NOTES:

1. In view of the ongoing Covid-19 pandemic and pursuant to the General Circular Nos. 20/ 2020 dated 5th May 2020 read with other relevant circulars including 21/ 2021 dated 14th December 2021 issued by the Ministry of Corporate Affairs ('MCA') (collectively referred to as 'MCA Circulars'), the Company is convening the Annual General Meeting ('AGM') through Video Conferencing ('VC')/ Other Audio Visual Means ('OAVM'), without the physical presence of the Members. The deemed venue for the AGM will be Registered Office of the Company.
2. An Explanatory Statement setting out all material facts relating to Special Business to be transacted at AGM at Item Nos. 5 to 6 is annexed herewith. The Board of Directors have considered and decided to include Item Nos. 5 to 6 given above, as Special Business in the AGM.
3. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote instead of himself/herself and the proxy need not be a member of the company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. Since the AGM will be held through VC/ OAVM, the route map of the venue of the Meeting is not annexed hereto.
5. In compliance with the aforesaid MCA Circulars, Notice of the AGM along with the Annual Report 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2022-23 will also be available on the Company's website at www.kairacan.com website of Stock Exchange BSE Limited at www.bseindia.com and website of Central Depository Services Limited (CDSL) at www.evotingindia.com
6. For receiving all communication (including Annual Report) from the Company electronically: a) Members holding shares in physical mode and who have not registered / updated their email address with the Company can temporarily register / update their email address by sending email with request letter to company's to R&T at support@purvashare.com b) Members holding shares in dematerialised mode are requested to register / update their email addresses with the relevant Depository Participant.
7. Register of Members and Share Transfer Books will remain closed from Saturday, July 29, 2023 to Friday, August 04, 2023 (both days inclusive) for the purpose of Annual General Meeting and Dividend.
8. Members seeking any information with regard to the accounts or any document to be placed at the AGM, are requested to write to the Company on or before Tuesday, August 01, 2023 through email on companysecretary@kairacan.com. The same will be replied / made available by the Company suitably.
9. (a) Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF. Please note that pursuant to provisions of Section 124, 125 of the Companies Act, 2013 all unclaimed/unpaid dividends up to 2014-15 have been transferred to the IEPF. The Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on July 29, 2022 (date of last Annual General Meeting) on the website of the Company (www.kairacan.com), as also on the website of the Ministry of Corporate Affairs (www.mca.gov.in). In view of this, Members are requested to claim their dividends from the Company, within the stipulated timeline.

(b) 1364 equity shares are lying in the unclaimed suspense account. Concerned shareholders have been reminded to claim their shares.
10. We have been offering the facility of electronic credit of dividend directly to the respective bank accounts of our shareholders, through National Electronic Clearing Service (NECS) and National Automated Clearing House (NACH). Shareholders who would like to avail of the ECS facility (if not done earlier) are requested to communicate with Company's Registrar and Transfer Agents at support@purvashare.com Further, the shareholders holding shares in physical form, for receiving dividend electronically can also temporarily register/ update their bank account details at the earliest by sending email to support@purvashare.com provided by the Company's Registrar and Transfer Agent. Kindly note that shareholders holding shares in dematerialised form would receive their dividend directly to the bank account nominated by them to their Depository Participant, as per SEBI directives. Dividend warrants/demand drafts will be dispatched to the registered address of the Shareholders who have not registered/updated their bank account details.
11. The members are requested to notify change of address, if any, to the Company's Registrar and Transfer Agent.
12. The members may note that the Company's Equity Shares are listed on the BSE Ltd. and the listing fees to the stock exchange have been paid.
13. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

14. Shares held in dematerialized form have several advantages like immediate transfer of shares, faster settlement cycle, faster disbursement of non-cash corporate benefits like rights, etc., lower brokerage, ease in portfolio monitoring, etc. Besides risks associated with physical certificates such as fake certificates, bad deliveries, loss of certificates in transit, get eliminated. Since there are several benefits arising from dematerialization, we sincerely urge you to dematerialize your shares at the earliest, if you are still holding the shares in physical form. As per Regulation 40 of the Listing Regulations, as amended, transfer of securities of listed entities can be processed only in dematerialized form, with effect from 1st April 2019. Pursuant to SEBI circular dated 25th January 2022, securities of the Company shall be issued in dematerialized form only while processing service requests in relation to issue of duplicate securities certificate, renewal / exchange of securities certificate, endorsement, sub-division / splitting of securities certificate, consolidation of securities certificates/folios, transmission and transposition.
15. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for a long time. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.
16. Pursuant to the provisions of Finance Act 2020, dividend income will be taxable in the hands of shareholders w.e.f. April 1, 2020 and the Company is required to deduct tax at source from dividend paid to shareholders at the prescribed rates. For the prescribed rates for various categories, the shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The shareholders are requested to update their PAN with the Company's Registrar and Transfer Agent (in case of shares held in physical mode) and with relevant depository participant (in case of shares held in demat mode).

A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, on or before Friday, July 21, 2023. Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%.

Non-resident shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits by submitting these declarations / documents. The aforesaid declarations and documents need to be submitted by the shareholders latest by Friday, July 15, 2023.

17. Members of the Company had approved the appointment of M/s. G. D. Apte & Co., Chartered Accountants, Mumbai as Statutory Auditors at the 56th Annual General Meeting of the Company for their first term of 5 years. Accordingly, M/s. G. D. Apte & Co., Chartered Accountants, shall be the Statutory Auditors of the Company upto the FY 2023-24.
18. Corporate members intending to authorize their representatives to attend the Meeting are requested to send a scanned certified copy of the board resolution (pdf/jpeg format) authorizing their representative to attend and vote on their behalf at the Meeting. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will

not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

4. The attendance of the Members attending the AGM/EGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM/EGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM/EGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company at www.kairacan.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM/EGM) i.e. www.evotingindia.com.
7. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January,13,2021.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Monday, July 31, 2023 (9.00 am) and ends on Thursday, August 03, 2023 (5.00 pm). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Friday, July 28, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/ retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL Depository	<ol style="list-style-type: none"> 1) Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. Option will be made available to reach e-Voting page without any further authentication. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Directors are pleased to present the Management Discussion and Analysis (MD&A) report for the year ended on March 31, 2023.

(A) INDUSTRY STRUCTURE AND DEVELOPMENT

Our company is a prominent manufacturer of metal containers. We specialize in producing a wide range of Open Top Sanitary Cans (OTS) and General Purpose Cans used for packaging Processed Food, Ready-to-eat Foods, Canned Vegetables, Fruit Pulps, Juices, Dairy Products, and more. In addition to our existing product line, we have recently expanded into manufacturing paint containers as well. Our manufacturing plant is located in Kanjari, Gujarat, and is equipped with state-of-the-art imported Printing and Coating Lines, Can Body Makers, and a Press Shop.

The Ice-cream Cone Division of our company, located at Vithal Udyog Nagar, Anand District, Gujarat, specializes in manufacturing Rolled Sugar Cones. The division caters to the demand for Ice-Cream Cones from dairies in Gujarat as well as other ice cream manufacturers. To ensure high-quality production, the Ice-cream Cone Division is equipped with imported equipment specifically designed for manufacturing Rolled Sugar Cones. We have expanded our production capacity, and currently, the Sugar Cone Division has the capability to produce 1,500 lakhs (15 crore) cones per annum.

Recognizing the growth of the ice cream sector in India, our company has strategically installed a manufacturing facility for paper sleeves used in ice cream cones. This expansion not only enhances our market position but also contributes to our overall profitability. By offering paper sleeves along with ice cream cones, we are able to provide a comprehensive solution to our customers while capitalizing on the opportunities presented by the thriving ice cream industry in India.

(B) OPPORTUNITIES, THREATS AND CONCERNS

Our company holds a prominent and well-established position in the tin packaging industry in India. The growth of the fast-moving consumer goods (FMCG) sector acts as a catalyst for the packaging industry. Key driving segments within the packaging industry include essential products such as food, beverages, dairy products, vegetables, fruits, and fruit pulp. We are aware of the emerging opportunities in the can manufacturing sector, both domestic and international market. We are committed to seizing these opportunities and leveraging them to the utmost advantage of our shareholders.

Opportunities

- a) Our company is a prominent manufacturer of Open Top Sanitary Cans (OTS) and General Purpose Cans. In the year under review, we achieved the sales turnover of Rs. 23,823 lakhs. With a robust installed capacity of 18,000 MT per annum and a wide customer base, our can business presents an excellent opportunity to secure a substantial market share and strengthen our position in the industry.
- b) The government policies aimed at promoting food processing units and increase in online purchases will create favorable conditions for the packaging sector, including metal packaging. These developments are expected to unlock new opportunities for the Can Division of our company. With the growing demand for processed food products and the increasing need for efficient and secure packaging in the e-commerce space, our Can Division is well-positioned to leverage these opportunities and expand its market presence. We are committed to capitalizing on these trends to drive growth and success for our company.
- c) Innovation and product development – The Company continues its efforts in innovation and product development. The Company has state of the art 3 Piece welded can making line from Switzerland to produce cans @400 cpm. The line further consists of Combination machine, where spin flanging, beading and seaming takes place in one unit. Cans are then palletized on automatic Palletizer, which ensures untouched hygienic automatic palletizing, strapping, wrapping of the cans as against age old carton packing. Additionally, in can division the company has also enhanced its coating and printing facilities.

Furthermore, the Company has installed a new sheet feed press, exemplifying its ongoing dedication to improving productivity. This latest addition strengthens the Company's continuous efforts to enhance its manufacturing processes and optimize productivity levels.

- d) Professional and technically qualified human resources – The Can Division operates with its own independent, experienced, and qualified management team and workforce at its plants. While policy-level decisions, such as major raw material procurement, sales, and accounts, are handled by the Mumbai Head Office, the Can Division maintains autonomy in its day-to-day operations.

To foster a harmonious industrial relations environment and promote discipline, the Company has implemented a conscious recruitment strategy of hiring workers and supervisors from the surrounding towns and villages. This approach ensures a closer connection to the local community and facilitates better understanding and cooperation between the Company and its employees.

Furthermore, the Company encourages a democratic style of workers' representation in all discussions pertaining to their welfare and wage issues. This inclusive approach ensures that workers have a voice and actively participate in matters that directly impact their well-being. The Company thus, strives to maintain a positive and collaborative work environment.

Threats

- a) Raw material price – Frequent fluctuations in raw material prices pose a significant threat to the metal packaging industry. The squeeze on margins, caused by increased raw material prices, rising energy costs, transportation costs, and labour costs is putting enormous pressure on the company. Additionally, the restrictions imposed by the Bureau of Indian Standards (BIS) on tin plate and aluminum foil further limit the available sources of supply, thereby impacting the company's profit margin.
- b) Competition from unorganized sector - The Can Division has been operating for over six decades and has maintained an unblemished track record with all its customers. Over the time, it has established itself as one of the leading Can suppliers in the country and holds a prominent position in the western region. However, the company faces a significant threat in the form of competition from unorganized sectors, which poses a challenge to its growth prospects.
- c) Alternate packing material - Competition from substitutes, such as plastic, aluminum and other flexible packaging materials, poses a threat to the tin container industry. These alternatives have gained some market share due to their price advantage. However, tin containers offer distinct advantages in terms of convenience, branding, and shelf life compared to other packaging options. Despite the competition, the tin container industry holds its ground due to these unique attributes.
- d) Lower margins - Traditionally, can sales are highly price-sensitive. This dynamic has led to lower profit margins and has inadvertently encouraged the growth of the unorganized sector within the industry. It is worth noting that the can industry has always been characterized by low margins and high volumes.
- f) The profitability of the Cone Division is being impacted by increasing competition from the unorganized sector in Cone supplies. This competition poses challenges for the Cone division, to maintain profitability.

(C) OUTLOOK

Your company continues to maintain its relatively stable and progressive growth outlook. The initiatives taken by your company for technology upgradation, reducing costs, improving operating parameters etc. will enable the company to face challenges in the coming times. The company has a vision to consolidate its position as a market leader in the metal packaging segment and is in the process of upgrading infrastructure and equipments. Accordingly, we will continue our efforts to improve our efficiency and margins.

(D) RISK

There is a trend towards alternative packaging options that are cheaper compared to metal packaging, but they typically have a shorter shelf life. Despite this, metal packaging still holds an advantage over them in terms of shelf life, sustainability, and other factors.

(E) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

In the opinion of the management, there are adequate internal control systems and procedures in place that are commensurate with the size of the company and the nature of its business. The company has engaged the services of an independent Chartered Accountants to conduct internal audits and ensure that the recording and reporting processes are adequate and accurate, and internal controls are within the system, and necessary measures are taken to update the internal control system from time to time.

(F) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The company has achieved a total sales turnover of Rs. 25,463 lakhs for the year ended 31st March 2023, compared to Rs. 23,550 lakhs in the previous year, representing a growth of 8%. This growth can be attributed to various factors, primarily the increased demand from our valued customers.

During the year under review, the Company has achieved a sales turnover of Rs. 23,823 lakhs of metal cans and its components as compared to Rs. 22,281 lakhs in the previous year, thereby registering an increase of 7%. The Company has executed export orders worth Rs. 412 lakhs of metal cans and its components during the year under review as compared to Rs. 369 lakhs in the previous year.

The Sugar Cone Division has achieved a sales turnover of Rs.1,553 lakhs, compared to Rs.1,217 lakhs in the previous year .

(G) Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefore, including:

Key financial ratios:	2022-23	2021-22
Debtors Turnover Ratio	15.08	17.46
Inventory Turnover Ratio	5.03	4.44
Interest Coverage Ratio	74.72	84.14
Current Ratio	2.75	2.41
Debt Equity Ratio	0.35	0.41
Operating Profit Margin	7.06%	10.02%
Net Profit Margin	4.51%	6.23%

- i. The Operating Profit Margin Ratio and Net Profit Margin Ratio is decreased due to increase in Cost of raw material and other operating cost.
- ii. The Interest Coverage Ratio indicates optimum use of working capital limits.
- iii. The Debtor Turnover ratio is improved due to company's collection of accounts receivable is efficient and that the company has a high proportion of quality customers that pay their debts quickly and in time.
- iv. A low debt-to-equity ratio indicates a lower amount of financing by debt.
- v. The Inventory turnover ratio measures how fast a company sells its inventory. The higher ratio implies strong sales.

(H) Material Developments in Human Resources/Industrial Relations Front, Including Number of People Employed.

As of March 31, 2023, the company had a total of 200 permanent employees working at its Kanjari and GIDC factories, Anand Admin Office, and Head Office in Mumbai. The company places great importance on the value of its employees and acknowledges their contributions. To foster a motivated workforce, the company ensures that employees receive proper encouragement, both in terms of moral support and financial incentives. This approach aims to create a positive work environment and cultivate a sense of motivation and dedication among the employees.

The Company prioritizes maintaining a constructive and positive relationship with its employees, fostering a work environment that encourages productivity and efficiency. The company values the contribution of its team of qualified personnel, whose expertise enhances the overall performance of operations and processes. Throughout the year under review, the Company enjoyed a cordial relationship with its workers and staff at all levels of management. This harmonious atmosphere promotes collaboration, teamwork, and mutual respect, which ultimately supports the Company's success and growth.

(I) CAUTIONARY STATEMENT

Statements in the Board's Report and the Management Discussion & Analysis that describe the Company's objectives, expectations, or forecasts may be considered forward-looking in accordance with the applicable securities laws and regulations. It is important to note that actual results may differ materially from those expressed in these statements. There are various factors that could influence the Company's operations, including global and domestic demand and supply conditions that impact the selling prices of finished goods, availability and prices of inputs, changes in Government regulations and tax laws, economic developments within the country, as well as other factors such as litigation and industrial relations.

These factors are subject to uncertainties and risks, and the Company does not assume any obligation to update or revise any forward-looking statements to reflect events or circumstances that may arise after the date of the report. INDEPENDENT AUDITOR’S REPORT

To
The Members of KAIRA CAN COMPANY LIMITED
Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **KAIRA CAN COMPANY LIMITED** (“the Company”), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, notes to the financial statements and a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical / independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable in the applicable laws and regulations. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern. .
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT ON STANDALONE FINANCIAL STATEMENTS OF KAIRA CAN COMPANY LIMITED

(Referred to in paragraph II (f) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of Kaira Can Company Limited on the Standalone Financial Statements for the year ended March 31, 2023)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Kaira Can Company Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

1 Corporate Information :

Kaira Can Company Limited (CIN : L28129MH1962PLC012289) is a company incorporated in India on March 1, 1962. The company started its manufacturing activity as a Private Limited Company at Anand in the state of Gujarat, which later became a Public limited company on August 24th, 1964 and is listed on Bombay Stock Exchange (BSE). The Company is engaged in the manufacture of Open Top Sanitary Cans, Lithographed and Plain Metal Containers and Special Containers. The company is also in the business of manufacturing of Ice Cream Cones since financial year 2000-2001 and processing and packing of Amul milk at Vashi (Discontinued w.e.f. July 1, 2013) . The head office of the Company is situated at Mahalaxmi, Mumbai in the state of Maharashtra. The factories are located at Kanjari and Vithal Udyog Nagar in the State of Gujarat.

2 Significant Accounting Policies:

A Basis of Preparation of Financial Statements

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act as applicable.

These financial statements have been prepared for the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, March 31, 2023. These financial statements were authorised for issuance by the Company's Board of Directors on May 24, 2023.

(ii) Functional and presentation currency

The financial statements are presented in Indian Rupee (INR), which is also the functional currency of the Company. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

(iii) Historical Cost Convention

The financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:

Items	Measurement Basis
Certain financial assets and liabilities (including derivative instruments)	Fair Value
Net defined benefit asset/liability	Fair value of the plan assets less present value of defined benefit obligation

(iv) Classification of assets and liabilities

All assets and liabilities have been classified as current or noncurrent as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of business and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - noncurrent classification of assets and liabilities.

(v) Use of estimates and judgments

While preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively

Significant Accounting judgements, estimation and assumptions.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2023 are made in the following:

- Recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used;
- Measurement of defined benefit obligations: Key actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined based on the prevailing market yields of Indian Government Securities as at the Balance Sheet Date for the estimated term of the obligations;

- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Estimation of useful life of property, plant and equipment and intangible assets and the assessment as to which components of the cost may be capitalized;
- Estimation of current tax expense and payable;
- Impairment of Financial Assets;
- Lease classification; and
- Lease: whether an arrangement contains a lease
- Fair Value Measurements of financial instruments

(vi) Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values. The Company regularly reviews significant unobservable inputs and valuation adjustments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either.

- a. in the principal market for the asset or liability or
- b. in the absence of a principal market, in the most advantageous market for the asset or liability.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- **Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in - Fair Value Measurements.

B Summary of Significant Accounting Policies :

(i) Property, plant and equipment

a) Recognition and measurement

Items of property, plant and equipment are capitalised at cost (which includes capitalised borrowing costs, if any) less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment includes its purchase price, non-recoverable duties taxes, freight, installation charges and any directly attributable cost of bringing the items to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located. Stores and spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalized as property, plant and equipment. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company. Property, plant and equipment under construction are disclosed as Capital work-in-progress.

On transition to Ind AS, the Company elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2016 measured as per the Previous GAAP and use that carrying value as the deemed cost (except to the extent of any adjustment permissible under other accounting standard) of the property, plant and equipment.

b) Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives as specified in Schedule II of the Companies Act, 2013 using the straight-line method based on useful lives. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term. Depreciation for assets purchased / sold during the period is proportionately charged.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

c) Derecognition

The carrying amount of an item of property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The consequential gain or loss is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the Statement of Profit and Loss.

(ii) Other intangible assets

a) Recognition and measurement

Other intangible assets are carried at cost less accumulated amortisation and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any non-recoverable duties and taxes and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Cost of application software which have a useful life estimated by the management more than a year is capitalised.

b) Amortisation

The cost of the computer software capitalized as intangible asset is amortized over the estimated useful life. The estimated useful lives are as follows:

Particulars	Useful Life
Computer Software	5 years

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted, if appropriate.

(iii) Impairment

a) Financial assets

The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through the statement of profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised, and is recognised as an impairment gain or loss in the statement of profit or loss.

b) Non- financial assets

The Company assess at each reporting date whether there is any indication that the carrying amount may not be recoverable. If any such indication exists, then the asset's recoverable amount is estimated and an impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount in the statement of profit and loss. The Company's non-financial assets, inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other

assets or CGUs. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or groups of CGUs) on a pro rata basis. An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

iv) Leases

The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

v) Inventories

Inventories are valued at the lower of cost (including landed cost, any non-recoverable taxes and other overheads incurred in bringing the inventories to their present location and condition) and estimated net realisable value, after providing for obsolescence, where appropriate. The comparison of cost and net realisable value is made on an item-by-item basis. The net realisable value of materials in process is determined with reference to the selling prices of related finished goods. Raw materials, packing materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value. The provision for inventory obsolescence is assessed regularly based on estimated usage and shelf life of products.

Raw materials, packing materials and stores and spares are valued at cost computed on moving weighted average basis. The cost includes purchase price, inward freight and other incidental expenses net of refundable duties, levies and taxes, where applicable.

Work-in-progress is valued at input material cost plus conversion cost as applicable.

Stock-in-trade is valued at the lower of net realisable value or cost (including landed cost, any non-recoverable taxes and other overheads incurred in bringing the inventories to their present location and condition), computed on a moving weighted average basis.

Finished goods are valued at lower of net realisable value or cost (including Landed cost, any non-recoverable taxes and other overheads incurred in bringing the inventories to their present location and condition).

vi) Financial instruments

a) Recognition and initial measurement

Trade receivables issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b) Classification and subsequent measurement

Financial assets

Subsequently, a financial asset is classified as measured at

- Amortised cost;
- Fair value through other comprehensive income (FVOCI) - debt investment;
- Fair value through other comprehensive income (FVOCI) - equity investment; or
- Fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A debt financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through the Company's statement of profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

c) Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on

the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit or loss.

d) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

e) Reclassification

The Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition no reclassification is made for financial assets which are categorized as equity instruments at FVTOCI and financial assets or liabilities that are specifically designated as FVTPL.

vii) Revenue

a) Revenue from Contracts with Customers

Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no unfulfilled obligations.

The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on contract terms. Sales are accounted on passing of significant risks, rewards and control of ownership attached to the goods to customers. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns, applicable discounts and allowances and is inclusive of excise duty wherever applicable.

Revenue from contracts with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services (assets) to the customers. Performance obligations are satisfied when the customer obtains control of the goods.

Revenue is measured based on transaction price which is the fair value of the consideration received or receivable, stated net of discounts, returns and taxes. Transaction price is recognised based on the price specified in the contract. Accumulated experience is used to estimate and provide for the discounts / right of return, using the expected value method.

b) Other Income

Interest income-

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend Income-

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Rental income-

Rental income arising from operating leases of investment properties is accounted for on a straight-line basis over the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases and is included in other income in the Statement of Profit and Loss.

Others-

Income in respect of export incentives, insurance / other claims, etc. is recognised when it is reasonably certain that the ultimate collection will be made.

viii) Foreign currencies

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of

monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

ix) Forward contracts

Forward Contracts are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value is routed through statement of Profit and loss.

x) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate. When the grant relates to an asset, it is treated as deferred income and recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

xi) Income tax

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or other comprehensive income.

a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

b) Deferred tax

1 Recognition and initial measurement

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction.

2 Classification and subsequent measurement

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets unrecognised or recognised are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised. Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. The Company offsets, the current tax assets and liabilities (on a year-on-year basis) and deferred tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

xii) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the statement of profit and loss in the period in which they are incurred.

xiii) Provision, contingent liabilities and contingent assets

a) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

b) Onerous Contracts

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

c) Contingent Liability and Asset

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

xiv) Employee benefits

a) Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as Short Term Employee benefits. Benefits such as salaries are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

b) Post- employee benefits

Defined Contribution Plans:

A defined contribution plan is post-employee benefit plan under which an entity pays a fixed contribution to a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards provident fund scheme and superannuation fund. Obligations for contributions to defined contribution plans are recognised as an employee benefit expenses in the statement of profit and loss in the periods during which the related services are rendered by employees.

Defined Benefit Plans:

Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs. Company's liability towards Gratuity to past employees is determined using the Projected Unit Credit actuarial cost method which considers each

period of service as giving rise to an additional unit of benefit entitlement and measure each unit separately to build up the final obligation. Past services are recognized on a straight line basis over the average period until the amended benefits become vested. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government Securities where the currency and estimate terms of the defined benefit obligations.

c) Other long-term employee benefits

All employee benefits (other than post-employment benefits and termination benefits) which do not fall due wholly within twelve months after the end of the period in which the employees render the related services are determined based on actuarial valuation or discounted present value method carried out at each balance sheet date. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary as at April 1, every year using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognised in the period in which the absences occur. Long service awards are recognised as a liability at the undiscounted value of the defined benefit obligation as at the balance sheet date.

xv) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits held with financial institution, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to know cash and which are subject to an insignificant risk of changes in value.

xvi) Earnings per share

Basic earnings per share ('BEPS') is computed by dividing net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding for the period.

The weighted average number of equity shares outstanding during the year is adjusted for events, if any, such as bonus issue, bonus elements in a rights issue to existing shareholders, shares split and reverse shares split (consolidation of shares).

Diluted earnings per share ('DEPS') is computed by dividing the net profit or loss for the period attributable to equity shareholders and the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. In computing diluted earnings per share, only potential equity shares that are dilutive and that either reduces earnings per share or increases loss per share are included. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for the share splits.

xvii) Cash flow statements

Cash flows are reported using indirect method, whereby net profits before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the Company are segregated.

xviii) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The Chief Operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments has been identified as the Board of Directors that makes strategic decisions.

FVTPL - Fair Value Through Profit and Loss								
FVTOCI - Fair Value Through Other Comprehensive Income								

The carrying amounts of trade receivables, electricity deposit, cash and cash equivalents and other short term receivables, trade payables, unclaimed dividend, borrowings, capital creditors and other current financial liabilities are considered to be the same as their fair values, due to their short-term nature.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

B Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments.
- the fair value of forward foreign exchange contracts is determined using forward exchange rate as at the balance sheet date.

39 Financial risk management and policies

The company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

The company's risk management is carried out by finance department of the Company. The Finance department identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The Board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

(a) Credit Risk

Credit risk is the risk of incurring a loss that may arise from a borrower or debtor failing to make required payments. Credit risk arises mainly from outstanding receivables from debtors, cash and cash equivalents, employee advances and security deposits. The Company manages and analyses the credit risk for each of its new clients before standard payment and delivery terms and conditions are offered.

(i) Credit risk management

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer and including the default risk of the industry, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forward looking information such as:

- i) Actual or expected significant adverse changes in business;
- ii) Actual or expected significant changes in the operating results of the counterparty;
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- iv) Significant increase in credit risk on other financial instruments of the same counterparty;
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assests are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. We have evaluated percentage of allowance for doubtful debts with the trade receivables over the years:

Particulars	As at March 31, 2023	As at March 31, 2022
Trade Receivables (Rs. in Lakhs)	1,610.84	1,780.71
Allowance for doubtful debts (Rs. in Lakhs)	11.75	11.75
Percentage	0.73%	0.66%

Other than trade and other receivables, the Company has no other financial assets that are past due but not impaired.

(b) Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company ensures sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the dynamic nature of the underlying businesses, the Treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(i) Financing Arrangements

The company had access to undrawn fund based borrowing facilities amounting to Rs. 1750.00 lakhs (Rs. 1,558.27 lakhs as at March 31, 2022).

(ii) Maturities of financial liabilities

The tables herewith analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(c) Market risk**(i) Foreign currency risk**

Market risk is the risk that changes in market prices - such as foreign exchange rates, interest rates and equity prices - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The risk is measured through a forecast of foreign currency for the Company's operations. The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

(Rs. in Lakhs)

Currency	As at March 31, 2023			As at March 31, 2022

CHF sensitivity		
INR/CHF increases by 5%	(0.16)	(0.25)
INR/CHF decreases by 5%	0.16	0.25

(d) Capital Management

Capital includes equity attributable to the equity holders to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the year ended March 31, 2023 and March 31, 2022.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalents.
