ANNUAL REPORT 2014 - 2015

MAKING IN

SINCE 1910

It has always been a matter of great pride for us to be able to serve the world relentlessly through critical engineering solutions - made right here in India, since 1910. And with the 'Make in India' programme gaining momentum, there is greater emphasis on reforms, new initiatives and best-in-class manufacturing infrastructure.

With the winds of change blowing in India's favour, there's never been a better time for us to put India in the league of global champions. With innovative, indigenous offerings, we will ensure that the world continues to look at India with awe and admiration.

Your company is poised to make India proud with:

- Indigenously manufactured gensets ranging from 3 kVA to 1000 kVA
- Export of best in class engines, gensets and pumpsets to 40 countries across the world
- Farm mechanisation products like Mega T that enhance farmer productivity with affordable machinery
- Collaboration with international partners like MTU (a subsidiary of Rolls-Royce) to supply best in class gensets to government organisations like Nuclear Power Corporation of India Limited

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]
For The Financial Year Ended 31st March 2015

To,
THE MEMBERS OF
KIRLOSKAR OIL ENGINES LIMITED
PUNE.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by KIRLOSKAR OIL ENGINES LIMITED, hereinafter called the Company. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March 2015 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2015 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; [No incidence during the audit period, hence not applicable]
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;- [No incidence during the audit period, hence not applicable]
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; [No incidence during the audit period, hence not applicable]
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; [No incidence during the audit period, hence not applicable]
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; [No

incidence during the audit period, hence not applicable]

(h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; [No incidence during the audit period, hence not applicable]

(vi) No other law is applicable specifically to the Company.

I have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards issued by The Institute of Company Secretaries of India. [Not notified, hence not applicable to the company during the Audit period].

(ii) The Listing Agreements entered into by the Company with BSE Ltd. & NSE Ltd.;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All the decisions in the Board meeting were taken unanimously during the audit period.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period:

The Company has filed petition u/s 391 to 394 read with Section 100 to 105 of the Companies Act, 1956, before the Hon'ble High Court at Bombay for sanction of composite scheme of arrangement and amalgamation between Kirloskar Brothers Investments Limited (KBIL - Transferor Company), Pneumatic Holdings Limited (PHL - Resulting Company) and Kirloskar Oil Engines Limited (KOEL - Transferee Company) and their respective shareholders and creditors.

ANNEXURE 'E' TO THE DIRECTORS' REPORT

A. Conservation of Energy

The Company is committed to optimizing use of energy in operations and also bring about continuous improvements in the efficiency of processes and products through use of energy efficient and renewable energy technologies.

I. The steps taken for energy conservation and its impact

Khadki Plant

- Energy Efficient VRV Air conditioning system for renovation of Marketing, Secretarial & Legal department and SCM office
- Energy Efficient Lighting for renovation of Finance & SCM office

Kagal Plant

- Energy Efficient Localized Lighting resulting in saving of 31,000 units
- Avoidance of wastage of compressed air during idle time of machine yielding saving of approximately 77,000 Units
- Energy Cost reduction through cycle time reduction resulting in saving of 45,000 units
- Replacement of 400 Watt Highbay by 250 watt Highbay lamps in General bays with saving of 81,000 units per annum
- Implementation of using Rainwater harvested for Garden with other water saving projects yields saving of 1440 CuM water

Nasik Plant

- Reconditioning of cooling towers to improve their Energy Efficiency
- Energy efficient blower motor installed at ETP
- Translucent Sheets and Turbo ventilator for Washing area to avoid day light & air circulators
- High wattage Mercury Lamps replaced by Low watt Metal halide lamps keeping same illumination level
- Motion sensor for office lighting installed in Plant Engineering department.

Rajkot Plant

- Installation of Relay based temp controller for internal exhaust motor of testing resulting in saving of 60,000 units
- Zero air loss auto drain valve for compressed air line with saving 10,200 Units
- Installation of auto timer panel for admin building & canteen lighting yields in saving of 15,000+ Units
- Implementation of PLC & VFD panel for testing exhaust blowers resulting in saving of 80,000 units per annum
- Installation of Relay based switching panel for painting blowers, yields saving of 65,000 units
- Dedicated compressor for packing results in saving of 21,000 units

II. Steps taken by the company for utilizing alternate sources of energy

- Third Party Windmill Units purchased from independent Windmill generator under open access

policy. All statutory compliances like SEM meter installation, OA Permission from MSEDCL has been completed at Khadki and Kagal Locations

- Agreement entered into with GAIL for utilization of Piped Natural Gas (PNG) Implementation is tentatively proposed in Financial Year 2015-16
- Use of Natural Gas for process

III. The capital investment on energy conservation equipment

The Company made a capital investment of ₹ 0.84 crores on energy conservation equipment.

B. Technology absorption

i. Efforts made towards technology absorption

The Company is working closely with legislative bodies such as PCRA, CPCB, research institutes such as ARAI, IITD, industry associations such as IDEMA. It also works with OEMs and end customers and suppliers like Bosch, Stanadyne to identify opportunities for design, development and improvements of products.

ii. Benefits derived and results of above efforts, product improvements, cost reduction, product development, import substitution etc.

- Whole range of genset products meeting CPCB Stage II emission norms
- There are active programmes for fuel economy improvement for identified applications
- There is active value engineering programme for identified components
- Import substitutes for E Governor, Fuel Injection Equipment, Controllers etc.
- Development of compact products for multiple applications without compromising performance and durability

iii. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)-

The details of technology imported :

- The Company entered into a license agreement with Daihatsu Diesel Manufacturing Co. Ltd. Japan, for the manufacture, marketing and supply of diesel engines in India in the range of 610 kW to 2500 kW
- The Company entered into MOU with MTU Friedrichshafen GmbH Germany, for the manufacture, marketing and supply of diesel gensets in India

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMY AND MARKETS

Global growth in 2014 was lower than initially envisaged, continuing a pattern of disappointing out turns over the past several years. Growth picked up only marginally in 2014, to 2.6 percent, from 2.5 percent in 2013. Beneath these headline numbers, increasingly divergent trends are at work in major economies. While activity in the United States and the United Kingdom has gathered momentum as labour markets settle and monetary policy remains extremely accommodative, the recovery has been sputtering in the Europe Area and Japan as legacies of the financial crisis linger, intertwined with structural bottlenecks. China, meanwhile, is undergoing a carefully managed slowdown. Disappointing growth in other developing countries in 2014 reflected weak external demand, but also domestic policy tightening, political uncertainties and supply-side constraints.

Several major forces are driving the global outlook: soft commodity prices; persistently low interest rates but increasingly divergent monetary policies across major economies and weak world trade. In particular, the sharp decline in oil prices since mid-2014 will support global activity and help offset some of the headwinds to growth in oil-importing developing economies. However, it will dampen growth prospects for oil-exporting countries, with significant regional repercussions.

The slowdown in global trade has been driven by both cyclical factors, notably persistently weak import demand in high-income countries, and structural factors, including the changing relationship between trade and income. Specifically, world trade has become less responsive to changes in global income because of slower expansions of global supply chains and a shift in demand toward less import-intensive items.

2014-15 has been an eventful year for India. The BJP Government, had a landslide victory in May 2014 and with it came huge expectations for economic revival in the country. The 'Make in India' campaign was

launched by the Central Government in October 2014 aimed at developing India as the manufacturing hub of the world. The campaign emphasised the importance of low cost manufacturing in India along with technology expertise in 25 large scale industries. While the business and investment sentiment has largely been positive and there are signs that point to a recovery in the making, no breakthrough momentum has been achieved as yet.

The GDP growth in 2014-15 is estimated at 7.4% as compared to the growth rate of 6.9% in the previous year.

Kirloskar Oil Engines Limited (KOEL) has been one of the pioneers of the 'Made in India' concept since independence. Your Company has developed indigenous engines which are renowned in the agriculture, power generation and industrial off-highway equipment segments. The Company's engineering capabilities are backed by a strong R&D centre which works towards bringing innovative product offerings to the customer at competitive prices. Your Company has developed a niche for itself in the markets it operates by launching new farm mechanization products and highly efficient diesel generator sets in India. Going beyond India, these solutions have reached the markets of Middle East, Africa, Europe, South Asia and the Americas, making the 'Make in India' campaign a reality.

This report will provide insights and an update on the Company performance through the Financial Year 2014-15 with brief outlook for the Financial Year 2015-16.

INDUSTRY AND COMPANY OVERVIEW

A. POWER GENERATION BUSINESS

The Diesel Generator (DG) set market in India is well organized and highly competitive. The market can be broadly classified into portable diesel generators (below 5kVA), small diesel generators (15-75 kVA), medium diesel generators (75.1 – 375 kVA) and large

diesel generators (375.1 – 2000 kVA). In India, low and medium power rating DGs account for majority of the market share.

The Indian DG set market growth drivers predominantly are : Growth in infrastructure and real estate sectors, peak power deficit and overall economic growth. On account of high power outages, higher reliability, rapid response time, fuel availability and high load carrying capacity, DGs are used for power backup besides being used for prime power.

Major application areas for DG sets include:

- Telecom
- Hospitality
- Healthcare
- Mining
- Power plants
- Real estate
- Agriculture sector
- Small and Medium Enterprises (SMEs)
- Manufacturing industries

After a prolonged wait, the Central Pollution Control (CPCB) Norms II, were made effective from 1 July 2014. The cut-off date was made applicable for all engines and gensets (upto 800 kW) sold after the effective date. DG set prices have settled down after the initial uncertainty and the price increase at an aggregate level have been approximately 10-15%. The industry has not yet witnessed any major market consolidation.

Business Overview

A contraction across all end-user/customer segments in terms of both volume and value, except the telecom sector, was witnessed in the DG sets market during Financial Year 2014-15. Real estate (both residential and commercial), Government (DGS&D, Railways and Defense) were the worst affected end-user segments. High interest rates have created a situation of deferred purchase decisions in the medium and high segments.

The power generation business of your Company successfully managed a smooth transition of CPCB-I to CPCB-II emission norms with zero inventory of CPCB-I engines and components.

CPCB II Compliant Genset

In order to remain relevant and youthful and keeping with the overall transformation agenda, the business launched its much awaited new brand identity – KOEL Green. The revamped brand identity – ‘Efficiency Integrated’ reiterates the promise of enhanced efficiency on various business parameters together with proven reliability to its customers. A new range of petrol and diesel portable gensets in the 2-5 kVA segment was launched by the business. Financial Year 2014-15 also witnessed consolidation of the Kirloskar Generator Technologies (KGT) business which included Alternator and Battery sales.

New Brand - KOEL Green

After witnessing a market contraction of almost 20% in Financial Year 2013-14, the overall DG set market for Financial Year 2014-15 has been estimated at 100,700 units as compared to 101,550 units in Financial Year 2013-14 (an overall drop of ~ 0.8 percent). On value basis, Financial Year 2014-15 is estimated at ₹ 5600 crores, a growth of approximately 10% Year on Year resulting primarily from the CPCB-II enforced price increase. Under these trying

circumstances, your Company continued to maintain market leadership. Your Company gained 0.5% market share by volume, and approximately 2% in value as compared to the previous Financial Year. On a Year on Year basis, the Power Generation business grew by 34% in value terms (including KGT). The Company's revenue from the Power Generation business stood at ₹ 997.3 crores of which ₹ 223.1 crores represented revenue from KGT sales. The success can be attributed to:

- Successful transition of CPCB-I to CPCB-II emission norms. New emission products are featured with best-in-class fuel efficiency, lower running costs, high reliability and durability
- Market improvement efforts through enhancement of product features in new emission norm regime, launch of new variants of the products and optimization and automation of existing system and processes to enhance the speed of operations
- Improved Customer engagement and centralized customer CARE centre
- Revamping of the entire supply chain management system and institutionalisation of best in class processes
- The national roll-out of Project Pulse (Siebel CRM) was completed and the system is live at 500+ channel partner locations. The system has given KOEL a visibility and control on the secondary sales and customer relationship transactions

New Product Development and launches

- 750 kVA engine launched
- KOEL Chotta Chilli portable genset range launched

KOEL Chhota Chilli Portable Diesel Genset

Future outlook

Financial Year 2015-16 is expected to see an overall industrial revival. Infrastructure projects which were delayed due to recessionary issues and green clearances are expected to take off. The governments focus on infrastructure, construction, and mining sector should boost demand on the basis of a forecasted 7% GDP growth. Growth of 4G telecom is expected to enhance DG power demand. Declining inflation will have a positive impact on industrial recovery via increased consumption demand. Although both domestic and external demand is likely to provide support to the industrial recovery, major support will come from domestic demand. A number of announcements made in the recent budget to address the structural issues plaguing industrial and infrastructure sector are expected to gather pace in Financial Year 2015-16 besides a few more being announced during the year. Also, the government's focus on 'Make in India' and improving the "ease of doing business", will aid the manufacturing/industrial growth. These factors are expected to translate into an increased demand from manufacturing and process end user segment during the next fiscal year. We expect Power Generation industry to grow by 8-10% in the current Financial Year.

B. AGRICULTURE AND ALLIED BUSINESSES

One of the inherent challenges that Indian Agriculture faces is that it has around 11% of World's arable land whereas it has to feed about 18% of World population. At 157.35 million hectares, India holds the second largest agricultural land globally. Agriculture is the primary source of livelihood for 58% of the country's population.

With an increasingly higher demand on agricultural yield, farm mechanization is beginning to evolve across all farming sectors. It is seen to replace traditional methods in most regions across the country. The presence of mechanised solutions provides for ease of working and increases productivity of land and labour. Mechanization also provides an opportunity to the farmer to explore multiple cropping, diversification of agriculture and efficient utilization of inputs such as seeds, fertilisers and irrigation water.

Business overview

The Agriculture and Allied business segment of your Company primarily focused on Diesel Engine pump sets. The business also supplied engines for other related applications. With improvement in rural electrification, the diesel pump set industry has been witnessing a steady decline over the last few years and in the last fiscal, shrunk by approximately 15%. There has been a steady shift from diesel engine driven pump sets to electrical pump sets and solar powered water pump sets.

The Agriculture and Allied business segment underwent a strategic transition through Financial Year 2014-15. To bring in sharper focus that caters to the diversified farming needs, the business is now divided in two units :

- Agriculture- Crop Irrigation Business
- Agriculture- Farm Mechanisation Business

Crop Irrigation

The Crop Irrigation business continues to focus on building its reach into rural India. The business has more than 500 distributors and over 10,000 retailers. The business has introduced light weight engine pump sets, 'High Head' pump set and 'High Discharge' pump set to meet specific requirements within the diesel engine pump set user segment. The increased reach and specific segmental focus has helped the business gain market share by 2%, year on year basis and sustain the business despite an industry decline for diesel engine pump sets.

The business continues to use its increased reach into rural India and efficient supply chain, to increase

its business in engines, pump sets, oil & allied products.

The Crop Irrigation business introduced a new brand identity named 'Varsha' to cover all its engines business. It introduced products in all categories of engine pump sets including the petrol kerosene engines, ultra-light pump sets, mono block pump sets and high head (Futura) series. Using its enhanced reach it launched alternators in the range 2 kVA to 40 kVA under the brand 'Kirloskar Shakti', achieved over 46% growth in the oil business and over 9% growth in the parts business. It gained market share in key states of Uttar Pradesh and Maharashtra through area specific strategies. The 'OEMCARE' helpline was started for customer feedback to directly enhance OEM business. The Rajkot plant produced 72344 engines with an overall capacity utilization of 61%.

New brand identity for our Crop Irrigation Business

With an aggressive outreach to the market, the Crop Irrigation business received the 'Integrated Rural Marketing Campaign' award for the 2nd consecutive year for its Jack Trout campaign.

Integrated Rural Marketing Campaign Award

Farm Mechanisation

Agricultural Mechanization industry in India is expected to grow at a rapid pace due to the demand-

supply gap in agriculture production and huge shortage of labour. With shrinking farm holdings, the need of the hour is to improve agricultural yield, where, mechanization will play an important part.

Umbrella Brand of Farm Mechanisation Business

With a view to have a distinct identity, the Farm Mechanisation business launched its new brand 'Kirloskar Mechanization Works' (KMW) in the market. Under this brand name it successfully launched its first farm mechanization product - MEGA T15 in the Financial Year 2014-15. This is a product created after extensive engagement with the farming community and market in-sighting. The business created a channel of 77 exclusive dealers for focussed delivery and service.

New Product Development and launches

MEGA T15, from the Farm Mechanization stable was launched in the third quarter of Financial Year 2014-15. This is totally an internally conceptualised product, designed and manufactured by KOEL. Initial market indications are that the product has been well received and has several distinct and differentiated features as compared to other similar products available in the market. **The tag line of Mega T15 is "Looks like a Tiller works like a Tractor"**.

Mega T15

The Farm Mechanisation business bagged awards under 'Innovative ideas for Rural Development' for Mega T launch at the Asia Retail Congress. In addition, the Mega T received the Golden Award for its excellent graphics at SGIA Golden Image

competition held at Las Vegas in 2014 and the 'Breakthrough Product Innovation' in R & D category for Mega T by AIMA Innovation Practitioners Summit 2015, Delhi.

Mega T awarded for Breakthrough Product Innovation in R&D

Future outlook

The Agriculture business has an inherent risk of climate dependency. While this risk cannot be eliminated, your Company is taking several steps to minimize the impact of this risk. Some of these include :

- Diversification of product portfolio with enhanced focus in the Farm mechanisation space
- Moving the entire supply chain to consumption based pull system, where inventory levels remain dynamic thereby reducing risk of inventory pile up
- Maximizing utilisation of the extensive and deep distribution channel that has been established

In the Farm Mechanisation business, the focus will be to stabilize production and establish the Mega T globally and continue our focus on new product development to provide optimum mechanisation solutions in the Farm Mechanisation space.

C. INDUSTRIAL ENGINES BUSINESS

For the third consecutive year, the Industrial engines business witnessed a slump. The market saw an overall decline of 16% on a Year on Year basis. The overall market size over the last three years has

shrunk from 64000 engines in Financial Year 2012-13 to 55000 engines in Financial Year 2013-14 and further dropped to 46000 engines in Financial Year 2014-15. The tractor market which witnessed an upsurge in the last two years and a growth of 23% in Financial Year 2013-14, witnessed a 10% decline in Financial Year 2014-15. Some of the principal factors contributing to this overall decline in the industrial segment were :

- Continued economic slowdown resulting in low demand for construction equipment
- Delayed monsoon that impacted tractor market
- Delayed Infrastructure projects due to recessionary issues and green clearances impacting off-take in construction and material handling equipment

Industrial 6R1080TA engine, BS III emission compliant

Amidst these downturns, there was a slight recovery in the mining sector in Financial Year 2014-15 over Financial Year 2013-14 resulting in growth in earth moving equipment. Demand for fluid handling equipment's (fire fighting pumps) remained stable.

Business overview

The Industrial business revenues were directly impacted by the market slowdown. Your Company, however, has managed to counter the free fall to some extent and though there has been a Year on Year decline of 5%, this is lower than the industry decline of 16%. KOEL retained all the customers as well as application segments.

As a result of the overall market shrinkage in the last three years there has been pressure on fixed costs and margins which your Company has been trying to overcome through profit improvement projects and operational effectiveness measures.

The Company's revenue from the industrial engines business stood at ₹ 330.3 crores for the current fiscal as compared to ₹ 346.3 crores in Financial Year 2013-14.

New Product Development and launches

During the fiscal, the Industrial Business introduced three new engine variants for the tractor segment and new engines for the off highway applications.

Future outlook

With the Government's commitment to focus on infrastructure, construction and off highway business, the Industrial Business is expected to show an improvement in coming quarters especially in construction and earth moving equipment. Infrastructure projects which were delayed due to recessionary issues and green clearances are expected to pick up in H1 of Financial Year 2015-16. In addition, mining equipment market is expected to pick up as regulatory uncertainties are likely to be resolved.

The business will continue to focus on developing new applications, maintaining minimum inventory levels with OEMs, effectively using the centralized customer CARE Centre and further improving its working capital cycle.

D. CUSTOMER SUPPORT

The Company's commitment to provide quality service to all its customers continued unabated. Our service network of 400 plus well-equipped service outlets spread across the country ensured timely and efficient after sales service to all the Company's customers. At present, the service network takes care of more than 600000 machines for Industrial and Power Generation put together. Resulting from the

overall economic slowdown and consequent lower usage of DG sets, the service business and sale of spares also suffered a setback. The Industrial and Infrastructure equipment market has witnessed negative 20% CAGR for last three years which again led to low spares consumption. Some of the telecom Comprehensive Annual maintenance Contracts (CAMC) customers decided to work on Integrated Maintenance Expertise (IME) service model rather than current Subject Matter Expertise (SME) model. This has impacted service revenues severely from telecom segment.

Business overview

Despite lower power deficit and lesser economic activity across the industry, the customer support business of your Company remains committed to improve its high service standards through initiatives like :

- On line monitoring of Maximum Time to Repair (MTTR) at dealer level
- Timely escalation for delayed service
- Introduction of service outlets in un-represented areas
- Improved spare parts availability
- Implementation of service and product satisfaction index
- Training of service engineers for capability enhancement

Your Company's commitment to provide quality service to all its customers continued with further expansion of service channel networks. Today, your Company has a service outlet within 80 kms radius, in any location, across the country. As a result of this formidable network, the Company's ability to provide prompt, reliable and efficient service to all its customers is a benchmark for the industry. The business also implemented a customer satisfaction measurement system, centralised customer CARE centre and centralized operating service dealer management system.

The customer support team undertook several customer reach initiatives which gave substantial growth in the sale of overhauling kits and consumables, focussing on specific customer segments.

Future outlook

The growth in this business segment is to a large extent dependent on the growth in Power generation and Industrial business. That having said, outlook of the Customer Support business looks promising both in the short and long term due to higher forecasted GDP and the government's focus on infrastructure, construction and mining sectors.

E. INTERNATIONAL BUSINESS

The global economic recovery after the 2008 financial crisis has been slow. The European economy continues to remain subdued, while the Middle East and African markets have witnessed great volatility and instability on the political front. However, it is expected that emerging markets and developing countries will show stronger growth. Overall, global growth may receive help from the lower oil prices seen over 2014 until now.

With a Vision of KOEL touching the world by 2025, Your Company's International operations remains one of the key strategic focus areas and growth drivers. The Company's International business supplies engines and gensets to over 40 countries across the world. These cover a wide range of Industrial, Agri and power generation applications.

Business overview

Revenue from exports in Financial Year 2014-15 was ₹ 206 crores as against ₹ 197 crores in the previous fiscal, thus registering a growth of 4.6% in a challenging macroeconomic environment. Industrial business in export markets has shown a significant growth of 56% during the year, while agricultural business and power generation business marginally declined. International business contributed 8.3% of KOELs total revenues in Financial Year 2014-15.

Middle-east and Africa continues to be the largest geographies for the Company, accounting for a significant portion of export revenues. Competition from multinational companies has intensified in export markets while the company faces severe price competition from Chinese and other domestic players in the agriculture export segment.

Currently the company exports its products to over 40 countries including the USA, Europe, Middle East, Africa and South Asia/South East Asia through a network of three regional offices in UAE, South Africa and Kenya and channel partners and OEM customers.

Region wise Export Sales for Current Year

REGION	FY 2015-16 (%)
Middle East	47%
Africa	37%
South Asia and South East Asia	7%
North and Central America	6%
Others	3%

Through close monitoring in various markets and course corrections where required, efforts were made to align actions with market expectations, resulting in sustaining growth. In Financial Year 2014-15 your Company carried out expansion of the power generation product range in existing markets and has pursued emission certification to advanced emission regulation norms for entry to the American and European markets in Financial Year 2016 and Financial Year 2017.

Some of the highlights in the International Business for the Financial Year 2014-15 include:

- Exports to markets like South Africa, Nigeria, Kuwait, Indonesia, Kenya, UAE, Zambia, Sri Lanka, Nepal and the USA has grown over 20% in the Financial Year 2014-15 over the previous year
- Achieved a big breakthrough in the Telecom segment in South Africa with MTN, the leading telecom utility, ordering 40 kVADG sets

- The company's business in mining repowering segment in South Africa grew by over 56% in the current fiscal over the previous year
- Achieved a breakthrough in FMUL fire-fighting engines in France and the non-FMUL segment in Bangladesh
- Entry into the Israel market with OEM partner for truck-mounted concrete mixers, and institutional Agri business segments in Nepal, Bangladesh and Angola
- Made an entry into the Australian market with a new channel partner

Future outlook

The focus in Financial Year 2015-16 will be to increase market shares through penetration in the existing markets and also increase the market spread by entering new markets in Africa, South East Asia and America.

Although USA is one of the largest genset markets in the world, KOEL's presence has been negligible. With a view to bring in greater focus and establish our products in this market, we are in the process of incorporating a Company in USA, operations of which will begin in Financial Year 2015-16. Specific engines have been identified for EPA certification, thus making them eligible for sale in USA.

F. LARGE ENGINES BUSINESSES

The Large Engines Business focus thus far has been to manufacture and market diesel gensets above 1.7 MW for stationary power plants. Resulting from a re-organisation within businesses, in order to bring greater focus, the marine and defence segment which earlier was under the Power Generation business, was moved to the Large Engines Business. The business manufactures marine propulsion engines and auxiliary DG sets in the range 800 HP to 3500 HP. All DG engines are manufactured at the Nashik plant. Around 134 DG sets supplied so far in India for base load generation/standby power application, run on furnace oil/high speed diesel.

The large engine business caters to a niche segment where demand is based on the launch of large government projects and defence power and propulsion requirements.

Business overview

During the year, Large Engines business successfully completed execution of the balance DG sets order from Nuclear Power Corporation of India Ltd. (NPCIL). Five DG sets were manufactured and dispatched to NPCIL in Financial Year 2014-15. With this, the entire order of 16 DG sets of 4.2 MW each was completed well within planned delivery schedules. The timely delivery of all sets was highly appreciated by NPCIL.

The license agreement with MAN (erstwhile SEMT Pielstick) expired on 30 July 2014. Consequent to the expiry of the MAN agreement, your Company has signed a Memorandum of Understanding (MOU) with MTU (a subsidiary of Rolls Royce) for the supply of MTU engines to cater to future requirements from NPCIL. The engines will be manufactured and supplied by MTU in Germany and KOEL will integrate the DG set for assembly and testing at the Nashik plant.

The business successfully commissioned its fourth ship set of naval OPV class in Goa and its first ship set of ASW Corvette class at Kolkata.

Future outlook

The Large Engines business will continue to drive its growth in the stationary power plants, defence and marine power and propulsion segments. With the MTU MOU in place, your Company remains geared and capable to take on all future NPCIL orders. The Nashik plant will continue to be the main manufacturing and assembly hub for the business especially with all defence and marine engines and DG sets assembly operating out of the plant.

RESEARCH AND APPLICATION ENGINEERING

Research is a key component that helps KOEL remain relevant and drive growth through innovative solutions and product offerings. Over the years, your Company has set up an excellent R&D facility, manned by a very competent team, which works closely with our businesses to deliver high value. We believe that spends on R&D are an investment towards building innovative products and solutions for sustainable future growth.

In pursuit of excellence in product performance and enhancing value to customers through new and improved products, the research team is working towards achieving benchmark parameters both in the domestic and global markets to offer the most advanced and comprehensive range of products. During the year, the team supported the launch of several innovative products that enabled your Company fortify its market leadership position.

The Mega T15 and Ultra-light portable diesel pumpset in the Agri market and 750 kVA and 3 kVA generating sets in DG market were some of the key products launched.

Enhancing existing product lines

The 6R1080 engine for Harvester market was introduced with air-cooled engines for large pump set application across Asia-Pacific market and FM/UL engines in European market. The HA6TC engines with 110 HP for transit mixer application for international markets and the modular canopy for West Africa market.

The R&D team ensured smooth and successful transition and upgrades for the following :

- Bharat Stage III (BS III) emission compliant engines for construction equipment
- Entire range of Genset models upgraded to meet CPCB stage II emission norms
- Bharat (TREM) Stage III A emission norm compliant engines for tractor application

- A major project of PLM reimplementation is underway and expected to be completed in 2015-16

Innovating for a sustainable future

Some of the specific focus areas of R&D efforts in the current fiscal were :

- Emission solution based on mechanical fuel injection and electronic fuel injection
- 4 – Valve per cylinder technology
- Design methodology based on three Dimensional Analysis
- Enhancing engine life

Future Outlook

The R&D efforts and focus will continue in the future. Efforts to completely modernize and upgrade existing product development facilities and development of new technologies for cost effective emission will form part of the short term goals. Your Company also plans to develop new products in High Horse Power (HHP) range, new applications like marine genset and main propulsion. The R&D business strategy will continue to focus on increasing efficiency, enhancing customer satisfaction and strengthening business presence in key strategic growth markets.

QUALITY ASSURANCE

Superior product quality has been the hallmark of your Company's brands. In continuation with this goal, Quality Assurance has the constant demand of providing checks and balances to deliver a superior product. One of the key initiatives of the year was the ramp up of the entire product portfolio of power generation business with 19 new CPCB-II emission compliant gensets through a structured approach and strong Quality Stage Gate system.

The QA team has 56 additional green belt certified managers to reduce process variations generating an overall saving of ₹ 1.69 Crores in the year.

SUPPLY CHAIN

Your Company's supply chain agenda remained focussed on improving performance on service, quality and cost. Over the last couple of years, the entire supply chain which includes material procurement, material ingress, manufacturing, material handling and storage and finished product supplies has undergone a metamorphosis in KOEL. From a traditional planning and forecasting model your Company has institutionalised new ways of working, which essentially entails both the back end i.e. procurement and manufacturing and the front end i.e. sales effected only against consumption as opposed to forecast. Resulting from this replenishment system, inventory norms remain dynamic and optimal inventory levels are maintained across the entire value chain at all times. The positive outcome of this has been :

- Order to dispatch reduced from approximately 40 days to 7 days
- Huge reduction in inventory carrying days with no stock outs
- Marked improvement in the Cash to cash cycle
- Improved supplier and customer satisfaction

Your Company has progressed well in implementing its long term manufacturing strategy, with efficient capacity creation and introduction of new technology to support volume growth, both in the Power Generation and Agri and Allied Business space.

Supplier integration was a structured effort to capitalize the capabilities of suppliers in new product development. Various supplier training programmes on specific processes were conducted through the year. Special training modules on manufacturing process, PPAP, cutting tools, energy cost optimisation, GD&T, MSA etc. were imparted to enhance supplier skillsets.

With new supplier technologies brought on board during the CPCB II change over, a series of 'Technology days' with suppliers were conducted to

enhance the technical awareness and use of new applications on KOEL platforms.

Transition from CPCB I to CPCB II emission norms posed several challenges. Approximately 1000 new part development had to be undertaken and on an average, material costs for CPCB II engines were higher by 10-12% as compared to CPCB I. Several profit improvement programmes and Value Analysis and Value Engineering programmes (VA/VE) were undertaken through the year to keep the ratio of material cost to sales under check.

ENVIRONMENT, OCCUPATIONAL HEALTH AND SAFETY (EHS)

During the year, number of initiatives were undertaken in your Company's plants and offices in the areas of Environment, Occupational Health and Safety (EHS). Some of the key initiatives are listed below –

Pune Plant

Environment initiatives

- Tree plantation on World Environment day
- Energy efficient AC systems for offices

Occupational Health initiatives

- Blood donation camp
- Eye check-up camp for employees with refraction correction and vision test
- Body composition with BMI analysis
- Lecture on ergonomics and weight control
- Lecture on First Aid with Cardiopulmonary Resuscitation Technique and Emergency patient evacuation

- Medical examination of all employees

Safety Initiatives

- Program of 'Know your Hazards' with use of material safety data sheets
- Innovative approach to EHS with BrainVita Quiz for all employees

Energy Conservation Initiatives

- Energy Efficient VRV Air conditioning

system and lighting for finance and supply chain offices

- Third party windmill units purchase from independent windmill generator under open access policy

Kagal Plant

Environment initiatives

- Installation of water flow meters at water pump discharge points
- Installation of additional oil skimmer at ETP for better removal of waste oil
- Provision of level sensors for oil collection pits, sludge tank at ETP to avoid overflow oil and sludge
- Provision of septic tanks and collection pit at contractor dining for proper disposal of waste
- Provision of storage, pumping of treated domestic effluent and operation of irrigation system around fabrication shop for disposal
- Industrial effluent line changing and provision of additional chambers for taking care of excess effluent from paint booth
- Separate connection from old domestic to new domestic effluent tank to receive better quality sewage
- Combining treated effluent outlets into single PVC pipeline for better monitoring of treated effluent quality
- Atomization of lift irrigation of dining treated effluent to plantation nearby area

Occupational Health initiatives

- Blood donation camp where 301 employees donated blood
- Ongoing Tool Box Talk covering health related topics such as swine flu, high blood pressure, diabetes, heart attack, cholesterol, hepatitis A and B, effects of alcohol, effects of smoking and HIV/AIDS
- PAP smear camp
- Five general camps for women organized

from Oct 2014 to March 2015 covering 400 women employees

- Annual medical check-up for all employees

Safety Initiatives

- First aid refresher training in August 2014 and January 2015
- On-going Tool Box Talk covering safety related topics such as manual material handling and prevention of finger injuries
- Counseling for abnormalities in detected cases at annual medical check-up
- Celebration of fire safety, road safety and national safety weeks
- EHS BrainVita Quiz

Energy Conservation Initiatives

- Energy efficient localized lighting saving 31,000 units
- Avoiding wastage of compressed air during idle time of machine yields saving 77,000 units
- Energy cost reduction through cycle time reduction saving 45,000 units
- Replacing 400 watt highbay with 250 watt highbay lamps in general bays saving of 81,000 units
- Rainwater harvesting for garden along with other water saving projects yielding 1440 CuM water saving

Nashik Plant

Environment initiatives

- Tree plantation by NPCIL customer on World Environmental day
- Turbo ventilator installed in washing area for improved work environment
- Installation of stand by blower ETP for continuous aeration in plant

Occupational Health initiatives

- Cancer awareness training to all employees
- Knowledge sessions on health conducted for cardiac, cancer, stress management

and naturopathy

Safety Initiatives

- Fire-fighting awareness training for fire fighting team
- Participation in safety rally in Ambad MIDC by Mutual Aid Response Group
- Installation of convex mirrors at road junctions in premises
- Modification of manual washing area and elimination of unsafe conditions to have visibility during power outage

Energy Conservation Initiatives

- Reconditioning of cooling towers to improve energy efficiency
- Energy efficient blower motor installed at ETP
- Translucent sheets and turbo ventilator for washing area to avoid day light and air circulators
- High wattage mercury lamps replaced by low watt metal halide lamps maintaining illumination levels
- Motion sensor for office lighting installed in engineering department

Rajkot Plant

Environment initiatives

- Installed additional oil skimmer at ETP OGT-02
- Flow meter installed for incoming diesel tanker to ensure accuracy
- Using remote switch avoided oil spillages during loading and unloading
- Use of Anemometer for measurement of air velocity at paint booths
- Hydrometers provided to measure the specific gravity of liquids
- DAP used at ETP for better biological treatment

Occupational Health initiatives

- Blood donation camp organized

- Health emergency handling and response awareness program
- Medical examinations of all employees
- Awareness lecture on First Aid with cardiopulmonary resuscitation technique and emergency patient evacuation
- Awareness lecture of musculoskeletal disorders and ergonomics

Safety Initiatives

- Hydraulic testing for compressed air pipe lines as well as load testing for forklifts
- Controller surge arrester provided for electrical panels
- Hot dip heavy duty GI strip for earthing
- Safety awareness program for safety managers

Energy Conservation Initiatives

- i. Installation of relay based temperature controller for internal exhaust motor resulted in saving of 60,000 units
- ii. Zero air loss auto drain valve for compressed air line saving 10,200 units
- iii. Installation of auto timer panel for admin building and canteen lighting saving 15,000 units
- iv. Implementation of PLC and VFD panel for testing exhaust blowers saving 80,000 units
- v. Relay based panel for paint blowers saving 65,000 units

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

Your Company's Human Resource (HR) agenda for the year was focussed on strengthening four key areas : building a robust and diverse talent pipeline, enhancing individual and organisational capabilities for future readiness, driving greater employee engagement and strengthening employee relations further through progressive people partnerships. An agile, performing and result oriented workforce is at the heart of the HR strategy. HR upholds the

organization vision by fostering a positive and engaging work environment while identifying and responding to the changing needs of business ensuring sustainable organizational performance.

In addition to building core capabilities in marketing, sales and manufacturing, based on competency and skill gap analysis carried out across the organisation, specific training and development inputs were identified and imparted to individual managers to ensure that as an organisation we are future ready.

Your Company has implemented a position based organisation structure. All Business Units and functions across the Company have been fit into an organisation structure that was studied and proposed by a leading consultant. This included job descriptions and competencies required for unique positions.

On the Talent Management front, critical positions and successors have been identified and their development needs have been captured. A skills gap mapping exercise using inputs from the Job descriptions has also been conducted by identifying skills required for successful performance of the role. The Skill gaps have been used to identify the Individual Development Plans(IDPs) for critical role holders.

The inputs from the IDPs have been used to intensify focus on in-house and external training. For people in specific cadres, long term certification programs through tie-ups with highly reputed institutes like BITS Pilani and IIM-C for building the talent and capability are also in place. Additionally, with a view to bring about the required cultural transformation, leadership programs like (KOEL Way of Management) and sales leadership programs (KOEL Way of Selling) were carried out.

In order to enhance employee motivation and build a performance driven culture, the HR team pursued various employee engagement programs and cultural and sports initiatives through the year.

Your Company uses the Balanced Score Card (BSC) to set organisational goals over a five year horizon.

Business and functional goals emanate and are aligned to the BSC. There is an institutionalized system of performance evaluation which in turn is linked to individual developmental plans and career progression.

Through the talent management program, key talent is engaged on a one on basis to ensure retention. Your Company also redefined its Management trainee program by hiring management trainees from premier institutes like IIM C, IIM A, ISB and the IITs. These trainees were successfully put through a rigorous induction program, post which they are placed in key front end positions.

Your Company carries out an Employee Engagement survey every alternate year through an independent assessing agency. Based on the gaps that emerge, teams are formed to address specific areas of concern.

The Values journey in KOEL continues successfully with our employees demonstrating our core values at the work place regularly.

The Company continues to maintain healthy and harmonious industrial relations across all its manufacturing plants and offices. As on 31 March 2015, there were 2572 employees on the company roll. Some of the significant events which took place during the year include :

- The signing of the 7th consecutive wage settlement agreement prior to expiry of the earlier settlement, without losing a single man-day
- The long term wage settlement for Nashik unit was signed in October 2014
- The Company's continued endeavour to identify several thrust areas for continuously enhancing technical, professional and functional capabilities of employees towards fostering a performance driven work culture in all areas of operations particularly at shop floor. The whole-hearted involvement of employees in various initiatives like

Kaizens, ENCON, Quality, Safety and WASH are few examples.

- Health and well-being through health check-up of all employees

CORPORATE SOCIAL RESPONSIBILITY

Your Company strongly believes in 'Enriching Lives' of the people surrounding the communities in which it operates. The key identified focus areas remain as : Health, Education, Environment and Livelihood. Most CSR activities are carried out through employee volunteering programs across our plants and offices. Few of the initiatives mentioned below are carried out in each of the plant locations.

Health

- Health Awareness Programs like the HIV/Aids awareness drive
- HIV/Aids Film Festival in Kolhapur district
- Support for Kirloskar Foundation's **WASH** initiatives such as clean drinking water, use of toilets and hand wash where 82 employees worked as volunteers in 23 schools over 1907 man hours
- Health Check-up camps and spraying and fogging in village and communities to prevent diseases like malaria and dengue

Education

- 'Disha' career guidance workshop for students of standards 10 and 12
- Sponsorship of Akanksha Center in Pune
- Sponsorship of 80 orphans/deprived children
- 'HasatKhelat Paryavaran', a program for school children in Pune and Kagal
- Computer literacy programs
- Basic school material distribution like bags, boxes, pens and pencils for needy primary school children in the community
- Teachers training programs

- Cash rewards for performing school children

Environment

- Tree plantations in all communities
- Free PUC check-up camps for private vehicles in communities
- Environment awareness and waste management workshops
- Energy Conservation (ENCON) Initiatives for school children at all locations
- Participation and support to Vasundhara film festival at Pune, Nashik and Kolhapur

Livelihood

- SAAKAV - Life skill training program for adolescent boys and girls
- Livelihood generation activities for self-help groups
- Vocational training for Youth

In a community perception survey to benchmark the impact and effectiveness of these programs, the CSR team conducted a survey in the communities in which it operates to various parameters. The results of the survey provide scope for doing more engaging and effective programs in the communities.

Parameters	Pune		Kagal		Rajkot		Nashik	
	FY 14	FY 15	FY 14	FY 15	FY 14	FY 15	FY 14	FY 15
Performance as a responsible citizen	100	100	100	100	98	100	84	81
Involvement in community	100	100	99.1	99	98	98	81	72

Company's Image	100	100	100	100	100	100	95	93

Your Company works with a number of agencies and NGO partners to implement these projects. Some of the groups are : Community Scope, Dr V. T. Patil Foundation, Sham Swayamsevi Sanstha, Swayamsidha Training Institute, Symbiosis Community College, Vasundhara Club, Bhartiya Samaj Seva Kendra and Muktaa Charitable Foundation.

FINANCE, ACCOUNTS, LEGAL AND SECRETARIAL

Your Company continued to focus on cash management. The focus on managing optimal levels of inventory across the value chain also helped unlock money in receivables and together this helped in maintaining an excellent working capital cycle right through the year. Investments were managed prudently and deployed in funds defined to offer safety and liquidity of the investments.

The finance function of the Company has been working on an agenda to build capabilities and get the business future ready. We believe that the Company's success depends on being able to decouple transaction volume growth from business growth and thereby reduce cost, complexity and time of transaction processing. A lot of work has gone behind ensuring data integrity at all levels and building dashboards from a record to report perspective. From multitude of data and ad hoc reports residing at multiple places, the transition has begun towards one common repository and standardised reports. While several of the Business Information is real time, the journey has only begun and the team is confident of making significant strides in this area in times to come. What this eventually means is that more of quality time available for data analytics and business decision support.

Adherence to statutory and regulatory compliance has always been given the highest importance. Your Company uses a work flow based legal compliance software tool that monitors and ensures compliance of all applicable regulations across all factories and offices.

INTERNAL CONTROLS AND RISK MANAGEMENT

Your Company continuously monitors the effectiveness of internal controls to provide an independent, objective and reasonable assurance on the efficacy of operations and security of assets. The Company's internal control systems are commensurate with the nature of its business and the size, complexity of its operations and cover all plants, corporate, area offices and depots. The Company is in process of IT enabling the process of reviewing its financial and operational controls along with their risks to facilitate effective internal control testing, reporting and tracking remediation.

The Company's Internal Audit Department (IAD) assesses opportunities for improvement in business processes, systems and controls; provides recommendations, designed to add value to the organisation and follows up on the implementation of corrective actions and improvements in business processes after review by the Senior Management and Audit Committee. The IAD works on a co-sourced model together with a leading audit firm to perform internal audits on a quarterly basis, based on comprehensive risk based audit plan, which is approved by the Audit Committee. Audits are conducted as per a two yearly audit plan and reviewed quarterly by the Audit Committee. Significant deviations are brought to the notice of the Audit Committee of the Board and corrective measures are recommended for implementation. The internal audit processes are IT enabled to aid effective planning of audits and tracking of closure of all agreed actions. It also serves as a good knowledge management repository of issues and resolutions.

The Company considers self-assessment as a key tool for assessing the robustness of controls. Hence,

an IT enabled system of Control Self Assessment (CSA) was introduced in the current fiscal to supplement the reviews conducted. This procedure helps process owners to continuously monitor risks and assess the effectiveness of internal controls as well as to take timely pre-emptive action to close or correct any control weaknesses.

The Company's Enterprise Risk Management process operates on a framework which:

- encompasses all areas of organizational exposure to risk
- prioritizes and manages those exposures as an interrelated risk portfolio rather than as individual "silos"
- evaluates the risk portfolio in the context of all significant internal and external environments, systems, circumstances, and stakeholders and
- seeks to embed risk management as a component in all critical decisions throughout the organization

The framework encompasses the following activities:

- Risk Identification – identify and prioritize significant risks
- Risk Management – identification of risk owners, development and evaluate effectiveness of mitigation plans
- Risk Reporting and Review – Review risks on half yearly basis by Audit Committee of the Board

The Company's ERM process is IT enabled and can support bottom-up risk assessments, with status reports and summary of assessment report and maintain risk registers with mitigation plans.

RISKS, OPPORTUNITIES AND THREATS

The Company aims to address the opportunities offered and threats posed by its business environment strategically by maintaining a sustainable and robust business model and continually improving on them. The risk canvas is

revisited periodically by the Company together with the help of the Internal Auditors. Some of the risks, opportunities and threats in the Company radar are detailed below:

Risks

- Inadequate momentum to infrastructure sector projects resulting in a sustained drop in demand for DG sets
- Sustained improvement in grid power situation could impact lower kVA genset sales
- Rupee appreciation will put pricing pressures on the export markets
- Delayed or prolonged monsoon will hamper Agri pump set sales

Opportunities

- Stable government may improve the outlook of the economy which may benefit the industry as a whole

- Expansion/entry into new international markets
- Mechanisation opportunities in the Agri and Allied business
- India's peak power demand and this associated with power shortage especially during high peak will continually raise demand for DG sets

Threats

- Low entry barriers, resulting in Global MNC's (including China) or domestic players delivering equivalent quality products at lower price thereby adversely affecting domestic market share
- Attracting and retaining human capital is going to be a key challenge
- Current OEMs may build and fit their own engines in their equipment

REPORT ON CORPORATE GOVERNANCE

Company's philosophy on Code of Corporate Governance

Your Company is proud of the high standards it has set for exemplary governance and continues to lay strong emphasis on transparency, accountability and integrity. The Company firmly believes that good Governance is an essential ingredient of any business, a way of life rather than a mere legal compulsion.

The Company's Code of Business Conduct, its Risk Management Framework together with its well structured internal control systems which are subjected to regular assessment for its effectiveness, reinforces integrity of Management and fairness in dealing with the Company's stakeholders. This, together with meaningful CSR activities and sustainable development policies followed by the Company has enabled your Company to earn the trust and goodwill of its investors, business partners, employees and the communities in which it operates.

The Company's philosophy of good Corporate Governance aims at establishing a system which will assist the management to fulfill its corporate objectives as well as to serve the best interest of the stakeholders at large viz. Shareholders, Customers, Employees, Environment, Society, Suppliers, Lenders etc. This philosophy has been strengthened by adoption of a Code of Conduct as per clause 49 of the listing agreement for Board of Directors and Senior Management, adoption of CII's Business Excellence framework, Code for prevention of Insider Trading and also re-enforcing our commitment towards Corporate Sustainability and adoption of the GRIs guidelines on Triple Bottom Line reporting.

A. BOARD OF DIRECTORS

▪ Composition of the Board

The Board composition is in conformity with Clause 49 of the Listing Agreement entered into with the stock exchanges in which the Company's Equity Shares are listed. The Board comprised of 12 directors as on 31 March 2015. The composition of the Board was as under:

AUDITORS' CERTIFICATE REGARDING COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE

To,
THE MEMBERS OF
KIRLOSKAR OIL ENGINES LTD

We have examined the compliance of conditions of Corporate Governance by **KIRLOSKAR OIL ENGINES LIMITED** for the year ended 31st March, 2015, as stipulated in Clause 49 of the Listing Agreements of the said company with the recognised stock exchanges in India.

The compliance of conditions of Corporate Governance is the responsibility of Company's management. Our examination was limited to procedures and implementation thereof, adopted by the company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an opinion on the financial statements of the company.

In our opinion and best of our information and according to the explanation given to us, we certify that the company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We state that such compliance is neither an assurance as to future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF KIRLOSKAR OIL ENGINES LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **KIRLOSKAR OIL ENGINES LIMITED**, ("the Company") which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the Accounting and Auditing Standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true

and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by The Companies (Auditor's Report) Order, 2015 issued by Central Government of India in terms of sub-section (11) of section 143 of the Companies Act 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) There are no observations and comments on financial transactions or other matters which have an adverse effect on the functioning of the Company.
 - f) On the basis of the written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g) There are no qualifications, reservations or adverse remarks relating to maintenance of accounts and other matters connected therewith.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 30 (2.1) to the financial statements.
 - ii. The Company did not have any long term contracts including derivative contracts having any material foreseeable losses for which provision was required to be made under the applicable law or accounting standard.

ANNEXURE

Referred to in paragraph 1 of our "Report on Other legal and Regulatory Requirements" on even date:

- (i) (a) The company has maintained proper records showing full particulars of fixed assets including quantitative details and situation of fixed assets.
- (b) The fixed assets have been physically verified by the management according to the phased programme of three years which is reasonable with regard to size of the company and nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the management during the year and no significant material discrepancies between the book records and such physical verification have been noticed.
- (ii) (a) The management has conducted physical verification of inventory (excluding stock with third parties) at reasonable intervals. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable.
- (b) In our opinion the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) In our opinion the Company is maintaining proper records of inventory. As informed to us, the discrepancies noticed on verification between physical stock and book records were not material.
- (iii) (a) The Company has not granted any loans secured or unsecured to companies, firms or other parties covered in the register maintained as per section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3 (iii) (a) and (b) are not applicable to the company.
- (iv) In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the company and the nature of its business for the purchase of the inventory, fixed assets and for the sale of the goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal controls.
- (v) In our opinion and according to information and explanation given to us, the Company has not accepted public deposits, hence the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under, are not applicable to it. According to information and explanation given to us, no order has been passed against the company by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under sub-section (I) of section 148 of the Companies Act, 2013 and we are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have however not made a detailed examination of records with a view to determine whether they are accurate and complete.
- (vii) (a) According to the information and explanation given to us and the records of the company examined by us, the Company is generally regular in depositing with the appropriate authorities undisputed statutory dues including provident fund, employees state insurance, income-tax, sales-tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues applicable to it.

According to the information and explanation given to us, no undisputed amounts payable in respect of statutory dues were in arrears as at 31st March, 2015, for a period more than six months from the date they became payable.
- (b) According to the information and explanations given to us, the particulars of dues of income tax,

sales tax, wealth tax, service tax, custom duty, excise duty and cess as at 31st March, 2015 which has not been deposited on account of disputes are as follows:

Name of the statute	Nature of dispute due	Amount under dispute not deposited (₹ in Crs)	Period to which the amount related	Forum where the dispute pending

Octroi	Demand of differential Octroi	3.66	2002-2008	Civil Court

(c) According to the information and explanations given to us, there are no amounts required to be transferred to Investor Education and Protection Fund in accordance with the relevant provisions of the Companies Act, 1956 (1 of 1956) and rules made there under.

- (viii) The Company has no accumulated losses at the end of 31st March, 2015. The Company has not incurred cash losses in the current financial year.
- (ix) In our opinion and according to information and explanations given to us, the Company has not defaulted in repayment of dues to a financial institution or bank as at the balance sheet date.
- (x) In our opinion and according to the information and explanations given to us, the company has not given any guarantees for loans taken by others from banks or financial institutions during the year. Accordingly, the provisions of clause 3 (x) of the Companies (Auditor's Report) Order, 2015 are not applicable to the company.

- (xi) According to the information and explanations given to us the company has not availed any term loan during the year. Accordingly, the provisions of clause 3 (xi) of the Companies (Auditor's Report) Order, 2015 are not applicable to the company.
- (xii) During the course of our examination of the books & records of the company carried out in accordance with the generally accepted auditing practices in India and according to the information and explanation given to us, we have neither come across any instances of fraud on or by the company, noticed or reported during the year, nor have we been informed of such case by Management.

Subsidy for setting up new industrial unit

The Company's manufacturing facility at Kagal has been granted "Mega Project Status" by Government of Maharashtra and hence is eligible for Industrial Promotion Subsidy (IPS) under Packaged Scheme of Incentive (PSI) 2001. This scheme is for intensifying and accelerating the process of dispersal of industries to the less developed regions and promoting high tech industries in the less developed areas of the State, coupled with the object of generating employment opportunities. The Company has been granted Eligibility Certificate issued by the Directorate of Industries, Government of Maharashtra, which stipulates that the eligible unit needs to invest minimum ₹ 500.00 Crs in prescribed area for availing the "Mega Project Status" and the maximum fixed capital investment be restricted to ₹ 598.57 Crs. Additionally, the Eligible Investment should be incurred within a period from 13 April 2006 to 31 March 2013. As at 31 March 2013, the company has complied with the conditions stipulated for being considered "Mega Project Status". IPS consists of following entitlement available for a period of 9 years from the date of commencement of commercial production, i.e., from 1 April 2008 to 31 March 2017:

IPS equivalent to 100% of "Eligible Investments"; or Amount of MVAT and CST payable to the State Government (before adjustment of Set-off) on sales made from Kagal plant, less the amount of benefits availed by way of electricity duty exemption and stamp duty exemption whichever is lower.

Notes to the Financial Statements

In In terms of the Accounting Standard (AS 12) "Accounting for Government Grants" prescribed by Companies (Accounting Standards) Amendment Rules, 2006, eligible incentive is considered to be in the nature of promoters' contribution. Therefore, incentive of ₹ 23.07 Crs for the year (P.Y. ₹ 19.13 Crs) has been credited to the Capital Reserve. Subsidy Receivable as at 31 March 2015 is ₹ 52.90 Crs (P.Y. ₹ 50.37 Crs)

NOTE 30: NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2015

1. Significant Accounting Policies

1.1 Basis of preparation of Financial Statements

The Financial Statements have been prepared in accordance with Indian Generally Accepted Accounting Principles (IGAAP) under the historical cost convention on the accrual basis, except where specified otherwise and in case of significant uncertainties.

The financial statements have been prepared to comply in all material respects with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the said Act and the guidelines issued by the Securities and Exchange Board of India.

1.2 Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and liabilities. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial statements. Any changes in accounting estimates are recognised in the profit & loss account of the period when such changes are known/materialise.

1.3 Fixed Assets

- a. Tangible Fixed assets, other than Leasehold Land, are stated at cost of acquisition or construction less accumulated depreciation. Leasehold land is valued at cost less amount written off up to the balance sheet date. Cost includes the purchase price and all other attributable costs incurred for bringing the asset to its working condition for intended use.
- b. Expenditure on New Projects and Expenditure during Construction :
In case of new projects, expenditure incurred including applicable interest on borrowings and financing costs of specific loans, prior to commencement of commercial production is capitalized and included in the cost of assets.
- c. Capital work-in-progress comprises cost of fixed assets that are not yet installed and ready for their intended use at the balance sheet date.
- d. Intangible assets are recorded at the consideration paid for acquisition. Expenditure incurred in development phase, where it is reasonably certain that the outcome of development will be commercially exploited to yield future economic benefits to the Company, is considered as an intangible asset. Such developmental expenditure is capitalized at cost including a share of allocable expenses.
- e. Own manufactured assets are capitalised at cost including an appropriate share of allocable expenses.

1.4 Depreciation and Amortization

* Assets below ₹ 5000/- and Jigs and Fixtures, Dies and Patterns costing below ₹ 1 lac are charged off in the year of acquisition.

@ Depreciation on additions is provided from the beginning of the month in which the asset is added

\$ Depreciation on assets sold, discarded or demolished during the year is being provided at their respective rates on pro-rata basis up to the end of the month prior to the month in which such assets are sold, discarded or demolished.

Foreign exchange fluctuations gain/loss on imported plant and equipment is capitalized in the cost of the respective fixed asset. Depreciation on such additions is provided over the remaining useful life of the underlying plant and equipment.

Pursuant to the enactment of the Companies Act, 2013 ("The Act") the Company has, effective 1 April 2014, reworked depreciation on the basis of useful life of fixed assets as per the provisions of the Act and subsequent notifications/circulars. Consequentially, the carrying value of assets whose life has been completed, as at 1 April 2014 aggregating to ₹4.96 Crs (net of deferred tax ₹ 2.63 Crs) has been adjusted to the Surplus Account and in other cases the same has been depreciated over the remaining revised life of the assets. As a result, depreciation charge is lower by ₹ 1.36 Crs for the year ended 31 March 2015.

1.5 Investments

Investments which are readily realizable and are intended to be held for not more than one year from the date on which investments are made are classified as Current investments, mainly comprising investments in mutual funds. Such investments are stated at cost, adjusted for diminution in their value.

All other investments are classified as Long term investments and are stated at cost less diminution, other than temporary, in their value.

1.6 Inventories

- a. Stores and spares, raw materials and components are valued at cost or net realizable value whichever is lower. Cost includes all cost of purchase and incidental expenses incurred in bringing the inventories to their present location and condition. Cost is ascertained using weighted average method.
- b. Work-in-process including finished components and finished goods are valued at cost or realisable value whichever is lower. Cost includes direct materials, labour costs and a proportion of manufacturing overheads based on the normal operating capacity. Finished goods lying in the factory premises, branches and depots are valued inclusive of excise duty.
- c. Materials-in-transit and materials in bonded warehouse are valued at actual cost incurred up to the date of balance sheet.
- d. Unserviceable, damaged and obsolete inventory is valued at cost or net realisable value whichever is lower.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

1.7 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash which are subject to an insignificant risk of changes in value.

1.8 Foreign Currency Transactions

- a. Initial Recognition
Foreign currency transactions are recorded in Indian currency, by applying to the foreign currency amount the exchange rate between the Indian currency and the foreign currency at the date of the transaction.
- b. Conversion
Current assets and current liabilities, Secured Loans, being monetary items, designated in foreign currencies are revalored at the rate prevailing on the date of Balance Sheet or forward contract rate or other appropriate rate.
- c. Exchange Differences
Exchange differences arising on the settlement and conversion of foreign currency transactions are recognised as income or as expenses in the year in which they arise, except in cases where they relate to the acquisition of qualifying assets, in which cases they are adjusted in the cost of the corresponding asset. Further, as per Ministry of Corporate Affairs Notification dated 31 March 2009, as amended vide G.S.R. 378(E) dated 11 May 2011, and the clarification provided vide Ministry of Corporate Affairs circular 25/2012 dated 9 August 2012, eligible exchange difference on foreign currency loans utilized for acquisition of assets,

up to 31 March 2015, is adjusted in the cost of the asset to be depreciated over the balance life of the asset.

d. Forward Contracts

Company uses foreign exchange forward contracts to hedge its exposure against movements in foreign exchange rates. The use of foreign exchange forward contracts is intended to reduce the risk or cost to the Company. Foreign Exchange forward contracts are not used for trading or speculation purpose. Mark to Market Losses or Gains are recognized in the profit and loss account subject to (c) above. However, Mark to Market Losses or Gains on instruments to hedge highly probable forecast transactions which serve as effective hedges, as determined under the accounting standard 30, are accumulated in the Hedge reserve until the underlying transaction occurs upon which the respective accumulated balances are recognized in the profit and loss account.

In respect of foreign exchange forward contracts, difference between forward contract rate and exchange rate (Spot rate) prevailing on the date of forward contract (i.e. forward premium/discount) is amortised as income or expense over the life of the contract, subject to (c) above.

e. Option Contracts

Company uses foreign exchange option contracts to hedge its exposure against movements in foreign exchange rates. The use of foreign exchange option contracts reduces the risk or cost to the Company. Foreign Exchange option contracts are not used for trading or speculation purpose.

Outstanding foreign exchange option contracts on the date of Balance Sheet are marked to market (MTM). MTM losses or gains, if any, are recognized in the Profit and Loss account subject to (c) above. However, in respect of instruments to hedge highly probable forecast transactions which serve as effective hedges as determined under the accounting standard 30, the gains and losses are accumulated in the Hedge reserve until the underlying transaction occurs upon which the respective accumulated balances are recognized in the profit and loss account.

1.9 Employee Benefits

a. Short Term Employee Benefits:

All employee benefits payable within twelve months of rendering the service are classified as short term benefits. Such benefits include salaries, wages, bonus, short term compensated absences, awards, exgratia, performance pay etc. and the same are recognised in the period in which the employee renders the related service.

b. Post-Employment Benefits:

i. Defined Contribution Plans:

The Company's approved superannuation schemes, state government provident fund scheme, employee state insurance scheme are defined contribution plans. The contribution paid/payable under the schemes is recognised during the period in which the employee renders the related service.

ii. Defined Benefit Plans:

The employee's gratuity fund scheme, long term compensated absences, pension, post-retirement medical and long term service award benefit schemes are Company's defined benefit plans. The present value of the obligation under such defined benefit plans is determined based on the actuarial valuation using the Projected Unit Credit

Method as at the date of the Balance sheet. In case of funded plans, the fair value of plan asset is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on the net basis.

In the case of Funded Gratuity liability, amount due to the fund within 12 months is treated as current liability. In the case of pension, post-retirement medical benefit and Long term service award benefit scheme the amount expected to be paid/expected to settle within next 12 months is treated as current and balance amount is treated as non-current. In the case of Long Term Compensated absence the determination of current and noncurrent liability is based on unconditional right to defer its settlement in next 12 months from the reporting date and other factors such as Attrition rate, retirement in next 12 months.

iii. Termination Benefits:

Termination benefits such as compensation under voluntary retirement scheme are recognised in the year in which termination benefits become payable.

1.10 Warranty

Product warranty provision is estimated on the basis of past experience, and is accrued in the year of sale.

1.11 Research and Development

Capital expenditure incurred on research & development is capitalized as fixed assets. Revenue expenditure for carrying out the research activity is charged to the Profit and Loss Account in the year in which it is incurred.

Expenditure incurred on development phase, where it is reasonably certain that the outcome of development will be commercially exploited to yield future economic benefits to the Company, is considered as an intangible asset.

1.12 Revenue Recognition

- a. Revenue from sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed on to the buyer, which generally coincides with their delivery to the buyer. Sales are stated net of discounts, rebates and returns.
- b. Export sales are accounted on the basis of the dates of "Shipped on Board" Bill of Lading, other delivery documents as per contract.
- c. Export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable accuracy and conditions precedent to claim is fulfilled.
- d. Income from services is recognized on completion of services as per the terms of specific contracts.
- e. Income from dividend on investments is accrued in the year in which it is declared, whereby right to receive is established.
- f. Profit/loss on sale of investments is recognized on the contract date.

1.13 Government Grant

Grants and subsidies from the government are recognized if the following conditions are satisfied,

- There is reasonable assurance that the Company will comply with the conditions attached to it.

- Such benefits are earned and reasonable certainty exists of the collection.

Government grants or subsidies given with reference to the total investment in an undertaking or setting up of new industrial undertaking is treated as capital receipt and credited to capital reserve. The said capital reserve will not be available for distribution of dividend nor is it considered as deferred income.

1.14 Borrowing Cost

Borrowing Costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized till the month in which the asset is ready to use, as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which these are incurred.

1.15 Income Tax

Tax expense comprises of both current and deferred tax. Provision for current tax is made on the basis of the taxable profits computed for the current accounting period in accordance with Income Tax Act, 1961.

Deferred Tax resulting from timing differences between Book Profits and Tax Profits is accounted for, at prevailing or substantially enacted rate of tax to the extent timing differences are expected to crystalize, in case of Deferred Tax Liabilities with reasonable certainty and in case of Deferred Tax Assets with reasonable certainty that there would be adequate future taxable income against which deferred tax assets can be realised. However, deferred tax asset arising on account of unabsorbed depreciation and business losses are recognised only if, there is virtual certainty supported by convincing evidence that there would be adequate future taxable income against which the same can be realised/set off.

1.16 Earnings Per Share

Earnings per share is calculated by dividing the net profit or loss for the year after prior period adjustment attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

1.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non cash nature and any deferral or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the Company are segregated.

1.18 Segment Reporting

a. Identification of Segments

The Company's operating business predominantly relates to manufacture of internal combustion engines, gensets and parts thereof (Engine Business Segment) used for various applications such as Agriculture, Industrial, Stationery Power Plants, Construction Equipment, etc.

b. Intersegment Transfers

The Company generally accounts for inter-segment sales and transfers as if the sales or transfers were to third parties at current market prices.

c. Allocation of common costs

Common allocable costs are allocated to the Engine Segment according to the sales of each segment to the total sales of the Company.

d. Unallocated items

Corporate assets and liabilities, income and expenses which relate to the Company as a whole and are not allocable to segments, are included under unallocated items.

1.19 Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication due to internal or external factors that an asset or a group of assets comprising a Cash Generating Unit (CGU) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the assets. If such recoverable amount of the assets or the recoverable amount (economic value in use) of the CGU to which the asset belongs is less than the carrying amount of the assets or the CGU as the case may be, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognized in the profit and loss account. If at any subsequent balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at recoverable amount subject to a maximum of depreciated historical cost and is accordingly reversed in the profit and loss account.

1.20 Provisions and Contingencies

Necessary provisions are made for the present obligations that arise out of past events entailing future outflow of economic resources. Such provisions reflect best estimates based on available information.

However a disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
