importantly, the multiple challenges that have besieged several global economies and the overall environment of heightened volatility has resulted in reduced capital investment. The broad-based weakness in investment worldwide not only holds back current growth, but also reduces potential growth in the future.

Domestic Scenario

Within the backdrop of continued uncertainty in the global landscape, India's growth story has largely remained positive on the strength of domestic absorption, and the country has registered a robust and steady pace of economic growth in 2015-16. Additionally, other key macroeconomic parameters like inflation, fiscal deficit and current account balance have exhibited distinct signs of improvement. The fall in commodity prices has been of immense benefit to India, which is heavily dependent on imports, hence the trade and current account deficits continue to be moderate.

The growth in Indian GDP in FY2016 is expected to improve to 7.6% during the current fiscal year compared with 7.2% last year. This is on the back of substantial jump in the manufacturing growth rate. Growth in agriculture has slackened due to two successive years of poor monsoon rains. Saving and investment rates are showing hardly any signs of revival. The rupee has depreciated vis-à-vis the US dollar, like most other currencies

in the world, although less so in magnitude. At the same time, it has appreciated against a number of other major currencies.

During the year, the Government undertook several credible initiatives in the areas of reviving infrastructure investments, easing the process of doing business, improved financial inclusion, a more accommodative FDI regime and a refreshing approach towards key policy areas such as defence, foreign policy, urban development and power. The impact of most of these measures will be better gauged over a longer period of time but the start has been encouraging.

The International Monetary Fund hailed India as a 'bright spot' amidst a slowing global economy. According to the World Bank, India will overtake China as world's fastest-growing major economy by 2017. Given the fact that the government is committed to carrying the reform process forward, aided by the prevailing macroeconomic stability, it appears that conditions do exist for raising the economy's growth momentum and achieving higher rates of growth in the years ahead.

Industry Overview

India's power sector, one of the most diversified in the world, ranks fifth globally in terms of generation capacity. India's installed capacity as of March, 2016 stood at 302 GW of which 26,769 MW constitute Wind, 6,763 MW constitute Solar and thermal power constituted the bulk with 69%. In addition to

having the fifth largest installed capacities, India is also the third largest producer of electricity in the world. In FY16, India generated 1,107 BU of electricity.

As per the 12th Five Year Plan, India is targeting a total of 88.4 GW of power capacity addition by 2017, of which, 72.3 GW constitutes thermal power, 10.8 GW hydro and 5.3 GW nuclear. It is commendable that the capacity addition has been steadily

increasing in each of the five year plans. However, even after the considerable growth in the power sector infrastructure and the

supply of electricity, many parts of the country continue to face severe power shortages as consumption by commercial and industrial consumers has been increasing at a faster rate than electricity supply. India's per capita power consumption pales in comparison when viewed against its peers. The expected pickup in economic growth coupled with associated increase in economic activities particularly in industries like cement, steel, mining, food processing and other manufacturing industries demand is expected to outpace the generation pace.

Energy is one of the pivotal components for a country's economic development and social progress. Being a focus area, it has started to benefit from forward looking policies and effective implementation of directives by the Government in recent years in turn facilitating transformational changes in the sector.

Electricity demand by sector and generation in the New Policies Scenario (TWh)

	2000	2013	2020	2030	2040	Change	CAGR
Demand	376	897	1,351	2,241	3,288	2,390	4.9%
Industry	158	375	565	904	1,277	902	4.6%
Residential	79	207	329	647	1,115	908	6.4%
Services	46	133	207	332	450	318	4.6%
Transport	8	15	20	24	30	14	2.5%
Agriculture	85	160	222	324	401	241	3.5%
Other energy sector	0	6	8	10	13	7	2.7%
T&D losses	155	220	313	452	613	393	3.9%
PG own use	40	82	107	160	229	147	3.9%
Gross generation	570	1,193	1,766	2,848	4,124	2,930	4.7%

Source: International Energy Agency

India's energy consumption has almost doubled since 2000 and with the nation now poised to be the fastest growing economy globally; the potential for incremental demand is enormous. India is set to contribute more than any other country to the projected rise in global energy demand, around one-quarter of the total. Further, with usage of energy expected to decline in many developed countries and with China entering a much less energy-intensive phase in its development India is expected to drive majority of the energy demand. India's urbanization is a key driver of energy trends: an additional 315 million people - almost the population of the United States today - are expected to live in India's cities by 2040. While developing capacity to cater to the increased demand will certainly be challenging, it is equally important to ensure that incremental capacity also sits well in terms of parameters such as environmental protection, fuel availability & supply, energy mix as well as economic contributors such as job - creation, foreign exchange and overall GDP growth.

In light of this, coordinated actions are being directed at both national and state level towards removing obstacles

to investment in energy supply besides focusing on energy efficiency and pricing reform. Some of the recent measures undertaken by the ministry include charting out a clear road map for doubling Coal India's production to 1bn tonnes/year by 2020, in an attempt to curb the expensive coal imports. Further, to achieve the vision of 24x7 power for all by 2019 the government is targeting to electrify 18,452 villages in 1,000 days (5,372 done in 200 days) by working with individual state governments to revive Discoms under the UDAY scheme and investments of INR 1.4 trillion under Deendayal Upadhyaya Gram Jyoti Yojana and Integrated Power Development Scheme. A combination of such measures besides others has started showing early signs of success - the sector reported record capacity additions in generation & transmission capacity, the highest growth in coal supplies in the last 2 decades and incidents of stranded gas plants commencing operations.

Renewable Energy

India's renewable energy portfolio stands at 42.7GW as of March 2016, constituting 14.1% of the overall energy mix. The share of renewable energy over the years has been rapidly increasing primarily on the back of supportive policies being implemented by the Government. Improved evacuation infrastructure, improved technical expertise, a longer performance track record and better understanding by bankers and financiers are fostering strong regional variations

% of renewable capacity installed

Renewable energy space in general has been gaining significant traction in developing countries in recent times with 2015 being the first instance where investments in emerging countries especially in China and India, has surpassed those by wealthy nations, as per an UN-backed report. Developing world including China, India and Brazil committed a total of USD 156 billion in new renewables capacity last year, up 19% over 2014; in contrast investments by developed countries were down 8% in 2015 to USD 130 billion. Within the developing-economy category, China, India and Brazil saw investment rise 16% to USD 120.2 billion, while other developing economies enjoyed a 30% bounce to USD 36.1 billion. India ranked amongst the top 10 investing countries in renewable energy, with a 22% rise in its commitment to USD 10.2 billion. Further, Indian

renewable energy companies also attracted USD 548 million in venture capital/PE funding in 2015, which is more than all of Europe (USD 301 million) and is second only to the US.

India's renewable energy installed capacity has increased 11 times from 3.8 GW in FY05 to about 43 GW in March 2016.

The rapid growth in renewables will be supported by the expected pace of cost reductions-costs of onshore wind and utility-scale solar PV are likely to fall by 25% and 40%, respectively, over the next 20 years.

Installed Capacity (GW)

India is the fifth largest wind power producer in the world after China, US, Germany and Spain. The Wind sector, which dominates the renewable energy in the country with a share of 63% of the overall mix, has undergone a major shift from tax-credit driven investment to mainstream IPPs. This has led to setting up of large wind farms deploying the latest technology and practices—larger MW class wind turbines, improved O&M practices for extending plant life, use of logistics tools for more efficient construction and maintenance, and seamless grid integration. The government plans to double wind power generation capacity to 60 GW by 2022 and take solar upto 100 GW.

Further, the industry has also benefited from improvements in infrastructure, be it tower structure, drive-train technology, and use of advance power electronics, adding to its overall cost effectiveness. The most promising sites are situated in west and south, with around 90% of the potential in the states of Tamil Nadu, Andhra Pradesh, Madhya Pradesh, Karnataka, Maharashtra, Gujarat and Rajasthan.

Biomass units are faced with the issue of availability of working capital. In many states fuels are available in a short time window of 3-4 months. Further, high interest costs coupled with shorter tenors of lending put huge strain on Biomass Units. However, tariffs in most states, are quite reasonable and workable since they have begun to adopt CERC norms for tariff fixation. The future, for the industry, looks positive.

Solar energy is gaining significant traction in India and presently constitutes 16% of the country's total renewable energy mix. A rapid & consistent decline in prices of solar panels coupled with favorable government policies are the primary reasons for solar energy's rapid growth. According to Oxford University's latest research, the pace of decline in solar energy costs is so rapid

that there is a possibility of them even outpacing mainstream energy. Solar panels have been steadily falling in price since the 1980's, becoming 10% cheaper per year. India is also planning on scaling up solar power generation capacity by five times to 100GW by 2022. With states offering designated solar parks and assured connectivity to substations and central agencies assuring improved credit protection, solar energy is expected to maintain its rapid growth in the country. It remains to be seen whether the low price quoted in various States are really sustainable.

A key driver for India's stupendous growth of renewable energy in particular and power sector in general has been the supportive and encouraging policies and initiatives undertaken by the government

Some recent and significant measures undertaken by the government include

- Full exemption on excise duty is being provided on Pig Iron (SG grade) and ferro-silicon-magnesium for use in the manufacture of cast components of wind-operated electricity generators
- Full exemption on excise duty is being provided on round copper wire and tin alloys for use in the manufacture of solar PV ribbon for manufacture of solar PV cells
- 10-year tax holiday for solar power projects
- Guaranteed market through solar power purchase obligation for states
- Subsidy of 30% of the project cost for off-grid PV and solar thermal projects
- Financial assistance from IREDA for the setting up of biomass power and bagasse co-generation projects
- Accelerated Depreciation for Biomass projects - Claim of 80% depreciation in the first year for certain specific equipment

Although too premature to evaluate, the above initiatives have undoubtedly contributed favorable results as reflected by the pace of power generation and addition of transmission capacities which are both at record highs. Further, coal supplies also increased at the fastest pace in 2 decades and stranded gas plants have started recommencing their operations.

While the progress has been encouraging, a lot more could be done had it not been for hurdles in terms of inadequate grid infrastructure, land acquisition & uncertain policy environment, access to capital and strained financial position of state-owned utilities which impaired the country from reaching its true potential to generate renewable energy.

Inadequate grid infrastructure – Unavailability of evacuation infrastructure and grid integration are amongst the primary reasons impacting the growth of renewable energy projects in the country. Further, inefficient Transmission & Distribution

(T&D) infrastructure is also a major cause for severe electricity loss from the grid network. Deficiency in transmission remains a challenge especially for renewable energy given low capacity factor and congestion on existing networks. T&D losses in India are relatively higher when compared with other emerging nations like Brazil, South Africa and China. Kayathar, Sholinganallur line is complete and this will enable an extra 2000 MW to flow from the Southern part of Tamil Nadu, where most Windmills are located, to major consuming centre like Chennai.

Higher cost of Finance – Absence of mature bond market coupled with the high interest rate environment results in relatively greater cost of capital for renewable energy projects in India compared to similar projects in US. Further, apprehension amongst foreign lenders owing to weaker off-take for some of the players coupled with rising currency volatility, also limits domestic power producers from accessing foreign financial institutions. Shorter tenors are not workable for infrastructure projects. The new 5:25 Scheme is a move in the right direction as it will help significantly reduce cash flow burden.

Land acquisition – Akin to the problem faced by conventional power producers, Renewable energy players are also facing difficulties in sourcing large pool of land at affordable cost. Wind and solar projects require huge amount of land. Inordinate delays in land procurement results in higher project cost in turn affecting the feasibility of the project.

Strained financial positions of Discoms – The financials of Power distribution companies, which are bulk purchaser of power continue to remain weak in turn leading them to cut back from buying expensive power (whether conventional or renewable-based) thus confining power markets. Constrained financials also raises significant counterparty risk which is manifested in delayed payments to generators and other suppliers. The situation though is likely to improve on the back of persistent government efforts especially the implementation of UDAY scheme.

BUSINESS OVERVIEW

Wind Energy Business

Orient Green Power is amongst the country's leading wind generating Power Companies and the largest pure play renewable energy generating companies in India. An independent developer and operator of wind assets the Company's wind portfolio as of March 2016 stands at 425 MW.

The Company has consistently scaled up its assets over the years in sync with the growing traction of renewable energy in the country; and its wind assets have grown 2.5x over the last 6 years. Wind assets constitute 80% of the Company's overall commissioned portfolio. The Company has grown its portfolio through a mix of organic - Greenfield development as well as through inorganic - acquisitions led growth

The Company's wind assets are located at some of the country's best wind site, and largely come in the southern states like Tamil Nadu & Andhra Pradesh etc. In addition, the Company

has a nascent but growing presence in Gujarat, Karnataka etc. Being strategically located across the country has enabled the Company to lower its concentration risk besides gaining relatively better yield on its assets.

The Company's revenue generation from the segment has also grown manifold following the growth in portfolio's size.

Revenues from the business have risen by 3times from Rs. 103 crore in FY11 to Rs. 295 crore at present.

Further, the revenue model for the Company is also well diversified with offtake agreements varying between Group Captive model and Power Purchase Agreements (PPA).

Portfolio Composition: State/Model-wise

Portfolio Composition: State/Model-wise

However, despite the above mentioned measures, performance of the segment has continued to remain sub-optimal primarily

owing to external factors such as inadequate infrastructure - grid back down, and partly due to above average variation in wind patterns etc., resulting in the gap between performance and potential.

Performance of wind business during current year as well to a large extent was impacted by these factors. Delayed and lower wind availability impacted revenue generation for the year. Revenue from the business for the year stood at Rs. 295 crore as against Rs. 340 crore during last year. However, the business is expected to deliver a better performance with improvement in wind availability as the same will ensure higher generation of energy. Further, with higher proportion of new assets in the overall mix PLF's are expected to improve with minimal maintenance expense.

Also, things appear to be on the mend especially in terms of grid connectivity and availability. The quantum & frequency of grid back down and the resulting loss associated with it has been gradually declining especially in Tamil Nadu region. The state has been successful in consistently lowering the losses associated with grid back down; from a level of 40% two years back the situation is expected to be below 10% by next year. The situation is encouraging and should help us deliver significantly better performance if on-ground developments progress as planned. Measures such as planned shutdown of thermal plants during peak generation season by the Tamil Nadu State Electricity Board (TNEB) has significantly contributed to the improved scenarios. Further, the grid corridor which was incomplete for last two - three years is now complete which in turn has resulted in evacuating energy generated in Southern part of Tamil Nadu to Northern parts of the state which are the prime consuming centers of the state.

- 2000 MW Thermal Power Plants for shut down during Wind Season
- Improved grid infrastructure
- Continuous discussion with TNEB officials
- Proposed introduction of scheduling and forecasting
- Wider frequency band width for renewables. 150 MW to 250 MW.
- Proposal for SRPC and inter State sale of power.

Amidst a mix of improving operating environment and in line with the Company's strategy of capitalizing on its position, it is also working towards expanding its portfolio by 57.50 MW. Of the 57.5 MW, 43.5 MW is planned in Andhra Pradesh while 14 MW is planned in other state. The 43.5 MW project in AP is the second phase of a project wherein the Company had already set up 50.4 MW plant. Other infrastructure at the site including land, grid connectivity, layout, etc., is already in place hence the incremental profitability from the investment is very likely to be very attractive.

EXPANSION PLANS		
State	Capacity (MW)	Offtake Arrangement
Andhra Pradesh	43.5	Proposes to enter into long-term PPAs with SEBs
in Other State	14.0	Planned

Biomass Energy Business

Orient Green Power ranks amongst the country's largest biomass energy producers. With an installed capacity of 106 MW, biomass constitutes 20% of the Company's overall portfolio.

The Company's biomass assets are situated across the country with presence in the state of Tamil Nadu (32.5MW), Andhra Pradesh / Telangana (7.5MW), Rajasthan (34.0 MW), Maharashtra (22.0 MW) & Madhya Pradesh (10.0 MW).

The Company also has a fairly diversified offtake agreement for its power projects spread across Group Captive, Merchant and PPA

State	Capacity (MW)	Revenue Model
Tamil Nadu	32.5	Group Captive, Merchant
Andhra Pradesh / Telangana	7.5	Merchant
Rajasthan	34.0	PPA
Maharashtra	22.0	Merchant, PPA
Madhya Pradesh	10.0	PPA
Total	106.0	

The businesses revenue has also grown over the years in line with increased capacities. The revenue growth for the business though has lagged the pace of capacity expansion

The business has had to encounter significant difficulties in turn impairing the overall performance of the business. Factors ranging from non availability of raw material and unviable tariff environment had dented the segment's performance.

One of the key requirements for running a biomass unit profitably requires the plant to operate at higher levels of utilization. In order to run the plant at high utilization which will ensure attractive returns, there is a need to invest to

Revenue (₹ crore)

purchase feedstock when it is available and store it for when it is required. Naturally, this pushes up the working capital requirement. However, given that majority of our units were functioning at sub-optimal level, it became quite difficult for us to generate the requisite proportion of working capital to fund at least the profit generating the ones. The business prospects though continue to remain attractive, especially with the improving tariff environment and one can generate profit from the same if one has the necessary liquidity and financial strength. Procuring the raw material at right price and appropriate time can result in generating attractive returns from the business.

Taking cognizance of the segment's sub optimal performance over the years, the Company has been working diligently towards identifying the nature and characteristics of factors hindering the business. In light of the above, the Company has formulated a strategy which should help improve the operations and profitability of biomass business. Efforts towards reviving the business also reflect the Company's confidence and belief in the business. Further, with tariff environment changing for the better in certain states the Company believes it is the apt time to undertake the transformation and emerge as a focused and much stronger player. Part of the strategy includes, demerging of biomass business into a separate entity called Biobijlee Green Power Limited and to monetizing unproductive assets and utilizing the proceeds from the same for investing in profitable business. Of the 12 biomass plants, the Company is planning towards paring stake in around 5-6 units which have been operating at sub-optimal level in turn dragging down the overall profitability of the business. The Company has made certain progress in this direction by monetizing its stake in D.Y. Patil plant located in Kolhapur.

The above mentioned measures are expected to pave the road ahead for the business. Monetizing non profitable assets and focusing on value generating plants will help improve the financial position and profit generating ability of the business.

Key development - Demerger

In a bid to revive and help biomass business grow and attain its true potential the Company has decided to demerge the business into a separate entity called Biobijlee Green Power Limited. Demerger of the biomass business will streamline the

business model and allow us to customize and implement strategies for each segment more appropriately besides enabling value unlocking for our shareholders.

Amalgamation of Bharath Wind Farm Limited (BWFL) with OGPL and demerger of the Biomass Power Business into Biobijlee Green Power Limited ("BGPL")

The transaction entails carving out of the existing biomass business along with its SPVs into Biobijlee Green Power Limited. All the assets and liabilities of biomass business will get transferred to SEPL at book values. The share swap ratio agreed for the transaction is 10:1; SEPL to issue 1 equity share of face value INR10 for every 10 equity shares held in OGPL. Post completion of the transaction, shareholding in SEPL will mirror OGPL's shareholding. The Appointed date for the demerger is October 1, 2015.

Key Benefits

- Focused entities
- Dedicated Management
- Greater efficiencies

The erstwhile OGPL will get transformed into a pure wind business post the demerger. As a part of the scheme, OGPL will also merge its wholly owned subsidiary Bharath Wind Farm Limited (BWFL) with itself. Given the fact that BWFL is 100% owned by OGPL, the latter will also not be required to issue shares as a part of the consideration for the merger. The Appointed date for the merger is April 1, 2015.

Outlook

Orient Green Power is in a transitional phase presently, with multiple measures being undertaken to revive the business and help attain the true business potential. Albeit at a nascent

stage, these actions have started yielding desired results, and the management is hopeful of overcoming the hurdles impairing the growth of the business, as these measures run their course.

Some of the key actions undertaken by the management include measures for addressing the debt profile of the Company, consolidating its position in wind business & restructuring its biomass business. Further, encouraging on-ground actions in terms of better grid infrastructure & connectivity and improving regulatory and tariff environment will help to strengthen the recovery process.

In an attempt to strengthen its balance sheet the Company successfully raised Rs. 250 crore from the promoter group and outside investors during the year. The proceeds would be primarily used towards repaying part of its high cost debt and funding of its wind assets. In addition, the Company is also in discussion with its bankers for refinancing part of the debt and seeking extension on the tenure of its loan. The discussions are heading in the right direction and once fructified should considerably improve the Company's cash flow and liquidity position. Further, the Company also has the choice to opt for 5:25 scheme which facilitates extension of tenure. Combination of such actions will help strengthen the balance sheet besides aligning the Company's interest and principal repayments with operating cash flows.

The Company is also working towards consolidating its position in the wind energy by expanding its capacities in Andhra Pradesh and other states. Decision to scale up its presence in wind business stems from the attractive yield and relatively stable performance when compared with biomass.

Further, demerging of biomass business and monetizing of unproductive units are steps undertaken towards reviving the biomass segment. Such actions should inculcate greater focus on both businesses lines to make them more profitable. Biomass business in the past had been impacted due to non availability of raw material. Intermittent availability compelled the Company to operate at lower operating level in turn impacting the businesses profitability.

The external environment is also shaping up well with consistent improvement being observed in terms of grid availability and connectivity. Further, stringent actions by states like Orissa, Kerala, UP, MP and Maharashtra towards entities failing to meet RPO obligations instills optimism and confidence. Actions undertaken by TNEB like ordering planned shutdown of thermal plants during peak generation season towards addressing the grid back down issue appear to be working resulting in greater grid availability. Losses due to grid back down are expected to be less than 10 % by next year compared to 40% level couple of years back.

All of these measures are expected to improve the operating and financial profile of the Company and help it in delivering profitability in the near future.

Financial Overview

The Company generated revenues worth Rs. 388 crore during the year as against Rs. 493 crore during the previous year. Lower revenue generation from the wind business owing to delayed and low wind availability was the primary reason for lower revenue for the year. Revenue from biomass business stood at Rs. 98 crore as against Rs. 153 crore during FY15.

EBITDA for the year stood at Rs. 213 crore as against Rs. 243 crore translating into margins of 55% as against 49% delivered during previous year. Greater emphasis on improving efficiencies ensured stable operating margins despite lower revenue for the year.

Depreciation expense for the year amounted to Rs. 206 crore as against Rs. 179 crore during previous year. Increased depreciation is on account of provision of additional depreciation in biomass units.

Interest expense for the year stood at Rs. 277 crore as against Rs. 286 crore during last year. Increased borrowings for funding of additional capacities contributed to the incremental outgo. The Company is however working on multiple options to lower its financial expense. Some of the measures include negotiation with bankers seeking extension on loan tenures and refinancing part of the debt.

The business generated loss after tax amounting to Rs. 337 crore during the year as against loss of Rs. 233 crore during FY15.

The Company's net worth stood at Rs. 743 crore as against Rs. 826 crore during March 2015. Long term debt of the Company stood at Rs. 1,284 crore as against Rs. 1,401 crore during last year. Debt – equity ratio as of March 2016 stood at 1.6 as against 1.7 during March 2015.

Renewable Energy Certificate Mechanism

Renewable Energy Certificate (REC) mechanism is a market based instrument to promote renewable energy and facilitate compliance of renewable purchase obligations (RPO). The mechanism was aimed at addressing the mismatch between availability of RE resources in state and the requirement of the obligated entities to meet the renewable purchase obligation (RPO). One REC certificate is treated as equivalent to 1 MWh. REC certificates are bifurcated into solar RECs and non-solar RECs.

While high in intent the mechanism is yet to meet its potential primarily owing to challenges in implementation due to the dynamics of the sector.

Revenue generated under the REC mechanism for the year continues to remain sub-optimal following weak enforcement of penalties on defaulting entities. Although there were few encouraging signs during the year following heightened regulatory actions in the form of compliance orders and proceedings in several states like Orissa, Kerala, UP, MP and Maharashtra.

Performance during the year remained fairly volatile; low activity period followed by a sudden bouts of demand which is reflective of an underdeveloped market. Overall, inconsistent approach by regulators towards enforcing stricter and consistent penalties on defaulting entities continues to impact the overall efficacy of the mechanism.

Trading for the year started on an expected note with volumes being on the lower end. However, Supreme Court's judgement

wherein it uphold the applicability of RPO on open access and captive consumers resulted in significantly higher volumes during May, almost 4 times April's volume. The impact of the order though was short lived as volume for June came below expectation. Performance during second quarter remained fairly steady with volumes skewed towards lower end. Come third quarter and the demand again appeared to gather steam with the period witnessing double digit growth in each of the month. Volumes for December were 4 times higher than November reflective of the pick-up in momentum. December volume was primarily high given RERC's order.

Demand since the beginning of the year has remained firm. While volumes during March were expectedly on the higher side – demand more than doubled as compared to February. Volumes were also fairly higher during January and February. While the financial year ended on a strong footing any significant upside in terms of higher revenue generation from the mechanism is largely dependent on strict and consistent actions from regulatory bodies. With measures taken by the Centre and various SERC's, there is a fair amount of improvement in trading. This is likely to improve further in FY-17 with more stringent measures being taken.

SWOT Analysis

Strengths

Proven track record – The Company's past record demonstrates its capability and commitment towards executing projects of varying complexities. Backed by experienced, prudent and knowledgeable management the Company has grown its capacities multifold despite the presence of challenging external environment.

Diversified Portfolio – The Company has a well balanced portfolio with significant exposure in both wind and biomass business. The Company's portfolio comprises of quality assets with a variety of feedstocks, technological deployment and age. Further, with assets located across the Country the concentration risk is mitigated. Further, diverse offtake agreement for its projects offers additional source of diversification for the Company.

Renewable Energy is fastest growing energy source worldwide – According to reports, the planet is adding more power capacity from renewables annually than from coal, natural gas and oil combined. Increasing cost competitiveness of renewables following rapid technological advancements coupled with championing of clean energy by government across the globe are primary reasons for the rapid growth of renewables. In addition, growing acceptance of renewables as a smart alternative to conventional sources has also contributed to the growing popularity of renewables.

Weakness

Archaic infrastructure structure – The country's infrastructure level continues to remain frail owing to greater emphasis on generation and lesser attention being dedicated towards improving the supply side aspect. The obsolete transmission structure limits efficient transfer of power from remote wind farms to load centers. Further, weak transmission network also prohibits the movement of power from power surplus states to those in deficit in an optimum manner.

Stretched working capital cycle – The nature of the biomass business requires significant up front investment in feedstock at the time of harvest when it is abundantly available. This feedstock then needs to be stored and used throughout the year to run the plant at higher utilization levels to make the operation profitable. Further, the stretched financial position of State Electricity Boards and delayed payment of dues impacts the liquidity & cash flow position is dependent on timely receipt of its dues from, power exchanges and buyers of the power on a merchant basis. Any financial strain on these players will invariably result in lengthening its receivable cycle in turn having an adverse effect on its liquidity.

High Finance Cost – Pace of capacity expansion to a large extent depends on the level of interest rate in the economy. Elevated / high borrowing slows down the pace of overall asset addition / creation. Further, risk associated in terms of timely completion of project, low tariff environment, grid unavailability results in increasing the risk element of the project in turn leading to financial institution seeking higher risk premium for their investments.

Subject to vagaries of nature – Nature plays a large part regarding the performance of renewable energy assets due to its significant influence on output. The Company's performance in any given year is dependent on the weather conditions and availability of wind and feedstock.

Business viability subject to delays - Cost escalations on account of inordinate delays in land procurement, evacuation hurdles and inconsistent policy environment impacts project viability. The liquidity situation worsens owing to lengthening of execution cycle. Further, delays on the part of sub-contractor might further impact the viability of the project.

Opportunities

Untapped Potential - Despite the meteoric rise of renewables in the country, India maintains vast amount of untapped potential. As per reports, India has an estimated potential of 102.8 GW of wind, 22.5 GW of bio power (including biomass and bagasse co-generation) & 7.48 GW of solar energy. Further, with technological advancement lowering the cost of renewable energy generation the scope of tapping the opportunity profitably remains high. Demand scenario is likely to remain strong with pull from industrial and residential segment.

Reviving older assets – Enticed by the business opportunity and benefits bestowed on the sector, multiple firms in the past had tried to tap the opportunity but have been unsuccessful in their attempts leading to a number of assets getting stranded. Orient Green Power given its proficiency and experience post acquiring such assets can successfully revive some of them in turn resulting in improving overall profitability of the business.

Government Initiatives / Implementation of UDAY Scheme – Government’s decision to implement (Ujwal Discom Assurance Yojana) UDAY scheme is aimed towards addressing and reviving the performance of electricity distribution companies (discoms). State-owned discoms, due to their financial troubles, have been hesitant in entering into PPA with power producer in turn impacting the overall sector in general. Under UDAY, state governments will take over 75 per cent of the debt held by their discoms as of September 30, 2015. Half the debt will be taken over in 2015-16 and 25 per cent in 2016-17. The balance 25 per cent of the debt is to be serviced through state government-guaranteed bonds issued by the discoms.

Growing Opportunities – Demand for electricity in India, the fastest growing economy in the world at present is expected to remain strong with an ever increasing need for powering its industrial and urbanization activities. Based on predictions for India’s rocketing economic growth, annual electricity demand is expected to reach 5,000TWH by 2035. Further, with the Government also working towards accelerating industrialization to drive development, demand is expected to rise even further.

New Verticals – The Company does keep tabs of on-going developments and opportunities arising in within other renewable verticals namely Solar, Small Hydro and geothermal energy. Entering these segments at suitable time will help the Company to further diversify its business.

Threats

Frail financials of State Electricity Board (SEB) – Fragile health of SEB’s financials limit their ability to meet their commitment on time in turn impacting the Company’s receivable cycle. Persistent delays on part of SEB have to repay their dues affects company’s capex cycle with many of them becoming wary of increasing their capacities to such uncertainty. In addition, due to SEB’s weak financial position, much needed investments for modernization and expansion are also not being carried out.

Regulatory & Political risk – Business’ success and performance to a large extent depends on the regulatory & environmentally framework within which it functions. A stable and predictable environment helps the business formulate future strategies with confidence and work towards achieving them. Uncertain and unpredictable regulatory and political environment creates risk which could jeopardize the business’ actual performance against expectations.

Disruptive Technologies – Technological advancement is a double edged sword which offers better and efficient solutions for business on one hand while at the same time exposes them to the threat of having their existing technology run obsolete. Any delay on Company’s part towards instilling the same can affect the business.

Regulatory Emphasis – The success of renewable energy to a large extent depends on the support extended by Government. As a signatory to the Kyoto Protocol and with the responsibility of reducing its carbon emissions, the Government needs to ensure that economic development is undertaken in a supportive manner. This is the driving force behind the supportive and encouraging policies offered by the Government and the resolve to address some of the challenges in the sector. Some of the incentives offered include accelerated depreciation scheme, tax benefits and generation oriented scheme. Further, the Government continues to extend support for meeting its ambitious target of installing 175GW of renewable capacity by 2022 feasible.

Growing Competition – Besides the threat from existing peers, the business is also subject to successful advent of firms from unrelated areas. The new entrant may be backed by better technology, fuel sourcing agreement and may function in high tariff regions. Some of them may also be financially stronger than us and may reach or even exceed our size through purchase of assets. Increased completion can eat into the Company’s profitability and margin in the long run.

Human Resources

Human workforce plays a pivotal role is shaping the Company’s progress. Skilled and motivated employees are the key ingredient for driving transformation. The Company conducts multiple competency development programmes to prepare its work force to effectively manage fast paced changes in the

industry and build leaders to manage growth. It has established a framework targeted towards facilitating engagement and collaboration across diverse segments of its workforce.

The Company has also set up a performance driven environment for motivating employees and incentivizing them to upskill. As a part of the exercise, employees are offered a wide range of competency enhancement opportunities and assigned to roles that challenging suitable to their proficiencies while enabling continued growth.

The Company has also established a transparent working environment offering fair and just treatment to all. Besides it also offers mentorship programs which provide constant feedback and career guidance to help employee excel in work and realize their true potential. All of this has contributed to high employee engagement levels which have ensured a lower employee turnover ratio.

Internal Controls

The Company has adequate internal control measures commensurate with its size and business complexities. These are established to ensure accurate recording of financial and operational information, adherence to relevant statutes, protecting unauthorized use of assets and ensuring compliance of corporate policies.

It also has an effective audit committee in place which carefully scrutinizes audit reports submitted by the internal auditors. The committee is empowered to follow up and implement progressive measures to further elevate the standards of internal controls.

Further, proper delegation of power with clearly specified authority limits for approving revenue and expenditure. It has

also laid the foundation for reviewing and monitoring long term plans. The goal is to align its efforts and processes with best industry practices.

Management's Responsibility Statement

The management is responsible for making the Company's consolidated financial statements and related information mentioned in this annual report. It believes that these financial statements fairly reflect the form and substance of transactions, and reasonably represents the company's financial condition and results of operations in conformity with Indian Generally Accepted Accounting Principles.

Safe Harbour

Some of the statements in this Annual Report that are not historical facts are forward looking statements. These forward looking statements include our financial and growth projections as well as statements concerning our plans, strategies, intentions and beliefs concerning our business and the markets in which we operate. These statements are based on information currently available to us, and we assume no obligation to update these statements as circumstances change. There are risks and uncertainties that could cause actual events to differ materially from these forward looking statements. These risks include, but are not limited to, the level of market demand for our services, the highly competitive market for the types of services that we offer, market conditions that could affect our services, our ability to create, acquire and build new businesses and to grow our existing businesses, our ability to attract and retain qualified personnel, currency fluctuations and market fluctuations in India and elsewhere around the world, and other risks not specifically mentioned herein but those that are common to any industry.

Report on Corporate Governance

The Directors Report on Compliance of the Corporate Governance is given below.

Philosophy on Code of Corporate Governance:

The company firmly believes and has consistently practiced good corporate governance. In OGPL, we believe that good governance is a systemic process which enables the Company to operate in a manner that meets with the ethical, legal and business expectations and at the same time fulfils its social responsibilities. The company's policy is reflected by the very values of transparency, professionalism and accountability. The company constantly strives towards betterment of these aspects and thereby perpetuate it into generating long term economic value for its shareholders, customers, employees, other associated persons and the society as a whole

Board of Directors

Composition and category of Directors as of March 31, 2016 is as follows:

The Company has a very balanced and diverse Board of Directors, which primarily takes care of the business needs and stakeholders' interest.

The Company's Board members are from diverse backgrounds with skills and experience in critical areas like manufacturing, global finance, taxation banking, entrepreneurship, and general management. Many of them have worked extensively in senior management positions with a deep understanding of the global business environment. The Board reviews its strength and composition from time to time to ensure that it remains aligned with the statutory, as well as business requirements

The composition of the Board also complies with the provisions of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The total Board strength comprises of the following:

Executive Director	Non-Executive & Non-Independent Director	Independent Director	Total Strength
1	5	5	11

None of the Directors have any inter-se relation among themselves and any employees of the Company.

Directors are appointed or re-appointed with the approval of the shareholders and shall remain in office in accordance with the retirement policy laid down by the Board from time-to-time. The Managing Director(s) and all the Non-executive Directors (except Independent Directors) are liable to retire by rotation unless otherwise specifically approved by the shareholders.

Profile of Directors:

The brief profile of Directors is given below:

1. Mr. N. Rangachary (Chairman, Non-Executive Independent Director)

Mr.N.Rangachary is an independent Director of our Company and the Chairman of our Board. He was appointed as the Chairman and Independent Director of our Company on March 27, 2010 .He is a fellow member of the Institute of Chartered Accountants of India, the Institute of Cost Accountants of India, and Institute of Company Secretaries of India. In the past, he has served as the Chairman of Central Board of Direct Taxes and Chairman of the IRDAI. He has also served as the Advisor to the Government of Andhra Pradesh on Finance. He was a member of the Expert Committee on General Anti-Avoidance Rules (GAAR) and headed the Committee to Review Taxation of Development Centres and the IT Sector, a high level committee set up by the Prime Minister in the year 2012 for bringing clarity on taxation issues, pertaining to the information technology sector and development-related center.

Mr. N. Rangachary does not hold any equity shares of the Company and he is not related to any Director or Employee of the Company.

2. Mr. T. Shivaraman (Non-Executive Vice-Chairman, Non-Independent Director)

Mr. T. Shivaraman, was appointed as the Director of our Company on January 28, 2010 and as our Non-Executive Vice Chairman on March 27, 2010. He has been associated with our Company since the date of its incorporation. He has a bachelor's degree and a master's degree in chemical engineering from Indian Institute of Technology, Madras. He has about 23 years of experience in plant operations and project engineering. He is currently also the Managing Director and the Chief Executive Officer of SEPC. He was responsible for taking SEPC public in 2008 with a market capitalisation of Rs 12,680 million. He was responsible for finalising joint ventures with Hamon Shriram Cottrell Private Limited, 'Cie' and 'Leitner Technologies', among others. Mr. T. Shivaraman was one of the founders of our Company. Prior to joining SEPC, he was associated with ICI India Limited.

Mr. T. Shivaraman holds 133,500 equity shares of the Company and he is not related to any Director or Employee of the Company.

3. Mr. P. Krishnakumar (Non-Executive, Non-Independent Director)

Mr. P. Krishnakumar, is Non- Executive Director of the Company. He is a mechanical engineer with about 30 years of industrial experience in sales and marketing and international business development and as the 'Profit Centre Head' of business units. Prior to joining our Company he was associated with the Murugappa Group for about 20 years. Further, immediately

prior to be associated with our Company, he served as the Managing Director of Hoesch Pipe Mills (Nig.) Limited, Lagos, Nigeria, a part of the 'Comcraft Group'. Presently he is the Managing Director of M/s. Leitwind Shriram Manufacturing Limited, one of our Group Companies.

Mr. P. Krishnakumar joined our Board in 04 June, 2008. He holds 30,000 equity shares of the Company and he is not related to any Director or Employee of the Company.

4. Mr. S. Srinivasan (Non- Executive, Non-Independent Director)

Mr. S. Srinivasan has been our Director since February 13, 2012. He is a Mechanical Engineer with a MBA from IRMA, Anand. He is also a Cost & Management Accountant. He has overall business experience of about 23 years. Prior to joining Shriram Group, he was the Head of Global emerging Market for Mylan Inc., USA, one of the world's largest Generic Pharmaceutical Companies and was also Managing Director and Chief Executive Officer of Matrix Laboratories Limited, Indian subsidiary of Mylan Inc. He also played a key role in the rapid growth achieved by Matrix, organically as well as through Mergers and Acquisitions.

S. Srinivasan holds 1000 equity shares of the Company and he is not related to any Director or Employee of the Company.

5. Mr. Himraj Dang (Non-Executive Equity Investor Director representing M/s. Olympus Capital Holdings Asia, Non- Independent Director)

Mr. Himraj Dang, is a Partner of Asia Environmental Partners. He has more than 15 years of international experience working in project and structured finance, infrastructure development, renewable energy, environmental issues, carbon finance, and private equity. *Includes Directorship in the Companies incorporated under the Companies Act, 1956/2013.

**Only membership in Audit Committee and Share Transfer and Investors' Grievance Committee are considered.

None of the Directors is a Director in more than 10 Public Limited Companies or acts as an Independent Director in more than 7 Listed Companies. Further, none of the Director acts as a member of more than 10 committees or acts as a chairman of more than 5 committees across all Public Limited Companies in which he is a Director.

The Independent Directors have confirmed that they satisfy the 'criteria of independence' as stipulated in the Regulation 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Separate Meeting of Independent Directors:

As stipulated by the Code of Independent Directors under the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, a separate meeting of the Independent Directors of the Company was held on 27 May, 2015 to review the performance of the Company and also to review the performance of the Non-independent Directors and the Board as whole. The Independent Directors also reviewed the quality, content and timeliness of the flow of information between the Management and the Board and its Committees which is necessary to effectively and reasonably perform and discharge their duties.

Familiarization Programme for Independent Directors:

The Board members of Orient Green Power Company Ltd (Independent and Non-Independent) are afforded every opportunity to familiarize themselves with the Company, its management and its operations and above all the Industry perspective & issues. They are made to interact with senior management personnel and are given all the documents sought by them for enabling a good understanding of the Company, its various operations and the industry of which it is a part. In addition to the above, the Company has a web based information portal which is available to all Directors. This has sections on Company matters; Laws & Regulations;

Company's quarterly progress on various operating units and projects under construction, etc.

The Company will impart Familiarization Programmes for new Independent Directors inducted on the Board of the Company. The Familiarization Programme of the Company will provide information relating to the Company, wind energy / renewable energy industry, business model of the Company, geographies in which Company operates, etc. The programme also intends to improve awareness of the Independent Directors on their roles, rights, responsibilities towards the Company. Further, the Familiarization Programme should also provide information relating to the financial performance of the Company and budget and control process of the Company. The Managing Director or such other authorized officer(s) of the Company shall lead the Familiarization Programme on aspects relating to business / industry. The Chief Financial Officer or such other authorized officer(s) of the Company may participate in the programme for providing inputs on financial performance of the Company and budget, control process, etc.

Evaluation of the Board's Performance:

During the year, the Board adopted a formal mechanism for evaluating its performance and as well as that of its Committees and individual Directors, including the Chairman of the Board. The exercise was carried out through a structured evaluation process covering various aspects of the Boards functioning

such as composition of the Board & committees, experience & competencies, performance of specific duties & obligations, governance issues etc. Separate exercise was carried out to evaluate the performance of individual Directors including the Board Chairman who were evaluated on parameters such as attendance, contribution at the meetings and otherwise, independent judgement, safeguarding of minority shareholders interest etc.

The evaluation of the Independent Directors was carried out by the entire Board and that of the Chairman and the Non-Independent Directors were carried out by the Independent Directors.

The Directors were satisfied with the evaluation results, which reflected the overall engagement of the Board and its Committees with the Company.

Code of Conduct:

The Board of Directors has laid down a Code of Conduct for Business and Ethics (the Code) for all the Board members and all the employees in the management grade of the Company. The Code covers amongst other things the Company's commitment to honest & ethical personal conduct, fair competition, corporate social responsibility, sustainable environment, health & safety, transparency and compliance of laws & regulations etc. The Code of Conduct is posted on the website of the Company www.orientgreenpower.com.

All the Board members and senior management personnel have confirmed compliance with the code. A declaration to that effect signed by the Managing Director & CEO is attached and forms part of the Annual Report of the Company.

Prevention of Insider Trading Code:

As per SEBI (Prohibition of Insider Trading) Regulation, 1992, the Company has adopted a Code of Conduct for Prohibition of Insider Trading. All the Directors, employees at Senior Management and other employees occupies the position as an officer or an employee of the company or holds a position involving a professional or business relationship between himself and the company whether temporary or permanent and who may reasonably be expected to have an access to unpublished price sensitive information are governed by this code.

The trading window is closed during the time of declaration of results and occurrence of any material events as per the code. The Company has appointed Mr. P. Srinivasan, Company Secretary as Compliance Officer, who is responsible for setting forth procedures and implementation of the code for trading in Company's securities. During the year under review there has been due compliance with the said code.

Whistle Blower Policy:

The Company believes in the conduct of its affairs and that of its constituents in a fair and transparent manner by adopting

highest standards of professionalism, honesty, integrity and ethical behaviour. Towards this end, The Company has formulated the personnel policies that should govern the actions of the Company, its constituents and their employees. Any actual or potential violation of the policy, howsoever insignificant or perceived as such, would be a matter of serious concern for the Company. The role of the employees in pointing out such violations of the policy cannot be undermined.

All Employees of the Company are eligible to make Protected Disclosures under the Policy. The Protected Disclosures may be in relation to matters concerning the Company.

All Protected Disclosures should be addressed to the Chairman of the Audit Committee of the Company. The contact details of the Chairman of the Audit Committee are as under:

**The Chairman
Audit Committee
Orient Green Power Company Limited
4th Floor, "Sigapi Achi Building"
18/3, Rukmani Lakshminpathi Road
Egmore
Chennai 600 008**

INDEPENDENT AUDITORS' CERTIFICATE ON COMPLIANCE WITH THE CONDITIONS OF CORPORATE GOVERNANCE UNDER SCHEDULE V (E) OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015)

TO THE MEMBERS OF ORIENT GREEN POWER COMPANY LIMITED

1. We have examined the compliance of conditions of Corporate Governance by ORIENT GREEN POWER COMPANY LIMITED ("the Company"), for the year ended on 31 March 2016, as stipulated in:
 - Clause 49 (excluding clause 49(VII)(E)) of the Listing Agreements of the Company with stock exchange(s) for the period from April 01, 2015 to November 30, 2015.
 - Clause 49(VII)(E) of the Listing Agreements of the Company with the stock exchange(s) for the period from April 01, 2015 to September 01, 2015.
 - Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations) for the period from September 02, 2015 to March 31, 2016 and
 - Regulations 17 to 27 (excluding regulation 23(4)) and clauses (b) to (i) of regulation 46(2) and para C, D and E of Schedule V of the Listing Regulations for the period from December 01, 2015 to March 31, 2016.
2. The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
3. We have examined the relevant records of the Company in accordance with the Generally Accepted Auditing Standards in India, to the extent relevant, and as per the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India.
4. In our opinion and to the best of our information and according to our examination of the relevant records and the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the Listing Agreement and regulation 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C, D and E of Schedule V of the Listing Regulations for the respective periods of applicability as specified under paragraph 1 above, during the year ended March 31, 2016.
5. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ORIENT GREEN POWER COMPANY LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of ORIENT GREEN POWER COMPANY LIMITED ("the Company"), which comprise the Balance Sheet as at 31 March, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, as applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order under section 143 (11) of the Act.

We conducted our audit of the Standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the

auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2016, and its loss and its cash flows for the year ended on that date.

Emphasis of Matters

Attention is invited to the following matters:

(i) As stated in Note 32(i) of the Standalone Financial Statements, the Company and its subsidiaries have been facing certain financial difficulties and have not been able to meet their obligations to lenders in time. The Management is in discussions with the lenders to restructure the loans and revamp its operations.

Further, as part of its efforts to turn around the operations, as stated in Note 33.1 of the Standalone Financial Statements, the Management is also undertaking a restructuring exercise wherein effective 1 April 2015, Bharath Wind Farm Limited, a wholly owned subsidiary is proposed to be Amalgamated with the Company and effective 1 October 2015, the identified Biomass undertaking of the Company is to be demerged to Biobijlee Green Power Limited, which will cease to be a subsidiary of the Company upon the scheme becoming effective, subject to approvals from the Honourable High Court of Judicature at Madras/other stakeholders, which is awaited.

(ii) Some of the biomass plants of the subsidiaries of the Company were not in regular operations during the

year and have been incurring continuous losses. The carrying value of the investments and loans in such subsidiaries where the networth is eroded aggregate to Rs. 267,156,326 & Rs. 350,137,309, respectively (net of provisions) as at 31 March, 2016. As stated in Note 32(ii) of the standalone financial statements, the Management, taking into account the aforesaid / proposed restructuring referred to in paragraph (i) above, the future business prospects and the strategic nature of the investments, believes that no further impairment to the investments and loans and advances to such subsidiaries is expected at this stage.

Our opinion is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, as applicable.
 - (e) On the basis of the written representations received from the directors as on 31 March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred during the year to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ORIENT GREEN POWER COMPANY LIMITED** ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) In respect of its fixed assets:
- The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - Some of the fixed assets were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed/ transfer deed provided to us, we report that, the title deeds, as made available to us, comprising all the immovable properties of land and buildings, are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc., (pledged as a security for the outstanding bank dues) are held in the name of the Company based on the confirmations directly received by us from lenders/ parties.
- (ii) According to the information and explanations given to us, the inventories were physically verified during the year by the Management at reasonable intervals, duly considering the technical assessment of a surveyor appointed by the Management and no material discrepancies were noticed on physical verification.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.

- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

Based on the information and explanations provided to us, Section 186 of the Companies Act, 2013 is not applicable to the Company.

- (v) According to the information and explanations given to us, the Company has not accepted any deposit from the public and hence reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 for electricity generation for the company. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues;
- The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
 - There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Cess and other material statutory dues in arrears as at 31 March, 2016 for a period of more than six months from the date they became payable.
 - Details of dues of Income Tax which have not been deposited as on 31 March, 2016 on account of disputes are given below:

Name of the Statute	Nature of Dues	Forum where the Dispute is pending	Period to which the amount relates (Financial year)	Amount involved (Rs.)	Amount unpaid (Rs.)
Income Tax Act, 1961	Income Tax	The Commissioner of Income tax, Appeals	2009-10*	20,266,690	20,266,690

*The amount has been adjusted *suo-moto* by the Income Tax Department with the refund for other financial years.

Also Refer Note 11.1 of the standalone financial statements

(viii) In our opinion and according to the information and explanations given to us, the details of defaults in the repayment of borrowings to banks as at 31 March 2016 are given below:

Particulars of Dues to Banks (Also Refer Note 11.3 of the standalone financial statements)	Amount of default of repayment (Rupees)		Period of default
	Principal	Interest (Including Penal Interest)	
State Bank of India	94,680,289	-	April 2015 to March 2016
State Bank of India	-	13,496,626	September 2015 to March 2016
Yes Bank	21,153,846	2,184,889	March 2016

The Company has not availed any loans/ borrowings from financial institutions, government and has not issued any debentures. Also refer our comments in paragraph (i) of the Emphasis of Matters paragraph in the auditors report.

(ix) According to the information and explanations provided to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans during the year and there were no moneys raised by way of initial public offer or further public offer (including debt instruments) or term loan in the prior years which remained unutilized as at 1 April, 2015. Accordingly, reporting under clause (ix) of the CARO 2016 Order is not applicable.

(x) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi) In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration for the year ended 31 March 2016 in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013. In respect of the managerial remuneration paid for the year ended 31 March 2014, the details are given below:

Managerial Position	Excess amount of remuneration paid (Rs.)	Financial year ended	Treatment of the excess remuneration in the respective year financial statements	Remarks
T. Shivaraman (Vice chairman)	1,200,000	2013-14	Treated as expense in the financial statements for the FY 2013-14.	Pursuant to the Company's application in Form MR2 to Central Government for waiver of the excess remuneration paid by the Company, the authorities asked the Company to provide a shareholders approval for waiver of the excess remuneration paid. The approval of the shareholders was obtained on 14 September 2015 and the same has been informed by the Company to the Central Government, the response for which is awaited.

(xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 188 and 177 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) According to the information and explanations given to us, the Company has made preferential allotment of equity shares during the year under audit.

In respect of the above issue, we further report that:

- the requirement of Section 42 of the Companies Act, 2013, as applicable, have been complied with; and
- the amounts raised have been applied by the Company during the year for the purposes for which the funds

were raised, other than temporary deployment pending utilisation.

(xv) In our opinion and according to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with him and, hence, provisions of section 192 of the Companies Act, 2013 are not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ORIENT GREEN POWER COMPANY LIMITED

Notes forming part of the Standalone Financial Statements for the year ended 31 March, 2016

1 Corporate Information

Orient Green Power Company Limited (OGPCL) was incorporated in the year 2006 to carry on the business of investment, ownership and operation in renewable energy areas like biomass power, mini hydel, wind power, biogas power and biofuels.

2 Significant Accounting Policies

2.1 Basis of Accounting and Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"). The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year. Also Refer Note 33.

2.2 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Inventories

Raw materials and stores and spares are valued at lower of cost and net realizable value. Cost is determined on a weighted average basis and includes all direct cost incurred in bringing such inventories to their present location and condition.

Due allowance is made to the carrying amount of inventory based on Management's assessment/technical evaluation and past experience of the Company duly taking into account its age, usability, obsolescence, expected realisable value etc.

2.4 Cash and Cash Equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an

original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.5 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.6 Depreciation and Amortisation

Depreciation on fixed assets is provided pro-rata for the periods of use on the straight-line method at the rates specified in Schedule II to the Companies Act, 2013 except in respect of certain assets mentioned below which are provided for at the rates based on the estimated useful lives of the assets, as determined by the Management:

- Plant and Equipment treated as Continuous Process Plants based on technical evaluation done by the Management are depreciated over a period of 19 years duly considering the nature of the plants and technical assessment.

- Plant and Equipment in the nature of transmission facilities are depreciated over a period of 21 years considering the nature of the facilities and technical evaluation.

- Individual assets costing less than Rs. 5,000 each are depreciated in the year of purchase considering the type and usage pattern of these assets.

Leasehold improvements are depreciated over the primary lease period.

Buildings and Plant and Machinery on land/plant obtained on a lease arrangement are depreciated over the Term of the arrangement.

Depreciation is accelerated on fixed assets, based on their condition, usability, etc. as per the technical estimates of the Management, where necessary.

2.7 Revenue Recognition

Sale of Power

Revenue from the sale of power is recognised on the basis of the number of units of power exported, in accordance with joint meter readings undertaken on a monthly basis by representatives of the State Electricity Board and the Company, at rates agreed upon with customers and when

ORIENT GREEN POWER COMPANY LIMITED

Notes forming part of the Standalone Financial Statements for the year ended 31 March, 2016

there is no uncertainty in realising the same. Transmission, System Operating and Wheeling/Other Charges payable to State Electricity Boards on sale of power is reduced from Revenue.

Renewable Energy Certificate (REC) Income

Income arising from REC is initially recognised in respect of the number of units of power exported at the minimum expected realisable value, determined based on the rates specified under the relevant regulations duly considering the entitlements as per the policy, industry specific developments, Management assessment etc and when there is no uncertainty in realising the same. The difference between the amount recognised initially and the amount realised on sale of such REC's at the Power Exchange are accounted for as and when such sale happens.

2.8 Other Income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.9 Tangible Fixed Assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets comprises the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable) and includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till the project is ready for its intended use.

Any part or components of fixed assets which or separately identifiable and expected to have a useful life which is different from that of the main assets are capitalised separately, based on the technical assessment of the management.

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

2.10 Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any.

2.11 Foreign Currency Transactions and Translations and Forward Contracts

Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

Foreign currency monetary items of the Company at the Balance Sheet date are restated at the year-end rates.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

Accounting for Forward Contracts

The Company enters into forward exchange contracts and other instruments that are in substance a forward exchange contract to hedge its risks associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract (other than for a firm commitment or a highly probable forecast transaction) or similar instrument is amortized as expense or income over the life of the contract. Exchange differences on such a contract are recognized in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation of such a contract is recognized as income or expense for the year.

2.12 Government Grants

Government grants and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants/subsidies will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve.

ORIENT GREEN POWER COMPANY LIMITED

Notes forming part of the Standalone Financial Statements for the year ended 31 March, 2016

Other government grants and subsidies which are of revenue nature are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

2.13 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

2.14 Employee Benefits

Defined contribution plans

The Company's contribution to State Governed provident fund scheme, Employee State Insurance scheme and Employee pension scheme are considered as defined contribution plans and expenses are recognized in the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

The Company accrues for liability towards Gratuity which is a defined benefit plan. The present value of obligation under such defined benefit plan is determined based on actuarial valuation as at the balance sheet date, using the Projected Unit Credit Method.

Actuarial gains and losses are recognized in the statement of profit and loss in the period in which they occur.

Long term employee benefits

The Company accounts for its liability towards long term compensated absences based on the actuarial valuation done as at the Balance Sheet date by an independent actuary using the Projected Unit Credit Method.

Short term Employee Benefits

Short term employee benefits at the Balance Sheet date, including short term compensated absences, are recognized as an expense as per the Company's scheme based on expected obligations on an undiscounted basis.

2.15 Borrowing Costs

Borrowing costs include interest and amortisation of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the

period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

2.16 Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

Where the Company as a lessor leases assets under finance leases, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is recognised based on a constant rate of return on the outstanding net investment.

Assets leased by the Company in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

2.17 Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the

ORIENT GREEN POWER COMPANY LIMITED

Notes forming part of the Standalone Financial Statements for the year ended 31 March, 2016

proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/reverse share splits and bonus shares, as appropriate.

2.18 Taxes on Income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward of losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

2.19 Impairment of Assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

(a) an intangible asset that is not yet available for use; and

(b) an intangible asset that is amortised over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

2.20 Provisions and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

2.21 Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.22 Derivative Contracts

The Company enters into derivative contracts in the nature of foreign currency swaps, currency options, forward contracts etc. with an intention to hedge its existing assets and liabilities, firm commitments and highly probable transactions in foreign currency. Derivative

ORIENT GREEN POWER COMPANY LIMITED

Notes forming part of the Standalone Financial Statements for the year ended 31 March, 2016

contracts which are closely linked to the existing assets and liabilities are accounted as per policy stated in foreign currency transactions and translations and forward contracts. Refer Note 2.11 above.

Other derivative contracts are marked to market and losses, if any, are recognized in the Statement of Profit

and Loss. Gains arising on the same are not recognized until realised on the grounds of prudence.

2.23 Service Tax Input Credit

Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

3 Share Capital

Amount in ₹

Particulars	As at 31 March, 2016		As at 31 March, 2015

- Amount in Rupees	5,680,782,490	-	5,680,782,490

*During the current year ended 31 March, 2016, pursuant to the approval of shareholders at the Extra ordinary General Meeting held on 14 September, 2015, the Company has issued and allotted an aggregate of 171,721,426 Equity shares of Rs.10 each at a price of Rs.14.56 per share (Inclusive of a premium of Rs.4.56 per equity share) on preferential allotment basis to various parties. Such Preferential shares shall rank *pari passu* in all respects including, as to dividend, with existing fully paid up equity shares of face value of Rs.10 each and shall also be subject to lock-in, in accordance with the provisions of SEBI (Issue of Capital and Disclosure Requirements) Regulations. Also Refer Note 38.

(ii) Terms and Rights attached to Equity Shares

- The Company has only one class of equity shares having a par value of Rs.10 each. Each shareholder of equity shares is entitled to one vote per share. Dividend proposed by the Board of Directors, if any, is subject to the approval of the Shareholders in the ensuing Annual General Meeting, except in the case of interim dividend. Dividend amounts, if any, will be paid in Indian Rupees.
- Repayment of capital will be in proportion to the number of equity shares held.

Total	441,822,257	472,013,618

Notes:

11.1 Tamil Nadu Tax on Consumption & Sale of Electricity Act 2003 requires the companies to pay Electricity tax at the specified rates in respect of all the third party sales made. Such levy under the Act was represented by the Indian Biomass Association to the concerned authorities for waiver and the Company had also filed a petition before the Honourable Supreme Court of India disputing the levy. Pending the decision, a liability of Rs.41,435,837 was carried as at 31 March, 2015 on grounds of prudence in respect of third party sales and included as part of statutory remittances payable. Pursuant to the slump sale of the Pollachi Plant to one of the subsidiaries of the Company (GGPPL) and the consequent transfer of the assets and liabilities relating to the plant during the current year ended 31 March 2016, there are no amounts outstanding in this regard in the Company's books. Also Refer Note 33.2.

11.2 As at 31 March, 2016 and 31 March, 2015, there are no amounts due and payable to Investor Education and Protection fund.

ORIENT GREEN POWER COMPANY LIMITED

Notes:

- (i) The loans shall be repaid in one or more installments not later than 31 March 2019 or such other time as the parties may mutually agree upon from time to time. Interest is charged in respect of those subsidiaries which are not wholly owned subsidiaries.
- (ii) As at 31 March 2016 and 31 March 2015, there are no parties, firms or companies in which directors are interested as defined under Section 188 of the Companies Act, 2013.

ORIENT GREEN POWER COMPANY LIMITED

Notes forming part of the Standalone Financial Statements for the year ended 31 March, 2016

32 Management's assessment of restructuring and carrying value of investments/loans

- (i) The Company and its subsidiaries have been facing certain financial difficulties and have not been able to meet their obligations to lenders in time (Refer Note 11.3 of the standalone financial statements). The Management is in discussions with the lenders to restructure the loans and revamp its operations.

Further, as part of its efforts to turn around the operations, as stated in Note 33.1 of the standalone financial statements, the Management is also undertaking a restructuring exercise wherein Bharath Wind Farm Limited, a wholly owned subsidiary is proposed to be Amalgamated with the Company effective 1 April, 2015 and effective 1 October, 2015, the identified Biomass undertaking of the Company is to be demerged to Biobijlee Green Power Limited, which will cease to be a subsidiary of the Company upon the scheme becoming effective, subject to approvals from the Honourable High Court of Judicature at Madras/other stakeholders, which is awaited.

- (ii) Some of the biomass plants of the subsidiaries of the Company were not in regular operations during the year and have been incurring continuous losses. The carrying value of the investments and loans in such subsidiaries where net worth is eroded aggregate to Rs. 267,156,326 & Rs. 350,137,309, respectively (net of provisions) as at 31 March, 2016. The Management, taking into account the aforesaid / proposed restructuring referred to in Note 33.1, the future business prospects and the strategic nature of the investments, believes that no further impairment to the investments and loans and advances to such subsidiaries is expected at this stage.

33 Discontinuing Operations

33.1 During the year, the Board of Directors of the Company, at their meeting held on 13 June, 2015, has approved the Draft Composite Scheme of Arrangement and Amalgamation between Orient Green Power Company Limited and Bharath Wind Farm Limited (BWFL) and Biobijlee Green Power Limited (BGPL) and their respective shareholders (the Draft Scheme) as per which:

- (a) BWFL, a wholly owned subsidiary of the Company, will get amalgamated with the Company effective 1 April, 2015 and
- (b) the identified biomass undertaking of the Company (including the Unit/Subsidiaries referred to in Notes 33.2 and 33.3 below) will get demerged to BGPL, a subsidiary of the Company, effective 1 October, 2015, subject to the required approvals from the Honorable High Court of Judicature at Madras which are in the process of being obtained. Upon receipt of the approvals, BGPL will cease to be a subsidiary of the Company and will seek necessary approvals to list its shares at the recognised stock exchanges in India. The substance of this demerger arrangement is in the nature of application and reduction of Securities Premium Account as per the provisions of Section 52 of Companies Act, 2013 read with Sections 100 to 103 of the Companies Act, 1956. The details of the identified biomass undertaking, which has been disclosed as discontinuing operations in the standalone financial statements for the year ended 31 March, 2016, are given below:

Carrying amount of assets as at the balance sheet date relating to the discontinuing business to be disposed off	961,734,299	1,342,561,623
Carrying amount of liabilities as at the balance sheet date relating to the discontinuing business to be settled	660,430,153	634,062,461

Note

(i): With respect to the Kolhapur plant, as per the arrangement with the party, with whom an agreement has been entered into by the Company for developing a Co-generation Facility at the party's sugar mill, the fuel for the generation of the power from the Plant would be supplied by the party's sugar factory at the cost agreed to between the parties. Out of the generation, a fixed proportion of power has to be supplied free of cost to the party in lieu of the land and other facilities provided by them and the fuel supplied by them based on the agreed rates. The balance units gets sold externally.

Pursuant to the above arrangement, the Company has procured fuel for an amount of Rs. 71,135,370 (an amount of Rs.58,628,008 during 2014-15) from the party and the same has been accounted as part of the purchases during the current year. The units generated and sold externally during the year is 43,854,822 Kwh (5,782,582 Kwh units during 2014-15) units for an amount of Rs. 283,411,581 (an amount of Rs. 34,953,288 during 2014-15) which is included as part of Sale of Power for the Year Ended 31 March 2016. Further, the Company has supplied 12,132,184 Kwh units (7,557,850 Kwh units during 2014-15) of free power to the party which is non-monetary in nature being the extent of units generated and supplied free of cost.

(ii) Based on the assessment of the carrying value of those assets, an amount of Rs. 343,976,597 is recorded as provision towards impairment of assets and has been included as part of the exceptional items disclosed in Note 33.1.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF ORIENT GREEN POWER COMPANY LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **ORIENT GREEN POWER COMPANY LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, comprising of the Consolidated Balance Sheet as at 31 March, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, as applicable. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements

and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at 31 March, 2016, and their consolidated loss and their consolidated cash flows for the year ended on that date.

Emphasis of Matters

Attention is invited to the following matters:

- i. As stated in Note 32 of the consolidated financial statements, some of the biomass plants of the Group were not in regular operations during the year and have been incurring continuous losses resulting in the Holding Company and its subsidiaries facing certain financial difficulties and not being able to meet their obligations to lenders in time. The Management is in discussions with the lenders to restructure the loans and revamp its operations.

In addition, as part of its efforts to turn around the operations, as stated in Note 33.1 of the consolidated financial statements, the Management is also undertaking a restructuring exercise wherein effective 1 April, 2015 Bharath Wind Farm Limited, a wholly owned subsidiary

is proposed to be Amalgamated with the Holding Company and effective 1 October, 2015 the identified Biomass undertaking of the Company is to be demerged to Biobijlee Green Power Limited, which will cease to be a subsidiary of the Company upon the Scheme becoming effective, subject to approvals from the Honourable High Court of Judicature at Madras/other stakeholders, which is awaited.

- ii. Attention is invited to Note 15(i) of the Consolidated Financial Statements, regarding the deferral of Phase III of the windmill project in one of the subsidiaries namely, Beta Windfarm Private Limited ("Beta"), due to delay in sanctioning of loans by the consortium of bankers and the Management is in the process of organizing fresh loans for this project. Beta has extended capital advances aggregating to Rs. 490,860,107 to various third parties towards this project and the utilization of the same would depend on the execution of the project in the future.

Our opinion is not modified in respect of the above matters.

Other Matter

We did not audit the financial statements of 19 subsidiaries, whose financial statements reflect total assets of Rs. 8,849,209,123 as at 31 March, 2016, total revenues of Rs. 1,249,472,032 and net cash flows amounting to Rs. 131,737,015 for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of loss of Rs. 15,051 for the year ended 31 March, 2016, as considered in the consolidated financial statements, in respect of two associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.

- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, as applicable.
- On the basis of the written representations received from the directors of the Holding Company as on 31 March, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and associate company incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on 31 March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our Report in "Annexure A", which is based on the auditors' reports of the Holding company, subsidiary companies and associate company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Holding company's, subsidiary company's and associate company's incorporated in India internal financial controls over financial reporting.
- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associates.
 - Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund during the year by the Holding Company, its subsidiary companies and associate company incorporated in India.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of consolidated financial statements of the Group as of and for the year ended 31 March, 2016, we have audited the internal financial controls over financial reporting of **ORIENT GREEN POWER COMPANY LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiary companies and its associate company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and an associate company, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the

internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us the Holding Company, its subsidiary companies and its associate company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016 based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial

Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 16 subsidiary companies and , an associate company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

1 Corporate Information

Orient Green Power Company Limited ("the Company"), its subsidiaries (together "the Group") and its associates are engaged in the business of generation and sale of power using renewable energy sources like biomass, mini hydel, wind, biogas and biofuels.

2 Basis of Consolidation and Significant Accounting Policies

2.1 Basis of Accounting

The consolidated financial statements of the Group have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"). The consolidated financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year.

2.2 Principles of Consolidation

The consolidated financial statements relate to the Company, its subsidiary companies and the Group's share of profit/loss in its associates. The consolidated financial statements have been prepared on the following basis:

The financial statements of the subsidiary companies and its associates used in the consolidation are drawn upto the same reporting date as that of the Company i.e., 31 March, 2016.

The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating material intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.

The consolidated financial statements include the share of profit / loss of the associate companies which have been accounted for using equity method as per Accounting Standard (AS) 23 Accounting for Investments in Associates in Consolidated Financial Statements. Accordingly, the share of profit/ loss of each of the associate companies (the loss being restricted to the cost of investment) has been added to / deducted from the cost of investments.

The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made,

is recognised as 'Goodwill on consolidation' being an asset in the consolidated financial statements. On the other hand, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve on consolidation' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.

Minority Interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit / loss for the year of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company. The excess of losses, if any, applicable to the minority in consolidated subsidiaries over the minority interest in the equity of those subsidiaries, and any further losses applicable to the minority, are adjusted against the majority interest except to the extent that the minority has a binding obligation to, and is able to, make good the losses.

Goodwill arising on consolidation is not amortised but tested for impairment. Also Refer Note 37.

In case of sale by the Company of full or part of its investment in a subsidiary to a third party, gain or losses representing the difference between the sale consideration and the proportionate net carrying value at the time of sale are recognised in the Statement of Profit and Loss as and when such sale is made.

Gains or losses arising from dilution of interest by a subsidiary by way of issue of shares to third parties are recorded as capital reserve on consolidation.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances are presented to the extent possible, in the same manner as the Company's separate financial statements (contd.).

2.3 Use of Estimates

The preparation of the consolidated financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.4 Inventories

Raw materials and stores and spares are valued at lower of cost and net realizable value. Cost is determined on a weighted average basis and includes all direct cost incurred in bringing such inventories to their present location and condition.

Due allowance is made to the carrying amount of inventory based on Management's assessment/technical evaluation and past experience of the Group duly taking into account its age, usability, obsolescence, expected realisable value etc.

Stores, consumables and chemicals and Windmill spares are valued at lower of cost and net realisable value. Cost is determined on weighted average basis.

Inventories of CERs are recognized at lower of cost and net realizable value. Also Refer Note 38.

2.5 Cash and Cash Equivalents (for the purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.6 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

2.7 Depreciation and Amortisation

Depreciation on fixed assets is provided pro-rata for the periods of use on the straight-line method at the rates specified in Schedule II to the Companies Act, 2013 except in respect of certain assets mentioned below which are provided for at the rates based on the estimated useful lives of the assets, as determined by the Management:

- Certain Plant and Equipment in the Biomass plants of the Group, treated as Continuous Process Plants based

on Management's assessment are depreciated over a period of 19 years duly considering the nature of the plants and technical assessment.

- Plant and Equipment in the nature of transmission facilities are depreciated over a period of 21 years considering the nature of the facilities and technical evaluation.

- Individual assets costing less than Rs. 5,000 each are depreciated in the year of purchase considering the type and usage pattern of these assets.

Leasehold improvements and cost of land obtained on lease are depreciated over the lease period. Buildings and Plant and Machinery on land obtained on a lease arrangement are depreciated over the Term of the arrangement.

Intangible assets are amortized over its estimated useful life or 10 years, whichever is lower.

Depreciation is accelerated on fixed assets, based on their condition, usability, etc. as per the technical estimates of the Management, where necessary.

2.8 Revenue Recognition

Revenue from the sale of power is recognised on the basis of the number of units of power exported in accordance with joint meter readings undertaken on a monthly basis by representatives of the State Electricity Board and the Group at rates agreed upon with customers and when there is no uncertainty in realising the same. Transmission, System Operating and Wheeling/ other Charges payable to State Electricity Boards on sale of power is reduced from Revenue.

Income from CERs is initially recognized on credit by the United Nations Framework Convention on Climate Change (UNFCCC) in accordance with the Guidance Note on Accounting for Self-generated Certified Emission Reductions. The difference between the amount recognized initially and the amount realized ultimately on sale of CERs are accounted as income as and when the sale happens.

Income arising from REC is initially recognised in respect of the number of units of power exported at the minimum expected realisable value, determined based on the rates specified under the relevant regulations duly considering the entitlements as per the policy, industry specific developments, Management assessment etc and when there is no uncertainty in realising the same. The difference between the amount recognised initially and the amount realised on sale of such REC's at the Power

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

Exchange are accounted for as and when such sale happens.

Income in the form of Generation Based Incentives are accounted for in the year of generation for eligible Units when there is no uncertainty in receiving the same.

Income from services is recognized upon rendering services, in accordance with the terms of contract.

Revenue from sale of windmill development rights is recognized when the rights are transferred to the buyer under the terms of the contract.

2.9 Other Income

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

2.10 Tangible Fixed Assets

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets comprises the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable) and includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till the project is ready for its intended use.

Any part or components of fixed assets which or separately identifiable and expected to have a useful life which is different from that of the main assets are capitalised separately, based on the technical assessment of the management.

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately

2.11 Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any.

2.12 Foreign Currency Transactions and Translations and Forward Contracts

Initial recognition

Transactions in foreign currencies entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date

Foreign currency monetary items (other than derivative contracts) of the Group and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are restated at the year-end rates.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Group are recognised as income or expense in the Statement of Profit and Loss.

Consolidation of subsidiaries situated in foreign countries

For the purpose of consolidation of subsidiaries situated in foreign countries, other than those whose operations are integral in nature (which are translated using the same principles and procedures as those of the Company), income and expenses are translated at average exchange rates and the assets and liabilities are stated at closing exchange rates. The net impact of such change is accumulated under foreign currency translation reserve under Reserves and Surplus. On the disposal of a non-integral subsidiary, the cumulative amount of the exchange differences which have been deferred and which relate to that subsidiary are recognised as income or as expenses in the same period in which the gain or loss on disposal is recognised. When there is a change in the classification of a subsidiary, the translation procedures applicable to the revised classification are applied from the date of change in the classification.

Accounting for Forward Contracts

The Company enters into forward exchange contracts and other instruments that are in substance a forward exchange contract to hedge its risks associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract (other than for a firm commitment or a highly probable forecast transaction) or similar instrument is amortized as expense or income over the life of the contract.

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

Exchange differences on such a contract are recognised in the Statement of Profit and Loss in the year in which the exchange rates change. Any profit or loss arising on cancellation of such a contract is recognised as income or expense for the year.

2.13 Government Grants

Government grants and subsidies are recognized when there is reasonable assurance that the Group will comply with the conditions attached to them and the grants/subsidies will be received. Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve.

Other government grants and subsidies which are of revenue nature are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

2.14 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

2.15 Employee Benefits

Defined contribution plans

The Group's State Governed provident fund scheme, Employee State Insurance scheme and Employee pension scheme are considered as defined contribution plans and expenses are recognized in the Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plans

The Group accrues for liability towards Gratuity which is a defined benefit plan. The present value of obligation under such defined benefit plans is determined based on actuarial valuation as at the balance sheet date, using the Projected Unit Credit Method.

Actuarial gains and losses are recognized in the statement of profit and loss in the period in which they occur.

Long term employee benefits

The Group accounts for its liability towards long term compensated absences based on the actuarial valuation done as at the Balance Sheet date by an independent actuary using the Projected Unit Credit Method.

Short term Employee Benefits

Short term employee benefits at the Balance Sheet date, including short term compensated absences, are recognized as an expense as per the Group's scheme based on expected obligations on an undiscounted basis.

2.16 Borrowing Costs

Borrowing costs include interest, amortisation of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

2.17 Segment Reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter-segment revenue, where applicable, is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

2.18 Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

Where the Group as a lessor leases assets under finance leases, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is recognised based on a constant rate of return on the outstanding net investment.

Assets leased by the Group in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Group are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

2.19 Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.20 Taxes on Income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961 and other applicable laws. Tax expense relating to overseas subsidiaries is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward of losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

The Group offsets deferred tax assets and deferred tax liabilities, and advance income tax and provision for tax, if it has a legally enforceable right and these relate to taxes in income levies by the same governing taxation laws.

2.21 Impairment of Assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. The following intangible assets are tested for impairment each financial year even if there is no indication that the asset is impaired:

- (a) an intangible asset that is not yet available for use; and
- (b) an intangible asset that is amortised over a period exceeding ten years from the date when the asset is available for use.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets such reversal is not recognised.

2.22 Provisions and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required

to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the consolidated financial statements.

2.23 Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.24 Derivative Contracts

The Group enters into derivative contracts in the nature of foreign currency swaps, currency options, forward contracts etc. with an intention to hedge its existing assets and liabilities, firm commitments and highly probable transactions in foreign currency. Derivative contracts which are closely linked to the existing assets and liabilities are accounted as per the policy stated in foreign currency transactions and translations and forward contracts. Refer Note 2.12 above.

Other derivative contracts are marked to market and losses, if any, are recognized in the Statement of Profit and Loss. Gains arising on the same are not recognized until realised on grounds of prudence.

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

2.2. Principles of Consolidation (contd.)

The details of subsidiary companies that have been considered in the preparation of the consolidated financial statements are given below:

SI. NO	Name of the Subsidiary	Country of Incorporation	Relationship	Effective Ownership Interest as at the Balance Sheet Date	
				2015-16	2014-15
1	Global Powertech Equipments Private Limited	India	Subsidiary	100.00%	100.00%
2	Amrit Environmental Technologies Private Limited	India	Subsidiary	100.00%	100.00%

(iii) **Details of Security and Terms of Repayment/Interest**

The term loans obtained by the Company/Subsidiaries are secured by assets identified in the loan agreements entered into by the Company/subsidiaries which are in the nature of immoveable property where the power plants are located, trade receivables, inventory and other assets related to the Company/Subsidiaries etc. In the case of certain borrowings where the terms stipulate, Corporate Guarantees have been given by some of the group companies. The above loans are repayable over a period stipulated in the respective agreements. The interest rates in respect of the above loans are in accordance with the terms of the respective loan agreements.

(iv) **Details of Defaults repayment of long term borrowings:**

There have been certain delays in the repayments of principal and interest amounts in respect of borrowings from Banks by the Company / some of its subsidiaries. During the current year ended 31 March, 2016, there were defaults to the extent of Rs.4,560,451,979 in respect of principal and interest repayments. Out of the same, an amount of Rs. 3,476,430,728 has been paid by the Group during the year. The balance amount of Rs.1,084,021,251 of principal and interest is outstanding as at 31 March 2016. Further, during the previous year ended 31 March 2015, the Group has obtained reschedulement for repayment of certain loans borrowed and the amount of defaults disclosed are duly considering the rescheduled terms.

Future salary increase	8.00%	5.00%
Attrition rate	10.00%	3.00%

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

32. Management's assessment of restructuring

Some of the biomass plants of the Group were not in regular operations during the year and have been incurring continuous losses resulting in the Holding Company and its subsidiaries facing certain financial difficulties and not being able to meet their obligations to lenders in time. The Management is in discussions with the lenders to restructure the loans and revamp its operations.

Further, as part of its efforts to turn around the operations, as stated in Note 33, the Management is also undertaking a restructuring exercise wherein Bharath Wind Farm Limited, a wholly owned subsidiary is proposed to be Amalgamated with the Holding Company effective 1 April 2015 and effective 1 October 2015 the identified Biomass undertaking of the Company is to be demerged to Biobijlee Green Power Limited, which will cease to be a subsidiary of the Company upon the Scheme becoming effective, subject to approvals from the Honourable High Court of Judicature at Madras/other stakeholders, which is awaited.

33. Discontinuing Operations

33.1 During the year, the Board of Directors of the Company, at their meeting held on 13 June, 2015, has approved the Draft Composite Scheme of Arrangement and Amalgamation between Orient Green Power Company Limited and Bharath Wind Farm Limited (BWFL) and Biobijlee Green Power Limited (BGPL) and their respective shareholders (the Draft Scheme) as per which:

- BWFL, a wholly owned subsidiary of the Company, will get amalgamated with the Company effective 1 April, 2015 and
- the identified biomass undertaking of the Company (including the Unit/Subsidiaries referred to in Notes 33.2 and 33.3 below) will get demerged to BGPL, a subsidiary of the Company, effective 1 October, 2015, subject to the required approvals from the Honorable High Court of Judicature at Madras which are in the process of being obtained. Upon receipt of the approvals, BGPL will cease to be a subsidiary of the Company and will seek necessary approvals to list its shares at the recognised stock exchanges in India. The substance of this demerger arrangement is in the nature of application and reduction of Securities Premium Account as per the provisions of Section 52 of Companies Act, 2013 read with Sections 100 to 103 of the Companies Act, 1956. The details of the identified biomass undertaking, which is disclosed as discontinuing operations in the consolidated financial statements for the year ended 31 March 2016, are given below:

ORIENT GREEN POWER COMPANY LIMITED

Notes Forming Part of the Consolidated Financial Statements for the Year Ended 31 March, 2016

Note:

- (i) With respect to the Kolhapur plant, as per the arrangement with the party, with whom an agreement has been entered into by the Company for developing a Co-generation Facility at the party's sugar mill, the fuel for the generation of the power from the Plant would be supplied by the party's sugar factory at the cost agreed to between the parties. Out of the generation, a fixed proportion of power has to be supplied free of cost to the party in lieu of the land and other facilities provided by them and the fuel supplied by them based on the agreed rates. The balance units gets sold externally.

Pursuant to the above arrangement, the Company has procured fuel for an amount of Rs. 71,135,370 (an amount of Rs.58,628,008 during 2014-15) from the party and the same has been accounted as part of the purchases during the current year. The units generated and sold externally during the year is 43,854,822 Kwh (5,782,582 Kwh units during 2014-15) units for an amount of Rs. 283,411,581 (an amount of Rs. 34,953,288 during 2014-15) which is included as part of Sale of Power for the Year Ended 31 March 2016. Further, the Company has supplied 12,132,184 Kwh units (7,557,850 Kwh units during 2014-15) of free power to the party which is non-monetary in nature being the extent of units generated and supplied free of cost.

- (ii) Based on the assessment of the carrying value of those assets as against the expected recoverable amount, an amount of Rs. 343,976,597 is recorded as provision towards impairment and has been considered as an exceptional item as disclosed in the Note 33.1 above.

Notes:

DISCLAIMER

In this annual report, we have disclosed forward-looking information to help investors comprehend our projects and take informed investment decisions. This report is based on certain forward-looking statements that we periodically make to anticipate results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.
