EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 102 OF THE COMPANIES ACT, 2013 WITH RESPECT TO THE SPECIAL BUSINESSES

Item No.4

Aditya Ultra Steel Limited ("AUSL") is a 'Related Party' within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. ("Listing Regulations")

Pursuant to provisions of Section 188 of the Companies Act, 2013, the Companies (Meeting of Board and its Powers) Rules, 2014, the Related Party Transactions as mentioned in clause (a) to (g) of the said Section require a Company to obtain prior approval of the Board of Directors and subsequently the Shareholders of the Company by way of ordinary resolution in case the value of the Related Party Transactions exceeds the stipulated thresholds prescribed in Rule 15 of the said Rules and transactions other than in ordinary course of business and on arm's length basis.

SEBI (LODR) Regulations, 2015, also requires that all material related party transactions shall require approval of the shareholders through ordinary resolution.

Accordingly, on recommendation of Audit Committee, Board of Directors of the Company has in its meeting held on August 12, 2025 approved related party transaction and now seek approval of the Shareholders by way of Ordinary Resolution under Section 188 of the Companies Act, 2013, the Companies (Meeting of Board and its Powers) Rules, 2014 and SEBI (LODR) Regulations, 2015 to enable the Company to enter into following Related Party Transaction in one or more tranches. The transaction under consideration is proposed to be enter is in the ordinary course of business and at arm length basis.

However, considering the nature of agreements which are peculiar in nature in respect of each working site, Company as an abundant caution is taking necessary approval of the shareholders under Section 188 also.

The Company envisages that the transaction(s) entered into with M/s. Aditya Ultra Steel Limited whether individually and/or in aggregate would exceed the stipulated threshold of ten percent of the annual consolidated turnover of the Company as per the last audited and financial statements of the Company during a financial year of the Company. The Company therefore requires approval of the shareholders through a ordinary Resolution for entering into contract(s)/ arrangement (s)/ transaction(s) with M/s. Aditya Ultra Steel Limited upto a maximum amount as mentioned in the respective resolutions from the financial year 2025-26 and onward.

Although approval of the shareholders would not be required under the provisions of Section 188 of the Companies Act, 2013 and the rules framed there under forth specified transactions with this Company, the same is being sought as an abundant precautionary measure.

All related parties shall abstain from voting on these resolutions. The relevant information is as follows:-

BACKGROUND:

VMS Industries Ltd was originally incorporated on December 2, 1991 as a Private Limited Company in the name and style of “Varun Management Services Private Limited” by its Promoters. The Company acquired a Ship Breaking Plot in the year 2007 and to reflect the business of the Company the name was changed to “VMS Industries Private Limited”. The constitution of the Company was changed to Public limited Company with effect from January 29, 2010 and consequently the name was changed to “VMS Industries Limited”.

BUSINESS OVERVIEW:

Our present business mainly Ship Recycling Activities:-

During the year 2004, Gujarat Maritime Board auctioned vacant plots and under open bid we have been allotted vacant Plot No. 160 at Alang-Sosiya Ship Breaking Yard admeasuring 1350 sq. meter on a lease basis. However, our Company could not start ship breaking activities due to change in policy for ship recycling plant, requiring higher size (2700 sq mtrs) of plot and therefore we could not get permission for utilization of plot from GMB. Meanwhile, in the year 2007, the plot size was enlarged to 2700 sq. meter as per the instructions given by the Inter Ministerial Committee constituted by Hon. Supreme Court, by merging the adjoining Plot No. 159 and our Company was permitted to use the merged Plot No. 160M for a period of 5 years and subject to renewal thereafter.

We started the ship recycling activity during the financial year 2009-10 and purchased total 37(Thirty Seven) ships for our ship recycling activities till date, whose details are as under:-

INDUSTRY OVERVIEW: SHIP BREAKING INDUSTRY: Overview

Scrap from ship breaking fetches a very good price in the market. If prices express consumer preference, then there is a strong preference for the ship-recycling scrap. This is because of the high quality of steel that comes in the form of re-rollable scrap from ships. Ships are manufactured with acute specifications. The manufacture of ships is done usually in the developed countries and the specifications are monitored closely in order to avoid accidents. The general features of steels that are used to manufacture ships are ability to withstand pressure, high impact and strain on account of severe cold. These features if translated into manufacture of bars and rods may give us similar qualities of steel with equal strength.

The material processed from ship breaking scrap is better in terms of yield strength, notch impact strength and through thickness ductility. In terms of chemical composition it is consistent and has low sulphur and phosphorus content. In terms of metallurgical properties, steel from ships are normalized, fully killed and has finer and more compact grain structure, free from inclusions, pores and cracks and austenitic properties. Hence for all kinds of applications those require impact resistance, corrosion resistance, mach inability, bend ability, and formability, steel from ship breaking scrap has been found to be more suitable than steel from ingots and billets. Incidentally, everywhere else in the world the scrap from the demolished ships are usually sent into melting furnaces, India is probably only country that has the technique of re-rolling scrap into producing construction steel without having to first cast scrap as billets and ingots.

In order to produce a tonne of steel through the integrated steel plants one tends to consume more power and fuel and non-replenish able resources like coal, iron ore and limestone and other minerals. The sunk costs in terms of capital employed are higher in the integrated steel plants and the integrated plants create far less employment. Indeed, we can obtain our required input material from the ship recycling industry at (Reference taken from <http://www.sriaindia.com/alang-info/role-in-steel-economy/>)

RISK MANAGEMENT

The Company is exposed to the risk from the market fluctuations of foreign exchange as well as the fluctuation in the price of iron and steel. The Company's raw material is old ship, which is purchased from the international market on credit ranging upto 180 days to 360 days. Though the Company is not hedging or covering the foreign exchange requirement, the Company is regularly monitoring the foreign exchange movement and suitable remedial measures are taken as and when felt necessary. Though the Company is employing such measures, the Company is still exposed to the risk of any foreign exchange fluctuation.

Likewise, the Company's finished products are mainly re-rollable scrap generated from Ship Recycling and the price of the same is linked to the market rate for iron and steel. Any ups and downs in the price of the iron and steel will affect the profitability of the Company. The Company keeps a watch on the movement of scrap prices and accordingly decides its policy regarding purchase of ships and sale of scrap

FUTURE PROSPECTUS

The business activity of Ship-Recycling industry at Alang Ship Breaking Yard is likely to increase substantially in view of favourable availability of second-hand ships and demand of ship-recycled material. Your Company is also optimistic that with the stabilization in price for the old ship in the international markets and in the sale price of recycled products in the domestic market, the Company will be able to improve the turnover and the profitability ratios in the coming years.

INDEPENDENT AUDITOR'S REPORT

To the Members of
VMS INDUSTRIES LIMITED

REPORT ON THE STANDALONE FINANCIAL STATEMENTS:

OPINION

We have audited the standalone financial statements of VMS INDUSTRIES LIMITED ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (Including Other Comprehensive Income), the Standalone Statement of Changes In Equity and the Standalone Statement of Cash Flows for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements "except for non-provision for gratuity and other long term employee benefits as per Ind-As-19 "Employee Benefits" give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at March 31, 2025, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS OF OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

EMPHASIS OF MATTER:

We draw attention to the following matters in the Notes to the Financial Statements:

- I. Note No. 1(g) 2.2 regarding management contention that none of the employees of the company were eligible in respect of which the company was required to make contribution as per the provisions relating to the Payment of Gratuity and accordingly no provision for gratuity was not required to be made.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters:

The Key Audit Matter	How the matter was addressed in our audit
1. Litigations and Claims (Refer to Note No. 28 Relating to Contingent Liabilities) The Company is/was subject to different Laws and Regulations which are subject to different implications and interpretations thereof. In such regulatory environment, the Company is subject to some legal and tax related claims which have been disclosed as contingent liabilities in the financial statements based on the facts and circumstances of each case. Taxation and litigations have been identified as a key audit matter due to the status of legal proceedings, timescales involved for resolution and the potential financial impact of these on the financial statements. Further, such tax litigations involve significant management judgment in assessing the exposure of each case and thus a risk that such cases may not be adequately provided for or disclosed.	<ul style="list-style-type: none"> • Gained an understanding of the process of identification of claims, litigations and contingent liabilities and identified key controls in the process. • Obtained the summary of Company's legal and tax cases and critically assessed management's position through discussions with the Legal Counsel, appropriate senior management and operational management, on both the probability of success in significant cases, and the magnitude of any potential loss. • Assessed management's estimate of the possible outcome of the litigations, the relevant disclosures made within the financial statements to address whether they appropriately reflect the facts and circumstances of the respective tax and legal exposures and the requirements of relevant accounting standards.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S AND BOARD OF DIRECTOR'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS:

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS), accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015 as amended.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Management and Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS:

1. As required by The Companies (Auditor's Report) Order, 2020 issued by The Central Government Of India in term of section 143 (11) of The Companies Act, 2013, we enclose in the Annexure-A hereto a statement on the matters specified in paragraphs 3 and 4 of the said order, to the extent applicable to the company.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c) The Standalone Balance Sheet, Standalone the Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Changes in Equity & the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, aforesaid Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Changes in Equity & the Standalone Statement of Cash Flows except for effect of Ind-As-19 "Employee Benefits" relating to Employee Gratuity [Refer to Emphasis Para of this report], comply with the Indian Accounting Standards prescribed under section 133 of the Act;
 - e) On the basis of written representations received from the directors of the Company as on March 31, 2025, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of sub-section (2) of section 164 of Act;
 - f) With respect to the adequacy of internal financial control over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure-B to this report;
 - g) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company had the following litigations pending as at the end of the financial year which may impact its financial position on final disposal of the respective matters.

- xii. As the company is not the Nidhi Company, clause (xii) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable to it.
- xiii. According to the information and explanations given to us, the company is in compliance with the provisions of sections 177 and 188 of the Companies Act, 2013, where applicable, for related party transactions and the details of related party transactions have been disclosed in the Notes to the Financial Statements in accordance with the applicable Ind AS.
- xiv. In respect of Internal Audit:
 - a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - b) We have held discussions with the internal auditor of the Company for the year under audit and considered their opinion in determining the nature, timing and extent of our audit procedure.
- xv. According to the information and explanations given to us, the company has not entered into any non-cash transaction with directors or persons connected with them and hence clause (xv) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable to it during the year.
- xvi. In respect of Registration Under Section 45-IA of the Reserve Bank of India Act, 1934/CIC
 - a) As the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934), clause (xvi) (a) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable to it.
 - b) According to the information and explanations given to us, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year and clause (xvi)(b) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable to it.
 - c) As the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, clause (xvi)(c) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable to it.

d) According to the information and explanations given to us, the company has no Core Investment Company (CIC) as part of its group, clause (xvi)(c) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable to it.

xvii. The Company has not incurred cash losses in the financial year covered by our audit and the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors of the Company during the year and hence reporting under clause (xviii) of paragraph 3 of The Companies (Auditor's Report) Order, 2020 is not applicable.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

viii. In respect of CSR Activities:

- a) There are no unspent amounts towards Corporate Social Responsibility (CSR) requiring transfer of such unspent amounts to a Fund specified in Schedule VII to the Companies Act, 2013 within a period of six months of the expiry of the financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act.
- b) There are no ongoing projects under CSR where amount remaining unspent under sub-section (5) of section 135 of the Companies Act, 2013, is required to be transferred to special account in compliance with the provision of sub-section (6) of section 135 of the said Act.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT

[REFERRED TO IN PARAGRAPH 2(f) UNDER “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS SECTION OF OUR REPORT OF EVEN DATE] FINANCIAL YEAR ENDED 31ST MARCH 2025

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of VMS INDUSTRIES LIMITED (“the Company”) as of March 31, 2025 in conjunction with our audit of the Standalone Ind AS financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the information and explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were commensurate with the nature of the business of the company and operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

AUDITORS' CERTIFICATE REGARDING COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE

To the Members of

VMS INDUSTRIES LIMITED

We have examined the compliance of conditions of Corporate Governance by VMS INDUSTRIES LIMITED, for the year ended on 31st March, 2025, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations").

Managements' Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Management of the Company. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the "ICAI"), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

According to the information and explanations given to us and the representations provided by the Management of the company and in our opinion and to the best of our information, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V to the Listing Regulations during the year ended 31st March, 2025.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

The company is engaged in the business of ship breaking as well as trading in Ferrous and Non-Ferrous metals.

NOTE 1: MATERIAL ACCOUNTING POLICIES:

BASIS OF PREPARATION OF FINANCIAL STATEMENTS

a) Statement of Compliance & Accounting Conventions:

The financial statements for the year ended March 31, 2025 have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act") and rules and regulations notified thereunder to the extent applicable and the other relevant provisions of the Act, pronouncements of the regulatory bodies applicable to the company.

The accounting policies are applied consistently over the years since adoption of Ind-AS as basis for preparation and disclosure of the financial statements except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

As made effective from April 01, 2023, the company has adopted the amendments to Ind-AS vide Companies (Indian Accounting Standard) Amendment Rules, 2023 notifying amendment to existing Ind AS. These amendments to the extent relevant to the Company's operation include amendment to Ind AS 1 "Presentation of Financial Statements" which requires the entities to disclose their material accounting policies rather than their significant accounting policies, Ind AS 8 "Accounting Policies, Changes in Accounting Estimates and Errors" which has introduced a definition of 'accounting estimates' and includes amendments to help entities distinguish changes in accounting policies from changes in accounting estimates. Further consequential amendments with respect to the concept of material accounting policies have also been made in "Ind AS 107 "Financial Instruments: Disclosures".

Apart from above there are other material amendments to various Ind-AS including Ind AS 101 "First-time Adoption of Indian Accounting Standards", Ind AS 103 "Business Combinations, Ind AS 109 "Financial Instruments " Ind AS 115 "Revenue from Contracts with Customers", Ind AS 12 "Income Taxes". These amendments and other amendments have reduced the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences.

The company has reviewed the amendments to Ind-AS as notified vide Companies (Indian Accounting Standard) Amendment Rules, 2023 and ascertained the revision in Ind-AS does not have any material impact on the reported amounts of assets, equity, liabilities, incomes, expenses, profits, losses and earning per share for the year.

The Financial Statements have been prepared on a historical cost basis except the following assets and liabilities which have been measured at fair values:

- Certain Financial Assets and Liabilities that are measured at Fair Value

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

b) Use of Estimates:

The preparation of financial statements requires management to make estimates and assumptions that are believed to be reasonable under the circumstances and such estimates and assumptions may affect the reported amount of assets and liabilities, classification of assets and liabilities into non-current and current and disclosures relating to contingent liabilities as at the date of financial statements and the reported amounts of income and expenses and cash flows during the reporting period. Although the financial statements have been prepared based on the management's best knowledge of current events and procedures/actions, the actual results may differ on the final outcome of the matters/transactions/procedures to which the estimates relate. All assets and liabilities are classified into current and non-current generally based on the criteria of realisation/settlement within a twelve months period from the balance sheet date.

c) 1. Property, Plant and Equipment (PPE):

The Company had applied for the one-time transition exemption of considering the carrying cost on the transition date i.e. 1st April, 2017 as the deemed cost under IND AS, regarded thereafter as historical cost.

The cost of an item of property, plant and equipment is recognized as an asset if, and only if:

- it is probable that future economic benefits associated with the item will flow to the entity; and
- the cost of the item can be measured reliably.

The acquisition of property, plant and equipment, directly increasing the future economic benefits of any particular existing item of property, plant and equipment, which are necessary for the Company to obtain the future economic benefits from its other assets, are recognized as assets.

The items of Property, Plant and Equipment are stated at cost of acquisition/construction (less Accumulated Depreciation and Impairment, if any). The cost of Property, Plant and Equipment comprises of their purchase prices including freight, duties, taxes or levies, directly attributable cost of bringing the assets to their working conditions for their intended use. The Company capitalises its Property, Plant and Equipment at a value net of GST/ Other Tax Credits received/receivable during the year in respect of eligible item of Property, Plant and Equipment. Subsequent costs are included in the carrying amount of respective Property, Plant and Equipment or recognized as separate assets as appropriate, only if such costs increase the future benefits from the existing items beyond their previously assessed standard of performance and cost of such items can be measured reliably.

2. Estimated Useful Lives of Items of Property, Plant & Equipment are as follows:

Sr. No.	Class of Items of Property, Plant & Equipment	Estimated Useful Life
a.	Buildings	30 to 60 Years
b.	Plant & Machineries	15 Years
c.	Furniture & Fixtures	10 Years
d.	Vehicles	8 Years
e.	Office Equipments	5 Years
f.	Computers, Printers and Other Peripherals to Computers	3 Years

3. Depreciation & Amortization:

The Depreciation on tangible items of Property, Plant and Equipment is provided on straight line method for the period of acquisition/construction i.e. from the period from which such assets were available for their intended use on pro-rata basis on the basis of useful life of each of the fixed assets as per Schedule II of the Companies Act, 2013 and in the manner specified in Schedule II of the Companies Act, 2013.

d) Inventories

The Inventories of Raw Materials-uncut ships have been valued at cost. The Trading Goods have been valued at cost or net realisable value whichever is lower. The cost of Raw Materials and Trading Goods comprises of the purchase price including duties and taxes, freight inwards and other expenditure directly attributable to the acquisition.

Consumable Stores and Spares are considered to have been consumed at the time of purchases.

In ship recycling industry, the weight of ship purchased is accounted in terms of LDT/MT of the ship at the time of its construction. Ascertaining weight of ship at the time of purchase is not possible due to its nature and size. There is loss of weight of ship on account of corrosion and other factors during the usage of ship during its operating years and its voyage for long period cutting loss. The inventory at the balance sheet date is ascertained by the management by reducing the weight of the scrap sold together with the estimated wastage of the material.

e) Revenue Recognition:

Revenue is measured at the fair value of the consideration received or receivable from the customers/parties net of returns, rebates, and discount to the customers and amounts collected on behalf of third parties. The Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Sale of Goods:

The revenue from the sale of goods is recognized at the transaction price when the company had transferred the property in Goods to the buyer for a price or all significant risks and rewards of ownership had been transferred to the buyer and no significant uncertainty existed as to the amount of consideration that would be derived from such sale. The recognition event is usually the dispatch of goods to the buyer such that the Company retains no effective control over the goods dispatched.

Rent Income:

Rental income is recognized in the period to which such income relates.

Interest Income:

Income from investments and deposits, where appropriate, is taken into revenue in full on declaration or accrual on time basis and tax deducted at source thereon is treated as advance tax. The interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the company and the amount interest income can be measured reliably.

f) Foreign Currency Transactions

The Company's financial statements have been prepared and presented in Indian Rupees (₹) which is also its functional currency.

The transactions in foreign currency initially have been recorded using the rate of exchange prevailing on the date of transactions. The differences arising on the settlement/restatement of the foreign currency denominated Financial Assets/Liabilities into Indian rupees have been recognized as expenses/income (net) of the year and carried to the statement of profit and loss.

The monetary items denominated in foreign currencies outstanding as at the end of the reporting period, are translated at the exchange rates prevailing as at the end of the reporting period.

g) Employee Benefits:

1. Short Term Obligations:

Short term employee benefits of like wages, salaries and other monetary and non-monetary benefits are recognized in the period during which services are rendered by the employees and are recognized at the value at amounts at which liabilities have been settled or are expected to be settled.

2. Post-Employment and Other Long-Term Employee Benefits:

2.1 Contribution to Provident Fund:

The Company's contributions to the Employee Provident Fund and Employee State Insurance are remitted as per the provisions relating to the Employee Provident Fund Scheme and Employee State Insurance Scheme respectively and such contributions are charged to the Statement of Profit & Loss of the period to which contributions relate.

2.2 Gratuity:

The management of the company is of the view that none of the employees were eligible in respect of which the company was required to make contribution as per the provisions relating to the Payment of Gratuity and accordingly provision for gratuity was not required to be made. However, if the company is required to make payment of gratuity on happening of any event/incident due to which the provisions relating to payment of gratuity becomes applicable to the company, the same will be accounted as and when incurred.

h) Borrowing Costs

The borrowing costs incurred during the year have been debited to the Statement of Profit and Loss of the current year.

i) Operating Segment

The Company identifies operating segments on the basis of dominant source, nature of risks and returns and the internal organization. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the Managing Director/Chief Executive Officer who is Company's chief operating maker in deciding how to allocate resources and in assessing performance.

The dominant source of income of the company is from Manufacturing (Ship Breaking Activities) and Trading of Scrap of Iron and Steel. On the basis of dominant source, nature of risks and returns and the internal organization, the company has identified two operating segments: i. Manufacturing (Ship Breaking) and ii. Trading.

The reporting of segment information is the same as provided to the management for the purpose of the performance assessment and resource allocation to the segments.

The following specific accounting policies have been followed for segment reporting:

- i. Segment revenue includes sales and other operational revenue directly identifiable with/allocable to the segment.
- ii. Expenses that are directly identifiable with/allocable to segments
- iii. Income/Expenses which relates to the Company as a whole and not allocable to segments is included in unallocable corporate income/expenditure.

The geographical/regulatory environment in which the company operates does not materially differ considering the political and economic environment, the type of customers, assets employed and the risk and return associated in respect of each of the geographical area.

j) Taxes On Income:

1. Current Tax:

The provision for current tax is made as per the provisions of the Income Tax Act, 1961.

Taxes on income have been determined based on the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The current tax liabilities and assets are measured at the amounts expected to be paid or to be recovered from the taxation authorities as at the balance sheet date.

The current tax liabilities and assets are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

The current income tax relating to items recognized outside profit or loss is recognized either in the Other Comprehensive Income or in Other Equity Directly.

2. Deferred Tax:

Deferred tax is provided on temporary differences between the tax bases of assets and liabilities as per the provisions of the Income Tax Act, 1961 and their carrying amounts for financial reporting purposes as at the balance sheet date.

Deferred tax liabilities are recognized for all taxable temporary timing differences. Deferred tax assets are recognized for all deductible taxable temporary timing differences, the carry forward of unused tax losses and unused tax credits to the extent to which future taxable profits are expected to be available against which the deductible temporary differences and the carry forward of unused tax losses and unused tax credits can be utilized/set-off.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period. The net deferred tax assets and liabilities are not discounted to the present value as at the end of each period.

Deferred tax assets and deferred tax liabilities are off set when there is a legally enforceable right to set-off assets against liabilities representing current tax and where the deferred tax assets and deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

k) Impairment of Non-Financial Assets:

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Impairment loss is recognized when the carrying amount of an asset exceeds recoverable amount.

l) Provisions, Contingent Liabilities and Contingent Assets

The Company recognises a provision when it has a present obligation as a result of a past event that probably requires an outflow of the Company's resources embodying economic benefits at the time of settlement and a reliable estimate can be made of the amount of the obligation. The provisions are measured at the best estimate of the amounts required to settle the present obligation as at the balance sheet date and are not discounted to their present values.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only on the occurrence or non-occurrence of one or more future uncertain events which are not wholly or substantially within the control of the Company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

When demand notices are issued by the Government Authorities and demand is disputed by the company and it is probable that the company will not be required to settle/pay such demands then these are classified as disputed obligations.

Contingent Assets, if any, are not recognised in the financial statements. If it becomes certain that inflow of economic benefit will arise then such asset and the relative income are recognised in financial statements.

m) Prior Period Errors:

Prior period errors are in the form of omission of certain items in the financial statements of prior periods which were not available when the financial statements were approved for issue and which could reasonably be expected to have been obtained and taken into account in the preparation and presentation of financial statement of prior period.

The Prior period errors have been corrected retrospectively by restating the respective amounts of the prior period presented in which the error occurred. If the errors have occurred before the earliest prior period presented, the errors have been corrected by restating the opening balances of assets, liabilities and equity of the earliest prior period presented.

n) Current/Non-Current Classifications:

The Company presents assets and liabilities in the balance sheet on the basis of their classifications into current and non-current.

Assets:

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Liabilities:

A liability is treated as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period
- No unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

o) Financial Instruments, Financial Assets, Financial Liabilities, Investments and Equity Instruments

The financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities.

A. Financial Assets:

Initial Recognition:

Financial Assets include Investments, Trade Receivables, Security Deposits, Cash and Cash Equivalents and eligible current and non-current assets. The financial assets are initially recognized at the transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being value at fair value through the Statement Of Profit and Loss.

Subsequent Measurement:

The subsequent measurement of financial assets depends upon the initial classification of financial assets. For the purpose of subsequent measurement, financial assets are classified as under:

- i. Financial Assets At Amortized Cost where the financial assets are held solely for collection of cash flows and contractual terms of the assets give rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.
- ii. fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for realization of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- iii. Fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade Receivables, Security Deposits, Cash and Cash Equivalents, Investments in Equity where reliable data for fair value is not available then such eligible current and non-current assets are classified for measurement at amortized cost.

Impairment:

If the recoverable amount of an asset (or cash-generating unit/Fixed Assets) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a re-valued amount if any, in which case the impairment loss is treated as a revaluation decrease.

Financial assets, other than those at Fair Value through Profit and Loss (FVTPL), are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected.

The company recognises impairment loss on trade receivables using expected credit loss model.

B. Financial Liabilities:

Financial liabilities include long and short-term loans and borrowings, trade payables, eligible current and non-current liabilities. The borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry of the terms.

p) Fair Value Measurement:

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

q) Cash and Cash Equivalents-For the Purpose of Cash Flow Statements:

Cash and cash equivalent in the balance sheet comprise cash at banks and in hand and short-term deposits, which are subject to an insignificant risk of changes in value.

r) Operating Cycle:

Based on the activities of the company and normal time between incurring of liabilities and their settlement in cash or cash equivalents and acquisition/right to assets and their realization in cash or cash equivalents, the company has considered its operating cycle as 12 months for the purpose of classification of its liabilities and assets as current and non-current.

s) Significant Influence:

Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control of those policies.

If an entity holds, directly or indirectly (e.g. through subsidiaries), 20 per cent or more of the voting power of the investee, it is presumed that the entity has significant influence, unless it can be clearly demonstrated that this is not the case. Conversely, if the entity holds, directly or indirectly (e.g. through subsidiaries), less than 20 per cent of the voting power of the investee, it is presumed that the entity does not have significant influence, unless such influence can be clearly demonstrated.

As at the reporting date, the company held less than 20 per cent of voting power of the investees.

The existence of significant influence by an entity is usually evidenced in one or more of the following ways:

- (a) representation on the board of directors or equivalent governing body of the investee;
- (b) participation in policy-making processes, including participation in decisions about dividends or other distributions
- (c) material transactions between the entity and its investee;
- (d) interchange of managerial personnel; or
- (e) provision of essential technical information.

The company has neither appointed nor has entered into an agreement with any of the investees to appoint any director or representative on the Board of Director or equivalent governing body of the investees as representative of the company. The policy making decisions of company including participation in decisions about dividends or other distributions if any are taken by the board of directors of company irrespective of the policy decisions by the investees. The company did not have material transactions with investees with regard to business operations i.e., sale/purchase of goods or provision of services. There has been no interchange of managerial personnel or provision of essential technical information between the company and its investees during the year. Accordingly, the company has not identified any investee as associate.

t) Events Subsequent to Financial Statements Period:

Events after the reporting period are those events, both favourable and unfavourable that have occurred between the end of the reported financial statements year and the date when financial statements are approved for issue by the Board of Directors of the company.

Events after the reporting period can be identified as those that provide evidence of conditions that existed as at the end of the financial year i.e. adjusting events after the financial year end and those are indicative of conditions that arose after the financial year end i.e. non-adjusting events after the financial year end.

The company adjusts the amounts of assets, liabilities, incomes and expenses recognised in the financial statements of the reporting period to reflect the effects of adjusting events to the respective assets, liabilities, incomes and expenses of the reporting period.

The non-adjusting events are not recognised in the financial statement of the reporting period but the nature of event and an estimate of its financial effect are disclosed in the notes of accounts.

u) Earnings Per Share:

The Company presents basic and diluted earnings per share details for its ordinary shares. Basic earning per share is calculated by dividing the net profit after tax for the year attributable to the ordinary shareholders of the company by weighted number of ordinary shares outstanding for applicable period during the year.

Diluted earning per share is calculated considering the effect of dilution if any to ordinary share during the year.

v) Materiality

The Management of the company uses judgement in deciding whether individual items or groups of items are material in the financial statements. Materiality is judged by reference to the nature or magnitude or both of the items. The deciding factor is whether omitting or misstating or obscuring an information could individually or in combination with other related information influence decisions that primary users make on the basis of the financial statements. Management also uses judgement of materiality for determining the compliance requirement of the Ind AS. Further, the company may also be required to present separately immaterial items when required by law.

d) Financial Instruments and Related Disclosures:

Financial Risk Management:

The company activities are exposed various financial risks: credit risk, liquidity risk and foreign exchange fluctuation risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance..

I. Credit Risk:

Trade Receivables:

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss to the Company. The maximum exposure to the credit risk as at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers from sale of goods. Trade receivables generally are impaired after three years when recoverability is considered doubtful based on general trend. The Company considers that trade receivables stated in the financial statements are not impaired and past due for each reporting dates under review are of good credit quality subject to outcome of the litigations where the company has initiated legal proceedings for recovery.

Other Financial Assets:

Credit risk relating to cash and cash equivalents is considered negligible since the counterparties are banks which are majorly owned by Government of India and are have oversight of Reserve Bank of India. The Company considers the credit quality of term deposits with banks to be good and the company reviews these banking relationships on an ongoing basis.

The Company considers all other financial assets as at the balance sheet dates to be of good credit quality.

II. Liquidity Risk:

The company's principal sources of liquidity are from Short Term Bank Borrowings, Cash and Cash Equivalents and Cash generated from operations.

The Short-term liquidity requirements consist mainly of Trade Payables, Expense Payables, Employee Dues, Servicing of Interest on Short Term and Long-Term Borrowings and payment of instalments of vehicle loans and other payments arising during the normal course of business.

III. Foreign Exchange Rate Risk:

The Company undertakes transactions denominated in foreign currency mainly for purchase of Ships which are subject to the risk of exchange rate fluctuations. Financial assets and liabilities denominated in foreign currency are also subject to reinstatement risks. Hedging is regularly carried out to mitigate the risks of exchange rate fluctuations.

- e) In the opinion of the Board of Directors, Current Assets & Loans and Advances have a value on realisation in the ordinary course of business equal to the amount at which they are stated in the balance sheet. In the opinion of the Board of Directors, claims receivable against property/goods are realizable as per the terms of the agreement and/or other applicable relevant factors and have been stated in the financial statements at the value which is most probably expected to be realized.

@-1 Current ratio improved during the current year on account of reduction in outstanding balance of trade payables and short-term borrowings out of funds raised through proceeds of right issue and application of funds raised from operational activities.

@-2 Debt-Equity Ratio improved during the year on account of proceeds from right issue, increase in accumulated balances of profits on account of profits generated during the year from operational activities and decrease in outstanding balance of trade payables and short-term borrowings being part of total liabilities as at the end of the current year compared to the previous year.

@-3 Debt-Service Coverage Ratio improved on account of increase in operational activities which has increasing effect on profits of the company and also on account of settlement of short-term borrowings.

@-4 Inventory Turnover deteriorated during the year on account of margin increase in inventory holding period during the current financial year compared to the preceding financial year.

@-5 Increase in higher average balance of trade payables vis-à-vis purchases made resulted into having reducing effect on the trade payable turnover ratio.

@-6 Increase in operational activities and marginal decline in cost of purchase and cost of material consumed has positive impact on net profit margin during the year. Further proceeds from issue share capital and reduction in total liabilities have positive impact on capital employed. Improvement in factors resulted into improvement in return on capital employed.

@-7 Increase in operational activities and better resource management has positive impact on return of investment during the current year.
