Golden Milestones

Annual Report 2024-25

Golden Milestones

FY 2024-25 was a landmark year for Muthoot Finance, defined by strong performance, meaningful progress, and purpose-led transformation. It was a year of Golden Milestones, as we strengthened our leadership in gold loans, advanced digital innovation, expanded our social footprint, and reaffirmed our commitment to inclusive and responsible growth.

Amid a supportive macroeconomic backdrop and evolving gold loan dynamics, we delivered our highest-ever consolidated results. Loan assets under management (AUM) rose to ₹1.22 trillion, while profit after tax stood at ₹53.52 billion. On a standalone basis, AUM crossed ₹1.08 trillion, with nearly 1.8 million new gold loan customers onboarded.

We launched new Gold Loan products, offering 24/7 access to credit, and expanded our network to 4855 branches, deepening our rural and semi-urban presence. Our digital journey gathered pace through enhancements to the iMuthoot app, API integrations, and AI-powered systems, strengthening customer experience and operational agility.

Our subsidiaries contributed 13% to Group AUM and 4% to PAT, underscoring the strength of our diversified financial services platform.

Beyond financial performance, we deepened our social impact. A CSR expenditure of ₹1.03 billion supported initiatives in education, healthcare, and sustainability. Industry recognitions – Great Place to Work and the FICCI Women Empowerment Award reinforced our commitment to people and purpose.

As we look forward to the next year, these milestones lay the groundwork for continued sustainable growth, rooted in trust, innovation, and long-term stakeholder value.

Our guiding inspiration

Our founder, Late Shri M. George Muthoot, envisioned the prospects of gold loans in India long back in 1939. His business insight and vision helped transform India’s gold loan business. Guided by his values, we have strengthened our reputation over the years and established ourselves as a trusted pan-India brand.

Our visionary Chairman, Late Shri M. G. George Muthoot, was instrumental in making Muthoot Finance a Pan-India Company and the largest gold loan NBFC in India. Under his strategic leadership, the Muthoot Group grew into a multidimensional business behemoth from 31 branches in 4 states in 1979 to 4,600+ branches across the country by 2021.

CORPORATE SNAPSHOT

Built on trust. Driven by purpose.

Established in 1887 by Shri Ninan Mathai Muthoot, we entered the gold loan business in 1939 under the leadership of Shri M. George Muthoot. Our aim was to address the credit needs of underserved communities. Over the years, through consistent focus and responsible practices, we have grown into India’s largest and most trusted gold loan NBFC.

We offer easy access to credit for individuals who own gold jewellery but may face delays in accessing formal lending channels. Our core offering – gold loans secured against gold jewellery – supports individuals and small businesses with essential short-term liquidity. In addition, we provide a range of financial services through our subsidiaries, including personal and business loans, insurance distribution and money transfer services.

With a legacy of over 135 years, and headquartered in Kochi, Kerala, our extensive branch network enables us to serve diverse customer segments across India. We create value by offering accessible, ethical, and dependable financial services. By understanding our customers’ needs, we deliver timely, thoughtful support.

Our commitment remains focused on empowering individuals, promoting financial inclusion, and uplifting communities, guided by disciplined execution and a long-term approach to value creation.

CHAIRMAN'S MESSAGE

A golden chapter of milestones

At Muthoot Finance, our journey has always been rooted in trust, responsibility and unwavering purpose. Over the decades, we have built a model of inclusive finance — not just delivering credit but enabling livelihoods, aspirations and resilience.”

George Jacob Muthoot
Chairman & Whole-time Director

Dear Shareholders,

It gives me immense pride to present the Annual Report for FY 2024-25. This year tested the resilience of global economies and institutions yet stood as a testament to the strength of India's growth story and the critical role of Non-Banking Financial Companies like Muthoot Finance in furthering it.

At Muthoot Finance, our journey has always been rooted in trust, responsibility and unwavering purpose. Over the decades, we have built a model of inclusive finance — not just delivering credit but enabling livelihoods, aspirations and resilience. This year, as economic and credit cycles evolved, our long-held conviction in the value of secured, accessible, and ethical finance proved stronger than ever.

FY 2024-25 marked a significant milestone in your Company's journey. Amidst a challenging and uncertain environment, Muthoot Finance delivered a remarkable performance across both financial and non-financial parameters. This achievement reflects not only our operational excellence but also the strength of our purpose.

Such resilience is rooted in the solid foundation laid over eight decades ago, a legacy built on trust, integrity and responsibility. Today, that legacy continues to guide us as we grow with purpose and discipline. By balancing progress with prudence, we are building a future-ready institution, one that remains a steadfast financial partner in Bharat's rise in the global economic landscape.

India's economic resilience: A foundation for confidence

Despite global volatility and tightening financial conditions, India stood out as the fastest-growing major

“
Despite global volatility and tightening financial conditions, India stood out as the fastest-growing major economy, with a GDP growth rate of 6.5%.”

economy, with a GDP growth rate of 6.5%. The macro narrative was driven by robust domestic demand, particularly in rural India, strong services output, a record \$825 billion in exports, and continued momentum in infrastructure investments.

Private consumption rose by 7.3%, contributing its highest share to GDP in over two decades. This growth was not just statistical; it reflected rising aspirations, deeper formalisation, and expanding economic participation across socio-economic strata. For a financial institution like ours, operating at the intersection of tradition and transformation, this evolving landscape presented both immense opportunity and responsibility.

NBFCs: Catalysts of last-mile credit

Amidst this vibrant economic milieu, NBFCs emerged as resilient and agile drivers of credit expansion. With net advances growing at a healthy 20% y-o-y to ₹24.5 trillion and total loan AUM touching ₹28.2 trillion, NBFCs significantly outpaced the banking sector's credit growth of ~12%.

More than just growth, this performance reaffirmed NBFCs' role as indispensable enablers of last-mile credit. Even as overall credit growth moderated to ~13–15% due to high base effects and regulatory tightening, NBFCs maintained momentum, especially in retail and secured lending.

Yet, the year was not without its complexities. Emerging stress in unsecured segments like microfinance and personal loans, with stressed microfinance assets climbing to 5.9% by March 2025, called for sharper risk calibration and operational discipline. Within this context, secured lending and gold loans in particular stood out for their stability and strategic relevance.

Gold loans: A resilient and expanding asset class

FY 2024-25 will be remembered as a defining year for the Indian gold loan industry, as gold loans emerged as the fastest-growing credit category.

This surge was underpinned by:

- A sharp increase in gold prices (over 30% YoY), raising collateral value and enabling wider visibility as a borrowing option for the common man.
- A natural shift from unsecured to secured credit amid regulatory tightening.
- Behavioural shifts that redefined gold — from a cultural store of value to a dynamic financial asset.

For households in semi-urban and rural India, gold loans offered timely liquidity, financial dignity, and security. For lenders, the high collateralisation and short tenures translated into prudent risk profiles.

CHAIRMAN'S MESSAGE

As a pioneer in the segment, Muthoot Finance welcomed this transformation. It reaffirmed the essential, future-ready nature of our gold loan franchise, built on deep customer relationships, ethical governance, and expansive last-mile access.

Unlocking structural growth amidst funding tightness

Even as the gold loan market surged, the sector faced funding constraints. Despite their strong credit performance, bank lending to NBFCs grew only limited, indicating cautious liquidity flows. This dichotomy underscores the need for diversified funding models and greater institutional recognition of the gold loan asset class.

FY 2024-25 will be remembered as a defining year for the Indian gold loan industry. Gold loans emerged as the fastest-growing credit category."

Interestingly, even banks deepened their exposure to gold loans, with outstanding bank gold loans more than doubling during the year. This shift illustrates gold-backed lending's systemic relevance and underscores the need for regulatory clarity and capital efficiency norms that align with its risk-adjusted strength.

At Muthoot Finance, we remained confident in this opportunity, not just as a product of the moment, but as a structurally resilient, counter-cyclical financial solution.

Driving synergies through diversified growth

While gold loans form our core, our broader financial services ecosystem continues to mature, offering customers integrated solutions and adding strategic depth to our portfolio.

- Belstar Microfinance Limited recalibrated its operations in response to industry headwinds, maintained credit discipline, and laid the groundwork for secured lending through gold-backed microcredit.
- Muthoot Homefin (India) Limited expanded access to affordable housing finance in Tier II and III towns, supporting economically weaker and low-income groups with responsible housing credit.
- Muthoot Insurance Brokers continued to scale its health and life segments, ensuring protection-led financial inclusion.
- Muthoot Money Ltd. transitioned its operations from vehicle finance to a pure play Gold Loan NBFC strengthened its footprint across 21 states and 5 UTs.
- Asia Asset Finance PLC, our listed Sri Lankan arm, furthered our regional diversification, offering gold, SME, and leasing products across 100 branches.

Together, our subsidiaries contributed 13% to our consolidated AUM and 4% to PAT — a clear testament to the health, relevance, and sustainability of our diversified business architecture.

Building smarter systems for seamless service

FY 2024-25 was also a landmark year in our digital journey. Our investments in cloud-native architecture, API-first systems, and AI-driven decision-making enabled us to scale more efficiently, respond to customers faster, and enhance service quality across channels.

Our upgraded iMuthoot app, doorstep-enabled Loan@Home platform, and products offering dynamic limits, 24/7 access, and interest-on-utilisation exemplify this shift. Together, they place financial control directly in the hands of our customers, offering convenience without compromise.

As we transition into a hybrid model of phygital engagement, we continue to blend our legacy of personal trust with the speed and scalability of digital innovation.

Our upgraded iMuthoot app, doorstep-enabled Loan@Home platform, and products offering dynamic limits, 24/7 access, and interest-on-utilisation exemplify this shift."

Committed to inclusive and sustainable growth

Even as we expand and digitise, we remain deeply committed to social equity. Our community initiatives, guided by the IRECS framework: Inclusiveness, Relevance, Efficiency, Collaboration, and Sustainability, reached over countless beneficiaries this year, spanning healthcare, education, environmental sustainability, and rural empowerment.

From scholarships worth ₹13.40 million under the Muthoot M George Excellence Awards to clean water initiatives, diabetic care centres, and housing projects under Muthoot Aashiyana, our CSR efforts reflected our role not just as a financier but as a societal partner.

We also responded to national imperatives, distributing school kits, promoting solar energy, and providing disaster relief where needed, proving that responsible business can be a powerful force for development.

People power: Building capability and culture

At the heart of our achievements are the people who make them possible. This year, we invested in building a future-ready workforce through digital hiring platforms, leadership development, succession planning, and the Pathshala internship programme.

From scholarships worth ₹13.4 million and the Muthoot M George Excellence Awards to clean water initiatives, diabetic care centres, and housing projects under Muthoot Aashiyana, our CSR efforts reflected our role not just as a financier but as a societal partner."

Under Project Pragati, we reimaged our HR frameworks, digitised core functions, and fostered a culture of merit and mobility. Our recognition as a Great Place to Work (fourth year running) and FICCI's award for women's empowerment are affirmations of our employee-first, inclusive ethos.

Looking ahead

As we look ahead to FY 2025-26, we are conscious of both the opportunities and responsibilities that lie before us. The gold loan market continues to expand, offering both counter-cyclical strength and social relevance. Our diversified model is well placed to manage risk and create value. Our digital foundation enables scale with speed. And our purpose to provide safe, ethical, and accessible finance remains our North Star.

In a rapidly evolving environment, what sets us apart is not just what we do, but why we do it. At Muthoot Finance, we remain guided by a vision of shared prosperity, one that includes every household we serve, every community we uplift, and every stakeholder we work with.

On behalf of the Board of Directors, I extend sincere gratitude to our customers, employees, investors, regulators, and partners for your continued trust. Let us step forward together — responsibly, inclusively, and with conviction.

Warm regards,

George Jacob Muthoot
Chairman & Whole-time Director

MANAGING DIRECTOR'S MESSAGE

Staying the course Strengthening the future

“Throughout the year, we remained focused on responsible growth and inclusive service delivery. From expanding in rural and semi-urban India to launching smarter gold-backed solutions and refining our digital ecosystem, every initiative was guided by our commitment to create long-term stakeholder value.”

George Alexander Muthoot
Managing Director

Dear Shareholders,

As we close FY 2024-25, I take great pride in presenting Muthoot Finance Limited's Annual Report, a year marked by steady progress, strategic evolution, and the enduring trust of our stakeholders.

Throughout the year, we remained focused on responsible growth and inclusive service delivery. From expanding in rural and semi-urban India to launching smarter gold-backed solutions and refining our digital ecosystem, every initiative was guided by our commitment to create long-term stakeholder value.

India's economy continues to offer a strong foundation, with projected GDP growth of 6.4% in FY 2025-26, driven by infrastructure reforms, formalisation, and inclusive programmes, boosting consumption and credit demand across regions.

Within this context, NBFCs are playing a critical role by bridging credit access gaps for underserved communities. With sector credit expected to grow at a CAGR of 15-17% between FY 2024-25 and FY 2026-27, NBFCs are well-placed to support entrepreneurship and financial inclusion.

Recent RBI measures, including reduced risk weights on bank lending to NBFCs, are improving liquidity and funding access for well-governed players. Easing interest rates are further expected to support margins and operational efficiency while ensuring asset quality remains strong.

Delivering growth with purpose, scale and discipline

At Muthoot Finance, our performance in FY 2024-25 affirms our steadfast commitment to responsible finance,

“**India's economy continues to offer a strong foundation, with projected GDP growth of 6.4% in FY 2025-26, driven by infrastructure reforms, formalisation.”**

inclusive access, and sustainable value creation. Amid evolving macroeconomic conditions, we remained anchored in our core values of trust, discipline, and customer-centricity, enabling purposeful and resilient growth.

Grounded in a legacy of prudent governance and community-focused service, our business model proved both scalable and adaptive. We achieved record performance across key metrics, reinforcing our leadership in gold loans and validating our diversified growth strategy.

- Consolidated loan AUM reached an all-time high of ₹1.22 trillion (▲37% YoY), while standalone loan AUM grew by 43% to ₹1.08 trillion.
- We posted our highest-ever profitability, with consolidated PAT at ₹53.52 billion (▲20% YoY) and standalone PAT at ₹52.01 billion (▲28% YoY).
- Our gold loan AUM reached ₹1.03 trillion, a 41% YoY rise, cementing our leadership in secured lending.
- We disbursed ₹218 billion in gold loans to nearly 1.80 million new

customers, underscoring our deepening relevance nationwide.

- Interest income collections reached a record ₹155 billion, highlighting our strong asset quality and disciplined credit practices.

Our physical footprint expanded in step with demand. The Group's branch network grew 13% to 7,391 locations, with Muthoot Finance operating 4,855 branches. With 59% presence in South India and growing reach in other regions, we remain focused on bridging credit access gaps, particularly in rural and semi-urban areas.

Average gold loan AUM per branch rose to ₹212 million, a testament to strong productivity and local engagement. Our sound governance was further recognised through credit rating upgrades from S&P (BB+) and Moody's (Ba1).

To reward shareholder trust, we declared a ₹26 dividend per equity share, our highest ever.

These milestones go beyond financial success. They reflect the impact of delivering secure, accessible, and purpose-driven financial solutions, empowering communities, supporting entrepreneurship, and advancing inclusive growth across India.

Consolidating strength through strategic diversification

In FY 2024-25, our subsidiary businesses continued to enhance the Muthoot Finance Group's portfolio, contributing to its balance, diversification, and long-term resilience. Each entity added strategic value aligned with our vision of inclusive and responsible finance.

MANAGING DIRECTOR'S MESSAGE

Belstar Microfinance Limited maintained an Loan AUM of ₹79,699 million while navigating a dynamic environment with discipline. It prioritised capital adequacy, recalibrated its lending model, and laid the groundwork for gold-backed microloans. The filing of its DRHP marked a key step in its growth journey.

Muthoot Homefin (India) Limited expanded housing credit access for EWS and LIG segments in Tier II and III cities, with PAT rising 114% YoY to ₹395 million and loan AUM reaching ₹29,846 million.

Muthoot Insurance Brokers Private Limited scaled across retail health, traditional life, and group insurance segments. It generated ₹1,660 million in revenue, up 9% YoY, leveraging our nationwide distribution network.

Muthoot Money Ltd. reported a loan portfolio of ₹39,027 million across 21 states and 5 UTs. Strong fundamentals and operational scale helped retain its CRISIL AA/Stable rating.

Asia Asset Finance PLC, our Sri Lankan subsidiary, expanded its loan book to LKR 31,334 million and reported a PAT of LKR 441 million. With 100 branches, it continued to grow in gold loans, leasing, and SME finance.

Together, these businesses contributed 13% to consolidated AUM and 4% to PAT, strengthening our platform with earnings diversity and strategic flexibility.

As we move forward, we will continue scaling these verticals sustainably, unlocking synergies, and broadening access, delivering long-term value to our stakeholders.

Strengthening competitive edge through technology

We view technology as a key enabler of long-term value creation. During FY 2024-25, we continued to invest in scalable, secure, and customer-focused digital infrastructure to drive efficiency, expand reach, and reinforce our leadership in gold-backed credit.

We launched differentiated offerings and digitised journeys for unsecured loans, backed by robust platforms including our iMuthoot mobile app, which now serves over 15.4 million users. These initiatives have supported faster turnaround times, greater product accessibility, and improved cost efficiency.

During FY 2024-25, we continued to invest in scalable, secure, and customer-focused digital infrastructure to drive efficiency, expand reach, and reinforce our leadership in gold-backed credit."

Our tech stack evolved significantly, with microservices architecture, API-first development, cloud-based analytics, and AI-led automation improving service delivery, decision-making, and compliance. Enhanced onboarding tools, real-time lead allocation, automated KYC and AML workflows, and advanced cybersecurity protocols have further strengthened risk management and operational resilience.

As we scale our multi-product portfolio and deepen customer relationships, our digital transformation efforts will continue to unlock sustainable growth, margin efficiency, and stronger stakeholder trust.

Deepening brand trust through purposeful outreach

During the year, our marketing efforts played an instrumental role in strengthening customer trust, enhancing brand awareness, and supporting our strategic portfolio expansion. At Muthoot Finance, every campaign is a meaningful opportunity to connect with the communities we serve.

Through purpose-led, multi-channel initiatives, we reinforced our leadership in gold-backed credit with various gold loan offerings Loans against Property, and Personal Loans. Campaigns such as Sunheri Soch (Season 3), Gold Loan Mela, and Bharosa India Ka resonated widely, showcasing how our solutions empower everyday aspirations.

Our integrated storytelling, featuring authentic customer stories, brand ambassadors, and regional activations, built deeper relevance and emotional connection. A highlight was our

presence at Maha Kumbh 2025, where we offered Vishwaas Ki Tijori locker services and on-ground support, blending service with social impact.

We further strengthened recall through metro branding, digital-first outreach, and influencer-led campaigns, grounded in accessibility, transparency, and empathy.

Recognition as India's Most Trusted Financial Services Brand for the ninth consecutive year reaffirms the enduring strength of our customer relationships, built on trust, purpose, and consistent delivery.

Looking ahead

As we enter FY 2025-26, we do so with clarity and confidence. The gold loan opportunity continues to grow, our diversified model remains resilient, and our digital backbone is driving agility and scale. Most importantly, our people are united by a shared purpose—to deliver secure, accessible, and responsible financial solutions that create lasting impact.

We continue to foster a workplace where individuals can thrive and grow into leadership, while deepening community engagement, customer trust, and inclusive growth. Our approach balances performance with purpose, grounded in compassion and built for long-term progress.

Though external conditions may shift, our mission remains clear. With a strong legacy and an innovation-led strategy, we are well-positioned to create enduring value for all stakeholders.

On behalf of the Board, I thank our customers, employees, partners, regulators, and shareholders for their continued trust. Together, let us grow forward, with integrity and purpose.

Warm regards,

Where customer trust meets business performance

Muthoot Finance Limited

We are India's largest gold financing company by loan portfolio and a trusted name in gold loans across the country. Muthoot Finance Ltd is certified as 'India's Most Trusted Financial Services Brand' for the 9th year in a row by TRA's Brand Trust Report 2025. Our efforts have helped transform gold banking and empower millions across all sections of society.

Our lending is based on using Household Used Gold Ornaments (HUGO) as collateral. We do not deal in gold bullion. Instead, we focus on meeting the specific credit needs of individuals by providing quick and reliable access to funds.

We ensure safety through insured lockers for pledged gold and maintain transparency by clearly stating interest rates and charges upfront. We remain committed to fair, honest, and customer-friendly practices, with no hidden fees.

We also continue to invest in digital services. Customers can access gold loans, withdraw funds, renew loans, pay interest, and repay loans online through our iMuthoot mobile app and website, making the experience simpler and more convenient.

Muthoot Finance is transforming into a digitally driven, future-ready organisation. With a focus on customer convenience, tech-enabled operations, data strength, and empowered teams, we are enhancing competitiveness and stakeholder trust. Our capability-building efforts support scalable, resilient, and technology-led growth.

MARKETING

Campaigns that connect Stories that inspire

At Muthoot Finance, our marketing strategy in FY 2024-25 reinforced our commitment to financial inclusion, customer trust, and purpose-led growth. Through integrated campaigns and authentic storytelling, we strengthened our leadership in gold loans and increased awareness of our wider financial offerings. Focused messaging, strong product promotion, and presence across high-impact platforms helped deepen engagement, enhance brand recall, and support customers in achieving their financial goals.

Recognised as India's No.1 Most Trusted Financial Services Brand for the ninth year (TRA's Brand Trust Report 2025), reaffirming our strong customer trust and brand equity.

Sunheri Soch

Our flagship campaign, Sunheri Soch, entered its third impactful season, continuing to inspire millions across India. It highlighted how customers transformed idle household gold into a powerful financial tool to achieve meaningful goals, turning aspirations into achievements.

360-Degree Gold Loan Acquisition Campaign

Building on the success of Sunheri Soch Season 3, we launched a full-funnel gold loan campaign featuring Shri Amitabh Bachchan as a radio jockey. Through real conversations with customers, the campaign showcased how gold can be a tool for progress, reinforcing our brand promise of trusted credit that empowers dreams.

Featured stories included:

- Lakshmi & Sandhya (Delhi) – started a home business
- Vikram Ji (Chandigarh) – expanded his shop
- Rakesh Kumar (Hamirpur) – funded his daughter's education

MARKETING

Gold Loan TVCs

This year, we launched two television commercials, voiced by our brand ambassador Shri Amitabh Bachchan, to showcase the transformative power of our gold loans. The films delivered a clear message—don't let gold lie idle; use it to pursue aspirations and build a better future.

- **The Supermart Story** depicted the journey of a family-run grocery store evolving into a modern supermarket with the help of a gold loan.
- **Kaapi Dreams** narrates how a young entrepreneur fulfilled his aspiration of starting a coffee shop, Amma's Kaapi, using gold-backed credit.

Gold Loan Mela

As part of our continued focus on credit mobilisation, we launched the Gold Loan Mela campaign to deepen customer engagement through rewards and branch-level activations. The initiative strengthened customer relationships and reinforced our leadership in the gold loan segment.

Key highlights included:

- A Refer & Win programme to encourage customer advocacy
- Gold Milligram Rewards to incentivise participation
- Localised engagement initiatives across branches to drive footfall and awareness

Diversification into Non-gold Loan Products

As part of our product diversification strategy, we nationally advertised two new financial offerings for the first time, further positioning Muthoot Finance as a multi-product, customer-first financial institution.

- **Loan Against Property (LAP):** Designed for underserved customers, this offering ensures competitive rates and quick disbursement. A relatable TVC, narrated by Shri Amitabh Bachchan, captured a customer's pleasant surprise on discovering LAP alongside our trusted gold loan service.

- **Personal Loan (PL):** A fully digital, collateral-free offering, the PL campaign featured a light-hearted storyline with a couple. Shri Bachchan highlighted the ease of availing the loan, reinforcing our commitment to accessible, simplified credit solutions.

MARKETING

Bharosa India Ka

We launched the Bharosa India Ka campaign featuring our brand ambassador, Mrs. Madhuri Dixit, celebrating the deep trust millions of Indians place in Muthoot Finance. It highlighted the emotional and financial security we provide, reinforcing our promise to safeguard what matters most—their gold.

Metro Station Semi-naming Rights

We renewed our semi-naming rights at key metro stations—Greater Kailash in New Delhi, Nandanam in Chennai, and Jaipur Metro. These high-footfall urban locations enhanced our brand visibility and served as strategic touchpoints to engage a broad and diverse commuter base.

Vishwaas Ki Tijori at Maha Kumbh 2025

To support over 400 million pilgrims at Maha Kumbh Prayagraj 2025, we reinstated Vishwaas Ki Tijori, a complimentary, high-security locker service with 24/7 surveillance. Inaugurated by Shri Alexander George Muthoot and senior marketing leaders, the initiative also offered woollen blankets, resting areas, leak-proof jerrycans, and eco-friendly bags.

This effort reflected our commitment to public service, spiritual harmony, and community well-being.

Our integrated campaigns this year reinforced brand trust, deepened customer engagement, and showcased the impact of our offerings. From gold loans as enablers of progress to new product launches and regional outreach, we remained focused on empowering aspirations and driving inclusive, customer-centric growth.

‘Swami AI Chatbot’ at Sabarimala

In collaboration with the District Administrative Department, Pathanamthitta. We proudly supported the creation of the ‘Swami AI Chatbot’, designed to enhance the Sabarimala pilgrimage experience.

This real-time chatbot seamlessly connected with the District Administrative Department,

Sabarimala Devaswom Board, Crowd Management Team, Emergency Evacuation Team & Medical Support Team, ensuring comprehensive support for pilgrims. It provided essential details about temple information, assistance with any emergencies, responses to enquiries related to pilgrimage, and weather updates at Sabarimala. The Sabarimala pilgrims were able

to interact with the Chatbot in six languages: Malayalam, English, Hindi, Telugu, Tamil and Kannada.

We had the privilege of launching the Swami Chatbot in the Chief Minister’s Chamber, inaugurated by the Hon’ble Chief Minister of Kerala, Pinarayi Vijayan.

TECHNOLOGY AND DIGITISATION

Strengthening operations through digital innovation

At Muthoot Finance, we prioritise technology and digital innovation to elevate customer experience, improve efficiency, and support long-term growth. Our strategy focuses on delivering seamless, accessible services tailored to new-generation and millennial customers.

We view technology as a key enabler, deploying scalable, secure, and future-ready systems aligned with our business goals. This chapter highlights initiatives that drive innovation, build resilience, and manage risk in a dynamic market.

By adopting emerging digital tools, we aim to deliver value, strengthen trust, and retain our competitive edge in India's fast-evolving financial sector.

Application landscape Strategic shift to Microservices and API-first architecture

To boost agility, scalability, and speed-to-market, we began transitioning from monolithic systems to a modular microservices architecture, enabling faster innovation and lower risk. Alongside, our API-first strategy ensures secure, standardised integration across systems and partners – advancing our vision of a connected, digitally resilient enterprise.

Enhancing security position through next-generation identity and access controls

Given the sensitivity of financial data, we prioritise strong security with an API-based layer, Multi-Factor Authentication (MFA), and Single Sign-On (SSO) for a secure,

seamless experience. Our ASVS Level 1-certified framework meets regulatory standards and integrates across our digital ecosystem, reinforcing data protection and operational integrity.

Coexistence and migration: Business continuity during transition

We prioritise business continuity through a phased migration strategy that runs modern and legacy systems in parallel, ensuring data sync, system stability, and uninterrupted services with minimal disruption.

Enabling agility with Cloud-ready hybrid architecture and DevSecOps

We follow agile development with DevSecOps, embedding security and quality to enable faster releases, better business alignment, and quick market response.

Proactive monitoring for operational resilience

We implemented real-time monitoring to improve observability, cut response times, boost service

availability, and ensure reliability—key stakeholder priorities.

Infusing intelligence into our foundation with AI/ML capabilities

We've invested in AI and ML for intelligent automation and real-time insights, enabling anomaly detection, fraud prediction, personalised services, and data-driven decisions—delivering smarter, faster, safer financial solutions.

Key technology adoption highlights

- emConnectSpace:** Implemented an API management platform by Emsyne to unify services, streamline integration, boost efficiency, and cut development time.
- Face match feature:** Introduced Face Match with liveness detection to boost verification, prevent fraud, and ensure compliance in loan processes.
- Do-It-Yourself (DIY) journey for Insta Personal Loan (PL):** Launched a fully digital Insta Personal Loan journey with real-time checks, instant approval, and quick disbursement, improving speed and convenience.
- Voice BOT integration:** Implemented a Voice BOT allowing customers to request loan top-ups via simple voice commands, enhancing convenience and accessibility.
- Virtual account e-lock:** Introduced a virtual account-linked repayment option with an 'e-lock' feature, offering customers secure, convenient control over loan repayments.
- KFS implementation:** Replaced traditional terms with Key Fact Statements (KFS), offering clear, concise loan details to improve transparency and informed decisions.
- Deployment of POS terminals:** Partnered with a leading bank to deploy POS terminals across branches, simplifying payments and strengthening digital infrastructure.
- VPA enablement:** Introduced VPA-based loan disbursements for faster digital payouts, streamlining account linking and supporting paperless transactions.
- Enhanced fund transfers at treasury:** Automated treasury fund transfers for timely, accurate allocation and improved cash flow management.
- AML integrations:** Implemented real-time AML verification for instant screening, enhancing compliance and risk mitigation.
- Audit scoring:** Implemented a risk-based scoring system using 13 parameters to classify loan applications by risk level, ensuring consistent credit assessment and prudent lending.
- emConnectSpace:** Implemented an API management platform by Emsyne to unify services, streamline integration, boost efficiency, and cut development time.
- eNACH integrations:** Integrated NACH into our loan workflow to enable faster disbursements, reduce manual tasks, improve repayment reliability, and support eNACH for paperless operations.
- iMuthoot facelift:** Revamped the iMuthoot app with enhanced user journeys and simplified login, boosting accessibility and crossing 1 million users during the year.
- iMuthoot transaction optimisation:** Advanced key transaction journeys in the iMuthoot app, boosting top-ups, repayments, and overall user engagement.
- Empowerment using Loan@Home:** Upgraded the Loan@Home agent app for on-site onboarding, with integrated CRM, document checks, and KFS approval to streamline loan origination.
- Real-time lead auto-allocation:** Implemented real-time lead auto-allocation for Loan@Home agents, integrated with our call centre for centralised tracking, boosting productivity and conversions.

TECHNOLOGY AND DIGITISATION

Infrastructure landscape

Cloud implementation for CRM Platform

We migrated our CRM to the cloud, boosting efficiency, scalability, and responsiveness. The new system supports higher interaction volumes with improved uptime and reduced dependence on physical infrastructure, ensuring a seamless user experience.

Adoption of cloud infrastructure for analytics

We adopted cloud services as our central data warehouse, replacing siloed sources and manual reporting. This shift enabled automated, advanced reporting and predictive models for campaign targeting, collections, cross-selling, and foreclosure prediction, driving faster, data-led decisions across the business.

IT operations landscape

CKYC implementation

In line with RBI and CERSAI guidelines, we upload KYC records to the Central KYC Registry (CKYCR) within 10 days of account creation. CKYC-compliant data is submitted via SFTP or API, generating a 9-digit reference and 14-digit CKYC number upon validation. We also ensure timely updates to customer KYC data as needed.

Digital initiatives

In FY 2024-25, we advanced our digital strategy to offer seamless, secure, self-service experiences tailored to new-age and millennial customers, focusing on simpler transactions, better accessibility, and reduced friction.

Convenient credit disbursement and repayment options

To enable faster, flexible credit, we enhanced the Direct Credit Facility for

loan disbursements via NEFT, RTGS, IMPS, and UPI, eliminating cash handling and ensuring immediate access.

We introduced PoS terminals at select branches for debit card interest payments, waiving swiping charges to boost digital adoption.

Repayment options expanded across digital channels, including UPI, Google Pay, PhonePe, BBPS, and virtual accounts. UPI AutoPay and eMandates were also launched for automated EMI collections, improving convenience, flexibility, and reliability.

Strengthening customer engagement through messaging platforms

We upgraded our WhatsApp service, enabling customers to check loan offers, apply for loans, and download the iMuthoot app directly, making access easier and more convenient.

Simplified loan servicing and onboarding

We introduced self-service features for loan top-ups, boosting customer satisfaction and operational efficiency.

Our AI chatbot offers real-time support across platforms, while RPA-enabled 'Penny Drop' verification simplifies secure bank linking.

We also enabled Video and Digital KYC via our CRM for smooth, compliant onboarding.

Payment innovation and security enhancements

We eased repayments by sending BBPS links via SMS and WhatsApp and added Razorpay to the iMuthoot app for more digital payment options.

Automated UPI VPA mapping with verified mobile numbers improved accuracy and payment reliability.

Advancements in the iMuthoot mobile app

Since its November 2016 launch, the iMuthoot app has been central to our digital engagement, with 15.4 million downloads and 3.3 million users. It supports gold loan applications, renewals, repayments, and lead generation for personal, home, and property loans.

This year, we simplified registration, redesigned the homepage for better navigation and cross-selling, and integrated Google Maps for branch booking.

The app now offers Online Gold Loan services, enabling digital withdrawal and renewal, with over 51.2 million transactions recorded through the app and Empay.

Additional enhancements included:

- Online bank account linking for faster disbursements
- Scheduler-based utility bill payments using top-up eligibility
- Integrated UPI Intent Call for real-time status updates, reducing customer complaints
- One-click card payments with auto OTP and seamless checkout
- Gateway status restriction to block repeated transactions on pending/failed attempts, enhancing stability and reducing errors

Process enhancements in onboarding and collections

To boost efficiency and customer experience, we deployed an automated document processing system in our CRM, using third-party tools to streamline onboarding verification. This reduced processing time, improved accuracy, and smoothed onboarding.

Aligned with RBI guidelines on NACH processing, we onboarded a vendor with API integration for faster automation and turnaround. We now share collection summaries with the Business team within two days, enhancing oversight and transparency.

New initiatives

- Optimised WhatsApp to let customers check offers, apply for loans, and download the iMuthoot app
- Enabled DIY loan top-ups without branch visits
- Launched an AI chatbot for transaction support
- Added RPA-based Penny Drop for secure bank linking
- Enabled Video and Digital KYC via CRM for smooth onboarding
- Introduced BBPS payment links via SMS and WhatsApp
- Integrated Razorpay in the iMuthoot app
- Used RPA for secure UPI VPA mapping via verified mobiles

ENVIRONMENT

Acting responsibly Thinking sustainably

At Muthoot Finance, environmental responsibility is central to our ethos. We believe sustainable value must protect natural ecosystems. In FY 2024-25, we focused on responsible waste management, renewable energy use, community awareness, and biodiversity, reinforcing our commitment to a cleaner, greener future.

Cleanliness drives

Across key urban and rural areas, we rolled out focused cleanliness drives that not only encouraged civic responsibility but also visibly uplifted local environments. These efforts helped create cleaner, healthier spaces

while reinforcing the importance of hygiene and shared responsibility among communities.

- At Aksa Beach, Malad, Mumbai, our team collected 189 kilograms of garbage as part of a focused beach clean-up effort.

- Organised a Mega Cleanliness Drive under the "Swachhata Hi Seva Campaign 2024," which spanned our Corporate Office North in Alaknanda, New Delhi, and extended across zonal, regional, and branch offices. These efforts led to the collection of over 70 packets of waste.

Sustainable waste management

As part of our commitment to cleaner communities, we extended support to municipalities by providing resources that strengthened local waste collection systems. These efforts contributed to improved sanitation, healthier living conditions, and enhanced urban hygiene.

- Inaugurated a 10,000-litre underground water tank at GHPS

Mandaghatta, Shivamogga, Mangalore, ensuring reliable water access for the kitchen and hygiene needs of students. This initiative strengthens health and sanitation infrastructure at the grassroots level.

- Donated three E-Cart Garbage Loader Vans to the Municipal Corporation of Delhi (MCD) to enable effective waste management in narrow city lanes.

Renewable energy interventions

We advanced the integration of renewable energy solutions across community and institutional infrastructures, helping reduce carbon footprints, lower energy costs, and promote long-term environmental sustainability.

- On World Environment Day 2024, Muthoot Finance and Prathvi Swayam Sevakaru Trust planted fruit-bearing saplings at Valley Hill Layout, Mary Hill, Gurunagar, Mangalore, promoting land restoration and drought resilience.
- Donated two 5 KW off-grid solar panel trolleys to the 70th Armoured

Regiment of the Indian Army in Jodhpur, Rajasthan, providing reliable and sustainable electricity in remote areas, benefiting around 300 personnel.

- Commissioned solar power capacity at our Head Office in Kochi and are

working towards expanding solar installations across MFIN-owned office buildings.

- We operate three windmills of 1.25 MW each, totalling 3.75 MW, in Tirunelveli District, Tamil Nadu, contributing renewable power directly to the grid.

Ecological conservation

Our initiatives in biodiversity protection and sustainable agriculture underscore our commitment to ecological conservation. By raising environmental awareness and promoting responsible land use, we support healthier ecosystems, foster community stewardship, and contribute to long-term environmental resilience.

PEOPLE

People-led progress

At Muthoot Finance, our people strategy plays a vital role in driving sustainable growth and long-term value. This year, we focused on strengthening our workforce through targeted hiring, leadership development, digital tools, and employee engagement. Our efforts aimed to improve the employee experience, boost performance, and prepare our people for the future.

Talent acquisition and internship programmes

We continued strengthening our workforce by hiring across roles and strengthening leadership capacity, ensuring optimal staffing and operational efficiency. Our internship initiative, Pathshala—run in alignment with the Ministry of Skill Development and Entrepreneurship, remains a foundation of our youth empowerment efforts. Through hands-on, industry-relevant training, it improves employability and fosters sustainable livelihoods. Many interns have successfully transitioned into full-time roles, highlighting the programme’s long-term social and economic impact.

Recruitment initiatives

We conducted mega and walk-in recruitment drives across regions, onboarding interns, actively engaging, and absorbing them into full-time roles. We also hired from top institutions like IIM Kozhikode and IIM Rohtak and partnered with leading B-schools, reinforcing our commitment to skill development and inclusive workforce building.

Technology-enabled hiring and automation

To strengthen inclusive and transparent hiring, we implemented a fully digital Applicant Tracking System with AI-led CV parsing, MIS dashboards, and automated job postings. We also onboarded a new background-check provider and are finalising another to expand our capabilities. These enhancements have improved recruitment efficiency, ensured secure hiring, and reinforced the credibility of our workforce initiatives.

PEOPLE

Career progression and retention

In FY 2024-25, we strengthened employee engagement through promotions, timely appraisals with

grade-wise hikes, and our highest-ever quarterly performance incentives. The Muthoot Achievers Plan (MAP) recognised top performers and contributed to reducing attrition.

A dedicated retention team further supported this effort, bringing attrition down, boosting workforce stability and long-term commitment.

Learning, development and succession planning

We launched the Managers Development Programme (MDP) to build leadership capabilities and strategic thinking across levels. Through structured upskilling, digital learning, and cross-functional assignments, we strengthened workforce readiness. Our succession planning framework ensures continuity by preparing internal talent for key roles, reflecting our commitment to long-term capacity building and inclusive growth.

Internal mobility and talent optimisation

We strengthened our Internal Job Posting (IJP) platform to support transparent career growth and internal mobility. We enhanced our Promotion Policy and evaluation metrics to ensure fairness. Standardised CTC structures, bulk payroll activation, and vacancy ageing trackers improved workforce planning and operational efficiency, encouraging a more structured and equitable workplace.

Project Pragati – A long-term HR transformation initiative aligned with our people practices with global standards, enhancing performance management, policy design, and workforce planning to build a more equitable and future-ready workplace. Key developments during the year included:

- Organisational redesign and competency mapping
- Enhanced role clarity and performance management
- Pilot rollouts in Delhi, Chandigarh, and Siliguri
- Ongoing work on revising compensation structures and aligning HR policies

Employee engagement and wellbeing

We marked key occasions with celebrations, medical camps, and sports meets to foster team spirit and engagement. A Mediclaim policy for employees' parents is also being introduced, furthering our commitment to employee wellbeing.

Recognition and accolades

- Received **Great Place to Work™** certification for the fourth consecutive year
- Recognised with **FICCI Women Empowerment Awards** in Career Development, Skill Development and Mentorship categories

MUTHOOT SOCIAL RESPONSIBILITY

Strengthening communities with a legacy of care

At Muthoot Finance, our CSR strategy is rooted in the conviction that true progress stems from empowering individuals and uplifting entire communities. In FY 2024-25, we advanced this belief through a series of targeted, high-impact initiatives aimed at addressing critical social challenges, fostering inclusive development, and supporting sustainable livelihoods across India. Guided by the compassionate legacy of our founding leadership, each programme reflected our enduring commitment to community resilience and long-term transformation.

From strengthening healthcare access and supporting education to enabling economic independence, our initiatives have helped unlock opportunities and restore dignity for thousands across urban, rural, and tribal regions. With a total CSR spend of ₹1,029 million, our efforts reached communities not

only across India but also in Sri Lanka, reaffirming our purpose of driving meaningful, lasting impact across geographies. As we look to the future, we remain deeply committed to expanding this reach, propelled by purpose, compassion, and a vision of a more equitable and sustainable world.

Housing and Livelihood Support

Muthoot Aashiyana

As part of our continued efforts to uplift underserved communities through safe and secure housing, we partnered with Mar Elia Cathedral in Kottayam to support the construction of six homes, which were blessed by His Holiness Baselios Marthoma Mathews III. We also marked a key milestone with the handover of our 251st home at Meenangal Government Tribal High School in Thiruvananthapuram, in collaboration with the Rotary Club of Trivandrum Phoenix. Furthering our commitment, we laid the foundation for six new homes in Sivaramamangalam, Tamil Nadu, to rehabilitate families impacted by recent floods. These initiatives extend beyond providing shelter; they help restore dignity,

strengthen livelihoods, and foster a sense of belonging among marginalised communities. Our sustained focus on housing and inclusive development was honoured with a Gold award at

the Tusker CSR Leadership Awards in August 2024, a testament to the meaningful and enduring social impact of our interventions.

Muthoot Vivahasammanam

Through Vivahasammanam, we extended compassionate financial support to widowed mothers in Telangana, helping them solemnise their daughters' weddings with dignity and hope. This initiative is rooted in our belief that no mother should feel alone or helpless during one of life's most significant milestones. By easing financial burdens and enabling a joyful transition into a new phase of life for these young women, the programme helped restore confidence and honour to families navigating difficult circumstances. Beyond monetary aid, Vivahasammanam reaffirmed our commitment to inclusion and social equity, ensuring every woman, regardless of her background, is given the respect and opportunities she deserves.

MUTHOOT SOCIAL RESPONSIBILITY

Livelihood

In our continued endeavour to promote inclusive and dignified livelihoods, we supported vulnerable communities in JJ Colony, New Delhi, by distributing vegetable carts to widows, persons with disabilities, and other underprivileged individuals. This initiative enabled recipients to begin or expand their small businesses, offering them a pathway to financial independence and self-worth. In a further step towards empowerment, we also donated battery-operated tricycles to differently abled beneficiaries in Delhi. These mobility aids not only enhanced physical access and freedom of movement but also opened up new avenues for daily engagement, social inclusion, and income generation. Together, these efforts reaffirm our commitment to building an ecosystem of opportunity and respect for those at the margins of society.

Education and Youth Empowerment

Scholarships and awards

Through the Muthoot M. George Excellence Awards 2024-25, we reaffirmed our deep-rooted commitment to educational empowerment by awarding scholarships to over 1,400 deserving students across India. This initiative, with scholarships totalling ₹4.3 million, supported bright young minds in continuing their academic journey, many of whom are first-generation learners from underserved backgrounds. Strengthening this vision, we pledged ₹10 million to honour meritorious students in Classes 8 and 9 across all 788 districts, encouraging

academic excellence at the grassroots level. Celebratory ceremonies held in Kochi, Mumbai, and Karnataka brought together students, families, and community leaders, creating moments of inspiration and pride. Our support also extended to higher education, with ₹4.8 million in scholarships granted to students pursuing professional degrees in medicine, engineering, and nursing—helping unlock opportunities for careers that not only uplift individuals but also contribute meaningfully to society. Through these sustained efforts, we aim to nurture a generation of empowered youth equipped to shape a brighter, more inclusive future.

MUTHOOT SOCIAL RESPONSIBILITY

Smart learning infrastructure

As part of our commitment to bridging the digital divide and promoting equitable education, we launched Muthoot Smart Classrooms in schools located in Unnao, Uttar Pradesh, and Malad, Maharashtra. These classrooms, equipped with LED TVs, computers, ergonomic desks, and digital learning tools, are transforming conventional education into dynamic, tech-enabled experiences, making learning more engaging, accessible, and effective for students from underserved communities. Extending our impact beyond individual initiatives, we partnered with Round Table India to enhance the infrastructure of St. Louis L.P. School in Kochi, fostering a more inspiring and supportive environment for learning. In Rewari, Haryana, we focused on early childhood education

by upgrading an Aanganwadi Centre with smart infrastructure and child-friendly amenities, creating a nurturing space where young children can thrive. These interventions not only address vital infrastructure gaps but

also lay the groundwork for a digitally empowered future. By ensuring equal access to quality learning resources, we are helping shape a future where every child, irrespective of location or background, has the opportunity to learn, grow, and succeed.

School support and kit distribution

As part of our commitment to fostering inclusive education, we extended meaningful support to children from marginalised communities, enhancing both their access to learning and their sense of dignity. In Delhi, we distributed school bags to young learners from slum areas, an initiative that not only provided essential learning tools but also strengthened their sense of inclusion within the classroom. In Haridwar, Uttarakhand, we supported tribal students by providing educational kits, helping to bridge critical resource gaps that often disrupt academic continuity in remote regions. These efforts are grounded in our belief that education is not just a right but a powerful catalyst for lasting social transformation, unlocking opportunities, building confidence, and paving the way for a more equitable future.

Youth innovation

As part of our commitment to advancing financial inclusion through innovation, we launched the Muthoot Finclusion Challenge 2025—a national platform designed to spark entrepreneurial thinking and socially impactful financial solutions among India's brightest young minds. The challenge resonated deeply with students across the country, attracting over 5,700 participating teams, each eager to contribute to the cause of inclusive growth. Finalists from prestigious institutions such as MDI Gurgaon, IIM Lucknow, and BITS Pilani emerged with pioneering ideas that reflected both ingenuity and a deep understanding of ground-level challenges in underserved communities.

More than just a competition, the Finclusion Challenge became a movement—amplifying youth voices, encouraging purpose-driven innovation, and reaffirming our belief that real change begins with bold, inclusive thinking. Through this initiative, we continue to nurture a future where access to financial services is a right, not a privilege.

Healthcare Interventions

Muthoot Snehasraya

Muthoot Snehasraya, our flagship healthcare initiative, continued to make a tangible difference in the lives of underserved communities by delivering accessible, quality healthcare to those who need it most. Designed to bridge critical healthcare gaps, the programme has become a lifeline for thousands, offering free consultations, diagnostics, and medicines through a network of mobile clinics and community outreach. Its positive social impact was nationally acknowledged, with a Silver at the 8th CSR Health Impact Awards 2024 and a Bronze at the 11th National CSR Times Awards. These recognitions reaffirm the programme's growing role in building healthier communities and underscore our belief that good health is a foundational right for all, not a privilege for a few. Through Snehasraya, we are not only providing care, we are restoring dignity, hope, and resilience to families across the country.

Medical infrastructure support

In line with our commitment to making quality healthcare accessible for all, we undertook several impactful initiatives to strengthen community health infrastructure and services. The establishment of a dedicated Diabetic Centre at Indira Gandhi Co-operative Hospital in Kochi is helping address a growing public health challenge, providing specialised treatment and continuous care for vulnerable patients. Through Project Kanivu, we enhanced emergency response capabilities by donating an ambulance to the Rotary Club of Trivandrum Phoenix, ensuring timely medical assistance in critical situations. We also supported inclusive mobility by partnering with Arike Palliative Care to provide a specially designed vehicle to IMA Kochi, enabling better access to care for persons with disabilities. Additionally, our assistance to Paret Mar Ivanios Hospital in Kottayam is aiding dialysis, orthopaedic, and palliative care services, offering comfort and support to those battling chronic illness. Collectively, these efforts reflect our holistic approach to community well-being, strengthening both the infrastructure and the human touch behind quality healthcare.

Blood donation campaigns

As part of our ongoing commitment to community health and emergency care, the Give Blood, Save Life initiative was organised in collaboration with AIIMS, New Delhi—one of the country's leading medical institutions. This impactful blood donation drive drew active participation from employees across departments, reflecting a strong culture of volunteerism and collective responsibility at Muthoot Finance. The units of blood collected through this effort are now helping patients battling life-threatening conditions such as thalassemia, cancer, anaemia, and accident-related trauma. Beyond the immediate medical support, the initiative represents our broader vision of saving lives through proactive engagement and public health partnerships. It is a reminder that even a single unit of blood can be a lifeline, and through such efforts, we continue to build a more compassionate and resilient society.

Inclusion and Accessibility

Hearing support for children

Through the Muthoot Soundscape Project, we took a vital step towards building a more inclusive society by supporting children with hearing impairments. By providing advanced hearing aids to 141 children, the initiative empowered them with clearer access to speech, learning, and social interaction, fundamentals that many take for granted. For these young individuals, the ability to hear opens up a world of opportunity: classrooms become more accessible, friendships more fulfilling, and futures more promising. This effort is not just about assistive devices, it's about dignity,

equal opportunity, and a belief that every child deserves the chance to thrive. Soundscape exemplifies our commitment to inclusive development

and ensuring that no child is left behind in the journey toward education and self-reliance.

Support for the elderly and the differently abled

As part of our commitment to building an inclusive and compassionate society, we donated a Maruti EECO van to the Schumacher Society in Delhi, ensuring safe, dependable transportation for underprivileged school children and elderly citizens. This simple yet vital support helps bridge the gap between communities and access to education, healthcare, and daily essentials. Additionally, by distributing battery-operated tricycles and mobility aids to differently abled individuals, we enabled greater freedom of movement, independence, and dignity in their everyday lives. These interventions are a testament to our belief that true development includes empowering every individual, regardless of age or ability, to participate fully in society.

MUTHOOT SOCIAL RESPONSIBILITY

Relief and Welfare

Clothing and blanket distribution

In keeping with our mission to support vulnerable communities with empathy and care, we distributed essential items, clothing, shoes, and blankets to four NGOs, reaching over 3,000 individuals in need. This effort provided comfort, dignity, and relief to those facing harsh weather conditions. In collaboration with Deepti Ashram, we extended further support by donating woollen sweaters to homeless children in Najafgarh, helping them stay warm during the winter months. Additionally, as part of the Vesak celebrations, we served hot meals to 1,500 underprivileged individuals, reinforcing our belief that acts of compassion, no

matter how simple, can bring warmth, hope, and a sense of belonging to those often overlooked. These initiatives

collectively reflect our commitment to nurturing communities with dignity and shared humanity.

Sports and Youth Empowerment

Demonstrating our support for nurturing grassroots sporting talent, we supported cyclist Sreenath Lakshmikanth in representing Tamil Nadu at the National Games 2024. His commendable performance, securing the runner-up position at the Tamil Nadu State Championship, reflects the transformative impact of timely encouragement and support. By enabling young athletes like Sreenath to pursue their dreams, we aim to foster a culture of perseverance, discipline, and excellence. This initiative underscores our belief that investing in emerging talent not only empowers individuals but also contributes to building a more inclusive and aspirational sporting ecosystem in India.

Providing safe drinking water through jeev jal centres

As part of our healthcare-focused CSR initiatives, Muthoot Finance installed RO-based purified drinking water facilities in four schools in Sri Sathya Sai District, Andhra Pradesh. These Jeev Jal Centres have been set up at Dr B.R. Ambedkar Gurukulam Boys' School, Hindupur; Dr B.R. Ambedkar Gurukulam Girls' School, R. Ramapuram, Nallamada; MJPA PBCWR School for Boys, Gundumala; and Dr B.R. Ambedkar Gurukulam Boys' School, Maluguru.

Together, these facilities now provide safe, purified drinking water to over 2,500 underprivileged students. The initiative aims to improve student

health, reduce the risk of waterborne diseases, and encourage better hygiene practices within school communities.

The facilities were inaugurated by Shri S.M.N. Swamy, Regional Director, Reserve Bank of India (Retd.), along

with school officials and representatives from Muthoot Finance. This intervention reflects our broader commitment to supporting public health, particularly among children, through access to safe and reliable water infrastructure.

Environmental Responsibility

Sustainable waste management

In line with our commitment to sustainability and community well-being, Muthoot Finance installed a PET bottle shredding machine at Periyar Bus Stand, Madurai District, on 28 March 2025. Implemented in partnership with Madurai Municipal Corporation, Yaalini Foundation, and W2W Enterprises, this initiative supports cleaner public spaces and responsible plastic waste disposal.

Serving over 10,000 daily commuters, the high-speed shredding unit can process up to 25 PET bottles per minute, offering an effective solution to managing plastic waste in a high-traffic urban area. By integrating technology into public infrastructure, we aim to reduce plastic pollution and promote environmental awareness among citizens.

This project is part of our broader CSR strategy to drive sustainable development through targeted, high-impact interventions. It reflects

our continued efforts to support circular economy practices and reinforce our role in fostering cleaner, healthier communities.

MUTHOOT SOCIAL RESPONSIBILITY

Supporting wildlife conservation through water access

As part of our commitment to environmental sustainability, Muthoot Finance provided a heavy-duty water tanker with a tractor to the Forest Department in Tamil Nadu. This initiative addresses acute water scarcity in key wildlife zones across five districts, particularly during the summer months.

The water tanker will support the replenishment of forest ponds, ensuring reliable water sources for wildlife and helping reduce the risk of man-animal conflict. In addition, the vehicle will be used for urban forestry activities, including tree planting and irrigation, contributing to greener urban spaces.

By improving water access, this intervention supports the health of forest ecosystems, aids biodiversity conservation, and promotes ecological balance. It reflects our broader CSR focus on protecting natural habitats and supporting long-term environmental resilience.

Promoting sustainable energy for cultural preservation

As part of our CSR focus on sustainability, Muthoot Finance supported the installation of a solar power plant at DakshinaChitra Museum in Chennai, Tamil Nadu. This initiative enables the museum to meet 50–60% of its energy needs through clean, renewable power.

With over 3 Lakhs visitors annually, DakshinaChitra plays a vital role in preserving South Indian heritage. By supporting solar energy, we aim to reduce the museum's environmental footprint while contributing to the long-term preservation of cultural spaces.

The solar power plant was inaugurated on 3 January 2025 by renowned actor and director Ms Revathy, in the presence of museum authorities and Muthoot Finance representatives.

This project aligns with our broader commitment to promoting environmental responsibility and supporting community institutions through sustainable infrastructure.

Our governance framework

Effective corporate governance underpins our ability to build trust and create long-term value for shareholders. Our Board of Directors, comprising experienced professionals from diverse fields, provides strategic direction and ensures our operations remain ethical, transparent, and compliant.

The Board actively monitors adherence to applicable laws and regulations, supported by robust internal audit and control systems. We regularly review and update our governance policies in line with evolving regulatory requirements and industry standards.

We maintain a whistleblower mechanism to encourage accountability and transparency across the organisation. Our Company is subject to oversight by multiple regulators, including the Reserve Bank of India and SEBI, and engages regularly with investors and stakeholders to ensure continuous alignment with governance best practices.

Key committees

We have established key committees to strengthen our governance structure.

Audit Committee

Ensures the accuracy and integrity of financial reporting and disclosures.

Nomination and Remuneration Committee

Oversees the appointment and remuneration of directors and senior management, ensuring alignment with shareholder interests.

Corporate Social Responsibility (CSR) Committee

Responsible for directing CSR efforts towards sustainable community development.

Risk Management Committee

Oversees our Company's risk framework, ensuring effective identification, assessment, and mitigation of key risks aligned with business and regulatory priorities.

Stakeholders Relationship Committee

Monitors stakeholder interests and ensures the timely resolution of investor grievances while promoting transparent engagement.

ESG Committee

Guides our Company's ESG strategy, oversees sustainability initiatives, and ensures alignment with regulatory and stakeholder expectations.

IT Strategy Committee

Provides oversight on digital strategy, ensuring IT systems are secure, scalable, and aligned with business goals.

Compliance and ethics

We uphold strong compliance protocols and consistently maintain high standards of ethical conduct across the

organisation. Our governance policies are designed to prevent conflicts of interest and ensure that all employees act with integrity and in the best interests of stakeholders.

To promote a culture of ethics and accountability, we conduct regular training and awareness programmes on compliance, regulatory updates, and ethical responsibilities. These initiatives strengthen employee understanding and adherence to our code of conduct.

We have a well-defined Whistleblower Policy in place, which encourages employees and stakeholders to report concerns regarding unethical behaviour, suspected fraud, or violations of policies, without fear of retaliation. All reports are handled with confidentiality

and reviewed through a structured process to ensure timely resolution and necessary action.

Through these efforts, we reinforce a transparent, responsible, and stakeholder-focused governance framework.

Philanthropy and social responsibility

The Muthoot M. George Foundation, affiliated with our Company, leads a range of philanthropic initiatives focused on education, healthcare, and environmental sustainability. This strong commitment to social responsibility is a core part of our governance philosophy and reflects our ongoing dedication to making a positive difference in the communities we serve.

Consistent value creation for shareholders

As India’s largest gold financing company by loan portfolio, we remain committed to delivering steady growth, consistent returns, and strong financial performance. Our diversified portfolio, high credit ratings, and operational resilience provide a firm foundation for long-term value creation. We adopt a disciplined and transparent approach, supported by prudent capital allocation and sound governance. This helps us protect shareholder interests, build lasting trust, and strengthen our relationship with investors through sustainable performance.

8. Internal Audit and Internal Financial Control

Your Company has established a robust, comprehensive, and well-documented internal audit and internal control system designed to ensure meticulous compliance across all operational levels. Over the years, the internal audit function has evolved into a vital pillar of governance, aligned with the scale, complexity, and geographic reach of the Company's business operations. The internal control framework is structured to safeguard and protect the Company's assets, prevent revenue leakages, and ensure the integrity of income streams. It also facilitates accurate and reliable financial reporting, thereby enhancing stakeholder confidence. The Internal Audit function operates as an independent and objective assurance and consulting activity, with adequate authority and organizational standing. It works in close coordination with the Risk Management and Compliance Departments to:

- Assess the effectiveness and adequacy of internal controls.
- Monitor adherence to established policies and procedures.
- Ensure statutory and regulatory compliance; and
- Evaluate overall governance, risk, and control environment.

Your Company employs a structured Risk-Based Internal Audit (RBIA) framework, aligning with regulatory expectations and best practices. This framework prioritizes high-risk areas, assessing inherent and residual risks in business processes, branch operations, and support functions. RBIA facilitates dynamic audit planning, optimizes resource deployment to high-risk areas, identifies emerging risks, and recommends timely corrective actions, supporting the Company's risk management strategy.

A team of nearly 1100 field auditors ensures the quality and safety of pledged assets, evaluates risk management, and mitigates operational vulnerabilities. Due to the extensive branch network, the internal audit is decentralized with Regional Audit Offices in key hubs for localized oversight, supervising field auditors and monitoring operations via onsite inspections and digital online systems. The reporting hierarchy flows from Auditors to Regional Audit Managers, then to Zonal Audit Managers, and finally to the Audit Department. The Internal Audit Department reports directly to the Audit Committee on significant observations, risk areas, and control weaknesses. The Audit Committee of the Board provides strategic oversight, regularly reviewing internal control adequacy and effectiveness, and monitoring key audit recommendation implementation. The Company's internal audit practices adhere to international standards, founded on transparency, independence, and accountability, forming a crucial part of its corporate governance.

Information Systems Audit

Recognizing the increasing reliance on digital infrastructure, your Company has initiated a structured Information Systems (IS) Audit program to comprehensively assess the IT ecosystem, including core financial systems, digital platforms, cybersecurity measures, data governance, and IT controls. The IS Audit is conducted both by the Company's internal IS Audit team and independent external auditors, ensuring a balanced and expert-driven evaluation. The objective is to evaluate IT risk management practices, system integrity, access controls, data protection protocols, and business continuity measures. This initiative reflects the Company's commitment to strengthening technology-driven operations while ensuring compliance with regulatory expectations, including guidelines issued by the Reserve Bank of India on IT governance and cybersecurity.

9. Human Resources

As at March 31, 2025, the company had 29,221 employees on its rolls at various levels of organizational structure compared to 28,286 in March 31, 2024. For the fourth consecutive year, your Company has been recognized as a "Great Place To Work," reaffirming its commitment to fostering an outstanding work environment for its employees. This achievement builds upon previous successes from 2021-22, 2022-23, and 2023-24. The Company also received awards in the Career Development, Skill Development, and Mentorship categories, underscoring its dedication to empowering women in the workforce.

Our employees serve as indispensable enablers of the Muthoot Group's sustained success and inherent resilience. The Company unequivocally recognizes its workforce as its most invaluable asset, consequently prioritizing strategic initiatives designed to cultivate a conducive work environment where every individual can flourish and contribute substantially towards the Company's overarching objectives. Paramount importance is accorded to uphold core human values, demonstrating profound respect for individuals, and fostering exemplary ethical and professional conduct across all operations. The Company's human capital strategy continues to drive organizational success through focused initiatives in recruitment, talent management, and fostering an exceptional workplace culture.

To bolster staffing, your Company consistently executed Mega/Walk-in Drives across diverse regions. This strategy successfully elevated staffing adequacy to 101%. Simultaneously, aggressive campus and walk-in drives were conducted to cultivate a strong pipeline of candidates for internship roles. As of the current reporting period, over 1,800 interns have been onboarded, with more than 1,200 actively engaged within the system. Notably, over 250 interns have successfully transitioned into permanent roles as Junior Relationship Executives or Customer Care Executives. Furthermore, your Company introduced a new system to streamline and automate the recruitment, onboarding, Internal Job Posting, and Referral processes. This system systematically organizes candidate information, enhancing operational efficiency, improving the overall candidate experience, ensuring regulatory compliance, facilitating data-informed decision-making, and reducing both time-to-hire and cost-per-hire.

10. Marketing & Promotion Initiatives

Muthoot Finance's strategic marketing efforts have always significantly boosted its brand goodwill and equity, evidenced by independent recognition. For a long time, we have made a conscious effort to foster greater social inclusion by supporting and enabling underserved communities. Our continuous marketing and branding initiatives not only communicate our services but also leverage our strengths to build brand equity, enhance brand imagery, and achieve greater brand recall. To unlock the economic potential of household gold in India, Muthoot Finance partnered with Google Pay. This collaboration allows Google Pay users, both consumers and merchants, nationwide access to Muthoot Finance Gold Loans through the Google Pay app, offering affordable interest rates, unparalleled flexibility, and a world-class safety and security system.

The audited financial statements of subsidiary companies are available on the website of the Company at <https://www.muthootfinance.com/subsidiaries>.

18. Risk Management

Risk management forms an integral element of our business strategy. As a lending institution, we are exposed to various risks that are related to our lending business, especially in the Gold Loan space and operating environment. Our objective in risk management processes is to appreciate, measure and monitor the various risks we are subjected to and to follow the policies and procedures to address these risk elements strictly in accordance with the directions from the RBI. The Company's Risk Management Committee of the Board of Directors constituted in accordance with the Companies Act, applicable RBI regulations, and the SEBI Listing Regulations has overall responsibility for overseeing the implementation of the Risk Management Policy. The committee meets every quarter to review the overall risk position and the Risk Management practices. The Risk Management department periodically places its report containing major developments in various components of risk areas during the reporting quarter and the prevailing risk management measures to the committee for review and directions. The committee's directions for improving the Risk Management Practices are implemented in the Company, in letter and spirit. The primary responsibility for managing the various risks on a day-to-day basis vest with the heads of the respective business units of the Company. The major types of risk faced are collateral risk, operational risk, liquidity risk, market risk (which includes interest rate risk), Foreign currency risk, Prepayment risk and Business cycle risk.

We have instituted a series of checks and balances aimed at efficient risk management, including an operating

manual and periodic internal and external audit reviews. As customers approach for gold loans to meet their urgent financial needs, such loans are to be disbursed in the quickest turnaround time, hence, although we disburse loans in very short period of time through implementation of Turnaround Metrics, we have put in place clearly defined appraisal methods and meticulous KYC compliance procedures to mitigate various operational risks arising out of achieving the quickest turn around time.

An independent Risk Governance Structure, in line with the best international practices has been put in place by our Company, clearly segregating them for separating the duties of various stakeholders in the processes to ensure independence of Risk Measurement, Monitoring and Control functions. The framework visualizes empowerment of various Business Units at the operating level, with technology as the key driver that enables identification and management of risks at the place of origination itself.

19. Disclosures as per the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Your Company remains committed to ensuring a safe and respectful workplace environment, and continues to take necessary steps to strengthen awareness, training, and redressal mechanisms under the POSH framework. The Company has an Internal Committee, in line with the requirements of the POSH Act and the Rules made thereunder for reporting and conducting inquiry into the complaints made by the victim of the sexual harassments at the workplace. The functioning of the said Committee is in line with the provisions of the POSH Act.

Incident Reporting and Resolution

As of March 31, 2025, there were 9 instances of sexual harassment complaints lodged throughout the year. All the cases were duly investigated and as of March 31, 2025, 7 cases had been resolved, and 2 cases pending for resolution with investigations ongoing.

20. Compliance with Maternity Benefit Act, 1961

Your Company demonstrates its commitment to the well-being of its women employees by complying with the provisions of the Maternity Benefit Act, 1961, and offering additional benefits as part of its employee welfare initiatives. This adherence reflects the company's core values, including sensitivity and integrity towards its workforce. The Company confirms adherence to applicable provisions of the Maternity Benefit Act, 1961, which

include protection from dismissal or discharge during absence due to pregnancy or maternity. The Company recognises employees as key stakeholders, as outlined in its "Grievance Redressal Policy for Stakeholders." The policy ensures that any employee-related grievances, including those concerning maternity benefits, are handled through an established redressal mechanism and emphasizes a fair, consistent, and rule-abiding process for grievance resolution, with an escalation matrix available to ensure timely and effective handling of all complaints.

21. Corporate Social Responsibility & Business Responsibility

The Company's paramount philanthropic objective is to cultivate a discernible and substantial influence upon the lives of communities confronting economic, physical, and social challenges. For the Financial Year 2024-25, the Company's Corporate Social Responsibility (CSR) initiatives are strategically channeled into pivotal domains, encompassing Healthcare, Education, Livelihood enhancement, Rural & Slum Area Development, Skill Development, Environmental Stewardship, National Heritage Preservation, the Empowerment of Women and Senior Citizens, Animal Welfare, and Sports, among other areas. These undertakings are primarily implemented via the Company's expansive branch network and dedicated personnel throughout all States and Union Territories.

The Company's CSR policy unequivocally adheres to the activities stipulated in Schedule VII of the Companies Act. Detailed information pertaining to this CSR policy is publicly accessible on the Company's official website at https://www.muthootfinance.com/sites/default/files/pdf/CSR_Policy_May_2021.pdf.

Detailed information regarding the Corporate Social Responsibility and Business Responsibility Committee are also separately provided in the Annual Report on CSR activities, annexed to the Board's Report as **Annexure 2**.

22. Business Responsibility and Sustainability Report

SEBI has mandated that the top 1,000 listed entities in India, classified by market capitalization, shall meticulously

prepare and formally present a Business Responsibility and Sustainability Report (BRSR). Furthermore, a more stringent requirement is imposed upon the top 150 listed entities, also determined by market capitalization, to undertake an independent assurance of the BRSR Core. The BRSR Core constitutes a distinct subset of the comprehensive BRSR, comprising a defined set of Key Performance Indicators (KPIs) and metrics categorized under nine critical Environment, Social, and Governance attributes. Both the BRSR and the accompanying Assurance Statement, issued by an independent practicing chartered accountant, form an integral component of this Integrated Annual Report and are formally annexed hereto as **Annexure 3**.

23. Particulars Of Contracts or Arrangements made with Related Parties

The Board of Directors has duly approved the Policy on Transactions with Related Parties ("RPT Policy"), acting upon the judicious recommendation of the Audit Committee. The policy has been meticulously formulated by the Company in strict adherence to the mandates of the Companies Act, applicable RBI regulations, and the SEBI Listing Regulations. The core objective of the RPT Policy is to establish robust reporting, approval, and disclosure frameworks for all transactions conducted between the Company and its related parties. Specifically, the policy delineates procedures for the identification of Related Party Transactions, specifies the requisite approvals from the Audit Committee, the Board, or Shareholders, and outlines the pertinent reporting and disclosure obligations, thereby ensuring full compliance with the aforementioned Act and SEBI Listing Regulations. Policy is available on the website of the Company at <https://cdn.muthootfinance.com/sites/default/files/files/2025-05/Muthoot%20Finance%20RPT%20Policy%20%20%281%29%20-%20Copy.pdf>.

All Related Party Transactions were placed before the Audit Committee for approval of the Committee and the Board, wherever necessary. Prior omnibus approval of the Audit Committee was obtained for transactions which are foreseen and repetitive in nature. The transactions entered pursuant to the omnibus approval so granted were periodically reviewed and a statement giving details of all related party transactions was placed before the Audit Committee for review and the Board of Directors for their approval, if applicable, on a quarterly basis. There were no materially significant related party transactions undertaken by the Company with Promoters, Directors, Key Managerial Personnel, or body corporate(s) that presented a potential conflict with the broader interests of the Company, thereby not necessitating shareholder

approval as prescribed under Chapter IV of the SEBI Listing Regulations. From AOC 2, which details such matters, is appended to this report as **Annexure 4**. The Directors draw the attention of the Members to Note 39 to the Financial Statements, which comprehensively sets forth the related party disclosures.

24. Audit Committee

All recommendations of the Audit Committee were accepted by your Board during the Financial Year 2024-25.

25. Vigil Mechanism

The Company endeavors to cultivate an environment characterized by ethical conduct and an absence of unfair practices, establishing the highest standards of integrity for its personnel. The Company maintains a robust Whistle Blower Policy, which undergoes regular periodic review. The Policy furnishes a comprehensive mechanism enabling employees, including directors, and other stakeholders, to report concerns pertaining to breaches of law, statute, or regulation, deviations in accounting policies and procedures, actions leading to financial detriment or reputational damage, the leakage of unpublished price-sensitive information (UPSI), misuse of official position, suspected or actual fraud, and criminal offenses. Crucially, the Policy assures protection against subsequent victimization, discrimination, or disadvantage for those making such reports. Its fundamental aim is to ensure that all concerns are appropriately raised, subjected to independent investigation, and duly addressed. This Policy rigorously complies with the requirements for a vigil mechanism as stipulated under Section 177 of the Companies Act, 2013 ("the Act"), along with other applicable laws, rules, and regulations.

During the Financial year 2024-25, no employee of the Company was denied access to the Audit Committee. The established mechanism is specifically designed to safeguard whistleblowers against victimization, adverse action, and/or discrimination resulting from their reports, and it provides direct access to the Chairman of the Audit Committee in exceptional circumstances. Furthermore, the Policy has been systematically communicated to employees through email dispatches and internal newsletters, and

it is permanently hosted on the Company's website for ready reference at <https://www.muthootfinance.com/vigil-mechanism>.

34. Conservation of energy, technology absorption, foreign exchange earnings and outgo:

The information pursuant to Section 134(3) (m) of the Act read with the Companies (Accounts) Rules, 2014 is as follows:

a) Conservation of energy

The need for adoption of clean technology, improving end-use efficiency and diversifying energy bases, etc. have all been seriously considered by the Government of India and the country is poised for a considerable increase in the use of renewable energy sources in its transition to a sustainable energy base.

Your Company being a Non-Banking Finance Company, has no activities involving conservation of energy. However, being a responsible corporate citizen, your Company has invested in power generation by tapping non-conventional energy resources. Power generation by harnessing wind energy is the most pollution-free renewable and environment friendly energy resource in our country. In this context the group has installed 3 No's of 1.25 MW capacity Suzlon Make Wind Electric Generators at the Devarkulam site in Tirunelveli District, Tamil Nadu. About 8 million units are being generated from the WEG'S annually and this is being pumped into the Southern Grid. Identifying the vast potential of alternative energy sources, The Muthoot Group is planning to invest more in this sector in the near future and to fulfill our responsibility to our nation.

b) Technology Absorption

The Company has consistently led the adoption of cutting-edge information technology and sophisticated tools throughout its operational history. This comprehensive deployment of technological capabilities has driven significant digital transformation, revitalizing back-end infrastructures and enhancing customer-facing experiences. The seamless integration of the Company's extensive branch network with its advanced digital banking platforms has been crucial to maintaining its leading market position, enabling the continuous introduction of highly customer-centric, intuitive, and seamless products and services that greatly improve customer convenience.

Information technology is a fundamental strategic asset in our business operations, leveraged to boost overall productivity and efficiency. Our established information systems confidently enable us to proficiently manage nationwide operations, effectively engage target customers through strategic marketing, and vigilantly

monitor and control associated risks. A key milestone in this journey was the development and comprehensive implementation of a powerful, user-friendly core banking solution across all our branches throughout India in March 2013, further underscoring our commitment to technological integration. The widespread application of information technology across our operational framework has demonstrably improved customer service delivery, optimized operational efficiencies, and strengthened management information systems.

Initiatives taken by the Company in information technology to improve business efficiency, ease of operation, improved risk management practice and providing the best stakeholders experience:

In this fast-changing digital era, your Company is constantly innovating itself using transformative technologies to provide the right solutions for our diverse clientele, to provide great customer experience and to improve efficiency of staff. The Company continued its focus on various digital transformation initiatives during the year providing great customer experience, improved business efficiencies, ease of operations, and effective risk management.

Shift from monolithic systems to microservices with a unified API platform to enable scalable, fast, and secure integrations. Adoption of a robust API-based security layer, backed by Multi-Factor Authentication and Single Sign-On—providing frictionless but secure user experience. Phased migration that allows coexistence of legacy and modern systems to ensure business continuity. Agile development process with embedded security and cloud-first practices for better responsiveness. A real-time proactive monitoring solution in place with increased observability that significantly reduced incident response times, maximized uptime, and enhanced the overall reliability of our services — a key priority for both internal stakeholders and external partners. Artificial Intelligence and Machine Learning capabilities used to detect anomalies, forecast fraud, enable personalized services, and improve decision-making.

The Company has significantly advanced its digital transformation journey through the introduction of several innovative platforms and features. These strategic deployments include emConnectSpace, which centralizes API integrations for enhanced efficiency; eNACH Integration, streamlining loan disbursements and improving repayment reliability; and a comprehensive facelift and transaction optimization for the iMuthoot mobile application, leading to a more intuitive user experience and increased digital

transactions. Furthermore, advancements like Loan@Home empowerment for agents, a DIY Insta Personal Loan journey, and Voice BOT integration enable seamless, self-service, and remote customer engagements. Complementing these are critical operational and compliance enhancements such as KFS implementation for transparency, VPA Enablement for digital payouts, real-time AML integrations, and a robust Audit Scoring system, collectively bolstering efficiency, convenience, and regulatory adherence.

Our existing customer engagement platform has been migrated to the cloud, leading to significant improvements in operational efficiency, scalability, and agility. Cloud infrastructure enables us to manage higher volumes of customer interactions with enhanced responsiveness and uptime, guaranteeing a seamless user experience. The cloud environment also provides increased flexibility, allowing for rapid deployment of new features, on-demand resource scaling, and reduced reliance on physical infrastructure.

To streamline analytics and automate repetitive tasks across teams, we transitioned to cloud services as our central data warehouse. This move eliminated siloed data and basic spreadsheet-based reporting, enabling automated, complex reporting and model building. Furthermore, we developed rule-based systems for business campaigns focused on next best action/product strategies. We also implemented predictive models for loan collection, customer propensity to buy, cross-sell underwriting, and home loan foreclosure, thereby fostering data-informed decision-making throughout the organization.

iv) Description of the method and significant assumptions used to estimate fair value: -

The Securities Exchange Board of India (SEBI) has prescribed two methods to account for employee stock options; (1) the intrinsic value method; (2) the fair value method. The company adopts the fair value method to account for the stock options it grants to the employees. Intrinsic value is the amount, by which the quoted closing market price of the underlying shares as on the date of grant exceeds the exercise price of the option. The fair value of the option is estimated on the date of grant using Black Scholes options pricing model with following assumptions:-

Particulars	Year ended 31-03-2025			
	ESOP 2013 - Tranche 4		ESOP 2013 - Tranche 5

vii) Weighted Average Contractual Life of the options granted (years)	4	5	5	6
viii) Risk Free Interest rate (% p.a)	6.91-7.41	7.08-7.47	6.16-6.59	6.27-6.67
ix) Expected Dividend Yield (%)	2.14	2.14	1.27	1.27

Note:

- It is assumed that the options will be exercised within the exercise period.
- Volatility is estimated from the actual movement in share prices of the company for one year preceding the grant date. This historical volatility is the annualised standard deviation of the continuously compounded rates of daily stock returns.
- The risk-free rate is equated to the yield on Government of India securities corresponding to the expected life of options in each option series.
- The market value per share is equated with the market value as observed from the adjusted closing market price on grant date of listed shares of the Company.

26. Overview of the entity's material responsible business conduct issues

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk opportunity (Indicate positive or negative implications)
1	Customer Relationship	Opportunity	The cultivation of robust customer relationships is of paramount importance at Muthoot Finance Limited. Prioritising customer needs, preferences, and concerns, fostering enduring connections, and exceeding expectations in the delivery of value enhances business outcomes.	Muthoot Finance Limited prioritises customer needs, preferences, and concerns. Technology is leveraged to improve the efficiency of services for its extensive customer base.	Positive: Increased customer loyalty, enhanced brand reputation.
2	Business Ethics	Risk / Opportunity	Strong business ethics enhance stakeholder trust and provide a competitive advantage. Unethical conduct, such as corruption and fraud, can lead to financial instability.	Muthoot Finance Limited maintains a clearly defined Code of Conduct and policies for ethical practices, including an Anti-Bribery and Anti-Corruption Policy and a Code of Fair Practices.	Positive: Improved stakeholder trust, enhanced brand reputation, mitigation of reputational and legal risks. Negative: Reputational damage, legal consequences, employee dissatisfaction.
3	Corporate Governance	Risk / Opportunity	Effective governance is crucial for long-term success, enhancing strategic decision-making and operational efficiency.	Muthoot Finance Limited ensures a diverse Board composition, consisting of 50% independent directors encompassing various dimensions such as skills, age and experience, to enhance decision-making.	Positive: Strengthened decision-making, operational efficiency, improved stakeholder trust. Negative: Inadequate decision-making, stakeholder distrust.
4	Talent Attraction & Retention	Opportunity	Attracting and retaining skilled individuals through mentorship, upskilling and providing incentives is essential for maintaining a long-term competitive edge.	Muthoot Finance Limited employs a structured onboarding process, offers competitive compensation and benefits, and promotes a diverse and inclusive work environment.	Positive: Increased productivity and innovation, stronger employee loyalty, operational efficiency.
5	Access to Finance	Opportunity	Muthoot Finance Limited's extensive network and gold loans can efficiently serve underserved communities by enhancing the ability of marginalised communities and small businesses to obtain affordable financial services and formal credit.	Muthoot Finance Limited has financial literacy initiatives for the underprivileged and targets the financially underserved population.	Positive: Improved community relationships, enhanced brand reputation.
6	Risk Management	Risk/ Opportunity	An efficient internal audit, surveillance, and control system is necessary to ensure the safety of company assets and business longevity.	Muthoot Finance Limited maintains a Risk Management Committee to periodically review and assess potential risks and formulate Risk Mitigation Plans.	Positive: Protection from potential risks and non-compliance issues, enhanced brand reputation. Negative: Increased costs due to regulatory requirements.

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk opportunity (Indicate positive or negative implications)
7	Resource Efficiency	Risk / Opportunity	Optimising the use of natural resources in business operations is essential to minimise environmental impact while improving efficiency.	Muthoot Finance Limited encourages the use of renewable energy (solar panels) and actively invests in improving energy efficiency (LED lamps, inverter ACs).	Positive: Reduced consumption of non-renewable resources, lower costs, improved sustainability ratings. Negative: Increased operational costs.
8	Disclosures	Risk / Opportunity	Transparent reporting, including of ESG performance, to stakeholders provides comprehensive information on the organisation's governance, risk management, and financial and other performance metrics fosters accountability.	Muthoot Finance Limited regularly publishes information on its practices and risks in its annual report, BRSR report, and newsletters, including those related to Corporate Social Responsibility (CSR).	Positive: Improved stakeholder trust, enhanced brand reputation, mitigation of reputational and legal risks. Negative: Reputational damage, legal consequences.
9	Data Protection and Privacy	Risk	As the company's core business involves sensitive financial data, data protection and privacy is a critical risk. Strict Indian regulations impose heavy penalties for non-compliance. Breaches erode customer trust, cause reputational damage, and lead to significant financial and operational disruptions, demanding robust data security.	Muthoot Finance Ltd. maintains multi-layered cybersecurity controls, including firewalls, endpoint protection, access controls, MFA, PAM, DLP, and continuous SOC monitoring. Regular training and assessments further strengthen our security posture, aligning with CERT-IN and RBI guidelines.	Negative: Legal penalties and fines, loss of customer trust and damage to reputation.
10	Cybersecurity	Risk	Handling sensitive customer financial data across vast digital platforms makes the company vulnerable to breaches, which can cause fraud, data theft, operational disruption, and severe reputational damage. This directly impacts customer trust, financial stability, and regulatory compliance, making robust cybersecurity essential for business continuity.	Muthoot Finance Ltd. mitigates cybersecurity risks through a multi-layered defense: firewalls, IPS, endpoint protection, and secure gateways. Internal threats are managed by access controls, MFA, PAM, user monitoring, and DLP. A Managed SOC with SIEM continuously monitors, aligning with CERT-IN and RBI. Regular assessments, training, and drills build a resilient security culture.	Negative: Financial losses, data breaches, and reputational damage.

Muthoot Finance Ltd., as India's leading Gold Loan Financing Company, is dedicated to creating a positive and sustainable impact across Environmental, Social, and Governance (ESG) dimensions. Our 800-year business legacy forms the bedrock of our ESG practices, guiding our strategic decisions and fostering growth and community empowerment. This enduring commitment is perfectly captured by our motto: 'Unchanging Values in Changing Times.'

Our ESG approach is meticulously aligned with our strategic objectives, ensuring we deliver significant value to all stakeholders. This heightened focus on ESG principles has reshaped our business perspective, reinforcing our unwavering dedication to the well-being of the communities we serve.

Muthoot Finance has achieved substantial progress in embedding ESG within our operations. Environmentally, we've boosted energy efficiency by installing energy-efficient fittings throughout our branch network and investing in solar panels and windmills at specific sites. Our Corporate Social Responsibility (CSR) initiatives have positively impacted over 700,000 beneficiaries nationwide, supporting causes such as healthcare, education, housing, economic upliftment, livelihood creation, and environmental protection. Furthermore, we are committed to and have implemented the highest governance standards, ensuring ethical conduct, transparency, and accountability across all operations. Robust policies and frameworks, including those for anti-bribery, anti-corruption, and risk management, have been crucial in maintaining these standards.

Muthoot Finance remains steadfast in its mission to foster inclusive growth and generate long-term value for all stakeholders. By integrating strong ESG practices into our business strategy, we aim not only to enhance operational efficiency and resilience but also to contribute significantly to the sustainable development of both the communities we serve and the nation at large.

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

The company is dedicated to cultivating a secure and supportive work environment for its employees, providing comprehensive guidance on occupational health and safety, alongside robust healthcare benefits and medical coverage. As a prominent upper-layer Non-Banking Financial Company (NBFC) sector, the company has implemented the following key measures:

1. Green Glass Environment: All branches maintain a "Green Glass" environment to promote overall well-being.
2. Controlled Environment: Offices are fully air-conditioned to ensure stable air quality and optimal thermal comfort.
3. Emergency Preparedness: Every branch is equipped with a basic first-aid kit.
4. Safety Drills and Monitoring: Regular drills are conducted, and safety measures, including fire-fighting equipment, are consistently monitored.
5. Advanced Security System: A comprehensive seven-layer security transformation plan is in place to enhance overall security.
6. Ongoing Safety Training: Employees receive periodic training on identifying safety hazards and adhering to established protocols within the buildings.

Beyond these measures, MFL ensures a safe and discrimination-free work environment through stringent POSH (Prevention of Sexual Harassment) trainings and a robust whistleblower mechanism. Furthermore, the company maintains a comprehensive business continuity and disaster recovery plan to effectively prepare for and manage emergency situations.

Leadership Indicators

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N)

Yes, compassionate payment in the event of death of an employee while in employment ranges from ₹ 75,000 to ₹ 3 Lakhs.

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

The company's ESG policy emphasizes close collaboration with its value chain partners and suppliers to foster ethical and sustainable business practices and boost operational efficiency. The company meticulously ensures all relevant statutory dues for these partners are properly deducted and deposited. Additionally, a state-of-the-art compliance management software ensures adherence to over 7,000 central, state, and other regulatory guidelines.

Principle 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

Muthoot Finance Limited (MFL) places a high emphasis on transparent and inclusive stakeholder engagement. The company has a comprehensive process for identifying and engaging individuals and groups who influence, are interested in, or are affected by MFL's operations. This includes those dependent on MFL's activities and products, those who impact MFL's strategy or operations, core operational participants, and entities with operational, commercial, legal, or moral responsibilities. Key stakeholders are categorised as employees, customers, investors, suppliers, regulators, and communities.

To ensure unbiased interactions, MFL may involve external third parties, and all discussions are scoped and purposed in advance. The frequency and methods of engagement are periodically reviewed, and stakeholders may receive training to facilitate effective participation. MFL regularly analyses potential risks in stakeholder engagement, formulating strategies to address them. All discussions, actions, and outcomes are meticulously documented and reviewed for continuous improvement.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Muthoot Finance Limited (MFL) undertakes comprehensive stakeholder engagement to gather insights on pertinent Environment, Social, and Governance (ESG) topics.

Investors are engaged through earnings calls, quarterly meetings, and Annual General Meetings to disseminate key information and ascertain their perspectives on the company's overarching strategy. Leveraging an enhanced digitalisation strategy, MFL interacts with customers via email, virtual meetings, periodic satisfaction surveys, and direct engagements, soliciting feedback (including on ESG matters) to facilitate the tailored development of solutions and services. Employees are consulted through various channels, including email, formal meetings, and periodic interactions, to deliberate on areas for improvement and ensure alignment with MFL's strategic priorities. Communication with regulatory agencies is conducted via industry and regulatory forums, email, and one-on-one meetings to address regulatory frameworks, policies, and compliance matters. Finally, adhering to its core philosophy of social responsibility, MFL engages with communities through focused Corporate Social Responsibility (CSR) activities and regular community meetings to identify needs and design appropriate support programmes. This structured stakeholder engagement framework enables the Board to discern the most relevant ESG issues.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, Muthoot Finance Limited's (MFL) stakeholder engagement policy serves to direct consultations, facilitating the identification and management of environmental and social issues, whilst also systematically gathering feedback and opinions from relevant parties. For instance, direct engagement with stakeholders and investors is instrumental in identifying material ESG topics requiring disclosure, which are subsequently integrated into the company's overarching policies.

Furthermore, MFL has established a comprehensive ESG framework policy that articulates the company's strategic approach and overall commitment to ESG aspects, explicitly informed by topics deemed relevant by its stakeholders. Fundamentally, the company's operations are underpinned by a robust Code of Conduct, fostering ethical business practices, environmental stewardship, and a strong focus on employee well-being.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Muthoot Finance Limited (MFL) executes its Corporate Social Responsibility (CSR) strategy through a diverse portfolio of programmes and initiatives. These endeavours are specifically designed to benefit various social strata, with a particular emphasis on supporting marginalised, vulnerable, and underprivileged communities. Additionally, MFL delivers financial literacy and awareness programmes, directly addressing the needs of financially underserved groups.

Complaints on POSH as a % of female employees / workers	0.13%	0.14%
Complaints on POSH upheld	2	10

*All complaints have been resolved.

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

To prevent adverse consequences for complainants in discrimination and harassment cases, Muthoot Finance Limited (MFL) operates a robust Vigil Mechanism, supported by its comprehensive Whistle-blower Policy. This framework explicitly commits to fostering a workplace unequivocally devoid of harassment, discrimination, threats, mistreatment, intimidation, and victimisation.

1. Commitment to a Discrimination-Free Workplace: MFL explicitly promotes an environment unequivocally devoid of harassment, discrimination, threats, mistreatment, intimidation, and victimisation.
2. Fair Treatment and Dignity: The company ensures fair treatment for all employees, safeguarding their personal rights, privacy, and dignity throughout any complaint process.
3. Protection Against Retaliation: MFL is dedicated to maintaining an environment where reporting concerns does not impede an employee's opportunities for growth or professional development.
4. Disciplinary Action: Employees found in violation of these policies are subject to appropriate disciplinary procedures, reinforcing accountability and complainant protection.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

The company acknowledges its legal and ethical duty to uphold the human rights of all stakeholders. Muthoot Finance Limited (MFL) is dedicated to ensuring its Human Rights Policy aligns with all relevant employment, labour, and human rights laws. This policy extends to every employee and encompasses all operational offices and branches, as well as its value chain partners. Consequently, MFL plans to incorporate specific clauses within agreements and contracts with its value chain partners. These clauses will mandate adherence to all applicable human rights laws, including assessments on workplace discrimination, prevention of sexual harassment, child labour, forced labour, and minimum wage compliance.

Yes. During the year, an independent reasonable assurance has been carried out by Tibu & Niyas Chartered Accountants for FY 2024-25

⁴Standard proxies have been used for this calculation based on the methodology prescribed in the Industry Standards Note on Business Responsibility and Sustainability Report (BRSR) Core – 45 litres per day per employee has been considered as per CGWA guidelines. This was subsequently annualised considering 300 working days on an average. Estimation of water requirement for drinking and domestic use <https://cgwa-noc.gov.in/landingpage/Guidelines/NBC2016WatRequirement.pdf>. A significant increase between PY and CY is due to a change in proxies used.

⁵PPP Conversion Rate Source: <https://www.imf.org/external/datamapper/PPPEX@WEO/OEMDC/IND>

⁶This figure is calculated on the assumption that 70% of water withdrawn (P6 E3) has been discharged after use.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

No. Zero Liquid Discharge does not particularly apply to the NBFC sector owing to its reasonable water consumption.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Not Applicable as Muthoot Finance Limited is a Financial Services company.

Yes. During the year, an independent reasonable assurance has been carried out by Tibu & Niyas Chartered Accountants for FY 2024-25

⁷There is significant difference between the data for the previous and current year as we have improved our data gathering systems for better accuracy.

8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

The company has proactively undertaken several initiatives to curb energy consumption and consequently reduce greenhouse gas (GHG) emissions:

1. Renewable Energy Generation: Operation of three windmills in Tamil Nadu with a combined capacity of 3.75 MW for over 16 years, contributing to clean energy generation towards the grid.
2. Energy-Efficient Lighting: Systematic replacement of Compact Fluorescent Lamps (CFLs) with energy-efficient LED lamps across multiple branches.
3. Signage Upgrade: Conversion of conventional tube light signboards to energy-saving LED glow signboards.
4. Sustainable Backup Systems: Utilisation of inverters as an alternative to diesel-based power backup systems, thereby reducing reliance on fossil fuels.
5. Circular Economy Practices: Procurement of second-hand laptops and used furniture, which effectively reduces the embodied GHG emissions associated with the production of new products.
6. Renewable Energy Projects: Setting up of solar capacity at various locations through our CSR fund.
7. Responsible Waste Management: E-waste is safely and securely processed by registered E-waste management service providers. Any waste generated is recycled through third-parties whenever possible.
8. Employee Engagement: Awareness campaigns to encourage employees to adopt energy-saving behaviours and sustainable practices in the workplace.

MFL is pursuing the following targets:

1. By 2030, build renewable energy capacity in all office buildings owned by MFL, wherever feasible.
2. By 2030, establish an incentive programme for employees transitioning to Electric Vehicles (EVs) and double the existing number of charging stations.

9. Provide details related to waste management by the entity, in the following format:

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. During the year, an independent reasonable assurance has been carried out by Tibu & Niyas Chartered Accountants for FY 2024-25

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

As a Non-Banking Financial Company (NBFC) operating in the service sector, Muthoot Finance Limited (MFL) has inherently limited waste generation, meaning comprehensive waste management implications are minimal. For the minimal waste generated in operations, disposal is carried out abiding by any applicable local laws. Any e-waste generated is disposed or recycled by registered e-waste management service providers following all safety and data protection protocols.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

Sl. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval/clearance are being complied with? (Y/N) If not, the reasons thereof and corrective action taken, if any.
		NA	

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. During the year, an independent reasonable assurance has been carried out by Tibu & Niyas Chartered Accountants for FY 2024-25

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, Muthoot Finance Limited (MFL) possesses a comprehensive Business Continuity Plan (BCP) and disaster management plan to ensure uninterrupted operations and data integrity.

The BCP document is enforced for all operations in MFL.

The company maintains a robust framework for data security and data availability as this is crucial to our operations. This includes the implementation of onsite storage snapshots for critical data, enabling rapid recovery, and high availability mechanisms across all critical infrastructure to maximise uptime. For geographical diversification and resilience, MFL's primary Data Centre (DC) is located in Bangalore, while its Disaster Recovery (DR) site is situated in Infopark, Kochi. This setup allows for a Recovery Point Objective (RPO) and Recovery Time Objective (RTO) of just 15 minutes, ensuring seamless business continuity even in the event of a disaster. To validate the effectiveness of this plan, MFL successfully conducted a comprehensive DR Drill. During this exercise, all functional branches and central IT infrastructure were activated under the Business Continuity Plan (BCP), successfully executing live business transactions for a period of eight hours (one Business Day). This demonstrates the company's preparedness for emergency situations.

Note: Any significant variations in environmental metrics in Principle 6 is due to the improvement in data collection systems carried out during the financial year as we strive for better accuracy.

¹⁰As per the GHG Protocol, we have included the following categories for Scope 3 calculation: Business Travel, Capital Goods, Employee Commuting, Fuel and Energy Related Activities (FERA), and Waste Generated in Operations

Principle 7: Businesses, when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

3. Describe the mechanisms to receive and redress grievances of the community.

Muthoot Finance Ltd (MFL) is committed to a transparent and effective grievance redressal process for all stakeholders, including the wider community. Grievances may be submitted through multiple channels: in-person at our offices, in writing via letter or email to designated addresses, or telephonically via our landline, mobile, or toll-free numbers.

Complaints concerning decisions by officials below the Branch Manager should be directed to the Branch Manager. All grievances will be acknowledged within three working days and resolution is targeted within 21 days. Should a grievance remain unresolved at the branch level, it will be automatically escalated to higher authorities. In cases where a complaint is rejected, stakeholders have the option to approach our Internal Ombudsman, who will issue a decision within 30 days.

To facilitate prompt and efficient resolution, complainants are requested to include their contact details, relationship with MFL, any prior complaint history, clear details of the issue, and relevant supporting documents. This structured system ensures the effective and fair resolution of all grievances. Our comprehensive Grievance Redressal Policy for Stakeholders, accessible via our website, details the established procedures.

	- Setting up of smart classrooms		

Principle 9: Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

Muthoot Finance Limited (MFL) has a structured grievance redressal policy for its stakeholders, including customers, that outlines multiple channels for lodging complaints and feedback.

Mechanisms for Lodging Complaints:

Customers can register a complaint either orally or in writing. The company provides several ways to do this:

- In-person: Customers can report complaints and disputes concerning officials below the Branch Manager to the Branch Manager, who will hear and resolve them. The address for the Customer Grievance Cell at the Regional Office (RO) and Head Office (HO) is displayed on the branch notice board, along with the escalation matrix.
- Letter/Email: Customers can send written complaints, feedback, or suggestions to the Branch, Controlling Offices, Head Office, or any company executive's designated email address.
- Over Telephone: Complaints can be registered by calling the company's registered landline numbers or the Principal Nodal Officer's mobile number.
- Toll-Free Contact: Customers can also lodge complaints using the company's toll-free numbers or email ID.

For customers, the designated point of contact for grievances is through email at mails@muthootgroup.com or by phone:

South India: 99469 01212

Rest of India: 78348 86464, 88006 75111, 011 46697744

To ensure a faster resolution, a complaint letter or email should include:

- Complainant's name, address, and contact details (email, phone, etc.)
- Relationship with the organisation
- Details of any previous complaints
- Nature and details of the current complaint
- Name of the company and branch where the issue occurred
- Copies of supporting documents, if applicable. There is no charge for lodging a complaint.

Complaint Handling and Resolution Process:

The company's grievance redressal cell is the designated point for receiving complaints. Complaints received at all branches and offices will be acknowledged and accepted.

- Acknowledgement: A grievance owner will acknowledge the receipt of a grievance within three working days, either in writing, over the telephone, by email, or verbally.
- Branch Level Resolution: If a complaint is related to a specific branch, stakeholders can contact the Branch Manager (BM) directly. The BM will try to resolve the issue within one working day of receiving the grievance.
- Escalation: If the complaint is not resolved at the branch level within one working day, it can be escalated to higher authorities. The grievance will then be directed to the appropriate business/control unit for resolution. If it is not resolved within the stipulated timeline (TAT), it can be escalated to the head of the business/control unit, who has 15 working days to resolve it. After this, the complaint can be escalated to the Nodal Officer.
- Internal Ombudsman (IO): Any complaint that is to be wholly or partially rejected is sent to the company's Internal Ombudsman for review. The IO examines the complaint and conveys their decision.

- Final Resolution: All complaints are resolved and closed within the timeline mandated by the concerned regulatory body.
- Monitoring and Disclosure: Complaints are monitored and marked as closed only after the grievance is resolved or a reply is sent. The company maintains records of complaints for ten years from the date of their resolution and discloses grievance data in the concerned regulatory filings.

2. **Steps taken to inform and educate consumers about safe and responsible usage of products and/or services**

Muthoot Finance Limited (MFL) employs several key steps to inform and educate consumers regarding the safe and responsible usage of its products and services:

Fair Practices Code: MFL's Fair Practices Code, aligned with the Reserve Bank of India's guidelines, is specifically designed to provide all stakeholders, particularly customers, with a transparent and clear understanding of the company's practices in delivering products and services. This code is periodically updated to empower customers to make well-informed and responsible decisions about MFL's offerings.

Digital Platforms and Assistance: Through enhanced digitalisation initiatives, including platforms such as Gold Unlocker, the AI-powered chat engine, iMuthoot, and Muthoot Online, MFL ensures customers receive a seamless, secure, and supportive digital experience. The continuous availability of assistance through these channels helps customers navigate services responsibly and address any queries about their safe usage.

3. **Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.**

The company leverages various communication channels to ensure customers are promptly informed about the latest services, potential disruptions, or significant changes. The method of communication deployed is contingent upon the criticality of the disruption, encompassing both digital and offline channels. Information is typically disseminated via the company's official website, formal letters, electronic mail, SMS, and MFL's proprietary online applications.

4. **Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)**

Yes, The company maintains ongoing and transparent communication with its customers, providing product and service information readily accessible via its website and at all branch locations. Furthermore, branding and marketing campaigns periodically disseminate this information to a broader audience. Digital applications such as iMuthoot and Muthoot Online further enhance transparency and awareness regarding available products and services, often exceeding basic mandated disclosures.

Yes, The company regularly conducts customer satisfaction surveys to identify and address issues related to its products and services. Moving forward, Muthoot Finance Limited plans to conduct these customer satisfaction surveys aligning with the Net Promoter Score (NPS) metric to systematically gather feedback on its major products and services.

Independent Practitioners' Reasonable Assurance Report on the sustainability disclosures in the Business Responsibility and Sustainability Report ("BRSR") of Muthoot Finance Limited (the 'Company') for the period from April 01, 2024 to March 31, 2025.

To
The Board of Directors
Muthoot Finance Limited

We have performed a Reasonable Assurance engagement for Muthoot Finance Limited ("the Company") (Corporate Identity Number L65910KL1997PLC011300) vide our engagement letter dated 1st July 2025, in respect of the Identified Sustainability Information listed below in accordance with the criteria stated in paragraph 3 below. This Sustainability Information is included in the Company's Business Responsibility and Sustainability Report (the "BRSR") incorporated in the Company's Annual Report for the year ended March 31, 2025.

Identified Sustainability Information (ISI)

Our scope of Reasonable Assurance consists of the Identified Sustainability Information listed in the Annexure I to our report.

Our Reasonable Assurance engagement was with respect to the year ended March 31, 2025 information only unless otherwise stated and we have not performed any procedures with respect to earlier periods or any other elements included in the BRSR and, therefore, do not express any conclusion thereon.

Criteria

In accordance with the explanation given to us and to the best of our information and belief the company has used the criteria to prepare the Identified Sustainability Information as envisaged in the following below:

- Regulation 34(2)(f) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 (the "SEBI LODR") as amended;
- BRSR reporting guidelines (Annexure II) as per SEBI Circular No. SEBI/HO/CFD/CMD-2/P/CIR/2021/562 dated May 10, 2021, and incorporated Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/2023/120 dated July 11, 2023;
- SEBI Circular SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated July 12, 2023, and clarifications thereto issued by SEBI.
- Greenhouse Gas Protocol Standards
- National Guidelines on Responsible Business Conduct

Management's Responsibility

The Company's management is responsible for selecting or establishing suitable criteria for preparing the Sustainability Information, taking into account applicable laws and regulations, if any, related to reporting on the Sustainability Information, identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation and maintenance of internal controls relevant to the preparation of the Reports and the measurement of Identified Sustainability Information, which is free from material misstatement, whether due to fraud or error.

Inherent limitations

The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between companies. Measurement of certain indicators, some of which are estimates, is subject to substantial inherent measurement uncertainty, including, water credit and carbon sequestration. Obtaining sufficient appropriate evidence to support our opinion does not reduce the uncertainty in the amounts and metrics.

Our Independence and Quality Control

We have maintained our independence and confirm that we have met the requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India (the "ICAI") and the SEBI Circular No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/ 2023/122 dated July 12, 2023, and its clarifications thereto and have the required competencies and experience to conduct this assurance engagement.

Our firm applies Standard on Quality Control (SQC) 1, Quality Control for firms that Perform Audits and Reviews of Historical Financial Information, and other Assurance and Related Services Engagements. This standard requires the firm to design, implement and operate a system of quality management, including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our Responsibility

Our responsibility is to express a Reasonable Assurance conclusion on the Identified Sustainability Information listed in Annexure I based on the procedures we have performed and evidence we have obtained. We conducted our engagement in accordance with the Standard on Sustainability Assurance Engagements (SSAE) 3000, "Assurance Engagements on Sustainability Information", and Standard on Assurance Engagements (SAE) 3410 Assurance Engagements on Greenhouse Gas Statements (together the "Standards"), both issued by the Sustainability Reporting Standards Board (the "SRSB") of the ICAI.

These Standards requires that we plan and perform our engagement to obtain Reasonable Assurance about whether the Identified Sustainability Information are prepared, in all material respects, in accordance with the Criteria. A Reasonable Assurance engagement involves assessing the risks of material misstatement of the Identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

As part of Reasonable Assurance engagement in accordance with the Standards, we exercised professional judgment and maintained professional skepticism throughout the engagement.

We performed the following procedures among others:

- Reviewed the Identified Sustainable Information (ISI) under Annexure I- BRSR Core, The format of BRSR Core issued by SEBI Circular dated 12th July 2023 is used as a basis of reasonable level of assurance.
- Evaluation of the design and implementation of key systems, processes and controls for collecting, managing and reporting the BRSR Core indicators.
- Assessment of operational control and reporting boundaries.
- Seek extensive evidence across all relevant areas, ensuring a detailed examination of BRSR Core indicators. Engaged directly with internal stakeholders to gather insights and corroborative evidence for each disclosed indicator.
- Interviews with selected senior managers responsible for management of disclosures and review of selected evidence to support environmental KPIs and metrics disclosed in the Report. We were free to choose interviewees and interviewed those with overall responsibility of monitoring, data collation and reporting the selected indicators.
- Conduct a comprehensive examination of key material aspects within the BRSR Core framework supporting adherence to the assurance based on applicable principles plus specified data and information.

Exclusions

Our assurance scope excludes the following and therefore we will not express a conclusion on the same:

- Operations of the Company other than those mentioned in the Scope para of the Engagement letter
- Aspects of the BRSR and the data / information (qualitative or quantitative) other than the ISI.
- Data and information outside the defined reporting period i.e., from April 01, 2024 to March 31, 2025.
- The statements that describe expression of opinion, belief, aspiration, expectation, aim, or future intentions provided by the Company.

Reasonable Assurance Opinion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Identified Sustainability Information listed in Annexure I and presented in the BRSR for the year ended March 31, 2025 are not prepared, in all material respects, in accordance with the Criteria as stated in paragraph 3 above.

Restriction on use

Our Reasonable Assurance report has been prepared and addressed to the Board of Directors of the Company at the request of the Company solely, to assist the Company in reporting on Company's sustainability performance and activities. Accordingly, we accept no liability to anyone, other than the Company. Our Reasonable Assurance report should not be used for any other purpose or by any person other than the addressees of our report. We neither accept nor assume any duty of care or liability for any other purpose or to any other party to whom our report is shown or into whose hands it may come without our prior consent in writing.

- Overseeing Company's policies, practices and performance with respect to ESG matters.
- Overseeing Company's reporting on ESG matters
- Recommending to the Board the Company's overall general strategy with respect to ESG matters
- Approving the report on ESG
- Delegating the authority to do any acts, deeds and matters relating to ESG.

The Company has successfully woven ESG (Environmental, Social, and Governance) principles into its core strategy, demonstrating a strong commitment to all stakeholders. The company shows its environmental dedication through actions like installing energy-efficient fittings and investing in solar and wind power. Socially, the Company's CSR initiatives have significantly benefited over 700,000 people across India in areas like healthcare, education, and livelihood. On the governance front, the Company upheld the highest standards of ethics, transparency, and accountability with robust policies against bribery and corruption, and strong risk management. This integrated ESG approach not only boosts operational efficiency but also drives sustainable development for communities and the nation.

ESG governance at Muthoot Finance plays a vital role in promoting responsible and sustainable business practices. The Board of Directors and senior management oversee the integration of ESG principles into the company's strategy, risk management, and operations. This includes setting ESG-related goals, ensuring compliance with applicable regulations, monitoring environmental impact, fostering financial inclusion, maintaining ethical standards, and promoting transparency through robust disclosures.

IT Strategy Committee

The Information Technology Strategy Committee ("IT Strategy Committee") was originally constituted by the Board on November 08, 2017 and was reconstituted on February 14, 2024 to discharge its oversight responsibility on matters related to IT strategic planning processes, assessment and management of IT and cybersecurity risks, and adequacy and effectiveness of the Business Continuity Planning and Disaster Recovery Management.

Composition

The IT Strategy Committee consists of following members:

Name of Member	Designation	Date of appointment in the committee
Joseph Korah	Chairperson	February 14, 2024
George Alexander Muthoot	Member	November 08, 2017
Alexander George	Member	February 14, 2024

Brief Terms of reference of the IT Strategy Committee

- Oversight over the IT Strategic Planning & Execution;
- Guide in preparation of IT Strategy and ensure that the IT Strategy aligns with the overall strategy of the Company towards accomplishment of its business objectives;

- Satisfy itself that the IT Governance and Information Security Governance structure fosters accountability, is effective and efficient, has adequate skilled resources, well defined objectives and unambiguous responsibilities for each level in the organisation;
- Ensure that the Company has put in place processes for assessing and managing IT and cybersecurity risks;
- Ensure that the budgetary allocations for the IT function (including for IT security), cyber security are commensurate with the Company's IT maturity, digital depth, threat environment and industry standards and are utilised in a manner intended for meeting the stated objectives; and
- Review, at least on annual basis, the adequacy and effectiveness of the Business Continuity Planning and Disaster Recovery Management of the Company.

The Company has strategically positioned Cyber security at the core of its ongoing digital transformation. An API-based security layer, fortified by Multi-Factor Authentication (MFA) and Single Sign-On (SSO), balances user convenience with enhanced security. SSO streamlines access, while MFA adds crucial verification layers, making unauthorized access exceptionally difficult even if one factor is compromised. Their migration framework also achieved ASVS Level 1 certification, signifying baseline security against common vulnerabilities. This certification, from the Open Web Application Security Project (OWASP) Application Security Verification Standard (ASVS), signifies that the company's applications meet a baseline level of security, capable of withstanding common and easily discoverable vulnerabilities through standard penetration testing.

Economic overview

Global economic overview

The global economy witnessed stable growth, expanding by 3.3% in 2024, despite geopolitical tensions and structural transitions. Among advanced economies, the US led with 2.8% growth, buoyed by strong consumer spending and labour market resilience. The Euro area grew modestly by 0.8%, reflecting efforts to stabilise energy markets and support domestic demand. Emerging markets expanded by 4.2%, driven by robust growth in India, Indonesia, and Vietnam, while China posted 4.6% growth amid structural adjustments. Global headline inflation eased to 4.2%, providing central banks some space to recalibrate monetary policy.

Though new US tariff measures and countermeasures introduced in early 2025 heightened trade policy uncertainty, 2024 underscored the resilience of global economic fundamentals and the need for adaptive, forward-looking policy frameworks.

Global economic outlook

The global economic outlook for 2025 suggests a period of moderation, shaped by ongoing uncertainty related to trade and tariffs, evolving financial conditions, and shifts in business and consumer behaviour. Global GDP growth is expected to moderate from 3.3% in 2024 to 2.9% in both 2025 and 2026, with the most notable slowdowns in the US, China, and parts of North America. Inflation is projected to decline gradually across many economies, supported by easing supply chain pressures and stable commodity prices.

Investment trends show steady progress, though housing and public infrastructure development continue to require focused attention in several countries. While trade tensions and policy shifts remain factors to watch, opportunities exist for greater collaboration and dialogue to enhance trade flows and build resilience. Strengthened fiscal frameworks, structural reforms, and supportive monetary policies could further underpin medium-term growth and help address long-term challenges such as climate adaptation and demographic shifts.

Indian economic overview

India's economy has demonstrated impressive strength and resilience over the past decade. In FY 2024-25, real GDP expanded by 6.5%, reflecting steady momentum supported by rising incomes and a strong domestic consumption base. The services sector remained the largest contributor, accounting for around 55% of Gross Value Added and providing employment to nearly 30% of the workforce. Private consumption grew by 7.3%, reaching its highest share of GDP since FY 2002-03, underpinned by improving rural demand.

On the external front, total exports grew to \$825 billion, driven by sectors such as engineering goods, electronics, and pharmaceuticals. Services exports more than doubled over the past decade, highlighting India's growing integration into the global economy. Policy reforms and infrastructure investments continue to support this robust trajectory.

Indian economic outlook

India's economic outlook remains largely steady, with GDP growth projected at 6.4% for FY 2025-26, slightly below the 6.5% recorded in FY 2024-25, the slowest pace in four years. Growth is expected to pick up modestly to 6.7% in FY 2026-27, supported by continued government capital expenditure and resilient domestic demand. While private sector investment and job creation remain a challenge, strong fundamentals and policy support, including recent interest rate cuts by the Reserve Bank of India, are expected to bolster momentum.

Risks remain from global uncertainties and stalled trade negotiations, but India continues to be the world's fastest-growing major economy, on track to become the third largest by 2030 with a projected GDP of \$7.3 trillion. Sustained reforms, demographic strengths, and expanding global trade ties are set to underpin India's rise as a key driver of global growth, even as policymakers navigate near-term challenges and evolving global dynamics.

Industry overview

Financial services sector

In FY 2024-25, India's financial services sector faced multiple headwinds, as economic growth slowed, inflation and interest rates remained elevated, and liquidity in the system remained tight for most parts of the year. These together weighed on credit growth. Credit growth moderated but remained steady, while deposit growth lagged, leading to higher loan-to-deposit ratios. However, both banks and NBFCs witnessed robust balance sheets, with improving asset quality and Return on Assets. The RBI stepped in proactively to ease liquidity constraints by firing on all cylinders. With inflation eventually coming closer to the central bank's comfort zone, the RBI cut its policy rate by 25 bps in February 2025, with an accommodative stance. It was the first easing since the pandemic. Meanwhile, the central bank announced regulatory measures to cool off unsecured lending, as the segment started showing increased stress.

Key growth drivers of India's financial services sector in FY 2024-25

Banking without barriers: No-frills Jan Dhan accounts, Aadhaar-based identification, and mobile devices have collectively brought millions into the formal financial fold, enabling seamless and direct delivery of subsidies.

Formalisation of the economy: With JAM and digital payments, informal savings and transactions are moving into regulated channels, improving transparency and expanding access to credit, insurance, and pensions.

Fin-tech driven credit expansion: FinTech NBFCs have played a critical role in extending formal credit, disbursing record volumes of personal loans in FY 2024-25, particularly to underserved segments.

Institutional and regulatory support: Policies such as priority-sector lending, Self-Regulatory Organisation (SRO) regulation, and inclusion mandates support outreach to self-help groups, microfinance, and rural borrowers, strengthening trust and access.

<https://www.pwc.in/assets/pdfs/viksit-banking-roadmap-indian-banking-sector-2047.pdf>

NBFC sector

In FY 2024-25, India's NBFC sector showed resilience amid moderating credit growth. Overall credit grew by 13-15%, compared to 17% in previous years, with total NBFC credit crossing ₹52 trillion by December 2024 and set to exceed ₹60 trillion by FY 2025-26. Retail loans, the key growth driver, expanded by 16-18%, but faced rising stress in unsecured segments, such as microfinance and personal loans.

Despite regulatory tightening and elevated delinquencies in unsecured portfolios, NBFCs maintained strong capital positions and healthy earnings, cushioning sectoral risks. Funding conditions improved with increased external commercial borrowings and robust debt issuances. While moderate loan growth and rising credit costs may pressure margins, sector liquidity and capital profiles remain stable.

Competitive pressures and regulatory changes, including co-lending norms and gold loan guidelines, are expected to shape the sector further, but the long-term outlook remains steady.

Key regulatory measures

- RBI reversed the earlier 25 percentage point increase in risk weights on bank exposures to NBFCs, easing funding costs for the sector.
- The RBI advised NBFCs to curb perpetual credit lines, citing risks of loan evergreening and potential systemic instability.
- The RBI issued a framework for recognising Self-Regulatory Organisations (SROs) in the Account Aggregator ecosystem, detailing governance, eligibility, and oversight norms.
- Directions on co-lending outlined blended rate rules, borrower-level NPA tagging, fee disclosures, and Default Loss Guarantee (DLG) caps.
- Norms on non-fund-based credit facilities capped guarantees at 5% of assets with conditions on unsecured share and tenor.
- Guidelines on lending against gold collateral set a 75-85% loan-to-value (LTV) cap, including interest accrued, mandated standardised valuation, and introduced stricter audit and conduct norms.

Gold market

The gold market reached new milestones in 2024, with global demand hitting record highs across sectors. Jewellery remained the largest segment, accounting for 44% of demand (2,012 tonnes), though volumes declined 11% due to rising prices, which averaged \$2,386/oz (up 23% from 2023). Despite lower volumes, the total jewellery market value rose 9% to \$144 billion, as consumers favoured higher-value pieces.

Investment demand surged 25% to 1,180 tonnes, driven by inflation, geopolitical risks, and renewed ETF interest, pushing the notional value of investor gold holdings to \$5 trillion. Technology demand grew 7% to 321 tonnes, spurred by growth in AI, 5G, and green energy sectors.

Central banks purchased over 1,000 tonnes for the third straight year, cementing gold's role as a stable reserve asset.

Indian gold market

Gold holds a central place in Indian households, serving as a key pillar of wealth and savings. However, shifting consumer behaviours and increasing global influences are driving changes in how gold is valued and used. India's gold market in 2025 has been defined by record-high prices, evolving consumer behaviour, and notable shifts in investment patterns. Domestic gold prices have surged over 30% year-to-date, reaching ₹98,732 per 10g, with the broader Indian gold market estimated at over \$60 billion annually. Amid elevated prices, many buyers are opting to exchange old jewellery rather than make fresh purchases, while wedding-related demand continues to anchor the sector.

Corporate retail jewellers logged strong growth in early 2025, with revenues rising 25–35% y-o-y, supported by higher-value transactions and continued store expansion. Gold ETFs saw their first net outflow in 10 months in March, despite cumulative assets under management climbing to ₹589 billion (\$6.8 billion). The RBI has moderated its gold purchases, but gold's share in its reserves has risen to 11.7%. March also saw a sharp rebound in gold imports to \$4.4 billion, reflecting continued appetite despite high prices.

Looking ahead, seasonal purchases, gold's safe-haven appeal, and sustained investment interest are expected to support demand amid ongoing global uncertainty.

Key market trends in FY 2024-25

Jewellery demand slows, investment demand resilient:

While jewellery sales have softened after the wedding season, physical investment demand for bars and coins remains high, supported by positive price momentum. Consumers are also increasingly monetising existing gold holdings, leveraging relaxed norms on gold-backed loans.

Gold-backed lending expands sharply: Lending by scheduled commercial banks against gold jewellery has surged nearly 120% y-o-y to ₹2,230 billion (\$26 billion), signalling strong growth in gold-backed credit.

Gold ETFs regain inflows: After two months of outflows, gold ETFs saw net inflows of ₹2.9 billion (\$34 million) in May 2025, with continued momentum in June. Assets under management climbed to ₹624 billion (\$7.3 billion), up 97% y-o-y, highlighting gold's strengthening position as a financial asset.

RBI's gold holding at its highest and gold's strategic share grows: The RBI gold holding stood at the highest level of 879 tonnes, and gold's share in total forex reserves has grown to a record 12.3%.

Gold loans

Gold has great significance for Indians. The preference for gold jewellery in Indian culture has made it an integral part of everyday life. From rituals and ceremonies to religious festivities, adorning gold is considered a good omen. At the same time, it also provides an opportunity for the common man to invest in an asset class that is extremely reliable due to its appreciating value. Gold loans have, therefore, become an easy way of accessing credit for numerous borrowers, including individuals, small businesses and micro-enterprises. Globally, India is the world's largest market for gold, and the gold loan market in India flourishes, with around 2,950-3,350 tonnes of gold used as collateral for instantly availing funds. Southern India has remained a significant market for gold loans due to the age-old preference for owning gold. During the year, NBFCs offering gold loans resiliently retained their market share despite stiff competition faced by banks. The Assets Under Management of most gold loan providers increased significantly due to the rising credit demand for small and mid-sized loans. Besides, digital adoption has played an integral role in streamlining loan processing. NBFCs demonstrated significant resilience and proved the ability to compete against larger financial institutions. The growth in housing and infrastructure loans further increased the contribution of NBFCs to the financial services industry.

ICRA Ltd in its research report published in September 2024 stated that it expects the organised gold loan market consisting of Universal Banks & NBFCs to exceed Rs 10 trillion in the current fiscal and further reach Rs. 15 trillion by March 2027. Public sector banks remain a dominant player in the space, driven by agriculture loans that are backed by gold ornaments. NBFCs have maintained their sizeable market share in retail, notwithstanding the recent sharp scale-up by banks in this space. Competition from banks has increased as more banks are upscaling their branches to offer Gold Loans.

Features of gold loan

Fast processing and minimal documentation: Since the loan is secured against physical gold, lenders require limited paperwork and eligibility checks, resulting in quick approvals and disbursals.

Instant access to liquidity: Gold loans provide 'anytime liquidity,' with funds often available within 10-30 minutes, offering immediate financial support when needed.

Low interest rates: Gold loans generally have more attractive interest rates than unsecured loans like personal loans, making them a cost-effective option for borrowers.

Flexible interest payment options: Borrowers can choose to pay only the interest during the loan tenure and repay the principal amount at the end, providing greater financial flexibility.

No income or credit score requirements: Lenders generally do not require proof of income or credit history since the gold itself secures the loan, making gold loans accessible to a wider range of borrowers.

Strong financial performance - The strong financial performance, operational efficiency and extensive branch network enable us to fulfil the diverse requirements of rural as well as urban customers.

Loan portfolio - With a strong Gold Loan portfolio, Muthoot Finance offers secured loans at attractive rates, making it the preferred choice for people in different parts of the country

Branch network - The branches are present across the country, thereby offering the customers the convenience to access in urban and rural regions of the country.

Customer-centric - The documentation requirement and loan processing are streamlined effectively to offer the customers and borrowers a convenient and hassle-free experience.

Challenges

Financial stability - Issues with asset quality can weaken the financial stability, especially in the non-gold loan segments.

High operational expenses - Increased operational expenditure can increase costs and affect the profitability of Muthoot Finance

Operational challenge - the operations of the gold loans are spread across different branches in a decentralised form, posing internal and external security risks.

Nature of gold loan - Gold loans are generally short-term, and the increased loan portfolio and size of the balance sheet every year can be challenging for the organisation.

Opportunity

Diversification of loan portfolio - Expanding its secured as well as unsecured loan portfolio, Muthoot Finance can diversify its offerings to cater to the increased customer base.

Digitalisation - Digital adoption can pave the path for improving the service offered and enhancing customer convenience. It is expected to expand the ability to reach a wider customer base and fulfil their diverse demands.

Threat

Strong competition - Muthoot Finance faces competition from banks and NBFCs, especially those offering unsecured loans as well as gold loans. It may negatively affect its profit margin and industry position.

Risk management

Muthoot Finance recognises the evolving risks inherent to its business and has established a comprehensive risk management framework. The Risk Management Committee oversees this framework, ensuring effective identification, mitigation, and monitoring of risks that could impact our growth and operations.

Risk	Description	Mitigation strategies
Operational risk	Any direct or indirect losses incurred due to personnel, failures while implementing processes or external incidents.	There exists a strategic system and stringent process to mitigate operational risks. Along with centralised monitoring systems and surveillance cameras to prevent operational hazards, the employees are offered proper training to identify duplicate gold and fraudulent attempts. There is an audit personnel along with the centralised system to regularly monitor the overall risk management.
Collateral risk	Muthoot Finance can be impacted by a fall in gold prices to an extent where its profitability can be negatively affected.	The policy of retaining 25% of the gold price while calculating the loan amount is maintained. The sentimental value of gold jewellery drives redemption even if the value of the collateral falls below the repayment amount, thereby protecting the Company from any untoward risks.
Credit risk	This arises when the counterparty fails to abide by the terms and conditions of the financial contract imposed by Muthoot Finance.	Strict loan approval and collateral evaluation processes are implemented. In addition to this, it has a non-performance asset monitoring process and an effective collection approach to minimise the impact of the credit risk on the operations. Moreover, the credit risk is also mitigated through the collateral's liquidity.
Market risk	Unfavourable changes in the interest rate can undermine operational efficiency.	The increased interest rates are passed on to the borrowers to minimise the negative impact of fluctuations in the interest rates. Along with this, maintaining the fixed rate of interest for bulk borrowings and loans as well as advances remained integral to effectively managing the risks.
Liquidity risk	Challenges arise due to the failure to raise cash at the best possible rate from the market, undermining the operational strength and ability to strategically manage the debt.	There is regular interaction with the Asset and Liabilities Management Committee and ALCO Committee to understand the liquidity position based on future cash flows. Moreover, Muthoot Finance faces minimal liquidity risk owing to its diverse funding sources such as debentures, bank loans with longer maturity and external commercial borrowings.
Business cycle risk	The risk faced due to the cyclical nature of the industry affects the operations of Muthoot Finance	The pan-India presence of Muthoot Finance cushions it against uncertainties in the external environment and protects against risks associated with the cyclical nature of the industry.

Independent Auditor's Report

To the Members of **Muthoot Finance Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Muthoot Finance Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes In Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profits, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Key Audit Matters

1. Allowances for expected credit losses ('ECL'):

As at March 31, 2025, the carrying value of loan assets carried at amortised cost, aggregated ₹ 10,86,809.72 million (net of allowance for expected credit loss ₹ 15,730.78 million) constituting 89.63% of the Company's total assets. Significant judgement is used in classifying these loan assets and applying appropriate measurement principles. ECL on such loan assets carried at amortised cost is a critical estimate involving greater level of Management judgement. As part of our risk assessment, we determined that the ECL on such loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the standalone financial statements. The elements of estimating ECL which involved increased level of audit focus are the following:

- Qualitative and quantitative factors used in staging the loan assets carried at amortised cost;
- Basis used for estimating probabilities of default ('PD'), loss given default ('LGD') and exposure at default ('EAD') at product level with past trends;

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

How our audit addressed the Key Audit Matters

We have examined the policies approved by the Board of Directors of the Company that articulate the objectives of managing each portfolio and their business models. We have also checked the methodology adopted for computation of the ECL Model, including the policies approved by the Board of Directors, procedures, and controls for assessing and measuring credit risk on all lending exposures carried at amortised cost, and its compliance with Ind AS 109. Additionally, we have confirmed that adjustments to the output of the ECL Model are consistent with the documented rationale and basis for such adjustments and that the amount of adjustments have been approved by the Audit Committee of the Board of Directors. Our audit procedures related to the allowance for ECL included the following, among others: Testing the design and operating effectiveness of the following:

- Completeness and accuracy of the EAD and the classification thereof into stages consistent with the definitions applied in accordance with the policy approved by the Board of Directors including the appropriateness of the qualitative factors to be applied;

<ul style="list-style-type: none"> Judgements used in projecting economic scenarios and probability weights applied to reflect future economic conditions; and Adjustments to model driven ECL results to address emerging trends. <p>(Refer note no. 8 and 42 to the standalone financial statements).</p>	<ul style="list-style-type: none"> Completeness, accuracy and appropriateness of information used in the estimation of the PD and LGD for the different stages depending on the nature of the portfolio; Accuracy of the computation of the ECL estimate including reasonableness of the methodology used to determine macro-economic overlays and adjustments to the output of the ECL model; and <p>Test of details on a sample basis in respect of the following:</p> <ul style="list-style-type: none"> Accuracy and completeness of the input data such as period of default and other related information used in estimating the PD; The mathematical accuracy of the ECL computation by using the same input data as used by the Company. Completeness and accuracy of the staging of the loans and the underlying data based on which the ECL estimates have been computed. Evaluating the adequacy of the adjustment after stressing the inputs used in determining the output as per the ECL model to ensure that the adjustment was in conformity with the overlay amount approved by the Audit Committee of the Company.
<p>2. Information technology and general controls:</p>	<p>We obtained an understanding of the Company's IT applications, databases and operating systems relevant to financial reporting. Our focus areas within the IT infrastructure included access security, program change controls, database management, and network operations. Specifically:</p> <ul style="list-style-type: none"> We tested the design, implementation, and operating effectiveness of the Company's general IT controls over systems relevant to financial reporting. This included an assessment of controls related to segregation of duties and the provisioning or modification of access rights based on appropriately authorized requests. We also evaluated key automated business process controls and the logic of system-generated reports that were relevant to financial reporting or were used in the operation of internal financial controls over the standalone financial statements. In addition, we performed alternate procedures to assess whether any unmitigated IT risks existed that could materially impact the standalone financial statements.
<p>3. Related Party Transactions:</p>	<p>We identified related party transactions as a key audit matter due to their financial and regulatory significance, the complexity involved in their identification and approval, and the inherent risk of non-disclosure or misstatement in the financial statements.</p> <ul style="list-style-type: none"> We obtained an understanding of the Company's policies for identifying and disclosing related party relationships and transactions. We inspected minutes of meetings of the Board of Directors and the Audit Committee to assess whether related party transactions were deliberated, reviewed, and approved in line with regulatory and governance requirements. On a sample basis, we tested related party transactions by examining underlying agreements, approvals, and supporting documentation to evaluate whether the transactions were appropriately recorded, disclosed, and conducted in the ordinary course of business and at arm's length. We assessed compliance with Sections 177 and 188 of the Companies Act, 2013 and SEBI (LODR) Regulations—with respect to authorisation, approvals, disclosures, and required reporting. We evaluated the completeness and accuracy of related party disclosures in the financial statements in accordance with Ind AS 24.

Information other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Management and Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after that date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibility of Management and Board of Directors' for the standalone financial statements

The Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors' are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors' either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty

exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The annual standalone financial statements of the Company for the year ended March 31, 2024, were audited by erstwhile joint auditors whose audit report dated May 30, 2024, expressed an unmodified opinion on those annual standalone financial statements. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended). Since the key operations of the Company are automated with the key applications integrated to core banking system/MIS, the audit is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.
 - c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3)(b) of the Act and paragraph (2)(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - I. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note no. 38 to the standalone Financial Statements;
 - II. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - IV. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in Note 61 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in Note 61 to the standalone financial statements, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- V. The dividend declared/paid during the year by the Company is in compliance with section 123 of the Act. The interim dividend declared and paid by the Company during the year and until the date of this audit report is in compliance with Section 123 of the Act.

VI. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature was not enabled at the database level to log any direct data changes.

Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, where such functionality was enabled and logs were maintained. Additionally, except for the database-level changes as mentioned above, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A to the Independent Auditors' Report

(Referred to in Paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanation given to us, the Company has a regular programme of physical verification of its PPE which in our opinion is reasonable having regard to the size of the Company and nature of its assets. Pursuant to the programme, the Management has physically verified the Property, Plant and Equipment during the year and no material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company), disclosed in the standalone financial statements are held in the name of the Company. (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) or intangible assets or both during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

- ii. a. The Company is engaged primarily in lending activities and consequently does not hold any physical inventories. Accordingly, paragraph 3(ii)(a) of the Order is not applicable.

- b. The Company has been sanctioned working capital limits in excess of ₹ 5 crore, in aggregate, during the year, from banks or financial institutions on the basis of security of current assets. Quarterly returns/statements filed by the company with such banks/financial institutions are in agreement with the books of the company.
- iii. a. The principal business of the Company is to give loans, hence the requirement to report on clause 3(iii)(a) of the Order is not applicable to the Company.
- b. In our opinion, having regard to the nature of the Company's business, the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the Company's interest
- c. The Company, being a Non-Banking Financial Company, registered under provisions of RBI Act, 1934 and rules made thereunder, in pursuance of its compliance with provisions of the said Act/Rules, particularly, the prudential regulation under Scale Based Regulations monitors repayments of principal and payment of interest by its borrowers as stipulated. In cases where repayment of principal and payment of interest is not received as stipulated, the cognizance thereof is taken by the Company in course of its periodic regulatory reporting. Refer note 8 to the Standalone Financial Statements for summarised details of such loans/advances which are not repaid by borrowers as per stipulations.
- d. In respect of the loans/advances in nature of loans, the total amount overdue for more than ninety days as at March 31, 2025, is 37,003.69 million. In such instances, in our opinion, based on information and explanations provided to us, reasonable steps have been taken by the Company for the recovery of the principal amounts and the interest thereon. Refer Note 8 in the standalone financial statements as at March 31, 2025.
- e. The provisions of paragraph 3(iii)(e) of the Order are not applicable to the Company as its principal business is to give loans.
- f. The Company has not granted any loans or advances in the nature of loans that were either repayable on demand or without specifying any terms or period of repayment.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans granted, investments made and guarantees given, where applicable. The Company has not provided any security for which the provisions of sections 185 and 186 of the Act are applicable.
- v. The Company has not accepted any deposits from the public or amounts which are deemed to be deposits during the year which attract the directives issued by the Reserve Bank of India. Being a Non-Banking Finance Company registered with Reserve Bank of India, the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Rules framed there under regarding acceptance of deposits are not applicable. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- vi. In our opinion and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 148(1) of the Act for the Company.
- vii. In respect of statutory dues:
 - (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

- (b) Dues outstanding in respect of statutory dues referred to in sub-clause (a), which have not been deposited on account of any dispute are as follows:

Nature of dues	Statute	Amount payable (Net of payments made) ₹ in millions	Period to which the amount relates	Forum where the dispute is pending

Annexure B to the Independent Auditors' Report

(Referred to in Paragraph 2(g) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)

Independent Auditor's Report on the Internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Muthoot Finance Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to the standalone financial statements based on the internal control criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their

operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal financial controls with reference to standalone financial statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and Directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation

of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material

respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

The Company obtained permission from the Reserve Bank of India for carrying on the business of Non-Banking Financial Institutions on 13-11-2001 vide Regn No. N 16.00167. ***The Reserve Bank of India vide its press release 2022-2023/975 dated September 30, 2022, has classified Muthoot Finance Limited as Upper Layer NBFC as per their "Scale based regulatory framework".*** The Registered Office of the Company is at Second Floor, Muthoot Chambers, Opposite Saritha Theatre Complex, Banerji Road, Kochi - 682 018, India.

The Company made an Initial Public Offer of 51,500,000 Equity Shares of the face value ₹ 10/- each at a price of ₹ 175/- raising ₹ 9,012.50 millions during the month of April 2011. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited from May 06, 2011.

2. Basis of preparation and presentation

2.1. Statement of Compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). These financial statements may require further adjustments, if any, necessitated by the guidelines/clarifications/directions issued in the future by RBI, Ministry of Corporate Affairs, or other regulators, which will be implemented as and when the same are issued and made applicable.

2.2. Basis of measurement

The financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

- i) fair value through other comprehensive income (FVOCI) instruments,
- ii) derivative financial instruments,
- iii) other financial assets held for trading,
- iv) financial assets and liabilities designated at fair value through profit or loss (FVTPL).

2.3. The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.4. Functional and presentation currency

The financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest million, except when otherwise indicated.

2.5. New Accounting Standards that are issued but not effective

There are no standards that are issued but not yet effective on March 31, 2025.

3. Material accounting policies

3.1. Revenue Recognition

3.1.1. Recognition of interest income

The Company recognises Interest income by applying the effective interest rate (EIR) to the gross carrying

Notes

forming part of Financial Statements

amount of a financial asset except for purchased or originated credit-impaired financial assets and other credit-impaired financial assets.

For purchased or originated credit-impaired financial assets, the Company applies the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition.

For other credit-impaired financial assets, the Company applies effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

The effective interest rate on a financial asset is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While estimating future cash receipts, factors like expected behaviour and life cycle of the financial asset, probable fluctuation in collateral value etc. are considered which has an impact on the EIR.

While calculating the effective interest rate, the Company includes all fees and points paid or received to and from the borrowers that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Interest income on all trading assets and financial assets required to be measured at FVTPL is recognised using the contractual interest rate as net gain on fair value changes.

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation

Revenue from contract with customer for rendering services is recognised at a point in time when performance obligation is satisfied.

3.1.2 . Recognition of revenue from sale of goods or services

Revenue (other than for Financial Instruments within the scope of Ind AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

3.1.3. Recognition of Dividend Income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.1.4. Net gain/loss on fair value changes

The Company designates certain financial assets for subsequent measurement at fair value through profit or

Notes

forming part of Financial Statements

loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognises gains/loss on fair value change of financial assets measured at FVTPL and realised gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis. In cases there is a net gain in the aggregate, the same is recognised in 'Net gains on fair value changes' under Revenue from operations and if there is a net loss the same is disclosed under 'Expenses' in the Statement of Profit and Loss.

3.2. Financial instruments

A. Financial Assets

3.2.1. Initial recognition and measurement

All financial assets are recognised initially at fair value when the Company become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.2.2. Subsequent measurement

The Company classifies its financial assets into various measurement categories. The classification depends on the contractual terms of the financial assets' cash flows and the Company's business model for managing financial assets.

a) Financial assets measured at amortised cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.2.3. Investments in Subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in Subsidiaries, Associates and Joint Ventures at cost less impairment loss, if any.

3.2.4. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the changes in fair value through other comprehensive income (FVOCI).

B. Financial liabilities

3.2.5. Initial recognition and measurement

All financial liabilities are recognized initially at fair value when the Company become party to the contractual provisions of the financial liability. In case of financial liability which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial liabilities, are adjusted to the fair value on initial recognition. The Company's financial liabilities include trade and other payables, non-convertible debentures loans and borrowings including bank overdrafts.

Notes

forming part of Financial Statements

3.2.6. Subsequent Measurement

Financial liabilities other than financial liabilities at fair value through profit or loss which includes derivative financial instruments are subsequently carried at amortised cost using the effective interest method. Subsequent measurement of derivative financial instruments are at fair value as detailed under Note 3.7 'Derivative Financial Instruments'

3.3. Derecognition of financial assets and liabilities

3.3.1. Financial Asset

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire or it transfers its contractual rights to receive the cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. On derecognition of a financial asset in its entirety, the difference between: (a) the carrying amount (measured at the date of derecognition) and (b) the consideration received (including any new asset obtained less any new liability assumed) shall be recognised in profit or loss. Any rights and obligations created or retained in the transfer of such financial assets by the Company is recognized as a separate asset or liability.

3.3.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of profit and loss.

3.4. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in

the balance sheet when the Company has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a) The normal course of business
- b) The event of default
- c) The event of insolvency or bankruptcy of the Company and/or its counterparties

3.5. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit or loss.

3.5.1. Overview of the Expected Credit Loss (ECL) model

Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Company performs an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses.

Notes

forming part of Financial Statements

Based on the above process, the Company categorises its loans into three stages as described below:

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Company recognises lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.
- Financial assets are classified as Stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognises lifetime ECL for impaired financial assets.

3.5.2. Estimation of Expected Credit Loss

The mechanics of the ECL calculations are outlined below and the key elements are as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Company uses historical information where available to determine PD. Considering the different products and schemes, the Company has bifurcated its loan portfolio into various pools. For certain pools where historical information is available, the PD is calculated considering fresh slippage of past years.

For those pools where historical information is not available, the PD/default rates as stated by external reporting agencies is considered.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward-looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, vehicles, etc. However, the fair value of collateral affects the calculation of ECL. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Notes

forming part of Financial Statements

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

3.6. Determination of fair value of Financial Instruments

The Company measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments – Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.

Level 3 financial instruments – Those that include one or more unobservable input that is significant to the measurement as whole.

3.7. Derivative financial instruments

The Company enters into derivative financial instruments such as foreign exchange forward contracts and cross currency swaps to manage its exposure to foreign exchange rate risk and interest rate swaps to manage its interest rate risk.

Derivatives are initially recognised at fair value on the date when a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date and carried as assets when their fair value is positive and as liabilities when their fair value

Notes

forming part of Financial Statements

is negative. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship. The Company has designated the derivative financial instruments as cash flow hedges of recognised liabilities and unrecognised firm commitments.

Hedge accounting

In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. The Company enters into derivative financial instruments that have critical terms aligned with the hedged item and in accordance with the Risk management policy of the Company, the hedging relationship is extended to the entire term of the hedged item. The hedges are expected to be highly effective if the hedging instrument is offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk. The assessment of hedge effectiveness is carried out at inception and on an ongoing basis to determine that the hedging relationship has been effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in Other Comprehensive Income (OCI) within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised

immediately in the Statement of Profit and Loss. The Company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve. When the hedged cash flow affects the Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Statement of Profit and Loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Statement of Profit and Loss.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered as an integral part of the Company's cash management.

3.9. Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Notes

forming part of Financial Statements

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

3.9.1. Depreciation

Depreciation on Property, Plant and Equipment is calculated using written down value method to write down the cost of property, plant and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013.

The estimated useful lives are as follows:

Particulars	Useful life
Furniture and fixture	10 years
Office equipment	5 years
Server and networking	6 years
Computer	3 years
Building	30 years
Building RCC Frame Structure	60 years
Vehicles	8 years
Wind Mill	22 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates. Property, plant, and equipment with an individual acquisition cost not exceeding ₹5,000 shall be expensed in the year of purchase.

Property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income/expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.10. Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure related to the asset is added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprising of software is amortised on straight-line basis over a period of 5 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Notes

forming part of Financial Statements

3.11. Impairment of non-financial assets: Property, Plant and Equipment and Intangible Assets

The Company assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount to determine the extent of impairment, if any.

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited

so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.12. Finance Cost

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed:

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the financial liability.

Interest expense includes issue costs that are initially recognised as part of the carrying value of the financial liability and amortised over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

Notes

forming part of Financial Statements

3.13. Other expenses

Expenses are recognised on accrual basis net of the goods and services tax, except where credit for the input tax is not statutorily permitted.

3.14. Employee Benefits Expenses

3.14.1. Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services

3.14.2. Post-Employment Benefits

A. Defined contribution schemes

All eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the Company contribute monthly at a stipulated percentage of the covered employee's salary. Contributions are made to Employees Provident Fund Organization in respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit and Loss at actuals. The Company has no liability for future provident fund benefits other than its annual contribution.

B. Defined Benefit schemes

Gratuity

The Company provides for gratuity covering eligible employees under which a lumpsum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Company. The Company accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Company makes annual contribution

to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Life Insurance Company Limited and/or ICICI Prudential Life Insurance Company Limited.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

3.14.3. Other Long-term employee benefits

Accumulated compensated absences

The Company provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

3.14.4. Employee Share-based payments

Stock options granted to the employees under the stock option scheme established are accounted as

Notes

forming part of Financial Statements

per the accounting treatment prescribed by the SEBI (Share-based Employee Benefits) Regulations, 2014 issued by Securities and Exchange Board of India.

The Company follows the fair value method of accounting for the options and accordingly, the excess of market value of the stock options as on the date of grant over the fair value of the options is recognised as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.15. Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

3.16. Taxes

Income tax expense represents the sum of current tax and deferred tax.

3.16.1 Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

3.16.2 Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the financial statements for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry

Notes

forward of unused tax credits and unused tax losses can be utilised, except:

- i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss ie., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the

deferred taxes relate to the same taxable entity and the same taxation authority.

3.17. Contingent Liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not have any contingent assets in the financial statements.

3.18. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share (EPS). Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.19. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of profit and loss.

3.20. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

3.21. Leases

Effective April 01, 2019, the Company had applied Ind AS 116 'Leases' to all lease contracts existing on April 01, 2019 by adopting the modified retrospective approach.

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Company as a lessee

The Company has elected not to recognise right-of use assets and lease liabilities for short-term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Company determines the lease term as the non-cancellable period of a lease,

together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable, the Company at the time of initial recognition:

- measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.
- measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight-line basis over the lease period) and any accumulated impairment losses adjusted for any remeasurement of the lease liability specified in Ind AS 116 'Leases'.

The Company as a lessor

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the Solely payments of principal and interest and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was

held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India's base rate and other fee income/expense that are integral parts of the instrument

4.3. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.4. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include

Notes

forming part of Financial Statements

the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.5. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.6. Determination of lease term

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease

adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.7. Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

Note 22: Other equity (Contd.)

22.1 Nature and purpose of reserve

(a) Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

(b) Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

(c) Debenture Redemption Reserve

Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules dated August 16, 2019, the Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis.

(d) General Reserve

Under the erstwhile Companies Act, 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act, 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(e) Share Options outstanding account

The fair value of equity settled Share-based payments transactions is recognised in the Statement of Profit and Loss with corresponding credit to Share option outstanding account.

(f) Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

(g) Other Comprehensive Income

Equity instruments through Other Comprehensive Income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Note 22: Other equity (Contd.)

Effective portion of Cash Flow Hedges and Cost of Hedging Reserve

Effective portion of cash flow hedges represents the cumulative gains/(losses) arising on changes in fair value of the derivative instruments designated as cash flow hedges through OCI. The amount recognized as effective portion of Cash flow hedge is reclassified to profit or loss when the hedged item affects profit or loss. The Company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve.

Remeasurement of defined benefit plans

It represents the gain/(loss) on remeasurement of Defined Benefit Obligation and of Plan assets.

Note 35: Retirement Benefit Plan (Contd.)

A quantitative sensitivity analysis for significant assumptions as at March 31, 2025 and March 31, 2024 are as shown below:

Assumptions	Sensitivity Level	As at March 31, 2025	As at March 31, 2024
Discount Rate	Increase by 1%	(93.64)	(71.12)
Discount Rate	Decrease by 1%	104.37	78.61
Further Salary Increase	Increase by 1%	102.74	77.85
Further Salary Increase	Decrease by 1%	(93.98)	(71.76)
Employee turnover	Increase by 1%	(8.21)	(3.69)
Employee turnover	Decrease by 1%	8.64	3.77
Mortality Rate	Increase in expected lifetime by 1 year	0.04	Negligible change
Mortality Rate	Increase in expected lifetime by 3 years	0.11	Negligible change

The sensitivity is performed on the DBO at the respective valuation date by modifying one parameter whilst retaining other parameters constant. There are no changes from the previous period to the methods and assumptions underlying the sensitivity analyses. The weighted average duration of the defined benefit obligation as at March 31, 2025 is 5 years (2024: 5 years). The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Description of Asset Liability Matching (ALM) Policy

The Company primarily deploys its gratuity investment assets in insurer-offered debt market-linked plans. As investment returns of the plan are highly sensitive to changes in interest rates, the liability movement is broadly hedged by asset movement if the duration is matched.

Description of funding arrangements and funding policy that affect future contributions

The liabilities of the fund are funded by assets. The Company aims to maintain a close to full-funding position at each Balance Sheet date. Future expected contributions are disclosed based on this principle.

The principal assumptions used in determining leave encashment obligations for the Company's plans are shown below:

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments, mortality, withdrawals and other relevant factors.

Note 40: Capital

Capital Management

The primary objective of the Company's capital management policy is to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximise shareholder value.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and requirements of the financial covenants. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

Regulatory capital	As at March 31, 2025	As at March 31, 2024
Common Equity Tier1 capital (CET1)	265,724.84	241,570.84

CET1 capital ratio	22.95%	29.61%
CET2 capital ratio	0.75%	0.76%
Total capital ratio	23.71%	30.37%

Regulatory capital consists of CET1 capital, which comprises share capital, share premium, statutory reserve, share option outstanding account, retained earnings including current year profit less accrued dividends. Certain adjustments are made to Ind AS-based results and reserves, as prescribed by the Reserve Bank of India. The other component of regulatory capital is other Tier 2 Capital Instruments.

Note 41: Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Fair Value Hierarchy of financial instruments measured at fair value

The fair value measurement hierarchy for financial instruments measured at fair value as at March 31, 2025 is as follows:

Particulars	At Fair Value Through Profit or Loss			
	Level-1	Level-2	Level-3	Total
Investments	18,691.31	-	5.96	18,697.27

Valuation methodologies of financial instruments measured at fair value

Fair values of financial assets, other than those which are subsequently measured at amortised cost, have been arrived at as under:

Investments at fair value through profit or loss

For investments where quoted price exist in active markets, the same is used for fair valuation as on measurement date and is classified as Level 1. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. For investments where no quoted price exist in active markets, valuation is derived from directly or indirectly observable market data available for substantially the entire period of the investment and is classified as Level 2

Derivative Financial Instruments (assets/liabilities) at fair value through other comprehensive income

The financial assets/liabilities on derivative contracts have been valued at fair value through other comprehensive income using closing rate and is classified as Level 2

Investments at fair value through other comprehensive income

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report on a case-by-case basis and classified as Level 2. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1.

Note 41: Fair Value Measurement (Contd.)

Valuation methodologies of financial instruments not measured at fair value

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics i.e., type of loan. The Company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

Investments - at amortised cost

For Government Securities, the market value of the respective Government stock as on the date of reporting has been considered for fair value computations.

Debt Securities

The fair value of debt securities and subordinated liabilities is estimated by a discounted cashflow model incorporating interest rate estimates from market observable data such as secondary prices for its traded debt itself.

Financial liabilities at amortised cost

The fair values of financial liabilities held-to-maturity (financial liabilities other than trade payables, debt securities and subordinated liabilities) are estimated using effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of such financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

Note 42: Risk Management

The Company's principal financial liabilities comprise borrowings and trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets include loans, investments, cash and cash equivalents and other receivables that are derived directly from its operations. As a financial lending institution, Company is exposed to various risks that are related to lending business and operating environment. The principal objective in Company's risk management processes is to measure and monitor the various risks that Company is subject to and to follow policies and procedures to address such risks.

The Company's Risk Management Committee of the Board of Directors constituted in accordance with the Reserve Bank of India regulations has overall responsibility for overseeing the implementation of the Risk Management Policy. The committee meets at least twice in a year to review the Risk Management practices. Risk Management department periodically places its report to the committee for review. The committee's suggestions for improving the Risk Management Practices are implemented by the Risk Management department.

Risk Management department shall be responsible for the following:

- a) Identifying the various risks associated with the activities of the Company and assessing their impact on the business.
- b) Measuring the risks and suggesting measures to effectively mitigate the risks.

However, the primary responsibility for managing the various risks on a day to day basis will be with the heads of the respective business units of the Company.

The Company is generally exposed to credit risk, liquidity risk, market risk and operational risk.

I) Credit Risk

Credit Risk arises from the risk of loss that may occur from the default of Company's customers under loan agreements. Customer defaults and inadequate collateral may lead to loan losses.

The Company addresses credit risk through following processes:

- a) Credit risk on Gold loan is considerably reduced as collateral is in the form of Gold ornaments which can be easily liquidated and there is only a distant possibility of losses due to adequate margin of 25% or more retained while disbursing the loan. Credit risk is further reduced through a quick but careful collateral appraisal and loan approval process. Hence overall, the Credit risk is normally low.
- b) Sanctioning powers for Gold Loans is delegated to various authorities at branches/controlling offices. Sanctioning powers are used only for granting loans for legally permitted purposes. The maximum Loan to Value does not exceed the limit stipulated by the Reserve Bank of India under any circumstances.
- c) Gold ornaments brought for pledge is the primary responsibility of Branch Manager. Branch executives should enquire with the customers about the ownership of the ornaments being pledged for loan and the loan should be granted only after they are convinced about the genuineness of the customer and his capacity to own that much quantity of gold. In addition to the above, customers are also required to sign a declaration of ownership of ornaments offered as security for the loan. Extra care is taken if the gold jewellery brought for pledge by any customer at any one time or cumulatively

Notes

forming part of Financial Statements

(₹ in millions, except for share data and unless otherwise stated)

Note 42: Risk Management (Contd.)

is more than 20 gm. The declaration should also contain an explanation specifically as to how the ownership was vested with the customer.

- d) Auctions are conducted as per the Auction Policy of the Company and the guidelines issued by Reserve Bank of India. In case of Gold Loans, generally auction of gold jewellery accepted as security is conducted if total dues on the loan is not repaid by due date. After reasonable time is given to the customers for release after loan becomes overdue and on exhausting all efforts for persuasive recovery, auction is resorted to as the last measure in unavoidable cases. Company has the right to recover dues remaining even after set off of amount received on auctions from the customer. Any excess amount received on auctions over and above the dues are refunded to the customer.
- e) In case of loans other than Gold Loan, loans are given whether with primary/collateral security, like secured loans or without any primary/collateral security like unsecured loans, more than ordinary care is taken such that loans are granted only to persons/firms/companies of repute with credit worthiness, future cash flows to repay the loan and track record.

Impairment Assessment

The Company is mainly engaged in the business of providing gold loans. The tenure of the loans generally is for 12 months. The Company also provides unsecured personal loans to salaried individuals and unsecured loans to traders and self employed. The tenure of the loans ranges from 12 months to 60 months. The Company also provides loans to corporate entities which are secured/unsecured for periods up to 3 years. The Company's impairment assessment and measurement approach is set out in this note.

Definition of default and cure

The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for Expected Credit Loss (ECL) calculations in all cases when the borrower becomes 91 days past due including the due date on its contractual payments. As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikeness to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations. It is the Company's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 only when none of the default criteria have been present. Accordingly, revenue is recognized on financial instruments classified as Stage 3 when none of the default criteria is present. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

Company's internal credit rating grades and staging criteria for loans are as follows:

Rating	Loans Days past due (DPD) including the due date	Stages
High grade	Not yet due	Stage 1
Standard grade	1-30 DPD	Stage 1
Sub-standard grade	31-60 DPD	Stage 2
Past due but not impaired	61- 90 DPD	Stage 2
Individually impaired	91 DPD or More	Stage 3

Note 42: Risk Management (Contd.)

Exposure at Default (EAD)

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest.

Probability of Default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. For Stage 1 financial assets, the Company assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Company uses historical information wherever available to determine PD. PD is calculated using Incremental 91 DPD approach considering fresh slippage using historical information. Where historical information is not available, the PD/default rates as stated by external reporting agencies is considered. Where appropriate, the Company makes adjustments to the PD estimate outside the Company's regular modelling process to reflect management judgements. Changes to the assumptions underlying these judgemental adjustments could materially affect ECL in next 12 months. These adjustments include post-model adjustments and overlays.

Loss Given Default (LGD)

LGD is the estimated loss that the Company might suffer if the borrower defaults. The Company determines its recovery (net present value) by analysing the recovery trends, borrower rating, collateral value and expected proceeds from sale of asset/collateral. LGD Rates have been computed internally based on the discounted recoveries in defaulted accounts that are closed/written off/repossessed and upgraded during the year. When estimating ECLs on a collective basis for a group of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition. Company has adopted 65% as the LGD which is the rate drawn reference from Internal Rating Based (IRB) approach guidelines issued by Reserve Bank of India for Banks to calculate LGD where sufficient past information is not available. Where appropriate, the Company makes adjustments to the LGD estimate outside the Company's regular modelling process to reflect management judgements. Changes to the assumptions underlying these judgemental adjustments could materially affect ECL in next 12 months. These adjustments include post-model adjustments and overlays.

Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are in place covering the acceptability and valuation of each type of collateral.

The tables on the following pages show the maximum exposure to credit risk by class of financial asset. They also show the total fair value of collateral, any surplus collateral (the extent to which the fair value of collateral held is greater than the exposure to which it relates), and the net exposure to credit risk.

II) Liquidity risk

Liquidity risk is the risk of being unable to raise necessary funds from the market at optimal cost to meet operational and debt servicing requirements. The purpose of liquidity management is to ensure sufficient cash flow to meet all financial commitments and to capitalise on opportunities for business expansion. Board of Directors will have overall responsibility of monitoring, supervision and control of the Asset Liability Management (ALM) mechanism. Board will have a sub-committee of Directors (ALM Committee) to review the ALM position of the Company on at least half yearly intervals. An Asset Liability Committee (ALCO) consisting of senior executives of the Company including the Managing Director shall be responsible for the day to day as well as periodic monitoring and control of Asset Liability management.

The table below shows the maturity pattern of the assets and liabilities. In the case of loans, contracted tenor of gold loan is maximum of 12 months. However, on account of high incidence of prepayment before contracted maturity, the below maturity profile has been prepared by the management on the basis of historical pattern of repayments. In case of loans other than gold loan, the maturity profile is based on contracted maturity.

Note 42: Risk Management (Contd.)

III) Market risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity, and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments. The Company is exposed to four types of market risk as follows:

a) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is subject to interest rate risk, primarily since it lends to customers at fixed rates and for maturity periods shorter than the funding sources. Majority of our borrowings are at fixed rates. However, borrowings at floating rates gives rise to interest rate risk. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Company seek to optimize borrowing profile between short-term and long-term loans. The Company adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervise an interest rate sensitivity report periodically for assessment of interest rate risks. The Interest Rate Risk is mitigated by availing funds at very competitive rates through diversified borrowings and for different tenors.

During the year, Company has undertaken derivative transactions for hedging interest rate risk on certain domestic currency exposures linked to external benchmark through Interest Rate Swaps as below:

Particulars	As at March 31, 2025	As at March 31, 2024
Domestic Currency Exposure	17,791.67	13,000.00

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings are as follows:

Impact on Profit before taxes	As at March 31, 2025	As at March 31, 2024
On Floating Rate Borrowings		
1% increase in interest rates	4,226.51	3,490.33
1% decrease in interest rates	(4,226.51)	(3,490.33)

b) Price risk

Sudden fall in the gold price and fall in the value of the pledged gold ornaments can result in some of the customers to default if the loan amount and interest exceeds the market value of gold. This risk is in part mitigated by a minimum 25% margin retained on the value of gold jewellery for the purpose of calculation of the loan amount. Further, we appraise the gold jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery. In addition, the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of gold ornaments falls below the value of the repayment amount. An occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Note 42: Risk Management (Contd.)

Equity price risk is the risk that the fair value of equities decrease as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL and the non-trading equity price risk exposure arises from equity securities classified at FVOCI.

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

Particulars	Increase/ (Decrease) in percentage	Sensitivity of profit or loss	Sensitivity of Other Comprehensive Income
As at March 31, 2025	10/(10)	14.31/(14.31)	220.27/(220.27)
As at March 31, 2024	10/(10)	23.24/(23.24)	225.16/(225.16)

c) Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Company arises majorly on account of foreign currency borrowings. The Company's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Company has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2025 by entering into forward contracts with the intention of covering the entire term of foreign currency exposure. The counterparties for such hedge transactions are banks.

The Company's exposure on account of Foreign Currency Borrowings at the end of the reporting period expressed in Indian Rupees are as follows:

Particulars	Foreign currency	As at March 31, 2025	As at March 31, 2024
FCNB Demand Loan (principal amount on reporting date)	USD	-	3,902.57
External Commercial Borrowings - Senior Secured Notes (principal amount and interest accrued but not due on reporting date)	USD	121,815.81	-

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all other variables are held constant. On the date of maturity of the derivative instrument, considering the hedging for the entire term of the foreign currency exposure, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

d) Prepayment risk

Prepayment risk is the risk that the Company will incur a financial loss because its customers and counterparties repay or request repayment earlier than expected, such as fixed rate loans when interest rates fall.

IV) Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Company cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes including the use of internal audit.

Note 43: Disclosure with regard to dues to Micro Enterprises and Small Enterprises

Based on the information available with the Company and which has been relied upon by the auditors, none of the suppliers have confirmed to be registered under "The Micro, Small and Medium Enterprises Development ('MSMED') Act, 2006". Accordingly, no disclosures relating to principal amounts unpaid as at the period ended March 31, 2025 together with interest paid/payable are required to be furnished.

Note 44: Dividend remitted in foreign currency

There was no dividend remitted in foreign currency during the year ended March 31, 2025 and March 31, 2024.

Note 45: Segment reporting

The Company is engaged in the business segment of Financing, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on "Operating Segment". Hence, there are no separate reportable segments, as required by the Ind AS 108 on "Operating Segment".

Note 46: Share-based payments

Pursuant to approval by the shareholders at their meeting held on September 27, 2013, the Company has established "Muthoot ESOP 2013" scheme administered by the ESOP Committee of Board of Directors. The following options were granted as on March 31, 2025. The fair value of the share options is estimated at the grant date using a Black-Scholes pricing model, taking into account the terms and conditions upon which the share options were granted. However, the above performance condition is only considered in determining the number of instruments that will ultimately vest.

I The Company has formulated various share-based payment schemes for its employees. Details of all grants in operation during the year ended March 31, 2025 are as given below:

II Computation of fair value of options granted during the year

The Black-Scholes Model has been used for computing the weighted average fair value considering the following:

Particulars	Tranche 1	
	Grant A	Grant B
Share price on the date of grant (₹)	117.30	117.30
Exercise price (₹)	₹ 50	₹ 50
Expected volatility (%)	57.68%	57.68%
Life of the options granted (years)		
Expected life of options	1.5-5.5 years	2.5-6.5 years
Weighted average contractual life	4 years	5 years
Risk-free interest rate (%)	8.4% - 8.8% p.a.	8.4% - 8.95% p.a.
Expected dividend yield (%)	3.84 % p.a.	3.84 % p.a.
Model used	Black-Scholes Model	Black-Scholes Model
Fair value per option tranche on grant date (₹) (corresponding vesting date shown in brackets)	₹ 68.75 (Nov 9, 2014)	₹ 70.21 (Nov 9, 2015)
	₹ 70.21 (Nov 9, 2015)	₹ 71.13 (Nov 9, 2016)

	₹ 71.47 (Nov 9, 2018)	₹ 71.11 (Nov 9, 2019)

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. Volatility is estimated by the actual movement in share prices of the Company for one year preceding the grant date. This historical volatility is the annualised standard deviation of the continuously compounded rates of daily stock returns.

Note 53: Disclosure required as per Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 on Comparison between provisions required under RBI prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) and Impairment allowances made under Ind AS 109

In accordance with the regulatory guidance on implementation of Ind AS issued by RBI on March 13, 2020, the Company has computed provisions as per Income Recognition Asset Classification and Provisioning (IRACP) norms issued by RBI. Where impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), NBFCs shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'. The balance in the 'Impairment Reserve' shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision of the Reserve Bank. A comparison between provisions required under IRACP and impairment allowances made under Ind AS 109 is given below:

The aggregate impairment loss on application of expected credit loss method (ECL) as per Ind AS, as stated above, is more than the provisioning required under IRACP norms (including standard asset provisioning). Further, as stated in Note 19.1 the Company has retained provision in excess of ECL in the books of account as a matter of prudence.

Note 54: Disclosure required as per Master Direction -Reserve Bank of India (Non Banking Financial Company- Scale Based Regulation) Directions ,2023 on Liquidity Coverage Ratio

Maintenance of Liquidity Coverage Ratio (LCR)

Reserve Bank Of India vide its notification no. RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 dtd November 04, 2019 introduced Liquidity Coverage Ratio for certain categories of NBFCs w.e.f December 01 ,2020. All non-deposit taking NBFCs with asset size of ₹ 10,000 crore and above, and all deposit taking NBFCs irrespective of their asset size, shall maintain a liquidity buffer in terms of LCR which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient High Quality Liquid Asset (HQLA) to survive any acute liquidity stress scenario lasting for 30 days. The stock of HQLA to be maintained by the NBFCs shall be minimum of 100% of total net cash outflows over the next 30 calendar days. The LCR requirement shall be binding on NBFCs from December 1, 2020 with the minimum HQLAs to be held being 50% of the LCR, progressively reaching up to the required level of 100% by December 1, 2024, as per the time-line given below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum LCR	50%	60%	70%	85%	100%

Note 54: Disclosure required as per Master Direction -Reserve Bank of India (Non Banking Financial Company- Scale Based Regulation) Directions ,2023 on Liquidity Coverage Ratio (Contd.)

Note:

1. Unweighted values are calculated as outstanding balances maturing or callable within 30 days (for Cash inflows and Cash outflows).
2. Weighted values are calculated after the application of respective haircuts (for HQLA) and stress factors (on cash inflow/cash outflow) as per RBI guidelines.
3. 'Average' for all the quarters is computed as simple averages of daily observations for the quarter.
4. The figures used for the quantitative disclosure are based on the estimates and assumptions of the management, which have been relied upon by the auditors.

B) Qualitative disclosure

The Company has adopted Liquidity Risk Management (LRM) framework on liquidity standards as prescribed by the RBI guidelines and has put in place requisite systems and processes to enable periodical computation and reporting of the Liquidity Coverage Ratio (LCR). The mandated regulatory threshold is embedded into the Liquidity Risk Management framework of the Company thus subjecting LCR maintenance to Board oversight and periodical review. The Company computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) as well as to the ALM Committee of the Board. The Company follows the criteria laid down by RBI for calculation of High Quality Liquid Assets (HQLA), gross cash outflows and inflows within the next 30-day period. HQLA predominantly comprises unencumbered Cash and Bank balances, Government securities (viz., Treasury Bills, Central and State Government securities, Investments in TREPs (Triparty Repo trades in Government Securities provided by The Clearing Corporation of India)).

All significant outflows and inflows determined in accordance with RBI guidelines are included in the prescribed LCR computation template.

The Company monitors the concentration of funding sources from significant counterparties, significant instruments/products as part of the LRM framework. The Company follows internal limits on short-term borrowings which form part of the LRM framework. The Company's funding sources are fairly dispersed across sources and maturities.

The Board shall have the overall responsibility for management of liquidity risk. The Board shall decide the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits decided by it from time to time.

The ALM Committee of the Board of Directors shall be responsible for evaluating the liquidity risk.

The Asset-Liability Management Committee (ALCO) consisting of the NBFC's top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy of the NBFC. The Managing Director heads the Committee. The role of the ALCO with respect to liquidity risk include, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of the Company.

The ALM Support Group headed by Chief Financial Officer and consisting of operating staff will be responsible for analysing, monitoring and reporting the liquidity risk profile to the ALCO.

Independent Auditor's Report

To the Members of **Muthoot Finance Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Muthoot Finance Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes In Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, as were audited by the other auditors, referred to in the Other Matters paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and its consolidated profits, consolidated total comprehensive

income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

A) Key Audit Matters with reference to the Holding Company

Key Audit Matters

1. Allowances for expected credit losses ('ECL'):

The Company recognises expected credit losses (ECL) on its loan assets in accordance with Ind AS 109, Financial Instruments, using the expected credit loss model. Significant judgement is used in classifying these loan assets and applying appropriate measurement principles. ECL on such loan assets carried at amortised cost is a critical estimate involving greater level of Management judgement. As part of our risk assessment, we determined that the ECL on such loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the consolidated financial statements. The elements of estimating ECL which involved increased level of audit focus are the following:

- Qualitative and quantitative factors used in staging the loan assets carried at amortised cost;
- Basis used for estimating probabilities of default ('PD'), loss given default ('LGD') and exposure at default ('EAD') at product level with past trends;
- Judgements used in projecting economic scenarios and probability weights applied to reflect future economic conditions; and
- Adjustments to model driven ECL results to address emerging trends.

(Refer note no. 8 and 44 to the consolidated financial statements).

2. Information technology and general controls:

The Company relies heavily on its information technology (IT) systems due to the high volume of transactions processed daily across multiple, discrete platforms. Effective IT application controls are essential to ensure that any changes to applications and the underlying data are implemented appropriately and within a controlled environment. These controls play a vital role in mitigating the risk of errors or potential fraud arising from unauthorized or inappropriate changes. Given the pervasive use of IT systems in the Company's financial reporting processes, the evaluation and testing of general IT controls were considered a key audit matter.

How our audit addressed the Key Audit Matters

We have examined the policies approved by the Board of Directors of the Company that articulate the objectives of managing each portfolio and their business models. We have also checked the methodology adopted for computation of the ECL Model, including the policies approved by the Board of Directors, procedures, and controls for assessing and measuring credit risk on all lending exposures carried at amortised cost, and its compliance with Ind AS 109. Additionally, we have confirmed that adjustments to the output of the ECL Model are consistent with the documented rationale and basis for such adjustments and that the amount of adjustments have been approved by the Audit Committee of the Board of Directors. Our audit procedures related to the allowance for ECL included the following, among others:

Testing the design and operating effectiveness of the following:

- Completeness and accuracy of the EAD and the classification thereof into stages consistent with the definitions applied in accordance with the policy approved by the Board of Directors including the appropriateness of the qualitative factors to be applied;
- Completeness, accuracy and appropriateness of information used in the estimation of the PD and LGD for the different stages depending on the nature of the portfolio;
- Accuracy of the computation of the ECL estimate including reasonableness of the methodology used to determine macro-economic overlays and adjustments to the output of the ECL model; and

Test of details on a sample basis in respect of the following:

- Accuracy and completeness of the input data such as period of default and other related information used in estimating the PD;
- The mathematical accuracy of the ECL computation by using the same input data as used by the Company.
- Completeness and accuracy of the staging of the loans and the underlying data based on which the ECL estimates have been computed.
- Evaluating the adequacy of the adjustment after stressing the inputs used in determining the output as per the ECL model to ensure that the adjustment was in conformity with the overlay amount approved by the Audit Committee of the Company.

We obtained an understanding of the Company's IT applications, databases and operating systems relevant to financial reporting. Our focus areas within the IT infrastructure included access security, program change controls, database management, and network operations. Specifically:

- We tested the design, implementation, and operating effectiveness of the Company's general IT controls over systems relevant to financial reporting. This included an assessment of controls related to segregation of duties and the provisioning or modification of access rights based on appropriately authorized requests.
- We also evaluated key automated business process controls and the logic of system-generated reports that were relevant to financial reporting or were used in the operation of internal financial controls over the consolidated financial statements. In addition, we performed alternate procedures to assess whether any unmitigated IT risks existed that could materially impact the consolidated financial statements.

Key Audit Matters

3. Related Party Transactions:

We identified related party transactions as a key audit matter due to their financial and regulatory significance, the complexity involved in their identification and approval, and the inherent risk of non-disclosure or misstatement in the financial statements.

How our audit addressed the Key Audit Matters

- We obtained an understanding of the Company's policies for identifying and disclosing related party relationships and transactions.
- We inspected minutes of meetings of the Board of Directors and the Audit Committee to assess whether related party transactions were deliberated, reviewed, and approved in line with regulatory and governance requirements.
- On a sample basis, we tested related party transactions by examining underlying agreements, approvals, and supporting documentation to evaluate whether the transactions were appropriately recorded, disclosed, and conducted in the ordinary course of business and at arm's length.
- We assessed compliance with Sections 177 and 188 of the Companies Act, 2013 and SEBI (LODR) Regulations—with respect to authorisation, approvals, disclosures, and required reporting.
- We evaluated the completeness and accuracy of related party disclosures in the financial statements in accordance with Ind AS 24.

B) Key Audit Matters with reference to subsidiaries

There are no specific key audit matters reported to us by the auditors of the subsidiary companies not audited by us, except as reported by the auditors of two subsidiary companies in their standalone audit report and reproduced by us, as below:

(i) In respect of the subsidiary, Belstar Microfinance Limited.

The auditor of Belstar Microfinance Limited has included the following Key Audit Matter in the audit report:

Key Audit Matters

1. Assessment of impairment loss allowance based on expected credit loss (ECL) on Loans

Under Ind AS 109 - Financial Instruments, credit loss assessment is based on expected credit loss (ECL) model. The Company's impairment allowance is derived from estimates including the historical default and loss ratios. Management exercises judgement in determining the quantum of loss based on a range of factors.

The determination of impairment loss allowance is inherently judgmental and relies on managements' best estimate due to the following:

Segmentation of loans given to the customer. Criteria selected to identify significant increase in credit risk.

Increased level of data inputs for capturing the historical data to calculate the Probability of Default ('PDs') and Loss Given Default ('LGD') and the completeness and accuracy of that data.

Use of management judgement for considering the forward looking macro-economic factors economic environment and timing of cash flows.

The underlying forecasts and assumptions used in the estimates of impairment loss allowance are subject to uncertainties which are often outside the control of the Company.

Given the size of loan portfolio relative to the balance sheet and the impact of impairment loss allowance on the financial statements, we have considered this as a key audit matter.

How the matter was addressed in the audit

The audit procedures performed by us to assess the appropriateness of the impairment allowance based on ECL on loans included the following:

We understood and evaluated the design and tested the operating effectiveness of the key controls put in place by the management over the assumptions used in the calculation of ECL and its various aspects such as determination of Probability of Default, Loss Given Default, Exposure at Default, Staging of Loans, etc.;

ii. the completeness and accuracy of source data used by the Management in the ECL computation; and ECL computations for their reasonableness.

We verified the appropriateness of methodology and models used by the Company and reasonableness of the assumptions used within the computation process to estimate the impairment provision.

We test-checked the completeness and accuracy of source data used.

We recomputed the impairment provision for a sample of loans across the loan portfolio to verify the arithmetical accuracy and compliance with the requirements of Ind AS 109.

We evaluated the reasonableness of the judgement involved in management overlays that form part of the impairment provision, and the related approvals.

We evaluated the adequacy of presentation and disclosures in relation to impairment loss allowance in the financial statements Marco economic adjustment in Co- lending.

(i) In respect of the subsidiary, Belstar Microfinance Limited.

(ii) The auditor of Muthoot Homefin (India) Limited has included the following Key Audit Matter in the audit report:

Key Audit Matters**1. Impairment of Financial Instruments as per Ind AS 109**

Ind AS 109 Financial instruments (Ind AS 109) requires the Company to provide for impairment of its financial instruments (designated as amortized cost or fair value through other comprehensive income) using the expected credit loss (ECL) approach.

ECL involves an estimation and a significant degree of judgement by the management for development of ECL model and its corresponding application in the ECL model. These judgement and estimates include:

1. Data inputs – The application of ECL model requires several data inputs. This increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model.
2. Model estimations – Inherently, judgemental models are used to estimate ECL which involves determining Probabilities of Default ("PD"), Loss Given Default ("LGD") and Exposures at Default ("EAD"). The PD and the LGD are key drivers of estimation complexity in the ECL and as a result are considered the most significant judgemental aspect of the Company's modelling approach.
3. Economic scenarios – Ind AS 109 requires the Company to measure ECLs on an unbiased forward looking reflecting a range of future economic conditions. Significant management judgement is applied in determining the economic scenarios used and the probability weights applied to them.
4. The effect of these matters is that, as part of our risk assessment, we determined that the impairment of loans and advances to customers, including off balance sheet elements, has a high degree of estimation uncertainty, with a potential range of reasonable outcome greater than our materiality for the financial statements as a whole. Management overlay based on risk assessment.

Disclosures:

The disclosures regarding the Company's application of Ind AS 109 are key to explaining the key judgements and material inputs to the Ind AS 109 ECL results. Further, disclosures to be provided as per the RBI circulars with regards to non-performing assets and provisions will also be an area of focus.

How our audit addressed the Key Audit Matters

Our audit approach/procedures included the following:

- Read and assessed the Company's accounting policies for impairment of financial assets and their compliance with Ind AS 109
- Performed end to end process walkthroughs to identify the key systems, and manual controls used in the Computation of ECL.
- Testing the design and operating effectiveness of the key controls over the application of the staging criteria.
- Testing key controls relating to selection and implementation of material macro-economic variables and the controls over the scenario selection and application of probability weights.
- Evaluated the reasonableness of the methodology and tools to compute ECL rates.
- Performed test of details over calculations of ECL rate computation, in relation to the completeness and accuracy of data on sample basis.
- Obtained written representations from the management on the reasonableness of the significant assumptions used in computation of ECL provision.
- Assessing management overlays to calibrate the risks that are not yet fully captured by existing model.
- Assessed the disclosures included in the Ind-AS financial statements with respect to such allowance / estimate are in accordance with the requirements of Ind AS 109 and Ind AS 107 Financial Instruments Disclosures.

Key Audit Matters

2. Evaluation of Company's Information Technology (IT) systems and Controls over Financial Reporting

The information system is a critical component of Company's operations, enabling efficient processing of transactions, safeguarding of information, and supporting decision-making. The Company uses Emnest Application for managing its loan transactions and also for overall financial reporting.

As such, it is important for us to evaluate the effectiveness of information system controls to ensure the correctness, integrity, availability, and confidentiality of data. We identified 'IT systems and controls including audit trail (audit log)' as key audit matter because of the pervasive nature of IT environment and the scale and complexity of the IT architecture.

How our audit addressed the Key Audit Matters

Audit approach/procedures carried out by us including our IT Specialist are as under:

- Evaluated the extent to which the controls are designed and implemented to mitigate the risk of material misstatement in financial reporting.
- Obtained an understanding of the IT control environment and IT policies during the audit period.
- Obtained an understanding of the Company's information processing systems, IT General Controls and automated IT controls for select applications and databases relevant to our audit.
- Testing IT general controls related to User access management, Change Management Controls, Information Security Controls, Log management and Data backup.
- Assessment and identification of key IT applications including those identified by the management for audit trail (audit log) further verifying, testing, and reviewing the design and operating effectiveness of the IT system based on reports and other financial and non- financial information generated from the system on a test check basis.

Information other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after that date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibility of Management and Board of Directors' for the consolidated financial statements

The Holding Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Management and the Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and the Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Management and the Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Management and the Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the respective companies in the Group.

Auditor's Responsibilities for the Audit of the consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing

our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and

(ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) We did not audit the financial statements of six subsidiaries, whose financial statements reflect total assets of ₹ 152,344.60 million as at March 31, 2025, total revenues of ₹ 30,036.09 million and net cash outflows amounting to ₹ 143.32 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.
- (b) We did not audit the financial statements of one subsidiary, whose financial statements reflect total assets

of ₹ 10,736.32 million as at March 31, 2025, total revenues of ₹ 1,716.20 million, and net cash inflows of ₹ 101.36 million for the year ended on that date, as considered in the Consolidated Financial Statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, and our report under section 143(3) of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

- (c) The annual consolidated financial statements of the Company for the year ended March 31, 2024, were audited by erstwhile joint auditors whose audit report dated May 30, 2024, expressed an unmodified opinion on those annual consolidated financial statements.

Our opinion on the consolidated financial statements above and our Report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditors' Report) Order, 2020 (the 'Order'/'CARO') issued by the Central Government in terms of section 143(11) of the Act, to be included in the Auditors' Report, according to the information and explanations given to us and based on the CARO reports issued by us for the Holding Company and on consideration of CARO reports issued by the statutory auditors of subsidiary companies incorporated in India included in the Consolidated Financial Statements of the Group to which reporting under CARO is applicable, we report that the auditors of such companies have not reported any qualifications or adverse remarks in their CARO report.

2. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries referred to in the other matters section above, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to the preparation of aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books, returns and the reports of the other auditors except for certain matters in respect of audit trail as stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended). Since the key operations of the Holding Company are automated with the key applications integrated to Core Banking System (CBS)/ Management Information System (MIS), the audit of the Holding Company is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 2(b) above on reporting under Section 143(3)(b) of the Act and paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" to this report which is based on the Auditors' Reports of the Holding Company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.
 - h) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company and its Subsidiary Companies incorporated in India to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - I. The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements – Refer Note no 41 to the consolidated Financial Statements;
 - II. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India during the year ended March 31, 2025.

- IV. (a) The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively, that, to the best of their knowledge and belief, as disclosed in Note 58 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The respective Managements of the Holding Company and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively, that, to the best of their knowledge and belief, as disclosed in Note 58 to the consolidated financial statements, no funds have been received by the Holding Company or any of such subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditor's to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- V. The dividend declared/paid during the year by the Holding Company is in compliance with section 123 of the Act. The interim dividend declared and paid by the Holding Company during the year and until the date of this audit report is in compliance with Section 123 of the Act.
- VI. Based on our examination, which included test checks, and that performed by the respective auditors of the subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, the Holding Company and its subsidiaries have used accounting software for maintaining its books of account for the year ended March 31, 2025, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except for instances mentioned below.
- Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, where such functionality was enabled and logs were maintained. Additionally, except for the instances mentioned below, the audit

trail has been preserved by the Holding Company and its subsidiaries as per the statutory requirements for record retention.

In respect of Holding Company Muthoot Finance Limited:

- the feature of recording audit trail (edit log) facility was not seen enabled at the database level of the accounting software used during the year.

Annexure A to the Independent Auditors' Report

(Referred to in Paragraph 2(g) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date)

Independent Auditor's Report on the Internal financial controls with reference to the consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Muthoot Finance Limited as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to the consolidated financial statements of Muthoot Finance Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies incorporated in India, as of that date.

Managements and Board of Directors' Responsibility for Internal Financial Controls

The respective Management and Board of Directors of the Holding Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to the consolidated financial statements based on the internal control criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, and its subsidiaries, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated

financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiaries, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, and its subsidiaries, which are companies incorporated in India.

Meaning of Internal financial controls with reference to consolidated financial statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and Directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition

of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration

of the reports of the other auditors referred to in the other matters paragraph below, the Holding Company and its subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to six subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

2. Basis of preparation and presentation

2.1. Statement of Compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, (as amended from time to time). These financial statements may require further adjustments, if any, necessitated by the guidelines / clarifications / directions issued in the future by RBI, Ministry of Corporate Affairs, or other regulators, which will be implemented as and when the same are issued and made applicable.

Notes

2.2. Principles of Consolidation

2.2.1. Business Combination:

The Group applies Ind AS 103, Business Combinations, to business combinations. In accordance with Ind AS 103, the Group accounts for these business combinations using the acquisition method when control is transferred to the Group. The consideration transferred for the business combination is generally measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on bargain purchase is recognised in Other Comprehensive Income (OCI) and accumulated in equity as capital reserve if there exist clear evidence of the underlying reason for classifying the business combination as resulting in bargain purchase; otherwise the gain is recognised directly in equity as capital reserve. Transaction cost are expensed as incurred, except to the extent related to debt or equity securities.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships with the acquiree. Such amounts are generally recognised in the statement of profit and loss.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured subsequently and settlement is accounted for within equity. Other contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognised in the statement of profit and loss.

If business combination is achieved in stages, any previously held equity interest of the acquirer in the acquiree is remeasured to its acquisition date fair value and any resulting gain or loss is recognised in the Statement of Profit and Loss or OCI, as appropriate.

2.2.2. Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

2.2.3. Non-controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

2.2.4. Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other component of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in the Statement of Profit and Loss.

2.2.5. Transactions eliminated on consolidation

Intra group balances and transactions, and any unrealised income and expenses arising from intra group transactions are eliminated.

2.2.6. Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into at the exchange rates at the dates of the transactions.

The Group recognises foreign currency translation differences in OCI and accumulated in equity (as exchange difference on translating the financial statements of foreign operations), except to the

Notes

forming part of consolidated financial statements

extent that the exchange differences are allocated to NCI.

When a foreign operation is disposed off in its entirety or partially such that control or significant influence is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to the Statement of Profit and Loss as part of the gain or loss on disposal. If the Group disposes off part of its interest in a subsidiary but retains control, then the relevant proportion of the cumulative amount is reattributed to NCI.

2.2.7. The financial statement of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Company i.e., year ended March 31, 2025.

2.2.8. Consolidated financial statements are prepared using uniform accounting policies except as stated in Notes 3.9 and 3.10 of Consolidated Financial Statements. The adjustments arising out of the same are not considered material.

2.3. Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis, except for following assets and liabilities which have been measured at fair value:

- i) fair value through other comprehensive income (FVOCI) instruments,
- ii) derivative financial instruments,
- iii) other financial assets held for trading
- iv) financial assets and liabilities designated at fair value through profit or loss (FVTPL)

2.4. The financial statements of the Group are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

2.5. Functional and presentation currency

The consolidated financial statements are presented in Indian Rupees (INR) which is also its functional currency and all values are rounded to the nearest million, except when otherwise indicated.

2.6. New Accounting Standards that are issued but not effective

There are no standards that are issued but not yet effective on March 31, 2025.

3. Material accounting policies

3.1. Revenue Recognition

3.1.1. Recognition of interest income

The Group recognises Interest income by applying the effective interest rate (EIR) to the gross carrying amount of a financial asset except for purchased or originated credit-impaired financial assets and other credit-impaired financial assets.

For purchased or originated credit-impaired financial assets, the Group applies the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition.

For other credit-impaired financial assets, the Group applies effective interest rate to the amortised cost of the financial asset in subsequent reporting periods.

The effective interest rate on a financial asset is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. While estimating future cash receipts, factors like expected behaviour and life cycle of the financial asset, probable fluctuation in collateral value etc are considered which has an impact on the EIR.

While calculating the effective interest rate, the Group includes all fees and points paid or received to and from the borrowers that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Notes

forming part of consolidated financial statements

Interest income on all trading assets and financial assets required to be measured at FVTPL is recognised using the contractual interest rate as net gain on fair value changes.

3.1.2. Recognition of revenue from sale of goods or services

Revenue (other than for Financial Instruments within the scope of Ind AS 109) is measured at an amount that reflects the considerations, to which an entity expects to be entitled in exchange for transferring goods or services to customer, excluding amounts collected on behalf of third parties.

The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the respective company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the respective company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the respective company satisfies a performance obligation.

Revenue from contract with customer for rendering services is recognised at a point in time when the performance obligation is satisfied.

3.1.3. Recognition of Dividend Income

Dividend income (including from FVOCI investments) is recognised by the Group when the respective Company's right to receive the payment is established. This is established when it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

3.1.4 Net gain/loss on fair value changes

The Company designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI). The Company recognises gains/loss on fair value change of financial assets measured at FVTPL and realised gains on derecognition of financial asset measured at FVTPL and FVOCI on net basis. In cases there is a net gain in the aggregate, the same is recognised in 'Net gains on fair value changes' under Revenue from operations and if there is a net loss the same is disclosed under 'Expenses' in the Statement of Profit and Loss.

3.2. Financial instruments

A. Financial Assets

3.2.1. Initial recognition and measurement

All financial assets are recognised initially at fair value when the Group become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

3.2.2. Subsequent measurement

The Companies in the Group classify its financial assets into various measurement

Notes

forming part of consolidated financial statements

categories. The classification depends on the contractual terms of the financial assets' cash flows and the respective company's business model for managing financial assets.

a. Financial assets measured at amortised cost

A financial asset is measured at Amortised Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

3.2.3. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the changes in fair value through other comprehensive income (FVOCI)

B. Financial liabilities

3.2.4. Initial recognition and measurement

All financial liabilities are recognized initially at fair value when the company become party to the contractual provisions of the financial liability. In case of financial liability which are not recorded at fair value through profit or loss, transaction cost that are directly attributable to the acquisition or issue of the financial liability are adjusted to the fair value on initial recognition. The Group's financial liabilities include trade and other payables, Non-Convertible Debentures loans and borrowings including bank overdrafts.

3.2.5. Subsequent Measurement

Financial liabilities other than financial liabilities at fair value through profit or loss which includes derivative financial instruments are subsequently carried at amortized cost using the effective interest method. Subsequent measurement of derivative financial instruments are at fair value as detailed under Note 3.7 'Derivative Financial Instruments'.

3.3. Derecognition of financial assets and liabilities

3.3.1. Financial Asset

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire or it transfers its contractual rights to receive cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. On derecognition of a financial asset in its entirety, the difference between: (a) the carrying amount (measured at the date of derecognition) and (b) the consideration received (including any new asset obtained less any new liability assumed) shall be recognised in profit or loss. Any rights and obligations created or retained in the transfer of such financial assets by the Group is recognized as a separate asset or liability.

Notes

forming part of consolidated financial statements

An entity has transferred the financial asset if, and only if, either:

- a) it has transferred its contractual rights to receive cash flows from the financial asset or
- b) It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement

Pass-through arrangements are transactions whereby the respective Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), on satisfying specific conditions.

3.3.2. Financial Liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of profit and loss.

3.4. Offsetting

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and liabilities are offset and the net amount is presented in the balance sheet when the Group has a legal right to offset the amounts and intends to settle on a net basis or to realise the asset and settle the liability simultaneously in all the following circumstances:

- a. The normal course of business
- b. The event of default

- c. The event of insolvency or bankruptcy of the Group and/or its counterparties

3.5. Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit or loss. The Group follows simplified approach for recognition of impaired loss allowance on:

- a) Trade Receivables or contract revenue receivables; and
- b) All lease receivables resulting from transactions within the scope of Ind AS 116.

3.5.1. Overview of the Expected Credit Loss (ECL) model

Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date.

The Group performs an assessment, at the end of each reporting period, of whether a financial asset's credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses.

Notes

forming part of consolidated financial statements

Based on the above process, the Group categorises its loans into three stages as described below:

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, The Companies in the Group compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Companies in the Group recognises lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.
- Financial assets are classified as Stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Group recognises lifetime ECL for impaired financial assets.

3.5.2. Estimation of Expected Credit Loss

The mechanics of the ECL calculations are outlined below and the key elements are as follows:

Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon.

The Group uses historical information where available to determine PD. Considering the different products and schemes, the Group has bifurcated its loan portfolio into various pools. For certain pools where historical information is available, the PD is calculated considering fresh slippage of past years. For those pools where historical information is not

available, the PD/ default rates as stated by external reporting agencies is considered.

Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected draw downs on committed facilities, and accrued interest from missed payments.

Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral.

Forward looking information

While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and market it operates. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Group based on its internal data. While the internal estimates of PD, LGD rates by the Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, vehicles, etc. However, the fair value of collateral affects the calculation of ECLs. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Group determines

Notes

forming part of consolidated financial statements

that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

3.6. Determination of fair value of Financial Instruments

The Group measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 financial instruments – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

Level 2 financial instruments – Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.

Level 3 financial instruments – Those that include one or more unobservable input that is significant to the measurement as whole.

3.7. Derivative financial instruments

The Group enters into derivative financial instruments such as foreign exchange forward contracts and cross currency swaps to manage its exposure to foreign exchange rate risk and interest rate swaps to manage its interest rate risk.

Derivatives are initially recognised at fair value on the date when a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date and carried as assets when their fair value is positive and as liabilities when their fair value is negative. The resulting gain/loss is recognised in the Statement of Profit and Loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the Statement of Profit and Loss depends on the nature of the hedge relationship. The Company has designated the derivative

Notes

forming part of consolidated financial statements

financial instruments as cash flow hedges of recognised liabilities and unrecognised firm commitments.

Hedge accounting

In order to manage particular risks, the Company applies hedge accounting for transactions that meet specific criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship and the risk management objective and strategy for undertaking the hedge. The company enters into derivative financial instruments that have critical terms aligned with the hedged item and in accordance with the Risk management policy of the company, the hedging relationship is extended to the entire term of the hedged item. The hedges are expected to be highly effective if the hedging instrument is offsetting changes in fair value or cash flows of the hedged item attributable to the hedged risk. The assessment of hedge effectiveness is carried out at inception and on an ongoing basis to determine that the hedging relationship has been effective throughout the financial reporting periods for which they were designated.

Cash Flow Hedges

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit and loss. For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve). The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in the Statement of Profit and Loss. The company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve. When the hedged cash flow affects the Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Statement of Profit and Loss. When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting,

any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Statement of Profit and Loss.

3.8. Cash and cash equivalents

Cash and cash equivalents comprise of cash at banks and on hand and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above and investment in reverse re-purchase against treasury bills and bonds, net of outstanding bank overdrafts if any, as they are considered an integral part of the Group's cash management.

3.9. Property, plant and equipment

Property, plant and equipment (PPE) are measured at cost less accumulated depreciation and accumulated impairment, if any. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Advances paid towards the acquisition of fixed assets, outstanding at each reporting date are shown under other non-financial assets. The cost of property, plant and equipment not ready for its intended use at each reporting date are disclosed as capital work-in-progress.

Subsequent expenditure related to the asset are added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

Notes

forming part of consolidated financial statements

3.9.1. Depreciation

Depreciation on Property, Plant and Equipment is calculated by the Company and subsidiary companies incorporated in India using written down value method (WDV) to write down the cost of property and equipment to their residual values over their estimated useful lives which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013 or useful life estimated by the respective management based on technical evaluation.

The estimated useful lives are as follows:

Particulars	Useful life
Leasehold Improvements	10 years
Furniture and fixture	10 years
Plant	15 years
Office equipment (MML, MHIL, BML, MFL)	5 years
Office equipment (MIBPL)	10 years
Server and networking	6 years
Computers	3 years
Building	30 years
Building RCC Frame Structure (MFL)	60 years
Vehicles (MML, MFL)	8 years
Vehicles (MIBPL, BML)	10 years
Wind Mill	22 years

In respect of foreign subsidiary AAF, the Property, Plant and Equipment are depreciated on straight line method over the estimated useful life of the assets.

The estimated useful lives are as follows:

Particulars	Useful life
Building	8 years
Plant	8 years
Furniture and fixture	6 years
Office equipment	6 years
Vehicles	6.5 years
Computers	6 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted

prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates. In Holding Company, Property, plant, and equipment with an individual acquisition cost not exceeding ₹5,000 shall be expensed in the year of purchase.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income/ expense in the Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.10. Intangible assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Subsequent expenditure related to the assets added to its carrying amount or recognised as a separate asset only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably.

Intangible assets comprising of software is amortised by the Company and MML and MIBPL on straight line basis

Notes

forming part of consolidated financial statements

over a period of 5 years, unless it has a shorter useful life. In respect of BML and AAF computer software are amortized over a period of 3 years and 8 years respectively. In respect of MHIL, intangible assets are amortised on a WDV basis over a period of 5 years, unless it has a shorter useful life.

Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

3.11. Investment Property

Properties, held to earn rentals and/or capital appreciation are classified as investment property and measured and reported at cost, including transaction costs.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of property is recognised in the Statement of Profit and Loss in the same period.

The fair value of investment property is disclosed in the notes accompanying the consolidated financial statements. Fair value has been determined by independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The estimated useful life is 15 years.

3.12. Impairment of non-financial assets: Property, Plant and Equipment, Intangible Assets and Investment property

The Group assesses, at each reporting date, whether there is any indication that any Property, Plant and Equipment, Intangible Assets, investment property or group of assets called Cash Generating Units (CGU) may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount to determine the extent of impairment, if any.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs

of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.13. Finance Cost

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed:

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.

Notes

forming part of consolidated financial statements

- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the financial liability.

Interest expense includes issue costs that are initially recognised as part of the carrying value of the financial liability and amortised over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

3.14. Other expenses

Expenses are recognised on accrual basis net of the goods and services tax, except where credit for the input tax is not statutorily permitted.

3.15. Employee Benefits Expenses

3.15.1. Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services

3.15.2. Post-Employment Benefits

A. Defined contribution schemes

All eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan in which both the employee and the Group contribute monthly at a stipulated percentage of the covered employee's salary. Contributions are made to Employees Provident Fund Organization in

respect of Provident Fund, Pension Fund and Employees Deposit Linked Insurance Scheme at the prescribed rates and are charged to Statement of Profit and Loss at actuals. The Group has no liability for future provident fund benefits other than its annual contribution.

B. Defined Benefit schemes

Gratuity

The Company and its subsidiaries BML, MHIL and MML provides for gratuity covering eligible employees under which a lump sum payment is paid to vested employees at retirement, death, incapacitation or termination of employment, of an amount reckoned on the respective employee's salary and his tenor of employment with the Group. The said companies in the Group accounts for its liability for future gratuity benefits based on actuarial valuation determined at each Balance Sheet date by an Independent Actuary using Projected Unit Credit Method. The Companies makes annual contribution to a Gratuity Fund administered by Trustees and separate schemes managed by Kotak Mahindra Life Insurance Company Limited and/or ICICI Prudential Life Insurance Company Limited. In respect of subsidiary BML, contribution to gratuity fund is made through Life Insurance Corporation of India group gratuity fund and Kotak Mahindra Life Insurance Company Limited. In respect of subsidiaries MML and MHIL contribution to gratuity fund is made through Life Insurance Corporation of India group gratuity fund and in respect of subsidiary MIBPL separate schemes are managed by Life Insurance Corporation of India and ICICI Prudential Life Insurance Company Limited. In respect of its foreign subsidiary AAF, future gratuity benefits are accounted for as liability based on actuarial valuation by Project Unit Credit Method in accordance with LKAS 19. The gratuity liability is not externally funded.

Notes

forming part of consolidated financial statements

The obligation is measured at the present value of the estimated future cash flows.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Re-measurement, comprising of actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

3.15.3. Other Long term employee benefits

Accumulated compensated absences

The Group provides for liability of accumulated compensated absences for eligible employees on the basis of an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in the Statement of Profit and Loss for the period in which they occur.

3.15.4. Employee share based payments

Stock options granted to the employees of the Company under the stock option scheme established are accounted as per the accounting treatment prescribed by the SEBI (Share Based Employee Benefits) Regulations, 2014 issued by Securities and Exchange Board of India.

The Company follows the fair value method of accounting for the options and accordingly, the

excess of market value of the stock options as on the date of grant over the fair value of the options is recognised as deferred employee compensation cost and is charged to the Statement of Profit and Loss on graded vesting basis over the vesting period of the options.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

3.16. Provisions (other than employee benefits)

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Statement of Profit and Loss net of any reimbursement.

3.17. Taxes

Income tax expense represents the sum of current tax and deferred tax.

3.17.1. Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws.

The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date where the respective Company operates and generates taxable income.

Notes

forming part of consolidated financial statements

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.17.2. Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amounts in the consolidated financial statements for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- i. When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.18. Contingent Liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Group does not have any contingent assets in the financial statements.

3.19. Earnings Per Share

The Group reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

3.20. Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Group at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of Profit and Loss.

3.21. Cash-flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Group are segregated.

3.22. Leases

Effective 01 April 2019, the Group had applied Ind AS 116 'Leases'/SLFRS 16 to all lease contracts existing on 01 April 2019 by adopting the modified retrospective approach.

The Group evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116/SLFRS 16. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Group as a lessee

The Group has elected not to recognise right-of use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Group determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Group is reasonably certain to exercise that option.

The Group recognises the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Notes

forming part of consolidated financial statements

Wherever the above exception permitted under Ind AS 116 is not applicable/or as per SLFRS 16, the Group at the time of initial recognition:

- measures lease liability as present value of all lease payments discounted using the Group's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in the standard, or to reflect revised fixed lease payments.
- measures 'Right-of-use assets' as present value of all lease payments discounted using the Group's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any re-measurement of the lease liability specified in the standard.

The Group as a lessor

Leases under which the Group is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognised as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

4. Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period or in the period of

the revision and future periods if the revision affects both current and future periods. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following notes:

4.1. Business Model Assessment

Classification and measurement of financial assets depends on the results of the sole payments of principal and interest test, and the business model test. The respective companies in the Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

4.2. Effective Interest Rate (EIR) method

The Group's EIR methodology, recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

Notes

forming part of consolidated financial statements

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, probable fluctuations in collateral value as well as expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

4.3. Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

4.4. Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

4.5. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured

based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.6. Determination of lease term

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Group's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

4.7. Other estimates

These include contingent liabilities, useful lives of tangible and intangible assets etc.

8.2 Belstar Microfinance Limited

During the year, Belstar Microfinance Limited (BML) had sold stressed loan receivables with a gross carrying amount of ₹2,592.03 million to an Asset Reconstruction Company ("ARC") for a total consideration of ₹750.00 million. As of the effective date of transfer, the net carrying amount of these loans stood at ₹730.84 million, after accounting for an impairment allowance of ₹1,861.19 million. In accordance with Ind AS 109, a write-off of ₹1,842.03 million (i.e. ₹2,592.03 million less ₹750.00 million) has been recognized against the impairment allowance, representing the portion of the asset where recovery is no longer reasonably expected. The residual excess provision of ₹19.15 million under the impairment allowance has been adjusted against the carrying value of the Security Receipts ("SRs"). As per the agreed terms, BML subscribed to SRs issued by the ARC trust amounting to ₹651.90 million, classified under Fair Value Through Profit or Loss (FVTPL). Since the transaction was completed on December 30, 2024, the recovery rating process by the ARC Trust will commence from the half-year ending June 30, 2025. As of March 31, 2025, the face value of the SRs stands at ₹977.39 million, while the net asset value (NAV) declared by the ARC Trust is ₹760.88 million. The net carrying value of these SRs as at that date is ₹588.72 million.

This transaction represents net reduction in non controlling interest on account of additional acquisition of shares/share of profit from minority shareholders by the Company.

25.1 Nature and purpose of reserve

(a) Statutory reserve

Statutory Reserve represents the Reserve Fund created under Section 45 IC of the Reserve Bank of India Act, 1934. Accordingly an amount representing 20% of Profit for the period is transferred to the fund for the year.

(b) Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

(c) Debenture Redemption Reserve

Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules, August 16, 2019, the Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis.

(d) General Reserve

Under the erstwhile Companies Act 1956, general reserve was created through an annual transfer of profit for the period at a specified percentage in accordance with applicable regulations. Consequent to introduction of Companies Act 2013, the requirement to mandatorily transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of Companies Act, 2013.

(e) Share Options outstanding account

The fair value of equity settled share based payments transactions is recognised in the Statement of Profit and Loss with corresponding credit to Share option outstanding account.

(f) Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

Notes

(₹ in millions, except for share data and unless otherwise stated)

Note 25: Other equity (Contd.)

(g) Capital Redemption Reserve

The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Group may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

(h) Capital Reserve

A capital reserve is used for contingencies or to offset capital losses. It is derived from the accumulated capital surplus created out of capital profit.

(i) Other Comprehensive Income

Equity instruments through Other Comprehensive Income

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Effective portion of Cash Flow Hedges and Cost of Hedging Reserve

Effective portion of cash flow hedges represents the cumulative gains/(losses) arising on changes in fair value of the derivative instruments designated as cash flow hedges through OCI. The amount recognized as effective portion of Cash flow hedge is reclassified to profit or loss when the hedged item affects profit or loss. The company designates the spot element of foreign currency forward contracts as hedging instruments. The changes in the fair value of forward element of the forward contract on reporting date is deferred and retained in the cost of hedging reserve.

Remeasurement of defined benefit plans

It represents the gain/(loss) on remeasurement of Defined Benefit Obligation and of Plan assets.

Revaluation Surplus

When carrying amount of an item of property, plant and equipment is increased as a result of a revaluation, the increase shall be recognised in other comprehensive income and accumulated in equity under the heading of revaluation surplus. However, the increase shall be recognised in profit or loss to the extent that it reverses a revaluation decrease of the same asset previously recognised in profit or loss. When carrying amount of an item of property, plant and equipment is decreased as a result of a revaluation, the decrease shall be recognised in profit or loss. However, the decrease shall be recognised in other comprehensive income to the extent of any credit balance existing in the revaluation surplus in respect of that asset. The decrease recognised in other comprehensive income reduces the amount accumulated in equity under the heading of revaluation surplus. The revaluation surplus included in equity in respect of an item of property, plant and equipment may be transferred directly to retained earnings when the asset is derecognised. Transfers from revaluation surplus to retained earnings are not made through profit or loss.

Gain/ (loss) from translating financial statements of foreign operations

The Group is required to convert the financial statements of its foreign operations into its functional currency, which is the Indian Rupee. This translation process involves using the exchange rates at the end of the reporting period for assets and liabilities and the exchange rates at the transaction dates for income and expenses. The resulting exchange differences from this translation are not recognized in the Statement of Profit and Loss. Instead, they are recorded separately as a component of other equity known as the Foreign Currency Translation Reserve (FCTR).

Notes

forming part of consolidated financial statements

(₹ in millions, except for share data and unless otherwise stated)

Note 25: Other equity (Contd.)

However, there are two exceptions to this approach. Firstly, if the exchange differences pertain to a non-controlling interest (NCI) in a subsidiary, the Group allocates the relevant portion of these differences to the NCI. Secondly, if the Group disposes of a foreign operation, either wholly or partially, the cumulative amount of exchange differences in the FCTR is transferred to the Statement of Profit and Loss. This transfer becomes a part of the gain or loss on disposal.

25.2 Dividend proposed to be distributed to equity shareholders for the period

Note 36: Earnings per share

Basic earnings per share (EPS) is calculated by dividing the net profit for the year attributable to equity holders of Parent Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to equity holders of Parent Company (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax, if any) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Net profit attributable to ordinary equity holders	53,329.00	43,242.88
Weighted average number of equity shares for basic earnings per share	401,463,406	401,453,679
Effect of dilution	11,092	37,469
Weighted average number of equity shares for diluted earnings per share	401,474,498	401,491,148
Earnings per equity share		
Basic earnings per share ₹	132.84	107.72
Diluted earnings per share ₹	132.83	107.71

Note 37: Segment Information

The Group is engaged primarily in the business of Financing, where operating results are regularly reviewed by the respective entity's chief operating decision maker to make decisions about resources to be allocated and to assess its performance, and for which discrete financial information is available. Further other business segments do not exceed the quantitative thresholds as defined by the Ind AS 108 on "Operating Segment". Hence, there are no separate reportable segments, as required by the Ind AS 108 on "Operating Segment".

Note 38: Retirement Benefit Plan

Defined Contribution Plan

The Group makes contributions to Provident Fund which are defined contribution plan for qualifying employees.

Defined Benefit Plan

"The Company and five subsidiaries (AAF, BML, MHIL, MML and MIBPL) have defined benefit gratuity plans. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Every employee who has completed five years or more of service gets a gratuity on leaving the service of the Group at 15 days salary (last drawn salary) for each completed year of service. Gratuity schemes are funded by Insurance companies except in the case of AAF."

The following tables summaries the components of net benefit expense recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the Balance Sheet for the gratuity plan.

Note 38: Retirement Benefit Plan (Contd.)

A quantitative sensitivity analysis for significant assumption As at March 31, 2025 and March 31, 2024 of BML are as below:

Assumptions	Sensitivity Level	As at March 31, 2025	As at March 31, 2024
Discount Rate	Increase by 0.50%	(0.88)	(1.46)
Discount Rate	Decrease by 0.50%	0.90	1.50
Further Salary Increase	Increase by 1%	1.77	2.91
Further Salary Increase	Decrease by 1%	(1.73)	(2.80)
Employee turnover	Increase by 5%	(3.35)	(5.31)
Employee turnover	Decrease by 5%	3.84	6.39

The sensitivity is performed on the DBO at the respective valuation date by modifying one parameter whilst retaining other parameters constant. There are no changes from the previous period to the methods and assumptions underlying the sensitivity analyses. The weighted average duration of the defined benefit obligation As at March 31, 2025 is 5 years for the Company & BML, 4.5 years for MIBPL, 4.3 years for AAF, 2.5 years for MML and 1.5 years for MHIL (As at 31, March 2024; 5 years for the Company & BML, 4.5 years for MIBPL, 4.3 years for AAF and 2 years for MML & MHIL). The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

A quantitative sensitivity analysis for significant assumption As at March 31, 2025 and March 31, 2024 of AAF are as below:

Assumptions	Sensitivity Level	As at March 31, 2025	As at March 31, 2024
Discount Rate	Increase by 1%	(0.55)	(0.41)
Discount Rate	Decrease by 1%	0.60	0.44
Further Salary Increase	Increase by 1%	0.58	0.50
Further Salary Increase	Decrease by 1%	(0.54)	(0.47)

Description of Asset Liability Matching (ALM) Policy

The Group primarily deploys its gratuity investment assets in insurer-offered debt market-linked plans. As investment returns of the plan are highly sensitive to changes in interest rates, liability movement is broadly hedged by asset movement if the duration is matched.

Description of funding arrangements and funding policy that affect future contributions

The liabilities of the fund are funded by assets. The Group aims to maintain a close to full-funding position at each Balance Sheet date. Future expected contributions are disclosed based on this principle.

The principal assumptions used in determining leave encashment obligations for the Group's plans are shown below:

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations. The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments, mortality, withdrawals and other relevant factors.

Note 43: Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

Note 43: Fair Value Measurement (Contd.)

Investment at fair value through profit and loss

For investment at fair value through profit and loss, valuation is done using quoted prices from active markets at the measurement date. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Units held in mutual funds are measured based on their published net asset value (NAV), taking into account redemption and/or other restrictions are generally Level 1.

The fair valuation technique for investments in Security receipts (SRs) by Belstar Microfinance Limited is classified under Level 3. The methodology for arriving at the Net Asset Value (NAV) of SR is based on evaluating the recovery prospects of the assets in the trust. The relevant inputs used in this regard are the historical recovery data and the associated expected timelines for recovery. Since, as a matter of prudence the Belstar Microfinance Limited continues to consider the impact of NAV in determining the fair value of SR's as at March 31, 2025, the disclosure of the sensitivity of the fair value measurement to changes in unobservable inputs is not considered relevant."

Derivative Financial Instruments (assets/liabilities) at fair value through other comprehensive income

The financial assets/liabilities on derivative contracts has been valued at fair value through other comprehensive income using closing rate and is classified as Level 2.

Investments at fair value through other comprehensive income

Equity instruments in non-listed entities are initially recognised at transaction price and re-measured as per fair valuation report on a case-by-case and classified as Level 2. The equity instruments which are actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1.

Valuation methodologies of financial instruments not measured at fair value

Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, trade receivables, balances other than cash and cash equivalents and trade payables without a specific maturity.

Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using, historical experience, management view and other information used in its collective impairment models.

Fair values of portfolios are calculated using a portfolio-based approach, grouping loans as far as possible into homogenous groups based on similar characteristics i.e., type of loan. The respective company then calculates and extrapolates the fair value to the entire portfolio using effective interest rate model that incorporate interest rate estimates considering all significant characteristics of the loans. The credit risk is applied as a top-side adjustment based on the collective impairment model incorporating probability of defaults and loss given defaults. Hence, the carrying amount of such financial assets at amortised cost net of impairment loss allowance is of reasonable approximation of their fair value.

Note 43: Fair Value Measurement (Contd.)

Investments- at amortised cost

For Government Securities, the market value of the respective Government stock as on the date of reporting has been considered for fair value computations.

Debt Securities

The fair value of debt securities is estimated by a discounted cash flow model incorporating interest rate estimates from market observable data such as secondary prices for its traded debt itself.

Financial liabilities at amortised cost

The fair values of financial liabilities held-to-maturity (financial liabilities other than trade payables and debt securities) are estimated using effective interest rate model based on contractual cash flows using actual yields. Since the cost of borrowing on the reporting date is not expected to be significantly different from the actual yield considered under effective interest rate model, the carrying value of financial liabilities at amortised cost is considered a reasonable approximation of their fair value.

Note 44: Risk Management

Risk is an integral part of the Group's business and sound risk management is critical to the success. Further, the Group is exposed to risks that are particular to its lending and the environment within which it operates and primarily includes credit, liquidity and market risks. The companies in the Group have a risk management policy which covers risk associated with the financial assets like loans, investments, cash and cash equivalents, other receivables, etc. and financial liabilities like borrowings, debt securities, subordinate liabilities, trade and other payables. The risk management policy is approved by the Board of Directors.

The Group has identified and implemented comprehensive policies and procedures to assess, monitor and manage risk throughout the Group. The risk management process is continuously reviewed, improved and adapted in the changing risk scenario and the agility of the risk management process is monitored and reviewed for its appropriateness in the changing risk landscape. The process of continuous evaluation of risks includes taking stock of the risk landscape on an event-driven basis.

The Group has an elaborate process for risk management. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. The Group is generally exposed to credit risk, liquidity risk, market risk and operational risk.

A. Credit Risk

Credit risk is the risk that a customer or counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group's major income generating activity is gold loan, housing loan, receivables through financing activity, vehicle loan, personal loans and others. Therefore credit risk is a principal risk. Credit risk mainly arises from loans and advances to customers and investments in debt securities that are an asset position. The Group considers all elements of credit risk exposure such as counterparty default risk, risk of not taking collateral against loans, geographical risk and sector risk for risk management purposes. The Group also follow a systematic methodology in the opening of new branches, which takes into account factors such as demand for credit in the area; income and market potential; and socio-economic and law and order risks in the proposed area.

Note 44: Risk Management (Contd.)

I. Policies and procedures for credit risk for different products

The Group addresses credit risk by following different processes for different products:

a) Gold Loan

- a) Credit risk on Gold loan is considerably reduced as collateral is Gold ornaments which can be easily liquidated and there is only a distant possibility of losses due to adequate margin of 25% or more retained while disbursing the loan. Credit risk is further reduced through a quick but careful collateral appraisal and loan approval process. Hence overall, the credit risk is normally low.
- b) Sanctioning powers for Gold Loans is delegated to various authorities at branches/controlling offices. Sanctioning power is used only for granting loans for legally permitted purposes. The maximum Loan to Value does not exceed the limit stipulated by the Reserve Bank of India under any circumstances.
- c) Gold ornaments brought for pledge is the primary responsibility of Branch Manager. Branch executives should enquire with the customers about the ownership of the ornaments being pledged for loan and the loan should be granted only after they are convinced about the genuineness of the customer and his capacity to own that much quantity of gold. In addition to the above, customers are also required to sign a declaration of ownership of ornaments offered as security for the loan. Extra care is taken if the gold jewellery brought for pledge by any customer at any one time or cumulatively is more than 20 gm. The declaration should also contain an explanation specifically as to how the ownership was vested with the customer.
- d) Auctions are conducted as per the Auction Policy of the Group and the guidelines issued by Reserve Bank of India. Auction is generally conducted if total dues on the loan is not repaid by due date. After reasonable time is given to the customers for release after loan becomes overdue and exhausting all efforts for persuasive recovery, auction is resorted to as the last measure in unavoidable cases. Group has the right to recover dues remaining even after set off of amount received on auctions from the customer. Any excess received on auctions over and above the dues are refunded to the customer.
- e) In case of loans other than Gold Loan, loans are given whether with primary/collateral security, like secured loans or without any primary/collateral security like unsecured loans, more than ordinary care is taken such that loans are granted only to persons/firms/companies of repute with credit worthiness, future cash flows to repay the loan and track record.

b) Housing loan and Vehicle loan

The credit risk management policy of the Group seeks to have following controls and key metrics that allows credit risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements:

- Standardize the process of identifying new risks and designing appropriate controls for these risks.
- Minimize losses due to defaults or untimely payments by borrowers.
- Maintain an appropriate credit administration and loan review system.
- Establish metrics for portfolio monitoring.
- Design appropriate credit risk mitigation techniques.

Risk assessment and measurement

Group is having a robust risk assessment framework to address each of the identified risks. The following is the framework implemented in order to ensure completeness and robustness of the risk assessment for housing loan and receivables under financing activity.

- Selection of client base - Adequate due diligence is carried out for selection of customers.
- Credit assessment - credit rating and credit bureau check.
- Follow up and regular monitoring of the group.

Risk Mitigation

The following risk mitigation measures have been suggested at each stage of loan life cycle:

- Loan Origination - site screening, independent visit by manager, adequate training to officers.
- Loan underwriting - Risk rating, independent assessment, etc.
- Loan Pre and Post Disbursement - disbursement at the branch premises and in the bank account only, tracking to avoid misuse of funds.
- Loan monitoring - credit officers to attend group meeting, reminder of payment of EMI's on time, etc.
- Loan collection and recovery - monitor repayments, confirmation of balances.

c) Receivables under financing activity

Risk Identification

Credit risk may originate in one or multiple of following ways mentioned below:

- Adverse selection of members for group formation eg. (bogus members, defaulters, etc.).
- Adverse selection of groups for undertaking lending activity (unknown members due to geographical vicinity, etc.).
- Gap in credit assessment of borrower's credit worthiness (Failure to collect KYC documents, verify residential address, assess income source, etc).
- Undue Influence of Animator/Representative on group members (misuses of savings of group, etc.).
- Sanction of higher loan amount.
- Improper use of loan amount than the designated activity.
- Over-concentration in any geography/branch/zone etc
- Change in the savings pattern/meeting pattern of group post availing loan (eg. failure of members to deposit minimum savings amount each month, absence of members from meetings, etc.).

Risk assessment and measurement

Group is having a robust risk assessment framework to address each of the identified risks. The following is the framework implemented in order to ensure completeness and robustness of the risk assessment.

- Selection of client base for group formation - Adequate due diligence is carried out for selection of women borrowers who are then brought together for SHG formation. (eg. members with same level of income, only one member from family, annual per capita income, etc.).
- Adequate Training and Knowledge of SHG operations.
- Credit assessment - credit rating and credit bureau check.
- Follow up and regular monitoring of the Group.

Risk Mitigation

- Loan Origination - site screening, independent visit by manager, adequate training to officers.

- Loan collection and recovery - monitor repayments, confirmation of balances.

II. Impairment assessment

Definition of default and cure

The Group considers a financial instrument defaulted and therefore stage 3 (credit - impaired) for ECL calculations in all cases when the borrower becomes 91 days past due including the due date on its contractual payments. As part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikeness to pay. When such event occurs, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as stage 3 for ECL calculations. It is the Group's policy to consider a financial instrument as 'cured' and therefore re-classified out of Stage 3 only when none of the default criterias have been present. Accordingly, revenue is recognized on financial instruments classified as Stage 3 when none of the default criteria is present. The decision whether to classify an asset as Stage 2 or Stage 1 once cured depends on the updated credit grade, at the time of the cure, and whether this indicates there has been a significant increase in credit risk compared to initial recognition.

Notes

(₹ in millions, except for share data and unless otherwise stated)

Note 44: Risk Management (Contd.)

Group's internal credit rating grades and staging criteria for loans are as follows:

Rating	Loans Days past due (DPD) including the due date	Stages
High grade	Not yet due	Stage 1
Standard grade	1-30 DPD	Stage 1
Sub-standard grade	31-60 DPD	Stage 2
Past due but not impaired	61-90 DPD	Stage 2
Impaired	91 DPD or More	Stage 3

Exposure at Default (EAD)

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest.

Probability of Default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. For Stage 1 financial assets, the Group assesses the possible default events within 12 months for the calculation of the 12 month ECL. For Stage 2 and Stage 3 financial assets, the exposure at default is considered for events over the lifetime of the instruments. The Group uses historical information wherever available to determine PD. PD is calculated using Incremental 91 DPD approach considering fresh slippage using historical information. Where historical information is not available, the PD/default rates as stated by external reporting agencies is considered. Where appropriate, the Group makes adjustments to the PD estimate outside the Group's regular modelling process to reflect management judgments. Changes to the assumptions underlying these judgemental adjustments could materially affect ECL in next 12 months. These adjustments include post-model adjustments and overlays.

Loss Given Default (LGD)

LGD is the estimated loss that the Group might suffer if the borrower defaults. The Group determines its recovery (net present value) by analysing the recovery trends, borrower rating, collateral value and expected proceeds from sale of asset/collateral. The LGD rates have been computed internally based on the discounted recoveries in default accounts that are closed / written off / repossessed and upgraded during the year. When estimating ECLs on a collective basis for a group of similar assets, the group applies same principles for assessing whether there has been a significant increase in credit risk since initial recognition. Where appropriate, the Group makes adjustments to the LGD estimate outside the Group's regular modelling process to reflect management judgments. Changes to the assumptions underlying these judgemental adjustments could materially affect ECL in next 12 months. These adjustments include post-model adjustments and overlays.

B. Liquidity Risk

Liquidity risk refers to the risk that the Group may not meet its financial obligations. Liquidity risk arises due to the unavailability of adequate funds at an appropriate cost or tenure. The objective of liquidity risk management, is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group consistently generates sufficient cash flows from operating and financial activities to meet its financial obligations as and when they fall due. The Group mobilises funds from multiple sources, including from banks, financial institutions and capital markets to maintain a healthy mix of sources. The focus is on diversifying fund raising sources, managing interest rate risks and maintaining a strong relationship with banks, financial institutions, mutual funds, insurance companies, other domestic and foreign financial institutions and rating agencies to ensure that credit concerns are addressed and thereby liquidity risk is well addressed.

Note 44: Risk Management (Contd.)

The maturity schedule for all financial liabilities and assets are regularly reviewed and monitored. The companies in the Group has an asset liability management (ALM) policy and ALM Committee to review and monitor the liquidity risk and ensure the compliance with the prescribed regulatory requirement. The ALM Policy prescribes the detailed guidelines for managing the liquidity risk.

Note 44: Risk Management (Contd.)

C. Market Risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. Such changes in the values of financial instruments may result from changes in the interest rates, credit, liquidity, and other market changes. The objective of market risk management is to avoid excessive exposure of our earnings and equity to loss and reduce our exposure to the volatility inherent in financial instruments. The Group is exposed to four types of market risk as follows:

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is subject to interest rate risk, primarily since it lends to customers at fixed rates and for maturity periods shorter than the funding sources. Majority of our borrowings are at fixed rates. However, borrowings at floating rates gives rise to interest rate risk. Interest rates are highly sensitive to many factors beyond control, including the monetary policies of the Reserve Bank of India, domestic and international economic and political conditions, inflation and other factors. In order to manage interest rate risk, the Group seek to optimize borrowing profile between short-term and long-term loans. The Group adopts funding strategies to ensure diversified resource-raising options to minimize cost and maximize stability of funds. Assets and liabilities are categorized into various time buckets based on their maturities and Asset Liability Management Committee supervises an interest rate sensitivity report periodically for assessment of interest rate risks. The Interest Rate Risk is mitigated by availing funds at very competitive rates through diversified borrowings and for different tenors.

During the year, Group has undertaken derivative transactions for hedging interest rate risk on certain domestic currency exposures linked to external benchmark through Interest Rate Swaps as below:

Particulars	As at March 31, 2025	As at March 31, 2024
Domestic Currency Exposure	17,791.67	13,000.00

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact on floating rate borrowings are as follows:

Muthoot Finance Limited

Particulars	Effect on Statement of Profit and Loss for the year 2024-25	Effect on Statement of Profit and Loss for the year 2023-24
1% increase in interest rates	4,226.51	3,490.33

1% increase in interest rates	(168.65)	(91.10)
1% decrease in interest rates	168.65	91.10

(b) Price Risk

For Gold loan

Sudden fall in the gold price and fall in the value of the pledged gold ornaments can result in some of the customers to default if the loan amount and interest exceeds the market value of gold. This risk is in part mitigated by a minimum 25% margin retained on the value of jewellery for the purpose of calculation of the loan amount. Further, we appraise the jewellery collateral solely based on the weight of its gold content, excluding weight and value of the stone studded in the jewellery. In addition, the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the collateral even if the value of gold ornaments falls below the value of the repayment amount. An occasional decrease in gold prices will not increase price risk significantly on account of our adequate collateral security margins. However, a sustained decrease in the market price of gold can additionally cause a decrease in the size of our loan portfolio and our interest income.

Equity price risk is the risk that the fair value of equities decrease as the result of changes in level of equity indices and individual stocks. The trading equity price risk exposure arises from equity securities classified at FVTPL and the non-trading equity price risk exposure arises from equity securities classified at FVOCI.

Note 44: Risk Management (Contd.)

A 10% increase/(decrease) in the equity price (traded and non-traded) would have the impact as follows:

Particulars	Increase/ (Decrease) in percentage	Sensitivity of profit or loss	Sensitivity of Other Comprehensive Income
As at March 31, 2025	10/(10)	14.31/(14.31)	220.27/(220.27)
As at March 31, 2024	10/(10)	23.24/(23.24)	225.16/(225.16)

For Housing loan and receivables under financing activity

The Group's exposure to price risk is not material and it is primarily on account of investment of temporary treasury surplus in the highly liquid debt funds for very short durations. The Group has a board approved policy of investing its surplus funds in highly rated debt mutual funds and other instruments having insignificant price risk, not being equity funds/ risk bearing instruments.

(c) Prepayment risk

Prepayment risk is the risk that the Group will incur a financial loss because its customers and counterparties repay or request repayment earlier than expected, such as fixed rate loans like ours when interest rates fall.

(d) Foreign currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Foreign currency risk for the Group arises majorly on account of foreign currency borrowings. The Group's foreign currency exposures are managed in accordance with its Foreign Exchange Risk Management Policy which has been approved by its Board of Directors. The Group has hedged its foreign currency risk on its foreign currency borrowings as on March 31, 2025 by entering into forward contracts with the intention of covering the entire term of foreign currency exposure. The counterparties for such hedge transactions are banks.

The Group's exposure on account of Foreign Currency Borrowings at the end of the reporting period expressed in Indian Rupees are as follows:

Particulars	Foreign currency	As at March 31, 2025	As at March 31, 2024
FCNB Demand Loan (principal amount on reporting date)	USD	-	3,902.57
External Commercial Borrowings - Senior Secured Notes (principal amount and interest accrued but not due on reporting date)	USD	121,815.81	-

Since the foreign currency exposure is completely hedged by equivalent derivative instrument, there will not be any significant impact on sensitivity analysis due to the possible change in the exchange rates where all other variables are held constant. On the date of maturity of the derivative instrument, considering the hedging for the entire term of the foreign currency exposure, the sensitivity of profit and loss to changes in the exchange rates will be Nil.

D. Operational and business risk

Operational risk is the risk of loss arising from systems failure, human error, fraud or external events. When controls fail to operate effectively, operational risks can cause damage to reputation, have legal or regulatory implications, or lead to financial loss. The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, including the use of internal audit.

II Computation of fair value of options granted during the year

The Black-Scholes Model has been used for computing the weighted average fair value considering the following:

Particulars	Tranche 1	
	Grant A	Grant B
Share price on the date of grant (₹)	117.30	117.30
Exercise price (₹)	₹ 50	₹ 50
Expected volatility (%)	57.68%	57.68%
Life of the options granted (years)		
Expected life of options	1.5-5.5 years	2.5-6.5 years
Weighted average contractual life	4 years	5 years
Risk-free interest rate (%)	8.4% - 8.8% p.a.	8.4% - 8.95% p.a.
Expected dividend yield (%)	3.84 % p.a.	3.84 % p.a.
Model used	Black-Scholes Model	Black-Scholes Model
Fair value per option tranche on grant date (₹) (corresponding vesting date shown in brackets)	₹ 68.75 (Nov 9, 2014)	₹ 70.21 (Nov 9, 2015)
	₹ 70.21 (Nov 9, 2015)	₹ 71.13 (Nov 9, 2016)

7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with relevant MCA Circulars.
8. In continuation to this Ministry's General Circular No. 20/2020, 02/2022, 10/2022, 09/2024 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2025, to conduct their AGMs through VC or OAVM on or before 30th September, 2025 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Aug 27, 2025 at 9:00 AM (IST) and ends on Aug 29, 2025 at 05:00 PM (IST). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Aug 23, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020 /242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020 /242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following statement sets out all material facts relating to ordinary and special businesses mentioned in the accompanying Notice:

Item No. 4: Re-appointment of Mr. Chamacheril Abraham Mohan (DIN: 00628107) as an Independent Director for a second consecutive term

Shareholders of the Company at the Annual General Meeting held on August 31, 2022 had approved the appointment of Mr. Chamacheril Abraham Mohan as a Director (Non-Executive & Independent) for a period of 3 years commencing from August 31, 2022. The term of office of Mr. Chamacheril Abraham Mohan as an Independent Director on the Board of the Company is expiring at the 28th Annual General Meeting of the Company.

Mr. Chamacheril Abraham Mohan has been a vital asset to the Board, playing a pivotal role in its effective functioning over the past three years. His expertise have significantly contributed to the robust governance framework of the organization. Throughout his tenure, Mr. Mohan has been a highly engaged and active participant in all Board meetings and committee proceedings. His presence has been instrumental in ensuring a rigorous level of scrutiny and adherence to the highest standards of corporate governance practices. He consistently challenges assumptions, asks pertinent questions, and provides insightful contributions that enhance the quality of discussions and decision-making. His contributions have fostered a culture of healthy debate and critical evaluation, ultimately strengthening the Board's oversight capabilities. Mr. CA Mohan is a senior finance professional and a Chartered Accountant who has diversified experience for many years in the fields of finance and chartered accountancy.

The Board of Directors of the Company, on the recommendation of the Nomination and Remuneration Committee, at their meeting held on May 13, 2025 has recommended the reappointment of Mr. Chamacheril Abraham Mohan as Independent Director for a second consecutive term of 5 years commencing from August 30, 2025. The present resolution seeks the re-appointment of Mr. Chamacheril Abraham Mohan as a Director (Non-Executive, Independent) for a second consecutive term commencing from August 30, 2025, in terms of the requirements of Sections 149, 152 read with Schedule IV of the Companies Act, 2013 and Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Nomination and Remuneration Committee has recommended the re-appointment after a comprehensive review of Mr. Chamacheril Abraham Mohan's performance, contributions, and adherence to the requirements of an Independent Director including adherence to the fit and proper criteria prescribed by the Reserve Bank of India.

In terms of Sections 149, 150, 152 read with Schedule IV of the Companies Act, 2013, the Board of Directors have received declarations from Mr. Chamacheril Abraham Mohan confirming that he meets the criteria of independence as provided in Section 149(6) of the Companies Act, 2013. The Board of Directors is of the opinion that Mr. Chamacheril Abraham Mohan fulfils the conditions specified in the Companies Act, 2013 and the rules made thereunder and is independent of the management. Particulars of the proposed appointee as required under Chapter IV of SEBI (Listing Obligations and Disclosure Requirements)

Regulations, 2015 is annexed to the notice. Mr. Chamacheril Abraham Mohan has also provided a declaration that he is not disqualified from being appointed as a Director of the Company in terms of Section 164 of the Companies Act, 2013.

The nomination and remuneration committee of the Board has evaluated the 'Fit and Proper Criteria' prescribed by the Reserve Bank of India in accordance with the "Master Direction -Reserve Bank of India (Non-Banking Financial Company- Scale Based Regulation) Directions, 2023" and has recommended the re-appointment.

The Board of Directors has thus recommended the proposal for the re-appointment of Mr. Chamacheril Abraham Mohan as Director (Non-Executive, Independent), not liable to retire by rotation, for a period as specified in the proposed resolution. A detailed profile of Mr. Chamacheril Abraham Mohan is provided along with the Notice of AGM. Pursuant to the provisions of Section 149 (10) of the Companies Act, 2013, an independent director shall be eligible for re-appointment for the second consecutive term as a Director (Non-Executive, Independent) upon passing a special resolution by the members of the Company.

During the second tenure as an Independent Director on the Board, Mr. Chamacheril Abraham Mohan will attain the age of 75 years and hence, Board recommends the appointment of Mr. Chamacheril Abraham Mohan through a special resolution as required under Regulation 17(1)(A) of the SEBI Listing Regulations.

As per the recommendation of the Nomination and Remuneration Committee, an approval of the Board of Directors in the meeting held on May 14, 2025, subject to approval of members at this Annual General Meeting and pursuant to the provisions of Section 149, 150, 152 read with Schedule IV and any other applicable provisions, if any of the Companies Act 2013 and the Companies (Appointment and Qualification of Directors) Rules 2014 and the applicable provisions of the Listing Regulations (including any statutory modifications or re-enactment thereof for the time being in force) and based on his skills, rich experience, knowledge, contributions, continued valuable guidance to the management during his tenure and outcome of performance evaluation of the Independent Directors, requisite approval from shareholders is sought for. Further Mr. Chamacheril Abraham Mohan shall not be liable to retire by rotation as provided under Section 152 (6) of Companies Act 2013. In terms of Section 160 of the Companies Act 2013, the Company has received a notice in writing from a member proposing the candidature of Mr. Chamacheril Abraham Mohan to be reappointed as an Independent Non- Executive Director of the Company as per the provision of the Companies Act 2013.

Disclosure under Regulation 36(3) of the Listing Regulations and Secretarial Standard - 2 issued by the Institute of Company Secretaries of India are set out in the Annexure to the Explanatory Statement.

In compliance with the general circular no. 09/2024 issued by the MCA,

this item is considered unavoidable and hence forms part of this Notice.

The Board of Directors of the Company is confident that the proposal will have the support of the members. The Board thus recommends **Resolution No. 4** for the approval of members as a Special Resolution.

Except Mr. Chamacheril Abraham Mohan, being proposed appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution.

The Board of Directors affirm that the Director being appointed is not debarred from holding the office of director by virtue of any SEBI order or any other such authority.

Item No. 5: Re-appointment of Mr. Alexander George (holding DIN: 00938073) as Whole Time Director of the Company for a period of 5 (five) years with effect from September 30, 2025.

Mr. Alexander George was appointed as Whole Time Director for a period of 5 years with effect from September 30, 2020 and his present term is expiring on September 30, 2025. Your Board believes that Mr. Alexander George's vast experience, skill set and leadership qualities will lead the Company in to much higher growth trajectory in forthcoming years, and it is desirable to continue to avail his services as Whole Time Director.

Mr. Alexander George has been a pivotal leader in our organization consistently demonstrating exceptional leadership and an unwavering commitment to our strategic objectives and long term goals of the Organisation. Throughout his extensive tenure, he has been at the forefront of our operational endeavours, particularly in North, East, and West regions scaling the business to much higher levels. Under Mr. Alexander George's visionary leadership, the Company has experienced a period of commendable business growth and expansion across these diverse and challenging territories. His profound understanding of market dynamics, coupled with his ability to cultivate strong regional teams, has been a key driver of this success. He has skilfully navigated complex operational landscapes, consistently identifying and capitalizing on new opportunities while mitigating potential risks. Mr. Alexander George has meticulously optimized processes, enhanced efficiency, and implemented best practices that have significantly improved our overall productivity and profitability in these key regions. Mr. Alexander George's leadership has not only led to significant financial growth but has also strengthened our market position, enhanced our brand reputation, and built a resilient operational framework that will continue to serve as a foundation for future achievements.

The Nomination and Remuneration Committee of the Board had carried out a thorough review of the proposal for the re-appointment of Mr. Alexander George as the Whole Time Director of the Company. Committee having satisfied with the fit and proper criteria prescribed by the Reserve Bank of India has recommended the re-appointment of Mr. Alexander George as the Whole Time Director for a period of 5 years with effect from September 30, 2025.

The Board of Directors, at its meeting held on May 14, 2025, on the

recommendation of the Nomination and Remuneration Committee, has approved the reappointment of Mr. Alexander George as a Whole-Time Director of the Company for a further period of 5 years, with effect from September 30, 2025 subject to the approval of the members at the ensuing General Meeting.

The Board of Directors considers that his re-appointment as Whole Time Director will be beneficial to the Company. Due to the following reasons the appointment of Mr. Alexander George requires approval of the shareholders by means of special resolution:

- (a) The Annual remuneration payable to him may exceed Rs. 5 crores or 2.5 percent of the net profits of the Company in terms of Regulation 17(6) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- (b) In the event of decrease in the profits of the Company during, in terms of second proviso to Section 197(1) of the Companies Act, 2013, the proposed tenure of appointment, it is likely that the remuneration payable to him together with remuneration payable to other whole-time directors might exceed 10% of the net profits calculable in accordance with Section 198 of the said Act.

The Board of Directors of the Company is confident that the proposal will have the support of the members. The Board thus recommends **Resolution No. 5** for the approval of members as a Special Resolution.

Except Mr. Alexander George, being the proposed appointee, and Mr. George Muthoot George being relative of appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution.

In compliance with the general circular no. 09/2024 issued by the MCA, this item is considered unavoidable and hence forms part of this Notice.

The Board of Directors affirm that the Director being appointed is not debarred from holding the office of director by virtue of any SEBI order or any other such authority.

Item No. 6: Appointment of Secretarial Auditors

Pursuant to the provisions of Section 204(1) and other applicable provisions, if any, of the Companies Act, 2013 read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, and Regulation 24A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, and other applicable laws, rules and regulations, the Audit Committee and your Board of Directors have recommended, subject to the approval of members, the appointment of M/s. KSR & Co. Company Secretaries LLP, having Firm Registration No. [FRN P2008TN006400], as the Secretarial Auditors of the Company for a term of five consecutive financial years commencing from FY 2025-26 to FY 2029-30.

M/s. KSR & Co. Company Secretaries LLP is a full services Company Secretaries firm which has created a niche in Corporate Law practice with expertise in diverse domains akin to a full-service Law firm. M/s.

KSR & Co. Company Secretaries LLP has given its consent to act as the Secretarial Auditors, confirmed that they hold a valid peer review certificate issued by ICSI and that they are not disqualified from being appointed as Secretarial Auditors. M/s. KSR & Co. Company Secretaries LLP have won national award for best secretarial audit report from Institute of Company Secretaries of India (ICSI) in the past and the said firm has also won the national award for best practising company secretaries firm this year awarded by ICSI.

For the financial year ending March 31, 2026, KSR & Co. Company Secretaries LLP will be paid a remuneration of Rs.5,75,000 (Rupees Five Lakhs Seventy Five Thousand Only) plus applicable taxes and out of pocket expenses for secretarial audit services and for subsequent year(s) of their term, such fees as may be mutually agreed between the Board of Directors and KSR & Co. Company Secretaries LLP.

KSR & Co. Company Secretaries LLP has confirmed that the firm is not disqualified and is eligible to be appointed as Secretarial Auditors in terms of Regulation 24A of the SEBI Listing Regulations. The services to be rendered by KSR & Co. Company Secretaries LLP as Secretarial Auditors is within the purview of the said regulation read with SEBI circular no. SEBI/HO/CFD/CFD-PoD-2/CIR/P/2024/185 dated December 31, 2024.

The Board of Directors of the Company is confident that the proposal will have the support of the members. The Board thus recommends Resolution No. 6 for the approval of members as a Ordinary Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution.

In compliance with the general circular no. 09/2024 issued by the MCA, this item is considered unavoidable and hence forms part of this Notice.

Item No. 7 & 8: Increase in Number of Directors to 16 Directors & Alteration of Articles of Association of the Company

The current Articles of Association of the Company stipulate a ceiling on the number of directors who can constitute the Board of Directors, which is presently set at 15. Moreover, Section 149 (1) of the Companies Act, 2013 stipulates that a Company shall have maximum of fifteen directors on its Board and the Company may appoint more than fifteen directors after passing a special resolution by the shareholders of the Company.

The evolving regulatory landscape imposes increasingly intricate and demanding responsibilities on the Company and its Board. Adherence to these regulations requires a diverse set of expertise and diligent monitoring. To effectively navigate this environment and ensure robust corporate governance, it is imperative to have a Board composition that encompasses a broad range of skills and experiences by inducting more professionals into the Board of Directors of the Company.

Recognizing the need to bolster the Board's capabilities and to foster a more dynamic and effective decision-making process, it is deemed prudent to increase the maximum permissible number of directors. This will enable the Company to induct seasoned professionals from diverse

backgrounds, possessing specialized knowledge in areas critical to the Company's growth and regulatory compliance. The inclusion of such individuals will enrich Board deliberations, enhance strategic planning, and strengthen overall corporate governance practices. Therefore, after careful consideration of the Company's expanding operational scale, the escalating regulatory obligations, and the strategic imperative to enhance Board expertise and diversity, it is proposed to amend the article 100 of the Articles of Association of the Company to increase the maximum number of Directors that may be appointed to the Board of the Company to sixteen (16).

Pursuant to the provisions of Section 14 of the Companies Act, 2013, any amendment to the Articles of Association of a Company requires the approval of the members by way of a special resolution. A copy of the existing and the proposed amended Articles of Association of the Company is available for inspection by the members at the Registered Office of the Company during business hours on all working days up to the date of the Annual General Meeting and will also be available at the meeting.

The Board of Directors of the Company is confident that the proposals will have the support of the members. The Board thus recommends Resolution No. 7 & 8 for the approval of members as a Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution.

In compliance with the general circular no. 09/2024 issued by the MCA, these items are considered unavoidable and hence forms part of this Notice.

Item No. 9: Appointment of Mr. Koodathumuriyil Verghese Eapen (DIN: 01613015) as a Non-Executive Independent Director of the Company

The Board of Directors of the Company, on the recommendation of the Nomination and Remuneration Committee, at their meeting held on July 28, 2025 has recommended the appointment of Mr. Koodathumuriyil Verghese Eapen as Independent Director for a term of 3 years commencing from October 01, 2025. The present resolution seeks the appointment of Mr. Koodathumuriyil Verghese Eapen as a Director (Non-Executive, Independent) for a term commencing from October 01, 2025, in terms of the requirements of Sections 149, 152 read with Schedule IV of the Companies Act, 2013 and Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Mr. Koodathumuriyil Verghese Eapen's board-level experience includes directorships in public sector banks such as Union Bank of India, along with other financial institutions and governance bodies, adding depth to his expertise in financial oversight and institutional governance.

Mr. Koodathumuriyil Verghese Eapen holds an MSc in macro-economic policy and planning from the University of Bradford, UK, a post-graduate diploma in business management and policy from MDI Gurgaon, an MA in economics from the Delhi School of Economics, and a BA (Hons) in economics from St. Stephen's College, Delhi.

In terms of Sections 149, 150, 152 read with Schedule IV of the Companies Act, 2013, the Board of Directors have received declarations from Mr. Koodathumuriyil Verghese Eapen confirming that he meets the criteria of independence as provided in Section 149(6) of the Companies Act, 2013. The Board of Directors is of the opinion that Mr. Koodathumuriyil Verghese Eapen fulfils the conditions specified in the Companies Act, 2013 and the rules made thereunder and is independent of the management. Particulars of the proposed appointee as required under Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed to the notice. Mr. Koodathumuriyil Verghese Eapen has also provided a declaration that he is not disqualified from being appointed as a Director of the Company in terms of Section 164 of the Companies Act, 2013.

The nomination and remuneration committee of the Board has evaluated the 'Fit and Proper Criteria' prescribed by the Reserve Bank of India (RBI) in accordance with the "Master Direction -Reserve Bank of India (Non-Banking Financial Company- Scale Based Regulation) Directions, 2023" and has recommended the appointment.

The Board of Directors has thus recommended the proposal for the appointment of Mr. Koodathumuriyil Verghese Eapen as Director (Non-Executive, Independent), not liable to retire by rotation, for a period as specified in the proposed resolution. A detailed profile of Mr. Koodathumuriyil Verghese Eapen is provided along with the Notice of AGM.

As per the recommendation of the Nomination and Remuneration Committee, an approval of the Board of Directors in the meeting held on July 28, 2025, subject to approval of members at this Annual General

Meeting and pursuant to the provisions of Section 149, 150, 152 read with Schedule IV and any other applicable provisions, if any of the Companies Act 2013 and the Companies (Appointment and Qualification of Directors) Rules 2014 and the applicable provisions of the Listing Regulations (including any statutory modifications or re-enactment thereof for the time being in force) and based on his skills, rich experience, knowledge, contributions, valuable guidance to the management during his tenure and outcome of performance evaluation of the Independent Directors, requisite approval from shareholders is sought for. Further Mr. Koodathumuriyil Verghese Eapen shall not be liable to retire by rotation as provided under Section 152 (6) of Companies Act 2013. In terms of Section 160 of the Companies Act 2013, the Company has received a notice in writing from a member proposing the candidature of Mr. Koodathumuriyil Verghese Eapen to be appointed as an Independent Non- Executive Director of the Company as per the provision of the Companies Act 2013.

Disclosure under Regulation 36(3) of the Listing Regulations and Secretarial Standard - 2 issued by the Institute of Company Secretaries of India are set out in the Annexure to the Explanatory Statement.

The Board of Directors of the Company is confident that the proposal will have the support of the members. The Board thus recommends Resolution No. 8 for the approval of members as a Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution.

The Board of Directors affirm that the Director being appointed is not debarred from holding the office of director by virtue of any SEBI order or any other such authority.
